

Chapter 364 He's... Done For

Ooh la la!

The moment the guests heard this, every single one of them quickly got up from their seats before shifting their glances toward the inner courtyard.

Under the watchful gazes of the crowd, a young man slowly made his way to the yard while a group of seniors from the Bai Family surrounded him with respect.

He was Young Master Bai Chen of the Bai Family Group in Jiangnan!

Seeing Bai Chen's appearance, most of the guests at the yard put on an apparent ingratiating look; every one of them quickly bowed politely and greeted him.

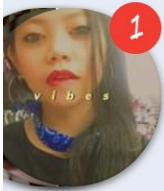

"How are you, Young Master Bai Chen? I am Li Fengda, the Chairman of Fengda Group!"

"I've heard a lot about you, Young Master Bai Chen. I..."

"..."

Bai Chen was showered with flatteries. At this moment, all the high-ranking leaders in Jiang City were cottoning up to him, revealing all their ugly behaviors.

However, Bai Chen still had a cold and arrogant look on his face throughout his encounters. When he entered the

Chapter 364 He's... Done For

yard, he asked immediately, "Is the New Bai Family Group here yet?"

The New Bai Family Group?

The moment he voiced out his question, almost everyone's gaze simultaneously turned toward that corner again.

After seeing Lin Fan and his family of four, a scornful smile appeared on the corners of Bai Chen's lips. Leading Old Master Bai and the rest of the people behind him, he walked up to Lin Fan.

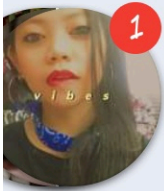

As the group of people approached Lin Fan and his family, Bai Yi and her family started to break out in a cold sweat.

"Young Master, this is the b*stard who shattered our brother's cheek bone!"

Bai Wen and Bai Wu instantly clenched their teeth out of fury when they saw Lin Fan.

What?!

The surrounding guests were baffled when they heard this. It was apparent that had just come to know about Lin Fan's audacity to beat up Young Master Bai Chen's bodyguard.

Chapter 364 He's... Done For

H-He was simply dicing with death!

In the blink of an eye, the guests in the yard were looking at Lin Fan with a totally different gaze once again.

He was not a useless person; he was a maniac, a fool!

After hitting Bai Chen's bodyguard, he still dared to show up in an arrogant manner to ingratiate himself with Bai Chen. What else could he be if he wasn't a fool?

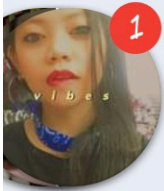

"So, you're Lin Fan?" Bai Chen fixed his cold and bone-piercing gaze on Lin Fan.

Hearing this, Lin Fan put on a faint smile and nodded.
"That's right!"

"Very well! You are very gutsy, young man! You beat my men and disobeyed my orders, yet you still have the courage to show up here! Not bad!" Bai Chen clenched his teeth. The sarcasm in his words made all the people around him shiver.

However, Bai Chen then averted his gaze and stared at Bai Yi as he asked grimly, "What about you? I asked you to bring the New Bai Family Group's company stamp and the contract asset over. Did you bring it?"

The company stamp and the contract asset?

Chapter 364 He's... Done For

These were the essential elements needed to take over the New Bai Family Group!

Bai Yi's face turned ghastly pale when she heard this; there was an intense look of panic on her face.

However, before she could answer him, Lin Fan—who was standing at the side—replied smilingly, “We didn’t bring them! However, have you guys prepared the Bai Family Group’s company stamp and property agreement?”

What?!

The Bai Family Group’s company stamp and property agreement?

Was this brat insinuating that he was not here to take over the New Bai Family Group, and was intending to take over the Bai Family Group instead?

Wow!

As soon as Lin Fan finished speaking, there was another uproar among the guests in the yard once again.

Every one of them were looking at Lin Fan as if they were looking at a madman.

“Oh my God! This loser is so arrogant! Where did he get the courage to declare that he wants to take over the Bai

Family Group in front of Old Master Bai and Young Master Bai Chen?"

"He's crazy! This brat has certainly gone mad—only a madman would do such a thing!"

"Just wait and see. Young Master Bai Chen surely will not forgive him!"

" ... "

The surrounding guests began to gossip among themselves.

In everyone's eyes, Lin Fan was simply a fool for angering Bai Chen now.

As expected, Bai Chen, Old Master Bai, Master Bai Hai and Master Bai Chuan's faces slowly turned sullen when they heard what Lin Fan had said.

In particular, Old Master Bai was so furious that his lungs were on the verge of exploding out of fury.

"Very well! Lin Fan, you want to take possession of my Bai Family Group, right? I will grant your wish!"

Old Master Bai's gaze was sullen and cold as he stared at Lin Fan dead in the eyes and said, "If you can walk out of the Bai Residence alive today, I will personally hand you the company stamp and property agreement!"

Wow!

A killing intent?

Almost everyone could hear the extreme killing intent in old Master Bai's voice.

The crowd also noticed that Old Master Bai and the rest of the Bai Family were staring at Lin Fan like they were staring at a dead man.

Even Bai Chen was also staring at Lin Fan with a vicious look on his face. He then said frighteningly, "Lin Fan, you're the gutsiest son-in-law that I've ever met. It's a pity that you think that you can go against our Bai Family Group in Jiangnan just because you have some influence. Just you wait and see! We will give you a huge surprise that you will never forget for the rest of your life in a few moments!"

As soon as he finished talking, Bai Chen waved his hand and led Old Master Bai and the rest of the people away from the scene, heading toward the seat for the host.

After they had left, streams of sweat trickled down from Bai Yi and her family members' foreheads.

The family of three looked as pale as a sheet; there was fear and panic on their faces which could not be disguised at all.

"Lin Fan, why did you act so impulsively? Your words have truly angered Old Master Bai! They would most probably want to hurt you!"

"That's right, Lin Fan. You've acted so impulsively. What are you going to do now? If they want to kill you, the consequences would be..."

"..."

Bai Yi and her family were extremely anxious.

He was done for!

They could clearly sense the killing intent from those people; it also meant that Lin Fan would probably have a hard time leaving this place alive today.

However, what surprised Bai Yi and her family was that Lin Fan did not seem to realize that he had brought trouble upon himself.

He rubbed his nose and said smilingly, "Dad, Mom, honey—don't you worry. All you have to do is to wait for me to get the company stamp and acquire property agreement!"

What?

Bai Yi and her family were stunned when they heard this.

Get the company stamp?

Acquire the property agreement?

Was this brat still dreaming about taking possession of the Bai Family Group?

They simply could not wrap their heads around this.

In an instant, Bai Yin and her family fell silent; they could not stand listening to Lin Fan anymore. They only had looks of anxiety as they were thinking of ways to free Lin Fan from the oncoming trouble.

Meanwhile, the guests who were in the yard had also heard Lin Fan's remarks. Nevertheless, this only amused them even more.

"Hahaha... Did you guys hear that? This brat still doesn't know that he's in trouble. He's still thinking about getting the company stamp and acquiring the property agreement."

"Hmph! He's a fool. Does he really think that he can take over the Bai Family Group? He must be hallucinating!"

"I know, right? Didn't you sense the killing intent Young Master Bai Chen and Old Master Bai had toward him? He's... done for!"

There was a rustle among the crowd of guests.

Nearly everyone thought that Lin Fan would be doomed this time; there was no way he could make it out of the Bai Residence alive.

Old Master Bai had stood up from the host's seat when the crowd was in a heated discussion. He then waved his hand toward the crowd.

In a blink of an eye, silence had reigned the whole courtyard; countless gazes shifted toward the host's seat.

"Thank you everyone for coming to the Bai Family's dinner!"

"Today, other than welcoming Young Master Bai Chen, we have another distinguished guest who's about to show up!"

Old Master Bai's voice was deep and powerful.

The crowd who had heard him had become agitated once again.

A distinguished guest?

No one could imagine any other guests that would be more important to Old Master Bai as compared to Young Master Bai Chen to the point where he had to announce it on stage.

Everyone had a look of doubt on their faces!

Old Master Bai then continued, "This guest is well known in Jiangnan for saving countless lives, and he's also known as the living Hua Tuo!"

Bang!

All the guests in the courtyard exploded into discussions after hearing that.

The living Hua Tuo!

That would naturally be... Divine Doctor Zhang Tiangyi.

No one would have thought that Divine Doctor Zhang would be invited to the dinner as well, and this had made everyone extremely excited.

However, it did not end there.

Old Master Bai then continued saying with excitement, "Thanks to Young Master Bai Chen, we were able to invite Divine Doctor Zhang here. He has represented the Bai Clan in Jiangnan Province to invite Divine Doctor Zhang over in order to cure the Bai Family's mistress!"

"Other than Divine Doctor Zhang himself, the Bai Family has the intention of inviting the master of Divine Doctor Zhang, Divine Doctor Lin to come over as well!"

Wow!

Divine Doctor Lin!

To all the moguls in the Jiang City, hearing the name of Divine Doctor Lin was as if hearing the name of God.

It was especially during a few days back, when the news of Divine Doctor Zhang had become an apprentice to Divine Doctor Lin were spread out, Divine Doctor Lin had become the idol and God to everyone in the Jiang City.

“Oh my God, are they actually planning to invite Divine Doctor Lin as well? I’ve heard about Divine Doctor Lin being extremely mysterious, and very few people have yet to see his true appearance!”

“Exactly—I’ve heard the same as well. A few days ago, Divine Doctor Zhang has even become Divine Doctor’s Lin apprentice. They also said that Divine Doctor Lin’s medicines can effectively recover one’s youthful vigor and strengthen one’s body!”

“Hahaha... I already can’t wait to meet the mysterious Divine Doctor Lin!”

“ ”
...

Every single one of the moguls in Jiang City were very excited.

had become rather awkward.

It was especially so when the crowd realized it was actually Lin Fan who was speaking.

Whoa!

Immediately, the courtyard had burst into a rustle once again among the well-knowns of Jiang City as they started to clamor one after another.

“Lin Fan, how dare you edge in! You piece of crap, who are you to talk like that?”

“Exactly. Lin Fan, how do you know that Divine Doctor Zhang and Divine Doctor Lin would not accept the invitation? It’s none of your business! It is as though you are familiar with these two big shots. Who do you think you are?”

“Hmph! You idiot filled with nonsense!”

“ .. ”

Many of the moguls were cursing Lin Fan; every word they said was filled with despise and defiance.

Even Bai Yi and her family were so embarrassed to the extent where they could feel the burning flames on their faces.

As they felt the disdain and disgust from the crowd, they had even wanted to dig a hole for themselves to hide in.

"Shut up, Lin Fan!" Bai Yi's face was flushing with anger.

Just as she was thinking about how to untangle Lin Fan from this matter, she did not expect this fellow to trigger the crowd once again with one of his words; his ability to cause trouble was exceptional.

As for Bai Shan and Shen Yumei, they could only force out a smile and said, "Lin Fan, stop saying that. We don't even know Divine Doctor Zhang and Divine Doctor Lin, so how can you be sure that these two big shots would not accept their invitation?"

"He's right, Lin Fan. Stop embarrassing us!"

The three of them from the Bai Family tried their best to convince him, hoping for Lin Fan to hold his tongue.

After listening to what they had said, Lin Fan shrugged slightly. He put on a smile and said, "Mom, dad, honey—don't worry about it. When I say that Divine Doctor Zhang and Divine Doctor Lin won't accept their invitation, they won't!"

Bang!

Yet another word from him?

D*mn it, this idiot was not done with it yet.

The surrounding guests glanced at Lin Fan like they were looking at an idiot. Never would they have thought that this idiot would say something like this to show off.

As for Old Master Bai and the others, the expressions on their faces were ghastly pale.

Just when they were about to scold Lin Fan again, a welcoming sound was heard from outside of the courtyard.

"Divine Doctor Zhang Tianyi and Ye Tian has arrived!"

Whoa!

The attention of the crowd was attracted by the announcement.

Countless gazes simultaneously shifted toward the entrance, wanting to admire Divine Doctor Zhang's appearance.

Some of the guests had even shouted to tease Lin Fan.

"Hahaha... Did you hear that, idiot? Divine Doctor Zhang has turned up right after you said that he wouldn't accept the Bai Family's invitation. This is so embarrassing!"

"Hahaha, Divine Doctor Zhang is actually willing to turn up to this dinner; naturally, he would also accept the Bai

Family's invitation. Lin Fan, stop embarrassing yourself!"

"..."

The guests imagined that it was not that big of a deal to add trouble to it; the criticism toward Lin Fan at that moment was endless.

Bai Yi was flushing out of anger after hearing these sarcastic comments from the crowd. She was very disappointed in Lin Fan.

Click clack!

Under the watchful gaze of the crowd, they could hear two sets of footsteps.

The figure of an old and young man were seen walking in from the entrance.

The leader was an old man dressed in a sackcloth. He was old-fashioned as he had the sense of having experienced many vicissitudes of life.

A handsome-looking young man followed behind the elder.

It was precisely Zhang Tianyi and his disciple, Ye Tian.

"It's him?"

Chapter 365 A Dish That Is Worth a Million

Whether it was Bai Shan or Shen Yumei, they were both astounded to see Zhang Tiangyi.

Bai Yi was slightly startled after seeing the expressions on their faces. She then asked in a curious manner, "Mom, dad, do you know Divine Doctor Zhang?"

Do we know him?

The edges of their lips slightly twitched as Bai Shan and Shen Yumei subconsciously looked toward Lin Fan. "W- We don't know him! However, we've seen him before!"

"He was the old man dressed in a sackcloth who had praised Lin Fan for his medicines. He's also the one who had said that Lin Fan's medicine is worth a million!"

Chapter 421 Lin Fan, We Shall Meet Again in the Next Life

Whoosh. The object was fired at an extremely high speed with incredible precision. Within a split second, it hit the eyebrow razor in Bai Yi's hand.

Clang. Bai Yi felt her palm quiver before the eyebrow razor was knocked out of her hand and fell to the floor immediately.

It was so close! Bai Yi's throat was about an inch close to being slit open by the razor.

Now, all of them turned to look at the wall. Finally, they could see that the object which knocked the eyebrow razor out of Bai Yi's hand was actually a pebble.

They were very surprised and impressed because the pebble was fired at such an incredible precision and force that it didn't hurt Bai Yi at all. After it knocked the eyebrow razor over, it went straight to the wall and became embedded in it like a bullet.

Chapter 535 It's You?

Who was Lin Fan? He was the King of Blood Prison! The mighty Dark Emperor! Yet, these idiots dared to insult him repeatedly in front of them? Insult their king? This was unacceptable!

Just when they were about to take action, Lin Fan gave them a look, and the heads of the four prominent families had to subdue the rage burning within them, their faces solemn.

"Did you hear that, Lin Fan? The four family masters are saying that you deserve death. Shouldn't you get down on your knees now to apologize?" Shen Ling gloated and laughed loudly as she imagined Lin Fan's pathetic ending.

Meanwhile, Wang Mingzhe looked at him with scorn and said, "You trash! I, Wang Mingzhe, am not someone you should offend!" He then proceeded to look at Ye Shihao and the heads of the four prominent families with arrogance. "I'm very unhappy today because you all mistreated me!"

The mannerism in which he spoke was like an elder reprimanding the younger generation, pretentious and annoying! But it seemed to excite the Shen family as they felt that he sounded full of authority and power! They then gave Bai Yi a look of disdain, silently berating her in their hearts about how blind she was to reject such an outstanding man.

Chapter 535 It's You?

"Don't blame me for being rude if this happens again!" Wang Mingzhe scoffed, putting up an air of arrogance. Especially when he saw how the Shen family looked at him with admiration; he instantly puffed up with pride.

On the other hand, when Ye Shihao and the rest heard the ignorant and arrogant words of Wang Mingzhe, they almost went crazy with anger! But that was not all. After acting like a complete idiot, he showed no restraint and even snatched the glass of wine out of Ye Shihao's hand and clinked it with the other heads of the families' glasses.

"Drink up! Don't be so courteous!" he said before he finished it in a gulp.

The four masters were completely stunned, and they remained frozen for a long time, unable to recover from the shock. But when they did, their eyes were burning with rage, turning bloodshot. What did he take them for? Were they here to drink a toast to him?

Who do you think you are? Are you even fit to have a toast with us? Utterly disgusted by what had just happened, their faces were disgusted beyond words, and they looked like they had just eaten a dead mouse.

Suppressing his anger, Ye Shihao grabbed another glass of wine and continued to walk toward Lin Fan. "Mr. Lin, let me drink a toast to you!"

Chapter 535 It's You?

However, before he could get near Lin Fan, Wang Mingzhe stepped in between them with an irritated face. "Why are you so courteous? Don't try to please and butter up to me. I don't like that!" With that said, he snatched his wine and finished it in one gulp again!

The heads of the four prominent families were dumbfounded. *Please and butter up to you?*

Ye Shihao and the rest of them were on the edge of sanity! It was such a rare opportunity to meet and interact with Lin Fan, but their chances were spoiled time and again by this senseless Wang Mingzhe. It was all they could do to not tear him into pieces!

Just then, Lin Fan shot a look at the heads of the four masters, and they had no choice but to suppress their anguish and disgust as they clinked glasses with Wang Mingzhe. Subsequently, they stopped proposing any more toasts.

"Bai Yi, did you see that? This shows how capable Young Master Wang is. Even the heads of the four prominent families are drinking a toast to him!" Cuiping giggled, and then with a look of annoyance at Lin Fan, she continued, "Unlike this useless bum here. It's disgusting just looking at him!"

Surprisingly, Bai Yi was not angry this time. Instead, she said with a stiff smile, "Is that so? I'm afraid it could be

Chapter 535 It's You?

a case of mistaken identity. The Mr. Lin that he wants to offer a toast to is someone else!"

Despite that, nobody took her words to heart. Instead, they found it amusing. Someone else? Who else here was fit to receive a toast from the Four Greatest Masters? What she said was simply hilarious!

Angered, Wang Mingzhe retorted with a sneer, "Miss Bai Yi, do you really think that they're here to propose a toast to your useless husband? If you do, I think there must be something wrong with your brain!" Wasn't he just a useless bum? A live-in son-in-law? That must be a joke!

Just then, the master of ceremonies walked up to the stage and announced, "Everyone, two pieces of invaluable jewelry, which have been in our collection for many years, have been sold tonight! They're the 'Scarlett Queen' and the 'Eye of the Sun God'. I believe everyone here is no stranger to these two rare jewels!"

A commotion broke out amongst everyone present as surprised and disbelief filled the room. Not only were they no strangers to the jewels, they were very familiar with it. Those jewels had the highest grades of ruby and topaz in the world. They were crafted into a necklace and bracelet by more than a hundred leading jewelers in the world, which took three long years.

Chapter 535 It's You?

The jewels had always been kept by Jinding without ever being sold to anyone simply because of their terrifying sky-high price tag! The Scarlett Queen was valued at 46 billion while the Eye of the Sun God was worth 57 billion! And Jinding had decided to sell it today? Were they dreaming? Who could be so generous and wealthy to spend 10 billion on jewelry?

Everyone was stunned, especially the Shen family. They were dumbfounded when they heard that someone had bought the precious gems that were worth billions. That was 10 billion!

Even if their family worked hard for a hundred years, they might not even make that much money, but a magnate actually spent 10 billion on two pieces of jewelry which were only pleasing to the eyes but of absolutely no use at all? This was insane!

Wang Mingzhe could not help but feel his heartbeat accelerate. Not even with the Lin family's generosity and wealth would they be willing to spend 10 billion to purchase a pile of rocks. Had the buyer behind the screen lost his mind? Could he not find a better use for his money? However, a more bizarre event was about to happen!

The master of ceremonies continued, "The buyer specifically mentioned after the purchase that we have to present these two precious jewels to the most esteemed

Chapter 535 It's You?

guest of Jinding tonight, and that's... Mr. Lin!"

A present for Mr. Lin! Dead silence fell over the exhibition hall the moment he finished speaking. Shock was written all over everyone's faces as their eyes widened in disbelief at what they just heard, especially the Shen family!

At that moment, their breaths got more rapid as they looked at Wang Mingzhe, thunderstruck.

"Goodness! Who is so generous that he is willing to spend 10 billion to please you, Young Master Wang?"

"You're indeed an outstanding man, Young Master Wang. First, the Four Greatest Masters came to offer you a toast, and now, someone is willing to spend 10 billion to get in your good books!"

"Young Master Wang, you're incredible! Every big boss here tonight was actually cracking their heads to flatter you!"

With amazement in their eyes, everybody stared awestruck at him. Thinking exactly the same as everyone else, Wang Mingzhe suddenly felt smug and said pretentiously, "Keep it down! This is nothing to create a hoo-ha over. After I successfully join the Lin family, many more people will try to flatter me!"

Chapter 535 It's You?

Straightening his clothes, he slowly walked toward the stage as everyone watched in awe. In the meantime, the curtain on the stage slowly rose, revealing an elderly man behind it. In his hands was a golden tray, where the two pieces of extravagant jewelry quietly lay. A bright smile was on his face, and his eyes reflected deep anticipation.

However, when he saw that the person coming forward to receive his gift was Wang Mingzhe, his smile froze. "It's you?"

Chapter 536 Am I Fit To Use The VIP Lane?

"Li Huairen, why are you here?" Wang Mingzhe froze in his steps when he had taken a good look at the other person.

This old man who had humiliated him not long ago was actually here to give him jewels?

As if he had just thought of something, he suddenly sneered and said, "Looks like you realized that my status now is not what it used to be and decided to apologize with a generous gift. That's not bad. Seeing how sincere you are now, I'll forgive you this time!"

The Shen family became even more excited at his words.

Gasping in awe, Shen Ling exclaimed, "Oh my! Even the Li family from Jiangbei is here to get in his good books. Looks like Jiangnan and Jiangbei are now under the control of Young Master Wang."

Apologize?

Li Huairen's face was grim beyond words. Then, he went into a fit of rage and kicked Wang Mingzhe mercilessly on his chest!

Rolling off the stage from the force of the kick, Wang Mingzhe's face was bruised from the fall, and he even lost a front tooth and was bleeding.

Chapter 536 Am I Fit To Use The VIP Lane?

The scene was absolutely pathetic!

What?

In an instant, everyone was bewildered and they seemed as if they had just seen a ghost.

Wasn't Li Huairan here to give Wang Mingzhe a present?
Why did he kick him off the stage?

This was insane!

Under the gazes of everyone, Li Huairan bellowed, anger in his eyes, "Is trash like you fit to receive a gift from me?"

What?

An uproar immediately broke out at his words and gazes of disbelief swept over Wang Mingzhe.

This guy was not Mr. Lin?

Impossible!

If he was not Mr. Lin, then why were the Four Greatest Masters so respectful to him?

This shocked Old Master Shen and the rest to no end!

"You scumbag! I'm Mr. Lin! How dare you kick me?" Wang

Chapter 536 Am I Fit To Use The VIP Lane?

Mingzhe screamed hysterically as he glared at Li Huairen with enmity. "Li Huairen, I want you dead! You're definitely dead!"

However, Li Huairen merely sneered at his threat. "Is a piece of trash like you even fit to impersonate Mr. Lin? Do you think I've never met Mr. Lin before?"

The crowd broke into a greater uproar at his words.

He had met Mr. Lin before?

That meant that the mysterious Mr. Lin of tonight was not Wang Mingzhe.

And he actually had the nerve to impersonate Mr. Lin?

All the big shots glared with fury at Wang Mingzhe, and at the same time, they felt pity for him as if he was already a dead man.

The Shen family's fantasy instantly shattered at that moment, and they were shaking!

It was over! This time, it was really over!

They could tell that the mysterious Mr. Lin must be a highly respected person; it was highly probable that he was that person who arrived in the military helicopter.

Chapter 536 Am I Fit To Use The VIP Lane?

But Wang Mingzhe, heedless of the consequences, had the nerve to impersonate Mr. Lin. He was clearly seeking death!

It was not the big shots who had made a mistake, but Wang Mingzhe who had misunderstood.

But since they had followed him into this situation, they would also be implicated!

"Impossible! This is impossible!" he exclaimed as he broke out in cold sweat, his face frightened. "In the whole Jiang City, who else but me has the right to receive such treatment?"

Right now, Li Huairan, who could no longer be bothered with him, walked off the stage with the golden tray in his hands and walked straight in the direction of Lin Fan!

Instantly, everybody's gazes followed his footsteps as they had a hunch that he was now walking toward that mysterious Mr. Lin!

As his footsteps drew closer, the Shen family was drowning with severe anxiety because a terrifying possibility had just appeared in their minds; they were suffocating from the nervousness.

Finally, he stopped right in front of Lin Fan!

Chapter 536 Am I Fit To Use The VIP Lane?

Under everyone's stunned gazes, he suddenly knelt down in front of Lin Fan and said loudly, "Mr. Lin, please accept my apology!"

His words stunned everyone in the room, and they could only feel their scalps turning numb with fear as they turned to look at Lin Fan with shock.

Was that man the real Mr. Lin?

