

What?!

Bai Yi was absolutely stunned by his words.

She initially thought the old man dressed in a sackcloth—who her parents had mentioned—was just a quack; even herbal medicines from Lin Fan would not have such a high value.

Little did she know that the old man dressed in a sackcloth would be the Divine Doctor Zhang Tianyi himself.

Especially when Bai Yi had recalled Zhang Tianyi saying that his herbal medicines would be worth a million, she was absolutely sure that Lin Fan's medicine would have an extraordinary value.

In just a short while, all three of them had shifted their gaze toward Lin Fan simultaneously. The look on their faces were as though they had witnessed a ghostly presence.

“Hahaha... Welcome, Divine Doctor Zhang!”

It was at that moment when Bai Chen—paired with his bright laughter—rapidly brought Old Master Bai and the others forward to greet him.

The crowd of people was extremely generous toward Divine Doctor Zhang and his disciple.

Yet, Zhang Tianyi had only calmly nodded his head after watching the scene.

It seemed like the people in front of him were unable to please him—including Bai Chen or Old Master Bai.

Bai Chen seemed exceptionally awkward in that scene.

After all, they were the main characters of the party as everyone flattered them before Zhang Tianyi had showed up. Now that the tables had turned, they were the ones making up to others instead; they were indeed overwhelmed by the ignorant attitude Zhang Tianyi had.

“Hahaha... Divine Doctor Zhang, please take a seat!”

Bai Chen grudgingly retained the displeasure he had in mind as he invited Divine Doctor Zhang and his disciple to the host’s seat while keeping a smile on his face.

It was then when Bai Chen had curiously asked, “By the way, Divine Doctor Zhang, I was wondering if Divine Doctor Lin would turn up today in order to let us all witness his elegant demeanor?”

Divine Doctor Lin?

At that moment, the crowd’s ear pricked up

when they heard someone inquiring about the extremely mysterious Divine Doctor Lin.

After all, Divine Doctor Lin was the real expert in the crowd's eyes.

What had astonished the crowd was that Zhang Tianyi did not make any response. However, Ye Tian, who was behind him, said in a respectful manner, "My Grandmaster isn't someone you ordinary people can meet with casually!"

"Moreover, my Grandmaster might already be here! No one can ever figure out his thoughts!"

What?!

He might already be here?

The crowd was slightly startled after listening to what Ye Tian had said. All of them were turning their heads around and observing their surroundings one after another.

It was as though they were trying to figure out who among themselves was Divine Doctor Lin.

There were even some nosy people who had locked their gazes onto Lin Fan while laughing at each other.

"Hehe... Among these people, there aren't any other guests with the surname 'Lin' apart from

Lin Fan. What do you guys think? Could he be Divine Doctor Lin?"

"Hahaha... Who are you joking with? If he really is Divine Doctor Lin, I'd be Lin Zuo!"

"..."

These nosy parkers were having a few laughs.

However, to them, it was just a joke. No one would ever believe that Lin Fan was Divine Doctor Lin.

Even Bai Yi and her family were continuously turning their heads round, trying to figure out who Divine Doctor Lin really was.

It was at that moment when Bai Chen continued to question Divine Doctor Zhang, "Divine Doctor Zhang, our matriarch is believed to be suffering from an illness, and I hope Divine Doctor Lin could cure her! The Bai Clan of Jiangnan Province will repay you sincerely!"

Bai Chen was feeling very nervous at that point.

He knew that Divine Doctor Zhang had always been arrogant; even if they were from a reclusively rich and powerful family, he would not care.

Moreover, if they were able to ask for help from Divine Doctor Zhang, the Bai Family would

definitely have the chance to invite Divine Doctor Lin as well; this was essentially the key to the success of his mission.

All of a sudden, everyone had their eyes on Divine Doctor Zhang; they were extremely curious if he would agree to it.

Under the witnesses of the crowd, Divine Doctor Zhang nodded slightly.

“I can consider this matter!”

He would consider this matter?

This meant that he was about to agree to it.

Whoa!

Within a split second, Bai Chen, Old Master Bai and the others were all agitated as they got excited; their expressions were glistening with joy.

In particular, Old Master Bai had subconsciously swept a glance toward Lin Fan, who was still sitting at the corner.

“Hmph! There was an idiot just now who had solemnly promised that neither Divine Doctor Zhang nor Divine Doctor Lin would agree to that!”

“Would you look at that now! You’re just an

idiot who only knows how to brag!”

Master Bai Hai and Master Bai Chuan both burst into laughter while talking.

However, their voices were heard by Divine Doctor Zhang despite it being at a low volume. He was immediately startled for a bit.

“Huh?”

“Who said that I wouldn’t agree? Has Divine Doctor Lin not agreed to it?”

Zhang Tianyi put on a frown and asked Master Bai Hai and the rest.

