

Chapter 446 A Threat

“Oh, sister, I know you were hurt by Nangong before. But Nangong’s wife is also from the outside world!” Mo Qingying said.

Suddenly, Mo Qingwu’s eyes were burning in fury. “Shut up! How many times have I told you not to mention that man and that woman in front of me?”

“I-I know, sister. I know you despise and look down on people from the outer world. Fine, I won’t say it again!” Mo Qingying said, her eyes reddened with tears.

Mo Qingwu realized she went too far with her words. She caressed Mo Qingying’s head and said, “It’s for your own good. That Chen Hao is just some secular guy who has a lot of money—the only thing which people from the outer world care about. Like people of his kind, he is money-minded. He isn’t worth the time and favor of the Mo Family. The reason we are here to help them is to honor the promise of the son of the Mo Family’s Third Elder. Unlike those worldly people, we, people of the Mo Family care the most about honoring our promises! So, even if you’re interested in Chen Hao, it’s still impossible between you and him! I’ll not agree with that!” A disdainful look crossed Mo Qingwu’s eyes.

“Oh... I understood...” Mo Qingying lowered her head.

“But, we can think of some other way to make Chen

Chapter 446 A Threat

Hao stay by your side," Mo Qingwu continued.

"Eh? How?" Mo Qingying asked.

Indeed, when Chen Hao came ten days ago, Mo Qingying had a crush on the young man due to his good look.

Her interest and curiosity for Chen Hao also grew when she heard about the matters revolving around him, after she got to know him.

Girls' feelings were funny sometimes; they would fall in love with someone or hate someone easily for no apparent reasons. And all these happened within seconds.

He was neither extremely good nor talented. But still, she liked him! This was exactly how Mo Qingying felt toward Chen Hao.

Since Mo Qingying grew up in the secluded Mo Family, she was innocent and did not have any complicated thoughts like the girls from the outer world.

"Ha! That's easy! Just let him become your servant and follow you around! The Mo Family has the ability to help him achieve longevity after he becomes Mo Family's servant. After all, longevity is something you can't buy with money!" Mo Qingwu

Chapter 446 A Threat

said emotionlessly.

“Oh, I don't want him to be my servant. But sister, why don't you like him? After all, he is...”

“That's enough. Don't talk about this again. There's no other way to keep him by your side except this. Don't say I never told you about it!” Mo Qingwu said before she left.

Back at the banquet, Chen Jindong was talking to the Third Elder of the Mo Family and his men.

“Thank you so much for your help in this business!” Chen Jindong smiled.

“You're welcome, Mr. Chen. We'll do our best and hope this first alliance between the Chen Family and the Mo Family will be a happy and successful one!” Mo Weiping, the Third Elder of the Mo Family, said with a smile.

“I'm afraid the alliance will not be such a happy one after all.”

At the same time, an old man in his sixties led his group of men into the place.

“Who are you? How did you come in?” Chen Jindong was surprised to see the old man.

Chapter 446 A Threat

"You think you can stop me with those useless weaklings?" the old man sneered.

"Mo Changkong, what are you doing? We're in the middle of discussion for an important business alliance here! How dare you interrupt us rudely?" Mo Weiping frowned and rose from his seat.

"Ha! An alliance? There will not be any alliance!" Mo Changkong retorted coldly.

Mo Changkong looked like a man in his fifties even though he was already in his sixties. He had a pair of eyes which were filled with cruelty and wickedness.

"Why can't we form the alliance?" Mo Weiping asked.

"Uncle, I know your son was saved by the Yang Family years ago. Because of this, you owed the Yang Family a favor and had to break the rules to help the Chen Family on the Yang Family's request. But Chen Hao, the eldest son of the Chen Family, offended my friend, the Long Family. Now, I represent the Long Family to demand some explanations from the Chen Family! So, what do you say? Will you still help the Chen Family?" Mo Changkong asked coldly.

Although Mo Changkong addressed Mo Weiping,

Chapter 446 A Threat

who was in his nineties, as 'uncle', the position of Mo Changkong was higher than Mo Weiping in terms of ranking in the Mo Family; Mo Changkong was the Second Elder of the Mo Family, while Mo Weiping was the Third Elder of the family.

"The Long Family?" Chen Hao was standing by the side. He wondered how the Long Family was related to the Mo Family. Besides, my sister and I have been in conflict with the Long Family for such a long time. I wonder what kind of action Mo Changkong wants from us.

"Elder Mo Changkong, how are you? I am wondering what we can do for you?" Chen Jindong asked with a smile.

"Ha! That's easy. I want the Chen Family to surrender half of your properties to be managed by the Long Family. If you do this, I will let the Chen Family off the hook, and I will not talk about the matter anymore!" Mo Changkong smiled coldly.

"What an arrogant request!" Members of the Chen Family looked at each other; they were shocked by Mo Changkong's words.

The Chen Family's property? Even one-thousandth of the Chen Family's properties is enough to compensate the whole Long Family, not to mention half of the family's properties. Apparently, Mo

Chapter 446 A Threat

Changkong was there to rob them rather than negotiating with them. Chen Hao couldn't help but frowned.

"Mr. Chen, think about it clearly. If my friend is not happy with what you offer, I will make sure that the Chen Family pay heavily for it! I'm sure you know what I'm capable of," Mo Changkong said with a smile.

The reason Mo Changkong fought his way in here without informing his name was to intimidate the Chen Family. He wanted the Chen Family to know that they were absolutely helpless if he chose to take revenge on them!

"Elder Mo Changkong, isn't it too much to ask for half of the family properties? Who is the Long Family to even dare ask for half of the properties?" Mo Qingying stepped forward and protested.

The Mo Family was divided into several sects and Mo Changkong was the leader of one of these sects.

Every member of the Mo Family knew that Mo Changkong was obsessed with the secular world and had a lot of women out there.

So, Mo Qingwu, Mo Qingying and the others despised him.

Chapter 446 A Threat

Now, all members of the Mo Family, including Mo Weiping, could tell that Mo Changkong was taking advantage of the Chen Family for his own benefit under the pretext of avenging the Long Family.

He had destroyed many families and snatched away their wealth using the same method over and over again.

It was rumored that he established another grand Mo Family in the outer world with the fortune he robbed from those families!

He, however, would not admit the crimes he did.

“Qingying, I believe that you don’t have a right to speak here. And uncle, I suppose you won’t meddle in my business here, will you? You need to consider the consequences carefully if you wish to do so. Is it worth the risk for the Chen Family?” Mo Changkong warned Mo Weiping.

Mo Weiping remained silent even though he was infuriated, as Mo Changkong was way more powerful than him.

“Mr. Chen, I’ll give you 30 minutes to consider my offer. I want an answer from you after 30 minutes!” Mo Changkong said before he turned and left with his men.

Chapter 447 Not Young Master Chen Anymore

“Dad, it’s my fault. I’m the one who caused the mess!” Chen Hao apologized. Chen Jindong and his family went into the study room. The matter really took Chen Jindong by surprise and he was unsure how to handle it.

“No, Chen Hao. That’s not the main point. Mo Changkong from the Mo Family—as I heard your grandfather mentioned him years ago—was a man of extreme greed. Your grandfather dealt with him before. The main reason the Chen Family moved from China to the Southern Region is to avoid Mo Changkong’s control!” Chen Jindong said. “So, even if he didn’t come for the Long Family today, he would still come to seek revenge on us for the Li Family and the Zhao Family tomorrow or the day after!” Chen Jindong frowned.

“Dad, before this, you are concerned about the Mo Family. Is it because of him?”

Chen Hao heard from his father before that the latter would not seek the help of the Mo Family unless it was absolutely necessary; he did not want to be related to them in any ways.

Chen Jindong nodded worriedly.

“Chen Hao, you only knew the Fang Family, the family which paralleled our Chen Family. But your father hasn’t told you this—there were three most

Chapter 447 Not Young Master Chen Anymore

wealthy families in the world forty years ago—the Chen Family, the Fang Family and the Murong Family. However, the Murong Family had changed their identity to the Mo Family now. Do you know what I mean?” Chen Hao’s mother asked.

Chen Hao nodded his head.

“Ah! But without the help of the Mo Family, we can’t deal with the mysterious League of the Sun on our own, nor will we be able to find Uncle Pingan. Then, we won’t know about the secret that revolves around him anymore!” Chen Jindong thumped his fists on the table heavily.

“Dad, I don’t understand the curse of the Chen Family you mentioned before. Since the Chen Family is so powerful, how can it be destroyed so easily? Besides, even if Mo Changkong wants revenge, it doesn’t mean he will succeed. Anyhow, I don’t believe that the Chen Family will end up like the Murong Family—being taken over by the Mo Family!” Chen Xiao protested.

