

However, that was not all.

Right as they were on the verge from fainting in terror, someone pushed open the gate to the Bai Residence's yard, and four figures slowly made their way inside. A chill ran through Bai Chen and his bodyguards again when they saw who they were; their eyes widened like dinner plates as they stared at the four entering figures as if they were looking at the devil himself.

"T-The Blood Buddha!"

"The Blood Wolf!"

"Leng Aotian!"

"He Lanshan!"

The ultimate Grandmasters!

How could it be those four ultimate Grandmasters?

Bai Chen and his bodyguards' eyes nearly popped out of their sockets. Never could they have dreamed that the twelve Grandmasters led by their own Third Team of the White Angels would be killed and beheaded so viciously by these four ultimate Grandmasters.

"How could it possibly be you guys? Why did you do this? Do you want to make the Bai Clan

your enemy? Do you want to battle the White Angels?" Bai Chen yelled in fear at the Blood Buddha and company.

However, much to his disbelief, the Blood Buddha and the other three did not seem to have heard him. Instead, they walked toward Lin Fan as a group. Once they were before him, they bowed in unison.

"The Blood Buddha, here to see the King!"

"The Blood Wolf, here to see the King as well!"

"Leng Aotian, here to see Mr. Lin!"

"He Lanshan, here to see Mr. Lin!"

Those four voices resounded throughout the yard, but like rolling thunder, it struck fear and confusion into Bai Chen and his bodyguards.

*King?*

Their gazes first fixed themselves on the Blood Buddha and the Blood Wolf before darting over to the twiggy Lin Fan. However, they felt as if their entire perception of the world had been shattered.

"How could Lin Fan be the Blood Buddha and Blood Wolf's superior? That's impossible! How could this f\*cking be possible?"

However, cold sweat began to flow like a broken faucet when he recalled Old Master's Bai's words from earlier.

*The Blood Buddha's King, Grandmaster Lin, might be... the King of Blood Prison!*

When Old Master Bai's words flashed through Bai Chen's mind again, he was completely dumbstruck.

"Y-You are Grandmaster Lin? Also known as the King of Blood Prison too?"

*What?!*

Upon hearing Bai Chen's terrified words, Bai Wen and Bai Wu could hardly fight down the fear welling within them. The two brothers felt their legs go limp, and with a 'thump', they fell onto their behinds.

*Grandmaster Lin?*

*The King of Blood Prison?*

Those two titles were like lightning strikes to them, making them question everything about their lives.

"No! This can't be!" Bai Wen screamed at the Blood Buddha and the other ultimate Grandmasters like a madman. "You must have been mistaken! Yes, that must be it! This little

mongrel is just a Grandmaster! He's not an ultimate Grandmaster at all! He must have tricked you all!"

Bai Wu's body quivered as well when he regained his wits; a bright light shone in his eyes. "My brother is right! Blood Buddha, don't fall for this little swine's lies! We have battled him before. He is only a little stronger than our fellow Grandmasters, so do not be fooled by this swine. He is not the King of Blood Prison at all!"

The two brothers were unable to accept this truth at all to the very end with their vehemence.

However, after those words left their mouths, a chilling aura slipped into the Blood Buddha and Blood Wolf's gazes.

*Mongrel?*

*Swine?*

"How dare you demean my king! You are practically looking for death!"

As soon as those ominous words were said, the Blood Buddha and Blood Wolf reappeared before Bai Wen and Bai Wu like phantoms. They whipped out their knives and with a swift motion, scarlet blood gushed everywhere, spraying onto Bai Chen's face; the warmth and

metallic tang took Bai Chen by surprise. Bai Chen watched in horror as a bloody red line appeared on Bai Wen and Bai Wu's necks. Two heads with their eyes wide-open slowly rolled off their necks. They fell to the ground, increasing the number of heads on the yard.

"T-They're dead already?" Bai Chen nearly fainted in fright upon seeing his own bodyguards die before his eyes like nobodies.

*How frightening!*

He turned to look at Lin Fan again, his gaze growing even more horrified and despaired. "A-Are you really the King of Blood Prison?" His voice trembled with disbelief.

"Are you surprised? Did you not expect this?" Lin Fan's eyes crinkled as he smiled at Bai Chen, looking as though he was gazing upon a worm that had peed itself in fright. "Unfortunately, it is already too late!"

That single sentence made Bai Chen's face drain of color.

...

Meanwhile, the Bai Residence's backyard was abuzz; no one knew what was happening in the front yard, and the guests were all huddled together as they gossiped.

“Hey, what do you think Young Master Bai Chen is going to do to Lin Fan? I just have this feeling that Lin Fan is done for this time!”

“That’s a certainty! Young Master Bai Chen is part of the Jiangnan Province’s Bai Clan. That family controls the White Angels! No matter how formidable Lin Fan is, the only fate that awaits him is death!”

