

## Chapter 2589

Slap!

Karen's soft whip slapped Zhu Bajie's body hard.

The soft whip was made of extremely tough material with barbs on it. Blood seeped out of Zhu Bajie's wounds almost instantly and dyed his clothes red.

However, he did not seem to feel the pain at all. He looked at Karen with a smile. "Little Sister, haven't you eaten? You seem to lack energy."

Then, Zhu Bajie looked Karen up and down. He was lustful and never forgot to appreciate a beautiful woman even in the face of death.

Karen's face flushed red and she cursed, "Keep looking and I'll gouge your eyes out."

Zhang Jue, who was seated nearby, wore an extremely ugly look. 'Zhu Bajie really doesn't know what's good for him.'

Zhang Jue wanted to kill Zhu Bajie immediately, but he held back at the thought of the giant dragon that suddenly appeared a day ago. The giant dragon took Darryl away. Knowing that Zhu Bajie and Darryl were friends, Zhang Jue assumed that Zhu Bajie might have known something. Once Zhu Bajie was killed, Zhang Jue would be left with no clues at all.

He had no idea that Zhu Bajie really did not know anything.

Sigh!

Zhang Jue took a deep breath, forcibly keeping his anger in check. "Zhu Bajie, you've been well-known for a long time. You gotta be smarter than that. You know that if you answer my questions, you won't suffer."

Zhu Bajie chuckled as he made no effort to hide the mockery in his eyes. "Zhang Jue, you have to stop asking me. I don't know anything. Then again, I wouldn't tell you even if I knew anything."

Zhang Jue's face turned ashen as he pointed at Zhu Bajie, yelling at the top of his lungs, "Well! Well! So, this is what you want to do. Let's see how long you can stay like this. Karen, carry on

until he is willing to spill the beans!"

Karen cracked the soft whip again and again.

Slap! Slap! Slap!

The flogging continued incessantly as Zhue Bajie's clothes were pulled by the barbs and torn to pieces. His skin was ripped apart, but he just gritted his teeth and remained quiet. On the contrary, he even wore a fearless smile in his eyes.

Although he seemed to be flippant, he was, in fact, extremely tough. When he was imprisoned in the North Moana Imperial Palace, Emperor Hou Yi had punished him in various ways, but he survived. After what Zhu Bajie had gone through, Zhang Jue's torture was nothing to him.

Zhang Jue became more and more annoyed when Zhu Bajie said absolutely nothing about Darryl.

"Karen, continue the interrogation."

With that, Zhang Jue walked out of the private room.

"Master!" Paul greeted Zhang Jue with a smile as soon as he walked out of the forbidden area.

"Chester asked me to grab some elixir pills from Chang Er. It's been a day since he asked; what do we do about it?"

Paul revealed a lecherous smile and his eyes flashed menacingly.

Zhang Jue sneered and replied flatly, "You go to Chester now and give him these pills and tell him these are from Chang Er. Depending on what Chester's plan is, you ought to know what to do from there."

With that said, Zhang Jue handed a bottle of elixir pills to Paul. Those pills were especially refined a few hours ago by Zhang Jue. They seemed to be filled with spirit, but in fact, they were extremely poisonous.

Paul took the pill and nodded quickly. "Got it! I won't let you down."

He walked quickly towards Chester's room.

Meanwhile, Chester was sitting in the room, expressionless. However, he was actually flustered on the inside. One day ago, Zhang Jue ordered Zhu Bajie to be ambushed and Chester overheard his plan.

When Zhu Bajie was being held captive by Zhang Jue, Chester learned about the situation and wanted to do something. However, Zhu Bajie was sent into the forbidden area that rendered it almost impossible for Chester to do anything. The forbidden area was heavily guarded.

‘What do I do now?’ Chester was overwhelmed with nerves.

## Chapter 2590

Zhu Bajie was arrested, Darryl disappeared, and Dax was still in prison.

Boom!

There was a knock on the door.

Chester frowned and opened the door to see Paul standing outside. He quickly asked, "Have you got it?"

Chester told Paul to suggest to Zhang Jue to go look for Chang Er in the Holy Saint Sect. Paul told Chester that Zhang Jue had agreed to the suggestion and he was leaving the Altar soon.

He thought that Paul had really gone to the Holy Saint Sect, but little did he know that Paul had not gone at all. Paul was helping Zhang Jue investigate Darryl's whereabouts.

Paul cracked a smile when he noticed how impatient Chester was. "Sect Master, I was fortunate enough to meet the Empress Chang Er and get the elixir pills you were asking for."

Then, he passed pills that Zhang Jue made to Chester.

Chester was very happy and repeatedly nodded after taking the elixir pills. "Yes, I was right about you after all."

Chester could feel the potent aura and strength contained in the pills within the bottle. He was sure that Dax and the others would soon recover their strength once they took it.

Just when Chester was secretly rejoicing, Paul asked cautiously, "Sect Master, even if Dax and the others regain their strength with these pills, it would still be difficult to get out of the Altar of the Endless Sky Organization after all. It seems impossible to escape this place."

Paul looked concerned when he asked the question, but he was sneering on the inside.

Zhang Jue told Paul to check if Chester had plans to escape and of course, Paul had not forgotten his task.

Sigh!

Chester took a deep breath. He hesitated and replied slowly, "You don't need to worry about this. I

have secretly sent a message to the Elysium Gate Sect and the New World Royals in the past two days. I think they will be arriving tonight."