However, the Shen family were repeatedly mocking him earlier as if they could not wait to crush him under their feet!

It was madness!

The Shen family must be mad!

And now, their biggest nightmare had come true!

All the Shen family members appeared to have lost their minds, their eyes almost falling out of their sockets.

Lin Fan was... Mr. Lin?

Impossible!

Outrageous!

Old Master Shen and everyone else almost went insane.

Chapter 536 Am I Fit To Use The VIP Lane?

The scene which was unfolding before them was terrifying.

A useless son-in-law actually received a personal invitation from Jinding?

Even a hegemon like Li Huai ren got on his knees to present his gift?

Did the world turn mad?

All they could feel was the rapid thumping of their hearts; even their breaths had become chaotic.

They had even mocked him earlier, saying that he was definitely not Mr. Lin, and what they just witnessed was like a brutal slap across their faces!

In that instant, Wang Mingzhe was dumbfounded.

The person Jinding wanted to invite was Lin Fan?

How was this possible!

How was that useless bum deserving of this?

Yelling like he was deranged, he shrieked, "This is impossible! Even the Four Greatest Masters offered a toast to me. I'm the one Jinding wants to invite! I'm Mr. Lin!"

Chapter 536 Am I Fit To Use The VIP Lane?

Despite that, Ye Shihao scoffed. "Who said that you were the one we wanted to offer a toast to? If it wasn't for you—an idiot—who clinked our glasses shamelessly, we would have offered our toasts to the true Mr. Lin!"

What?!

His words hit Wang Mingzhe as though he was electrocuted, and his face became ashen.

The one the Four Greatest Master wanted to offer a toast to was not him? And it was him who shamelessly thought that was the case?

It was humiliating!

His face and ears turned bright red, as if someone just gave him a hard slap. The humiliation was driving him nuts!

Meanwhile, anguish could clearly be seen on the faces of Old Master Shen and the rest of them, for they finally understood what Bai Yi meant earlier when she said it was a case of "mistaken identity".

But that was not all!

After offering him the jewels, Li Huai ren continued in a loud, booming voice, "This is the compensation gift for my son ruining your necklace, The Heart of the Ocean,

Chapter 536 Am I Fit To Use The VIP Lane?

which was worth ten billion. I hope Mr. Lin and Ms. Bai Yi will let bygones be bygones and accept this gift!"

"Ten... Ten billion?" Cuiping stuttered as her whole body could not help but tremble.

Not only the Shen family, but every guest in the room could not believe what they had just heard. Lin Fan actually gave Bai Yi a necklace that was worth ten billion as a present?

Impossible; that was purely impossible!

How could this guy have so much money? There must be some mistake!

Almost buckling from the shock, their bodies trembling, the Shen family was completely stunned from what just unfolded right in front of their eyes.

An invitation from Jinding!

A toast from the Four Greatest Masters!

A necklace worth ten billion for Bai Yi!

Was this guy really Lin Fan?

It all felt like a dream!

Chapter 536 Am I Fit To Use The VIP Lane?

Then, Lin Fan smirked and asked, "Am I fit to use the VIP lane?"

Ye Shihao broke into a smile. "Mr. Lin, you're the most esteemed guest of Jinding tonight. No one else but you can use the VIP lane!"

When they heard that, the Shen family felt a sharp pain in their chest, as if they had been stabbed with a knife. Lin Fan was humiliating them on purpose!

Lin Fan gazed at them as if he was savoring the moment. "Looks like I don't have to die!"

Then, he picked up the jewels from the golden tray and put them on Bai Yi. "Dear, although it's not as good as the one I gave you before, it's not bad. Let's accept it!"

Deadly silence fell over the scene!

Chapter 537 You Can't Protect Her!

"This must be a mistake. I must be seeing things!" Shen Ling rubbed her eyes hard as she could not believe what she was seeing.

The dazzling other-worldly opulence emanating from the two rare jewels made it hard for her to believe that everything that was happening now was reality.

How was it that a b*tch like Bai Yi had the right to wear jewelries that were worth ten billion?

Her jealousy was driving her crazy!

Ye Shihao gazed indifferently at Wang Mingzhe and snickered at him. "Mr. Lin gave Ms. Bai Yi a necklace worth ten billion! How shabby-looking is your 1.5 billion now?"

Gritting his teeth so hard his teeth almost shattered, Wang Mingzhe's face darkened, and he almost went crazy with resentment for being humiliated like this by others.

With anguished looks on their faces, Old Master Shen and the rest realized that Bai Yi was not lying; it was them who just could not see further than their noses.

"Bai Yi, what's... what's going on here?" Shen Yumei and Bai Shan were both stunned.

They felt as if they were dreaming! Lin Fan gave Bai Yi a

Chapter 537 You Can't Protect Her!

necklace worth ten billion?

How was this possible?!

If Lin Fan was really that rich, he did not even need to be a live-in son-in-law with them!

Without waiting for a reply from Bai Yi, the intelligent Li Hwairan quickly interjected, "Mr. and Mrs. Bai, I actually wanted to collaborate with Ms. Bai Yi, but my clumsy son accidentally offended her. I was afraid she wouldn't forgive him so I decided to come forward first to apologize to Mr. Lin. And using Jinding as a chance, I invited them both to the banquet tonight!"

Immediately, everyone understood the situation. So everything happened because of Bai Yi, and not Lin Fan.

Thinking that to be the case, the Shen family thought it was not possible for Lin Fan, who had been a useless bum for more than three years, to turn into some big shot suddenly.

A useless bum was a useless bum, after all!

They then threw looks of disdain at him. How shameless of him to act as if it was him who Jinding wanted to invite when it was all because of his wife that he received such treatment.

Chapter 537 You Can't Protect Her!

This made Old Master Shen and the rest feel a little bit better about themselves deep within.

There would still be room to turn things around as long as it was not Lin Fan whom they had offended. After all, as the niece of the Shen family, Bai Yi would not make things difficult for them.

"Then... Then what about the necklace that's worth ten billion? What's that about?" Shen Yumei asked quizzically.

"Mom, I'll tell you about it at home," Bai Yi answered, knowing that she could not reveal her connection to the King of Blood Prison in public.

That would shock everyone too much.

"There's no need to return home. I can tell you this now—your daughter is dead meat!" Shen Ling snickered with a look of disdain on her face and stared at Bai Yi as if she was a dead person walking.

"Shen Ling, do you know something?" Old Master Shen asked impatiently.

"Grandpa, as far as I know, The Heart of the Ocean is a necklace the King of Blood Prison gifted to his queen, but it was later stolen!" Shen Ling said with a cold smile. She had suddenly recalled a rumor she heard recently—the

Chapter 537 You Can't Protect Her!

King of Blood Prison had a necklace worth ten billion which was stolen, and that necklace was The Heart of the Ocean!

Instantly, she thought that Lin Fan had stolen the necklace from the King of Blood Prison and used it to please his own wife.

What?

It was stolen?

An uproar broke out amongst the crowd as they looked at Lin Fan, appalled.

Earlier, everyone heard that it was Lin Fan who gave Bai Yi that necklace, so that meant he stole it from the Queen of Blood Prison?

That was a suicidal act!

With a sullen look, Old Master Shen asked, "Shen Ling, is it true what you just said?"

"Grandpa, this news has already spread around like bushfire within the socialites! How can it be untrue?" she said as she chuckled coldly. "My cousin and cousin-in-law, you do have big guts. You even dare to steal from the King of Blood Prison. I have to say, your death is drawing near!"

Chapter 537 You Can't Protect Her!

At her words, the Shen family gave Lin Fan looks of contempt.

"Stealing from someone else to please his own wife. How shameless!"

"He has the guts to steal from the King of Blood Prison? He clearly doesn't treasure his life anymore!"

"I was wondering how could this useless bum afford a necklace worth ten billion. Turns out it was stolen!"

All the big shots in the room were stunned. Could it be that there was a mistake in the news which they had received? The guy in front of them was not Lin Zuo?

After all, with Lin Zuo's status, why would he steal from others?

"I'm telling you, you've all been tricked by this useless loser!" Roaring with laughter, Wang Mingzhe leered at Bai Yi sinisterly. "Bai Yi, it seems like you have no choice but to divorce him! If the King of Blood Prison finds out that you took the Queen's necklace, it's very unlikely that he will let you go!"

Old Master Shen's countenance became dark. "Bai Yi, shouldn't you cut all ties with this useless bum now? Only Mr. Wang can save you now. As long as you file for a divorce and marry Mr. Wang, perhaps he can plead on

Chapter 537 You Can't Protect Her!

your behalf to the King of Blood Prison with the help of the Lin family's power."

At these words, Wang Mingzhe puffed up with glee and looked at Bai Yi as if he had the upper hand of the situation.

Right now, he was anticipating Bai Yi's pleas!

To his disappointment, she merely shook her head nonchalantly. "Lin Fan did not steal from anyone, and I don't need anyone to save me!"

What?

Startled, everyone from the Shen family looked at her as if they had seen a ghost.

Did she lose her mind?

Knowing that death was the only option, she was still adamantly seeking death?

Did she really plan to die together with Lin Fan, that thief?

"Alright, then!" Old Master Shen nodded his head with a sullen look and said angrily, "Since you're so adamant, then you should just die!"

Chapter 537 You Can't Protect Her!

Meanwhile, flames of fury were burning in Wang Mingzhe's eyes. "Timmes, what are you standing around for? This useless bum stole the necklace of your master. Shouldn't you take him down quickly?"

Everyone stared at Lin Fan with contemptuous gazes as if he was a dead man; they all thought that death would be his only outcome!

However, Timmes simply glanced nonchalantly at Wang Mingzhe. "I'm sorry but I can't do that! That's because that necklace belongs to Ms. Bai Yi!"

What?

The moment he finished speaking, everyone was stunned!

The necklace belonged to Bai Yi?

That was impossible!

Shen Ling had clearly said that Lin Fan had stolen the necklace!

"Did you make a mistake, Timmes? That necklace belongs to the Queen. How can it belong to Bai Yi?" Shen Ling asked, annoyed.

Seeing how the situation was unfolding, Timmes lost his patience and snapped, "I didn't make a mistake. The

Chapter 537 You Can't Protect Her!

necklace originally belonged to the Queen, but she has given it to Ms. Bai Yi!"

Timmes now knew that the man in front of him was the boss of the Blood Lord, the notorious King of Blood Prison!

He was the boss of his boss!

The King of Blood Prison stealing from himself?

How ridiculous!

Timmes' words surprised the Shen family and every guest present.

A gift to Bai Yi? How was that possible?

To the Blood Prison, Bai Yi's existence was akin to an insect. Why would the Queen of Blood Prison give her such an expensive gift?

This was just not possible!

"Timmes, you must be crazy! This sl*t has no right to receive any gift from the Queen!" Shen Ling completely lost her composure and yelled between gritted teeth, "You're sheltering her! If the King of Blood Prison finds out about this, even you can't escape death!"

Chapter 537 You Can't Protect Her!

"Shut up!" Timmes instantly exploded, his eyes murderous. "Sl*t?! You dare insult Ms. Bai Yi?! You deserve death! Somebody, kill this woman!"

The whole room plunged into chaos. Just because Shen Ling called Bai Yi a sl*t, Timmes was ordering someone to have her killed?

This... This was not possible!

Could it be that Timmes really intended to protect them?

The atmosphere in the room suddenly turned really weird!

The Shen family did not imagine that Timmes would be such a fool. Instead of apprehending the thief who stole from the King of Blood Prison, he wanted Shen Ling dead!

"I'll see who has the guts!" A wide-eyed Wang Mingzhe glared as he said tyrannically, "Today, I'm protecting Shen Ling!"

Surprised, Shen Ling slowly showed a gleeful face. "Timmes, you committed a mistake despite knowing that you're wrong. That's another misdeed on you. You're also dead meat!"

As soon as the words left her lips, Ye Shihao walked up slowly and went against them saying, "I don't think you

Chapter 537 You Can't Protect Her!

can protect her!"

"I think so, too!"

"This woman has to die today!"

The Four Greatest Masters stood out at the same time with vicious smiles as they looked at Shen Ling fiercely.

In that instant, the temperature of the room dropped to freezing point!

Chapter 538 This Sl*t Has to Die!

What?

Everyone present was stunned at those words!

Knowing full well that Lin Fan had stolen from the King of Blood Prison, the Four Greatest Masters wanted to protect him instead?

Were they not afraid that the King of Blood Prison would punish them?

This was insane!

When Old Master Shen and the rest saw that the four masters had ganged up against Shen Ling, they looked as if they had just seen a ghost!

"He... He's obviously the thief! You people..."

The Shen family members' hearts pounded, and they could not believe their eyes.

At that moment, an intense murderous aura was emanating from the Four Greatest Masters.

How dare Shen Ling insult their king and queen? She deserved death!

However, Shen Ling's face was full of disdain. "Who are you trying to scare? This woman is truly a sl*t,

Chapter 538 This Sl*t Has to Die!

sashaying through the streets wearing a stolen necklace. What is she if not a sl*t? I'll see if any one of you dares to touch me! If you touch me, that means you're siding with this thief, and the King of Blood Prison will never let you go!"

Bang!

When she finished speaking, the sound of a gun echoed through the room!

Immediately, blood started spurting from Shen Ling's hand, and she screamed at the top of her lungs.

Everyone stared in shock as she fell to the floor, holding her arm with her other hand and shrieking in pain; her beautiful face was as white as a sheet.

At that sight, everybody's scalps turned numb with fear. And they all turned to look at the person who pulled the trigger...

It was Ye Shihao!

His face only showed ferocity as he said, "I touched you!"

The hearts of everyone were racing. What just happened almost drove them mad! Ye Shihao really fired a gun! He wanted to kill Shen Ling for real?

Chapter 538 This Sl*t Has to Die!

That meant that he was publicly standing against the King of Blood Prison. All the four masters were seeking death!

"Ye Shihao, how dare you!" Wang Mingzhe shouted in anger, mortified by the situation.

How dare he touch the person he wanted to protect? He was just humiliating him!

"You deserve death! Death!" Shen Ling shrieked hysterically, her eyes filled with hate.

These idiots actually hurt her because of a sl*t and a thief?

Damn it, damn it all!

Enraged, she continued, "This shot means that all of you are against the King of Blood Prison. It's the end for all of you! Just await your deaths!"

Everyone present looked at Ye Shihao and the four heads with pity. They could not understand their actions which were akin to digging their own graves.

If that was the case, nobody could save them even if a deity was to intervene.

Thereafter, a scene that horrified everybody happened.

Chapter 538 This SL*T Has to Die!

In unison, the Four Greatest Masters knelt down in front of Bai Yi and said in chorus, "Leader of Jiangnan, please order the execution of this woman!"

There was complete silence!

After the request of the four masters, the whole room fell into an eerie silence as everybody's faces were distorted from the shock.

Leader... The Leader of Jiangnan was Bai Yi?

This was insane!

The world was completely insane!

When the Shen family heard these shocking words and saw the appalling scene in front of them, their eyes opened so wide they looked like they were about to burst!

Their panic was real!

Bai Yi was actually the mysterious Leader of Jiangnan?

The one who rose overnight and dominated the Four Greatest Masters!

How was this possible?

Shen Ling's face, which was filled with hate and anger,

Chapter 538 This Sl*t Has to Die!

froze in that moment.

That was the same for everyone present; they were all frozen in their spots.

Except for Lin Fan!

With a cruel smile on his face, he suggested, "The atmosphere is so dull. Let's kill a person to cheer everyone up!"

Kill a person to lighten the atmosphere?

Instantly, everybody looked at him with terror in their eyes.

The devil! That guy was just like the devil!

As if she had been electrocuted, Shen Ling shrieked uncontrollably, "This is impossible! You all must have made a mistake! This sl*t can never be the Leader of Jiangnan!"

But it was not only her; every member of the Shen family was equally panic-stricken.

Bai Yi was the Leader of Jiangnan?

This was just like something out of a fantasy!

Chapter 538 This SL*T Has to Die!

It was no wonder why Jinding invited Lin Fan, why the Four Greatest Masters wanted to drink a toast to him or why Li Huai ren knelt down to apologize!

It all happened because of Bai Yi!

The Leader of Jiangnan?

When did this happen? Why did none of them know about it?

Completely stupefied, all the Shen family members stared wide-eyed at Bai Yi as if they had seen a ghost. They were shocked silly!

It was impossible for them to imagine how Bai Yi suddenly became the most influential figure in Jiangnan after just months of not seeing her.

"A mistake? You think we can't even recognize our own master?" Zheng Honglian sneered as she looked at Shen Ling like she was an idiot.

These words drained all color from the faces of the Shen family!

Indeed, how could the four masters kneel down in front of Lin Fan nonchalantly without first knowing Bai Yi's identity?

Chapter 538 This Sl*t Has to Die!

Realizing this, the Shen family was filled with regret. In their bid to get on Wang Mingzhe's good side, they did all they could to insult Lin Fan and Bai Yi. But it all looked like an extremely stupid act now.

Their own niece was the Leader of Jiangnan; why would they need to ingratiate themselves with another?

"So what if she's the Leader of Jiangnan? It was the King of Blood Prison whom she stole from. She still can't escape death!" Shen Ling shrieked in a frenzy filled with rage.

This sl*t had no right to ride all over her!

"You're an idiot!" Ye Shihao gave her a look of disdain and scoffed. "Ms. Bai Yi was personally appointed by the King of Blood Prison to be the Leader of Jiangnan to take care of Jiangnan in his place. That necklace was a gift from him to her!"

An uproar broke out when he finished speaking, and everyone had looks of disbelief on their faces.

That necklace was not stolen by Lin Fan, but a gift from the King of Blood Prison?

It was over!

Trembling, the faces of the Shen family members all

Chapter 538 This SL*T Has to Die!

turned pale.

Even Wang Mingzhe had a look of utter disbelief on his face. Not only was Bai Yi connected with Lin Zuo, she even had connections with the King of Blood Prison?

With a savage look in his eyes, Ye Shihao glared at Shen Ling. "Insulting Ms. Bai Yi is the same as insulting the King of Blood Prison himself. You can die now!"

When she heard those words, her face became pale and her whole body trembled uncontrollably.

Terrified!

She was truly terrified now!

As Bai Yi's identity was exposed, everything she could rely on vanished completely.

When she saw Ye Shihao storming over murderously, a huge machete in his hands, she lost her mind and shouted in fear, "Grandpa, Young Master Wang, save me!"

However, both Old Master Shen and Wang Mingzhe were gloomy and did not dare to make a sound. Insulting the ambassador of the King of Blood Prison was the same as insulting the King himself!

Whoever dared hinder would also be put to death!

Chapter 538 This Sl*T Has to Die!

Shen Ling spouted things which she should not, and now, even a deity could not save her.

Drained of her arrogance and spite from before, she sank into despair, fear and tears all over her face.

She then looked at Ye Shihao who was in front of her with pleading eyes. "Don't... Don't kill me! I've realized my mistake now, really!"

However, he merely grinned as brutality burned in his eyes. "Be a better judge of character in your next life!"

He raised his arm, and the blade swung with it. And then, a beautiful head with a resentful face fell to the floor.

Chapter 539 Either Pay up With Money or Your Lives!

"No!" Cuiping screamed hysterically at the top of her lungs when she saw Shen Ling's head fall to the floor, her voice shrill and miserable.

Never in her wildest dreams did she think that death would befall their family for just insulting Bai Yi.

For the longest time ever, their family had always regarded Lin Fan's family as trash which could be insulted and humiliated at any time.

And now, this was their retribution!

They could only stare helplessly as their daughter died tragically in front of them!

Right now, Cuiping and Shen Jian were filled with regret, their faces full of remorse. They should not have offended Bai Yi and her family!

Then, a baleful look flashed across Cuiping's face as she glared at Bai Yi. "B*tch, you caused my daughter's death! I will never let you go!"

Bai Yi could only sigh helplessly. She thought that Ye Shihao merely wanted to frighten Shen Ling a little, but it did not occur to her that he would dare to kill in public.

When she wanted to stop him, it was already too late!

Chapter 539 Either Pay up With Money or Your Lives!

But when the Four Greatest Masters heard her, they immediately furrowed their eyebrows, and their eyes flashed maliciously!

And even more so for Ye Shihao, who was holding a machete dripping with blood in his hand. Glaring at Cuiping fiercely, he said in a brutal tone, "Looks like you haven't learned your lesson yet. Let me reunite you with your daughter in the netherworld."

Immediately, Cuiping and Shen Jian trembled, and their faces turned pale. They shut up immediately!

Scoffing, Zheng Honglian said, "Before you start blaming Ms. Bai Yi, just think about what you have done. You've insulted the Leader of Jiangnan time and again, taking her forbearance for granted... Do all of you not think you deserve death?"

Sima Longming took a step forward and sneered menacingly. "Why are you wasting your time on them? Ms. Bai Yi is kind and soft-hearted, but we aren't Samaritans. Since the Shen family has the guts to insult our master, then all of them should die!"

Appalled, the Shen family was filled with so much terror that they almost broke down in tears, and they looked at Bai Yi with pitiful faces. They never thought that a day would come when their fates would be in the hands of Bai Yi and her family, whom they had always looked down

Chapter 539 Either Pay up With Money or Your Lives!

on.

However, Bai Yi looked tired and said, "Let's leave. I'm tired!"

The four masters nodded in acknowledgement and escorted her and her family out of the exhibition hall.

The other big shots, seeing them leave, chased after them with enthusiasm to join the escort team.

She was given a necklace worth ten billion by the King of Blood Prison; it did not seem like this lady had a normal relationship with the King! If they did not try to get in her good books now, then when would they have the chance?

Suddenly, the room became quiet, and only the Shen family was left.

There was a loud thud, and Old Master Shen fell to the floor, his back completely drenched in cold sweat.

His heart was filled with immense remorse!

Not even in his wildest dreams did he think that the niece he had always looked down on would actually have such a terrifying background.

When he recalled how he had treated her in the past, he

Chapter 539 Either Pay up With Money or Your Lives!

slapped himself hard across the face as anguish burned within him.

Idiot, what an idiot he was!

He had missed such a great opportunity just like that!

But just then, a deranged Cuiping rushed at him and shouted between heavy breaths, "You stupid old man! How could you just watch as that sl*t killed your granddaughter? Don't you have a conscience? All of you from the Shen family are a bunch of trash! I order you to kill that sl*t. I want her dead! I want to tear her to pieces!"

However, Old Master Shen just gave her a hard slap on her face, which sent her falling to the floor.

Glaring at her, he yelled, "All this happened because of your family. You idiots kept picking on their family, and now the whole Shen family has become their enemies! And now, this great opportunity for our family is ruined! From now on in Jiangnan, there will be no foothold for us anymore! If you people didn't keep making things difficult for Bai Yi and her family, Shen Ling wouldn't be dead. It's your stupidity that killed her!"

Plopping on the floor, Cuiping was pale as she listened to everything he said, and soon enough, tears started flowing down her face.

Chapter 539 Either Pay up With Money or Your Lives!

Holding her head in her hands as she wept hysterically, she screamed, "It has nothing to do with me. This has nothing to do with me! It was all because of that sl*t!"

Looking at her with disgust and hate, thinking that she was the jinx who got the Shen family into such a dire predicament, Old Master Shen declared, "From today onward, Shen Jian and Cuiping are kicked out of the Shen family! Whatever happens to them from now has nothing to do with the Shen family anymore!"

Meanwhile, Lin Fan was driving his wife and family in the direction of their home.

But Shen Yumei and Bai Shan were in a state of shock. In their hands, they were holding thick stacks of name cards, and amongst them, there was even a bank card from Li Huairen.

Feeling as if they were in a dream, they never thought that they would feel this prestigious in their lives.

The big shots of two big provinces, Jiangnan and Jiangbei, were all trying to get in their good books? Bai Yi really had a lot of explaining to do!

At that moment, with a complicated look on her face, she gazed at Lin Fan and asked, "Lin Fan, tell me honestly. Are you hiding something from me?"

Chapter 539 Either Pay up With Money or Your Lives!

Taken aback, he immediately knew that she had sensed something, but he decided to play it dumb. "Dear, what can I possibly be hiding from you?"

"Don't take me for a fool. Just before the Four Greatest Masters were about to kill, they all glanced at you as if they were seeking for your opinion," she snorted.

As her subordinates, they ignored her and looked at Lin Fan, the live-in son-in-law, for his opinion. There was something fishy about it!

It was as if they did not care much for her at all, and they only valued Lin Fan instead.

Lin Fan did not expect that she would have such sharp observation skills, so he replied with a laugh, "Perhaps they knew that you'd be too soft-hearted, which was why they asked me."

"Is that really the case?" She was still doubtful as she kept her gaze on him.

"How would you explain it, then?" he asked instead. "If it wasn't for you, why would they be so respectful to a live-in son-in-law like me?"

Bai Yi decided to give up questioning him and said, "Later, after dropping my parents back home, drop me off at the airport. I'm going on a business trip for a few days."

Chapter 539 Either Pay up With Money or Your Lives!