After noticing that, Master Bai Hai and the others immediately assumed that Zhang Tianyi was mad about the person who was talking nonsense.

With that in mind, Master Bai Hai excitedly pointed his finger toward the table at the corner. “Divine Doctor Zhang, it’s that fellow at the table,” said Master Bai Hai delightfully.

“His name is Lin Fan; he had shamelessly said that neither you nor Divine Doctor Lin will agree to the request! He was bragging while flaunting on your power!”

Bragging while flaunting on one’s power?

Zhang Tianyi and Ye Tian had both shifted their gazes subconsciously toward the corner after listening to him.

When they saw the floor that was filled with trash at the messy corner, a frown had reappeared on both of their faces.

As soon as the both of them caught sight of Lin Fan sitting on the chair by the table, both Zhang Tianyi and Yetian shivered; the expressions on their faces had suddenly changed.

Boom!

However, it seemed to the crowd that Divine Doctor Zhang and his disciple were burning in rage after seeing the change in the expressions on their appearances.

At that point in time, Bai Chen and the crowd had made the situation worse.

“Hahaha... Divine Doctor Lin, he’s just a crap who loves to brag. A shameless brat! There’s no need to care about someone like him!”

“Indeed, Divine Doctor Zhang. Let us treat him like a clown!”

Bai Chen and the Bai Family had big smiles hanging on their faces.

They merely looked at Lin Fan as though they were looking at some trash or a clown.

“Trash?”

“Clown?”

Zhang Tianyi was mumbling to himself. However, his mumbling sound was followed by the sound of his teeth gritting. He then abruptly turned his head before staring right at Bai Chen and the others.

“Alright then! Since that young mister has said that I will not accept the invitation, then... I suppose I won’t accept it!”

W-What?

Zhang Tianyi’s words had cemented the smiles on everyone’s faces—including Bai Chen’s.

They were all looking at Divine Doctor Zhang bewilderedly.

H-Had they just been rejected?

Divine Doctor Zhang had actually rejected the Bai Family Group of Jiangnan Province all because of Lin Fan’s remark.

How was that possible?

However, the matter which came as a shock and surprise to them was only about to begin.

Tap! Tap! Tap!

After Zhang Tianyi rejected Bai Chen's offer, he led his apprentice, Ye Tian, and marched across toward a corner quickly.

As Zhang Tianyi and his apprentice passed by each table, all elites of Jiang City rose from their seats to greet them respectfully. Everyone was very surprised when they noticed Zhang Tianyi and his apprentice finally standing in front of the table where Lin Fan was sitting and bowed to Lin Fan politely. *Bow! Bow!*

"Ma— Mr. Lin!"

Zhang Tianyi was about to address Lin Fan as 'master' when he suddenly felt shivers creeping through his body. Instead, he had to quickly change his greeting.

Nonetheless, respectful bows and greetings from Zhang Tianyi and his apprentice surprised the people around them. Suddenly, a hush descended upon the courtyard of the Bai Residence. All of them glanced at Lin Fan in utter disbelief—even Bai Chen and the others thought they were hallucinating.

"W-What's going on?"

“Divine Doctor Zhang actually bowed to that little wimpy son-in-law of the Bai Family? How is this possible?”

Everyone was overwhelmed with extreme shock, especially the guests who had sneered at Lin Fan before this. Everything that happened now was a huge slap in their face, making them feel humiliated, embarrassed and shocked.

“Does that guy with the surname Lin really know Divine Doctor Zhang? Also, w-what exactly did he do to make Divine Doctor Zhang bow to him?”

“Oh my God! Has the world gone mad? A divine doctor bowing to a useless wimp? How is this possible?”

“ ... ”

The guests kept whispering among themselves. All of a sudden, chatters broke out among the guests and everyone stared at Lin Fan in shock, seemingly as if they had seen a ghost.

They weren't the only ones who were surprised; in fact, Bai Yi and her family were most surprised by what had just happened.

I... think I heard Divine Doctor Zhang called Lin Fan... 'Master' just now? Bai Yi's beautiful eyes widened in surprise. She was the one sitting nearest to Lin Fan, so she

heard everything clearly. She actually heard Zhang Tianyi somewhat address Lin Fan as 'Master' before quickly changing his mind. Bai Yi couldn't help but feel sure about what she heard.

Bai Yi was dumbfounded by the thought which crossed her mind. Moreover, lots of incidents flashed through her mind as she recalled everything that happened before this. She thought back to the Revitalizing Pill incident and the sudden appearance of Divine Doctor Lin; the figure in the livestream resembled Lin Fan very much. After that, she thought she saw Elder Gao, the Traditional Chinese Medicine legend, kowtowing to Lin Fan. And now, the expensive herbal cuisines?

All these incidents sent shivers down her spine; the more she thought about it, the more shocked she became. In the end, the way she looked at Lin Fan changed completely. She stared at him with complicated feelings within her; it was as if she was looking at a mysterious and horrifying stranger.