Chester was smiling confidently. "When that happens, Dax and the others would have recovered their strength. I'm sure we will be able to destroy the Endless Sky Organization Zhang Jue built if we work tactly with the Elysium Gate Sect."

Chester was confident when he recited his plan. He broke his arm to gain Zhang Jue's trust. All he had to wait for was the day of his liberation. He never intended to reveal his plan to Paul, but it just came out once Paul had gotten the elixir pills he asked for.

Paul was sneering on the inside, but he acted all happy for Chester.

"That's great. Sect Master has planned things well and thought so far ahead," Paul exclaimed excitedly.

Then, Paul became sad. "It's a pity that my strength is of an average level. Otherwise, I would be able to kill more enemies at that time."

While talking, Paul was quietly observing the changes in Chester's expression.

When Chester first took over the Eternal Life Palace Sect Master position, Paul strongly opposed it. Even though Dax and Darryl seemed to have some sense of Paul's thoughts, Paul seemed to have taken a softer approach on the outside. However, he remained unconvinced.

Over the years, Paul stayed in the Eternal Life Palace Sect. He did that not because he was loyal to Chester but because he had been thinking about the strongest cultivation method of the Eternal Life Palace Sect—the Grafting Method.

The Grafting Method was simply a masterpiece. Only the Sect Masters in the past had the chance to learn the cultivation method, and with that, their cultivation speed increased tremendously.

Paul thought about the cultivation method for a long time, but he had never had a chance to learn it. He wanted to take the opportunity and get Chester to teach him a thing or two that day.

"Oh..." Chester pondered. Then, he looked at Paul and said, "In this case, you may be able to improve your strength by taking some of these elixir pills."

Chester was about to take out some of the elixir pills from the bottle.

Paul smiled bitterly and said, "Sect Master, this is a pill to restore internal energy. It's useless even if I take it. Moreover, I may have to fight tonight. Time is running out for me."

Paul sighed emotionally. "Oh, I just hate myself for not working hard before. Now that we're in this predicament, I can't do much for you except be enthusiastic."

Chester's eyes flickered and praised Paul for his determination. "Since you're keen to improve your internal energy, let me teach you the Grafting Method. Once you practice this cultivation method, your cultivation speed will be boosted. I hope that you can do your very best by then to help every one of us out of danger."

The Grafting Method was the Eternal Life Palace Sect's secret and only the Sect Master could cultivate this particular method. Chester did not want to pass it on to Paul so easily, but he was not someone who followed the rules so strictly. Moreover, he thought that no one else besides Paul was able to help him out of the sticky situation he was in.

## Chapter 2591

Paul was shocked to hear that. Then, his eyes lit up and he was extremely excited.

‘Chester finally is taking the initiative to teach me this cultivation method. I’ve thought about this day and night; I’ve been looking forward to it so much. Finally, my dream has come true,’ he thought.

Paul had always planned to steal the position as the Eternal Palace Master Sect after he had mastered the Grafting Method. Although he was looking forward to learning the method, he put up a sincere and fearful front. “Sect Master, I’m afraid that it’s not appropriate. This is the treasure of the Eternal Life Palace Sect. Only the Sect Master is allowed to practice it; how can I possibly be qualified?”

Nonetheless, that was not what he meant on the inside.

Chester sighed and smiled. "Things are no longer the same. Tonight is the only chance for you to learn. In case we fail, the Eternal Life Palac Sect might not survive. Why would we care about the cultivation method in that case?"

Paul was thrilled. "Sect Master, you’d really pass it on to me?"

"I hope you will do your best for the Eternal Life Palace Sect in the future!" Chester nodded seriously.

Puff!

Paul knelt hurriedly and feigned a look of gratefulness. "Thank you, Sect Master, for having faith in me and willingly teaching me the cultivation method. I will not fail you and you may rest assured that I’ll be forever loyal to you in the future.”

‘Loyal to you? When I master the Grafting Method, you can go to hell,’ Paul thought.

Chester did not notice anything wrong with Paul. At the same time, he could not wait to go to the prison cell, so he raised his hand and signaled Paul to get up. "Get up. There’s no need for you to be this courteous at such a critical moment. Listen carefully; I’ll tell you about the cultivation method now..."

In the next half an hour, Chester carefully taught Paul the Grafting Method.

He had always thought Paul would take over for him and was falsely imprisoned by Zhang Jue. Chester had never thought that Philip would betray him.

Paul took a deep breath as he made sure he was alert and his mind was clear when he listened to Chester. He memorized the cultivation method.

Finally, Chester recited the last line and urged Paul, "Hurry up and practice them now. Follow my instructions exactly after it's dark."

Chester was eager and he could not wait any longer.

"Sect Master, don't worry. I will definitely work hard." Paul quirked a brief smile as he walked out quickly.

Once Paul was outside, he wanted to throw his head back in the air and laugh. He had finally succeeded in obtaining the grafting Method. Once he succeeded in mastering it, he would snatch the Eternal Life Palace Sect away from Chester.

Chester wasted no time after Paul left and went to collect the elixir pills before rushing off to the prison cell.

When he arrived at the prison cell, Chester managed to send the guards away.

Chester was Zhang Jue's most important and reliable subordinate. He had the ability and strength to convince the guards to leave. Those guards dared not turn Chester down and they too did not ask any more questions.

Then, he took a deep breath and walked in.

"Brother Chester?"

"Brother Chester, you're here!"