Look after my parents while you're home!"

The next day, two uninvited guests appeared at the doorstep of the Bai family's home.

"Shen Jian? Cuiping?"

Seeing them at their doorstep, Bai Shan and his wife looked confused as they could not believe that they took the initiative to come to them first.

Staring daggers at the family which caused their daughter's death, they yelled at them, "Pay up, poor pauper!"

Pay up?

Bai Shan and Shen Yumei was startled as they asked, "When did we owe you money?"

Cuiping scowled. "Are you playing dumb? Three years ago, your husband asked for ten million from my husband to invest in a quarry. You bunch of poor beggars have been dragging it for three years. Now we want you to pay us back!"

What?

Chapter 539 Either Pay up With Money or Your Lives!

They were stunned by his words.

Feeling a little indignant, Bai Shan answered, "That ten million was your investment fund. Now that the investment failed, you're calling that a loan instead? Aren't you being shameless now?"

Back then, Bai Shan did not want Shen Jian to invest, but he was adamant on doing so. In the end, he lost all his money, and now, he claimed that he had loaned the money to Bai Shan. He was being blatantly shameless!

"Enough with your rubbish! If I say that it's a loan, then it's a loan!" Shen Jian boldly said in anger and revealed a knife from underneath his arm. Speaking fiercely, he continued, "Today, if you don't pay up, I will kill you two!"

Their daughter was murdered and they were kicked out of the family; Shen Jian and his wife were like stray dogs who had nothing left!

For that reason, they pushed all responsibility on the Bai family!

Having completely lost all sanity, Shen Jian had already planned to leave the country illegally tonight. But before he did so, he must squeeze Bai Shan dry first.

After that, he would kill the both of them!

Chapter 539 Either Pay up With Money or Your Lives!

He wanted Bai Yi to have a taste of how it felt like to lose your own family members.

At the thought of this, a cunning smile spread across his face as he said grimly, "Choose now! Either you pay up with money or your lives!"

Chapter 540 You Actually Have the Black Card?

What?

A shiver went down Bai Shan and Shen Yumei's spines when they heard his words, especially when they saw the glint of hatred in Shen Jian's eyes; their anxiety level went up to the maximum.

They could sense that Shen Jian had lost his mind!

The pain of losing their daughter and being kicked out of the Shen family was such a huge blow that he had lost his sanity.

If they did not pay up, they might really kill the both of them.

But something which put them into a state of despair happened!

A few men in black suddenly appeared from behind Shen Jian and his wife, holding knives in their hands. They surrounded Bai Shan and his wife, every one of them wearing a sinister smile on their faces.

It seemed that with one word from Shen Jian, they were prepared to turn Bai Shan and his wife into a bloody mess.

Never having seen such a scene before, their knees buckled and they fell to the ground, their hearts sinking deeper

Chapter 540 You Actually Have the Black Card?

into despair as they almost burst into tears.

"The... The money is with Bai Yi and she's on a flight now. We can't reach her now."

Shen Yumei pleaded, at the brink of tears, "Tomorrow! We will definitely pay you tomorrow!"

They had sunk to the deepest level of despair at that moment as they could tell that asking for money was just a cover-up for the other party; in fact, they were actually here to avenge their daughter!

If they did not give them what they wanted now, there was a high chance that they would really be killed!

Tomorrow?

When the Shen couple heard that, they laughed sinisterly, for they already knew that Bai Yi had left on a business trip. Otherwise, they would not come to look for trouble so blatantly!

Regardless whether they could get the money or not, they planned to kill the Bai couple! Moreover, they wanted to do a live broadcast to show Bai Yi how they slowly tortured her parents to their deaths.

Shen Jian slapped Bai Shan across the face and said ruthlessly, "Stop with your nonsense! No matter what, if

Chapter 540 You Actually Have the Black Card?

"I don't get the money today, I'll make sure they'll be bloodshed!"

Snickering next to him, Cuiping said with a vicious face, "Wait until tomorrow? You must be trying to buy time so that that sl*t can find someone to kill us! I wasn't wrong to think that your family are a bunch of evil beasts! Since we can't get our money back, we'll just kill you b*stards!"

What?

Shaking uncontrollably, the Bai couple felt as if their heads were about to explode, especially Shen Yumei, who never dreamed that her own brother would really plan to kill her.

Ye Shihao killed Shen Ling because she had insulted the King of Blood Prison. What did that have to do with their family?

But the Shen couple were purposely picking on the weak because they were afraid of the strong, which was why they chose to get their revenge on the innocent couple. They had gone insane!

Suddenly, something popped up in Bai Shan's head, and he shouted, "Don't... Don't kill us! I have money! Earlier, Li Huai ren gave us a card, saying that it was an Amex Black Card. There must be money in it!"

Chapter 540 You Actually Have the Black Card?

He had suddenly recalled the bank card which was given to them by Li Huai ren in his bid to get on Bai Yi's good side. There must be ten million in it.

Amex Black Card?

Li Huai ren?

However, his words did not appease the Shen couple. Instead, a look of hostility flashed across their faces. "Who are you trying to kid? The Amex Black Card is a high-end credit card which is said to have no withdrawal limit. It's a symbol of status and luxury which you can't even buy with money! Would Li Huai ren surrender his Black Card to two useless idiots like you?"

So what if Bai Yi was the Leader of Jiangnan? The one Li Huai ren was serving was the Leader of Jiangbei! Giving away his Black Card was the same as giving away all his assets to someone else.

The Shen couple did not believe that he would give away his whole family's fortune just to butter up to Bai Yi.

To their surprise, Bai Shan handed over that card with shaking hands. "It's true. This is the card he gave us!"

With just one look at the unique design, the gilded edges and the complicated patterns on its surface, it was enough to drive the Shen couple crazy!

Chapter 540 You Actually Have the Black Card?

With a face as though he had just seen a ghost, Shen Jian looked at them with a shocked expression. "Impossible... This is impossible!"

Li Huai ren actually gave the Bai family his Black Card?

Giving away a credit card which had no withdrawal limit was akin to giving away his whole fortune!

Li Huai ren must have gone mad!

After giving away jewels that were worth billions, he also gave away his Amex Black Card. Did he really have no other use for his money?

Giving each other a look, the Shen couple saw a look of complete disbelief on each other's faces. Even the Xiao family was not worthy enough for Li Huai ren to give away his whole fortune to them.

They felt as if they were dreaming!

Quickly, something seemed to cross their minds, and a look of greed crept over their faces.

Initially, they had only planned to blackmail ten million out of them before killing them. But to their surprise, they actually had a Black Card on them!

With this card, they could probably withdraw at least a

Chapter 540 You Actually Have the Black Card?

billion in cash!

Unexpectedly, these two pieces of trash could give them loads of money just before their deaths. This was a surprising treat!

With a sinister smile, Shen Jian instructed, "Bring us to the bank now and withdraw the money. If we find out that you tricked us, we will take your worthless lives!"

The miserable-looking Bai couple were so frightened that they could not make a sound, and a cold shiver went down their spines.

For now, all they could do was pray that Shen Jian would let them go after getting the money.

Later, they went to the nearest bank for withdrawal.

However, just before they could step through the doors of the bank, a beautiful woman had noticed them.

Known as the Ace Manager, that woman was Li Xiangru, the manager of the bank.

When she saw how Bai Shan and the rest were dressed, she was filled with scorn for them as she thought silently to herself, *Where did these poor paupers come from? How dare they come to the Global Bank!*

Chapter 540 You Actually Have the Black Card?

Global Bank was the best bank in the world, specializing in serving the richest around the world.

Looking at Bai Shan and the others, they did not look like the wealthy at all.

Immediately, she assumed that they were just a bunch of poor paupers who had blindly come to the wrong place.

With an unfriendly face, she marched up to them. "Hold it right there! Who allowed you in? Get out of here!"

Stunned, Bai Shan was not expecting a bank employee to be so hostile, chasing them out just after they walked through the doors.

Concerned for their lives, he could not be bothered to bring this up and blurted instead, "That... I want to make a transfer!"

A transfer?

Surprised, Li Xiangru looked as though she had heard the most hilarious joke and scanned them from their heads to their toes in contempt. "Mister, the minimum transfer limit stipulated by our bank is five million. Looking at how shabbily dressed you are, I don't think you even have five million with all your assets combined. Look clearly

Chapter 540 You Actually Have the Black Card?

now, we are the Global Bank and we only serve the richest of the rich. Poor paupers like you... should go to another bank!"

Looking disgusted, she seemed as if she would throw-up from just speaking one more sentence with Bai Shan!

"You!" Bai Shan was hopping mad. As the bank manager, she should have given them proper customer service, but she treated them with insults and disgust instead.

If it was not for Shen Jian, who was watching him unblinkingly next to him, he would have just turned around and left. Instead, with a sullen face, he whipped out the Black Card and said angrily, "Look carefully! I have money!"

When she heard that, she still had that look of disdain, and she was just about to open her mouth again to fire another round of insults, but the moment she took a glimpse of the card, she felt as if she had been struck by electricity, and a tremble passed through her whole body.

Staring at the Black Card in shock, she exclaimed, "That's impossible! How... How could you have a Black Card?"

Chapter 541 All of You Are Courting Death!

The whole Global Bank was taken by surprise at her words and the place fell into complete silence. Every customer turned their heads simultaneously and looked at Bai Shan in disbelief.

The Black Card which could turn a flight around and had no withdrawal limit!

That was a symbol of nobility!

Even amongst the customers of Global Bank, it was rare to find someone who had a card of this level.

And these middle-aged poor paupers had such an extraordinary card? Just who on earth were these people?

Shaking uncontrollably, Li Xiangru looked frightened and was in disbelief. This middle-aged man in front of her actually had a Black Card?

And she had insulted people of this level?

This... This was bad!

Almost frightened to tears, her body trembled against her own will; if her superiors knew about this, it would be the end of her!

It did not occur to her that Bai Shan would keep such a low-profile—dressed like a street beggar—when they had

Chapter 541 All of You Are Courting Death!

a Black Card with them.

She contemplated kneeling down and begging for forgiveness from Bai Shan, but then the numbers on the card suddenly caught her attention.

She froze before hatred and anger crept across her face. Glaring at Bai Shan, she roared, "How dare a beggar like you steal a Black Card!"

What?

Stole a Black Card?

The bank immediately became dead silent after her shout of anger as everyone in the bank was shocked at what they just heard.

This middle-aged man stole the Black Card?

That was the Amex Black Card, a card recognized to be the king of all cards!

Only the highest dignitaries could own such a card, and stealing this card was the same as seeking death!

Everyone threw looks of scorn in Bai Shan's direction. Wasn't he a little too bold to come to the bank for a withdrawal after stealing a card like that?

Chapter 541 All of You Are Courting Death!

But it was not just everyone who was surprised; even Bai Shan himself was startled. That card was undoubtedly given to him by Li Huairen, and now it turned out that he stole it?

Laughing grimly as she was sure that Bai Shan had stolen the Black Card, she said, "Scoundrels! Let me tell you, every card has its own unique serial number which represents the customer's identity! And the Black Card that you have in your hands right now is clearly the one I personally processed a week ago! I can still remember the serial number and that one belongs to the head of the Li family of Jiangbei, Li Huairen! How dare you steal his card?! You must have a death wish!"

She completely lost her temper as she thought about the nerve of this poor pauper to lie to her!

When she thought about how she was so frightened that she almost got on her knees earlier, she was so ashamed of herself, and she could not wait to tear Bai Shan to pieces!

A commotion broke out when everyone heard that. Eyes were widening, faces looking stunned at her words.

So that card was really stolen?

And the owner of the card was actually from the famous, wealthy family of Jiangbei, the head of the Li family?

Chapter 541 All of You Are Courting Death!

It was over! Everything was over for this thief!

Throwing looks of contempt at Bai Shan, everyone thought that Bai Shan would come to a miserable end for stealing a hegemon's Black Card.

Anxious, Bai Shan explained hurriedly, "I didn't steal it! It was Li Huai ren who gave me that card!"

Given to you?

Smirking as if she had heard a big joke, Li Xiangru snapped, "Just take a look at yourselves. Who would give poor paupers like you an extraordinary credit card like this? Seems like you still refuse to repent at this point!"

Smiling menacingly at Bai Shan, she glared at him fiercely and continued, "We'll first break his legs, and then I'll inform the head of the Li family saying that I've caught the thief who stole his Black Card. Old man, how dare you try to act all pretentious on my turf! You're dead!"

What?

The faces of the Bai couple turned pale when they heard that. Not even in their dreams did they expect that the situation would have so many twists and turns. First, they were blackmailed, and now, they were being framed for something they did not do.

Chapter 541 All of You Are Courting Death!

All they wanted was to save their own lives, but Fate decided to play a huge prank on them!

Now, they had fallen into complete despair, especially when Bai Shan saw the security guards coming in a huff toward them; he was so frightened that his legs turned weak.

Seeing this, Shen Yumei was overwhelmed with worry. Bai Shan's body had always been weak, especially his bones. It was only a few days ago that he got better, and if he was to take a beating now, he might just lose his life!

Out of desperation, she knelt before Shen Jian and cried in a shrill voice, pleading, "Shen Jian, please save Bai Shan! Only you can save him now! We'll give you as much money as you want as long as you're willing to save him!"

Despite her pleas, Shen Jian looked at her menacingly and kicked her aside. The blow was so strong that she hit her head on the floor violently, and the loud thud echoed throughout the room.

Almost immediately, a stream of blood started flowing from her forehead!

The scene was shocking!

Chapter 541 All of You Are Courting Death!

The force of the kick was so hard that she was seeing stars. She lay motionless on the floor, unable to move; she almost lost her consciousness right there and then.

"B*tch! You want me to save this trash even before I get my money?" Shen Jian's face was savage as he stepped on her head with one foot, saying ruthlessly, "I'm telling you, I don't care about that idiot's life or death. I only care about my money! If you can't get the money today, I'll kill the both of you!"

What?

His words completely crushed her hopes. She never imagined that he would be so cold-blooded as to just watch in the sidelines as he blackmailed them for money.

He was obviously backing them into a corner!

Now that Li Xiangru was convinced that they were thieves and Shen Jian refused to lend a helping hand, how would they be able to get the money?

Desperate and helpless, Shen Yumei was now crying at the top of her lungs. "Don't hurt my husband! I'll give a call to my son-in-law now. He'll definitely be able to solve this!"

In her desperate state, Shen Yumei suddenly thought of Lin Fan for some reason, so she scrambled around for her

Chapter 541 All of You Are Courting Death!

phone, wanting to give him a call.

When they heard her, no matter if it was Shen Jian, Li Xiangru or every customer present, their faces filled with disdain, and they gave her a cold smile.

"You think you can solve the situation by just calling your son-in-law after stealing Li Huairen's Black Card? That won't do unless your son-in-law is Li Huairen himself!"

"What an idiot! They even have the guts to steal Li Huairen's card. He's from a huge, wealthy family in Jiangbei. It's over for you two scoundrels!"

"You two paupers are still not admitting it?" Li Xiangru looked solemn as she shouted in a rage, "Seems like you won't repent unless you're at the brink of death!"

As she said so, a glint of viciousness flashed in her eyes. Taking big steps forward, she slapped Shen Yumei's face mercilessly, hitting her cellphone out of her hands as she did so.

Despite that, Shen Yumei dared not get mad at Li Xiangru, who had just given her a slap. Instead, she started pleading with her, "We really didn't steal it! That card was given to us by Li Huairen. You can call him to verify this."

Chapter 541 All of You Are Courting Death!

Turning up her nose at her pleas, Li Xiangru merely smiled in disdain as if she had heard another huge joke!

Li Huairen gave it to them? How ridiculous!

Looking at how poorly they dressed, it was impossible for them to be acquainted with the likes of Li Huairen!

If she did not teach them a lesson, they would never tell the truth.

Thinking that Shen Yumei was just like Bai Shan—trying to deceive her, a glimmer of ruthlessness flashed in her eyes as she glared at Shen Yumei. "You're still lying? Alright, since you both want to die, then I'll grant your wishes! I'll slap you until you admit it!"

Unbeknown to her, the call had already connected on Shen Yumei's cell phone that was slapped away. And Lin Fan had heard all of Shen Yumei's cries and Li Xiangru's abuse.

Instantly, his eyes turned bloodshot and an overwhelming murderous aura exuded from his body.

"All of you deserve death!"

Chapter 542 We're Not Thieves!

It was complete chaos in the bank!

With a menacing smile on her face, Li Xiangru ordered a group of security officers to force a confession out of Shen Yumei and Bai Shan.

Meanwhile, she was imagining how Li Huai ren would reward her for apprehending the thieves who stole his card.

Knowing that a huge calamity was about to befall Shen Yumei and her husband, everyone present merely gave them a cold smile.

Instead of helping the couple out, Shen Jian and Cuiping did not intervene and just gloated over their misfortune, laughing as if they were anticipating the Bai couple to be beaten ruthlessly.

Seeing how the situation was unfolding, Shen Yumei and Bai Shan's faces turned paler, and they kept pleading and explaining desperately as the grievances in their hearts deepened.

"Hold it right there!"

Just then, an angry voice bellowed from outside the door.

Everyone's gaze darted toward the source of the voice, and they saw that a group of people, led by a middle-aged

Chapter 542 We're Not Thieves!

man, were striding in. With eyes looking as sharp as an eagle, the middle-aged man was full of vigor, and an overbearing aura emanated from him.

"It's Li Huai ren! How... How did he arrive so quickly?"

Looking as if they had seen a ghost, everyone was paralyzed at the sight of him.

Had it not been only about five minutes since they called to inform him of the situation?

He arrived so quickly. Did he take a space shuttle here?

In fact, Li Huai ren almost wet his pants when he heard that Bai Shan and Shen Yumei had been accused of stealing his card and detained as thieves.

Immediately, he left his business that was worth billions and took a helicopter to reach here as soon as possible, fearing that something would happen to Bai Shan and Shen Yumei.

And right now, his forehead was covered in beads of cold sweat as he walked in hurriedly, praying hard in his heart that nothing had happened to the Bai couple.

Otherwise, even he could not escape from blame!

A tense air filled the room, and everyone's faces were full

Chapter 542 We're Not Thieves!

of fear seeing the arrival of Li Huai ren, especially when they saw that he had brought dozens of people behind him.

"Goodness! Li Huai ren actually brought every senior member from the Li family? Does that mean he's dead serious about this?"

"Looks like he's really mad, or else he wouldn't mobilize such a huge crowd. It's over for these two idiots!"

All eyes darted toward the Bai couple, smirks on their faces, as if they could foresee the scene when Li Huai ren would tear these two unlucky people into pieces.

Li Xiangru was ecstatic when she saw Li Huai ren storming over. As if she was seeing her bright future waving at her, she greeted him with a flattering face. "Greetings, Master Li. I'm Li Xiangru, the manager of this bank! I was the one who apprehended these two thieves!"

"It was you?" Feeling the urge to kill, he suppressed his anger and asked, "Where are the two people?"

Looking in another direction, she smiled menacingly. "Just before you arrived, we have already taught them a lesson on your behalf."

Following her gaze, Li Huai ren and his group immediately saw the Bai couple whose hair was in a

Chapter 542 We're Not Thieves!

mess, their faces all bruised up.

That scene blew the minds of the Li family! They were close to tears as their faces looked horrified as if they had just lost their parents.

It's over, it's completely over this time!

Finally, after going through great lengths, they were able to restore their relationship with Lin Zuo, but now, because of them, Lin Zuo's mother-in-law and father-in-law had been mercilessly beaten and humiliated. For the Li family, this was literally a disaster!

It was highly possible that Lin Zuo would be furious at them!

Their faces turned pale and their legs became weak as looks of despair and helplessness crept on their faces. They all had a feeling that a great disaster was about to befall their family!

At that moment, cold sweat was flowing profusely down Li Huai ren's pale face; the fright almost made him wet his pants.

Just what was going on?

After they had just appeased Lin Zuo's anger at them, they were offending him again? Were the Heavens bent on

Chapter 542 We're Not Thieves!

Chapter 542 We're Not Thieves!

playing pranks on the Li family?

Right now, he had the urge to hit his own chest and yell about how unfair Fate was.

Not sensing anything amiss in the air, Li Xiangru spoke with glee at what she had just done, "Mr. Li, are you satisfied with the outcome? You don't have to thank me, this is what I should do!"

Satisfied?

Thank you?

Her shameless words drove him completely crazy. "Damn you!" he cursed at her at the top of his lungs, and to the surprise of everyone, he raised his palm and landed a slap on her face!

The sound of the slap rang through the whole bank, and Li Xiangru fell onto the floor with a fresh, burning red mark of a palm on her face, stunned.

With a bewildered look, she gazed at him and asked, "Master Li, why... why did you hit me?"

But it was not only her; everyone else was surprised.

Li Huai ren actually hit the person who captured the thieves who stole his Black Card?

Chapter 542 We're Not Thieves!

What... What was going on here?

Glaring at her as if he wanted to swallow her whole, Li Huairen roared, "Not only do I want to hit you some more! I even want to kill you!"

This damn girl deserved to die! After putting the Li family into a dire situation, she was still expecting them to thank her?

All he wanted to do now was tear her to pieces!

Bewildered, Li Xiangru could not figure out why Li Huairen harbored such hostility toward her. After all, she was the one who recovered his Black Card and apprehended the thieves. By right, he should be thankful toward her!

However, what happened next drove everyone crazy. With Li Huairen as the lead, everyone from the Li family walked toward the Bai couple.

And then, they all knelt down and apologized in fear, "Please forgive us, Mr. and Mrs. Bai!"

What?!

Puzzled and confused, their hearts racing, everyone almost wet their pants from fright at what they just saw.

Chapter 542 We're Not Thieves!

The Li family of Jiangbei knelt down to ask for forgiveness!

This... This was not possible!

Shocked, nobody could believe their eyes.

That was the famous wealthy family with a long history and rich heritage, a prestigious family in the whole of China.

And now, this prestigious family had humbly got on their knees to ask for forgiveness?

Not even to the Xiao family did Li Huai ren display such humility before!

And now he was kneeling down in apology to the thieves who stole his Black Card?

This must be a hallucination!

To everyone else, they felt as if the world had gone crazy!

Be it the Shen couple or Li Xiangru, they all felt that everything they knew about life had been disproved, and they had completely lost it on the inside.

This actually made them doubt life itself, especially Li

Chapter 542 We're Not Thieves!

Xiangru!

The moment she saw Li Huai ren and his family kneeling, she could feel her heart racing, and she was overwhelmed with foreboding!

Finally, everyone present recovered from their shock.

So as it turned out, Li Huai ren really did give them the Black Card? That meant these two were not thieves but the valued guests of Li Huai ren!

And Li Xiangru actually beat them up?

"We... We're not thieves!" Shen Yumei wailed loudly at the sight of Li Huai ren, no longer able to hold in her emotions. Immediately, she burst into tears.

Seeing how aggrieved Shen Yumei looked, Li Huai ren's expression turned grim and he glared at Li Xiangru. With anger and hostility, he yelled, "I gave that card to Mr. and Mrs. Bai as a gift, and you framed them as thieves? Worse, you even got people to beat them up. You really deserve death! Somebody, break her limbs!"

Li Xiangru shook her head in fear and trembled. "No! Don't hurt me!"

It did not occur to her that this was how things would turn out. According to her own analysis, Li Huai ren

Chapter 542 We're Not Thieves!

should be grateful to her and then tear these two thieves into pieces! But now, everything was not happening as she imagined it to be, and Li Huai ren actually wanted her life?

Just as the Li family was about to make a move, a crisp laugh echoed. "Master Li, how about you do me a favor and let her go once?"

Chapter 543 Cripple Them!

Oh?

Upon hearing this voice, everyone looked in the same direction.

And they all saw a middle-aged man with a big belly walking over slowly.

Both of his hands were tucked in his wide long sleeves, and he had a bright smile on his face. He dressed like a rich man, but he had a very sharp glint in his eyes.

The moment they saw that man, everyone present immediately looked intrigued.

This was because they all knew that the man in front of them was a branch manager of the Global Bank.

Wan Jinrong!

"Mr. Wan, help me! Hurry up and help me!"

Seeing the other party, Li Xiangru immediately staggered toward Wan Jinrong. Her face was overtaken by a joyful expression as if she had just seen her savior.

When she stood next to Wan Jinrong, she looked at Li Huairan again with her eyes full of contempt.

She knew that as long as Wan Jinrong was by her side,

Chapter 543 Cripple Them!

even Li Huai ren couldn't do a thing to her!

As a branch manager of Global Bank, Wan Jinrong was backed by the famous financial group...

Global Group!

Attacking Wan Jinrong was equivalent to angering the Global Group. If the Global Group was angered, even a prestigious family like the Xiao Family would be exterminated, let alone Li Huai ren!

And most importantly, besides being her immediate boss, Wan Jinrong was also her lover!

How could he just stand by and watch her die?

Currently, Li Huai ren had an extremely sour expression as he knew that he would suffer if he offended Wan Jinrong.