However, at that moment, Lin Fan was totally oblivious to the changes in Bai Yi's expression. He said to Zhang Tianyi and his apprentice plainly, "Rise and take a seat."

"Thank you, Mr. Lin!"

Zhang Tianyi and his apprentice rose quickly.

Then, they greeted Bai Shan and his wife enthusiastically before sitting at the table carefully.

Now, the atmosphere in the Bai Family's courtyard had changed completely. To everyone's surprise, the most honorable guests were actually sitting together with the humblest guests.

At that moment, Bai Chen, Old Master Bai and the others glared at Lin Fan with an intense look of hatred, anger and shock in their eyes.

*Very well played, you b*stard with the surname Lin! My plan is ruined because of you! All because of you!* Bai Chen glared at Lin Fan in a hateful manner, looking as though he was going to swallow Lin Fan alive.

He came to Jiang City this time to carry out two missions. First of all, he came to take over the New Bai Family Group, and second of all, he wanted to invite Divine Doctor Zhang. After he found out about Divine Doctor Lin's amazing herbal cuisines, he had a feeling that he was about to make a huge contribution to the Bai Family. But now, everything has been ruined! His plan to take over the New Bai Family Group was ruined by Lin Fan; his plan to invite Divine Doctor Zhang was ruined by Lin Fan as well.

This meant he failed to invite Divine Doctor Zhang and couldn't even meet Divine Doctor

Lin, let alone inviting him over. In Bai Chen's opinion, all his plans were ruined because of Lin Fan. He failed to complete his missions, which resulted in his hatred toward Lin Fan.

"However, I still have a chance to turn things around!" The hatred in Bai Chen's eyes gradually turned into cruelty and malignancy. "Lin Fan, you shall wait and see! You'll regret this after nightfall!"

As he finished speaking, Bai Chen took out his cellphone, dialed a number and made a call; he kept glaring at Lin Fan until the call was answered. A sinister smile crossed his face as he plainly uttered four words. "Start the mission now!"

Eh? Start the mission now? Guests in the courtyard were baffled when they heard this. They were confused because they didn't know what Bai Chen was going to do. Nonetheless, they had a feeling that it had something to do with Lin Fan.

Meanwhile, all members of the Bai Family smirked wickedly. They, of course, knew that Bai Chen had called Bai San. Naturally, the mission mentioned by Bai Chen was to kidnap some of the most loyal and capable assistants of Lin Fan. Once they had these people in their hands, they could use them to threaten Lin Fan. They could force him to hand over the New Bai Family Group and even force him to invite

Divine Doctor Zhang and Divine Doctor Lin. This was the last trump card Bai Chen and members of the Bai Family could play.

However, much to the surprise of Bai Chen and the others, Lin Fan didn't look panicked or worried at all. He was grinning instead as he said, "I'll be waiting for your news then." As he finished, he took a cup of tea which he just poured himself and drank it all at one go.

...

Just after Bai Chen made the call...

Just after Bai Chen made the call, Bai San hung up the phone in a Land Rover luxury car parked at the parking lot of Golden Age Clubhouse. An evil smile appeared on his face as he said, "Get ready for the mission now!"

As he commanded, the other two White Angels in the car pulled out the machetes from their waist simultaneously.

This time, they needed to kidnap four people— Xu Tianlong, Xue Meigui, Master Hu and Master Dao.

Bai San divided his team into four smaller groups, each of them consisting three Grandmasters. They would carry out their respective missions at the same time.

Tap! Tap! Tap! Bai San and another two men came out of their Land Rover. Together, they marched into the Golden Age Clubhouse.

“This is really boring! Well, let me show this bunch of weaklings from Jiang City the true power of Grandmasters!” Bai San licked his dry lips as a sinister smile crossed his face.

A Grandmaster was indeed an invincible existence in a small town like Jiang City, not to mention there were three Grandmasters in each group working together to kidnap only four people; it was a piece of cake to them.

However, to the surprise of Bai San and his team, when they charged into the Golden Age Clubhouse, they noticed that all the patrolling security guards and staff working in the clubhouse had disappeared completely without a trace.

Eh?

“Bai Ye! What’s going on? I thought the people in the clubhouse are still here?” For some unknown reason, Bai San had a bad feeling about this when he saw the empty clubhouse.

Hearing his words, a member of the White Angels standing behind him said in puzzlement, “Bai San, I’ve been keeping an eye on the exit here since the beginning. I’m absolutely sure that no one got out of the clubhouse! I think they are probably having a meeting now, which is why no one is around. However, I’m certain that Xue Meigui didn’t leave the premises. She’s still in the office on the third floor!”

Bai San was finally relieved when he heard this.

Almost immediately, he waved a hand and commanded, “Come on, to the third floor!”