Chen Jindong waved his hand. “You’re right. Even if he wants revenge—with his effort alone—it’s impossible for him to destroy the Chen Family now like the way he destroyed the Murong Family years ago. But, I’m afraid the Chen Family will suffer a great loss because of him! However, I’m not worried about the loss as long as we manage to find Uncle

Chapter 447 Not Young Master Chen Anymore

Pingan. With him around, even if the Chen Family is destroyed, it will be restored to its former glory, or even become a hundred times more powerful than its current state. The Chen Family will become the most powerful and wealthy family in the world forever! Do you understand what I mean? However, if we can't find Uncle Pingan, then I'm afraid, within ten years—no, not even ten years—the Chen Family will vanish forever!" Chen Jindong shook his head and continued, "So, we must find Uncle Pingan with the help of the Mo Family!"

Chen Hao realized that his father would never tell him about the curse no matter how he tried.

"Dad, so now, we're just going to give him half of our family's properties? Ha! I wonder if he has the guts to take it!" Chen Xiao argued, "I'd like to take a stand against him and we'll see how it turns out! I don't believe we can't deal with Mo Changkong using my powerful influence in North Africa."

"Sister, dad isn't talking about how to take on Mo Changkong now, but we need to cooperate with the Mo Family instead. This is the only way!" Chen Hao explained.

"But, how? I don't think the Mo Family will be interested in working with us now!" Chen Xiao said anxiously.

Chapter 447 Not Young Master Chen Anymore

“Well, there is a way.” Chen Hao smiled bitterly and glanced across at his parents and sister. He said with a smile, “I have an idea.”

“Chen Hao, w-what do you mean?” Chen Jindong asked in panic; he noticed that there was a hidden meaning in Chen Hao’s words.

“Dad, just leave the matter to me. I’ll handle it!” Chen Hao left the room after he finished his words.

“Mo Changkong, Mr. Chen and his family, and the Yang Family are friends of mine. Don’t you dare go too far as to lay your hands on them!”

Mo Weiping and Mo Changkong were in an argument outside.

“Besides, a wealthy family like the Chen Family is not one you can simply take vengeance on. Of course, I can keep my nose out of your business, but Mo Changkong, you must think about it clearly—with the influence of the Chen Family around the world now—what will be the consequences and negative effects if the Chen Family got damaged? Unlike the Murong Family from forty years ago, if anything happens to the Chen Family now, there will be chaos everywhere and I’m sure the leader of the Mo Family will not stay put and do nothing about it. So, do you think you can still have half of the Chen Family’s property in peace once you break the balance?” Mo

Chapter 447 Not Young Master Chen Anymore

Weiping threatened before he waved his hand and sat down.

On the other hand, Mo Changkong narrowed his eyes and frowned. He did not think about that before. To be honest, Mo Changkong had always wanted to take over the wealthy Chen Family for a long time. Following his long fight and struggle with the Chen Family, Mo Changkong realized the family was not an easy target after all.

He then changed his target and aimed on taking over other wealthy families in China after the Chen Family moved to the Southern Region.

Just now, Mo Weiping's words reminded Mo Changkong of the Chen Family's capability. Besides, the leader of the Mo Family would never forgive him if anything happens. But he could not let the property slip through his fingers easily. If I can't get my hands on half of the property, I must at least get one third of it! I can't give up now! Mo Changkong thought to himself in silence.

At the same time, Chen Hao came out.

"Don't worry, Chen Hao. We're good friends. So Uncle Mo Weiping and I will help you!" Mo Qingying said while walking toward Chen Hao and holding his arm.

Chapter 447 Not Young Master Chen Anymore

"I know. Thank you, Qingying!" Chen Hao thanked Mo Qingying. Then, he turned to Mo Weiping and asked, "Uncle Mo, will you stay and help the Chen Family if my conflict with the Long Family is settled?"

Mo Weiping nodded his head solemnly although he did not understand the true meaning behind Chen Hao's words. "Don't worry. Your grandmother saved my son years ago, and I promised her I'll return the favor in case she needs any help in future. So, I'll help the Chen Family with all my might on her request, because the Mo Family will honor every promise we make!"

"Alright then!" Chen Hao nodded with a smile. He then turned to look at Mo Changkong. "Elder Mo Changkong, you said you want to seek revenge on the Chen Family on behalf of the Long Family, but you knew that the conflict is between me and the Long Family—it has nothing to do with the Chen Family. So, if you want to avenge them, you can look for me instead of the Chen Family!"

Mo Changkong smirked. "Ha! Well, you are the eldest son of the Chen Family, so the conflict between you and my friend is equal to the conflict between the whole of the Chen Family and my friend!"

"You're wrong, Elder Mo Changkong. From now on,

Chapter 447 Not Young Master Chen Anymore

I'm no longer the eldest son of the Chen Family. That means you can't blame the Chen Family for what I did anymore!" Chen Hao said with a smile.

"What did you say?" Mo Changkong's narrowed eyes suddenly widened when he heard that.

"Chen Hao, what nonsense are you talking about?" Chen Jindong moved forward and bellowed angrily when he heard Chen Hao's words.

Chen Hao smiled and said, "Like I said, from now on, I'll leave the Chen Family, and that means I'm not Young Master Chen anymore! So, Elder Mo Changkong, just take your vengeance on me! Oh yeah, Uncle Mo, you promised to stay and help the Chen Family just now. If I leave the Chen Family now, then the Chen Family will not be related to the conflict between me and the Long Family anymore, am I right?"

Mo Weiping was surprised by Chen Hao's words; he did not expect that Chen Hao would choose to give up his fortune in order to save his family. Mo Weiping agreed with a nod. "Of course! You are no longer related to the Chen Family, who would dare to look for trouble with the Chen Family?" He turned to look at Mo Changkong as soon as he finished his sentence, obviously warning Mo Changkong not to take it too far.

Chapter 447 Not Young Master Chen Anymore

Mo Changkong's eyes were burning with rage. "Ha! Leaving the Chen Family? Don't say I never warn you, young man, do you really think you can live after leaving the Chen Family? Even if I don't kill you, other enemies of the Chen Family will! By that time, if the Chen Family helps you, I'll still have my revenge on the Chen Family and unfortunately you, boy, will die in vain!"

"Well, you don't have to worry about that. No one will help me. Of course, you can make a move once I walk out of the Chen Family's door," Chen Hao said.

"Brother!" Chen Xiao was very worried about Chen Hao. She looked at Chen Jindong and pleaded, "Dad, please, say something!"

Chen Jindong frowned slightly and his eyes reddened. He then declared with trembling lips, "Very well then, since my son is willing to take full responsibility and leave the Chen Family on his own accord—as a father, I promise you—if anyone dare to lay their fingers on you, I, Chen Jindong will fight them to death with all the power of the whole Chen Family!"

Bang! Chen Jindong smashed a wine glass into pieces with his bare hand. Mo Changkong's eyelids were twitching when he heard that.

"Dad, what are you saying?"

Chapter 447 Not Young Master Chen Anymore

“Jindong, are you crazy? He is our son!”

Both Chen Xiao and Yang Yuping were very concerned with the situation.

Chapter 448 Distressed

Chen Jindong was worried too. If Chen Hao stayed, it would give Mo Changkong a perfect excuse to confront the Chen family. Even though the Chen family had the ability to resist Mo Changkong now, the family would still suffer greatly. With the great loss and the unstable business foundation, the Chen family would not have enough power to find and deal with the League of the Sun. In a helpless situation where they failed to find Pingan, God knows how long the Chen family would be able to survive. Therefore, Chen Hao's departure from the Chen family would definitely buy them some time. Chen Jindong understood the rationale behind Chen Hao's decision. But without the protection of the Chen family, Chen Hao will face a lot of difficulties in future. Both Mo Changkong and the Long family will not let him go easily. Chen Jindong clasped his fists tightly, struggling very hard to get those words out of his mouth.

"Great, very well then. I never expected that you, Chen Jindong, would treat your own son like that." Mo Changkong frowned then smirked. "We still have a long way ahead of us. Let's wait and see then! Uncle, regarding today's business—for the sake of your promise—I'll let the Chen family off the hook first, but I won't forget about it, and I will have my revenge eventually!" Mo Changkong said coldly before he waved his hand and left.

Chen Jindong was willing to sacrifice his own son to

Chapter 448 Distressed

save the Chen family's property. I bet Chen Jindong will go insane if I continue to threaten to steal the family's fortune. If the man lashes out on me with everything the Chen family has, I'll suffer a great loss too. So, I can't benefit from the situation even if I continue to stay here. With Chen Hao leaving the Chen family, I've lost the excuse to take over the family's wealth. Nevertheless, Mo Changkong knew that Chen Hao would still be his trump card in helping him take over the Chen family. So, Mo Changkong went with the flow and left the place in peace.