However, in the past, Li Huai ren would have backed off and called it a day. However, the person Li Xiangru had just humiliated was Lin Zuo's family.

Thus, even God Himself could not help him!

Li Huai ren snorted coldly and said, "Wan Jinrong, I advise you to mind your own business. You can't protect this woman!"

Chapter 543 Cripple Them!

Hearing this, Wan Jinrong's expression couldn't help but freeze, as if he didn't expect Li Huai ren to be so rude to him.

Is he trying to pick a fight with me in public?

It would be a lose-lose situation if they both waged a war against each other!

Has Li Huai ren become stupid due to old age or has he gone mad?

Immediately, Wan Jinrong was overwhelmed by anger and vexation as he coldly snorted, "Li Huai ren, you're not qualified enough to yell at me like that!"

He was backed by the Global Group—the group that even the Xiao Family couldn't afford to offend.

He could consider giving face to Li Huai ren and make Li Xiangru apologize on the spot, but there was no way he would hand over his lover!

Li Huai ren was not worthy enough for that!

"Do you really think you can do whatever you want at the Global Bank just because you're from the Li Family of Jiangbei?"

At this time, Li Xiangru immediately became arrogant

Chapter 543 Cripple Them!

with Wan Jinrong's support.

"You're too naive! This is Jiangnan, not Jiangbei. I've already beaten up the two useless old f*ckers anyway. What else can you do to me?"

Naive?

Upon hearing this, Li Huai ren immediately looked at Li Xiangru and Wan Jinrong with contempt as if he was looking at idiots.

These two idiots still didn't know how much trouble they have caused. Yet, they dare to speak so arrogantly, huh?

Soon thereafter, a trace of anger appeared in Li Huai ren's eyes.

"I'm afraid the naive one is not me, but you!"

Then, Li Xianghe couldn't hold in his anger anymore. A strong murderous look appeared in his eyes as he shouted in fury, "Dad! Why are you talking nonsense with them? They insulted Mr. Lin, so they deserve the most terrible and miserable death! Kill them!"

When they heard Li Xianghe's words, Wan Jinrong and Lee Xiangru curled their lips, an increasingly contemptuous look appearing on their faces. They both mocked Li Xianghe's overconfidence in their hearts.

Chapter 543 Cripple Them!

They didn't believe that the Li Family would dare to be so bold and kill a branch manager of the Global Bank!

However, when Li Huai ren heard this, a cold smile appeared on his face.

"This woman must die!"

"And I'll kill whoever dares to stop me!"

What?!

Upon hearing this, the hearts of everyone present were all pounding fiercely.

It was at that moment that the horror in everyone's hearts reached its peak!

He had gone mad!

Li Huai ren had really gone mad!

He wanted to kill the manager of the Global Bank at the branch itself?

He... was simply looking for death!

Even Wan Jinrong couldn't help being shocked.

There was thick consternation and panic in his eyes. He

Chapter 543 Cripple Them!

couldn't believe that Li Huai ren was so crazy that he planned to die with him!

If he died here today, then the Li Family would face retribution from Global Group.

He insisted on going against them just for those two old guys with unknown origins?

This was simply unbelievable!

At this moment, a strong sense of foreboding emerged in Wan Jinrong's heart.

Then, he looked at Bai Shan and Shen Yumei with his horror-filled eyes. Were these two old useless trash from some terrifying background?

In the next instant, his face darkened, thinking whether to abandon Li Xiangru and save himself.

But at this instant, an extremely arrogant voice resounded from the door of the bank!

"The Li Family is arrogant indeed!"

Huh?

When everyone heard this, they all looked toward the door.

Chapter 543 Cripple Them!

Then, they saw an unruly young man wearing a coat standing at the door, exuding a majestic aura unique to a nobleman.

The young man had a mocking expression on his face as he stared at Li Huairan condescendingly and said sarcastically, "People who don't know the truth might even think that the Li Family is the Leader of Jiangbei!"

Wow!

Hearing this, everyone present was completely stunned!

What was the origin of the person who dared to speak so rudely to the dignified master of the Li Family?

He was too arrogant, wasn't he?

Everyone was shocked at this moment.

Especially when they saw the limousines neatly and uniformly parked in front of the bank and their unique license plates...

Everyone had a terrified expression as if they had just seen a ghost.

"White cars with Beijing number plates? Plus, the number plates have consecutive numbers as well? How powerful is the person who just arrived?"

Chapter 543 Cripple Them!

"It must be someone from the Zhang Family! This is the Zhang Family's motorcade!"

"What? The Zhang Family of Beijing? Why would they appear in little ol' Jiang City?"

Everyone was completely shocked!

The motorcade in front of them was actually owned by a prominent family in Beijing, the Zhang Family!

Beijing was a place where the families all fought for supremacy. Only the cream of the crop could establish their power in Beijing.

And although the Zhang Family was considered to be middle-ranked or lower-ranked in Beijing, they were incredibly powerful and unstoppable outside of Beijing!

"That's the eldest grandson of the Zhang Family, Zhang Lei!" one person exclaimed, revealing the identity of the young man.

After hearing this exclamation, everyone's minds turned blank as if they had been struck by lightning.

Everyone was in disbelief!

Several important figures had appeared one after another in this small branch of Global Bank. Plus, they all had

Chapter 543 Cripple Them!

terrifyingly powerful backgrounds.

This was too unbelievable!

Then, everyone looked at Zhang Lei in awe.

He was the real Young Master of a prominent family!

And they had all heard that Zhang Lei was a strong contestant for becoming the Master of the Zhang Family, and more than 80% of the Zhang Family members supported him being the Master.

In other words, he was the future Master of the Zhang Family!

Li Huai ren's face suddenly darkened when he saw him.

A bad feeling suddenly arose in his heart.

Although he was also the Master of a wealthy family, he could only be regarded as a local tyrant at best, but the Zhang Family who ranked among the wealthy in Beijing was the real deal.

Outside of Jiangbei, Li Huai ren was nothing!

But outside of Beijing, Zhang Lei was still terrifyingly powerful!

Chapter 543 Cripple Them!

This was the gap between them!

Now, seeing Zhang Lei standing opposite him, he became a little uneasy.

When Wan Jinrong saw Zhang Lei's arrival, he was overjoyed and greeted him with a simpering smile, "Young Master Zhang, you've arrived! I've already made preparations for the 100 billion loan you requested!"

"Mr. Wan, don't worry! Before I get the loan, I want you to help me do something to these two old useless trash..."

Zhang Lei put on a vicious smile, and then he cast a malicious look at Bai Shan and his wife.

"Cripple them!!"

Rate the Translation to Get 2 Pearls.

Wait! I Have Something to Say!

Send a Gift to the Writer!

Chapter 544 You Still Have a Chance to Kneel Down Now!

The moment they heard this, Bai Shan and his wife trembled violently. Their faces turned completely pale, and they almost fainted on the spot.

"W-We don't even know you! Why are you being like this?"

Drops of cold sweat gradually drenched the backs of Shen Yumei and Bai Shan; they were so anxious that they were on the brink of tears.

This was the first time they had met Zhang Lei, and yet Zhang Lei wanted to kill them on their first meeting?

Hearing this, a deep hatred crept onto Zhang Lei's face as he rebuked furiously, "You don't know who I am, but I know who you are! You're the parents-in-law of Lin Fan, that b*stard, right? That b*stard keeps ruining my plans. I can't wait to kill him and chop him up into pieces!"

If it wasn't for Lin Fan, he would have already killed that b*tch, Zhang Yichen. Then, he would have naturally become the Master of the Zhang Family!

But because of Lin Fan, he had lost face and been majorly embarrassed!

He simply despised Lin Fan to the bone!

Immediately, the corners of Zhang Lei's mouth raised into

Chapter 544 You Still Have a Chance to Kneel Down Now!

a smirk as he said viciously, "How unlucky of you to meet me today! You can blame no one but yourselves for having such an amazing son-in-law!"

He didn't expect to meet Lin Fan's family by chance when he came to the Global Bank for a loan.

Since he had bumped into them, he should send Lin Fan a gift!

What?!

Lin Fan?

Shen Yumei and Bai Shan were dumbfounded on the spot!

There was deep shock in their eyes, and they couldn't believe their ears.

H-How is this possible?

How could a good-for-nothing live-in son-in-law like Lin Fan be qualified enough to offend a Young Master like Zhang Lei?

At the same time, Wan Jinrong and Li Xiangru were overjoyed when they heard that Zhang Lei had a grudge toward Shen Yumei and her husband.

This was simply God's blessing to him!

Chapter 544 You Still Have a Chance to Kneel Down Now!

Now, with Zhang Lei supporting them, they need not be afraid of Li Huai ren anymore, right?

Currently, their faces were adorned with disdainful looks!

Especially Li Xiangru, who yelled arrogantly, "Li Huai ren, I think the one who is done for is not us, but you, isn't it? Do you really have the guts to save the person that Young Master Zhang wants dead? How naive. If you kneel down and beg now, maybe he might let you off the hook!"

On the side, Shen Jian and Cuiping were ecstatic. They never dreamed that Lin Fan would be so daring to offend Zhang Lei, the Young Master of such a prominent family.

He even implicated his own family, and now they had to suffer together with him!

How great!

Then, Shen Yumei and Bai Shan would be dealt with even if they did not make their move.

Immediately, they started gloating and laughing. They were looking forward to witnessing the scene of them sobbing and howling in pain.

At that moment, almost everyone believed that Li Huai ren would definitely give in.

Chapter 544 You Still Have a Chance to Kneel Down Now!

After all, the Li Family was far inferior to the Zhang Family. If Li Huai ren insisted on offending Zhang Lei, he would be killed for sure.

And even the Xiao Family couldn't protect them this time!

However!

The fact that the Xiao Family couldn't protect them didn't mean that Lin Fan couldn't protect them.

Therefore, there was no panic on Li Huai ren's face at all. Instead, a mocking expression overtook his face.

"Zhang Lei, don't blame me for not warning you. If you dare harm the couple today, the entire Zhang Family will vanish from this world tomorrow!"

What?!

When everyone heard this, their whole body trembled violently. At this moment, their eyes were all widened with shock.

If he harmed this couple, the Zhang Family would vanish completely tomorrow?

At that moment, their eyes widened, and they looked at Li Huai ren in horror as if they had just seen a ghost. They

Chapter 544 You Still Have a Chance to Kneel Down Now!

simply couldn't believe their ears.

Given the Zhang Family's power, how could there be anyone in Jiang City whom they dared not offend?

How could this be?!

"Hahaha!"

However, Zhang Lei just laughed disdainfully.

"Really? But I still want to try!"

As the Young Master of the Zhang Family, why would he be afraid of harming that trash's family?

He wasn't buying it at all!

"Li Huairen, are you trying to stop me?"

Zhang Lei smiled contemptuously while staring at Li Huairen intensely.

"You're... not qualified enough!"

The moment he said that, another cold voice sounded from the door, "If he isn't qualified enough, then what about me?"

Hearing this frivolous remark, everyone present was

Chapter 544 You Still Have a Chance to Kneel Down Now!

shocked.

They all subconsciously thought that the person who arrived must have been another bigwig!

But when they looked at the door and saw a plainly dressed young man, they all had disdainful expressions on their faces.

His clothing was as shabby as the clothes of a stinky beggar. How dare a useless man like him challenge Zhang Lei?

He was really looking for death!

Everyone shook their heads and cast mocking glances at Lin Fan, as if they were watching a clown.

When enemies came face to face, their eyes would blaze with hate.

Now, Zhang Lei's eyes were bloodshot, and the look in his eyes was so vicious that it was as if he wanted to kill Lin Fan and chop him up into pieces.

The person he hated the most finally came to him again.

The corner of Zhang Lei's mouth raised into a sinister smile.

Chapter 544 You Still Have a Chance to Kneel Down Now!

"Lin Fan, you came at the right timing! I'll completely cripple your family in front of you soon! And you can't do anything about it! Hahaha!"

He finally found a great opportunity to take his revenge on Lin Fan!

He had long heard that the Bai Family was very dissatisfied with Lin Fan, the useless son-in-law. If his father-in-law and mother-in-law were brutally beaten because of him today, then he would definitely be driven out of their house.

"Young Master Zhang, kill him! Kill this damn b*stard! He should be crushed into pieces!"

The moment Cuiping saw Lin Fan, she went crazy, and her eyes were filled with resentment and hatred.

She still believed that Lin Fan was the cause of Shen Ling's death until today!

To hell with this b*stard!

But Lin Fan didn't even look at them as he walked toward Shen Yumei and Bai Shan.

"Dad, mom, who was the one who beat you up?"

Seeing the couple's injuries, Lin Fan's eyes suddenly turned

Chapter 544 You Still Have a Chance to Kneel Down Now!

cold.

At the same time, he deeply blamed himself in his heart.

Bai Yi had asked him to take good care of her parents, but as soon as she left, her parents were humiliated and bullied. This was due to his negligence.

"Fan, hurry up and leave! They want to take your life. Leave us alone and quickly leave!" Shen Yumei immediately howled. She knew that Cuiping and her husband had gone mad.

If Lin Fan appeared now, they would definitely kill him as well.

They want to take my life?

Lin Fan scoffed and said, "Mom, rest assured. I'll be fine!"

What?!

When Li Xiangru and the others heard his ridiculous words, they all sneered, contempt on their faces.

Does this guy know what he's talking about?

He'll be fine?

What can this useless son-in-law do?

Chapter 544 You Still Have a Chance to Kneel Down Now!

He had offended the Young Master of the Zhang Family, but not only did he not run away, he even dared to appear here just like that!

This was madness!

"This lad is so arrogant. How dare he speak to Young Master Zhang like that? I think he's going to be done for later on!"

"How stupid! Zhang Lei is the Young Master of a prominent family. He should take a good look at himself! How dare someone like him go against Zhang Lei?"

"If I were him, I would kneel down and beg for mercy. Then, there might be a chance that they might let me off the hook. He's so useless and yet he dares to put himself on airs. How ridiculous."

The eyes of everyone looking at Lin Fan were full of deep contempt. In their opinion, Lin Fan was an ordinary person, while Zhang Lei was a powerful man who could kill him with a snap of his fingers.

Yet, he dared say that he would be fine?

How funny!

Lin Fan turned a blind eye to everyone's contempt and said coldly to Shen Yumei, "Mom, just tell me who was

Chapter 544 You Still Have a Chance to Kneel Down Now!

the one who beat you up."

"It was me. What about it?"

Hearing that, Li Xiangru walked out and looked at Lin Fan with disdain.

"You're just a useless piece of trash. Are you going to try to kill me?"

Lin Fan couldn't even fend for himself, and yet he still wanted to get involved in this matter?

How ridiculous!

Lin Fan's cold eyes glared at her. "I'll give you a chance to kneel down and apologize!"

Chapter 545 A Card That Can Kill Us All!

Lin Fan's tone was extremely cold; he sounded like a noble and supreme king, dominating the lives of all beings in all realms. At that, all color drained from Li Xianghe and Li Huaiaren's faces, and panic filled their eyes! At that moment, they were so terrified that they were about to pee their pants. They could sense that Lin Zuo was enraged! This man's fury was enough to plunge the entire Jiang City, and even the entire Jiangnan, into endless chaos!

However, Lin Fan's words just sounded like a joke to Li Xiangru, Zhang Lei and the others. All of them instantly cast contemptuous glances at Lin Fan as if they were looking at a lunatic.

Then, Wan Jinrong started laughing maniacally. "Boy, are you crazy? You're actually asking us to kneel? Do you really think that you're worthy enough for us to do that? You're just a useless live-in son-in-law. Do you really think that you're some bigshot? Why don't you kneel now? Maybe we can consider leaving your corpse untouched."

Lin Fan just shook his head. "I guess you guys aren't planning to do it, eh?"

Lin Fan did not rebuke them, but instead he stood up slowly. The killing intent in his eyes intensified when his gaze landed on Wan Jinrong and the others! Yet, his words made everyone present feel even more disdainful

Chapter 545 A Card That Can Kill Us All!

toward him.

Everyone shook their heads one after another. They really didn't know how this useless trash could be so confident. He was acting as if he was some bigwig. The old saying went, 'They who know nothing fear nothing'. Perhaps this trash didn't even know how terrifying the Li Family's power was.

"You motherf*cker! Are you looking for death?" Wan Jinrong was completely infuriated. How dare this good-for-nothing son-in-law threaten him, a branch manager?

Damn it! "Guards! Cripple this scumbag! Kneel down and admit your mistakes now! I want you to do it now!" Wan Jinrong roared angrily with a vicious look on his face.

Immediately, a group of security guards stepped forward to teach Lin Fan a lesson! But at that moment, a terrifying thing happened. Lin Fan threw a card on the ground with a calm and indifferent expression. "Am I qualified enough now?"

Huh? Everyone suddenly felt puzzled, not knowing what Lin Fan meant. But at this moment...

"T-This is impossible!!!" A fearful yell instantly sounded!

Everyone looked over in astonishment to see that the person who was yelling was Wan Jinrong. His face had

Chapter 545 A Card That Can Kill Us All!

turned pale and was completely distorted by fear as his eyes were fixed on the card on the ground.

"Mr. Wan, what's the matter? Isn't it just a card? What's the big deal?" Li Xiangru asked nonchalantly, but she was actually feeling a bit unsettled. How could Wan Jinrong be intimidated by one card?

"Shut up!" However, Wan Jinrong slapped Li Xiangru and knocked her to the ground.

Wan Jinrong looked horrified as if he had just seen a ghost.

"You idiot, do you know what that card is? This is a customized card from Global Bank! Only the top VIPs of Global Group are eligible to own this card. There are only 1,000 copies of this card in the entire world! It's a hundred times more distinguished than the Amex Black Card! Only the managers of the Global Bank Central Branches are eligible to receive guests with this card!"

When they heard this, everyone felt their hairs stand on end. All of them were dumbfounded, unable to believe their ears. *Only the managers of the Global Bank Central Branches are eligible to receive guests with this card? Doesn't that mean that even Wan Jinrong, the manager of this Global Bank Branch, isn't qualified to receive Lin Fan?*

Chapter 545 A Card That Can Kill Us All!

There were only twelve central branches of Global Bank in China, and the managers of the branches were all extremely powerful and dominated the financial group. And only someone that powerful was qualified enough to receive this useless live-in son-in-law?

The air instantly froze! Everyone was horrified, and they all looked at Lin Fan with panic in their eyes! They were looking at him in horror as if they had just seen a ghost!

Hearing this, Li Xiangru's whole body froze, and her face instantly turned pale. She has never seen the Global Bank Custom Card, but she had heard of it. Rumor had it that holders of this card were all top senior executives in the country, and they must be treated respectfully all over the world. How could someone like this trash own this card? This was simply beyond everyone's imaginations!

Wan Jinrong's remarks caused a commotion among everyone present. Even Zhang Lei couldn't help but feel astonished. However, this was just the beginning!

"Not speaking, eh? I'm still not qualified enough yet?" Lin Fan sneered, and he then threw out another card. "Does this card make me qualified enough now?"

Seeing another card thrown out, Wan Jinrong was so horrified that he almost wet his pants, and his legs trembled frantically. He widened his eyes in disbelief as he looked at the card on the ground while trembling

Chapter 545 A Card That Can Kill Us All!

violently. "T-The Director's Card?"

Oh my God! The air in the entire bank seemed to have frozen. All the guests were dumbfounded and frightened! They had heard of the Director's Card before! Was that not the card that could only be owned by the top executives of the Global Group and the members of the board? The bank issued only ten copies of this card! Cardholders could issue orders to all Global Banks in the world and move funds below 100 billion at their will. Furthermore, all the managers must bow and scrape to the cardholder when they see the card!

Lin Fan had both a Custom Card and a Director's Card at the same time?! Everyone's gaze was locked on Lin Fan, their hearts racing anxiously. They all started trembling with fear!

At this time, Wan Jinrong was on the brink of tears. His fat face looked miserable as if he had just lost his parents, and he was too scared to say anything. Wasn't this guy a useless son-in-law? How could he have such a high-level card? This was a nightmare for him!

Especially Li Xiangru. The moment she saw the Director's Card, she almost passed out right then and there. *This guy is a director of Global Bank?* Yet, she not only beat his parents, but also dared to insult him? Li Xiangru was stunned as if a bolt of lightning had just struck her; she was about to go mad. Unfortunately, that was not the end of this disaster!

Chapter 545 A Card That Can Kill Us All!

Under everyone's horrified gaze, Lin Fan's mouth curled up into a cold smile. "Still not enough for you? Then look at this one!"

Whoosh! The last card was completely black with only a blood-colored skull on it!

Only someone like Wan Jinrong was qualified enough to have knowledge of this card. That was why the moment he saw this card, he immediately fell to the ground, all color drained from his face. "The Skeleton... Skeleton Emperor Card?"

This was the exclusive card for the chairman of Global Group, which meant that the man in front of him was the owner of Global Group! This was simply absurd!

Wan Jinrong was going nuts! He actually beat up the chairman's mother-in-law and father-in-law? This meant that the Global Group was no longer his backer, but his enemy! How could he fight a world-renowned financial magnate? This was truly a nightmare!

Seeing how terrified Wan Jinrong looked, Li Xiangru and the others knew that the origin of this mysterious card was even more terrifying than the previous two! This made the ominous feeling in their hearts grow even stronger. Everyone was trembling all over while looking

Chapter 545 A Card That Can Kill Us All!

at Wan Jinrong in horror. Even Zhang Lei couldn't help being nervous at this moment as he waited for Wan Jinrong's reply.

Then, Li Xiangru asked with an anxious expression, "Mr. Wan, w-what kind of card is this?"

At this time, Wan Jinrong was already in tears. His voice choked as he blurted, "This... is the card that can kill us all!"

Chapter 546 Get Ready to Spend the Rest of Your Life in Prison!

As soon as Wan Jinrong's voice trailed off, Li Xiangru, Zhang Lei and the others were left in total consternation. Could they be killed just because of a card?

What sort of card had the power to do that?

Looking horrified, the rest of the group were overwhelmed with remorse for insulting Lin Fan earlier because they had brought huge trouble to themselves by doing so.

"Please forgive me! Please spare my life, Chairman Lin!" Wailing with misery and scared out of his wits, Wan Jinrong knelt down in front of Lin Fan and kept on offering kowtows to him.

Tears were streaming down his face, and he was on the verge of going insane.

At first, he thought Zhang Lei would be able to finish Lin Fan off effortlessly, but judging from how things were going now, it was Lin Fan who would be able to do that to all of them!

After being so rude to the chairman of the Global Group, there was no place he could escape to in the entire world, let alone China.

Nonetheless, the corners of Lin Fan's lips curled upward into a menacing smirk as he snapped, "It's too late!"

Chapter 546 Get Ready to Spend the Rest of Your Life in Prison!

He had given them a chance to repent, but Wan Jinrong and the rest of them had given it up of their own will.

Terrified, Wan Jinrong slumped to the ground right away, his eyes brimming with intense fear.

A gust of apprehension seized him as he pictured his tragic end.

"It's impossible! This can't be right!" At that juncture, Li Xiangru started shouting hysterically, "Young Master Zhang clearly said that he's just a useless live-in son-in-law of the Bai Clan! How can he be a big shot?! In my opinion, those cards must either be fake or stolen!"

She did not believe she could be this unlucky!

It would be too much of a coincidence for the man she had just humiliated to be the chairman of Global Group.

Everyone looked surprised in response to her allegation. Were the cards stolen? It seemed unlikely.

"That's right! Not only is Lin Fan a useless man, he's a thief too! Prior to this, he stole a necklace owned by the King of Blood Prison, so it's likely that he stole the cards as well!" Zhang Lei exclaimed, looking grave.

Stunned at what he said, raging fury emerged on Wan Jinrong's face.

Chapter 546 Get Ready to Spend the Rest of Your Life in Prison!

Obviously, he too agreed with what Zhang Lei said, which saw him glaring at Lin Fan right away. "You b*astard, I'm going to do a check on those cards to see if they're authentic. If it turns out that you're actually bluffing me, I'll make sure you die a miserable death!"

With that, he was ready to carry out an authentication test on the cards.

As for Shen Yumei and her husband, they could not help but tremble with anxiety at once because they too believed that Lin Fan was lying.

Lin Fan had been living the past three years without anything special happening in his life. How could he have something to do with the Global Group?

Yet, Lin Fan started shaking his head with a smile as he stared at both Li Xiangru and Wan Jinrong as if they were already dead.

They really can't be convinced until they're faced with the grim reality...

At that moment, the sound of car engines revving could be heard coming from the corner of the street.

And luxury cars were seen driving over one after another.

Then, several men swiftly alighted the cars one after

Chapter 546 Get Ready to Spend the Rest of Your Life in Prison!

another.

More people were joining them?

With their hearts thumping at a frenzied rate, everyone was sure that the amount of shock they experienced today might be greater and even more impactful than the rest of the events they were going to experience in their entire lives afterward.

"Lin Zaidong, why're you here?" Wan Jinrong confronted the visitor right away with a long face when he saw him.