As soon as he finished, the trio’s figures disappeared in a flash as they dashed upstairs quickly; their movements were as fast as lightning. Within a split second, the trio arrived at the door of an office on the third floor.

Similarly, the corridor was completely empty without a single person around. However, there was a ray of dim light shining from inside of the office. Besides the light, the melodious sound of music was heard coming from the

office too.

Bang! Bai San kicked the office door forcefully. The door busted open immediately, as if it was just a useless, vulnerable obstacle made out of paper.

The office interior appeared before the trio's eyes; the office decorations looked very classy and elegant. However, the light in the office was rather dim. There was a record player placed at a corner of the room, and a pleasant melody came from a vinyl record playing on the device.

Other than that, Bai San and the others immediately noticed a rocking chair placed in front of the bay windows. A beautiful figure in a bright red dress was sitting on it, gently rocking the chair while enjoying the aromatic wine she held in her hand.

"You guys are here?" Xue Meigui asked plainly without even turning around to look at them, sipping on her red wine instead.

Eh? Bai San's eyelid twitched when he heard this. He asked curiously, "You knew we were coming?"

"Of course!" As she said in a low voice, she tapped her red high heels on the floor. Suddenly, the rocking chair spun around immediately; her gorgeous face and alluring,

curvaceous figure appeared in front of Bai San and the others. "Bai San, the Captain of the Third Team of White Angels! From the very moment all of you set foot on the land of Jiang City, you became completely under my Lord's control!"

Xue Meigui's lips curved into a beautiful yet enigmatic smile.

What? My Lord? Bai San frowned immediately when he heard Xue Meigui; he had no idea who was the person Xue Meigui referred to as 'my Lord'.

"So what?" Bai San glared at Xue Meigui with an obvious cruel and malicious look in his eyes. "Even if you people manage to find out about our plans, so what? Do you really think weaklings from a small town of Jiang City like you guys can stop three Grandmasters like us? What do you people have to fight against us?"

As soon as he finished speaking, the trio shook their bodies. Almost instantly, a terrifying and murderous aura emitted from them, shrouding the entire office completely. It was a very powerful and terrifying sight to see! The combined power of the three Grandmasters was so frightening that it would scare anyone out of their wits.

However, Xue Meigui simply shook her head calmly. "You guys are wrong; I just want to

inform you guys that those whom my Lord targets will eventually become... dead people!" As she said that, a smirk appeared across Xue Meigui's face. "Furthermore, I'm not your opponent. Your opponent is going to be someone else instead!"

What? Her words caused a slight change in the trio's expression. Before they could ask anything else, the trio heard light, steady footsteps coming slowly from the dark end of the corridor.

Tap! Tap! Tap! The footsteps, though light and steady like a person strolling leisurely on a street, caused an abrupt change in the trio's expression when they heard it. For some inexplicable reason, the trio felt goosebumps all over their bodies when they heard the footsteps. Moreover, despite the footsteps sounding light and slow, they had a feeling as if it stomped heavily on their hearts with each step coming into contact with the floor; this made their hearts pound rapidly as their blood pressure started to spike. This was a sign of danger!

"Guys, be careful! The guy is an expert!"

The expression on Bai San's face changed completely; there was an intense look of disbelief in his eyes. He couldn't believe there was such a powerful expert hiding around in a small place like Jiang City, who could make a

Top-Tier Grandmaster like him feel threatened. This was absolutely unbelievable!

As the trio looked on nervously, the figure at the end of the corridor marched closer as the dangerous aura intensified. Right after the figure appeared in front of Bai San and the others, the trio was completely perplexed when they saw his face clearly. *Gasp!* They could barely believe what they saw with their eyes.

It was an ugly face; the man was tall, and his rough face was covered with pockmarks. It was the most terrifying and scariest thing they had ever seen in their lives—especially the face. It would be impossible for them to forget that image for the rest of their lives once they saw it because it was the Blood Buddha!

“H-How is this possible? B-Blood Buddha? Is that you? Why are you here?” Bai San looked as if he had discovered a shocking secret; the appearance of Blood Buddha sent shivers down his spine as his whole body was covered with goosebumps.

Why am I here? An eerie and petrifying smirk crossed Blood Buddha’s ugly face when he heard Bai San’s words. “I’m here on my Lord’s order!”

What? My Lord? My Lord again? Bai San’s heart pounded rapidly non-stop. He couldn’t imagine what kind of terrifying man would be the Lord of a ruthless supervillain lik

e Blood Buddha. "W-Who is the man you refer to as my Lord? Is there another person behind all of this? This..."

At that moment, shivers crept through the bodies of Bai San and the others. They stared at Blood Buddha in terror; it was as if they were looking at a grim reaper while they trembled like a leaf.

However, upon hearing that, a look of respect and admiration appeared simultaneously on the faces of Blood Buddha and Xue Meigui.

"My Lord is the most powerful man in the world!" declared Blood Buddha.

