

Lin Fan didn't know anything that was happening in the Bai Clan of Jiangnan Province.

But now, the entire family was shocked by a piece of bad news.

When Old Master Shen was negotiating a business deal with a group in Jiangnan City, he was hit brutally to the point of being severely injured and was on the brink of death.

When this news reached them, Shen Yumei almost fainted on the spot due to shock.

Bai Shan and Bai Yi were anxious too.

Although the Shen family always looked down upon them in the usual days, Old Master Shen was still Shen Yumei's father and Bai Yi's grandfather.

Blood was thicker than water after all.

The rich dandy who injured Old Master Shen even boldly demanded that the most beautiful President of Jiang City, Bai Yi, bring 10 million to him as an apology, and only then would he let Old Master Shen and the Shen family off.

Otherwise, they could expect Old Master Shen's corpse.

When Shen Jian told them this news through

the phone, not only Bai Yi and her family were angry, but Lin Fan was also boiling with rage.

He didn't expect that someone in Jiangnan would be that reckless to mess with his wife.

In Jiang City Airport, Bai Yi and her family members were about to board the plane.

In this trip to Jiangnan, other than visiting Old Master Shen, the New Bai Family Group would also be establishing a new branch in the provincial capital of Jiangnan City.

However, they were quite helpless toward Lin Fan coming with them.

“Lin Fan, are you sure that it's fine? You've just offended the Bai Clan of Jiangnan Province. If they know that you're in Jiangnan City, they won't let you go easily. By that time, you'll be in danger!”

Bai Yi looked at Lin Fan with concern.

Although they had successfully gobbled up Bai Family Group, they had also inevitably damaged the interest of the Bai Clan of Jiangnan Province, especially Young Master Bai Chen.

Lin Fan was the culprit that had caused Bai Chen's failure in both of his tasks when he was about to succeed.

In addition, to Bai Yi's family, other than the fact that Lin Fan might be Divine Doctor Lin, he was able to succeed and escape the danger previously only because of sheer luck. He had bumped into the four ultimate Grandmasters of Blood Buddha who wiped out the Third Team of the White Angels.

Otherwise, Lin Fan's fate would have been sealed.

Therefore, he was putting himself in danger if he went to Jiangnan.

Not only Bai Yi, but Bai Shan and Shen Yumei beside her were also full of worries while they advised him. "Fan, you really don't have to go this time. We're just going to negotiate with them, not fight!"

"Exactly. If the Bai Clan of Jiangnan Province knows your whereabouts, that guy definitely won't let you off judging from his vicious character!"

Bai Yi and her parents were extremely worried for Lin Fan.

However, Lin Fan couldn't help but smile banteringly when he heard their advice. "Darling, Dad and Mom, don't worry. I believe that as long as the Bai Clan of Jiangnan Province isn't stupid, they won't dare to harm me!"

What?!

Upon hearing Lin Fan's overconfident promise, Bai Yi and the two others were completely speechless.

Realizing that they couldn't convince Lin Fan, they had no choice but to bring him along and boarded the plane to Jiangnan.

In the first-class cabin, Bai Yi and the family found their seats and settled down.

Suddenly, a surprised male voice rang from a first-class seat beside them. "Are you... Bai Yi?"

Huh?

Upon hearing that, Bai Yi was stunned for a second before looking to the side. Then, she saw a handsome young man in a suit and leather shoes sitting on that first-class seat.

"You're... Chang Yuan?" Bai Yu was pleasantly surprised and she asked in astonishment.

"Hahaha! I'm surprised that the goddess still remembers me even after graduating for so many years." The young man named Chang Yuan smiled brightly, looking extremely delighted.

Bai Yi was also unusually elated and she told Lin Fan and her parents, "Lin Fan, Dad and

Mom, this is Chang Yuan, the president of the student union when I was in university! He used to be really popular and even started Chang Group before he graduated. In addition, he was elected as one of the top ten young entrepreneurs in Jiangnan last year!”

Bai Yi sounded envious when she said that.

After hearing her commendations, Chang Yuan felt even happier. He didn't expect that Bai Yi, the prettiest girl in the university back then, would pay attention to news about him and was even aware that he had been elected as one of the top ten young entrepreneurs last year.

Therefore, he quickly stood up and shook hands with Bai Shan and Shen Yumei. “Mr. and Mrs. Bai, nice to meet you! You can call me Chang.”

After that, Chang Yuan couldn't help but give an affectionate glance at Bai Yi before continuing, “During my studies, I was Bai Yi's loyal admirer. I had pursued her love for two years but she rejected me in the end! Otherwise, we would already be a family by now. Hahaha...”

Chang Yuan was half joking but anyone could sense the ingratiation and affection he had for Bai Yi in his words.

However, Bai Yi and her parents looked

awkward when they heard that.

It was obvious that they were taken aback by Chang Yuan's directness. He had straightforwardly confessed that he had pursued Bai Yi's love in the past.