It was because that man was his subordinate as well as the deputy general manager of this Jiang City sub-branch.

Yet, Lin Zaidong paid no regard to him at all. Instead, he led a group of men consisting of all members of the management of the branch toward Lin Fan.

Then, they stood still in front of Lin Fan and bowed to him in unison as Lin Zaidong greeted him, "Lin Zaidong, the deputy general manager of Jiang City Global Bank sub-branch is here to pay respects to Chairman Lin!"

Chairman Lin!

Someone just called Lin Fan Chairman Lin again!

Chapter 546 Get Ready to Spend the Rest of Your Life in Prison!

Everyone else at the scene went bananas when they heard Lin Zaidong addressing Lin Fan that way.

It was unfathomable to them as to why on earth Lin Fan, a useless live-in son-in-law, was treated with so much reverence by all the big shots from the Global Group.

Was Lin Fan called Chairman Lin because he was the chairman of the Global Group?

That was totally absurd!

Everyone felt as though their necks were being strangled by a pair of transparent hands at that moment, causing them to almost suffocate.

The sight of how humble and respectful Lin Zaidong and his gang was bowing to Lin Fan was mind-boggling and blood-curdling as though they had just witnessed Mars crashing into Earth.

“Chairman Lin, we rushed here as soon as we received the order from our superiors. It’s clear from their instructions that anyone who’s offended Chairman Lin will be deemed as offending the Global Group as well, and all of them will be eliminated with no mercy!”

When the respectful voices of Lin Zaidong and his bunch were heard, Wan Jinrong and Li Xiangru immediately collapsed on the ground with a thud as though both of

Chapter 546 Get Ready to Spend the Rest of Your Life in Prison!

them had just been struck by lightning.

There was nothing but despair in their minds right now.

Was there still a need to carry out the authentication test at that juncture?

Even the deputy general manager of the sub-branch had received orders from the higher-ups of the Global Group to come to Lin Fan's aid.

No room was left for them to doubt the authenticity of Lin Fan's identity.

They were about to go nuts! It was as if they had found out that the values they had been holding on to throughout their lives turned out to be unsound.

A useless man who married into his wife's family was actually the chairman of Global Group who could make all the board members of the company personally make a call in order to do justice for him.

All of them will be eliminated with no mercy!

That very sentence caused each and every hair on their skins to quiver frantically.

It was because they believed they were doomed!

Chapter 546 Get Ready to Spend the Rest of Your Life in Prison!

They were not the only ones left in a trance because even Shen Yumei and Bai Shan were dumbfounded too.

Chairman Lin?

Was Lin Fan actually the chairman of Global Group?

That did not make sense at all!

That company was one of the top ten largest companies of the Fortune Global 500!

At that moment, Lin Fan looked like a stranger to them.

They could not believe he was their son-in-law at all.

At that moment, Lin Fan took in the shock and fear on everyone's face as he surveyed all of them with his penetrating and stern eyes.

Those who were standing where his vision lingered quickly lowered their heads fearfully, not daring to even meet his gaze.

It seemed like they could see the murderous and domineering power radiating from his eyes!

A tingling sensation crawled all over their scalps under his domineering gaze.

Chapter 546 Get Ready to Spend the Rest of Your Life in Prison!

"I've been bitten by one of my kind in my own territory!"

Sounding accusatory, he was going to punish the people who had committed the sin!

His accusation turned the legs of all the employees of the Global Group, including Lin Zaidong, into jelly. Each and everyone of them had horrified looks on their faces and nearly wet their pants.

"The year end bonuses for all employees at the Jiang City sub-branch will be canceled! Also, the manager of Jiangnan Global Bank Central Branch will be given a demerit and demoted from Senior Vice President to Vice President. All his rewards from the last financial year will be nullified!"

In an instant, his words caused a domino effect among the crowd, causing their bodies to tremble violently as though all of them had just been struck by lightning.

What Lin Fan said was significant enough to influence the economic system of the entire Jiangnan Province.

Everything seemed so outlandish.

How powerful exactly was he to have the direct authority to demote a branch manager?

As a matter of fact, every central branch manager of the

Chapter 546 Get Ready to Spend the Rest of Your Life in Prison!

bank played an essential role in the Global Group because each and everyone of them had the power to decide the fate of the financial group.

But now, someone as important as that was getting a demotion because of Lin Fan.

In the blink of an eye, everyone's heads started ringing and buzzing as though they were going to implode any minute while they stared at Lin Fan with a terror-stricken look on their faces.

Thereafter, Lin Zaidong and his bunch glowered at Wan Jinrong with burning rage on their faces.

"Wan Jinrong, the result of our investigation shows that you've misappropriated bank funds and accepted bribes while you were in your position in the bank! Now, your service is officially terminated by the Global Group, and you'll be handed to the police. Get ready to spend the rest of your life in prison!"

Chapter 546 Get Ready to Spend the Rest of Your Life in Prison!

The face of Wan Jinrong, who had collapsed on the ground, went ashen because it dawned on him that he was going to spend the rest of his life in jail.

He was doomed!

"B*tch!" In the next instant, he let out an angry howl, his voice carrying deep resentment.

Like a mad man, he charged toward Li Xiangru and seized her by her hair before slapping her face frenziedly non-stop.

"This is all your fault, b*tch! I'll kill you!"

Wan Jinrong was about to lose his mind. If it wasn't for Li Xiangru who had offended Lin Fan and his family, he would not have ended up in such a miserable state.

His life was completely ruined.

"Please save me! I'm begging y'all!" Li Xiangru, who was terrified, implored in between sobs.

She had no doubt that Wan Jinrong was totally capable of killing her in his current state.

Yet, who would have the guts to trigger Lin Fan's anger at this juncture?

Chapter 547 Lin Fan, Let's Meet Up!

Everyone was staring at Li Xiangru with contempt.

That was exactly how a snobbish person would end up!

Lin Zaidong sneered seeing how horrified Wan Jinrong looked. "Mr. Wan, please be rest assured that this woman will end up in the same way as you!"

The moment Li Xiangru heard what he said, she felt as though her head was about to blow up.

Was she going to end up in jail too?

No way! She could not allow something like that to happen!

She was the Ace Manager of the bank, and her life had just started heading in the right direction. How could she be sent to jail at this stage?

Terror-stricken to the extent of wetting her pants, Li Xiangru shoved Wan Jinrong away and got down on her knees right in front of Bai Shan and his wife.

Stripped of all her aloofness earlier, she burst into tears and kept offering kowtows to the couple. "Mr. Bai and Mrs. Bai, I've realized my mistake! Please forgive me this time and I promise I won't repeat my mistake ever again! How about you guys just beat me up? I'm begging you guys not to ruin my life!"

Chapter 547 Lin Fan, Let's Meet Up!

She had humiliated Lin Fan and his family badly, treating them as though they were a bunch of paupers.

In the end, Lin Fan actually turned out to be someone who could dictate the fate of her life.

How things went had sent her into a state of despair.

Bai Shan and his wife looked hesitant as they seemed to sympathize with Li Xiangru.

Nonetheless, Lin Fan shook his head as he scoffed. "I've already said that it's too late for you to do anything now! You should pay the price for the mean and vicious acts you've done!"

His words sealed the fate of both Wan Jinrong and Li Xiangru.

"Take them away!" Lin Zaidong thundered icily.

"No, please don't do it!"

"Mr. Lin, please give me another chance!"

Shortly later, Wan Jinrong and Li Xiangru, both wailing miserably during the process, were dragged to the police station.

"Also..."

Chapter 547 Lin Fan, Let's Meet Up!

Lin Zaidong turned to look at Zhang Lei and announced, "Young Master Zhang, the application your family made for a 100 billion loan has been rejected! On top of that, your family will be blacklisted by our bank and no more transactions will be done between the two parties in the future. We'll also issue warnings to other banks, informing them that any one of them who dares to provide a loan to your family is deemed an enemy of the Global Bank!"

What?!

Goosebumps broke out all over Zhang Lei's skin right away as though he had just bumped into a ghost.

Thinking that he was in a dream, he gaped at Lin Zaidong and his bunch with a look of utter disbelief.

Wasn't that guy just a useless piece of crap?

How did he become the chairman of Global Group?

"My family has been doing business with the Global Bank for five years already. What gives him the right to terminate our dealings with the bank? Lin Zaidong, are you trying to cover up for him? I'll launch a complaint about that to the Global Bank!"

Zhang Lei's threat was brimming with indignation.

Chapter 547 Lin Fan, Let's Meet Up!

Yet, Lin Zaidong only glanced at him indifferently as though he was an idiot before answering him, "Of course he has the right because his signature is required for every loan application exceeding the amount of 100 billion!"

His signature is required?

All the tycoons at the scene were floored at the moment.

A look of total disbelief and shock seized their faces.

Being the bank's clients who had had dealings with the bank on many occasions, they knew that only the chairman of the bank had the authority to approve loan applications for amounts exceeding 100 billion.

So, Lin Fan and that chairman...

At the thought of the possible relation between Lin Fan and the chairman, everyone started trembling violently and shuddered.

Their eyes were laden with terror when they stared at Lin Fan.

So, that man must be the ruler of the Global Group, a massive financial empire.

Zhang Lei as well as all the tycoons at the scene were dumbstruck.

Chapter 547 Lin Fan, Let's Meet Up!

Their eyes, which were staring at Lin Fan, went glassy.

The thought was especially mind-blowing for Zhang Lei judging from the great terror on his face; his mind was thrown into turmoil.

No! That could not be!

If that useless piece of crap really had such a highly respected status, why did he even need to become a live-in son-in-law of his wife's family and become a laughing stock for the past three years?

Zhang Lei's face turned grave at once because he did not believe Lin Fan was such a capable man.

Bai Yi must be the reason behind this!

"You idiots have all been bluffed by him! He's just a useless live-in son-in-law! He's nothing without his wife!"

Zhang Lei was livid. In his opinion, Lin Zaidong only decided to protect Lin Fan because he wanted to ingratiate himself with Bai Yi.

After all, even the branch of the Global Bank had to pay Bai Yi some respect because she was the current leader of Jiangnan.

Chapter 547 Lin Fan, Let's Meet Up!

He thought Lin Fan had sounded presumptuous and idiotic just now by ordering for the demotion of the central branch manager of Jiangnan.

Lin Fan's words were not worth believing at all.

"Lin Zaidong and Lin Fan! I'll remember the humiliation I suffered today!" Enraged, Zhang Lei stared at the two as though they were two dead men with a wicked smile on his face. "You guys will soon pay the price for what you all have done today!"

As rumor had it that the mysterious Lin Zuo was currently in Jiang City, the Zhang Family decided to visit the city, and they were confident that they could reach an agreement to cooperate with Lin Zuo.

When the time came, Lin Fan, Lin Zaidong or even Bai Yi would have to die!

"Just wait and see! Very soon, each and everyone of you will kneel down on the ground and beg for my mercy! Ha ha ha!" Sounding triumphant, Zhang Lei glared at Lin Fan and Lin Zaidong resentfully before leaving the Global Bank without looking back.

In response to his threat, Lin Zaidong sniggered icily at how idiotic was Zhang Lei for having no idea what kind of character he had offended.

Chapter 547 Lin Fan, Let's Meet Up!

If such an idiot was chosen to become the master of the Zhang Family, he reckoned it would be just a matter of time before the family was destroyed.

"Chairman Lin, please let me give you and your family a ride home!" Putting his thoughts away, Lin Zaidong made the suggestion to Lin Fan respectfully.

Yet, Lin Fan waved his hands to brush away his suggestion and said instead, "There's no rush. Lin Zaidong, since Wan Jinrong has been arrested, the sub-branch can't go on operating without its leader... From today onward, I'll make you the general manager of the sub-branch. Do you think you can handle the job well?"

What?!

Lin Fan's words were like lightning, striking Lin Zaidong's ears. His eyes were brimming with utter astonishment as he could not believe what he said was true.

Was he going to be the manager of the sub-branch?

Moreover, he was personally promoted by the chairman!

In that case, he would be labeled as Lin Fan's trusted aide from today onward.

That was an outright windfall to him!

Chapter 547 Lin Fan, Let's Meet Up!

Thud!

In his agitation, he knelt down right away before Lin Fan, his face crimson. "Chairman Lin, thank you very much for your recognition. I won't let you down and I'll bring the best out of this sub-branch!"

...

Bai Shan and Shen Yumei still felt as though they were dreaming on their way back home.

They even felt somewhat restless and fearful in the presence of Lin Fan.

Because of Shen Yumei's continuous urging, Bai Shan finally voiced his question, on tenterhooks, "Fan, why did they call you Chairman Lin just now? Are you really the chairman of the Global Group?"

Flashing them a subtle grin, Lin Fan answered him, "Dad, there's no way I can be the chairman of the Global Group. In fact, they were just going along with my acting earlier for Bai Yi's sake!"

Acting?!

Both Shen Yumei and Bai Shan were stunned right away.

"That's to say, all those people from the Global Bank

Chapter 547 Lin Fan, Let's Meet Up!

only pretended to treat you with so much respect?”

With a shrug, Lin Fan added, “All that was to help the two of you!”

Finally, it dawned on Shen Yumei and Bai Shan that Lin Fan was still his old self, and nothing had changed.

But no matter what, they had managed to get out of that plight because of him.

Nonetheless, they still experienced a complicated mixture of relief and disappointment.

At that moment, Lin Fan's phone started ringing all of a sudden.

And it was Zhang Yichen's voice which came from the other end, “Lin Fan, let's meet up!”

Rate the Translation to Get 2 Pearls.

Wait! I Have Something to Say!

Chapter 547 Lin Fan, Let's Meet Up!

Eh?

Sensing that Zhang Yichen was in the midst of an emotional outburst, Lin Fan's face fell in an instant before he asked her, "Where're you now?"

Zhang Yichen then gave him an address in between sobs.

Lin Fan let Bai Shan have the car while he took a taxi to the address.

When he reached the place, he immediately spotted Zhang Yichen sitting on a bench amidst the blowing wintry wind. Her body was shivering from the cold, and her eyes were swollen and red with tears.

"What's going on?" Lin Fan walked over and asked her with a frown.

At the sight of Lin Fan, she lunged toward him and threw herself into his embrace as she could no longer contain her emotions. With nothing to hold her back, she cried her heart out and wailed, "I-I was chased out of my home by my family! Lin Fan, I'm homeless now!"

Her melancholy and bitter voice put a dark expression on Lin Fan's face. "Is it because of Zhang Lei?"

Zhang Yichen was chased out of her home right after Zhang Lei had been humiliated by Lin Fan. That could not

Chapter 548 Offering Your Family a Chance to Succeed

be just a pure coincidence.

Zhang Yichen nodded her head helplessly. "Zhang Lei told my family that you're the reason why their loan application got rejected. Therefore, he intends to make use of all the resources my family has to make sure you get punished! Just because I tried putting in some good words on your behalf, they started calling me a traitor and a cheap sl*t who fell in love with a married man. Also, because I was deemed a disgrace to my family, I was stripped of the right to become the successor and I was chased out of my home! They're also going to ban me from participating in any more activities in the entertainment industry in the future!"

Her family treated her with no mercy at all.

Zhang Yichen was bitter not because she was chased out of home or because of the ban. It was because she was saddened by how nasty her family, whom she had spent most of her life with, treated her and how determined they were in their decision to leave her with no room to survive.

Now, she was left with nothing!

After listening to her lamentation, Lin Fan assured her with an icy chill in his eyes, "Don't worry, the Zhang Family will be yours and no one will be able to snatch it away from you! It's true because I said so!"

Chapter 548 Offering Your Family a Chance to Succeed

His words sounded domineering and majestic!

It was as though Lin Fan was a king, and anything he said would surely come true in the future.

Awestruck, Zhang Yichen stared at Lin Fan in shock, feeling the emptiness in her heart suddenly being filled at once.

She was even more smitten with Lin Fan because of what he said. As long as she was with him, it seemed like there was no need for her to be scared even if the sky collapsed, because he would stop the weight from crushing her.

"Let's go! I'll seek justice for you!" Lin Fan held her hand and pledged.

Yet, Zhang Yichen looked hesitant while she said apprehensively, "Lin Fan, can you please don't kill any of my family members?"

She knew his capabilities well. If he was up to it, he could turn even the entire Jiangnan Province into a place filled with dead bodies in an instant, let alone the mere Zhang Family.

But, they were, after all, still her family.

Taken aback by her request, Lin Fan told her with a subtle grin, "Don't worry, I won't kill them. Instead, I'll

Chapter 548 Offering Your Family a Chance to Succeed

make them kneel down and beg for your forgiveness!”

...

Lin Fan and Zhang Yichen then made their way to the hotel where Old Madam Zhang's birthday celebration dinner was being held.

When Lin Fan was made aware of Old Madam Zhang's birthday on their way to the hotel, he instructed Ye Shihao and his gang to help him prepare some gifts for her.

Before resorting to violence, he thought it appropriate to show his courtesy first.

If they were wise and sensible enough, he would go easy on them.

But, if they were stubborn and refused to do the right thing, he would have no choice but to make them kneel and offer their apologies.

Once they arrived at the hotel, Lin Fan found the surroundings filled with luxury cars of various makes.

The cheapest car models among them were Rolls-Royces which were already worth millions.

After all, the Zhang Family was a reputable and

Chapter 548 Offering Your Family a Chance to Succeed

prestigious family in China. Big shots from various industries in Jiang City vied for a chance to meet the family after knowing about their visit.

Attracted by the news that the Zhang Family was very confident in reaching an agreement with Lin Zuo, even more came to ingratiate themselves with them.

The moment Lin Fan and Zhang Yichen stepped into the hotel, an enraged howl came their way immediately, "You dirty b*stards, get out of here now!"

The man who was yelling at them was none other than Zhang Lei.

He never thought that Lin Fan would actually have the guts to appear in front of his family right after he had destroyed their chance at getting a loan just earlier today.

Following Zhang Lei's thunderous roar, the rest of the members of the Zhang Family as well as all the guests turned to look at Lin Fan and Zhang Yichen at once.

"Isn't that useless loser Bai Yi's husband? Why is he together with Zhang Yichen?"

"How disgusting is that man? He only gets to have everything he has now because of his wife, but that still doesn't keep him from having an affair with another

Chapter 548 Offering Your Family a Chance to Succeed

woman! Bai Yi must be blind to have fallen for such a jerk!"

"Ha ha, I'm afraid the good times that he has been enjoying until now will soon be put to an end if Bai Yi finds out about his affair!"

"He's nothing without his wife!"

Once they recognized Lin Fan, everyone started looking contemptuously at him.

Meanwhile, Zhang Yichen could not help but shudder because of Zhang Lei's enraged howl.

Looking increasingly bitter, she felt so distressed that she was on the brink of crying.

"Everything will be fine!" Lin Fan consoled her with a smile after patting her back.

Then, he turned to face the crowd with arrogance and nonchalance flickering in his eyes. "I'm here to wish Old Madam Zhang a very happy birthday! Also, I'll offer your family a chance to receive good fortune for the sake of Yichen!"

What?!

The entire hall went uproarious because of what he said.

Chapter 548 Offering Your Family a Chance to Succeed

Did that useless piece of crap just say that he would give them a chance to receive good fortune?

Did they hear him wrongly?

How dare a useless man like him who lived off the allowances from his wife spout such arrant nonsense at Old Madam Zhang's birthday celebration dinner?

Obviously, he was trying to humiliate Old Madam Zhang!

What he did was akin to committing suicide!

The Zhang Family were incensed to hear what he said, and one could tell from their eyes which were laden with hatred.

They were surprised that that useless piece of crap, who had sabotaged their loan application, still had the guts to make nonsensical comments here.

Did he really think they could not seek revenge on him simply because his wife was the leader of Jiangnan?

Everyone there thought Lin Fan purposely came here to make trouble.

Anger got the better of Old Madam Zhang, Zhang Lei and the others, and they looked like they were about to

Chapter 548 Offering Your Family a Chance to Succeed

pounce on Lin Fan and rip off his flesh any minute. "Lin Fan, how dare you appear in front of us now? In that case, don't think of leaving this place tonight!"

"B*stard, you're the reason why our loan went up in smoke and why our family got blacklisted by all the banks! Not even Bai Yi will be able to save you tonight!"

The entire ballroom turned into a chaotic scene at once.

Vile comments and nasty abuse could be heard coming from all directions.

All of them could not wait to shred Lin Fan's body into pieces!

Zhang Lei appeared especially agitated by the sight of Lin Fan, intense malice in his eyes. He complained to Old Madam Zhang, "Grandmother, did you see that? I told you Zhang Yichen is just a shameless b*tch! Not only did she have a fling with a married man, she even dared to bring that man here to cause a scene! She's an utter disgrace to our family!"

"Zhang Lei, stop throwing mud at me!" Exasperated, Zhang Yichen yelled, "L-Lin Fan and I are just friends!"

Yet, she sounded more and more diffident because she indeed had a crush on Lin Fan.

Chapter 548 Offering Your Family a Chance to Succeed

"Grandmother, Lin Fan can really help our family! Please believe me!"

Other than to meet Lin Zuo, there was another huge reason why the Zhang Family made a big fuss of their visit to Jiang City...

It was because they had suffered a crushing defeat in a power struggle!

Therefore, they needed to salvage themselves by finding someone even more powerful and influential to back them up.

Lin Fan was clearly the best candidate for that because after all, he was the King of Blood Prison.

"That's enough!" Old Madam Zhang yelled furiously, looking gloomy. "Don't call me your grandmother. A sl*t like you have no right to do that! Get out of here together with that useless man!"

Chapter 549 | Hope You Guys Won't Regret Your Decision!

Zhang Yichen felt as though something sharp had just stabbed into her heart after listening to what her grandmother said.

The pain in her heart was so intense that she could hardly breathe.

She wanted to help her family, but her endeavor only made her look like a shameless sl*t in her family's eyes.

"Aren't we being too lenient on them by letting them go just like that?" Zhang Lei added with a sly smile on his face, his eyes filled with resentment, "That b*stard cost us our 100 billion loan. How can we let him go so easily? In my opinion, we should break his legs right here, right now!"

As soon as his suggestion was heard, each and everyone of the Zhang Family started eyeing Lin Fan nastily and wickedly.

Zhang Yichen, who got a huge fright from Zhang Lei's suggestion, collapsed on the floor with a thud where she implored in between tears, "Grandmother, you guys can't do that to him! Please don't hurt him!"

The Zhang Family would just quicken the process of their destruction if they really offended such a powerful man like Lin Fan.

Chapter 549 | Hope You Guys Won't Regret Your Decision!

Zhang Lei snorted icily right away and snapped scornfully, "You only care about your lover but you have no regard at all for the loss he caused our family! How can someone like you be the mistress of this family?!"

All the members of the Zhang Family looked furious, thinking that Zhang Yichen was just trying to protect Lin Fan.

"Zhang Lei is right. This woman has no right to be the mistress of our family! Get her out of here!"

"It's unacceptable enough to have the mistress of our family be a secret lover of a married man, but it's totally disgusting that her secret lover is a useless live-in son-in-law!"

"They are indeed a perfect match for each other because they are similarly shameless! Ask them to leave immediately! We've suffered enough embarrassment because of them!"

Everyone from the Zhang Family was busy making offensive remarks at the top of their lungs.

At that moment, Old Madam Zhang's face turned grim, and she declared, "Zhang Yichen, you're no right to stay here because you're no longer one of us. As for that lad, he has to die!"

Chapter 549 | Hope You Guys Won't Regret Your Decision!

Ha ha ha!

As soon as Old Madam Zhang finished what she said, Zhang Lei let out a loud guffaw before he urged with his face distorted with rage, "What're you guys waiting for? Shred that lad who cost us a huge loss into a million pieces!"

Immediately, top-notch martial artists of the Zhang Family stepped forward, all looking menacing and eager to kill.

Suddenly, a loud call was heard coming from outside of the ballroom at the most inopportune time. "Dr. Mike is here!"

That voice which could be heard by everyone in the entire hall left everyone from the Zhang Family in shock.

"Dr. Mike... Is he that superb doctor who is renowned all over the world?"

"He works for Divine Doctor Lin. It's a great honor for the Zhang Family to have him here!"

"Is he here because of Divine Doctor Lin? If that's the case, the Zhang Family is surely going to soar to great success in the future!"

All the guests in the ballroom were stunned by the sight

Chapter 549 | Hope You Guys Won't Regret Your Decision!

of Dr. Mike.

Who exactly was Divine Doctor Lin? He was the man who represented the future of the medical field of China.

He was idolized by many youngsters in the country. Ever since Dr. Mike expressed his willingness to work for him, Divine Doctor Lin attained a pivotal role in the medical field of China.

Did he just send his subordinate to attend the birthday dinner organized by the Zhangs?

Dumbfounded, the Zhang Family all looked wide-eyed and open-mouthed in shock; they suspected whether there was something wrong with their hearing.

It was their great honor to have Dr. Mike, who had come here on his own initiative, as a guest of the birthday dinner.