“Ah, how lamentable! Speaking of that, Lin Fan is no simple person either. It’s evident that he has some tricks up his sleeve for Divine Doctor Zhang and his apprentice to be so respectful toward him. It’s unfortunate that he crossed paths with the Jiangnan Province’s Bai Clan!”

“ ... ”

The guests’ discussions were heated; everyone was sure that Lin Fan would not be able to escape this disaster. Even Bai Yi and her family were ashen-faced as well.

“What to do? What to do?”

The three of them were frantic beyond belief, but they couldn’t think of any way to save Lin Fan.

Upon seeing their expressions, the surrounding Bai Family members put on abnormally cheerful smiles.

“Hahaha... Bai Yi, are you worried about that useless husband of yours?” Bai Yan smiled mockingly as she approached Bai Yi, her gaze currently filled with cheer and ridicule. “Oh, you actually don’t have to worry yourself, because you are definitely going to be a widow from this day onward! I’m afraid that Lin Fan will not continue to exist after tonight!”

*What?!*

Upon hearing Bai Yan’s words, Bai Yi and her family’s expressions shifted.

“Bai Yan, what are you saying? What are you going to do to Lin Fan?” Bai Yi’s face was ashen as she stared at Bai Yan in disbelief.

“Hehe... Oh, Bai Yi, don’t look at me like that!” Bai Yan looked at Bai Yi and chuckled even more brightly. “It’s not like we’re going to do anything to him. It’s Bai Chen who’s going to take him on! After all, he refused Bai Chen, and that’s equivalent to refusing the Bai Family of Jiangnan Province. How can Young Master Bai Chen just let him go like that?”

After saying that, Bai Yan seemed to have thought of something else. Her smile grew even brighter as she said, "Oh! That's right, I nearly forgot to tell you something; we have sent a squad to handle Lin Fan—the White Trio!"

*Whoa!* The moment Bai Yan said those words, everyone's expressions changed, be it Bai Yi's family or the other guests.

The name—the White Trio—was as terrifying as the devil to the people in this area.

Upon hearing that name, the guests who had heard of the White Trio immediately turned as white as paper; fear plastered all over their faces.

"Dear God, they actually sent the White Angels, and they had even sent the most elite squad of them all—the White Trio! I heard that the Bai Clan had another rival family apart from the four greatest hidden prominent families in Jiangnan Province back then; that rivaling family was abnormally strong with several Grandmasters! But in the end, they angered the Bai Clan, who sent the White Trio and completely annihilated that rivaling family! The next day, people saw the corpses of those Grandmasters on the street! Rumor has it that this was the White Trio's doing!" The guest shivered as he regaled this legend.

Upon hearing his words, everyone's terror deepened.

Bai Yi felt her vision go dark; she seemed like she was about to faint.

"No! You can't do this to Lin Fan! Lin Fan has never thought of hurting you all. All of you kept forcing him and bullying him! Why won't you just let him go?!" Tears dripped from Bai Yi's pretty eyes. Her gaze was filled with hatred as she stared at the Bai Family. "No! Lin Fan can't die! I'm going to find him—I have to!"

As soon as she spoke, Bai Yi could no longer restrain her worry toward Lin Fan. She charged out of the backyard to head to the front as though she had gone insane. However, she had just taken a few steps when a few of the Bai Family's bodyguards blocked her way. These bodyguards were beefy and muscled, so they completely sealed off the route to the front yard when they stood together in a line.

"Get out of my way! I'm going to look for Lin Fan! Go away!" Bai Yi wept as she attempted to shove the guards away, but no matter how she pushed, the bodyguards did not budge an inch. Despair and fear spread itself through Bai Yi's heart.

Upon seeing this, the smiles that the high-ranking members of the Bai Family grew even wider.

“Bai Yi, you don’t have to worry too much. Perhaps Young Master Bai Chen might show some mercy and spare your husband’s life!”

“That’s right, as long as he hands over the New Bai Family Group and agrees to help us hire the two divine doctors for the Jiangnan Bai Family, he might get a chance to live!”

“Ah, I suppose that Lin Fan’s greatest subordinates, Xu Tianlong, Xue Meigui, Master Hu, and Master Dao have been captured? I wonder if these people of note will die?”

*What?!*

All the guests’ expressions changed upon hearing these high-ranking Bai Family members speak. It was then that they found out that Xu Tianlong and these other powerful figures in Jiang City were Lin Fan’s greatest men, and from what they could discern, the ‘action’ that Bai Chen had spoken of was supposedly the capture of these four.

Instantly, the backyard erupted. The guests all had expressions of shock from Lin Fan’s hidden depths, as well as fear toward the White Angels.

“My god, I really didn’t think that Lin Fan would be the actual boss behind Xu Tianlong and those others!”