Everyone in the prison cell was extremely excited to see Chester.

"Brother Chester, what's the situation like out there?" Yvette asked.

Everyone else looked expectantly at Chester. Spending time detained in a prison cell had taken a toll on everyone.

"Not optimistic!" Chester smiled bitterly and then he explained in detail what happened out there

in the past two days.

## Chapter 2592

‘What? Zhu Bajie was also arrested?’

Everyone was shocked to hear the news. They looked at each other in horror and dismay. Zhu Bajie was a famous and powerful cultivator who had lived for thousands of years. Even then, he was captured by Zhang Jue? That was really surprising.

Finally, Dax came to his senses and he asked Chester, "Then...what about Darryl?"

Chester sighed and shook his head. "I heard that Darryl and Zhu Bajie were besieged. Then, a giant dragon appeared and took Darryl away. Darryl has disappeared since that day. No one knows where he is now. Zhang Jue has also sent someone to investigate his whereabouts."

"What should we do then?" Yvette frowned, feeling anxious.

Dax and the others felt helpless as the situation was becoming more and more unfavorable for them.

Chester smiled when he saw everyone's gloomy expressions. He brought news to cheer them up. "Don't panic, everyone. I've got a plan. A day ago, I secretly sent news to Elysium Gate Sect and the New World Royals to get help. They're arriving tonight."

Then, he took out the elixir pills. "Also, I got these from Empress Chang Er. You should take it quickly. Remember that you shouldn't try to escape the prison cell after recovering your internal energy. Wait until we have news from the Elysium Gate and the New World Royals. We'll be able to escape successfully when we work tactly from both ends."

Everyone was all smiles and pumped upon receiving the news.

“Ha-ha-ha!” Dax laughed. He was the first to take an elixir pill out of the bottle and swallow it.

After swallowing the pill, Dax praised Chester, "Brother Chester, you always have a solution. I know that you'll be able to find something and rescue all of us at critical times."

Soon, only three people had yet to take the elixir pills, but there were only two pills left in the bottle. One of the three people was Sara.

Sara was smart and kind so she said with a smile, "I won't take it; you can take it."

She was the weakest amongst everyone present, so taking the elixir pill would not help much.

Everyone nodded in approval at Sara's suggestion.

Sara's modesty was commendable and she was worthy of being a young lady of the Carter family.

Soon, everyone, including Yvette, took the elixir pill. They were excited. At the same time, they did not forget to thank Chester for his help and effort.

"Thank you, Brother Chester."

"Brother Chester has worked hard..."

They said that and then sat down cross-legged, trying to stimulate their internal energy.

Chester was beaming as he was elated and very much looking forward to tonight.

Soon, Yvette, who was seated, suddenly trembled. Her delicate face went pale and she looked weak and in pain.

Chester was taken aback and asked, "What's wrong?"

Yvette bit her lips tight and looked at Chester, whispering softly, "Brother Chester, are you sure that this is an elixir pill for restoring strength? Why do I feel that my inner energy is disappearing quickly from my energy field...."

Yvette's face was ashen, her body was limp, and she could not even muster the strength to lift a finger. What frightened her even more was that her internal energy was disappearing at a terrifying speed from her energy field.

She gradually receded from being Martial Emperor to Martial Saint within seconds, then Martial Marquis. At the speed that it was going, she would become an ordinary person without any internal energy in less than a minute.

'What kind of an elixir pill was that? Why was it so terrifying?' she thought.

Chester panicked and said, "Th-this is what Paul brought from Empress Chang Er. It can't be poisonous."

"There's definitely something wrong with the elixir pills," Yvette commented weakly.

After Yvette finished the last word of her sentence, Dax and the others trembled. Then, their faces turned pale as they all slumped on the ground in pain.

"My internal energy is also draining fast..."

"Me too..."

'F\*ck!' Chester was so frustrated and he blamed himself for what had happened.

'Could Paul be behind this? He didn't go to the Holy Saint Sect for Empress Chang Er, did he?' he thought.,

## Chapter 2593

Just when Chester was annoyed at himself, a series of loud and menacing laughs came from outside. Then, two people slowly walked in. It was Zhang Jue and Paul.

Zhang Jue had a wicked smile on his face at the miserable sight of the prison cell. He said to Chester, "Sect Master, are you surprised?"

Chester did not respond as his eyes locked on Paul. "Paul, you're a traitor?"

Paul did not panic at all even when he clearly felt Chester's anger. He sneered and retorted, "Me? A traitor? I've never seen you as the Sect Master. How could I be a traitor? Chester, you have yourself to blame for being too smart. You're too smart and it bites you back."

Paul's eyes twinkled triumphantly.

Dax cursed in his heart. "Paul, you evil bastard. You betrayed Brother Chester and harmed all of us here. You deserve to die! If I knew this would happen, I should have killed you when Brother Chester had just become the Sect Master!"

Paul sneered and brushed off the comments hurled at him.

Chester was so enraged that he was about to ask Paul more questions, but was interrupted by Zhang Jue.

Zhang Jue smiled smugly. "Chester, I respect you and sincerely invite you to join me. How could you lie to me and be pretentious? Then again, I've known for a long time, so I asked Paul to watch you secretly. Tell you what, I made the elixir pill that Paul gave to you. It's called the Scattered Energy Pill. After a cultivator takes it, his internal energy will quickly dissipate and he will become an ordinary person."

