"aww baby it's okay" Aubrey held amirah in his hands slowly rubbing her back. She was crying uncontrollably and she sounded sick as if

they flew back home ASAP

Solai was arguing with the doctors

"wtf you mean you don't know? y'all went to college for what?" Solai mugged. She wanted to give amirah some water and they said they wasn't sure if she could do that

"Solai stop shouting you making her cry even more" Aubrey said

"my bad" she said before taking the doctor outside

"daddy's here I'm here" he said quietly kissing her cheek and forehead

she started to relax and stop crying. He continued to kiss her cheek

she laughed making him smile. she took her small hands and grabbed his face and sucked his cheek

"mama you supposed to give me a kiss not eat my cheek" he laughed

"I'll deck that bitch in her mouth" Solai walked back in the room

"why what happened?" He asked

"she saying she doesn't know if it's safe if I can feed her as if she wants my baby to starve"

"come here" he patted his lap. She dragged herself over and sat down on his lap

"she's gonna be good baby" he kissed her lip gently

amirah coughed and it sounded bad. She began to cry again

amirah had breathing problems so it was painful when she coughed and when she ate she choked a lot because it went down the wrong pipe because she would eat too fast

"it's okay stink it's okay" Solai took her out of Aubrey's hands to get her a bottle. she wiped amirah's tears

"pink or red mimi?" Solai pointed at the two bottles. Amirah pointed to the pink one

"here baby" she handed it to her and fed it to her

"you know what" he mumbled putting down everything

she looked in the mirror

"omg you actually did well" she smiled

"I know" he turned her face back around to look at him

"what?" She blushed looking away

"look at me" he said making her turn and look at him. He brought her ear to his lips

"arch for me but in front of the mirror" he whispered in her ear.

She got up and took her robe off before arching on her bed in front of her mirror

He got behind her and slid her panties to the side. she watched his every move closely through the mirror