At that moment, Bai Yi and the family couldn't help but peek at Lin Fan.

It was only when they realized that Lin Fan was smiling faintly all this while and there was no sign of anger on his face did they let out a long breath of relief.

Huh?

Chang Yuan had noticed Bai Yi and the family's reaction too.

Therefore, he couldn't help but glance at Lin Fan and frowned while he asked, "May I know who this is?"

"He is my husband, Lin Fan!" Bai Yi smiled and went up to Lin Fan to hold his arm.

Her intimate action made a crack in Chang Yuan's expression. In his eyes, intense jealousy could be found. "Lin Fan is it? I've heard your name. You're extremely famous in Jiang City!"

Famous?

Chang Yuan's smile was dripping with contempt.

What he meant by famous was Lin Fan's reputation of a useless live-in son-in-law.

Not only that.

Before Lin Fan could say anything, Chang Yuan directly ignored him and asked Bai Yi and the family instead, "Bai Yi, are you and your family going to Jiangnan City for business?"

Chang Yuan acted enthusiastically.

In his eyes, Lin Fan was just a stranger who wasn't even qualified to have a single word with him.

Upon hearing his question, Shen Yumei didn't try to hide anything and replied with a sigh, "We're going to visit Bai Yi's grandfather. He was unexpectedly hit brutally by a rich dandy when he went to Jiangnan City for business negotiations and almost lost his life!"

What?

That information instantly made Chang Yuan's eyes sparkle. He patted his chest and promised excitedly, "Mr. and Mrs. Bai, don't worry. You can count on me. Jiangnan City is my territory and all the rich dandies have to respect me! By that time, I'll make that brat kowtow and

apologize to Old Master!”

What?!

Bai Yi and the family were stunned by Chang Yuan's words because they were astounded that he had such great ability.

"Chang Yuan, I heard that the rich dandy's family is powerful. Can you really make him surrender?" Bai Yi was looking at Chang Yuan with expectant eyes now.

If she was not mistaken, Chang Yuan was the only one who was leading a successful life now among her university classmates.

Not only Bai Yi, but Bai Shan and Shen Yumei also looked expectant.

Looking at their expectant eyes, Chang Yuan's smile became even brighter.

"Hahaha... Bai Yi, you underestimate me! Let me tell you. In Jiangnan City, almost all the rich and powerful families have some kind of connection with me. At the very least, I know all those rich dandies. Don't worry. When we reach the city, I'll go to the hospital with you and I'll definitely make that rich dandy pay!"

Chang Yuan was full of confidence.

Upon hearing his words, Bai Yi and the family were overjoyed and they began to chat with him passionately.

However, they didn't notice that a beep indicating that a message was received had sounded from Lin Fan.

When Lin Fan turned on the Devil Phone to check, he immediately saw a message. 'Lin Zuo, the blockade of Jiangnan City Airport is completed. The two terrific martial artists, Dragon and Tiger, have assembled Dragon Tiger Second Legion.'

'Jiangnan number one, Liu Zhen; richest person in Jiangnan, Ma Yong; the top eight conglomerates including Golden Age Group, Lanshan Group, and Tian Group are respectfully waiting for your presence, Lin Zuo.'

This message seemed normal but if someone saw the content, that person's eyes would surely pop out of his head.

In China, there were four great generals and eight great martial artists.

Commander Dragon and Commander Tiger were the two terrific martial artists who defended the east of China.

Who would have imagined that these two terrific martial artists would both be present and lead the most elite Dragon and Tiger Second Legion to blockade the entire Jiangnan City Airport while quietly waiting for his arrival?

Not to mention that the number one, Liu Zhen, the richest person, Ma Yong, and the top eight conglomerates were respectfully waiting too.

If this news spread to the public, it would definitely shake up the whole Jiangnan.

But now, Lin Fan only calmly glanced at this message before directly keeping the phone.

Soon, the plane took off after they settled down in their seats.

However, Chang Yuan had his attention on Bai Yi the whole time and continuously struck up a conversation with her.

When he realized that Bai Yi was starting to be annoyed, he averted his gaze and finally locked his eyes on Lin Fan.

“Lin Fan, I heard that you offended the Bai Clan of Jiangnan Province previously?”

What?

His words instantly caused a change in expression on Bai Yi and the family's faces.

They knew that the news of Lin Fan offending Bai Chen previously had spread widely.

But they didn't expect that even Chang Yuan would hear about it too.

“Yuan, you’re a local in Jiangnan so you must be very familiar with the Bai Clan of Jiangnan Province. Do you think that the Bai Clan will come after Lin Fan?” Bai Yi’s pretty face was ghastly pale.

Lin Fan’s safety was her utmost concern.

Even Bai Shan and Shen Yumei, who were at the side, looked at Chang Yuan simultaneously, looking similarly nervous.

“Sigh...”

Chang Yuan pretended to be profound and shook his head. Then, he gave a sorrowful glance at Lin Fan as if he was looking at a dead person.