'Scattered Energy Pill?' Chester looked horrible when he learned the truth.

He had only read information about the Scattered Energy Pill from ancient books. There were very few records about the pill. The method to refine it was a long-lost skill, so Chester was surprised that Zhang Jue was able to refine it.

"Zhang Jue..." Chester was furious as he clenched his fists.

Then, he threw an indignant glance at Paul. How he wished he could crush Paul and break him into pieces. Chester had put so much trust in Paul and he could not believe he was tricked. He found it distasteful that just an hour ago, Paul tricked him into passing on the formula for the Grafting Method.

Zhang Jue looked at Chester and said, "You're talented and I wanted to keep you under my wing. But now, it seems that it's unnecessary."

After Zhang Jue said that, he discharged a terrifying breath of aura.

Chester did not hesitate to display his internal energy, placing himself in front of everyone. His plan was revealed and he had no choice but to fight.

At the same time, a slender figure walked over quickly and stood firmly next to Chester. It was Sara.

Sara did not take the Scattered Energy Pill, so she was not affected. However, her internal energy was sealed and she had yet to recover her strength which made her no different from an ordinary person.

"Just the two of you? Do you think you can defeat me?" Zhang Jue jeered disdainfully.

Chester was not Zhang Jue's match at all. Sara, on the other hand, was not even worth mentioning in front of Zhang Jue.

The anxious Chester said to Sara, "Sara, go quickly. I'll hold him off."

Sara shook her head resolutely. "No, we die together!"

"There's no need to argue. None of you will survive tonight," he said and his figure zoomed towards Chester.

Boom!

Suddenly, there was a huge explosion coming from outside. The Altar's gate was smashed to pieces soon after. Then, terrifying cries echoed.

Chester looked thrilled as his reinforcements arrived at a great time. It was a relief.

'What's going on?' Zhang Jue's face changed.

He stopped and turned to look sideways at Paul. "What's happening out there?"

Paul feigned a confused look and answered, "I-I don't know."

He knew that reinforcements from the Elysium Gate Sect and the New World Royals were attacking that day, but he did not tell Zhang Jue about the matter in advance.

## Chapter 2594

Paul was cunning. It was just his temporary solution to seek refuge from Zhang Jue. He had always dreamed of being the most powerful man. He had never truly been loyal to Chester and he would never succumb to Zhang Jue either.

When Chester taught Paul the Grafting Method, Paul decided he would let Chester and Zhang Jue fight each other and he would reap the rewards of the results.

It was natural that Paul did not tell Zhang Jue about the reinforcements Chester had called for.

Suddenly, a disciple walked in quickly, his face pale as he shouted at Zhang Jue in fear, "Master, it's not good. The New World Army and the disciples of the Elysium Gate Sect are here."

The disciple's legs went weak and he almost collapsed to the ground!

The Elysium Gate Sect had always been known to be powerful across The Nine Continents. Coupled with the New World Royals, they were too strong for the hundreds of thousands of elite disciples from the Endless Sky Organization.

'What?' Zhang Jue was taken aback as his expression turned ugly.

'F\*ck! I have always been very discreet about holding the Carter family captive and dealing with Darryl. How on earth did the Elysium Gate Sect and the New World Royals find out? It must have been Chester,' he wondered and glared at Chester with murderous intent.

Chester frowned as he looked at Paul. 'F\*ck, this kid is despicable and shameless. He betrayed me but he chose not to tell Zhang Jue about the reinforcements I called for. Had he told Zhang Jue in advance, Zhang Jue would have had enough time to deploy defenses. What exactly does he want to do? Is he gonna sit and watch us fight?'

Paul had a sinister motive.

A slender figure quickly walked into the prison cell. She had a beautiful face and had a calm yet domineering demeanor. It was Laura.

"Mister Zhang, the Elysium Gate Sect and the New World Royals are here. How shall we deal with them?" asked Laura.

Her delicate face did not show any change of emotions but she was a little worried.

Three days ago, after Laura went forth to express her willingness to join forces, she had been recuperating in the Altar of the Endless Sky Organization.

Phew!

Zhang Jue took a deep breath. He looked around and said coldly, "Laura, Paul, you both stay here and take care of these people. Remember, do not keep any one of them. I'll deal with the Elysium Gate Sect and the New World Royals."

Then, he rushed out.

As soon as Zhang Jue left, Laura looked at Chester then looked at Dax. She sneered, "Chester, Dax. You must have never thought that this would happen to you. Back then, you both ruined my Incandescent Sect. Today, I want to return the favor."

Suddenly, a strong aura filled Laura's body.

Phew!

Laura's killing intent sent chills down everyone's spine, especially Dax and the others who had taken the Scattered Energy Pills. They had no more internal energy left within their energy field and they had become ordinary people.

However, Dax had a fiery temper.

"Laura, the Incandescent Sect has done a lot of evil. It's God's will that it was destroyed!" he yelled.

Many people agreed.

Laura was so angry so she swore, "Stop talking nonsense! Today, I will take your lives to pay tribute to my dead disciples' souls."

Laura was shocked and she slapped Dax with her palm.

"Don't think you can hurt my brother when I'm here!" Chester roared as he dashed forward to block Laura's palm.

The two immediately fought fiercely in the cell.

Meanwhile, Zhang Jue had arrived at the gate of the Altar. His expression suddenly turned gloomy at the horrible scene in front of him.

