

Gao Shengyuan was scared; at this moment, he was in a state of unprecedented terror. After all, this was Master Dao and his underlings' territory, so they could kill him very easily.

However, when Lin Fan heard this, he smiled. "Are you sure you're willing to agree to any request?"

*Hmm?*

Upon hearing his words, Gao Shengyuan's eyes lit up as he knew that his opportunity was here. With an eager expression on his face, he hastily blurted, "Mr... Mr. Lin, please do tell. Be it money or women, I'll certainly fulfill your request!"

Gao Shengyuan was a person who adapted very well to different circumstances. To him, the most important thing now was to leave this deadly place. As long as he could somehow get out of here, it wasn't too

late to think of a way to deal with Lin Fan after the fact.

Lin Fan smirked upon seeing this.  
“Actually, my request is very simple.”

His proclamation had the hearts of Gao Shengyuan and everyone around him jumped down their throats. At the side, the fiendish youth and the others were also wearing expressions of anticipation. They had been trembling in their boots after seeing Master Dao and his underlings and had since couldn't wait to leave quickly after Gao Shengyuan had fulfilled Lin Fan's request.

However, Lin Fan's subsequent words had their hearts sinking.

“My request is to break both the arms and legs of everyone here!”

*What?*

His declaration caused everyone's expression to change drastically.

*Break both the legs of everyone here?*

Gao Shengyuan brought 30 to 40 people here, not to mention himself, the fiendish youth, and the others.

*How... how could this be?*

All at once, Gao Shengyuan thought that Lin Fan was joking. "Mr... Mr. Lin, let's not joke, okay? After all, I'm a collaboration partner of New Bai Family Group, so please do me a favor."

However, just as he said that, a spectacle that confounded him transpired.

"Go!" Master Dao didn't defy Lin Fan's pronouncement at all.

With a wave of his hand, in a swoop, the hundred burly men in white pounced

violently on Gao Shengyuan and the others like an ambush of ferocious tigers.

“No!”

“Ahh!”

Screams echoed successively in the area.

Gao Shengyuan stared in stupefaction as the group of men brought by Master Dao swung baseball bats wildly at his underlings, followed by the perpetual resounding snaps of their bones breaking.

“For real? This... this fella is actually serious?” He was totally flummoxed.

He had brought 30 or 40 underlings, so if all of their arms and legs were broken, it was definitely something that would shake Jiang City up.

However, Lin Fan's words were like an executive order. Be it Master Dao or each of his underlings, none defied him. They surrounded and attacked them all ruthlessly.

The sounds of bones snapping reverberated endlessly, while Gao Shengyuan could only look on as his remaining underlings became fewer and fewer.

After Mad Dog was done breaking the arms and legs of his underlings, with a swoosh, a group of burly men in white lunged at him as though they were feral tigers.

"No!"

Gao Shengyuan let out a mournful wail as he was utterly swallowed up by the burly men in white.

The fight was brutal and bloody.

However, Lin Fan wasn't the least bit bothered by all that.

At this moment, he had brought Xun'er and the blind grandma to a quiet spot.

Hearing the resounding screams, the blind grandma's face went as white as a sheet. Just as they reached this spot, she then said to Lin Fan, "K... kid, I really don't know how to thank you, so please accept this gesture of thanks from me!"

As she said that, she made to kneel in front of Lin Fan.

Seeing this, Lin Fan was wholly shocked, and he hurriedly halted the old woman's movement. "Grandma, don't worry about it. It was nothing."

Staring at the blind grandma and Xun'er at this time, a trace of worry flashed in his eyes. After all, the former had a disability, while the latter was too young. Their lives would be a huge

problem in future.

As though glimpsing his expression, Master Dao hastily exclaimed in all earnestness, "Mr. Lin, if you trust me, then please let me take care of this old lady and Xun'er. Don't worry, for as long as I'm alive, no one would dare bully them. I'll send Xun'er to school and find a doctor for the old lady."

*Hmm?*

Lin Fan's eyes lit up upon hearing that.

*That's right!*

Although Master Dao was a member of the underground, Lin Fan could see that he was actually not a bad person underneath it all. Hence, he naturally had no misgivings entrusting Xun'er and the blind grandma into his care.

"Alright, then!"