“That’s right! I only heard that Xu Tianlong and company had a deeper relationship than people assumed with Lin Fan. Every time he was in trouble, they would be there. And yet, I had no idea that Lin Fan had such hidden depths!”

“Hmph! Regardless of how incredible Lin Fan is, so what? He’s still done for anyway. That’s the Bai Clan of Jiangnan province he’s dealing with now! Those are the White Angels we’re talking about! I’m afraid that Xu Tianlong and the others are finished. Lin Fan will find it difficult to escape from this catastrophe!”

“ ... ”

Expressions of conflict and lamentation appeared on every guest’s face right then. They had only just gotten to know of Lin Fan’s true power, but they hadn’t thought that Lin Fan would go down by the time they got wind of this.

“No! Lin Fan...” Bai Yi’s face was currently soaked in tears. Her heart was like a tangled ball of emotions, unable to comprehend any of the guests’ words.

She wasn’t the only one; even Bai Shan and Shen Yumei were currently reeling from fright. Likewise, they couldn’t understand what the guests had to say about Lin Fan.

However, right at that moment, the trembling voice of a bodyguard drifted over from the entrance of the backyard.

“M-Master, honored guests! Young Master Bai Chen has allowed you to return...” Unbridled fear filled the bodyguard’s voice.

Upon hearing those words, however, Old Master Bai and the others did not think twice before wide, crazed smiles split their faces apart.

“Hahaha... Looks like Young Master Bai Chen has done it! I just wonder how many of those four are dead?”

“Yes! From this day onward, the New Bai Family Group no longer belongs to Bai Yi. Her husband’s life is most likely to be on the chopping block!”

“Oh, how exciting this is. Jiang City will once again be under the Bai Family’s rule!”

“...”

All of the Bai Family members were beside themselves with excitement. The guests immediately began to head toward the front yard. However, none of them noticed that the bodyguard who had made that announcement was as pale as a sheet of paper, nor that he gazed at the Bai Family with a look of pity and

lamentation.

The guests quickly made their way through the front yard. Although the route was short, all of the Bai Family were impatient; it was as though they couldn't wait to see Lin Fan's sorry state.

"Hehe... Lin Fan, aren't you just some guy? Let's see whether you're still as amazing as you are this time!" Bai Yan was beside herself with delight. She had hated Lin Fan's guts ever since that b\*stard slapped her.

And now, her time for revenge had come.

However, just as Bai Yan's excitement reached a fever pitch as she stepped forward, she quickly realized that Old Master Bai, Master Bai Hai as well as the others in front had stopped in their tracks. They stood there, rooted on the spot, their eyes staring dead straight ahead of them; their bodies began to tremble.

*Huh?*

This made Bai Yan stiffen for a moment. She was short, so Old Master Bai and the others had completely obscured her vision of the front yard, rendering her unable to see what was going on. Bai Yan immediately asked in confusion, "Grandpa! Uncle! Why aren't you moving? What's going on in front?"

Bai Yan was baffled, but what surprised her

even more was how no one in front of her answered at all. On the contrary, they kept staring at the front yard as though they were looking at a ghost.

This caused an ominous feeling to slowly rise within Bai Yan. She hastily squeezed her way to the front, and when she made it to the very front of the crowd and looked at the sight, what she saw shocked her to her very core.

Bai Yan saw that there were only two people in the spacious front yard; one of them was standing straight and the other one was on the ground, trembling in fear. Besides that, under the dim lighting, Bai Yan could vaguely see several round balls the size of watermelons on the ground.

“What are those?” The bad feeling Bai Yan had was getting stronger. After she focused her attention and stared intently at the ground, she was so shocked, she felt as if she was struck by lightning.

“Are those... heads?” The sudden realization made Bai Yan’s mind go completely blank. She instantly felt a cold shiver run down her spine and when she saw the frightened expressions on the faces of the heads that were densely piled all over the ground, she fell to the ground with a thud.

“Ah! Murder! They’re all dead!” Bai Yan’s screams startled all the guests that were behind her.

When everybody turned to look and saw what was happening in front of them, the front yard instantly fell into a deadly silence.

“One, three, five, ten... There are fourteen heads? Oh my God... W-What happened?”

“That person sitting on the ground, is that

Young Master Bai Chen? He looks so scared, I think he might've peed his pants."

"The f\*ck? Lin Fan looks completely fine. Where are the four masters? Didn't someone say that the White Angels have gone to capture them? Where are they?"

After a short moment of silence, the group of guests started a commotion. Horror and terror was written on the faces of all of the guests.

They couldn't guess what had actually happened in the front yard that caused so many people to die, and they didn't understand who or what was so terrifying that made even Young Master Bai Chen peed his pants. To them, it seemed completely unbelievable. However, something even more unbelievable happened next.

With blurred eyesight, Old Master Bai stared at the faces of the heads on the ground.