Excited, everyone turned to glue their eyes on the entrance of the hall all at the same time with admiration and respect written all over their faces.

Even Old Madam Zhang quickly rose to her feet with help and made her way to the entrance at a quick pace. At the same time, she urged Zhang Lei, "Lei, we've no time to deal with those two useless idiots! Nothing is more important than welcoming Dr. Mike!"

Chapter 549 | Hope You Guys Won't Regret Your Decision!

As soon as Zhang Lei received the instruction from his grandmother, he glared at Lin Fan viciously and threatened him, "B*stard, I'll allow you to stay alive for a few minutes more! After we welcome Dr. Mike, you'll be slaughtered!"

Thud, thud, thud!

Under everyone's expectant eyes, one man after another walked inside the hall through the entrance.

Yet, Mike kept scanning the crowd as though he was looking for something as soon as he stepped into the hall.

Puzzled by his actions, Old Madam Zhang asked, "Dr. Mike, may I know what you're looking for?"

What Mike said next sent the entire ballroom uproarious. "I'm looking for my Boss!"

Everyone was obviously stunned the moment they heard what he said. A babble of talks then broke out among the crowd immediately.

Boss?

There was only one man who could be Mike's boss, and that was none other than the mysterious Divine Doctor Lin!

Chapter 549 | Hope You Guys Won't Regret Your Decision!

Was Divine Doctor Lin among them who were present at the hall right now?

All of them were on the verge of going berserk because of that thought.

Looking lost and edgy with their faces red with exhilaration, all the guests started looking around frantically in search of Divine Doctor Lin in the hall.

They found it hard to believe that such an eminent figure was actually hidden among them.

This was going to be a once-in-a-lifetime chance for them to ingratiate themselves with Divine Doctor Lin which they could not let slip by all means.

Not only the guests, even the members of the Zhang Family looked stupefied when they heard the mind-boggling news.

Was Divine Doctor Lin, the man who was hailed as the future of China's medical field, here to attend Old Madam Zhang's birthday ceremony?

Getting to know someone like that would definitely give them a boost in their path to success!

At that moment, they too started scanning their surroundings nervously and excitedly with hunger in their

Chapter 549 | Hope You Guys Won't Regret Your Decision!

eyes.

Yet, it was unbeknownst to them that Divine Doctor Lin had already been badly offended by them.

At that juncture, Mike spotted Lin Fan. Immediately, he blurted, looking ecstatic, "Boss!"

With that, he started moving toward Lin Fan.

Nonetheless, Lin Fan was quick enough to shoot him a look first.

Stunned, Mike had no choice but stay rooted to the spot.

Everyone seemed to have noticed something as their eyes nearly popped out in shock.

Why did they have a feeling that Lin Fan was the man Mike was looking for?

Lin Fan and Divine Doctor Lin... Could they be the same man?

A sudden bad feeling crept up in Old Madam Zhang's mind, causing her to question in a terror-stricken tone, "Dr. Mike, is Lin Fan Divine Doctor Lin?"

Mike quickly shook his head and clarified, "I mistook somebody else as him. My Boss isn't here!"

Chapter 549 | Hope You Guys Won't Regret Your Decision!

What?!

What he said put everyone in great disappointment all at once. As it turned out, Divine Doctor Lin was not in the hall at all.

Zhang Lei once again seized the opportunity to comment scornfully, "Grandmother, you're so great at making jokes. How can a piece of useless trash like him be Divine Doctor Lin? Just look at him! I'm afraid he isn't even qualified to carry Divine Doctor Lin's shoes!"

A piece of useless trash?

Mike's face fell immediately as soon as he heard how gravely Zhang Lei insulted Lin Fan.

Mike then questioned in a hostile tone, "Old Madam Zhang, is this man the useless crap you guys are referring to?"

If it was not for Lin Fan, Mike would not be here at all tonight. Although the Zhang Family was indeed a prestigious and rich family, they were still not important enough to make Mike come all the way here to attend their birthday dinner.

But now, those idiots had actually humiliated his Boss in his presence.

Chapter 549 | Hope You Guys Won't Regret Your Decision!

As soon as Mike's question was heard, Old Madam Zhang became embarrassed right away. With intense contempt and disgust on her face, she answered him, "Dr. Mike, this man is the live-in son-in-law of the Bai Clan and he was brought here by my insensible granddaughter. I'm deeply sorry that he disturbed you. In fact, I was just about to chase him out just now!"

As soon as they heard what she said, the expressions on Mike and his bunch changed drastically. They got such a huge fright that they nearly collapsed on the floor.

How dare the Zhang Family insult their Boss so gravely?

They were outright idiots!

Soon, blazing flames of fury could be seen burning in the eyes of Mike as well as his men.

Lin Fan was a man so highly respected by them that he was almost like a divine figure, but now, the Zhangs were actually daring enough to humiliate the God they worshipped right in front of them.

The group of outstanding doctors present at the ballroom were greatly irritated by that.

Nevertheless, Old Madam Zhang and the rest of the Zhang Family did not seem to have noticed the change in their expressions.

Chapter 549 | Hope You Guys Won't Regret Your Decision!

Immediately, Old Madam Zhang yelled at Lin Fan, "Hey you b*stard, it's time you get out of here! A guy as disgusting as you shouldn't be here. You're just an eyesore to somebody as highly respected as Dr. Mike!"

Ha ha...

Before Mike could lose his temper, Lin Fan sneered. "Well, since my presence is not welcome by you guys, I'll go!"

He tossed the gifts he had prepared for Old Madam Zhang on the table and said with a snigger, "I'll leave my gifts for Old Madam Zhang here, and I hope you guys won't regret your decision tonight!"

Chapter 550 From Where Did You Steal It?

Regret? Everyone in the Zhang Family looked disgusted by how thick Lin Fan was. Why should they feel regret about getting rid of him who was a useless piece of crap that depended on his wife? They even wanted him out of this place as soon as possible because they had had enough of him.

Zhang Lei sneered, "Gifts? I'm afraid someone like you can only afford some embarrassing junk!" With that, he opened up one of the gift boxes from which he took out a filthy and extremely old bowl made of copper.

"Hahaha, Lin Fan, is this shabby bowl your gift?" Zhang Lei tried hard to catch his breath in between laughter before he continued, "Are you trying to humiliate my grandmother by giving junk to her?"

What?! Everyone in the ballroom was stunned by the sight of the bowl.

Was that shabby old bowl really a gift from Lin Fan? Was he trying to humiliate Old Madam Zhang by giving her that? He must have gone mad!

The ballroom went uproarious and cacophonous at once as the guests started engaging in heated discussions about the bowl.

"What's that thing? Could it be something from a garbage can? Can something like this be a gift?"

Chapter 550 From Where Did You Steal It?

"I'm sure he deliberately chose the gift to cause trouble. There's no doubt he is trying to humiliate Old Madam Zhang by giving her a piece of junk."

"Hahaha, you should keep the bowl for yourself! In the event your wife stops providing you allowances, you may use it to beg for food!"

Everyone was staring at Lin Fan disdainfully.

Old Madam Zhang, who was already enraged to begin with, had her eyes laden with great rancor while she rebuked, "B*stard, how dare you humiliate me? Throw this insensible and rude guy out of here now!"

Yet, Lin Fan was just seen shaking his head contemptuously in response to all the criticisms and insults which they showered on him. "You guys are just a bunch of ignorant idiots. I can't believe all of you still claim to be people from the upper circles despite failing to recognize such a rare treasure!"

What?! Everyone looked affronted at once when they heard Lin Fan's criticism; all of them turned to look at Lin Fan with their eyes tinged with a layer of fury. This lad must be out of his mind! Not only did he offer a shabby bowl as a gift, but he also insulted everyone else by calling them ignorant! He was an outright joke!

"Are you trying to get yourself killed?" Old Madam

Chapter 550 From Where Did You Steal It?

Zhang was livid. It was her first time coming across such a shameless man in all her life. If it was not because Mike was here, the entire ballroom would have already been stained red with Lin Fan's blood. She let out an angry howl right away, "Get Lin Fan as well as the pile of rubbish out of here!"

"Hold on!" At that juncture, a middle-aged man walked out of the crowd and made his way over. Then, he cupped the copper bowl with his hands and started examining it closely. Looking focused and cautious, he seemed very thrilled to see the bowl as though he had just found treasure. Next, he tapped on the copper bowl gently with his fingers to produce a clink so pleasant to the ears as if it was a cry from a dragon.

When the middle-aged man heard the sound, he gasped at once and could not help but shudder; the shock he received was so intense that he nearly collapsed to the floor. In disbelief, he exclaimed, "This isn't possible! It's not reasonable at all! How could this thing be here?!"

What?! All the guests could not help but be stunned by his reaction.

"Uncle Wenxiang, what's wrong with you? Isn't that just a shabby old bowl? What's so interesting about it?" Zhang Lei asked disparagingly with a look of disgust.

Everyone else looked the same way as they wondered why

Chapter 550 From Where Did You Steal It?

Zhang Lei's uncle treated that shabby bowl like it was treasure. Yet, Zhang Lei's uncle, Zhang Wenxiang, got outraged at once after listening to his nephew's comment, thereafter he roared with exasperation, "A shabby old bowl? You must be blind to say something like that!" Then, he lifted the copper bowl up into the air and explained in an angry tone, "Take a good look at this! Its name is Dragon Copper Bowl and it was made during the period when China was ruled by Emperor Guangxu, the tenth. The bowl, which has existed for more than a hundred years, was excavated ten years ago and is a piece of priceless treasure!"

At the moment, the expressions on everyone's face went frozen before fear took over them when they turned to look at Zhang Wenxiang. Priceless treasure? Was he joking? That copper bowl looked so worn out and shabby just like a piece of junk that came right out of a garbage can. How could it be priceless treasure?

Old Madam Zhang found it especially hard to believe. Dumbfounded, she asked with disbelief written all over her wrinkled face, "Wenxiang, are you sure about that?"

Zhang Wenxiang was a master in antique collection and his skills in antiques appraisal could rival that of an expert. That was the reason why Old Madam Zhang appeared to be so edgy.

Zhang Wenxiang then replied with a bitter smile on his

Chapter 550 From Where Did You Steal It?

face, "Mom, I might make a mistake with other antiques, but I am confident to say that I'll never make a mistake for this very piece because... the bowl was once used to serve the emperors!"

Zhang Wenxiang's words started ringing in everyone's mind at a frenzied rate as though it was a lightning bolt which had just struck them. They were completely petrified after listening to what he said.

A look of utter disbelief and shock emerged on the faces of everyone, including Old Madam Zhang. This was a tale which sounded way too far-fetched! A kept man, who depended on his wife, had actually offered a piece of priceless antique to Old Madam Zhang as a gift? On top of that, the antique was a bowl which was once exclusively used by the emperors! How was that possible?! How could a bowl which looked so battered had such an extraordinary origin?

All at once, everyone felt like they had just been slapped in the face; their faces reddened and they found it hard to utter a word. They had made Lin Fan a laughing stock because of the bowl earlier but as it turned out, it was themselves who were the biggest joke of the night. Indeed, they were a bunch of ignorant idiots.

But Zhang Wenxiang could not be bothered by their reactions at all and instead, he held the Dragon Copper Bowl in both hands and said excitedly, "I remember that a

Chapter 550 From Where Did You Steal It?

piece of Dragon Copper Bowl was sold at a staggering price of 130 million in an auction!”

130 million?! At the mention of the whopping figure, everyone at the ballroom nearly keeled over with their hearts thumping wildly.

“The best way to check whether it’s authentic is by gently tapping the rim of the bowl to see if it produces a clink that resembles the cry of a dragon!” With that, Zhang Wenxiang gave the rim of the bowl a gentle tap with his fingers.

Clink! A crisp and clear sound like the cry of a dragon rang in the quiet ballroom in an instant.

Everyone freaked out immediately! All of them looked dumbstruck as they were exposed. The bowl was an authentic Dragon Copper Bowl! It was worth 130 million. How crazy was that?! The total worth of all the gifts from the rest of the guests tonight probably did not even reach that figure. That was to say, Lin Fan’s gift alone was more valuable than all the other gifts combined. And yet, they had actually just claimed it as a piece of junk.

Members from the Zhang Family were especially shocked to find out the truth. At the moment, they looked stupefied as though they had just been given a blow in the head. It never occurred to them that Lin Fan would be able to offer Old Madam Zhang such a priceless treasure

Chapter 550 From Where Did You Steal It?

as a gift. How did he manage to get his hands on such a valuable thing?

Trembling vigorously, Old Madam Zhang was so shocked that she nearly slumped to the floor. She then moved her quivering fingers toward the Dragon Copper Bowl to have a feel of the bowl. It was a bowl once exclusively used by emperors. This was something so valuable that it could not even be bought even if one was rich! She would be able to have a taste of what it was like to be an emperor by using that bowl. With that thought in mind, the burning desire in her eyes grew more and more intense.

The copper bowl was a symbol of immense power and prestigious social status. Yet, just as her fingers were about to reach the bowl, Lin Fan snatched it away and said, "Excuse me, since this piece of junk is not worth your highly respected status, I'm going to take it away!"

"What?!" Old Madam Zhang's anger hit the roof because it was obvious that the scoundrel was humiliating her. But, she thought it inappropriate to yank the bowl away from him under everyone's watchful eyes. Therefore, she could only watch as he put the bowl back into the gift box. At the moment, her eyes were filled with deep hatred and remorse. She had just been one step away from becoming the owner of the bowl exclusively used by emperors. Nonetheless, she had given up the chance of having it on her own will because of her ignorance.

Chapter 550 From Where Did You Steal It?

It was worth 130 million! She was sure it would be worth even more than that if she put it on auction now. At that moment, she felt a driving urge to slap herself for having said things on the spur of the moment which caused her to miss out on such a priceless treasure.

"You rascal! It's all your fault! Give me back my copper bowl now!" Exasperated, Old Madam Zhang lifted her walking stick and landed it viciously on Zhang Lei's head.

She had been misled to think that the copper bowl was a piece of trash by Zhang Lei's nonsense. That rascal had caused her a huge loss!

"Grandmother, please stop! I've realized my mistake!" Zhang Lei wailed miserably. Immediately, blood started flowing out profusely from his head which he covered with his hands while imploring his grandmother to stop hitting him. That was impossible! That lad was clearly a man who was good for nothing. How could he own such an exorbitant-priced piece of treasure?

Because he was punished by his grandmother in public, Zhang Lei felt so embarrassed that he was about to go nuts.

Without glancing at him, Lin Fan made his way to the entrance together with Zhang Yichen. At that juncture, someone yelled at them in a cold and stern voice, "Stop right there!"

Chapter 550 From Where Did You Steal It?

Huh? Lin Fan turned around and eyed Zhang Wenxiang, who looked furious, with puzzlement.

Looking hostile, Zhang Wenxiang confronted Lin Fan in a voice filled with disgust, "Come clean with me now. From where did you steal this Dragon Copper Bowl?"

Chapter 551 All of you from the Zhang Family have to get down on your knees

From where did he steal it?

Looking flabbergasted at once, everyone else turned to look at Lin Fan with fear and apprehension.

How could it be?

Was the Dragon Copper Bowl actually stolen by Lin Fan?

Lin Fan would really have to spend the rest of his life in prison for stealing the antique which was worth over 100 million.

"Grandmother, did you hear that? I told you that useless crap could never own such a rare piece of treasure! He must have stolen it from somewhere!"

Covering his head, Zhang Lei eyed Lin Fan vindictively because he thought Lin Fan was the reason why he was left in this sorry state.

Old Madam Zhang looked affronted at once while she questioned her son, "Wenxiang, what exactly is this all about?"

Zhang Wenxiang snorted icily before he stared at Lin Fan as though he was a thief. "I know the owner of this Dragon Copper Bowl personally and it's definitely not him!"

Chapter 551 All of you from the Zhang Family have to get down on your knees

His statement almost confirmed that Lin Fan was guilty of theft.

Everyone else too stared at Lin Fan derisively, thinking that everything would make much more sense if Lin Fan was a thief.

No wonder a man who was a good-for-nothing like him could own such a rare piece of treasure.

As it turned out, it was stolen!

Perhaps Lin Fan only decided to give the bowl to Old Madam Zhang because he himself had no idea of its worth.

Yet, Lin Fan sneered and challenged, "Why must it be stolen? Couldn't I have gotten it because someone else gave it to me as a gift?"

"That's bullsh*t!" Zhang Wenxiang snarled right away while he glared at Lin Fan with a look of utter disgust. "The bowl's owner wouldn't give it away because he cherishes it very dearly! Young man, you're still too green to be able to lie to me! I can't believe you have the guts to steal his stuff! No one in the entire Jiangnan would be able to save your life! You're doomed!"

His words were mind-boggling to everyone!

Judging from Zhang Wenxiang's tone, all of them already

Chapter 551 All of you from the Zhang Family have to get down on your knees

had a rough idea of how scary and powerful the bowl's owner was.

They turned to look at Zhang Wenxiang with astonishment as their curiosity was piqued.

Zhang Lei was so thrilled to hear what his uncle said that he nearly clapped his hands to celebrate. Eagerly, he pressed on, "Uncle Wenxiang, please tell us how scary and powerful the owner of the Dragon Copper Bowl is!"

Zhang Wenxiang snorted icily before announcing, "It's owner is the famous advisor of Blood Prison—the Blood Lord!"

His words sent the entire ballroom into deathly silence.

At that juncture, it seemed like everyone had lost their voice because none of them dared to make a sound; they were having so much difficulty breathing that they felt like they were going to suffocate soon.

They were badly frightened!

The Blood Lord was an important figure for he was the right-hand man of the King of Blood Prison.

He was in charge of generating income for the Blood Prison and because of that, he represented the treasury of the Blood Prison.

Chapter 551 All of you from the Zhang Family have to get down on your knees

Lin Fan was too bold to steal something cherished by the Blood Lord.

Everyone felt their hair stand on end while they looked at Lin Fan with utter terror on their faces.

This guy must have gone out of his mind!

What he did was way more serious than trying to get himself killed. If the Blood Lord found out that he was the thief, Lin Fan would have to live the rest of his life in a manner even worse than dying.

Zhang Lei laughed ecstatically as soon as he got to know the great news. Then, he said gloatingly to Old Madam Zhang, "Grandmother, it is fortunate that you didn't accept the gift. Otherwise, you would have been implicated too!"

Because of what he said, the cold sweat which broke out on Old Madam Zhang's forehead kept trickling down.

"My dear grandson, I was wrong to blame you!"

If the Blood Lord got to know that it was her who had misappropriated the antique he cherished, the entire Zhang Family would be eliminated overnight.

Right away, Old Madam Zhang glowered at Zhang Yichen and challenged, "You evil b*tch! Are you trying to seek

Chapter 551 All of you from the Zhang Family have to get down on your knees

revenge by sabotaging our family with the help of that scoundrel because you were ousted from the family?"

"I..." Paralyzed, Zhang Yichen gaped at her grandmother in disbelief.

She could not believe she was actually thought to be someone so unscrupulous and shameless by her grandmother.

At that moment, Zhang Lei turned to look at Lin Fan with malice on his face. "Lin Fan, do you have anything else you want to say?"

Anything else to say?

Lin Fan laughed out loud in response to his question. Then, a surge of iciness flashed in his eyes as he exclaimed, "All of you from the Zhang Family have to get down on your knees!"

The raging murderous air exuded from Lin Fan sent chills down everyone's spine.

In the first place, he just wanted to have a friendly discussion with the Zhangs but since his gesture was not appreciated by them, he would have to resort to violence to make them do as he said.

Since they had rejected the chance to be treated as a

Chapter 551 All of you from the Zhang Family have to get down on your knees

human, they should be treated as dogs and kneel down in front of him!

His threat sent everyone from the Zhang Family into an angry outburst. How dare that useless live-in son-in-law threaten them?

Lin Fan behaved even more cocky and arrogant instead of feeling ashamed after his theft was exposed.

He was trying to get himself killed!

"Even if your wife, Bai Yi, was here, she wouldn't dare to speak to me so rudely either. What makes you think you can say things like that to me?" Old Madam Zhang's face darkened and she continued menacingly, "Although you have your wife to back you up, you should realize that humiliating our family repeatedly is the thing you should avoid doing by all means in your entire life! You should give up any hope of walking out of this room alive tonight!"

Yet, Lin Fan just nodded with a sly smile. "Great, I won't go because you guys have yet to kneel down and kowtow to me!"

"Grandmother, please do as he says! I'm begging all of you!" Zhang Yichen went panic-stricken right after she heard Lin Fan.

Chapter 551 All of you from the Zhang Family have to get down on your knees

The Zhang Family was going to be finished once they offended Lin Fan because he was more than capable of killing everyone in the family, and he only needed to flick his fingers.

Her face was distorted with agony and tears because the thought of letting her grandfather down and allowing the Zhang Family to go on the path of self-destruction without being able to help saddened her.

Smack!

However, as soon as she finished speaking, a forceful slap by Old Madam Zhang landed on her cheeks.

An exasperated Old Madam Zhang glared at Zhang Yichen and reprimanded, "B*tch, I can't believe you're still trying to defend that useless man after he insulted us! You're incorrigible!"

"Grandmother, I'm not..." Zhang Yichen miserably denied her grandmother's allegation in between tears. The reason she tried to stop them from harming Lin Fan was all because she wanted to protect her family.

"Grandmother, I'm sure Lin Fan will suffer a torturous death because he has stolen something belonging to the Blood Lord. Since this b*tch wants to be buried together with him, just let her be!" Zhang Lei suggested wickedly. If Zhang Yichen died, he would no longer have to compete

Chapter 551 All of you from the Zhang Family have to get down on your knees

with anyone else in the family to become the master of the family.

Old Madam Zhang only let out an icy snort without expressing her opinion.

Her silence implied that she consented to Zhang Lei's suggestion to sacrifice Zhang Yichen.

Seeing their reactions, Zhang Yichen was left dumbstruck with tears flowing down her pretty but distressed face.

Were they really her family?

All she could feel at that moment was an excruciating pain in her heart. Never did she ever think that her family members, whom she was trying to protect by all means, would be this keen to get her killed.

At that juncture, Lin Fan helped Zhang Yichen, who was whimpering on the floor, up to her feet and reassured her with a solemn face, "Don't cry. I'm here, aren't I?"

What?!

Looking dazed, everyone stood rooted to the spot, thinking that Lin Fan must have gone mad to say something like that.

He's here?

Chapter 551 All of you from the Zhang Family have to get down on your knees

What's so great about him?

He's well-known in Jiang City to be a useless kept man. How dare he make such an unrealistic promise to Zhang Yichen?

Ha ha ha! What Lin Fan said caused the entire ballroom to erupt into laughter with all of them looking even more scornful.

They all looked so amused as though they had just heard the funniest joke on earth!

"Wait a minute. Not only has he stolen stuff belonging to the Blood Lord, but he also has stuff belonging to the Four Greatest Masters in his possession!"

Zhang Wenxiang had unboxed all the antiques brought here by Lin Fan by the time he said that. To his shock, all of them actually belonged to the Four Greatest Masters!

What?!

The expressions on everyone's face changed dramatically.

Everyone turned to stare at Lin Fan with a look of utter astonishment. So, were all the things Lin Fan brought here stolen goods?

Chapter 551 All of you from the Zhang Family have to get down on your knees

How dare he do something like that?!

With his entire body quivering with excitement after hearing his uncle, Zhang Lei exclaimed eagerly, "Make the call, Uncle Wenxiang! I want him dead today!"

Chapter 552 Someone Has to Die Tonight!

Lin Fan definitely stood no chance to stay alive after stealing stuff belonging to the Blood Lord and the Four Greatest Masters.

Intense delight and anticipation were written all over Zhang Lei's face because in his perception, there was no doubt Lin Fan was going to die.

The scoundrel who had derailed his plans on so many occasions before this was finally going to be finished off!

He quickly urged Zhang Wenxiang to make the call because he simply could not wait to witness Lin Fan come to a sticky end.

Everything was over for him!

Everyone eyed Lin Fan with disdain as they too agreed that it was time for him to put a stop to his pretentious acting.

Even Bai Yi, the leader of Jiangnan, could not save Lin Fan's ass this time as he had stolen stuff belonging to the Blood Lord and the Four Greatest Masters.

Lin Fan was going to die, as sure as eggs were eggs.

"I can't believe you still have the guts to make a big fuss here after stealing stuff belonging to so many big shots! Lin Fan, you really are an idiot, aren't you?" Zhang

Chapter 552 Someone Has to Die Tonight!

Wenxiang sneered wickedly. At the same time, he fished out his phone and said thoughtfully, "Right after I make this call, you won't be able to make it out of this place alive, but if you're willing to apologize by offering kowtows to us, I might consider sparing your life."

Someone from the crowd started snickering right after Zhang Wenxiang's statement was heard.

It was clear to everyone that Zhang Wenxiang was only trying to fool Lin Fan into offering kowtows to him because he would not let him go even after he did what he said.