"My Lord is a God-like existence who can destroy weaklings like you and your clan completely with just a simple wave of his hand!" exclaimed Xue Meigui.

*Gasp!*The trio were frightened out of their wits after hearing Blood Buddha and Xue Meigui's words of admiration toward their Lord. They were shaking like a leaf while being drenched in cold sweat.

*The most powerful man in the world? A God-like existence who can wipe out the entire Bai Family with just a simple wave of hand? How could this be possible?*The existence of such an unbelievable person was beyond the imagination of Bai San and his men.

They were struck dumb by another bombshell dropped by Blood Buddha when he made the last revelation. "He is the King of Blood Prison!"

Bai San was so shocked by his words that he almost fell onto the floor. *The King of Blood Prison!* It was the name he had heard yesterday. He remembered Old Master Bai's words clearly; yesterday, the old man said that Grandmaster Lin from Jiang City was probably the King of Blood Prison!

“T-That can’t be right!” A thought suddenly occurred to Bai San. He then looked at the Blood Buddha and cried out in disbelief, “Blood Buddha, there must have been a misunderstanding—we haven’t crossed the King of Blood Prison, or earned Grandmaster Lin’s ire. Why is he attacking us? Why is he coming after the Bai Family? T-This can’t be right!”

Bai San still couldn’t think of an answer to this even after racking his brains.

Ever since they had gotten news that the King of Blood Prison had supposedly shown up in Jiang City, they thought of keeping a low profile while conducting business as they were deathly afraid of bringing this frightening dragon’s wrath down upon themselves.

However...

“Hehe...”

The Blood Buddha chuckled.

He gazed upon Bai San and the others as though he was looking at a group of fools. “You say that you haven’t crossed my King? You thought of taking away the New Bai Family Group, which belongs to my King. Not only that, you had also thought of killing my King’s subordinates. Tell me—how does this not constitute going against my King?”

W-What!

Upon hearing those words, Bai San and the others froze as if they had been struck by lightning. A single name immediately popped up in their minds—Lin Fan.

“Are you saying that Lin Fan is the King of Blood Prison?” Bai San’s voice quivered. He knew that Lin Fan was just a little twerp in his twenties; how could someone so young possibly be the King of Blood Prison?

This was practically unbelievable.

The Blood Buddha’s smile widened as he looked at Bai San and his company’s fearful faces. “In addition to that, allow me to tell you one more thing! My King is not only the King of Blood Prison, he is also Lin Zuo of China, the new head of the Global Group!”

*O-Oh f*ck!*

Bai San and the others felt like their minds were about to explode upon hearing that.

The King of Blood Prison!

Lin Zuo of China!

And the new head of the Global Group!

Those three extremely frightening titles all

belonged to the same person, and most unbelievably, this person had been hiding all this while in a third-tier city as a live-in son-in-law.

“T-The Bai Family is finished!”

Thick despair clouded Bai San’s face, especially when the Blood Buddha brought his hand down upon those three brutally. Fresh, crimson blood instantly gushed out from Bai San and the other two Grandmasters’ necks as three heads slowly rolled off and fell to the ground, despair and fright plastered all over their faces.

They were dead in an instant.

...

Meanwhile, most of the offices in the Tianlong Group building were already darkened, their lights having been switched off at night; only a single office on the top floor was still lit.

This was Xu Tianlong’s office.

Xu Tianlong was currently hunched over his desk as he poured his attention over a contract. Suddenly, the lights in his office flickered and a man kicked the door in from outside. Wooden shrapnel flew everywhere.

However, Xu Tianlong did not seem surprised

at all. It was like he hadn't heard the commotion at all as he continued to busy himself with the contract.

"Xu Tianlong!" Three White Angels came charging in at once. They glanced at Xu Tianlong, who was still pouring over the contract. Heavy disgruntlement and harshness rose on their faces. "That's enough! You don't need to pretend anymore. Come with us now!"

Come with them?

Upon hearing those words, Xu Tianlong still did not look up. He continued to sign the contract while he spoke, his head never once tilting up. "My work is still not done yet! I'm not going!"

What?

The three White Angels stiffened up; they hadn't imagined this man to be such a workaholic.

How could he still be thinking of work even when death was already coming for him?

"Xu Tianlong, quit pretending to play dumb. Do you know who we are? Do you know what we do?" The three White Angels looked at Xu Tianlong as if they were looking at a dead man, their eyes filled with malice and coldness.

However, they were taken aback when Xu

Tianlong nodded solemnly. "I do know who you are. You are the men of Jiangnan Province's Bai Clan—the White Angels! You assassinate people!"

Huh?

The three White Angels froze. They hadn't expected Xu Tianlong to declare who they were. Even more so, he was still calm after revealing their identities—it was simply baffling!

"Hmph! You fool, then why won't you come quietly with us when you know that we kill people! Do you have a death wish?"