The longer he looked, the more horrified he was.

"Bai Wen! Bai Wu! Bai San... Oh my God, how could this have happened?! The dead people on the ground are from the Third Team!"

*What?! The Third Team of White Angels?!* His words stunned all the guests. After all, they had just heard how powerful the Third Team was. All of the members of the Third Team wer

e Grandmasters. Which meant that all fourteen heads that were on the ground were heads of Grandmasters.

At that moment, every guest on site felt a cold shiver down their spine and all of them turned to look at the only person standing in the middle of the front yard, Lin Fan. Their expressions were filled with horror and disbelief.

*Was he the one who did all of this?*

...

Meanwhile, when every member of the Bai Family and guests rushed to the front yard, Bai Yi and her family stood still like statues in the backyard.

“Is Lin Fan...” Even though Bai Yi was dying to check on Lin Fan, she didn’t dare to because she was afraid that she would see Lin Fan’s corpse!

“Dad, Mom, what should we do?! What if something bad happens to Lin Fan?” Bai Yi asked as her tears rolled down her cheeks like a broken string of beads. At that moment, she was extremely desolate.

As for Bai Shan and Shen Yumei, they felt as if a thousand knives were stabbing their heart when they looked at their wailing daughter.

“Fan will definitely be safe and sound. I believe in him!”

“Your father is right. Fan has the looks of a noble man. He always manages to land on his feet... He’ll definitely be alright!”

Bai Shan and Shen Yumei’s voices were trembling. Even though they were saying that Lin Fan would return safely to comfort Bai Yi, their eyes had already welled up with tears. However, they could only silently wipe them away.

Bai Yi and her parents were all desperate to check on Lin Fan but none of them dared to.

Zhang Tianyi who was standing at the side couldn’t help but smile bitterly and say, “Miss Bai Yi, you can be rest assured! My mas—no, Mr. Lin will definitely be fine! I’m sure he’s waiting for us in the front yard right now! Let’s go!”

Once again, Zhang Tianyi almost called Lin Fan ‘Master’. Fortunately, Bai Yi, Bai Shan and Shen Yumei were all so worried about Lin Fan, they didn’t notice anything strange.

“I don’t care!” Bai Yi looked up and roughly wiped away the tears around her eyes. Her beautiful face was filled with determination as she yelled, “If anything happens to my husband, I’ll make sure everyone in the Bai Family dies

together with him, even if it costs my life!" Bai Yi's tone was cold. With that, as she wiped away her tears, she quickly ran to the front yard.

"Bai Yi!" When Bai Shan and his wife saw this, they were worried that something might happen to Bai Yi so they immediately chased after her together with Zhang Tianyi and his apprentice.

When all of them arrived at the front yard, they instantly saw that the place was filled with guests and members of the Bai Family.

However, to Bai Yi and the others' surprise, even though the spacious front yard was packed with people, it was so silent they could hear a pin drop. All of them were staring ahead as if something unbelievable had happened.

Bai Yi frowned and she hurriedly walked past the guests to the front. After she squeezed her way through the crowd, she immediately saw the figure that was standing still in the middle of the front yard.

"Lin Fan!!!" Bai Yi almost couldn't believe her eyes. *He's fine! My husband is fine!*

The next instant, Bai Yi felt a lump in her throat and she burst into tears. Then, like a little girl who had found her mother, she ran toward Lin Fan and threw herself into his arms. "You idiot,

do you know that you've almost scared the hell out of me?!" Bai Yi's head was completely buried in Lin Fan's chest.

There was a deep sadness in her cries. It was as if she was venting out all the grievances, anxiety and worry that she felt in her heart.

When Lin Fan saw this, he felt a warm feeling in his heart. He lowered his head and gave Bai Yi a fierce kiss on her forehead before he softly said, "Darling, I told you that I would be fine so I'll definitely keep my promise!"

Hearing this, Bai Yi's anxiousness slowly disappeared. Her head poked out of Lin Fan's arms and it was only then she realized that the atmosphere around her felt a little strange.

Bai Yi wiped away the tears at the corner of her eyes and started to look around the courtyard. With just a single glance, she completely froze.

Heads!

Several heads densely covered the ground like balls.

And near the heads was a person who had peed his pants and laid slumped on the ground---Bai Chen.

“What...”

The expression on Bai Yi’s beautiful face suddenly turned from surprise to terror. She could feel her stomach churn and she wanted to throw up. “Lin... Lin Fan! What happened? Were you the one who did this?”

Her face was white as sheet as she looked at Lin Fan with a glimpse of horror in her eyes.

She wasn’t the only one!

After hearing what Bai Yi said, Bai Shan, Shen Yumei, Old Master Bai and the people from the high society of Jiang City all turned to look at Lin Fan.

Their expressions were filled with horror and fear; it was as if they were staring in the eyes of the devil.