"Elder Mo Changkong, are we just going to let the Chen family go like that? Their wealth is unbelievably large! It's more than ten times of the wealth of the Mo family you established in Longjiang province!" one of Mo Changkong's men said after they left the island.

"Well, of course I know about that, but there's no need to go all out on the Chen family at this point. I have lots of enemies from different sects within the Mo family that are constantly plotting against me. So, even if I win against the Chen family in the end, I may lose the ability to defend myself against attacks from other sects within the Mo family. So, in order to achieve victory on both sides, I still need that boy, Chen Hao. Send my orders to the Mo family in Longjiang province and to all financial groups we've established all these years in China—

Chapter 448 Distressed

tell them to keep an eye on Chen Hao. Whoever manages to capture him and present him to me, I'll reward them with what they desired the most," Mo Changkong commanded while narrowing his eyes.

"In that case, no matter how Chen Hao runs and hides, he can never escape and will still fall into our hands!" Mo Changkong's men smirked while nodding.

That same night, at the harbor of Hong Kong, Chen Hao came down from a boat with a suitcase on his back.

Chen Hao felt unbelievable and unreal when he thought of everything that happened for the past six months. Everything was like a dream to him. His life changed abruptly from a poor student and loser to the richest young man in the world who was born with a silver spoon in his mouth. Even though he became even more miserable than before now, Chen Hao understood that these were the sacrifices he needed to make for the sake of his family's long-term benefit. He was not scared of the life of poverty that was awaiting him; the only thing that worried him was whether he would be able to survive and see tomorrow's sunrise.

At the harbor, Chen Hao could see quite a number of people scurrying around in the dark even though it was late at night. He kept looking behind while

Chapter 448 Distressed

walking toward the exit. More than ten people are tailing me right now. Am I going to die here tonight? Chen Hao thought while clutching his fists tightly. Before this, he was not afraid of death, but things changed the moment when one truly faced death. All Chen Hao could think of now was staying alive.

Suddenly, Chen Hao quickened his footsteps. The group of more than ten people with seemingly exceptional capabilities behind him also quickened their footsteps and pursued Chen Hao immediately.

Screech!

Flashes of bright car lights appeared, and rapid brakes screeched on a road beside the bay of Hong Kong. The cars halted in front of the running Chen Hao, trapping him at the center of the road. Then, the car doors opened, and a group of bodyguards stepped out of the cars. The leader of the group was none other than Long Zongshan, the father of the three grandsons of the Long family.

"Well, well, well. Aren't you Young Master Chen? Where do you plan on going in such a hurry?" A flash of malevolent look crossed Long Zongshan's face. "Rumor has it that Young Master Chen announced today he would leave the Chen family for good. We didn't really believe it at first, but judging from the look on Young Master Chen's face now, it seems the rumor is true after all!" Long Zongshan sneered.

Chapter 448 Distressed

“Long Zongshan, I know you’ve been waiting for this for a long time, so cut the crap and just take me if you want!” Chen Hao frowned.

“Young Master Chen, if it wasn’t for the strict order I received not to kill you, I would cut you into pieces and use your flesh to mourn Shaoyun,” Long Zongshan barked. His face twisted with anger and sadism, and his eyes were burning with fury.

“Grab him!” Long Zongshan waved his arm, and immediately, his men moved toward Chen Hao.

Vroom! Vroom! Vroom!

Suddenly, a loud noise of engines revving shattered the silence of the night. A modified four-by-four SUV sped directly toward the trapped Chen Hao from the side of the road.

Bang! Bang! Bang!

The SUV crashed into the cars as it sped toward Chen Hao, and he was pulled into the SUV.

“Go after them, and don’t let them escape,” Long Zongshan roared.

The plan of saving Chen Hao was quick and sudden. Everything happened within seconds. They managed to save Chen Hao when Long Zongshan

Chapter 448 Distressed

and his men were temporarily blinded by the flashing car lights of the SUV.

"Young Master Chen, are you all right? Sorry that we were late," said the Dragon Tiger Brothers, Tian Long and Di Hu.

"I'm fine. You guys were just in time!" Chen Hao nodded his head. "By the way, why are you guys here? Did my sister tell you to come?" Chen Hao asked.

"Yes. President Chen knew that once you left the southern region, you'd be surrounded and attacked by the enemies. So, she sent us to help you. Young Master Chen, what is your plan next?" Tian Long and Di Hu asked.

If the situation allowed it, the brothers would very much like to stay with Chen Hao, offering him protection and assistance all the way through. But unfortunately, they could not do so under the strict surveillance of the Chen family. In order to avoid giving Mo Changkong any excuses to take revenge on the Chen family, they had been watching closely on Chen Hao. Even though the brothers were able to help Chen Hao this time, it did not mean they could do the same every time Chen Hao was in danger.

"I'm no longer Young Master Chen. You guys can just call me Chen Hao from now on. I'm not sure

Chapter 448 Distressed

what my next plan is, but I'm thinking about going to the southwest region to find a person," Chen Hao said after thinking for a while. A person suddenly appeared in his mind when he was in distress on a quiet night.

"All right, Young Master Chen. We'll escort you to the southwest region," Tian Long and Di Hu said.

Vroom! Vroom! Vroom!

Another noise of engines revving blared through the night sky. Then, another batch of modified SUV trucks sped toward Tian Long and Di Hu's SUV. Judging from their driving skills, the men behind the wheels were experts.

"Sh*t!" Tian Long smashed his steering repeatedly in panic.

At the same time, the SUVs recklessly rammed into Tian Long's car at high speed.

Chapter 449 We Will Probably Never Meet Again

Boom!

The sound of the violent explosion reverberated through the dark sky. Smoke floated in the air and rock pieces flew everywhere. The flame of the explosion lit up the whole dark night sky. Several cars exploded and were engulfed in flames.

"Young Master Chen, are you all right?" Tian Long wrapped his arms around Chen Hao as they rolled down the slope together.

During the collision, Tian Long and Di Hu grabbed Chen Hao and jumped out of the car. Their opponents were indeed men of violence and madness.

"I'm fine." Chen Hao shook his head, feeling dizzy from the huge impact.

"They're coming!" Di Hu shouted.

Several armed bodyguards in black suits began to storm down the slope from the road.

"There are still sixteen men left. Tian Long, both of us will take on eight men respectively. Young Master Chen, you run in the northern direction. General Manager Li will meet you down there at the north side of the hill. We'll take care of them here!"

Chapter 449 We Will Probably Never Meet Again

Li Zhenguo came too! Chen Hao was touched and grateful for their help. At the same time, he knew he would get in the way of Tian Long and Di Hu if he continued to stay here with them. So, without saying anything, he nodded and ran in the northern direction.

Chen Hao's stamina had improved greatly than before ever since Uncle Qin taught him some of the simple breathing techniques and those five techniques. Chen Hao summoned up all his strength and dashed as fast as he could toward the north side of the hill.

"Almost there!" Chen Hao gritted his teeth and encouraged himself. As he ran, his surroundings became darker and darker that he could barely see anything around him. All of a sudden, Chen Hao tripped on something and fell face down onto the ground heavily. Suddenly, he found himself surrounded by blinding car lights. Several bodyguards in black suits came and took Chen Hao away. Chen Hao recognized the cars through their number plates. All the cars belonged to the Long family of Yan Jing.

Oh God, I'm doomed! Chen Hao closed his eyes. He knew he could not escape this time.

"Let him go!" Chen Hao heard a familiar girl voice when he was on the brink of hopelessness. He

Chapter 449 We Will Probably Never Meet Again

opened his eyes and realized that the voice belonged to Yang Xia.

"Yang Xia?" Chen Hao said in surprise.

Yang Xia folded her arms across her chest and walked toward Chen Hao. "Hmph! Chen Hao, I bet you didn't expect yourself to fall into my hands now, did you?" Yang Xia asked coldly.

"No, I really didn't." Chen Hao smiled bitterly.

"Chen Hao, you are incredible. You are Young Master Chen of the Chen Family, the richest family of all that is much desired by many people in the world. With a single word, you almost destroyed the whole Long family! Chen Hao, you are really incredible!" Yang Xia taunted.

"Well, since I'm in your hands now, you can capture me and claim your reward. Stop talking nonsense. You can finally have your revenge now," Chen Hao said with a bitter smile on his face.

Smack!

Yang Xia raised her arm and slapped Chen Hao across the face. "Stop talking nonsense, you say? I want to talk anyway! Chen Hao, do you know how long I have waited for this moment? I've been thinking about the day when I can capture you and

Chapter 449 We Will Probably Never Meet Again

have you lower your head in front of me just like the way you are now. I've waited for this moment for such a long time."