With that, the three White Angels whipped out the daggers sitting by their hips in unison; the cold steel glinted as murderous intent radiated from them.

However, Xu Tianlong—who was still hunched over signing the contract—did not pay any heed to their murderous aura. On the contrary, he pointed to a corner in his office and said in a nonchalant tone, "If you want to kill me, that's fine, but you'll have to ask him first!"

What!

The three White Angels froze in place and immediately looked toward the direction of Xu Tianlong's finger. It was then that they realized—much to their shock—that there was a couch

in the corner. A skinny figure sat quietly upon it, utterly soundless like a ghost.

This made the three White Angels' skin crawl.

It was an unfathomable thing that they hadn't detected the presence of an extra person in the room at all. What was even more unthinkable, however, was when they caught sight of that figure's face.

Their wits immediately left them; that person was someone that none of them would be able to forget, even if they turned to dust.

He was the Blood Wolf!

It was the terrifying Blood Wolf that had killed one of their comrades and scared them into fleeing with their tails between their legs!

"W-Why are you here?"

The three White Angels shuddered in unison; they felt as though they had been dropped into an icehouse, feeling nothing but fear and panic.

The Blood Wolf only turned to face them upon hearing them speak. An eerie, amused smile rose on his handsome face. "Of course it's me. I am here... for your heads!"

The moment the last word fell, the Blood Wolf blinked out of sight and reappeared before the

three White Angels as though he was a phantom. With a flash of the blade in his hand, three heads with shocked and alarmed expressions on them rolled off their owners' necks and fell to the ground.

The entire event happened so quickly that the three White Angels didn't even get the chance to act before their heads were on the floor.

Sniffing the blood and gore in the air, Xu Tianlong couldn't help but shake his head and smile lightly. "How pitiful the Bai Clan is. Poor White Angels!"

With that, he continued on with his work, never even sparing an extra glance for those three heads.

The lights were all ablaze in the Bai Residence's front yard, lighting up the entire place. However, the banquet still continued on with its awkward atmosphere. Dish after delicious dish had already been served to the guests, but the elites of Jiangnan did not register their tastes. Their gazes kept shifting unwittingly over to the table in the furthest corner.

Lin Fan and his family were in the corner, happily enjoying their food while Divine Doctor Zhang kept toasting each family member. Even Ye Tian, a highly-esteemed man, was constantly pouring drinks for them like a waiter. It seemed like the utmost priority of this master and his apprentice was to treat Lin Fan and his family well.

This made the other Jiangnan elites in the yard feel envious. After all, none of them even had the right to speak to Divine Doctor Zhang, while this seemingly unreachable divine doctor behaved so humbly in front of Lin Fan and his family. How could these elites not have complicated feelings about this?

Even Bai Chen and the others, who were high up on the totem pole, bore extremely darkened expressions.

"Young Master Bai Chen, have you gotten any news yet from your side?" Old Master Bai could not resist from asking.

All the Bai Family members could think of now was for the White Angels to succeed; they would only be able to turn the tables this way and completely squash the obnoxiousness out of Lin Fan, forcing this b*stard to give in to them.

Upon hearing his words, Bai Chen glanced at the dark screen of his phone. He shook his head, an unsightly expression on his face. "Nothing yet!" Even though he said that, Bai Chen didn't know why a faint sense of foreboding rose within him. It was as if something had... happened.

No! Nothing could have possibly gone wrong! Bai San and those two are the most elite assassins of the Bai Family! As long as those twelve Grandmasters don't get on Grandmaster Lin's bad side, no one in Jiang City could possibly be their match! Bai Chen shook his head, hurling the ominous feeling out of his mind completely.

Right then, his phone beeped. Bai Chen, Old Master Bai and the rest of the Bai Family suddenly perked up at that. He then immediately unlocked his phone only to see a text message.

It was a message from Bai San. 'Mission accomplished. Be there in five!'

Whoa! Bai Chen was beyond thrilled upon seeing

the text message. He turned to face Old Master Bai and the rest of the Bai Family in excitement. "Old Master Bai, they've succeeded. Bai San and the rest have completely subdued Xu Tianlong and the others; they'll be here in five minutes!"

As soon as those words were out, Old Master Bai and the Bai Family cheered instantly.

"That's great! Now that Xu Tianlong and the others have been captured, let's see whether Lin Fan will continue to be so audacious!"

"Hmph! This time, not only are we going to make him cough up the New Bai Family Group, we're going to make him give up Divine Doctor Zhang and Divine Doctor Lin to help the Bai Family Group!"

"That's right! Hehe, as long as we take over the New Bai Family Group and hire those two divine doctors, it won't matter whether Lin Fan remains alive or not. He'll be useless!"

Right at that moment, Old Master Bai, Bai Chuan and the rest of the Bai Family could feel every fiber of their being leaping for joy. After all, Lin Fan had humiliated them time and time again; this was their best chance at revenge.