However, to their surprise, Lin Fan shook his head and said to Bai Yi, “Darling, you know how kind I am. I would never kill anyone! These

people were killed by revenge because they offended the four ultimate grandmasters of Blood Buddha. If you don't believe me, you can ask Young Master Bai Chen!"

*What?! They weren't killed by Lin Fan?*

When everybody in the front yard heard this, all of them were momentarily startled. Then, almost everybody turned to look at Bai Chen who was sitting on the ground.

Seeing that Bai Chen was still dumbfounded, Lin Fan's gaze turned cold as he said, "Young Master Bai Chen, come and testify for me. Did I kill these people?"

His words were simple but to Bai Chen, it sounded so threatening, his body shivered in fear.

With a terrified expression on his face, he denied, "N-no! These people died because the four ultimate grandmasters from the Blood Buddha killed them. Mr. Lin has nothing to do with their deaths!"

*Mr. Lin?*

Hearing this, many people thought that something wasn't right. After all, half an hour ago, Bai Chen despised Lin Fan and even wanted to tear Lin Fan to shreds. However, in just half an hour, Bai Chen, the Young Master of

the Bai Clan of Jiangnan Province, was addressing Lin Fan as 'Mr. Lin'. It was unbelievable.

It wasn't just that. Some people even noticed that Bai Chen had lowered his head as he spoke and he didn't even have the courage to look Lin Fan in the eyes. He looked like a little child who had done something wrong, terrified and helpless.

*What's happening?*

Everybody was extremely confused. No matter how hard they thought about it, they couldn't figure out why the Young Master of the Bai Clan would be so afraid of this live-in son-in-law. It just didn't make any sense.

"Young Master Bai Chen, I'm really sorry for their deaths. My condolences!" Old Master Bai walked up to Bai Chen at this moment and comforted him.

To him and the Bai family, as long as it wasn't Lin Fan who killed these people, they had nothing else to be afraid of because Bai Chen would never let Lin Fan go.

When the rest of the Bai family members heard what Old Master Bai said, they woke up from their daze.

Then, one by one, they comforted Bai Chen.

“Young Master Bai Chen, the Blood Buddha is a ferocious person and we can’t afford to offend him. The only thing we can do is report this to the Bai family and let the matriarch decide!”

“He’s right. Young Master Bai Chen, the most important thing to do now is to decide how to deal with Lin Fan! After all, all of this happened because of him.”

“I agree. We can’t just let him go! If it wasn’t to take revenge on him, we wouldn’t have sent the Third Team of White Angels and Bai San and the others wouldn’t have lost their lives! Since we’re not a match for the Blood Buddha, we can only let Lin Fan pay for these people’s lives!”

Many members of the Bai family spoke one after the other. Almost everybody’s tone was full of strong resentment and anger and they couldn’t wait to pin the blame on Lin Fan. However, they didn’t notice that after hearing what they said, Bai Chen’s pale face slowly turned green. Then, his face turned red before it turned completely green in the end.

“I... I know what to do!” Bai Chen said through gritted teeth.

Hearing this, Old Master Bai and the others let out a sigh of relief. They actually did not care about the death of Bai San the others. Instead, all they cared about was whether the New Bai

Family Group could be annexed and whether everything would be over for Lin Fan.

With that, a look of excitement appeared on Old Master Bai's face as he looked at Bai Chen and asked, "Young Master Bai Chen, may I ask how are you planning to punish this b\*stard?"

One by one, the members of the Bai family looked at Bai Chen with anticipation written on their faces. It was as if they could tell how severe Lin Fan's punishment would be by the look on Bai Chen's face.

Meanwhile, the hearts of Bai Yi, Bai Shan and the others were pounding hard and they hurriedly hid Lin Fan behind them to protect him. They stared at Bai Chen nervously as they waited for his answer.

*How to punish him?*

The corner of Bai Chen's lips twitched and he stole a glance at the devious smile on Lin Fan's face. Then, he bit the bullet and said, "I've decided... the Bai Clan of the Jiangnan Province will give up on annexing the New Bai Family Group. Furthermore, I will give all of the Bai Family Group's industries in Jiang City to the New Bai Family Group for free!"

*W-what?!*

When Bai Chen finished his sentence, the smile

on Old Master Bai and the other members of the Bai family's faces instantly froze. All of them widened their eyes as they stared at Bai Chen in disbelief; they even suspected they were hallucinating.

"Y-young Master Bai Chen, did you make a mistake?"

"You said that you want to give the industries under the Bai family to... the New Bai Family Group for free." At that moment, Old Master Bai was in complete shock and he stared at Bai Chen like he was an idiot.

It wasn't just him! Bai Hai, Bai Chuan and the others who were standing at the side also thought that they were hallucinating.