After saying that, he crouched and said to Xun'er, "Little girl, I'll prepare some herbs soon and have this bald uncle take you to Yifan Hospital of Integrated Traditional Chinese and Western Medicine. I'll help to treat the scars on your face."

*What?*

Xun'er was floored upon hearing this; she couldn't believe her ears. "Mr... Mr. Lin, can my face really be treated?"

Moisture shimmered in her eyes.

Ever since she had these knife scars, she was no longer just a little beggar but also an ugly monster. Whenever she went, she was always scorned and mocked. She even didn't dare to acknowledge Lin Fan because she was afraid that her face would've scared him. But if it could be treated...

*Drip!*

*Drip!*

Tears escaped her eyes and streamed down like a faucet.

When Lin Fan saw this, he wiped her tears for her while nodding his head with a smile. "Don't worry. With me here, your face will definitely return to its original state!"

After saying that, he didn't tarry longer but waved and left after saying a few more words to her and Master Dao.

Looking at his retreating back, warmth rushed through Xun'er. In her eyes, this man seemed to be a protector whom God had blessed her with. Every time she was in danger, he would always be there to help her; every time she was in trouble, he was always there by her side.

"Thank you... Mr. Lin!" She stared fixedly at his back as though she wanted to

engrave that image into her heart for all time.

Meanwhile, the battle was soon over.

When Master Dao and his men had left, bodies were lying on this piece of land, screaming in agony. Among them were Gao Shengyuan, the fiendish youth, and the others.

“Arrgghh!”

Gao Shengyuan's arms and legs were utterly broken, and the tidal wave of pain was so agonizing that he trembled incessantly. Strong hatred was clearly written all over his face. “Lin Fan, I'll definitely have my revenge! Just you wait! I'll kill you for sure!”

To Gao Shengyuan, he had been born with a silver spoon in his mouth. When he stepped foot into the business world, it had all been smooth sailing for him under the support of his father and

Chapter 322 Lin Fan, You Really Disappoint Me

When the fiendish youth named Feng Zi heard that, he said to Gao Shengyuan, “Young Master Gao, I remember now! Some time ago, there was a rumor that before New Bai Family Group had even opened its doors, it’ll be done for because not only did this Lin fella crippled Grandmaster Leng Aotian’s grandson, but he even broke Grandmaster He Lanshan’s granddaughter’s leg!”

*What?*

Gao Shengyuan’s wailing came to a screeching stop upon hearing that.

He didn’t pay much attention to rumors, but when he heard this now, he was instantly overjoyed. “Is... is that true?”

“It’s absolutely true!” At this moment, malevolence was etched on Feng Zi’s face.

After all, his face had been ripped off by

Lin Fan. Likewise, his arms and legs were also broken because of him. To put it simply, Lin Fan was now his greatest nightmare, and he couldn't wait for him to die. Only with his demise would his hatred be quenched.

“Good! Good!” Gao Shengyuan's pale face contorted with malice. “Since New Bai Family Group is done for, then I'll have Tiansheng Group halt all collaboration with them. Not only that, I also want none of the companies in the entire Jiang City to supply them with raw materials. I'll have them die faster and more miserably!”

In his eyes, since Lin Fan had made a great enemy of Leng Aotian's grandson and He Lanshan's granddaughter, even if he had the backing of Master Dao, he would still certainly die a horrible death. Therefore, he naturally wouldn't miss this opportunity to hit him when he was down.

Very quickly, the news from the North District of Jiang City spread across the entire Jiang City as though it had grown wings—the arms and legs of Young Master Gao Shengyuan from Tiansheng Group and 30 to 40 of his underlings had all been broken.

When this news broke out, it shook the entire Jiang City once again.

After all, while Tiansheng Group was only a second-class conglomerate in Jiang City, its businesses spanned over a dozen industries and were very influential, including real estate and cosmetics. Plus, including Young Master Gao Shengyuan, dozens of people were crippled, making this the most serious wounding incident in the history of Jiang City.

However, what had everyone shocked was that be it Gao Shengyuan or his underlings, none of them said a word about who the perpetrator was.

For that reason, the topic of who broke their arms and legs became one of the hottest topics in the whole of Jiang City.

Not only was the public abuzz with this, but even Bai Yi and Bai Shan from New Bai Family Group had gotten the news.