“Bai Yi, you don’t know how unreasonable the Four Greatest Hidden Prominent Families Of Jiangnan Province are. Although the Bai family has begun to go into abjection, they are still not one to be messed with!”

“Death and harm will fall upon anyone who messes with or objects to the White Angels. Besides, I heard that the Third Team of the White Angels was completely wiped out this time. Therefore, the Bai family will definitely pin the blame on Lin Fan!”

He was right!

Upon hearing Chang Yuan's words, sweat covered the foreheads of Bai Yi and the family and they were pale with fear.

Not only that.

"Other than White Angels, the Bai family has terrifying connections with the military, politicians and business tycoons."

Chang Yuan added solemnly, "The Three-Starred General, Bai Hu, is invincible with his 10 thousand army guarding the East China Sea."

"And the Four-Starred Boss has the political circle under his command."

"It could be said that if Lin Fan goes to Jiangnan, he will be in a perilous position. Once the Bai family has its target on him, he will absolutely be doomed."

Chang Yuan's words were like thunder to Bai Yi and the family's ears, causing them to black out for a second as they almost fainted out of fear.

W-what should they do?

Bai Yi glared at Lin Fan to reprimand him.

She had told him not to follow them but he had insisted on bringing death upon himself. He was definitely digging his own grave!

"Chang Yuan, can you save my husband? He can't die. Definitely not!"

Bai Yi implored Chang Yuan with her eyes.

At the side, Shen Yumei and Bai Shan seemed to have taken Chang Yuan as the only hope to save Lin Fan too.

"I can only try my best to help!"

Chang Yuan nodded calmly and looked like he was deep in thought.

"But the outcome can only depend on Lin Fan's fate."

After that, Chang Yuan turned to look at Lin Fan again. Yet, his eyes were full of pity, disdain and contempt.

As if in his eyes, Lin Fan was a dying nonentity which aroused his joy and excitement.

However, he didn't notice that although Lin Fan didn't say a word, his expression was rather unusual. He was looking at Chang Yuan like he was an idiot.

Time slowly passed by while Bai Yi and her family worried.

After an hour, the plane started to land and it entered the area of Jiangnan City.

When the plane stopped on the airport apron, only then did Lin Fan speak to Bai Yi and her family, "Dad, Mom and darling, I'll be going to settle things for grandfather and I'll meet you at the hospital after that."

What?!

Settle things for grandfather?

Upon hearing that, Bai Yi, Bai Shan and Shen Yumei were all stunned.

They couldn't understand how Lin Fan could settle Old Master Shen's matter.

Especially when he couldn't even guarantee his own safety.

This was just...

"Lin Fan, what are you trying to do?" Bai Yi was puzzled so she asked.

Upon hearing that, Lin Fan couldn't help but tousle Bai Yi's hair before gently replying, "Darling, the rich dandy who hit grandfather is obviously from a powerful family. I need to deal with them and make them kowtow to grandfather at the hospital as an apology."

What?!

Not only Bai Yi and the family were stunned at

Lin Fan's words, but also Chang Yuan who was at the side.

"Hahahaha!"

When Chang Yuan came back to his senses, he instantly burst into laughter. Rocking back and forth in laughter, he pointed at Lin Fan while he taunted, "Lin Fan, I realize that you're truly an amusing person! You're now the enemy of the Bai Clan in Jiangnan Province. You can't even guarantee your life yet you're still boasting!"

After that, the contempt in Chang Yuan's eyes grew even more intense. As if he saw through Lin Fan, he smiled and said, "I think you're just afraid that you'll be found by the Bai family so you want to part ways with us. I know that you're afraid but I can't believe that you actually came up with such a ridiculous excuse!"

What?

He was afraid of the Bai family so he wanted to part ways?

Hearing Chang Yuan's explanation, Bai Yi and the family were convinced too and they nodded inwardly.

After all, in their eyes, Lin Fan was a complete stranger in Jiangnan City so how could he settle Old Master Shen's problem?

That was an absolutely absurd excuse.

Thinking of that, Bai Yi and the family were quite disappointed with Lin Fan.

"Lin Fan, you shall go. You'll be in extreme danger if you stay with us!" Bai Yi firmly believed that Lin Fan was going to hide from the Bai family's murder pursue so she said with concern, "Your safety is the most important thing. We'll be waiting for you at the hospital."

Upon hearing that, Lin Fan's lips couldn't help

but twitch.

Obviously, he could see the disappointment on Bai Yi and the family's faces but he didn't bother to speak for himself.

Therefore, he just nodded at Bai Yi before taking his leave and walked toward the plane exit.

After Lin Fan left, Bai Yi said to Bai Shan and Shen Yumei with mixed feelings, "Dad, Mom, let's go."

After that, all three of them headed toward the plane exit.