*Weren't we planning to annex the New Bai Family Group? Only half an hour has passed! Not only is he giving up on the annex, but he's also giving them the Bai Family Group! Only an idiot or a psycho would do something like this!*

"Old man, you are not hallucinating!"

Bai Chen turned to glare at Old Master Bai in resentment as he yelled, "All of this happened because of the Bai family! If all of you didn't persuade and trick me, I would never have come to a rural area like Jiang City!"

"If the Bai family weren't so greedy, the Third

Team of the White Angels would never have died such a painful death!”

“I’m warning you, go and get the transfer contract ready! I order you to give the Bai Family Group to the New Bai Family Group for free! Otherwise, I will make sure that no one in the Bai family lives to see another day!!!”

Bai Chen’s tone was filled with murderous intent.

After he said this, Old Master Bai and the other members of the Bai family were so dumbfounded, they felt as if they had fallen into a dark hole.

*We’re doomed! All of this is really happening!*

Anger, discontent, and many other complicated feelings arose in the members of the Bai family, but nobody dared to say anything to rebuke him.

Because they could tell that Bai Chen was going mad.

He looked like he had gone through something that shook him to his core. If the Bai family didn't transfer the industries to the New Bai Family Group, they would definitely face the consequence that had Bai Chen warned; their whole family would be wiped out.

"Dad! W-what should we do now? Are we really going to give them the Bai Family Group?" At that instant, Bai Chuan was so anxious, he was about to cry.

As for Bai Hai, he was also staring at Old Master Bai pitifully. It was obvious that he had no idea what to do.

"What else can we do?" Old Master Bai mumbled with a bitter smile on his face.

Even though he knew that the Bai family's glorious era had come to an end, he couldn't figure out how Lin Fan had done it.

In just thirty minutes, not only did he kill fourteen people, but he had also scared the almighty Young Master Bai Chen so badly, Bai Chen chose to give up the Bai family. It was like the work of the devil.

"Bring out the Bai Family Group's transfer contract and hand it to Bai Yi for her to sign!"

After he finished speaking, Old Master Bai suddenly felt his world spin and he fell to the ground on his butt, looking extremely pale.

Meanwhile, Bai Hai, Bai Chuan, Bai Yan and the others were completely at a loss.

At that moment, they couldn't help but recall Lin Fan's words.

*"Prepare the Bai Family Group's transfer contract!"*

Back then, everybody thought that Lin Fan's words were just a joke. However, they never thought that his words would come true. This man was the devil incarnate.

All of a sudden, a cold chill ran down the Bai family members' spine and the fear they felt toward Lin Fan reached an extreme level.

It wasn't just them! Bai Yi and her family who benefited the most out of the situation thought they were daydreaming as well.

"Are they really going to give up the Bai Family Group?"

Bai Shan pinched his thighs and when he felt a sharp pain, he was completely dumbfounded.

As for Bai Yi, she turned to look at her husband in shock.

She suddenly realized that Lin Fan was becoming more and more of a stranger. Every time they were in a difficult situation, she already had high expectations of Lin Fan's abilities but she realized that he would always manage to exceed her expectations in the end.

This man was like a god that could create stunning miracles again and again.

"M-miss Bai Yi, please sign here!"

At the moment, a higher up of the Bai family handed Bai Yi the contract with a grim face.

Seeing this, Bai Yi bit the bullet and nodded before she signed her name on the contract.

It was then that the Bai Family Group completely belonged to Bai Yi and Lin Fan.

As for the New Bai Family Group, it had now become a group with terrifying and powerful strength in Jiang City.

The guests from the high society of Jiang City that was on site watched the whole process and it shocked them greatly. They saw with their own eyes as the Bai Family Group, a group that was about to become a strong conglomerate and a group that was supported by the Bai family, one of the Four Greatest Hidden Prominent Families of Jiangnan Province, completely fell into other people's

hands.

And they even watched as the new and precarious New Bai Family Group that was about to fall suddenly rose to the sky.

All of a sudden, it was as if the high socialites of Jiang City had gone insane as they rushed toward Bai Yi and Lin Fan.

“Mr. Lin, I’m the chairman of Fengda Group, Li Fengda! Can I invite you to a meal?”

“Miss Bai, I’m Li Yao from Le Si Group. This is my business card. It’s a pleasure to meet you!”

“Mr. Bai Shan...”

At that moment, in everybody’s eyes, Lin Fan and his family were like shining treasures.

A crowd of high socialites of Jiang City surrounded Lin Fan and his family as if they were worshipping them as they left the Bai family’s courtyard.

With that, only the depressed and defeated members of the Bai family were left in the courtyard.

“Why is this happening?! Is the Bai family completely doomed?”

“Oh, no! My money, my shares! The Bai Family

Group was supposed to be on the path to success! How could we let the New Bai Family Group take that away from us?!”