There were more than 100,000 New World Royal soldiers and tens of thousands of Elysium Gate Sect elites standing in lines. They surrounded the entire Endless Sky Organization, forming a pattern like a barrel made of steel.

The New World Royal Army was the elite of the New World Royals! Yang Jian once occupied the New World Continent and forced Lord Kenny to surrender himself. Later on, when The Nine Continents fought against the Raksasa Tribe and Yang Jian died, Lord Kenny became the Emperor again. In the following three years, Lord Kenny expanded the New World Royal Army and made them the most prestigious troop throughout The Nine Continents.

A handsome figure was suspended above the New World Royal Army, wearing golden armor and holding a giant hammer. He had a majestic and awe-inspiring look! It was Ambrose! 1

Besides Ambrose, there were also the Four Warlords and the Dixon Quadruplets from the Elysium Gate Sect.

## Chapter 2595

When the war between The Nine Continents and the Raksasa Tribe ended, Ambrose returned to the New World Royals to accompany Monica to fulfill his familial duties. In the past three years, he had not neglected his cultivation and managed to achieve the Heaven Ascension level.

'F\*ck!' Zhang Jue frowned once he sensed Ambrose's strength. 'How did this kid become so powerful?'

Zhang Jue chuckled. Then, he rose up in the air to face Ambrose. "Little kid, why do you bring so many people? What do you want to do? The Endless Sky Organization and the New World Royals have no grudges—"

Before he could finish speaking, Zephyr interrupted him. "Zhang Jue, stop this nonsense! You arrested the Carter family as well as Sect Master Chester and Sect Master Dax with despicable methods. Let them go, now!"

Then, Levin and the other two brothers also yelled.

"Yes, let them go!"

"Otherwise, we'll destroy the Endless Sky Organization."

Zhang Jue sneered at their howls. "What if I don't do as you say?"

Ambrose's eyes grew red, seething with anger. Then, he gave a murderous command. "Kill everyone within the Altar. Show no mercy!"

Although Ambrose had been in the New World Royals for the past three years, he still kept in touch with the Carter family at all times. He saw the Carter family as his second home. Therefore, he could not allow Zhang Jue to destroy his family members.

After issuing the order to attack, Ambrose paid close attention to the situation within the Altar.

Chester stated clearly in the letter that once Ambrose launched an attack from the outside, Chester, Dax and the others would respond from the inside. They could work simultaneously from the inside and the outside, and surprise Zhang Jue.

"Kill!"

After that, more than a hundred thousand New World Royal Army and Elysium Gate Sect disciples drew out their long sabers and rushed into the Endless Sky Organization crowd without hesitation!

"What!" The Endless Sky Organization disciples did not expect that Ambrose would make a decision so soon.

Things were happening so quickly that before anyone from the Endless Sky Organization could have time to process the event, there were already people screaming around them as dozens fell in a pool of blood.

Zhang Jue was furious. "For what you did today, I will make sure you won't be going home alive."

Ambrose shouted in a rage, "Zhang Jue, back then, I treated you courteously because you were my sister's master. I never thought that you would be so ambitious and want to dominate The Nine Continents! You even harassed my family and held them captive. That's disgusting!"

It was easy to spot how angry Ambrose was through his eyes as he pointed at Zhang Jue and shouted, "You're the one that should be dead."

Ambrose held his Tyrant Hammer tightly and dashed towards Zhang Jue.

"Young Master, we will help you." The Dixon Quadruplets released their internal energy and fought Zhang Jue alongside Ambrose.

Ambrose was not only the New World Prince but he was also the son of the Elysium Gate Sect Master. People from the Elysium Gate Sect respected him as their Young Master.

Zhang Jue smiled smugly when he saw Ambrose and the Dixon Quadruplets launch into an attack.

"Well, well..."

His face turned gloomy. "I'll fulfill your death wish since you want to die so much."

Buzz!

A terrifying aura dispersed from Zhang Jue's body. In a moment, the surrounding air seemed to be stagnant. The powerful aura made everyone panic!

Crack!

A crisp sound was heard when a giant axe appeared in Zhang Jue's hand. It was shining radiantly like the scorching sun.

It was the Sky Breaking Axe!

As soon as the axe was out, the world was immediately enshrouded by a powerful killing intent.

'Sky Breaking Axe?' The Elysium Gate Sect or the New World Royal Army were stupefied.

They were worried for Ambrose and the Dixon Quadruplets.

## Chapter 2596

Ambrose's facial expression changed instantly.

'Sh\*t! Didn't the Sky Breaking Axe go missing with Donoghue? Why would it appear in Zhang Jue's hands?' he thought.

Soon, Ambrose calmed himself down and shouted, "My four uncles, be careful!"

Although the Dixon quadruplets were his father's subordinates, they had always been loyal to Elysium Gate Sect and everyone respected them. As such, Ambrose always addressed them as uncles.

When they heard that, the Dixon quadruplets looked each other in the eye and nodded together.

"Don't worry, Young Master."

"We will work united today and kill this scourge!"

As they agreed unanimously, the quadruplets and Ambrose surrounded Zhang Jue immediately and started an intense battle.

Meanwhile, Laura and Chester were in an intense battle in prison. In a blink of an eye, they had fought for over a dozen rounds.

Laura was the famous goddess in the community in the New World. She was extremely powerful and talented. As for Chester, he was the Eternal Life Palace Sect Sect Master and his cultivation had already exceeded the Heaven Ascension level.

They were both at similar levels. Half an hour later, neither of them had won or been defeated.