Smack!

Yang Xia slapped Chen Hao again. "Heh! That day in the southwest region, I threw away my pride and confessed to you. But you—with your arrogant attitude—turned your back on me and even hurt my feelings repeatedly. Back in the days when we were in college, when you were still that poor loser, who had stayed beside you? Who—without caring about what other people think—was willing to walk hand in hand with you around the campus? Who never looked down on you and befriended you?"

Smack!

Yang Xia's eyes were reddened with tears. "It was me! What about you? You treated me like dirt and refused to offer me any help after you became rich. I once lived poorly like a stray dog, begging for food everywhere. Instead, you chose to help someone like Han Siyu—some b*tch who always looked down on you—and not me! You are the one who should be sorry!" Yang Xia snarled. "Since you have already left the Chen family, I'm not afraid to tell you this—do you really think you can escape now? Even if you manage to escape from the Long family, there are still the Mo family, the Liu family, and other families

Chapter 449 We Will Probably Never Meet Again

keeping their watchful eyes on you. You are basically nothing but a poor abandoned loser right now. Do you hear what I said? Speak! Answer me!”

Smack! Smack! Smack!

Infuriated, Yang Xia gave Chen Hao another three slaps across his face. Chen Hao had always been a nightmare to Yang Xia. This unusual nightmare of Yang Xia had turned into a twisted form of madness once it was long buried deep within her heart. When the madness was finally released, Yang Xia became hysterical.

“What more can I say? You can insult me or even vent your anger by killing me now!” Chen Hao shook his head.

“Heh! Up until now, you still don’t understand me! You still don’t know what kind of girl I am!” Yang Xia pushed Chen Hao and took a deep breath.

“Chen Hao, honestly, I wasn’t thinking about claiming any reward when I caught you this time. I can let you go this time if you are willing to bow to me and apologize. If you can do that, I will forgive you and let you go!” Yang Xia said, clenching her fists.

The men at the scene were the armed force assembled by the clever Yang Xia when she was in

Chapter 449 We Will Probably Never Meet Again

the Long family all these years. All of them were under her command.

“Y-You will let me go?” Chen Hao was rather surprised when he heard these words. Indeed, he had hated and even hurt Yang Xia several times over some incidents. Initially, Chen Hao thought that falling into her hands would make no difference than falling into the hands of Long Zongshan. But now, Yang Xia said she would release him.

As for Yang Xia, although she hated Chen Hao and had wished him to live miserably, she did not want Chen Hao to lose his life. She did not wish Chen Hao to have a happy life, but she could not bring herself to see Chen Hao get hurt. These were Yang Xia’s internal conflicts.

“Yes. If you apologize sincerely to me—from the bottom of your heart—I’ll let you go!” Yang Xia reassured Chen Hao.

Chen Hao never thought Yang Xia would say such words at a time like this. He felt a bit remorseful over his harshness toward Yang Xia.

“Okay, Yang Xia. I, Chen Hao, was wrong about you before this. If you release me today, I will remember your kindness forever.”

“Hmph! There’s no need for you to remember my

Chapter 449 We Will Probably Never Meet Again

kindness. Just leave now!" Yang Xia folded her arms in front of her chest, turned her head, and looked away in disdain. Her men made way for Chen Hao.

Chen Hao nodded at Yang Xia and left.

"Wait!" Yang Xia stopped Chen Hao suddenly.

"What's wrong?" Chen Hao asked.

"Chen Hao, I'm not sure if we will ever meet again after we part ways here. I need to warn you about the Mo family's extraordinary capabilities. They have always wanted to take over your Chen family, so they won't let you go easily. You have to be careful on your own! Now, the Long family is nothing more than pawns for the Mo family. The Mo family will never give up their search on you until they find and capture you. If you manage to escape this time, just conceal your identity and live on. Don't show yourself anymore no matter what happens to the Chen family!" Yang Xia warned.

"I understand. Thank you, Yang Xia!"

"One more thing. Do you know why I let you go?" Yang Xia asked again.

"Why?"

"Because after going through so much all these

Chapter 449 We Will Probably Never Meet Again

years, I finally realize that you truly loved me from the bottom of your heart. It's me who didn't cherish it while it lasted." Yang Xia's eyes reddened with tears.

"You take good care of yourself from now on. I'll take my leave," Chen Hao said, nodding at Yang Xia before he turned and left.

Chapter 450 A Predicament

A week later, at a construction site in an ordinary county in the southwest region...

"It's time to get paid! You, 150, keep the money properly, whereas you, 90." An obese contractor was distributing wages to several male and female workers in their fifties. A young man stood among the workers. He was rather eye-catching among the crowd. The normal rate for most workers was 150 per day, but the young man only earned 90 per day.

The contractor spat on his finger and counted the bank notes.

"Wait a minute, Contractor. I thought we had a deal when I came here. I don't want 150, but you need to give me 100 per day!" the young man said..

"Damn it! We provide you lunch at noon. The 10 was for lunch!"

"But today's lunch was just two pieces of fried buns. Those cost me 10?"

"Damn you! I only ask you to work here because you look honest. It's 90—take it or leave it! Would you prefer if I don't pay you at all?"

At that moment, a couple, who were holding each other's hands, walked past the construction site with several servants following behind them.

Chapter 450 A Predicament

"Hmm? Doesn't that worker look familiar?"

"Does he? Qin Nuan, are you sure about that? Do you know those workers?" the man, who was heavily bejeweled, asked disdainfully.

"Yes, I'm sure. He Looks really familiar. I think he is a friend of my bankrupt ex-boyfriend from a few days ago. The guy who used to be rich and cool. I'm absolutely sure he is him!"

"Really?" the man asked again.

The girl walked toward the construction site. "Chen Hao, it is you!" She immediately recognized the young man the moment she saw him, and a taunting smile crossed her face instantly.

Indeed, the young man was Chen Hao. After Yang Xia released him on the night a week ago, Chen Hao went on a dangerous and bumpy voyage to the southwest region. Finally, he managed to arrive at his destination safe and sound with Li Zhenguo's assistance. The first thing Chen Hao did was to find Uncle Qin in the village as he knew where the latter stayed. However, he found out from the villagers that Uncle Qin had gone away for a few days. Since there were no other places that Chen Hao could go, he decided to stay and wait for Uncle Qin. Running out of money, he got a temporary job as a construction site worker here. Chen Hao thought of

Chapter 450 A Predicament

getting himself a proper and stable job, but he lost his identity card and other important documents when he arrived at the over-crowded Qing City. Besides, Mo Changkong was still searching for him through several business conglomerates in various industries. Therefore, Chen Hao could only work at a small unknown construction site here instead of working in well-established companies. He finally knew what it was like being alone and abandoned.

“Qin Nuan?” Chen Hao also recognized the girl. She was Wang Xiaohua’s ex-girlfriend who was trained in Taekwondo.

Recently, Chen Hao found out from the Internet that Wang Xiaohua’s travel agency was closed down following his expulsion from the Chen family. He realized his downfall had caused a domino effect in which his friend and his company were adversely affected.

“Heh! I can’t believe I’ll meet you here! Oh my, I’ve heard that stupid Fatty Wang became a tour guide after the company that you guys worked on went bankrupt. Haha! You’re even more pathetic than him. I can’t believe that you’re here working on a part-time basis at my husband’s construction site!” Qin Nuan sneered at Chen Hao while putting her hand over her mouth.

“Oh, Young Master Li and Miss Qin, do you know

Chapter 450 A Predicament

this fellow?" the contractor bowed and asked politely.

"It's none of your business, so move aside!" Qin Nuan demanded coldly.

The contractor left immediately. After that, Qin Nuan folded her arms across her chest and studied Chen Hao carefully from head to toe with a smirk on her face. "Oh my, it's really unbelievable. You used to be so rich and glamorous, so it's really hard to believe that you would become like the way you are now. Oh yeah, you aren't pretending to be miserable this time just to experience life again, are you?" Qin Nuan asked, a little worried, as she was once humiliated by Chen Hao before when the latter revealed his wealth in front of her.

"If there's nothing else, I'll just go!" Chen Hao noticed a lot of male and female staff from the project management office were gazing in their direction. He desperately tried to leave the place because he was worried that someone would recognize him.

"Hey, why are you in a hurry to leave? Don't go since we are friends after all." Suddenly, Qin Nuan grabbed Chen Hao by his collar.

Ha! It seems Chen Hao had really become a poor loser this time. Qin Nuan was pleased to see Chen

Chapter 450 A Predicament

Hao's miserable predicament.