Upon seeing that, Chang Yuan, who was at the side, knew that this was his opportunity so he said to Bai Yi in a consoling tone, "Bai Yi, you don't have to be disappointed. After all, it's human nature to be afraid of death. Besides, other than being afraid of death and boastful, Lin Fan seems like a nice guy."

Although Chang Yuan was consoling her, his words were full of despise and suppression toward Lin Fan.

He even labeled Lin Fan as someone who was afraid to die and loved to boast.

Upon hearing that, Bai Yi wanted to say something.

But before she could say anything, she heard a hubbub near the plane exit. The air stewardesses were gathered around and engaged in a discussion.

“Oh god, our flight is so lucky! All the flights in Jiangnan City are stopped now just to welcome Lin Zuo!”

“Exactly. I even heard that there are a total of ten thousand soldiers surrounding the whole airport and all routes to the airport are completely blocked. Not even a fly can pass through!”

“That’s because Lin Zuo is one of the four great generals! I also heard that even the two great martial artists, Commander Dragon and Commander Tiger, have led Dragon Tiger Second Legion to respectfully wait for his arrival!”

“Sigh. If I knew a prominent figure like him, I would have no regrets in my life!”

Exclamations and gasps could be heard unceasingly.

When Bai Yi and the others heard those words, they were completely shaken.

“L-Lin Zuo?”

Bai Yi’s body was even shuddering.

He was one of the most prestigious and powerful figures in China's military. He was said to have the most mysterious past and he had never appeared in front of the public before, which added to his mystical and legendary charm.

Not only Bai Yi.

At the side, even Chang Yuan's face was flushed red in excitement.

"Oh god. It's so surprising that a prominent figure like Lin Zuo would come to Jiangnan!"

"I heard that the two great martial artists, Commander Dragon and Commander Tiger, were trained by Lin Zuo in the past. Now, these two great martial artists have come to pay homage to him, so it seems like the legend is true!"

What?!

Upon hearing Chang Yuan's words, Bai Yi and the family were shocked as well.

Commander Dragon and Commander Tiger!

These two terrific martial artists of China were trained by Lin Zuo?

T-that was just unbelievable! It must be beyond imagination how terrifying Lin Zuo was.

“Alright. Dear passengers, please don’t rush to leave the airport after you disembark the plane.”

“The airport is now blocked. Everyone can wait patiently at the airport hall!”

“Once Lin Zuo leaves, the airport will be open again. By that time, everyone can leave!” an air stewardess shouted at this moment.

Upon hearing her, all the travelers naturally had no comment. All of them impatiently disembarked the plane and rushed to the airport hall.

They couldn’t wait to see the face of the mysterious Lin Zuo.

Not only the others, even Bai Yi and the family as well as Chang Yuan followed everyone to the hall.

When they arrived at the hall, they saw that the hall was already cordoned off.

Countless mighty soldiers armed with real guns were standing upright while scanning every inch of the place with their eyes.

It seemed like any existence that might pose a threat to Lin Zuo would be eliminated on the spot.

Not only that!

Everyone also noticed that a parade of Rolls-Royce and green army vehicles had stopped at the hall entrance.

In front of these cars stood those shocking and terrifying bosses.

“Oh my god! That’s the richest person, Ma Yong. He’s standing behind the crowd. How unbelievable!”

“And those bosses, they are the tycoons of Golden Age Group, Lanshan Group, Tian Group and the other conglomerates respectively! They are also standing behind the crowd.”

“Even the number one, Liu Zhen, is here, and the people behind him are all great tycoons of Jiangnan City!”

“Look! Are the two tough guys at the front who are wearing military uniform Commander Dragon and Commander Tiger? Oh god, they are so strong! Even with almost 100 meters of distance between us, I can sense the terrifying aura from the two great martial artists.”

At this moment, the crowd of onlooking travelers were in an uproar. Their faces were filled with great shock and respect.

Commander Dragon!

Commander Tiger!

The two terrific martial artists.

By only looking from afar, everyone could sense the indescribable frightening aura from the two terrific martial artists. They were like two terrifying beasts from hell which had walked through mountains of corpses and oceans of blood before making it to the human world.

No one could imagine just how terrifying Lin Zuo was to be able to make Commander Dragon and Commander Tiger lead ten thousands of their soldiers to respectfully wait for his arrival.

That was absolutely shocking.

“Sigh... I don’t understand why all the honorable figures share the surname Lin nowadays!” Bai Shan lamented.

What?

His words made Bai Yi, who was beside him, stunned.

Indeed!

In the past few months, prominent figures with the surname Lin kept appearing.

The mysterious Mr. Lin who first appeared in Jiang City was able to make Liu Zhen and the others pay homage to him and invited him with great ceremony.

After that, there were Divine Doctor Lin, Grandmaster Lin, and now—Lin Zuo!

The four mysterious prominent figures Bai Yi knew all had the surname 'Lin'. It was far too unbelievable even if it was just a coincidence.

“Where is Lin Fan?”