Chester was really worried.

'Sh\*t, there is a battle outside and I'm still unable to help everyone escape the prison and unable to send a signal to Eira,' he thought.

Dax and the others, who were behind him, were extremely worried too. All of them wished to help him, but they had exhausted their internal energy and turned into ordinary people. There was

nothing they could do to help.

Chester was extremely frustrated when he faced Laura's attack.

"Sara! Hurry; bring Dax and the rest to escape from the back door," he shouted.

For the past few days, Chester had created a secret door at the back of the prison, hiding it from Zhang Jue.

When she heard those words, Sara hesitated, "What about you?"

"Ignore me, I'll block the others," Chester shouted.

Sara wanted to stay to help when she saw the situation in front of her, but she knew her power would be of no help. She bit her lips and nodded, then walked to open the backdoor.

Dax's eyes were bloodshot. "Brother Chester, we won't leave. We will battle with them!"

"Dax, calm down. We will all die here if we don't leave. By then all of Brother Chester's effort will go to waste," Yvette said, worried.

The truth was Yvette did not wish to leave, but there was no choice. There would be no chance if they did not leave immediately. Besides, she firmly believed that with Chester's power, he would be able to escape when she and the others left.

Just at that moment, Paul, who was observing the battle at the side, laughed coldly. "Trying to run away?"

His internal energy exploded as he charged at Dax and the others. Everyone was shocked and none of them had any internal energy, so how would they be able to defend themselves?

"Paul, you despicable bastard! You deserve to die," Chester roared and turned to punch Paul.

That punch contained eighty percent of his power as the air twisted and looked terrifying.

Paul dared not fight against Chester and his facial expression changed immediately as he quickly hid in the corner.

Seizing the opportunity, Sara led the others to leave quickly from the back door.

Laura's face was blushing when she saw that; she looked horrible.

“Chester, you really think you can overturn the situation by yourself?” Laura said coldly before she leaped into the air and charged at Chester again.

At the same time, Laura did not forget to shout at Paul, “Don’t bother chasing after those people. Kill Chester first!”

The truth was, Laura was an arrogant person. She had never invited others to join her in a fight against her enemy. However, Chester was too strong. She was not able to control him by herself, so she had to get Paul’s help.

Paul smiled when he heard that. “You’re right, Sect Master Hanson.”

He looked at Chester coldly. “Chester, based on the situation now, you’re so done. Even if your backup is here, it won’t change the fact that you will die here. Accept your fate now!”

Paul did not wish to take action so soon. He had planned to wait for both Laura and Chester to become injured before he stepped in to take advantage of the situation. However, when Chester attacked him earlier, Paul realized that although Chester had lost one of his arms, he was still incredibly powerful.

## Chapter 2597

'What if Chester defeats Laura? Then, I won't be able to do anything to help; I might as well join forces with Laura and kill him first,' Paul thought.

He activated his internal energy and joined Laura in her attack on Chester.

Chester could still manage their joint attack initially, but soon, he will barely be able to handle them.

In the blink of an eye, Chester's body had a few more wounds. He had no time to think twice as he dashed directly out of prison and rushed towards the back of the hill.

"Want to run?"

"This is the place where you will die."

Both Laura and Paul shouted as they chased Chester closely from behind.

Once Chester reached the back of the hill, he saw a deep cliff in front of him. His facial expression changed instantly and he felt hopeless.

'Am I really going to die here? The good thing is, Sara helped Dax and others escape successfully,' he thought.

At that moment, Laura and Paul caught up to him.

Paul was delighted when he saw what was in front of him, "Chester, nowhere to run now? Admit it, this is your fate."

Laura did not waste time speaking and activated her internal energy as she charged at Chester.

Paul followed her without hesitation.

Chester was furious. 'I want both of them to go to hell together even if I need to die here today.'

A few minutes later, Paul found the right opportunity to punch Chester's back. Chester could not avoid it at all as Laura was attacking him.

Bang!

That punch carried Paul's entire power and it landed straight on Chester's heart. Chester moaned as he flew off the cliff.

Laura sighed in relief when she saw that. She finally got her revenge.

"Sect Master Wilson, don't blame me for being cruel." Paul took a deep breath and stood on the edge of the cliff.

He saw Chester's body fall down quickly until it disappeared. There was not a single feeling of pity or heart ache in his eyes as he said coldly and softly, "How can someone as soft as you, manage the Eternal Palace Sect? I'm the only one that could completely develop the sect."

His voice was so light, Laura could not hear him at all as she stood beside him.

Paul turned his head and smiled at Laura as he said, "Sect Master Hanson, you can go to the front to help Master; let me go after Dax and the others. They don't have their internal energy; they do not need you to take action."

"Alright!" Laura nodded.

She pointed her feet lightly on the ground and rushed towards the battlefield outside the hill.

Sigh!

Paul took a deep breath after he saw Laura had left. He turned around and went down the little road at the back of the hill. There was a small secluded road at the back of the hill of the main sect. If Dax and the others wanted to escape successfully, that was the only way out.

...

Meanwhile, Sara, Dax and the others were moving forward quickly on the small road at the back of the hill. They did not stop checking behind them as they were all anxious.

Until then, Chester still had not caught up with them and they were not sure if anything had happened to him. No matter what, Laura was really powerful and it would not be a simple task to defeat her.