"All of you, come over here and have a look! Let me introduce you to the famous Chen Hao!" Qin Nuan waved at the male and female staff from the project management office. The female staff, dressed in business formal attire, were fresh out of college. They covered their mouth and sneered at Chen Hao.

"Damn it, you might as well be dead if you live like this!"

"That's true, but at least he's supporting himself by working here!"

Working as high-positioned management personnel, they obviously looked down on Chen Hao.

"All of you, don't ever look down on him. Do you know who he really is? He used to be Young Master Chen who was very rich and drove a luxurious car that all of you can never afford to buy!" Qin Nuan introduced scornfully.

"Huh? Really? A rich young master?"

"Tsk, tsk. Who would have thought?"

"But he sure doesn't look like one now!"

The girls made fun of Chen Hao.

Chapter 450 A Predicament

"All right, Chen Hao. I don't mean to be rude, but judging from that look of yours, I bet you lost your girlfriend too, so I'll introduce you to some of the girls from our company here. Who knows? Someone might be interested in you and agree to be your girlfriend, am I right?"

"What do you say, girls? What do you think of Chen Hao? Whoever wants to be his girlfriend can register now!"

"Ha! You go!" The girls tried to hold back their laughter while they playfully pushed a girl forward, and the girl panicked. "Why don't you guys go? You guys are always teasing me. It's so irritating!"

"Thanks, but no thanks. I'll take my leave now." Chen Hao lowered his head and was about to turn and leave.

"Wait a minute! You forgot your pay. I overheard your argument with Fatty Shen just now about whether he should give you 90 or 100. It's just 10. How can a big company like us be taking advantage of you over a mere 10? Young Master Li, am I right?" Qin Nuan asked in a coquettish voice.

"That's right!"

"So, I'll pay you. Girls, come over here and give me some money!" Qin Nuan signaled a few girls from

Chapter 450 A Predicament

the project management office. They understood Qin Nuan and presented a huge bag to her out of nowhere. The bag was full of five-cent coins.

"Here's a bag of coins no less than 100. It's your pay. Oops!" When the bag almost reached Chen Hao's hand, Qin Nuan dropped the bag on purpose, and it fell onto the ground. The coins were scattered all over the ground.

"I'm so sorry, Chen Hao. How clumsy I am to drop the bag!" Qin Nuan said. "How about you pick them up from the ground one by one and count them yourself?" Qin Nuan then took a deep breath and drank all the water from her bottle that was in her hand before throwing it at Chen Hao. Qin Nuan then left the place with her body swaying annoyingly from left to right.

Chen Hao crouched down, picked up the coins carefully, and kept them in his pocket. He then slowly left the workplace in despair.

Night arrived and the sky had grown darker. Chen Hao walked all the way back to the village after buying his dinner. He stopped at the doorstep of Uncle Qin's old house. Every day after work, Chen Hao would come over to check whether Uncle Qin had returned from his trip. Today, he was surprised to see Uncle Qin's house door open and his house was brightly lit.

Chapter 451 Stay by My Side From Now On

Back then, Chen Hao had visited Mr. Qin's house once.

Regrettably at that time, Chen Hao thought that it would be a burden to bring along Mr. Qin with him.

Originally, he wanted to help Mr. Qin settle down in his home.

However, Su Ziyue felt that Mr. Qin would be all alone. Moreover, Mr. Qin was willing to follow him around.

Therefore, he brought along Mr. Qin to stay in his mansion with him.

To his surprise, the only person that he could rely on now turned out to be Mr. Qin.

After running into the house, he was met with a sumptuous spread of food on the table.

"Mr. Qin, are you here?" asked Chen Hao.

"Who is it?"

At this moment, a middle-aged woman, who had an apron around her waist, came out from around the corner carrying a plate of dishes.

Chen Hao was stunned.

Chapter 451 Stay by My Side From Now On

"I-I am looking for Mr. Qin! Qin Yifan!"

The woman looked at Chen Hao, who was dirty all over, and couldn't help but said in disgust, "Fan is up in the mountains and hasn't returned yet. Why are you looking for him?"

"I have something to discuss with him but I'll wait for his return first. Since you are having guests over, I'll wait for him outside then."

Chen Hao thought to himself, Is Mr. Qin attracted to younger women? He even found himself a wife! Come to think of it, I did give him a substantial amount of retirement money before he left.

However, he felt that it would be inappropriate to ask this question now. So, he planned to wait outside.

"Hey, wait a moment. What is your name?" asked the woman as she seemed to have recalled something.

"Chen Hao," said Chen Hao.

"Oh my, so you're Chen Hao! Fan has asked me to wait for your arrival since several days ago. He has informed me to put you up in my house first should you come to find him. However, I haven't seen you even after coming over to Fan's house these few

Chapter 451 Stay by My Side From Now On

days.”

“Mr. Qin knew that I was coming?”

“Yes, he informed me that seven days ago before heading up to the mountains. He told me that you are a young master, yet when I saw you just now... Haha!”

Chen Hao took a look at his own attire and couldn't help but smile bitterly.

At the same time, he felt that Mr. Qin was quite a strange man. How could he have known that I have gotten myself into trouble?

However, it wasn't the time to dwell upon this matter now.

“You came here at the right time as Fan will be returning today. I have made him a feast and it just so happened that you came along! Come take a seat. Here, have some tea,” said the woman warmly.

After striking up a conversation with her, Chen Hao learned that the woman hailed from the same village as Mr. Qin. She asked him to address her as Madam Mei. However, she wasn't Mr. Qin's wife as Chen Hao had originally thought. Instead, she was Mr. Qin's godsister.

Chapter 451 Stay by My Side From Now On

Madam Mei was a chatterbox.

She rambled on about many things.

Frankly speaking, something did happen between her and Mr. Qin.

Back then when Mr. Qin returned, Madam Mei was a widow who had been diagnosed with a serious illness. Thanks to Mr. Qin's medication, she managed to recover from it.

In addition to that, Mr. Qin, who was regarded as a lunatic in the past, suddenly became rich.

Due to his heroic act and fairly well conditions, Madam Mei fell in love with him during her twilight years.

Alas, Qin Yifan refused to be in a relationship with her no matter what.

In the end, she could only regard him as her brother.

Hence, that was how they ended up this way.

"Mei, come help me store these herbs in the house!"

At this moment, a deep voice was heard outside the door.

Chapter 451 Stay by My Side From Now On

Chen Hao instantly knew who it was just by listening to that voice.

He quickly stood up.

"Mr. Qin?"

"Grandson? You came! How many days has it been since you arrived?"

Mr. Qin was still the same.

However, he looked sharper compared to before.

It must have been Madam Mei's doing.

He looked rosier compared to when Su Ziyue was waiting on him back then.

At that moment, he was carrying a bag of herbs with him.

"I just arrived," said Chen Hao.

"What's wrong, Grandson? Did something happen?"

Mr. Qin chuckled.

"Yes," said Chen Hao. "I have nowhere to go now, and I can only rely on you!"

Chapter 451 Stay by My Side From Now On

"Hehe. It has been several days since I asked Madam Mei to wait for you. Judging by your appearance, you must have gone through a difficult time these past few days. Come, we have already prepared a feast for you. Come in and have a drink with me."

Mr. Qin gave Chen Hao a pat on his shoulders.

"It seems that the Mo family have forced you into a tight spot. Seriously, with the huge amount of wealth that the Chen family has, why don't they have the courage to take on the Mo family?" asked Mr. Qin casually as he smoked his cigarette. After they had their fill, both of them started chatting with each other.

"Mr. Qin, did you know early on about the Mo family?"

Chen Hao realized that Mr. Qin was definitely mysterious as he knew a lot of things.

Mr. Qin was very frank this time and nodded his head.

"I know a thing or two. However, going by the words of youngsters nowadays, I have never fully understood this kind of second-rated family."

"Second-rated family?"

Chapter 451 Stay by My Side From Now On

Chen Hao was stunned.

"It means a family that was formed by a group of idiots. They called themselves the Hidden Tribe. Bah! With their physique, how can they be worthy of the Mysterious Clan's name?"

Mr. Qin shook his head silently.

"I have seen their capabilities with my own eyes. The Chen family's defenses are strong, and we have several skilled fighters. However, Mo Changkong only brought along a few men with him as if he was entering an undefended territory."

"Stop your nonsense! The skilled fighters that you mentioned, are they of the same level as Tian Long and Di Hu? Haha! Tian Long and Di Hu are considered skilled fighters? Why don't you ask them whether they're embarrassed to call themselves that?"

Mr. Qin waved his hands helplessly.

Chen Hao did not utter a single word.

After he thought about it for a moment, he lifted his head and asked, "Mr. Qin, do you know the League of the Sun?"