For some reason, Lin Fan's figure suddenly appeared in Bai Yi's mind.

Although her husband, Lin Fan, wasn't a prominent figure, there was somehow a layer of mysterious veil over him from the beginning to end.

That instilled a doubt in Bai Yi that he might actually be the real hidden boss!

Otherwise, how was he able to create miracles every time?

"Sigh... It seems like I'm having fantasies again."

A bitter smile appeared on Bai Yi's face while she shook her head, trying to set aside those ridiculous thoughts.

Right at this moment, the sound of army boots hitting the floor came from the entrance of the hall.

Everyone saw numerous fully-armed soldiers with muscular builds rush into the hall with a gun in their hand and they lined up, forming two long human walls.

Between the human walls was a path.

Upon seeing that, everyone in the hall was invigorated.

"Look! Lin Zuo must be arriving soon."

At that moment, the entire hall simmered with excitement.

There was even an excited traveler who couldn't help but blush in excitement and he raised his arms as he shouted, "Lin Zuo!"

That shout seemed to have ignited everyone's enthusiasm. The next second, all the travelers stood up, raised their arms and cheered loudly. "Lin Zuo!"

"Lin Zuo!!"

The uniform cheering reverberated around the hall and it was deafening.

'Lin Zuo'. These two simple words seemed to have become the belief of all the travelers here, making them simmer with enthusiasm and overwhelmed with emotions.

Even Bai Yi and the family as well as Chang Yuan were affected by that acclamation. Similarly, they shuddered in excitement and cheered with raised arms.

Thud!

Just when the acclamation was at its peak, footsteps could be heard again.

Then, everyone saw a man in a black coat walking out surrounded by countless soldiers.

The second the man in black coat stepped into the airport hall, everyone could clearly sense the drastic decrease in the temperature of the entire hall which made them shudder out of reflex.

Gloomy and cold!

Terrifying!

A tinge of terrifying aura infiltrated the hall, sending chills down everyone's spine.

"I-Is he Lin Zuo?"

Everyone had their eyes on the man in the black coat.

When they saw that all the muscular soldiers bowed to him and saluted him wherever he went, the entire hall burst into even louder acclamations, and the name of Lin Zuo could shake the sky and earth.

As if he was their idol, every single person in the airport was flushed red in excitement.

However, unlike everyone else, when Bai Yi and the family as well as Chang Yuan saw Lin Zuo in a black coat, they were stunned and doubted if their eyesight was blurred.

"B-Bai Yi, look at Lin Zuo's side profile and his figure. Don't you think he looks like your

husband, Lin Fan?"

Chang Yuan was completely stupefied.

The second he saw Lin Zuo's figure and his side profile, he almost thought that he was Lin Fan, just that he had changed his clothes.

It almost made him pee himself in fear.

At the side, Bai Yi, Bai Shan and Shen Yumei were all stunned too.

They looked so alike!

In their eyes, Lin Zuo's figure and face from the side looked exactly like Lin Fan. If it weren't for the coat and army boots, they would even think that Lin Fan was actually Lin Zuo.

"Lin Fan seems to look like many of the prominent figures!"

A bitter smile appeared on Bai Yi's face.

In her mind, the first thing she had done was dismiss the thought that Lin Fan was Lin Zuo.

After all, although they looked alike, Lin Zuo was one of the four commanders of China and had the highest rank in the military.

With just one command, millions of mighty soldiers would sweep the world.

Even if he was compared on an international level, he was an outstanding boss.

What about Lin Fan?

He was just a house husband who did the laundry, bought groceries, cleaned and cooked every day. They were worlds apart so how could they be the same person?

Besides, before this, Bai Yi already knew that Lin Fan looked similar to Divine Doctor Lin and Grandmaster Lin through videos on the internet.

But that was all.

Bai Shan and Shen Yumei shook their heads too.

They wouldn't believe that Lin Fan was Lin Zuo even if they were beaten to death.

Right at this moment, under everyone's shocking and excited gaze, that man in the black coat was already at the entrance.

At that instant, excitement overtook Commander Dragon and Commander Tiger's faces.

Immediately, they led the number one, Liu Zhen, the richest person, Ma Yong, and the top eight conglomerates to bow to Lin Fan.

“Welcome, Lin Zuo!!”

“Welcome, Lin Zuo!!”

Hearing this deafening shout, everybody in the airport hall boiled with excitement once again.

Lin Zuo!

This name seemed to hold a magical power, causing everyone to shudder namelessly.

Not only that.

When Bai Yi and the others saw the huge bowing crowd of big bosses, she felt goosebumps all over her body.

The two terrific martial artists!

The number one, the richest person, and the top eight conglomerates!

Almost each of them could shake the entire Jiangnan with a single move. But now, they were bowing to and saluting one person, piously worshipping him. This scene was beyond shocking.

Not only that.

After everyone paid homage to the man, everyone noticed that the two bosses who were standing at the front of the crowd,

Commander Dragon and Commander Tiger, had teary eyes.