Bai Chen swept his gaze over everyone before standing up and calling out loudly, "Everyone! Please hold on!"

Huh? Upon hearing Bai Chen speak, every one of Jiang City's elites in the yard immediately put down their glasses, their numerous gazes swiveling over to Bai Chen and his family.

The guests went rigid when they caught sight of the unbridled delight on Bai Chen, Old Master Bai, and the rest of the Bai Family's faces. At that, they recalled how Bai Chen was on a phone call earlier, talking about 'beginning the operation'. It seemed like this must be related to the reason for their joy.

It was then that they noticed that Bai Chen's gaze had flickered over to Lin Fan's table, the cold smile on his lips growing frostier.

"I have a few things that I would like to discuss with Lin Fan of the New Bai Family Group! What I'm about to discuss may be a little violent, so it may not be suitable for some of you to hear. Now, I would like to ask all of you to head to the backyard to wait! Once Lin Fan and I have finished these discussions, I will then announce a few important things to all of you!"

Every single guest in the yard immediately turned to the corner where Lin Fan was at after they heard Bai Chen's words. They weren't stupid; they could definitely hear the murderous intent and frostiness toward Lin Fan in Bai Chen's words. And now, he had chosen to discuss with Lin Fan alone; he must have caught onto Lin Fan's weakness, and the latter

was probably done for.

In an instant, a ruckus went up in the entire yard as every guest gossiped furiously about how Bai Chen would handle Lin Fan and the New Bai Family Group.

Bai Yi and her family turned pale with fright.

“L-Lin Fan, don’t agree to his discussions! It is evident that he doesn’t have anything good in store for you!”

“That’s right, Fan. Bai Chen definitely has no good intentions here! Why don’t we leave now?”

Bai Yi and her family were currently as nervous as lambs to the slaughter; they could already sense the terrifying things that were about to happen.

However, Lin Fan merely patted Bai Yi’s hand after hearing those words. He then turned to Bai Shan and his wife—who were standing behind him—and said, “Mom, Dad, don’t worry! He can’t harm me! I shall surprise you instead!”

What?! Upon hearing Lin Fan’s words brimming with confidence, everyone was confused—be it Bai Yi, Bai Shan or his wife. They hadn’t expected Lin Fan to brag and boast even at this moment.

"Alright, everyone, please follow me!" Old Master Bai got up first and called out to the guests in the yard. He then led the numerous members of the Bai Family to the back.

Upon seeing this, none of the guests could continue to remain despite their burning curiosity. One by one, they got up and headed to the backyard on the heels of the Bai Family.

Bai Yi and her family were the only ones left hesitating. Afraid that Lin Fan would be in danger, they dawdled and were reluctant to leave.

"I'm sorry to trouble you, Divine Doctor Zhang, but please take my wife and my parents-in-law to the backyard!" Lin Fan gave a slight smile as he gave Zhang Tianyi his request.

Upon hearing those words, Zhang Tianyi immediately stood up and said respectfully to Bai Yi and her family, "Please follow me! Do not worry—there is hardly anyone in this world who can harm Mr. Lin!"

What?! Zhang Tianyi's words astounded Bai Yi and her family. None of them knew why he was as much of a braggart as Lin Fan, or why he was so confident in Lin Fan.

This was practically unthinkable! Even so, all the family could do was to get up and follow Zhang Tianyi to the backyard despite the

whirlwind of confusion they had.

In just a short moment, all the guests left the yard completely, leaving only Bai Chen and his two bodyguards, Bai Wen and Bai Wu, as well as Lin Fan.

Bai Chen's smile turned abnormally twisted and cruel as he peered at Lin Fan. "You, the one who is known as Lin! Your doom is upon you!"

Doom?!

The corners of Lin Fan's lips couldn't help but twitch up into an amused smile when he took in Bai Chen and his overflowing self-confidence. "What do you want?"

What do I want?

Bai Chen's smile twisted further, his gaze boring into Lin Fan as he said, "Simple! One, hand over the New Bai Family Group. Two, I want you to personally ask Divine Doctor Zhang and Divine Doctor Lin to come with the Bai Family in Jiangnan Province to treat my mother and serve the Bai Family! As for the third thing that I want, I want you to break your own legs. If you do so, I can show you and your family mercy! What do you say?"

With that, Bai Chen, Bai Wen, and Bai Wu burst out into raucous laughter. Heavy madness and enmity seeped through Bai Wen and Bai Wu's gaze as they looked at Lin Fan.

“Hehe... Hey, Lin, did you hear that? Our master is very merciful. If he weren’t, he would have annihilated your entire family because you broke our comrade’s face!”

“That’s right! You should be thanking Young Master Bai Chen because of how you’re able to keep your worthless life! You would’ve definitely been dead otherwise!”