They were about to reach the bottom of the hill and escape completely when a few disciples from the Endless Sky Organization who were on guard spotted them. All of them rushed over, shouting

angrily, “Who’s there? Stay there!”

The Endless Sky Organization’s rule was really tight. Even though the Elysium Gate and New World royal family had attacked the main altar, the few disciples who were guarding the back hill dared not simply leave their position without Zhang Jue’s order.

## Chapter 2598

'Sh\*t!' Dax, Yvette and the other's expressions changed immediately when they saw the few Endless Sky Organization charging towards them. They were in shock.

None of them had internal energy, so how would they be able to defeat those disciples?

"Brother Dax, Sisters, leave now. I will stop them," Sara bit her lips tightly as she urged them. She was the only one out of all of them who still had internal energy.

Dax was worried. "No, we can't leave you behind."

Sara looked determined. "Don't worry. I can defeat them."

Although Sara was the weakest among them, she would not have much problem defeating the few Sky Endless Organization disciples.

Dax and the others still hesitated when they heard what she said.

Yvette finally gathered her thoughts and spoke seriously, "Alright then. Sara, you must be careful. Defeat them and catch up with us immediately."

Yvette could feel that Sara's energy had recovered slightly and she would not have a problem defeating the few disciples.

"Yes!" Sara nodded her head.

When they saw the few disciples had almost arrived in front of them, Yvette, Dax and the others did not delay further, and ran towards the woods quickly.

"You evil people, die!" Sara shouted as she charged towards the few disciples.

At that moment, her face was filled with anger and her eyes shone with determination. Her brothers and sisters protected her previously; now, it was her turn to protect them.

Bang! Bang!

In the blink of an eye, the disciples were defeated by Sara's attack and fell to the ground quickly.

However, Sara was shocked when more disciples charged forward from behind.

“Hurry, catch them!”

“Don’t let them run away.”

Laura saw a few dozen Sky Endless Organization charging forward from the small road behind them with Paul leading them.

When he arrived in front of Sara, Paul checked her out and grinned. “You overestimated yourself. You think you can stop us by yourself?”

Sara bit her lips tightly and retorted coldly, “Evil people like you won’t have a good ending.”

Just after she spoke, Paul moved his body in a blink and his hand moved as fast as lightning when he sealed Sara’s acupoint.

Sara’s body trembled and she could not move at all.

“Hurry! Dax and the others should not have run too far. Chase after them,” Paul ordered the disciples around him.

When he said that, he was busy looking Sara up and down as his eyes had a sinister look.

“Yes!” the few dozen disciples replied and left quickly in the direction where Dax and the rest escaped.

Sara was worried as she stared angrily at Paul. “You betrayed Brother Chester and now you still want to kill everyone. God will punish evil people like you.”

Paul smiled and walked over. “Ha-ha! God punish me? In your heart, people like Chester and Dax are good people? Ha-ha! The people they had killed are no less than mine.”

As he spoke, Paul grabbed Sara, but he did not head back to the Endless Sky Organization main altar. Instead, he went to a secluded valley a few kilometers away.

When they reached the woods, Paul put Sara down.

Paul showed an evil grin when he saw Sara staring angrily at him. He then lifted Sara’s chin.

“Miss Carter, don’t stare at me like that or I will think that you have fallen in love with me. Ha-ha!”

'I must say, this young miss of the Carter family is really beautiful,' he thought.

Sara could not help but say, "Let go of me immediately! Let me tell you, when Brother Darryl returns, he will not let you go so easily."

Sara was enraged as she said that, but her heart was filled with fear.

'What does he want to do at such a secluded place?'

## Chapter 2599

“Sh\*t!” Paul’s face turned dark as he lifted his palm and slapped her!

Slap!

Paul used all his might in that slap, and Sara could not stand it, so she shouted. A fresh red palm mark appeared on her face.

“Stop using Darryl to threaten me. Darryl can’t even save himself now; how will he find the time to rescue you?” Paul’s face looked hideous as he grinned.

As he spoke, Paul’s face turned cold and sinister. “Let me tell you, Chester is dead. Next will be Dax, then Darryl. Ha-ha! These three brothers think they are heroes of the Nine Continents and will leave a legacy. Too bad all of them are just too arrogant. In the end, that’s all they’ll be.”

Sara’s body trembled when she heard those words as she stared blankly at Paul.

‘Brother Chester is dead? No...this is not possible.’

“You’re lying. Brother Chester is a hero and a warrior. He would never die. You’re lying to me; you’re lying.” Sara shook her head emotionally.

Paul ridiculed her. “You don’t believe me? Sect Master and I joined forces earlier and pushed Chester off a cliff. I smashed his heart to pieces and it’s impossible for him to be alive.”

Everyone said that Chester was a gentle and kind gentleman, but the truth is, he’s just foolish. What progress has the Eternal Life Palace Sect made under his leadership? The previous old Sect Master must have been blind. It is natural for him to end up that way. As for Darryl and Dax, they will have the same ending like Chester. Miss Carter, you are a smart person. I will guarantee your safety if you follow me.”

When he said the last sentence, Paul’s eyes were filled with evilness and looked hideous.

Sara’s face was covered in tears. “You, shut up! Stop talking! I will never believe you; Brother Chester is not dead. Also, don’t you dare to touch me. I will let you die a terrible death.”

As she spoke, Sara finally could not control it but cried out loud. Tears could not stop streaming down her cheeks.