They stared straight at Lin Zuo, who was wearing a coat, as if they were looking at their family.

Thump!

Simultaneously, the two terrific martial artists kneeled on one knee and put their right hand over their heart.

“I, Blood Dragon, welcome my Lord!”

“I, Blood Tiger, welcome my Lord!”

After two deafening shouts, everyone in the hall felt their hair stand on end.

My Lord?

Oh my god. If this man in black coat was Lin Zuo of China, they felt it reasonable that everyone was bowing to him and saluting him.

But now, the two terrific martial artists of China were kneeling on one knee with a hand over their heart while respectfully addressing him as a Lord!

That was too shocking!

“B-Blood Dragon... Blood Dragon! Their names

have the word 'blood'. Could it be that they come from that mysterious yet terrifying Blood Prison?"

In the crowd, when Chang Yuan witnessed that scene, he was completely dumbfounded.

The word 'Blood' was in their names.

Among the forces he knew, the most famous was Blood Prison.

If Commander Dragon and Commander Tiger came from Blood Prison, did that mean that the real identity of Lin Zuo was the King of Blood prison since they addressed him as Lord?

When that thought hit Chang Yuan, he almost plopped down onto the floor in fear.

"T-That's too terrifying. So that's it!"

"If the two terrific martial artists of China are only two mere members of Blood Prison, how horrifying is the King of Blood Prison, and how strong are the other members of Blood Prison?!"

Looking as if he had just seen a ghost, Chang Yuan was too afraid to continue his train of thoughts.

At the side, Bai Yi and the family looked at Chang Yuan in perplexity while asking, "Chang Yuan, are you okay?"

Looking at Chang Yuan, Bai Yi and the others were in disbelief. What could have made him so afraid?

Upon hearing her question, Chang Yuan took a deep breath and replied Bai Yi with an awkward smile, "I-I'm fine. I was just too shocked to see how alike Lin Zuo and your husband, Lin Fan, are. Therefore, I forgot my manners."

Lin Fan?

Hearing Lin Fan's name from Chang Yuan, Bai Yi couldn't help but look sullen.

Indeed.

Her husband and Lin Zuo looked so alike.

But they were worlds apart.

Lin Zuo was respectfully addressed as 'My Lord' by the two terrific martial artists.

But what about Lin Fan?

Thinking of that, Bai Yi couldn't help but shake her head in bitterness without saying anything else.

Looking at Bai Yi's expression, Chang Yuan knew what she was thinking so he quickly added fuel to the fire by saying, "Bai Yi, you don't have to be angry at Lin Fan. It's human nature to be afraid of death. Although Lin Fan is a coward and a good-for-nothing, at least he's kind to you."

Coward?

Chang Yuan was labeling Lin Fan indirectly with everything he said.

However, the awkward thing was, Bai Yi, Bai Shan and Shen Yumei only looked like they disagreed after hearing those words and didn't reply to him.

Lin Fan was a coward?

That was just ridiculous!

When that guy got angry, his violence was beyond imagination.

Right at this moment, everyone saw Lin Zuo, who was at the front of the crowd, helping Commander Dragon and Commander Tiger up. After then, the three of them gave each other a fierce bear hug.

“Dragon, Tiger, it’s been a long time since we met!”

With his back facing the crowd, Lin Fan’s smile was as gentle as a dove while looking at the two towering men in front of him.

Commander Dragon, also known as Blood Dragon!

Commander Tiger, also known as Blood Tiger!

These two men were his brothers in Blood Prison and his right-hand men whom he had trained all by himself.

That year before Lin Fan left Blood Prison, he had arranged them to join China’s military. After performing countless immortal feats, they finally became the two terrific martial artists of China.

Looking at Lin Fan, Blood Dragon and Blood Tiger felt like they were back at Blood Prison where they ruled the world and swept the horizons with their lord.

Their lives were saved by Lin Fan.

Their abilities were also bestowed by Lin Fan.

In their hearts, Lin Fan was their family whom they would risk their life to fight for.

“My Lord!!”

Looking at Lin Fan, hot tears rolled down Blood Dragon and Blood Tiger’s eyes.

There had been countless nights where they yearned to return to the Caribbean and to where this man was.

And now, they were finally reunited!

“Let’s go!”

With a smile, Lin Fan pulled Commander Dragon and Commander Tiger out of the airport hall.

In just the blink of an eye, the group of people got into the parade of Rolls-Royce.

After the parade of Rolls-Royce and military cars drove off from everyone’s sight, Bai Yi and the rest at the airport hall still couldn’t come back to their senses after a long time.

Meanwhile, when Lin Fan, Commander Dragon and Commander Tiger got into the car, Blood Dragon said, “My Lord, I’ve investigated the incident this time. The culprit who injured Old Master Shen are the brothers of the Yang family!”

“The oldest brother is Yang Mingyu while the second eldest is Yang Mingpeng. The main

culprit is Yang Mingyu.”