Bai Wen and Bai Wu’s tones were cruel and vicious. However, Lin Fan merely narrowed his eyes slightly at that. A vicious, cold glint suddenly burst to life in his eyes.

“And what if I refuse?”

What?

Refuse?

It seemed as though Bai Chen and his bodyguards had already predicted that Lin Fan would say something like that upon hearing his words; the cruelty in their smiles did not abate.

“Hehe... it doesn’t matter if you refuse! Soon, you’ll agree when we kill a person or two! If our information is right, Xu Tianlong, Xue Meigui, Master Dao, and Master Hu are the four most useful subordinates you have in Jiang City, am I right?”

Bai Chen’s eyes were fixed on Lin Fan in a dead

stare; he sorely wished to see what reaction Lin Fan would have upon hearing those four names.

As expected, Bai Chen noticed the expression on Lin Fan's face suddenly turning dark and stormy when he heard those names.

"What did you do to them?" Lin Fan's face was filled with fury, as though a nerve had been struck.

Bai Chen's mood lifted immediately upon seeing this. The angrier Lin Fan was, the happier Bai Chen became.

"Hehe... Relax, we will definitely treat your subordinates well!"

The moment he said those words, the four remaining people in the yard heard the sound of four engines nearing them, zooming toward the Bai Residence.

Bai Chen and his bodyguards immediately knew that it was Lu Hu.

"He's here!" Bai Chen's eyes lit up. The smile on his face widened even more. "Hahaha... Speak of the devil indeed! Lin Fan, your subordinate will be here to meet you soon. Are you ready?"

Bai Chen could seemingly see Lin Fan all broken and defeated now. Upon hearing the

four engines quieten at once outside of the entrance to the Bai Residence, Bai Chen shouted out from the yard, "Bai San, you can bring them in now! Let Lin Fan see just how weak his subordinates are! How they're nothing! Hahahaha..."

Bai Chen, Bai Wen, and Bai Wu's laughter was abnormally demented.

However, something surprising happened immediately after that.

There was no response at all from outside the yard after Bai Chen's call; Bai San and the rest did not drag Xu Tianlong and the other three inside as they had planned either.

Huh?

This caused the smiles on Bai Chen and his bodyguards' face to slowly freeze; their brows began to furrow.

"What's going on? Did Bai San not hear me? What are they doing?" Bai Chen's heart couldn't resist a shiver. He continued to face the entrance of the Bai Residence and yell at the top of his lungs, "Bai San, did you not hear me? Bring Xu Tianlong and the rest in now!"

Complete silence. There was still no response or people being brought in.

Bai Chen and his bodyguards' expressions finally changed right then. The sense of foreboding they felt began to grow even stronger.

However, that wasn't the end.

"I'm afraid your men won't be coming in!"

What?!

Upon hearing those words, Bai San and his bodyguards immediately swiveled at once to look at Lin Fan. It was then they realized that the fury on Lin Fan's face had vanished without a trace, replaced by a thick sense of amusement and condescension.

"However, you seem to really miss Bai San and the rest. Fine then! I shall fulfill your wish!" With that, Lin Fan clapped his hands and narrowed his eyes. "Bring Bai San and the others in!"

That single sentence caused a violent shudder to run through Bai Chen and his bodyguards.

W-What is the meaning of this?

Had Bai San and the twelve Grandmasters been completely defeated?

H-How could this possibly be?

It was just Jiang City; how could a mere nest of

ants defeat twelve powerful Grandmasters?
This was practically unthinkable.

However, the next scene completely scared the wits out of Bai Chen and the other two.

They watched in disbelief as something that resembled a watermelon sailed through the yard from outside the gate. First one, then two, then ten...

...

In a blink of an eye, twelve round things landed on the ground and rolled to Bai Chen and his bodyguards' feet. Upon taking a look at those round items, Bai Chen, Bai Wen, and Bai Wu felt as though they had been struck by lightning, nearly peeing themselves in fright.

Those were human heads.

Twelve bloodied human heads, their hair scattered in their faces and stained with blood.

Most frighteningly, the expressions on these heads were of crazed fright; it was as though they had seen some unfathomable thing before they had met with their deaths.

"B-Bai San! No, no, this can't be..."

When Bai Chen recognized one of the heads as belonging to Bai San, the head of the Third

Team, he felt as though he had been completely sapped of his strength. With a 'thump', he fell rear-first to the ground. Liquid leaked from his bottom half, seeping through his pants and spreading outward; he had actually peed his pants.

He wasn't the only one. Bai Wen and Bai Wu were also powerful Grandmasters, but they were likewise scared out of their minds upon seeing the twelve Grandmasters' heads.

"They're dead? They're all dead! How could this have happened?"

"Who did this? Just who? Who dared to kill the White Angels of the Bai Family? Who destroyed an entire squad? Who did it?"

Such madness!

Such appallment!

Right at that moment, the three of them looked as if they had seen a ghost.