Nonetheless, that did not change anything because Lin Fan did not have the luxury to choose what he wanted to do.

He had to get down on his knees even if the probability of him surviving was as little as 1% because the fate of his life was in the grasp of the Zhang Family.

Zhang Lei relished how it felt to humiliate Lin Fan at his pleasure before he died.

"Just go ahead and make that call!" Lin Fan said nonchalantly with his lips pursed.

Huh?

Chapter 552 Someone Has to Die Tonight!

Nonplussed, everyone's eyes almost popped out of their head as none of them could believe what they just heard.

Why was he so unperturbed despite the fact that he was about to get killed?

It was as though he had nothing to do with everything that had taken place so far!

How was that possible?!

Everyone turned to gape at Lin Fan in shock. Did he really not dread the moment of his death at all?

Or had he given up fighting because he knew there was nothing he could do to save himself?

"I can tell you're not about to cave in until you see the grim reality with your own eyes!" Zhang Wenxiang got angry out of embarrassment which caused him to thunder, "Since you want to be killed, I'll fulfill your wish by calling the Blood Lord right now!"

Then, he made a hand gesture signalling everyone to remain silent and at the same time, he dialed a number in a swift motion and pressed the button to turn on the speaker.

Beep...

Chapter 552 Someone Has to Die Tonight!

"Hi, may I know who's calling?" Soon, a steady and domineering voice imbued with a trace of arrogance came from the other end.

The voice gave all the guests a huge fright, judging from how heavily they were gulping and how much sweat was forming on their foreheads.

They could clearly tell that the owner of the voice was the incredibly famous Blood Lord!

"My Lord, my name is Zhang Wenxiang."

"Zhang Wenxiang? I don't know you!" The Blood Lord sounded indifferent. As someone so highly respected, it was normal for him to forget the existence of Zhang Wenxiang.

Zhang Wenxiang looked embarrassed at once but he continued being polite because he did not dare to sound offended. "My Lord, we met each other at an antique exhibition held prior to this and it was then that I asked for your contact number."

"Oh, I see. How can I help you?"

After hearing the Blood Lord's response, Zhang Wenxiang stared at Lin Fan nastily with his eyes brimming with contempt as though Lin Fan was already a dead man.

Chapter 552 Someone Has to Die Tonight!

"My Lord, we've found the thief who stole your Dragon Copper Bowl, which is your prized possession, at my mother's birthday celebration dinner! The thief is Lin Fan, the live-in son-in-law of the Bai Clan!"

The Blood Lord then fell into silence which lasted for twenty seconds.

After twenty seconds, a maniacal and enraged howl came abruptly from the other end of the phone just as everyone was suspecting that he had hung up.

"Damn it! He deserves to die!"

Shortly after the Blood Lord's fiery roar was heard, the sound of things getting smashed and breaking into pieces came.

At that moment, everyone at the hotel ballroom was left in a trance as they could obviously sense how furious and resentful the Blood Lord was.

His voice, which sounded like an angry roar from a male lion, sent a gust of fear that seized everyone at the hotel.

Beep...

Without a word, the Blood Lord ended the call.

"Ha ha ha!" Zhang Lei cackled with a sinister look on his

Chapter 552 Someone Has to Die Tonight!

face. "Lin Fan, you're doomed! Did you hear that? The Blood Lord is blowing a gasket because of your stupid act! If I were you, I would search for a nice place for my tomb now so that I won't end up dying without a grave!"

Letting out an icy snort, Zhang Wenxiang too commented disdainfully, "You b*stard, you might have had the chance to stay alive if you knelt down earlier but there's no use crying over spilled milk now!"

At the moment, Zhang Yichen decided to make a last-ditch effort to save her family by shouting at the top of her lungs, "Grandmother, Lin Fan is not lying! Those things he has are really gifts from others! Please believe me just this time or the Zhang Family will really be finished!"

"Zhang Yichen, how dare you still spout such nonsense at this moment?! You have no idea how scary and powerful the Blood Lord is! Why would he befriend someone like Lin Fan and even give him his prized possession as a gift? It's impossible!" Old Madam Zhang remained unstirred and refused to listen to Zhang Yichen.

Everyone else looked doubtful as they too thought it unlikely that the Blood Lord would actually befriend a useless guy like Lin Fan.

The saga had yet to come to an end as Zhang Wenxiang was seen dialing Ye Shihao's number. He then informed

Chapter 552 Someone Has to Die Tonight!

him, "Master Ye, one of your antique collections, the Bronze Sacred Tree, has been stolen by Lin Fan, and we already have him detained at Hotel Excellence. Please come over here as soon as possible!"

Huh?

Ye Shihao on the other end of the line first appeared dumbfounded before anger took its place.

Those gifts were prepared by Lin Fan for Old Madam Zhang purely out of goodwill but to his dismay, not only was his gesture not appreciated, but he was also treated as a thief by them and was detained at Hotel Excellence.

Ye Shihao then answered through gritted teeth, "All of you, just wait for me at Hotel Excellence!"

Click!

The call was disconnected.

Zhang Wenxiang then called the Four Greatest Masters like Zheng Honglian and without exception, all the Four Greatest Masters asked the Zhang Family to stay at the hotel to wait for them and they would be there in no time.

Everyone could tell that all the big shots were incensed and eager to kill.

Chapter 552 Someone Has to Die Tonight!

Immediately, Zhang Wenxiang turned to look at Lin Fan with added disdain as though he could already foresee how frightened Lin Fan would look when he met the big shots.

"I believe I don't have to explain anything since the Four Greatest Masters as well as the Blood Lord have already made themselves very clear." Laughing nastily, Zhang Lei kept his vicious eyes glued to Lin Fan before he announced, "Obviously, you're the thief!"

On the next instant, brutality took over his eyes as he thundered, "Come, break the legs of this thief to stop him from running away! We'll let the Four Greatest Masters and the Blood Lord decide what to do with him after that!"

Immediately, a group of terrific fighters who worked for the Zhang Family advanced upon Lin Fan and were ready to break his limbs.

At that juncture, a raging fury finally started burning in Lin Fan, who had been tolerating their humiliation all this while. It caused his eyes to redden with thirst for blood while he yelled, "You guys from the Zhang Family are really doing a great job at trying to get yourselves killed!"

They had trampled upon his gesture of kindness.

Chapter 552 Someone Has to Die Tonight!

Although he had decided to endure the humiliation and leave the hotel just now, they still refused to let him go.

Now, they actually wanted to break his limbs!

All of them deserved to die!

Then, Lin Fan shook his head and said in a frigid tone, "It seems like merely kneeling down is not enough to atone for your sins. Someone has to die tonight!"

Chapter 553 Mr Lin, We're Sorry That We're Late!

Pfft!

Hahaha!

When everyone heard that, they burst out laughing.

None of them believed what Lin Fan said, thinking that it was just another outrageous boast of his.

Streams of abuse and taunts were hurled at Lin Fan again.

However, with a thump, Zhang Yichen sat lifelessly on the floor. Her eyes glazed over and she looked defeated.

At that moment, she only felt cold.

Doomed!

They were completely doomed!

What she worried the most had happened all the same.

In the end, her foolish family still enraged this man and committed a heinous offense, which could lead to the extermination of the entire family.

However, the Zhang family still had no idea what they had just done, and malicious smiles were seen on their faces up till now.

Chapter 553 Mr Lin, We're Sorry That We're Late!

Next, Zhang Lei even shouted, "Attack!"

Swoosh!

Following that command, all the experts from Zhang family frenziedly charged toward Lin Fan like an arrow that was released from a bow.

They were smiling menacingly and they were aiming to cripple Lin Fan with this attack!

Upon witnessing that, Zhang Lei, Zhang Wenxiang and Old Madam Zhang showed a smug smile at the misfortunes of Lin Fan.

They were even ready to cheer on that!

However, right at this moment, an absolutely shocking scene forcefully entered their sight.

Splat!

Blood splattered everywhere and the few experts that were planning to cripple Lin Fan suddenly collapsed onto the floor with their heads separated from their bodies.

They all died a tragic death!

In just the blink of an eye, they were killed!

Chapter 553 Mr Lin, We're Sorry That We're Late!

What?!

Everyone was terrified to death and they just couldn't believe their eyes.

At the same time, a man suddenly appeared in front of Lin Fan.

He had a sturdy physique and intimidating aura. At this moment, he was holding a few heads in his hand!

"General Bai Hu?!"

As soon as everyone saw him, they gasped in astonishment as fear overtook their faces.

He had instantly killed several people from the Zhang family right after he appeared. W-What's going on?

Upon seeing that, the Zhang family looked glum and astonished at once. They just couldn't make any sense out of this situation.

By right, he should have killed Lin Fan!

Why did he attack the Zhang family without a word?

That was absolutely crazy!

Zhang Lei's expression changed drastically while he

Chapter 553 Mr Lin, We're Sorry That We're Late!

bellowed angrily, "Bai Hu, are you crazy? How dare you kill the experts of the Zhang family? Are you, the Bai family, trying to start a battle?"

"Attack!"

However, Bai Hu didn't say anything unnecessary and directly launched a violent attack on them while unleashing an overwhelming aura.

He was completely offended.

How dare these nonentities humiliate the God in his heart?

Unforgivable!!

"You!"

Zhang Lei trembled, looking as though he had just seen a ghost. At that instant, he suddenly had an ominous premonition.

Something wasn't right. Something was totally off!

He was not the only one who felt that way.

The whole Zhang family was also shocked by Bai Hu's unusual attitude and their shirts were already soaked through with sweat.

Chapter 553 Mr Lin, We're Sorry That We're Late!

This guy was the illustrious Three-Starred General of China who was famous for his bravery and passion in battles. In addition, he had killed thousands!

But they, the Zhang family, had no connections with Bai Hu. Why did he kill their people as soon as he arrived?

At that moment, all the guests who were present were utterly stunned and their eyes were filled with terror.

W-What was happening?

Bai Hu of the Bai family didn't kill Lin Fan, the thief, but massacred the people of Zhang family instead. Was the Bai family trying to start a war?

Unbelievable!

This was absolutely unbelievable!

However, what plunged them to their deepest despair was only about to start.

Lin Fan moved his lips and spoke with a faint smile, "Bai Hu, come back."

This was a command!

To everyone's disbelief, Bai Hu suddenly froze when he heard his order before he replied reverently, "Yes."

Chapter 553 Mr Lin, We're Sorry That We're Late!

Then, under everyone's shocking gaze, he forcefully suppressed his killing intent and obediently stood beside Lin Fan.

Silence!

Deathly silence fell over the room!

Everyone couldn't believe their eyes.

Oh my God, what did they just witness?

The famous General Bai Hu, who was the beloved student of the Gods of War, Dragon and Tiger, just obeyed a useless son-in-law!

H-How could that be possible?!

Old Madam Zhang, Zhang Lei and Zhang Wenxiang were especially shocked. Their jaws dropped at this moment and all of them were overwhelmed with emotions.

"Impossible... This useless thing, he..."

They felt their hearts thumping crazily and they just couldn't suppress the shock and fear inside them.

They were going crazy!

Not only them, but even the guests on the scene found

Chapter 553 Mr Lin, We're Sorry That We're Late!

what was happening absolutely unbelievable.

The Bai family didn't kill Lin Fan but obeyed him instead?

Had this world gone crazy?

At that moment, everyone looked at Lin Fan incredulously as if they had just seen a ghost.

Then, Lin Fan smiled faintly while his eyes shone with a cold gleam.

"I said, someone from the Zhang family has to die today!"

The whole Zhang family couldn't help but shudder and instantly paled in fear.

Before this, when Lin Fan said that, all of them had turned up their nose and taken him as a joke in absolute disdain.

But now, Lin Fan was doing what he said he would do.

This casted an ominous shadow in their heart while they stared at Lin Fan in fear.

What terrifying trump card did he have?

"W-Who are you bluffing?"

Chapter 553 Mr Lin, We're Sorry That We're Late!

Zhang Lei suddenly recovered from the shock and shouted behind clenched teeth, "Do you think you, a useless thing, can kill the Zhang family? Are you even qualified to do that? Attack them all at once and cripple them both!"

However—

"Stubborn!"

Upon hearing that, Lin Fan just shook his head in contempt and sneered mockingly.

"You may kneel down now!"

Kneel?

The Zhang family, who finally came back to their senses, snorted.

Did this useless thing think that he could make them yield to him just because General Bai Hu was supporting him?

Did he truly think that they were short on experts?

At that moment, they decided to issue orders, telling all the experts of Zhang family to turn out in full force to completely cripple Lin Fan and Bai Hu.

But right at this moment—

Chapter 553 Mr Lin, We're Sorry That We're Late!

Thud, thud, thud...

A flurry of anxious footsteps came from outside the door.

Looking sullen, the Four Greatest Masters, Ye Shihao and the rest strode in, their eyes burning with rage.

Upon seeing that, Zhang Lei was initially stunned. Then, he immediately laughed unrestrainedly.

"Lin Fan, your days are over. In just a moment, you'll be killed tragically by the Four Greatest Masters!"

He even impatiently shouted, "Masters, this b*stard stole your antiques and even brought it here to show off to us. You mustn't let him off easily!"

However, after Bai Hu attacked, Old Madam Zhang somehow felt that something was not quite right.

Now that she saw the arrival of the Four Greatest Masters, strangely, she felt even more uneasy.

At that moment, everyone fully recovered from the shock.

Then, they stared at Lin Fan with eyes full of despise.

When they saw the Four Greatest Masters who looked extremely enraged heading directly toward Lin Fan, all of them thought that these four had come to settle accounts

Chapter 553 Mr Lin, We're Sorry That We're Late!

with him.

"This brat is definitely dead since the Four Greatest Masters came together."

"It's useless even if he has Bai Hu's support because they are nothing in front of the Four Greatest Masters."

"Hahaha. I bet this useless thing will pee himself out of fear!"

Thud, thud, thud...

As the footsteps neared Lin Fan, the malicious smile grew wider on Zhang Lei and the rest's faces.

Excitement and expectation could also be seen on their faces as they were dying for Lin Fan to be shredded to pieces.

However, just when they thought Lin Fan was going to die—

Thump!

The Four Greatest Masters suddenly kneeled down simultaneously in front of Lin Fan.

"Mr. Lin, we're sorry that we're late!"

Chapter 554 No, You'll Be in Hell!

When Zheng Honglian and the others' voices rang in the Zhang family's ears, the entire scene fell into a deathly silence.

Everyone's eyes almost popped out from staring!

Had they gone crazy or had the Four Greatest Masters gone crazy?

Those were the Four Greatest Masters—tyrants who dominated Jiangnan and controlled all powerful influencers—the wall that was forever insurmountable!

But now, these Four Greatest Masters were actually kneeling down like a dog in front of Lin Fan, that useless thing.

This scene was utterly shocking, almost pulverizing their hearts!

Looking at the Four Greatest Masters acting reverently as if they were worshipping God, everyone felt chills down their spines and found it hard to breathe.

Lin Fan didn't even need to talk. His high-and-mighty attitude was already enough to shatter all their taunts.

He was just like an Emperor whom they could only submit to.

Chapter 554 No, You'll Be in Hell!

"T-This is impossible!"

With a pale face, Zhang Lei looked at the scene while sweat soaked through his shirt.

He was completely dumbfounded!

This guy had stolen the collection of the Four Greatest Masters. Yet, the Four Greatest Masters weren't even angry but bowed down to him instead!

Could it be that all this was happening because of Bai Yi?

Zhang Lei couldn't help but tremble vigorously.

No. That wasn't it!

Bai Yi was just the leader of Jiangnan in name. It was rumored that she only got to where she was today by selling her body to men.

Besides, she wasn't actually who the Four Greatest Masters respected, but the mysterious existence behind her!

If that was the case, why would they care since Bai Yi wasn't even here?

What was going on?

Chapter 554 No, You'll Be in Hell!

Meanwhile, Old Madam Zhang looked ghastly pale too, and her eyes were filled with disbelief and fear.

"Lin Fan didn't lie. He actually wasn't lying. These presents were really given to him by the Four Greatest Masters!"

What she worried and feared the most had really happened!

At that moment, the atmosphere completely froze.

Everyone didn't dare to breathe and they didn't even have the courage to look at Lin Fan.

This scene was like a dream to them.

Even Zheng Honglian and the rest had to kneel!

What kind of existence did they humiliate just now?

Trepidation!

Fear!

These emotions lingered in everyone's heart which gave them the creeps, and they were shocked to death.

At that moment, Zhang Wenxiang's hair also stood on end while he asked in a trembling voice, "Masters, d-did

Chapter 554 No, You'll Be in Hell!

you really give these presents to the Zhang family?"

That instantly caused everyone to get goosebumps all over their body while they tensed up and stared at the Four Greatest Masters in great nervousness.

They were eagerly waiting for their answers!

However, Zheng Honglian replied with a cold expression, "No."

No?

Everyone was stunned before they sneered one after another.

As expected, it wasn't!

They had been right. How would this useless thing be worthy enough to make the Four Greatest Masters offer him their beloved collections for him to give to the Zhang family?

But what Zheng Honglian said the next second completely shattered everyone's hopes!

Zheng Honglian's face darkened and she looked at Zhang Wenxiang with absolute contempt.

"Do you think the Zhang family is worthy enough for the

Chapter 554 No, You'll Be in Hell!

four of us to give presents? These presents were given by us to Mr. Lin!"

To Mr. Lin?

Everyone at the scene couldn't believe their ears.

In Zheng Honglian's eyes, was the Zhang family inferior to a useless son-in-law?

How could that be possible?

Upon hearing that, everyone thought that Zheng Honglian was crazy.

At this moment, Ye Shihao sneered as well.

"You're just a declining family. Do you really think that you're someone great? Why don't you have some self-knowledge? If it wasn't for Mr. Lin, do you think that you, the Zhang family, would be worthy enough for us to give you presents? Such foolish people. Do you think that you can still gain a foothold in Jiangnan after offending Mr. Lin? What wishful thinking!"

Everyone from the Zhang family felt extremely humiliated when they heard him.

Did they just lose to a useless son-in-law?

Chapter 554 No, You'll Be in Hell!

That was absolutely an insult!

The Four Greatest Masters must be blind. Even if the Zhang family completely lost their status and power, they were still stronger than the commoners.

How could Lin Fan be mentioned in the same breath as them?

At this moment, displeasure overtook Old Madam Zhang's face.

What did she hear?

They could no longer gain a foothold in Jiangnan after offending Lin Fan?

How could this useless thing decide whether they lived or died?

That must be a joke!

Old Madam Zhang's face instantly grew grave and she looked absolutely scornful, taking the words of the Four Greatest Masters as a joke.

Therefore, she mocked, "Really? Let me see how this useless thing is going to stop the Zhang family from entering Jiangnan!"

Chapter 554 No, You'll Be in Hell!

Upon hearing that, the Four Greatest Masters looked at her as if she was an idiot and shook their heads mockingly.

She didn't even realize that death was knocking on her door. It was indeed futile to advise someone who was courting death.

They were looking forward to seeing if the Zhang family could remain so arrogant after knowing Lin Fan's identity.

Receiving such an attitude from the Zhang family, Lin Fan sneered and said, "Since Old Madam Zhang doesn't like my presents, I might as well take it all back."

Immediately, Ye Shihao sneered, "Ignorant people are unworthy of rare treasures like these."

"I would rather feed this thousand-year-old ginseng to dogs than give it to the people who humiliated Mr. Lin!" Zheng Honglian snatched her present back too.

"If it wasn't for the sake of Mr. Lin, I wouldn't have been willing to give Mr. Liu Gongqing's painting away, what more to these losers." Sima Longming gleefully took back the painting.

When the Zhang family saw them taking back these treasures, their eyes instantly turned red while greed and

Chapter 554 No, You'll Be in Hell!

yearning flashed in them.

They wouldn't have minded if they had indeed been stolen by Lin Fan.

But Lin Fan had actually prepared all these presents to be given to them!

Just now, Zhang Wenxiang had even appraised these treasures.

The paintings of Liu Gongqing, the expert in Chinese landscape painting, was worth 80 million!

The thousand-year-old ginseng was worth 91 million!

The porcelain from Tang Dynasty was worth 78 million!

The Empress Dowager's jade hairpin was worth 110 million!

All these were rare treasures with exorbitant prices that could only be obtained if one was lucky!

Initially, they thought that the Dragon Copper Bowl was the most valuable rare treasure among all the other presents. Unexpectedly, the other four treasures' value were also no less than the Dragon Copper Bowl.

When Old Madam Zhang saw the treasures that should

Chapter 554 No, You'll Be in Hell!

have belonged to her being taken back by Lin Fan, she could only feel her heart bleed.

At once, jealousy and hate overtook her face.

Out of anger and embarrassment, she said, "It's still too early to be happy. This useless thing stole the Blood Lord's things and enraged the Blood Lord. Soon, he will come to Jiang City. By that time, misfortune will not only befall on this useless thing. Even all of you who poked your nose into our business won't escape from being implicated!"

Upon hearing that, everyone at the scene suddenly saw the light.

Indeed!

Even though this useless thing was now supported by the Four Greatest Masters, they shouldn't forget that Blood Lord, who was an even more terrifying existence, hated Lin Fan to the core!

How could the Four Greatest Masters stop such a terrifying existence?

With that thought, everyone from the Zhang family showed malicious smiles again.

Although there had been an interlude, the ending would

Chapter 554 No, You'll Be in Hell!

still be unchangeable.

They could imagine how furious Blood Lord would be when he found out his things were stolen, and he must be dying to rip Lin Fan into pieces.

When he arrived, Lin Fan would undoubtedly be dead!

"Hahaha. Lin Fan, you're such an idiot! You're even thinking of stopping the Zhang family from entering Jiangnan. You should think about that only if you manage to live!"

Zhang Lei stared evilly at Lin Fan and continued, "Now, not only will you die, but the four idiots behind you will also be implicated! Once all of you are dead, Jiangnan will surely be in chaos. By that time, I will take good care of Bai Yi for you, and we will surely have fun in bed every night!"

He had long heard that Bai Yi was a rare beauty!

When the Four Greatest Prominent Families of Jiangnan fell, Bai Yi would lose her backing. By that time, he could do anything he wanted to her!

Thinking that Lin Fan would be dead and that he would get to be with his wife soon, his body shuddered in excitement.

Chapter 554 No, You'll Be in Hell!

Upon hearing him, a strong killing intent appeared on Lin Fan's face.

"In bed? No, you'll be in hell!"

As soon as Lin Fan finished his sentence, a terrifying whistle resounded in the entire hotel!

Chapter 554 No, You'll Be in Hell!

After that, everyone saw numerous glaring white light shoot across the hall while buzzing noises of helicopters could be heard outside the hotel.

Crash!

The next second, under everyone's panic-stricken gaze, several figures broke into the hotel through the windows flagrantly.

10 people!

50 people!

100 people!

They were all in red shirts and looked fierce!

These 100 people looked like furious beasts while the killing intent surrounding them spiked to the maximum!

Their arrival ignited the entire scene.

"T-The people from Blood Prison!"

Looking at them, everyone instantly felt chills down their spine because all of them knew that these people were a bunch of lunatics!

A bunch of lunatics that disregarded their lives!

Chapter 555 Mr Lin, Are You Okay?

All because the master they served was the craziest and the most terrifying man in the world.

Everyone could clearly sense that extremely crazy killing intent from the Blood Prison experts.

This was clearly a troop of ferocious and ruthless experts!

By just standing there, they gave creeps to everyone on the scene, and the surrounding temperature instantly dropped.

"The Blood Lord is here!"

Everyone was completely stunned.

Their eyes were filled with fear while they obviously came to some awareness.

Blood Lord had arrived and he had even brought 100 Blood Prison experts!

Needless to think, everyone knew that he was here to denounce someone!

Hahaha!

Thinking of that, Zhang Lei was overjoyed. He had been waiting for this moment for a long time.

Chapter 555 Mr Lin, Are You Okay?

Lin Fan would definitely be dead!

"Lin Fan, Blood Lord came to settle accounts with you. You might as well kneel down and wait for your death now!" said Zhang Lei jubilantly

At the same time, he looked contemptuously at Zhang Yichen.

"Zhang Yichen, is this the backing you found? Do you think this useless thing can make the Zhang family submit? Hahaha. Your wishful thinking will never happen!"

Upon hearing that, the rest of the Zhang family looked contemptuously at Zhang Yichen too. All of them were mocking her inwardly that she was too foolish to trust a useless son-in-law.

Now, it served her right to be implicated!

Everyone felt that there wouldn't be another surprise again.

Lin Fan was definitely doomed!

At once, everyone stared at Lin Fan mockingly while laughing at his misfortune as if he was already a dead man.

Chapter 555 Mr Lin, Are You Okay?

Thud, thud, thud...

Right at this moment, a string of steady footsteps approached the door from outside.

The hall became so silent that they could hear a pin drop.

Everyone was aware who would be arriving. Therefore, all of them held their breath while obvious awe could be seen on their faces.