"The League of the Sun? Why do you ask?"

Chapter 451 Stay by My Side From Now On

Mr. Qin was obviously shocked.

Chen Hao then told him the ins and outs of the entire situation.

"I know a thing or two. It's not that I'm underestimating the Chen and the Mo family, but they should temporarily banish this thought, and that includes you as well!"

"Why?" asked Chen Hao.

"The less you know, the better. Grandson, have you been practicing the five techniques as well as the breathing techniques that I have taught you?"

Mr. Qin looked at Chen Hao and smiled.

"Yes!"

Mr. Qin nodded his head. "So what are your future plans?"

Chen Hao sighed and said, "I am currently broke, and Mo Changkong is searching for me everywhere. I can't go anywhere for now, so I can only rely on you."

"Hehe! You made the right decision, Grandson. To be honest, even if you did not come looking for me, I would have sought you out sooner or later as this is

Chapter 451 Stay by My Side From Now On

our fate. You can stay by my side from now on. Soon, you will understand why I refer to the Mo family as a second-rated family.”

Qin Yifan patted Chen Hao’s head.

“By the way, Mr. Qin, I have another question!”

“Ask away then.”

“Why did you look for me back then? I don’t think you did it without any reason.”

In fact, Chen Hao had always been puzzled about this.

“I will still give you the same answer. It’s better if you do not ask about it. I will tell you when the time is right. For now, you can just stay by my side with a peace of mind and learn from me.”

“Learn? What should I learn?” asked Chen Hao.

“Learn some skills, my idiotic Grandson! Don’t you understand why you ended up this way? If you had any abilities at all, you wouldn’t be chased around everywhere like a dog by Mo Changkong. I did warn you about this before I left the last time.” Qin Yifan was agitated.

Indeed, before Mr. Qin left that day, he did tell Chen

Chapter 451 Stay by My Side From Now On

Hao that he had to have other abilities apart from money.

However, Chen Hao did not have the time to learn anything. Moreover, he did not see the need to learn it.

It wasn't until he had to flee for his life from Mo Changkong's pursuit that Chen Hao realized, aside from money, he truly did not have anything else.

Chapter 452 Metamorphosis Part 1

"Mr. Qin, what do I need to learn?" asked Chen Hao.

"You have to learn everything that I know, so take your time. Chen Hao, you have a good physique. For the past seven days, I have picked these herbs especially for you. You just need to soak yourself in these herbs to strengthen your physique, coupled with my acupuncture treatment, you can rest assured that I will make you into a skilled fighter!"

"You were picking these herbs for me the past seven days?"

Chen Hao was extremely touched when he heard this.

He couldn't help but think back to their first meeting, and his attitude toward Mr. Qin then. At the same time, he also recalled the help that Mr. Qin gave him whenever he was around.

Even now, Mr. Qin still had his best interest at heart.

Although Mr. Qin wasn't his real grandfather, Chen Hao felt closer to him compared to his own.

At that moment, in order to live up to Mr. Qin's expectations, Chen Hao nodded his head solemnly.

Hence, Chen Hao stayed behind in the village and followed Mr. Qin wherever he went.

Chapter 452 Metamorphosis Part 1

In a blink of an eye, six months had passed...

At this moment, in the Chen family's secret room in the Southern region.

"Are there any news of Chen Hao?"

Over the past six months, Chen Jindong looked much older now. Even his hair had turned white.

On the other hand, Yang Yuping had been crying every single day.

"Master, when I was escorting Young Master Chen to the Southwest region back then, we were pursued by some forces there whereby I stayed behind to protect Young Master Chen. I only knew that he went to a village to seek out an elderly person with the surname Qin. After Miss Su told me the address, I secretly went there a couple of times. However, that place had long been evacuated, and they had disappeared without a trace."

Li Zhenguo had not been sitting around idly, instead, he had been secretly looking for Chen Hao for the past six months.

Unfortunately, after searching for half a year, it seemed that Young Master Chen had vanished from the surface of the Earth. There was no news of his whereabouts at all.

Chapter 452 Metamorphosis Part 1

"It's all your fault. If you had been tougher back then, Chen Hao wouldn't have to leave the family. As of now, we don't even know whether he is dead or alive," said Yang Yuping anxiously.

Chen Xiao cried as she tried to console her mother.

"Chen Hao did not bring along his identity card, and he lost his bank cards as well. Moreover, he is being hunted by that b*stard, Mo Changkong. Where could he have hid himself? What if he had already fallen into Mo Changkong's hands," said Yang Yuping as she got more frightened.

"I don't think so. If Chen Hao had fallen into Mo Changkong's hands, he would definitely use Chen Hao to threaten me at the first opportunity. He had been making up excuses these past six months, but he hasn't found him yet, right? Otherwise, Chen Hao would have definitely been his biggest bargaining chip. By then, he knows that we would cooperate with him. Hence, he would have threatened us earlier if he had found Chen Hao," said Chen Xiao.

"Xiao is right. Don't worry, I believe in our son. He will definitely be alright. Su Ziyue, can you help your aunt back to her room to rest?" said Chen Jindong.

Su Ziyue also shed some tears as she stood by the sides. At that moment, she nodded her head and said, "Yes, uncle."

Chapter 452 Metamorphosis Part 1

“Ok, everybody, please leave now. I need some time alone,” said Chen Jindong.

After everybody left, Chen Jindong put his hands behind his back. His face was filled with sorrow.

“Chen Hao, where have you hidden yourself? If I had known earlier that this would happen, I would have sacrificed everything than let you take such a huge risk upon yourself.”

Chen Jindong’s original plan was...

Although Chen Hao had severed his ties with the Chen family, how could he just leave him be like that?

He would have definitely sent out the Chen family’s best fighters to protect him in secret. In short, he would not allow Mo Changkong to find an excuse to harm him.

It wasn’t a difficult plan.

However, not only did he overestimate the ability of the skilled fighters he had trained over the past few years, he had severely underestimated Mo Changkong’s subordinates as well.

That night in the Qing City six months ago, if it weren’t for his subordinates’ indomitable attitude,

Chapter 452 Metamorphosis Part 1

Chen Hao wouldn't have been able to escape.

Chen Jindong clenched his fists.

Although he was rich, he finally came to realize that money wasn't everything.

He did not know what to do anymore. He really had no idea at all!

"Master!"

At this moment, his butler, Fu, walked in.

"What's wrong?"

"Mo Jian from the Mo family took a liking to the Cloud Mansion that the Young Master bought in Jin Ling. He wants to know how much you are willing to sell it for."

"You mean Mo Changkong's third son, Mo Jian?"

Chen Jindong clenched his fists.

"That's him."

"Haha! In the past six months, has he ever stopped asking for things? He wants to buy the mansion? Hah! Isn't his intention clear enough? Tell him I am not selling it!"

Chapter 452 Metamorphosis Part 1

Chen Jindong slammed the table heavily.

In terms of the assistance provided by the Mo family to the Chen family in pursuing the League of the Sun, although Mo Changkong could not find an excuse to intervene in this matter, he managed to get his third son into Mo Weiping's team by using the excuse that this was a good opportunity to allow his son to hone his skills.

However, Mo Jian started plundering everything the moment he arrived. Chen Jindong could only grit his teeth and tolerate him again and again.

At that moment, he bellowed in anger.

"But Master, Mo Changkong had already been keeping an eye on the Chen family for a long time. In addition to that, if Mo Jian is not satisfied and starts causing trouble, it would be very bothersome," said the butler helplessly.

"Fine, give it to him. I'll leave this matter to you then."

Chen Jindong waved his hands impatiently.

8 billion was nothing in Chen Jindong's eyes.

However, he was pissed with Mo Jian's approach.

Chapter 452 Metamorphosis Part 1

Alas, he did not have a choice now.

“So, how did it go? Did Chen Jindong agree to it?”

Outside, a rich Young Master was seen sitting with one leg over the other as he casually savored his tea.

“Nice to meet you, Young Master Mo. Our Master said that since you like the Cloud Mansion so much, he will give it to you as a gift. There is no need for you to buy it.”

Although the butler said those words, he could not wait to eat this b*stard alive.

“Excellent. I see that Chen Jindong understands the situation that he is in. Everyone, let’s go then. Let’s leave this boring Southern region and go to Jin Ling to enjoy ourselves for a few days.”

With that, Mo Jian strutted away with his subordinates.

At the same moment, in a small-town restaurant in the Southwest region...

The restaurant was almost similar to a farmhouse as there was a vast expanse of mountains beside it, and a huge river could be seen snaking across the other side of the mountain. It was indeed an

Chapter 452 Metamorphosis Part 1

enchanting scenery.