When Lin Fan returned to New Bai Family Group, he then saw them both and a group of senior executives, who have just finished discussing the matter.

“Hmm? Darling, where are you going?” He saw that there were gifts in the hands of Bai Yi, Bai Shan, and the others, the sight rendering him momentarily stunned.

“Young Master Gao Shengyuan of Tiansheng Group had been crippled. As they’re our biggest collaboration partner, naturally, we should go and visit him,” Bai Yi explained with a bitter smile.

However, when Lin Fan heard this, the corners of his mouth twitched, and his expression turned grim. “It was me who crippled them!”

*What?*

When Bai Yi and the senior executives of the New Bai Family Group heard this, they were all taken aback, especially when they saw that he was carrying a grocery basket, his appearance obviously that of a househusband who had just finished his grocery shopping.

*Whoa!*

In that instance, everyone burst into laughter.

“Ha ha... Lin Fan, you’re really good at joking! You’ve obviously just returned from the market, so how could it be you?”

“That’s right! Gao Shengyuan himself

didn't say who broke his arms and legs, so the perpetrator must be someone out of the ordinary. Lin Fan, don't joke!"

The senior executives of New Bai Family Group all bust a gut laughing. They all knew that the president's husband was a notorious piece of trash, who only knew how to do laundry and cook every day. If he was claiming that he broke the arms and legs of Gao Shengyuan and his 30 to 40 men, they would never believe him no matter what.

However, to their surprise, Bai Yi and Bai Shan's expressions changed abruptly.

They both stared at Lin Fan and asked in a trembling voice, "Lin... Lin Fan, was it really you who did it?"

Bai Yi's face was as white as a sheet, and she seemed almost ready to faint as though the sky had collapsed.

Meanwhile, a shiver ran down Bai Shan's spine, too. He had personally witnessed the brutal spectacle whereby his son-in-law crippled twenty over people, so he naturally believed him at this moment. "Fan, this is not a matter to be joked about. Tell me, was it you?"

*What?*

Seeing Bai Yi and Bai Shan's expressions, the other senior executives of New Bai Family Group were dumbstruck.

*The president and chairman truly believe Lin Fan? How... how could this be? Do they really believe that he is capable of breaking the arms and legs of Gao Shengyuan and his men?*

At this moment, all the senior executives wanted to persuade them otherwise.

However, before they could say

anything, Lin Fan bit the bullet and nodded. "Yes. Although I didn't do it personally, it indeed had something to do with me."

*Bam!*

With that declaration, Bai Yi and Bai Shan's faces drained of all color.

*We're done for! We're totally done for!*

Tiansheng Group was their largest supplier, so once they had lost this collaboration partner, New Bai Family Group would be skating on thin ice just as it opened its doors.

When the senior executives at the side saw Bai Yi's complexion, they hurriedly said, "President, are... are you okay? Perhaps Lin Fan was just joking, so don't take it to heart."

Upon hearing this, Bai Yi waved a dismissive hand before looking at Lin

Fan with utter disappointment and exclaimed, "Lin Fan, you... really disappoint me! Do you know what kind of situation New Bai Family Group is in now? Do you know how difficult it was to find a collaboration partner like Tiansheng Group after you crippled Leng Bufan? And now..."

At this point, she was already slightly choked, and her beautiful eyes had turned red. All of a sudden, the resentment within her exploded. "Why? Why is it that you never help but drag me back time and again instead?"

After saying that, Bai Yi ran into her office, crying.

Almost everyone could hear the desolate sobs coming from the office.

They were all stupefied. At this moment, after having seen this, the senior executives finally started to believe it.

When the thought came to them that it was Lin Fan who crippled Gao Shengyuan, their faces all darkened.

“Lin... Lin Fan! How could you do that? Do you know that President Bai spent three days preparing to negotiate the collaboration with Tiansheng Group without sleeping a wink? You’re just a bearer of ill luck!”

“Exactly! We’re done for! We’re going to open our doors in just a few more days. Without Tiansheng Group as a supplier, New Bai Family Group won’t be able to forge ahead, so opening our doors is meaningless!”

Every single one of the senior executives condemned Lin Fan. In the blink of an eye, they glared hard at Lin Fan with disappointment and irritation in their eyes before they left resentfully.