Chester and Darryl were like brothers to her and she respected them. Both of them had always taken good care of her. 'Brother Chester is such an intelligent person; how could he be dead? Paul must have said that intentionally,' Sara thought, feeling incredibly sad and furious.

Her eyes were all red as she scolded Paul, "You are such a despicable person. You will definitely be struck by lightning!"

Paul was furious at that instant. He slapped Sara's face and said with a cold grin, "Foolish b\*tch, I gave you a chance but you did not appreciate it. Don't blame me then."

As he spoke, Paul grabbed Sara's dress and tore a big piece of cloth. He had given it a thought and he must enjoy such a sexy and beautiful woman at least once properly before he killed her. No one would know since they were at such a secluded place.

"You, stop it! Stop it now...."

At that moment, Sara wanted to avoid it, but her acupoint was sealed. There was no way for her to resist. Her inner heart felt incredibly hopeless, and she was completely devastated.

Paul threw the cloth away and was enjoying the view of Sara's alluring body. He was about to jump on her.

Whoosh!

Suddenly, the sound of footsteps was heard from not far away. The footsteps were really light.

Paul squeezed his brows and stopped immediately. He turned his head to look and was stunned.

He saw a man in a long, white robe walking over slowly. His footsteps were really light and slow. However, he arrived in front of them in the blink of an eye.

The man was around 40 years old, his facial features looked extremely ugly and he looked just like the devil from hell. His body released a deep yet unexpected aura.

'Sh\*t, who is this person?' Paul had the shock of his life as his entire body was on guard.

Sara's body trembled, her vision turned dark and she fainted instantly. She had exhausted plenty of her internal energy when she fought the Endless Sky Organization disciples earlier. When Paul

captured her, she almost drained all of her energy. She could not hold it anymore when she saw such an ugly devious man.

## Chapter 2600

Finally, Paul regained his thoughts as he looked at the middle-aged man. “You...who are you?”

The middle-aged man did not reply directly but said calmly, “You are a cultivator and you are bullying the weak. This is a complete disgrace to the community. Release this lady now.”

His voice was fair and firm. He was not taking no for an answer.

The middle-aged man was Fang Mao, a cultivator that lived in seclusion. He was passing by when he saw Paul was about to take advantage of Sara, so he stepped forward to stop Paul.

Paul’s face changed and could not help but scold, “What does this have to do with you? Don’t be a busy body and get lost!”

The truth was Paul felt unsettled in his heart when he felt Fang Mao’s power. However, he was furious as his plan was interrupted.

“Nonsense!” Fang Mao squeezed his brows and did not want to speak further.

He immediately leaped into the air and charged straight for Paul.

In the blink of an eye, Fang Mao reached right in front of Paul. His eyes were filled with complete disdain. “If persuasion does not work, I can only take action then.”

Bang!

After he spoke, a terrifying aura exploded from Fang Mao’s body. At an instant, the air surrounding them seemed to have frozen! His power was beyond one’s imagination; it was depressing and made one feel terrified!

The next second, Fang Mao lifted his right hand and punched Paul.

‘This...what a fast speed....’ Paul was shocked when he felt the lightning speed punch coming from Fang Mao.

There was no chance for him to avoid it at all. He quickly pulled out his long sword to meet his attack!

Paul knew that Fang Mao was really powerful, so he dared not act recklessly. He activated his entire internal energy to defend himself!

Bang!

Fang Mao punched hard on the sword in the blink of an eye, and Paul could feel a strong wave of energy from the punch. Paul moaned and flew up from the vibration, landing over a hundred meters away on the ground.

Although Paul cultivated the Grafting Method, it was only for a short period of time and he had not really completed the cultivation of the real power. That is why he could not defend Fang Mao's strong attack at all.

"Fine, fine. We shall wait and see." Paul struggled to stand up and wiped away the fresh blood on the corner of his mouth while he stared fiercely at Fang Mao. He turned around and ran away after he spoke.

Paul was not foolish; he knew he was not a match for Fang Mao. If he continued to battle with him, he might end up dying.

Fang Mao wanted to go after him at that moment, but he controlled himself when he saw Sara was unconscious. Then he walked over to her and sighed in relief when he saw she had only fainted from exhaustion.

"It is fate that we met. I will bring you to leave this place," Fang Mao said gently. He carried Sara and left towards a faraway place.

...

Meanwhile, around 30 kilometers northeast of Lunar Hilli in a forest, Dax, Yvette and the others were crying and still running with all their might. Everyone was really tired, but they dared not stop. They knew that once they stopped, the people from the Endless Sky Organization might catch up with them!

They were not sure how long they had been running, but Dax, Yvette and the rest were all sweating profusely. They took a short rest when they arrived in a forest and did not stop looking behind them while they rested.

Sigh!

When they saw the chaotic situation around them, Dax, Yvette and others were furious and still in a panic.

‘Zhang Jue is a despicable person. He caused us all to lose our internal energy. Otherwise, we would have helped Chester in the battle.’

‘It has been quite a long time now but Chester still did not manage to catch up with us. Did he face any trouble facing so many people of the Endless Sky Organization?’

‘And Sara...there is still no news of her after so long.’

As everyone was thinking, deep in their hearts, they started to feel incredibly worried.

Whoosh! Whoosh!

Just at that moment, they heard footsteps coming from behind them. The footsteps were compressed and at a very high speed. It was obvious there were many people. 1

Dax, Yvette and the others immediately turned their heads to take a look when they heard that.

Sigh!