Therefore, there were often many so-called upper-class people who came here to travel and explore the surroundings.

“You better give me a f*cking explanation today! Do you know how expensive my clothes are? That’s right. Get your boss over here! Damn it, I see that you are tired of living!”

A woman in her thirties with heavy makeup was seen grabbing the collar of a young man. Instead of releasing her grip, she started scolding him in a loud voice.

What happened was, a group of seven to eight men and women came to this restaurant to have their meals. They did not look like good people at all. Alas, the young man, who was the waiter responsible for bringing them their food, had accidentally spilled some vegetable soup over the woman’s body.

Hence, they ended up that way.

More importantly, it was because these people thought that the boss of this restaurant was an easy target.

“I am sorry! I really am sorry! Here, I will clean it for

Chapter 452 Metamorphosis Part 1

you.”

The young man quickly apologized and proceeded to clean up the mess he made.

Slap!

Unexpectedly, the woman gave the young man a slap on his face. “Damn it, you better take your grubby hands off me. Look at you! How dare you touch me?! Mr. Biao, look at his attitude!” said the woman in a rude and unreasonable manner.

At the same time, she turned to look at the hunk beside her, who had a buzz cut and a tattoo of a dragon.

Slam!

The hunk walked up toward the young man and gave him a kick to the stomach. The young man was sent flying, knocking into a few tables and chairs.

At this moment, many people were having their meals in the restaurant. They could only stare in shock at the scene before them.

Chapter 453 Metamorphosis Part 2

"Brother!"

At this moment, a girl with a ponytail came out from the kitchen carrying some dishes.

When she saw that the young man had been beaten up, she quickly put down the dishes and rushed toward him.

"Why did you hit my brother?"

The girl launched herself toward them and asked them with her eyes all red.

"Why did I beat him? Hmph! Just look at this, he has soiled my clothes. How could this restaurant hire such a muddle-headed waiter like him? Don't you think he deserves a beating? Damn it! So how should we settle this then? If you don't compensate me for my clothes, I will destroy your restaurant!" said the woman coldly.

"Please don't destroy the shop! Please don't!"

The young man was so frightened that he cried. Immediately, he sat up on the floor and begged.

"Brother, you don't have to beg them," said the girl anxiously.

The girl seemed to be in her early twenties.

Chapter 453 Metamorphosis Part 2

Obviously, she was a hardworking and sensible girl.

When the group of people saw that both of them were easy pickings, they started to get more rowdy.

The guys behind Mr. Biao started to loosen up their joints. Following that, a series of knuckle and neck cracking sounds were heard.

The surrounding people started to become anxious. It seemed that the siblings could not prevent those people from smashing up the restaurant. How pitiful!

“What happened here? Why are you guys fighting?”

Just then, a youth who wore a cap returned with a woman on his electric three-wheeler. Apparently, they were out to buy some ingredients.

When the woman saw that a fight had broken out inside, she quickly jumped down and walked into the restaurant.

The youth in the cap looked calm. He merely gave the insides of the restaurant a glance before withdrawing his gaze. With a cigarette in his mouth, he started unloading the stuff from the electric three-wheeler.

“Mother, it’s them. They have beaten up Brother!”

Chapter 453 Metamorphosis Part 2

said the girl quickly.

“Mother, they have beaten me up!”

The young man also sat up and began to cry.

“Hu Zi, don’t be scared. I am here!”

“Why did you beat him up?”

The woman was impatient.

“Why? Because your idiotic son soiled my clothes! That’s why!” said the woman as she crossed her arms.

“It’s just a piece of clothing, I will compensate you for it. How much money do you want? I will get even with you later for beating up my son. Why don’t you inquire around first? Then you’ll know that even though I’m a widow, I am not someone to be trifled with!” the woman roared.

“Fine. Take a look at this properly. My dress is a luxury item from Hermès. It is brand new and I only just wore it today. It cost me more than 90,000,” said the woman.

When Li Mei heard this, her temper almost died down instantly.

Chapter 453 Metamorphosis Part 2

"H-How much? 90,000? What kind of dress is that expensive?"

After all, she ran an agricultural business with an annual income of only 50,000 to 60,000. Just by spilling some vegetable soup, she had to compensate 90,000 for it?

"Haha! Country people are so ignorant. Haven't you heard of Hermès before?" said the woman proudly.

At that moment, Li Mei was speechless.

When she took a look outside and saw that these people drove a Land Rover G500, she knew that they weren't someone to be trifled with.

At that moment, she was put into a difficult position.

The customers in the shop also gave her a sympathetic look.

She had no other choice other than to admit that she was indeed unlucky.

Just when both sides were preparing to have a confrontation, unbeknownst to everyone, the youth in the cap had walked in after unloading the stuff outside just now.

He went over to the woman's side. As she was

Chapter 453 Metamorphosis Part 2

wearing a long dress, he grabbed the area near the woman's thigh and started feeling the material of the dress.

"Ah!"

The woman let out a shrill scream.

"Y-You, what do you think you are doing?"

Mr. Biao was pissed. He then moved his neck from side to side, producing some cracking sound. It was obvious he was getting ready for a fight.

"It's a fake!"

The youth in the cap shook his head and said, "You have been deceived."

At the same time, the youth took off his cap, put it aside and flicked his cigarette butt away.

The moment he removed his cap, the crowd in the restaurant finally saw his face clearly. Although this youth looked thin, he gave off quite an intimidating aura. Moreover, he had a good-looking face.

When the woman heard this, she started to feel anxious.

"Are you blind? This is the real thing! How could you

Chapter 453 Metamorphosis Part 2

say it is a fake? I think you just don't want to compensate me for the dress. I guess you won't know how powerful I am unless I give you a beating."

The woman threw Mr. Biao a wink.

Mr. Biao and his men instantly surrounded the youth.

"Fine then. I know that you guys are powerful. However, I never tell a lie as to whether it's a fake or an authentic item."

With that, the youth grabbed the woman's dress and ripped it apart.

"Ah!"

The woman let out another shrill scream.

"If you don't believe me, you can take a look yourself. The authentic luxury item from Hermès uses a special raw material. However, take a look at this. This dress is made out of cotton fibers. I guess you got this smuggled good from another place. It is worth 2,000 at most!" said the youth.

The woman wanted to curse again.

Nonetheless, she was shocked when she heard his

Chapter 453 Metamorphosis Part 2

words.

Even Mr. Biao who wanted to start a fight was stunned as well.

Both of them looked at each other.

It was because this youth was right. The dress was indeed a smuggled good which they had bought for 1,999 after a discount as it was a counterfeit.

"Hence, we will only pay you 2,000 for it," said the youth with a smile.

"Madam Mei, please bring 2,000 here."

"Ok!"

Madam Mei nodded her head.

The youth then gave the money to Mr. Biao.

On the other hand, Mr. Biao was humiliated by this youth in front of the crowd. More importantly, the youth actually took advantage of his own girlfriend. How dare the youth tore up his girlfriend's dress without permission?

Moreover, he actually pointed out that the dress she wore was a counterfeit item in front of the crowd.

Chapter 453 Metamorphosis Part 2

If he were to leave just like that, then he would be better off dead.

“You really are something. Even if this is a counterfeit item, how dare you rip my girlfriend’s dress?! Just by this alone, I will make sure you never walk again!”

Mr. Biao was pissed.

He threw a punch directly to the youth’s face.

Slam!

A sound was heard.

Mr. Biao’s fists were caught by the youth directly.

Then, the youth exerted a small amount of force.

“Ah! Ouch! Ouch!”

Mr. Biao screamed in agony.

At the same moment, terror welled up inside him.

Although he was bigger than this youth, how could this youth have such a powerful arm strength?!

“Do you wish to fight? Then that is a whole different story!”

Chapter 453 Metamorphosis Part 2

The youth smiled.

He exerted another force with his wrist and a cracking sound was heard from Mr. Biao's arm as it bent upward at an awkward angle.

Following that, the youth lifted his leg and kicked Mr. Biao away. He then fell backward with his head over his heels.

"Ah! My arms!" Mr. Biao screamed in agony.

His lackeys were dumbfounded.

Just now, when the youth was able to catch Mr. Biao's fists, and he was able to exert such a tremendous force that a cracking sound was heard, they felt that this youth was formidable.

With his skills, it was inevitable that they would get their bones crushed if they were to get into a fight with him.

Hence, at that moment, they did not dare to move.

"Don't worry, the pain won't last for long."

The youth squatted down.

Mr. Biao, who was shouting in agony just now, was currently looking at this obviously deformed arm.

Chapter 453 Metamorphosis Part 2

Indeed, the pain had actually subsided.

However, with the way that his arm was bent, it was definitely terrifying to look at.