Speaking about that, a fierce look flashed across Blood Dragon’s face.

“According to the investigation, Yang Mingyu came across President Bai Yi’s interview by chance and couldn’t get her out of his mind since then. He even told his friends several times that he would get President Bai Yi no matter what.”

“After that, Yang Mingyu found out that the Shen family, who has collaborations with their group, was Bai Yi’s maternal family. Therefore, he invited Old Master Shen to Jiangnan for a collaboration, wounded him, and even threatened President Bai Yi to personally bring 10 million to save him.”

He had an ulterior motive and his target was Bai Yi!

Upon hearing that, murderous intent emanated from Blood Tiger’s body.

“My Lord, other than that, we also found out that Yang Mingyu already has everything planned. Even if President Bai Yi gives him 10 million as ransom, he won’t let Old Master Shen go!”

“His ultimate goal is to make President Bai Yi stay and make her his woman!”

“He is just courting death!”

His tone was cold.

Both Commander Dragon and Commander Tiger were exuding strong murderous intent.

Upon hearing that, Lin Fan squinted.

“What is the status of the Yang family in Jiangnan?”

“My Lord, the Yang family is a first-tier force in Jiangnan City, similar to the Tian family. This is also why they are arrogant,” Blood Dragon quickly replied.

First-tier?

Upon hearing that, Lin Fan smiled.

But that smile was cold and gloomy.

“Great. A mere first-tier family in Jiangnan Province actually has the nerve to scheme for my wife. How fantastic!”

After that, Lin Fan looked out the window and his voice sounded cold and merciless.

“Let’s go to the Yang Residence to behead them!”

The Yang family was widely known in Jiangnan

City.

The entire family grew and made its fortune by real estate property. Ten years ago, they had so much property the area had even been known as small Yang Town. Innumerable housing estates and commercial buildings were developed by their company.

Until the recent years where the market of real estate began to slack, the Yang family started to transform and involved themselves in entertainment, food and beverage, and many other types of businesses.

That caused the Yang Group to be ranked as one of the first-tier conglomerates in Jiangnan consistently.

Today, the higher-ups of the Yang family were gathered in a hall, enthusiastically having a discussion.

The host was the master of the Yang family, Yang Tianhao!

“Everyone, please voice your opinion!”

“This time, we’re a step behind the other top eight conglomerates and we weren’t able to welcome Lin Zuo, Commander Dragon and Commander Tiger’s at Jiangnan, so we can’t build a connection with them. What should we do next?” Yang Tianhao looked at all of the

higher-ups which were seated and asked sternly.

Yes.

The Yang family was one of the first-tier conglomerates.

However, they were far inferior than the other conglomerates when it came to connections.

Especially this time.

The arrival of Lin Zuo, Commander Dragon and Commander Tiger at Jiangnan was a spectacular event.

However, the Yang family wasn't even qualified to meet Lin Zuo, which sparked concerns in them.

At that moment, right after Yang Tianhao finished speaking, everyone couldn't wait to get their voices heard and they started expressing their opinions.

"Master, Lin Zuo is one of the four military giants of China. It's almost impossible to build connections with him!"

"Exactly, Master. Why would Lin Zuo want anything to do with the Yang family? After all, we're not that big."

“Sigh... I wonder what trick Tian Group and Qiu Group pulled to be able to build connections with Lin Zuo. It’s unbelievable!”

At this moment, everyone was in a heated discussion and they were all expressing their despair and hopelessness toward building connections with Lin Zuo.

Listening to the discussions of the higher-ups, Yang Tianhao's face grew darker and grimmer.

He averted his eyes and looked to his eldest son, Yang Mingyu.

"Mingyu, as the heir of the Yang family, please voice your opinion."

Upon hearing that, all discussions stopped abruptly and numerous expectant eyes shifted to look at Yang Mingyu.

In many of the Yang family's eyes, Yang Mingyu was indeed an outstanding young man who was vicious and had long-term visions.

Yang Mingyu was tall and slender with a pale complexion and he emitted a graceful vibe.

He glanced at everyone in the room and said directly, "Lin Zuo is an outstanding person and the fourth commander of China. According to the rumors, he is also the commander who is valued the most by China's military. He has boundless potential and I even heard that Lin Zuo has a terrifying super force behind him which is beyond imagination backing him up. I think we have to build a good relationship with Lin Zuo at any cost!"

While saying, Yang Mingyu's bright and sparkling eyes glanced at everyone in the room.

"In order to build a relationship with Lin Zuo, even if we were to sacrifice our real estate and become his servant, it would be worth it!"

Yang Mingyu's words were bold and daring.

It would be worth it even if we have to be Lin Zuo's servant.

These kinds of words made the Yang family sink into deep thoughts at once.

After a brief moment, a higher-up suddenly stood up.

"I agree with Young Master Mingyu. I think it's worth it even if we have to offer Lin Zhuo all our properties and even if we become his servant!"