“F\*ck! It’s all your fault! If you didn’t kick Lin Fan and Bai Yi out of the Bai family, the Bai family would’ve been successful a long time ago, and we would never be where we are now!”

At that instant, sounds of quarrel, wailing and fighting filled the courtyard of the Bai family house.

Every higher up of the Bai family had completely lost their minds and they vented their dissatisfaction and regretted their past decisions.

With that, the Bai family courtyard became chaotic like a vegetable market.

When Old Master Bai saw this, he seemed to have suddenly aged by a dozen years. His body began to hunch over and he emitted a smell of a rotten corpse.

“Was I wrong? If I had let Bai Yi lead the Bai family, if I hadn’t targeted Lin Fan... There are so many ifs...” Old Master Bai mumbled regrettably.

Suddenly, he felt something in his throat. Then, he vomited a mouthful of blood and fainted.

The next day, the news shocked all the citizens of Jiang City.

'The Bai Family Group has fallen and the New Bai Family Group has taken its place and become king!'

The second the news got out, the jaws of every citizen in Jiang City dropped.

The Bai Family Group that had a powerful history had risen at an unbelievable speed in the past year, especially after they received support from the Bai Clan of Jiangnan Province. They had become the new major conglomerate of the generation.

In contrast, even though the New Bai Family Group had the support of the conglomerates in Jiangnan Province, everybody knew that they had offended one of the Four Greatest Hidden Prominent Families of Jiangnan Province and were in a situation that would turn their company bankrupt at any time.

However, to everybody's disbelief, the Bai Family Group that everybody thought would succeed had fallen and the New Bai Family Group had annexed the Bai Family Group like a giant swallowing a fat piece of meat. They were now the most powerful conglomerate in Jiang City.

Furthermore, conglomerates of the Jiangnan

Province like Golden Age Group, Lanshan Group and Tian Group, were all backing the New Bai Family Group. It could be said that the New Bai Family Group's dominance had become a certainty.

The shocking news didn't end there! The destruction of all the members of the Third Team of White Angels was like a mystery that shrouded the minds of the citizens of Jiang City.

After all, the Third Team of White Angels were made out of twelve grandmasters. In just a few hours, they were completely wiped out and not a single member survived. The person who did it even scared Young Master Bai Chen so much, he peed his pants. This news stunned everyone, especially when everyone noticed a major detail.

It seemed that all of this had something to do with the Bai family's famous live-in son-in-law, Lin Fan.

Moreover, somebody who was on site had exposed that the Divine Doctor Zhang Tianyi and his apprentice were respectful and polite to Lin Fan. Even Young Master Bai Chen, who despised Lin Fan at first, suddenly trembled in the presence of Lin Fan after half an hour.

When this news got out, Lin Fan's name was mentioned all over Jiang City and everybody

started to guess his secret identity.

Some people suspected that he had strong connections with the four ultimate grandmasters and he had asked one of the ultimate grandmasters to help him get out of the difficult situation.

Some even thought that Lin Fan was an apprentice of the four ultimate grandmasters based on how strong Lin Fan's abilities were.

Nobody knew what had really happened but Lin Fan's name was spread all over Jiang City and like a shining comet, he became the center of attention.

However, there was something else that the citizens of Jiang City didn't know.

At noon the next day, Young Master Bai Chen had already left the Bai family house and under the escort of Bai Yan, Bai Yifan, Bai Hai and the others, he safely arrived at Jiangnan City.

In the southern suburbs of Jiangnan City, there was a huge Soviet-style garden. It was where one of the Four Greatest Hidden Prominent Families of Jiangnan Province---the Bai Mansion, was located.

Bai Chen had been silent ever since he entered the mansion and even after he was criticized, scolded and accused by the other members of the family.

He only said one sentence. "I want to see the matriarch!"

The matriarch was the master of the Bai family.

Usually, even higher ups of the Bai family rarely got the chance to see the matriarch, let alone Bai Chen, a common child of the direct line of descent.

However, after hearing that all the members of the Third Team of White Angels were wiped out and Bai Chen had failed and returned home in embarrassment, the matriarch of the Bai family asked to see Bai Chen.

In a peaceful and quiet living room in the backyard, Bai Chen knelt and prostrated on the ground like a child who had done something wrong. His body was still trembling uncontrollably.

Gentle footsteps could be heard coming from a room in the living room. The person who walked out of the room was a beautiful and charming woman in her forties.

She was the matriarch of the Bai Clan of Jiangnan Province---Zheng Honglian.

She was a legendary woman.

According to rumors, back when she joined the Bai family, the Bai Clan of the Jiangnan Province had been slowly flailing and they were way weaker than the Ye family, Huangfu family and the Sima family. They had even almost faced the danger of being excluded from being one of the Four Greatest Hidden Prominent Families of Jiangnan Province.

However, after Zheng Honglian took control, she founded the White Angels and consolidated the foundation of the Bai Clan.