At the same time, when he saw the youth looking at him with a faint smile, he realized how horrifying he looked.

With his face full of sweat, he asked, "Y-You, what do you want?"

The youth smiled and gave him a pat on his shoulders. "Mr. Biao, there are many customers here, so I cannot do anything to you. Didn't you want some sort of compensation? Come, let's go out and have a chat."

Chapter 454 Are you a Devil?

Mr. Biao gulped.

The woman was also slightly afraid.

She was worried that the youth would break her arm just like that as well.

At the moment, they were tailing behind the youth as he walked toward the backyard.

As they arrived at the backyard of the house, the youth slammed the door hard with a loud bang.

Both Mr. Biao and the woman shuddered in fear.

They had no choice but to follow him here as there was no way Mr. Biao could leave his arm in such a state.

Mr. Biao did not want to lose out and wanted to seem imposing, thus with a cold stare he said, "You better treat and heal my arm otherwise I would not let you go! Why don't you go and ask around..."

"Alright, alright. Like I said, I know you all are very powerful, so let's talk!" The youth interrupted him.

The woman then said, "Haha, as long as you treat my boyfriend's arm, we will not ask you for extra compensation!"

Chapter 454 Are you a Devil?

Slap! The youth sent a hard slap to the woman's face.

The woman instantly collapsed to the ground.

The slap left her in a daze and completely lightheaded.

Right after that, the youth proceeded to twist Mr. Biao's other arm.

Mr. Biao laid on the ground and cried out in pain due to the deformation of his arm.

A horrific expression plastered all over his face.

"So how do you all want to do this?"

A cold look flashed across the youth's face.

In a fearful voice, Mr. Biao said, "W-We don't need to talk about this. Just let us go! We don't need to talk about this!"

The youth asked, "How about the compensation of 2,000?"

"W-We'll give it back! We don't want it anymore!"

Mr. Biao was completely helpless in front of the youth now.

Chapter 454 Are you a Devil?

After all, it was not his first day mingling around in the open. He certainly knew that the youth was not someone to mess with.

The youth said, "That's good. So you guys are doing this willingly right? I am not forcing you at all!"

"Yes! Yes! We are doing this willingly!"

At that moment, the youth took out the 2,000 from within Mr. Biao's pocket.

"By the way, since you guys have beaten up Hu Zi earlier, the hospital bills should be around 2,000. He probably needs to head to the hospital and get some tests done. As you can see, there are no such facilities within our small town. Therefore, he has to visit the hospitals in the county in order to get checked out. And boy, it's going to be expensive!" said the youth.

"Of course! We will compensate him! Here's 2,000!"

Once again, the teenager spoke up, "Also..."

Mr. Biao was in so much pain and agony that he could barely breathe when he said, "There's still more?"

Slap!

Chapter 454 Are you a Devil?

The youth went up and slapped him on the face.
“You dare to question me while I'm speaking?”

“Of course not! Please continue!”

“Also, as you all were beating up Hu Zi just now, you ended up destroying the table and chairs here as well as some pots and pans. All these costs add up to about 500, might as well round it up to 1,000. So you all need to compensate for that as well!”

“We will compensate! We will pay for everything! Brother, please help me. I cannot stand it anymore. My arm feels like it's being bitten by thousands of bugs!”

Mr. Biao's face was stark white as he rolled around on the ground in pain.

The youth said, “Alright then. If you guys had been this complying from the beginning, we wouldn't have to waste so much time going through all these trouble. Lastly, don't think that you can act superior just because you are rich!”

He then twisted Mr. Biao's arm again.

Only, a miracle happened this time. Mr. Biao felt that his arm was not only fully recovered but it no longer hurt.

Chapter 454 Are you a Devil?

Mr. Biao was drenched in cold sweat as he spoke, "I will take this as a lesson. Brother, I will forever remember this lesson!"

"We will go and gather the money as compensation now! It won't be a penny short!"

Mr. Biao dragged the woman, who could barely gather herself together, and rushed out in a hurry.

The woman cried and said, "Mr. Biao, are we going to leave just like that? I am not giving up!"

She had a gloomy and bitter look on her face.

Mr. Biao pulled on the woman's arm and signaled her to be quiet.

In actual fact, he had similar thoughts in his mind. Leave just like that? Haha, why don't he go around inquiring about my identity. Once I head back, I'm going to gather some men and take advantage of the darkness at night to flip this place around. Then, I will capture that youth and sever his limbs in order to release my anger and hatred. Want of forbearance in small matters confounds great plans. I only have a few men with me, thus I cannot retaliate against this kid now!

"Mr. Biao, hang on a minute!"

Chapter 454 Are you a Devil?

Just then, the youth came out of the room and waved his hands at Mr Biao.

Mr. Biao asked, "Ah? Brother, what's up?"

The youth said, "Come back for a short while, I've forgotten something!"

Mr. Biao then walked back inside.

"Earlier, it had slipped my mind that if I were to let you guys go like that, I wouldn't feel too at ease!"

Mr. Biao said, "Brother, what is there to worry about? I have seen how capable you are and how you would punish me! I wouldn't dare to offend you again!"

Although the youth looked like he was around twenty-two years old, Mr. Biao had no choice but to address him as 'Brother'.

The youth then said, "You might not dare to offend me now but what if you went back and gathered more people? Then, you would utilize the darkness of the night and flip my store around. Furthermore, you wouldn't let me go after capturing me. You would even sever my limbs and render me incapacitated for the rest of my life!"

Mr. Biao's eyes almost popped out. He was in total daze as he looked on at the youth.

Chapter 454 Are you a Devil?

The heck? This guy know how to read minds?

How is he able to put my thoughts into words?

Mr. Biao became even more terrified as he stared at the youth. It was as if he was looking at a devil!

Mr. Biao nervously uttered, "Brother, how would I? I wouldn't dare to do so!"

"Just in case, I need to have some sort of assurance!"

Upon that, the youth used both his hands to pinch onto the jaws of Mr. Biao and the woman in order to pry open their mouths.

He then flicked his index fingers and sent something down their throats.

"W-What is that? What did you feed us?"

Both of them were spooked out of their minds.

"This is a poisonous parasite! I believe you all should feel a slight pain in your bellies now?"

"Ah?"

Just as expected, both of their faces turned green.

Chapter 454 Are you a Devil?

They tensed up as they came to realize that there was a slight pain in their belly area. Immediately, they clutched their arms around their abdomen.

“Brother, have mercy! Spare our lives!”

At that moment, Mr. Biao and the woman panicked.

“It's okay, it won't cause any danger to your life right now. On the contrary, this object that entered your body would bring you a lot of benefits. For example, the kidney deficiency you have would go away and you'll be back to normal in less than a month!”

The youth patted Mr. Biao on the shoulder and said, “Do you feel something warm flowing through your kidney area right now?”

Mr. Biao took a moment to sense it and then he nodded his head vigorously. “Yes, yes, yes! There really is!”

“That's good then. However, let me get things straight. The water that bears the boat is the same that swallows it up. Thus, if you guys wish to take revenge in the future, this object would be able to take your lives at any time. It would gobble up your intestines and organs from within. No medication would be able to save you!”

The youth said with a solemn look on his face.

Chapter 454 Are you a Devil?

Upon hearing that, both Mr. Biao and the woman's legs trembled in fear.

They nodded fervently at the same time. "Brother, I understand! I understand!"

The youth then said, "Alright then, you guys may leave now!"

Both of them sat off in trepidation toward the reception. They threw 5,000 down onto the counter and left in a hurry with their men.

With both hands on her hips, Li Mei scolded, "Don't leave! I thought you all were rather arrogant just now?"

She shouted while counting the money and grinning happily.

Madam Mei looked at the youth and said, "Chen Hao, it's all thanks to you. Hahaha, I even managed to earn another 5,000! Only you would know how to deal with people like them!"

"Brother Chen Hao, tell us how you spook Mr. Biao this time around!"

Indeed. This youth was none other than Young Master Chen from those days... Chen Hao!

Chapter 454 Are you a Devil?

Chen Hao then reverted back to his usual self and with an innocent smile, he narrated the story.

A girl asked, "Gosh, you didn't really feed them a poisonous parasite right?"

Chen Hao lowered his voice as he smiled and said, "No way, I only pressed down onto a few of their acupoints in order to scare them! Sigh, there is no other way to deal with people like them. They have to be dealt with in this manner otherwise they would repeatedly return to take revenge!"

Chen Hao shook his head and gave a bitter smile. All of a sudden, he thought of something and said, "Oh right, I forgot that I have to go and collect something. I'll be right back!"

With that, Chen Hao ran out, got onto his electric three-wheeler and took off.