Following the first one who stood up, many members of Yang family began to step forward one by one.

"I agree too. Lin Zuo is too terrifying. There will only be one opportunity in our lifetime to build a relationship with a person as outstanding as him!"

"Exactly. I agree too. I'm willing to offer my property just to get an opportunity to become Lin Zuo's servant!"

One by one, all of them stood up.

In just the blink of an eye, fighting for an opportunity to become Lin Zuo's servant and offering their properties to Lin Zuo were agreed by all.

When Yang Tianhao saw all the higher-ups agreeing with Yang Mingyu's suggestion, he couldn't help but brim with gratified joy.

"Alright! Since everyone agrees, we will build a relationship with Lin Zuo by all means and at any cost!"

After the final decision was made by Yang Tianhao, every one of the Yang family members let out a long breath of relief and smiles slowly appeared on their faces.

"Hahaha... That's awesome! I'm now looking forward to meeting Lin Zuo."

"Me too! Once we build a relationship with an outstanding person like him, our status will definitely skyrocket!"

"The mysterious Lin Zuo who has the most potential is our idol!"

The higher-ups of the Yang family couldn't stop discussing and they were all imagining the bright future where their status had skyrocketed after they became the servant of Lin Zuo.

They were not the only one. Yang Mingyu was the most excited about this.

When Lin Zuo had just risen to fame, he had already started to fish for all his information.

According to his investigation, Lin Zuo's fame was not as simple as what he saw from the surface.

Even in China's military, Lin Zuo was definitely the most outstanding person among all. The other three commanders and the top eight martial artists could not stop praising Lin Zuo as well.

There were even rumors saying that Lin Zuo was the owner of a mysterious international force, which meant not a single force in the world would stand a chance against him, let alone China.

These investigations had made Yang Mingyu set getting to know Lin Zuo as his only goal in life a long time ago.

As long as he could get to know Lin Zuo, he was willing to give everything up, including the Yang family.

Thud, thud, thud!

Right at this moment, a flurry of footsteps came from outside the door.

It was the butler of the Yang family, Mr. Zhang.

“Young Master Mingyu, we’ve received news from the airport!” Mr. Zhang said to Yang Mingyu excitedly as soon as he stepped into the hall. “Our men spotted President Bai Yi at the airport!”

What?!

Upon hearing that, the heated discussion in the hall suddenly paused.

Then, the higher-ups of the Yang family all looked at Yang Mingyu and teased him relentlessly. “Hahaha... President Bai Yi who has mesmerized our Young Master Ming Yu is finally here!”

“Young Master Mingyu, congratulations! It seems like you’re getting a beautiful woman this time.”

“Hahaha! She is the most beautiful president in Jiang City. You’re a man of luck, Young Master Mingyu!”

All the higher-ups of the Yang family couldn’t stop flattering him.

Upon hearing that, Yang Mingyu’s face was flushed red with excitement while a trace of smile and expectancy gradually overtook his face.

“Great! My goddess, Bai Yi, is finally here.
Hahaha...”

Evil!

Lecherous!

Excitement!

Indescribable complicated emotions appeared in Yang Mingyu’s eyes.

Ever since he saw Bai Yi in one of the interviews, he was totally mesmerized by her.

In his eyes, Bai Yi was definitely the most beautiful and astute woman with great temperament he had ever met.

Because of that, he had silently sworn that he would make her, the most beautiful president of Jiang City, his woman at all cost.

But right when Yang Mingyu and the others were namelessly excited, a higher-up hesitated for a while before saying, “Young Master Mingyu, according to what I know, Bai Yi is already married and her husband is called Lin Fan, who is not an easy target too. He even offended Bai Chen from the Bai Clan of Jiangnan Province and is the culprit who wiped out the entire Third Team of the White Angels! Are you sure to be an enemy of Lin Fan?”

When this higher-up finished speaking, the entire hall in Yang Residence sank into silence.

Every Yang family member turned to look at that higher-up who had spoken in astonishment.

When they finally came back to their senses, they immediately burst into an uproar.

“Hahaha... Yang Hua, what has gotten into you? Our Young Master to be that idiot, Lin Fan’s enemy? Is he even worthy?”

“Be Lin Fan’s enemy? That guy is just a useless live-in son-in-law. What is there to be afraid of?”

“Hahaha... Yang Hua, are you scared of that guy? He’s just a useless man who is not even worth mentioning!”

Many higher-ups of the Yang family burst into laughter.

They looked at the higher-up named Yang Hua as if he was an idiot.

Even Yang Mingyu showed a contemptuous smile while saying to Yang Hua, “Uncle Yang Hua, you must have been deceived by that liar.”

“Lin Fan? I’ve investigated him before. Indeed, Bai Chen has suffered a great loss in Jiang City and even caused the Third Team of the White

Angels to be entirely wiped out. But did you know that it was all just a coincidence?"