Then, she carried out a drastic business reform and created a business kingdom that belonged solely to the Bai family.

With the strength from the White Angels and her successful business kingdom, the status of the Bai Family Group slowly rose and they even almost had the qualifications to fight to be the top of the Four Greatest Hidden Prominent Families of Jiangnan Province.

However, for the past few years, Zheng Honglian hadn't been feeling well so the development of the Bai Family Group was forced to come to a stop. At first, Zheng Honglian thought that annexing the New Bai Family Group might revive the Bai family again but she never thought that she would suffer a double loss.

The moment she sat down, Zheng Honglian

started coughing profusely.

There was a sickly blush on her charming face and with her sharp eyes, she glanced at Bai Chen on the ground and sneered, "Bai Chen, do you know what you are guilty of?"

Her one sentence was enough to send shivers down Bai Chen's spine and in a trembling voice, he quickly replied, "M-Matriarch, I know my sins and I know that I can't be forgiven!"

"Tell me!" Zheng Honglian narrowed her eyes and coldly asked, "Why did you fail to annex the New Bai Family Group? And why were Bai San and the other thirteen grandmasters wiped out?"

Hearing this, Bai Chen hurriedly told the matriarch everything that had happened in Jiang City in detail.

When Zheng Honglian heard that Lin Fan was the King of Blood Prison, she got up from her chair abruptly.

Her face that was white as sheet suddenly turned red. She asked in disbelief, "Bai Chen, are you sure that Lin Fan is the King of Blood Prison?"

She was in shock because this was the King of Blood Prison they were talking about.

Zheng Honglian had always paid attention to the international news. Whenever the King of Blood Prison was mentioned in the news, she would shudder in complete fear.

The King of Blood Prison had created the Blood Prison all by himself and had easily built the Global Group, the biggest conglomerate in the world! He was a supreme force!

To Zheng Honglian, the King of Blood Prison was a god.

She never thought that this horrifying, powerful man would be hidden in Jiang City. Furthermore, he was hidden in a small branch of the Bai family.

“Matriarch, it’s true! From what I know, the Blood Buddha used to be a member of Blood Prison and he always greeted Lin Fan as his king!”

“Furthermore, from my investigation, Divine Doctor Lin and Grandmaster Lin that have been appearing in Jiang City lately are all the same person—which is Lin Fan, also known as the King of Blood Prison!”

“Only he would have such a terrifying power!”

When Bai Chen finished his sentence, beads of sweat immediately rolled down Zheng Honglian’s forehead.

*That was a close call! Fortunately, Bai Chen managed to find out Lin Fan's real identity, Otherwise, if I continued to send out White Angels to seek revenge for the Third Team, the Bai family would probably... perish.*

With that, Zheng Honglian slumped in her chair and her sweat had completely soaked through her shirt.

“Bai Chen! You have done nothing wrong! On the contrary, you deserve credit! You have done something that helped the Bai family!”

Hearing this, Bai Chen's prostrate figure trembled fiercely and he was extremely happy.

“Thank you, matriarch!”

However, Zheng Honglian waved her hand and curiously asked, “Does anyone else know about Lin Fan's true identity other than you?”

“Matriarch, only Lin Fan's terrifying subordinates know about his identity. Other than them, only I know about it!” Bai Chen replied respectfully.

“One more thing, I think even Bai Yi and her family don't know Lin Fan's true identity.”

A glint of hope appeared in Zheng Honglian's eyes.

*He's hiding his identity?*

“Great! Amazing! In this case, it means that the King of Blood Prison has been hiding his identity and only you and me know about this! You are not allowed to tell anybody else about Mr. Lin’s true identity!”

“One more thing, cancel all actions against the New Bai Family Group and Mr. Lin!”

Zheng Honglian was extremely determined. “In addition, I’ll make an exception this time and promote you to be the third in line to the inheritance! In the future, as long as Mr. Lin appears in Jiangnan City, you must find a way to apologize to him at all costs and beg for his forgiveness. Then, you have to build a strong relationship with him! Do you understand?”

Hearing this, Bai Chen almost burst into tears of joy.

*The third in line to the inheritance!*

There were more than a hundred children under the Bai family’s direct line of descent and he was only one of them.

He didn’t expect that he would be exceptionally promoted because of Lin Fan.

At that moment, Bai Chen felt extremely grateful toward Lin Fan and he admired him

greatly.

He immediately kow-towed hard and said, "Matriarch, you can rest assured! As long as Mr. Lin appears in Jiangnan City, I'll become friends with him even if I have to risk my life!"

After Zheng Honglian heard what he said, a satisfied smile appeared on her face.

Her beautiful eyes turned to look out of the living room in the direction of Jiang City as she said, "Perhaps, Mr. Lin is the true savior of the Bai family! Only he can help the Bai family soar to success!"