Even the Zhang family hid their usual arrogance after Blood Lord arrived and showed respect to him with flatteries because they knew very well that the person in front of them was not someone they could afford to offend.

Then, under everyone's reverent and scorching gaze, a figure slowly walked in.

He was in a well-pressed suit which made him look very elegant.

His deep-set sharp eyes were filled with a deadly aura, much like a vulture.

With a cigarette dangling from his lips, he scanned the room with a terrifying gaze as if he was looking at a bunch of nonentities.

Chapter 555 Mr Lin, Are You Okay?

Under his gaze, everyone felt their hair stand on end as if a ferocious beast was standing erect in front of them, causing them to find even breathing difficult.

"Blood Lord, forgive me for not offering a splendid welcome!"

At this moment, Old Madam Zhang beamed like a dog that was happy to see its owner while wagging its tail, and she trotted over in a grovelling manner.

Behind her, Zhang Lei and Zhang Wenxiang followed closely.

Their faces were filled with excitement and respect!

They knew that this was the best opportunity to be obsequious with Blood Lord.

At this moment, Zhang Lei could no longer suppress the killing intent in his heart, so he pointed at Lin Fan with a malicious face while saying to Blood Lord, "Blood Lord, the b*stard you're looking for is him!"

However, after glancing at Lin Fan, Burkins indifferently averted his gaze.

"I didn't come here for him."

What?

Chapter 555 Mr Lin, Are You Okay?

After hearing what Burkins said, the Zhang family and all the guests were instantly stunned.

At the same time, the bright smiles on their faces froze completely.

D-Didn't come here for Lin Fan?

Lin Fan stole your things but you didn't come here for him after arriving with so many people?

Then... who are you looking for?

At once, Old Madam Zhang and everyone else felt an ominous premonition in their hearts and she asked in a trembling voice, "Blood Lord, he stole your things. If you didn't come to settle accounts with him, who did you come for?"

At that moment, everyone turned to look at Burkins uneasily and in fear.

Burkins then stared coldly at Old Madam Zhang and the others. "I came to find you!"

After Burkins said that, everyone at the scene burst into an uproar.

He came for the Zhang family?

Chapter 555 Mr Lin, Are You Okay?

Why did Blood Lord come for them when they didn't offend Blood Lord?

At this moment, countless questions appeared in everyone's mind.

At the same time, the uneasiness the Zhang family felt became stronger.

Their knees trembled while they asked in great fear, "W- Why did you seek us?"

Burkins slowly took out a pen and removed the cap leisurely.

Witnessing that, everyone was dumbfounded. They had no idea what Burkins was planning to do.

Then, a ruthless smile suddenly appeared on Burkins' face. "Because all of you from the Zhang family deserve to die!"

Then, he stabbed the sharp nib mercilessly into Zhang Wenxiang, who was standing the closest to him.

Pfft!

The nib sank right into Zhang Wenxiang's eyeball!

He didn't even manage to make a sound before collapsing

Chapter 555 Mr Lin, Are You Okay?

backward and died!

Everyone was completely stunned by this!

Crazy!

The Blood Lord was crazy!

He just murdered the Third Master of the Zhang family in broad daylight!

Looking at Zhang Wenxiang, who was on the floor with blood spurting out from his eyeball, everyone felt their hair stand on end.

How ruthless!

He didn't even hesitate and took one life with one move!

Thump!

Witnessing her son being murdered publicly, Old Madam Zhang collapsed onto the ground out of fear while looking extremely terrified.

"Blood Lord, w-why did you do that?"

Her voice was tearful, intertwined with grief, indignation and despair.

Chapter 555 Mr Lin, Are You Okay?

They had never offended Burkins. Most importantly, Zhang Wenxiang had even met Burkins once before.

Why did he kill her son?

Looking ruthless, Burkins just took out a handkerchief to wipe the blood on his hand with extreme disgust.

"How dare you reject my gifts? You completely disregarded the respect I gave you."

Once again, everyone's mind was blown.

All of them felt like they were struck by thunder, causing them to shudder vigorously.

Gifts from Blood Lord?

That Dragon Copper Bowl was gifted by Blood Lord?

Everyone realized in horror that the reason for Blood Lord's rage was not Lin Fan, but the Zhang family!

Despair!

The Zhang family was overwhelmed with despair!

That Dragon Copper Bowl was actually gifted by Blood Lord!

Chapter 555 Mr Lin, Are You Okay?

Which meant that Lin Fan was telling the truth!

Zhang Lei was stunned from fear and both his legs trembled uncontrollably while he almost peed himself.

Initially, he thought that Blood Lord would definitely come and settle accounts with Lin Fan. Unexpectedly, Blood Lord actually came to deal with the Zhang family instead!

Meanwhile, Old Madam Zhang was already starting to wail.

Her heart was drowned in endless sorrow and despair!

Nothing would have happened if she nicely accepted Lin Fan's gifts in the beginning, but she had humiliated him instead and thought that they were stolen by him.

Most importantly, she had stopped Lin Fan when he was about to leave and even tried to kill him on the spot!

In the end, they had offended Blood Lord and her own son was killed because of her!

It was her who drove the Zhang family into a corner bit by bit.

Foolish!

Chapter 555 Mr Lin, Are You Okay?

She was absolutely foolish!

However, the most desperate situation had yet to come.

Under everyone's terrified gaze, Burkins walked toward Lin Fan and calmly asked, "Mr. Lin, are you okay?"

Chapter 556 The Zhang Family Is Now Yours!

'Mr. Lin, are you okay?'

When this question was asked, the entire scene sank into a strange silence.

Yet, everyone's mind was in a tumult as violent as a tsunami.

Everyone couldn't believe their eyes and felt that their souls almost left their bodies.

It was beyond unbelievable!

It was already surprising enough when the Four Greatest Masters bowed down to Lin Fan. But now, even an existence like Blood Lord treated Lin Fan politely.

Especially when Blood Lord had the highest rank other than the King of Blood Prison in Blood Prison.

H-How could that be possible?

Zhang Lei was almost in tears.

"I-Impossible! This good-for-nothing, i-it's impossible that he..."

When Old Madam Zhang saw that, she also felt her heart thumping wildly.

Chapter 556 The Zhang Family Is Now Yours!

Everything became so clear now.

Those presents had indeed been given by Blood Lord and the Four Greatest Masters to Lin Fan.

She didn't believe it when Lin Fan explained.

Neither did she believe it when Zheng Yichen explained!

Her stubbornness killed her own son in the end!

Old Madam Zhang felt dizzy and almost fainted on the spot.

Looking at the Zhang family who had almost gone insane, not a trace of mercy could be found on Lin Fan's face; there was only endless mockery.

"I said someone would die today. Since you insist on turning a birthday party into a funeral, I'll grant your wish now!"

The whole scene fell into a deathly silence.

No one dared to oppose Lin Fan because everything he said had come true!

At that moment, everyone looked at Lin Fan in disbelief. Was this guy really useless?

Chapter 556 The Zhang Family Is Now Yours!

How could a useless thing like him have such terrifying power?

Old Madam Zhang's eyes brimmed with hatred while she looked complicatedly at Lin Fan.

"Who the h*ll are you?"

A useless thing would never have such strong influence.

Lin Fan moved his lips while he sneered and replied, "I forgot to tell you that the King of Blood Prison has already officially collaborated with the New Bai Family Group to create a new vaccine for pneumonia together. And I'm the one who brought about the collaboration!"

Upon hearing that, everyone looked extremely bitter.

So that was what happened!

No wonder Blood Lord was so polite to Lin Fan and even gifted Lin Fan his most beloved antique!

No wonder Lin Fan was so reassured and emboldened to attend this banquet, which was actually a trap in disguise that would kill him.

It was all because of that terrifying man—the King of Blood Prison!

Chapter 556 The Zhang Family Is Now Yours!

Old Madam Zhang laughed at herself mockingly.

She absolutely regretted not listening to Zhang Yichen's advice just now, but there was no use crying over spilled milk.

After that, Lin Fan casted a cold glance at Zhang Lei.

"Did you say that you wanted to have s*x with my wife?"

At once, Zhang Lei felt a shiver run down his spine and he screamed shrilly, "Grandmother, save me! I don't want to die. Save me, Grandmother!"

He knew clearly that Lin Fan had the ability to kill him now.

How would a mere Zhang family have the strength to withstand Blood Prison?

Upon hearing his cries, Old Madam Zhang hesitated briefly before she sighed and kneeled down on the floor in the end while looking at Zhang Yichen with complicated eyes.

"Yichen, I was wrong. Please forgive your brother!"

However, her words were like a dagger, ruthlessly stabbing into Zhang Yichen's heart.

Chapter 556 The Zhang Family Is Now Yours!

Did Old Madam Zhang plead for her even once when she was bullied just now?

Wasn't she one of the Zhang family as well?

Old Madam Zhang could never imagine how hurtful her current actions were to Zhang Yichen.

However, after some time, a self-mocking smile appeared on Zhang Yichen's lips.

"Lin Fan, please forgive him. He's my grandfather's eldest grandson after all."

Lin Fan furrowed his eyebrows. Yet, he didn't want to rub salt into Zhang Yichen's wound so he just said with a darkened face, "From today onward, the Zhang family will be banished from Jiangnan and is forever forbidden to enter!"

Banished from Jiangnan!

Forever forbidden to enter!

Lin Fan's words shocked everyone again.

This useless son-in-law of the Bai family really had the ability to influence the existence of Zhang family in Jiangnan.

Chapter 556 The Zhang Family Is Now Yours!

That was just unbelievable!

At this moment, the Zhang family was overwhelmed with despair and resentment while bitter smiles appeared on their lips.

After the Zhang family was kicked out of Beijing's circle of power and influence, they had fled to Jiangnan like an outcast, hoping that they could find Lin Zuo and collaborate with him.

Only then would they have a chance to rise again.

But now, they were seen as useless by them and were even banished from Jiangnan. That was an absolute shame.

If the news spread, the Zhang family would become the biggest joke in China!

And all these happened because of their foolishness and conceit.

Therefore, they looked bitterly remorseful.

If they had believed Zhang Yichen, even if they couldn't find Lin Zuo, with the help of Lin Fan, they might have been able to build connections with the King of Blood Prison.

But now...

Chapter 556 The Zhang Family Is Now Yours!

There were no more presents!

No more chances!

And no more hope for revival!

None. All of them were gone!

Old Madam Zhang remained kneeling as she said with extreme remorse, "Yichen, I beg you. Please tell your boyfriend to let the Zhang family off! If we leave Jiangnan, the Zhang family will truly be doomed. You wouldn't want your grandfather to die discontented too, right?"

At once, all the Zhang family kneeled down in front of Zhang Yichen too with imploration clearly seen on their faces.

"Yichen, we were wrong. Please give us another chance!"

"Yichen, we shouldn't have ousted you from your position as a master. You'll still be the Zhang family's master in the future. Please save us!"

Upon seeing that, Zhang Lei's face became extremely gloomy.

Meanwhile, Zhang Yichen was stunned.

Chapter 556 The Zhang Family Is Now Yours!

Lin Fan said that they would kneel and beg her.

He also said that no one would dare to deny her from her rightful inheritance.

Now, all these were fulfilled!

This man had truly saved her!

Staring at Lin Fan in disbelief, her tears couldn't help but gush out.

Smiling, Lin Fan extended his hand to wipe the tears from the corner of her eyes.

"I said that everyone from the Zhang family would kneel down and beg for your forgiveness in the end."

After that, his face grew grave and he glared coldly at everyone with his dignified eyes.

"As long as Zhang Yichen inherits the position of a master, the Zhang family will be allowed to live!"

Upon hearing that, everyone from the Zhang family was overwhelmed with emotions. Brimming with tears, they kowtowed repeatedly at Lin Fan and Zhang Yichen.

"Thank you, Mr. Lin. Thank you, Yichen!"

Chapter 556 The Zhang Family Is Now Yours!

The Zhang family could live!

This simple sentence was like heaven-sent to them, making them overjoyed because they had found hope again.

Even in their wildest dream, they would never expect that in the end, the Zhang family would have to rely on Zhang Yichen, who they despised, to be saved.

"Lin Fan, thank you!"

Zhang Yichen sobbed with tears. She couldn't describe her feelings now.

She even had the urge to pounce on Lin Fan and forcefully kiss him without considering anything.

To violate him!

And to ravage this king of a man!

Lin Fan had no idea what she was thinking so he only said with a smile, "No one can snatch your family away from you when I'm here because now, the Zhang family is yours!"

After that, Lin Fan stared firmly at Zhang Lei.

"You might be exempted from death but not from punishment! I'll take one of your legs."

Chapter 556 The Zhang Family Is Now Yours!

What?!

Everyone from the Zhang family was stunned because they thought that this incident had passed. Unexpectedly, Lin Fan still refused to let Zhang Lei off easily.

But soon, they quickly came back to their senses and recalled that Zhang Lei had wanted to kill Lin Fan just now, and he had even wanted to humiliate his wife.

Therefore, breaking one of his legs was already lenient enough.

"No!"

Upon hearing that, Zhang Lei almost peed himself out of fear. His eyes were filled with horror and he wailed to Old Madam Zhang again.

"Grandmother, save me! I don't want to be crippled!"

Old Madam Zhang's expression changed and she tried to speak to Lin Fan.

However, before she could utter a word, Lin Fan cut her off rudely. "Shut up. The Zhang family is in no place to bargain with me now!"

Old Madam Zhang was stunned for a moment. Then, bitterness appeared on her face and she didn't dare to

Chapter 556 The Zhang Family Is Now Yours!

Speak anymore.

"Do it!"

After a shout from Burkins, a group of Blood Prison experts instantly rushed out and pinned Zhang Lei to the ground.

Crack!

The sound of bones breaking could be heard.

"Ahh!!!"

Zhang Lei let out a shrill scream before he fainted on the spot out of intense pain.

Chapter 557 How Could We Resist

Then, Lin Fan said to Burkins, "Clean up this mess!"

With that, he left the scene with Zhang Yichen behind him.

The tone of his command once again made everyone couldn't believe their ears.

Meanwhile, the members of the Zhang family were all slumped to the ground as if all their energy was sucked out of them, and their backs were soaked with cold sweat.

At that moment, they felt like they had just escaped death and they had a strong bitter taste in their mouth.

*No matter what, I'll never want to see Lin Fan again!
This man is the living devil!*

After they left the hotel, Lin Fan and Zhang Yichen drove off.

"Lin Fan, thank you for helping me. I'll definitely need to give thanks properly!"

Zhang Yichen felt grateful toward Lin Fan and at that instant, she had completely fallen head over heels for him. The desire and love that were originally suppressed were now swarming out uncontrollably.

It made her stare at Lin Fan obsessively and she was not

Chapter 557 How Could We Resist

bothered to hide her admiration for him.

Lin Fan smiled and jokingly asked, "Thank me? How are you going to thank me then?"

"Why don't I become your mistress?" Zhang Yichen blurted out immediately. In order to become Lin Fan's lover, she even disregarded her dignity.

Lin Fan was instantly dumbfounded by her reply and he even doubted his hearing.

He looked at Zhang Yichen in disbelief and said, "You are the national goddess so be careful of what you say. Otherwise, if the paparazzi recorded this, you won't be able to clear your name!"

However, Zhang Yichen had already lost all rationality and she didn't care about anything else.

"Do you think that I'm not worthy of you?" Zhang Yichen asked nervously.

Then, she suddenly thought of something and with blushing cheeks, she clenched the corners of her clothes and said, "There's nothing I have that I can use to thank you other than my body! If you don't dislike it, we can go to a hotel. I don't mind even if you don't recognize me as your woman in public!"

Chapter 557 How Could We Resist

Lin Fan coughed violently and only felt that Zhang Yichen's words were getting more and more frightening.

Just when he was about to say something, his phone suddenly rang. He answered the phone and heard a voice that had been changed by a voice changer. "Bai Yi is at Jiangbei and she will die soon!"

With that, the other party hung up the phone.

All of a sudden, Lin Fan's gaze was filled with endless murderous intent, as if there was a horrible tsunami that was about to burst out of his body.

Zhang Yichen, who was in the car with him, suddenly felt as if she had fallen into an ice cave and her body uncontrollably shivered in fear.

The romantic atmosphere that was there instantly disappeared.

At this moment, Zhang Yichen was afraid of Lin Fan and her pupils shrank fiercely. It was as if she had watched a demon awaken.

"Lin Fan, you..."

"Yichen, you should head home first! I have some matters to deal with!"

Chapter 557 How Could We Resist

Lin Fan's voice was no longer as gentle as before. Instead, it was incredibly low and deep, like the roar of the beast.

Zhang Yichen could feel that this man was suppressing his anger.

Something happened! I'm sure something bad has happened! I've never seen Lin Fan like this before. It's as if he is completely out of control!

Before she had time to react, Lin Fan had already disappeared without a trace, as if he had vanished into thin air.

Lin Fan was extremely outraged.

"Find out Bai Yi's exact location and report it to me in three minutes! Otherwise, all of you will die!"

After the members of Blood Prison heard his command, everyone was in complete panic!

Something bad happened to the queen and our king is utterly furious!

*F*ck! Who dares to attack the queen of Blood Prison?!*

Instantly, every member of the Blood Prison around the world went crazy and they hurriedly used all their connections to search around Jiangbei!

Chapter 557 How Could We Resist

At the same time, Jiangbei's network security department was completely paralyzed.

"Damn! Our network security has been attacked up to ten million times! More than 100,000 hackers are working together to hack our security network! What the hell is going on?!"

"I have no idea! China has never offended these hackers before. Why are they working together to attack our firewall?"

"We're doomed! This has never happened to us before. It's even more terrifying than cyber warfare. What the hell happened?!"

Every security officer was completely dumbfounded!

As they stood in front of the computer and watched the soaring deficit, all of them revealed a look of utter shock! None of them could believe what was happening!

With their power alone, it was impossible for them to stop the joint attack of these 100,000 hackers!

Seeing this, the leader of the security department, Zhao Chuan, was sweating in panic. His gaze was filled with horror as he roared, "Find out why this is happening! Who is it that is powerful enough to rally 100,000 hackers to attack at the same time?!"

Chapter 557 How Could We Resist

At the same time, Jiangbei's network security department was completely paralyzed.

"Damn! Our network security has been attacked up to ten million times! More than 100,000 hackers are working together to hack our security network! What the hell is going on?!"

"I have no idea! China has never offended these hackers before. Why are they working together to attack our firewall?"

"We're doomed! This has never happened to us before. It's even more terrifying than cyber warfare. What the hell happened?!"

Every security officer was completely dumbfounded!

As they stood in front of the computer and watched the soaring deficit, all of them revealed a look of utter shock! None of them could believe what was happening!

With their power alone, it was impossible for them to stop the joint attack of these 100,000 hackers!

Seeing this, the leader of the security department, Zhao Chuan, was sweating in panic. His gaze was filled with horror as he roared, "Find out why this is happening! Who is it that is powerful enough to rally 100,000 hackers to attack at the same time?!"

Chapter 557 How Could We Resist

Beads of cold sweat continued to seep from his forehead.

Is Jiangbei about to be attacked? Why is this only happening to Jiangbei? This is a targeted attack! Even the entire dark web is actively attacking us right now!

Just then, a security officer suddenly slumped to the ground with a thud, as if he had just seen a ghost while he stared at his computer screen in horror.

"What's wrong?!" Zhao Bin scolded furiously.

The security officer's face was pale as a sheet and his fingers trembled as he pointed at the screen in front of him. "Sir, l-look!"

Zhao Chuan suddenly had a bad feeling and he hurriedly strode toward his computer.

When he saw a red-colored skull appear on the screen, he instantly collapsed to the ground too and drops of cold sweat dripped down his forehead.

"B-Blood Prison!"

Zhao Chuan's face completely turned pale and his eyes were wide open in horror. He couldn't believe what he was looking at.

He finally knew who it was that had such strong power

Chapter 557 How Could We Resist

to rally hackers all over the world.

It was the king of Blood Prison! The terrifyingly powerful king that had been ruling the underground ever since ten years ago and established an undying dynasty in the entire underground world!

However, the Blood Prison always had a good relationship with China over the years and they had worked together more than once. They were in a friendly alliance but now, the Blood Prison was attacking Jiangbei's network security.

Why is this happening?! Damn it!

Zhao Chuan's back was already soaked with cold sweat and at that moment, he felt as if he was about to go insane. Who on earth offended such a powerful figure and dragged Jiangbei down with them?!

"Sir, we can't hold back much longer!" someone shouted at Zhao Chuan.

However, with a bitter expression on his face, Zhao Chuan replied, "The people who are attacking us are from Blood Prison. It's impossible for us to resist them."

Meanwhile, the helicopter that Lin Fan was in had arrived at Baiyun City in Jiangbei and they landed right in front of an auction called the Golden Flix.

Chapter 557 How Could We Resist

His eyes were filled with murderous intent and he looked extremely fierce!

Whoever dares to hurt my queen will pay the price with blood!

With a bang, Lin Fan directly knocked out the security guards before he kicked open the door of the Golden Flix auction.

His actions instantly shocked everyone that was in the auction. Every guest of the auction then turned to look toward the doorway, including Bai Yi.

"Lin Fan, why are you here?" Bai Yi asked puzzledly.

When she saw Lin Fan's bloodshot eyes, she was stunned. Furthermore, Lin Fan looked as if he was about to eat someone alive and the aura he emitted made her feel worried. Bai Yi had never seen Lin Fan like this before! At the same time, Lin Fan couldn't help but frown.

Bai Yi looks alright.

With that, he hurriedly walked up to Bai Yi and asked, "Are you okay?"

With a confused look on her face, Bai Yi replied, "Of course I'm okay. I'm only attending an auction. Hurry up and sit down. Don't cause a scene!"

Chapter 557 How Could We Resist

Lin Fan then sat down and with a grim expression, he said, "Someone called me just now and said that you have been kidnapped so I rushed over here from Jiang City."

Seeing how worried he was about her, Bai Yi felt a warm feeling in her heart. Then, she winked at Lin Fan and said, "Maybe it's just a prank. Don't be so impulsive next time!"

A prank?

Lin Fan didn't agree with her because he had a bad feeling that something was about to happen, as if luring him here was just the first step of their plan.

Just then, a very hateful voice said, "Ladies and gentlemen, let me introduce you to this b*stard who is dressed like a beggar. He is Lin Fan, the useless man who leeches off of President Bai Yi!"

What?!

Bai Yi's expression immediately changed and she turned to look at the person who was talking.

It's Xiao Tingjun!

Chapter 558 5 Billion!

After hearing what Xiao Tingjun said, the entire auction room went into an uproar.

"So this is Bai Yi's husband, the live-in son-in-law that leeches off Bai Yi?!"

"He really does look poor. I can't believe Bai Yi fell in love with a man like him. What a shame!"

"How is it possible that such a loser son-in-law dares to even come here? Doesn't he feel embarrassed? Is he even worthy to enter the auction?"

The moment the wealthy people at the auction saw Lin Fan, a contemptuous smile appeared on their faces. It was as if they were looking at a joke.

Because in their eyes, a loser like Lin Fan who came from the bottom of the society was not qualified to sit with them.

Xiao Tingjun's gaze at Lin Fan and Bai Yi was filled with endless hatred.

*Because of this b*stard and this b*tch, I cannot fully be a man for the rest of my life! I want to tear them both to shreds! But before I kill them, I want to severely humiliate them first!*

Then, he smiled grimly and insulted the two of them.

Chapter 558 5 Billion!

"What's wrong with the Golden Flix? Why are they just letting anyone in? Are they purposely trying to make us feel disgusted?"

Hearing this, everyone else joined in.

"He's right. I'm about to faint from his disgusting smell. Hurry up and kick him out!"

"Dear boy, this is the Golden Flix auction. You are not qualified to sit here if you don't have a net worth of over 100 million. You can leave now!"

"You!"

Seeing this, a grim expression appeared on Bai Yi's face and she couldn't help but feel furious.

We've never offended these people before but why are they humiliating us?

She wanted to rebuke them but before she had the chance to speak, Lin Fan had already turned around and glared at the rich people.

"I'm in a really bad mood right now! So if you don't want to die, I advise you all to shut up!"

Instantly, everybody felt the strong malice in his words.

Chapter 558 5 Billion!

However, strangely, this sense of malice seemed to be substantial and they couldn't help but break out in cold sweat. It was as if they had fallen into an ice cellar!

All of the sudden, the atmosphere around them became extremely depressing.

The moment Lin Fan spoke those words that were filled with murderous intent, everybody could clearly feel that he was forcefully trying to suppress his desire to kill. Which was why they were terrified and extremely anxious.

Nobody dared to say anything else. It was as if they were afraid that Lin Fan might tear them to shreds if they dared say another word.

The entire auction was so silent one could hear a pin drop.

As for Bai Yi, she was looking at Lin Fan in horror too.

Is this my husband who listens to and obeys everything I say? One sentence was all it took for him to terrify countless powerful men in the hall. I feel like I'm dreaming!

"The auction officially starts now!"

Just then, the words of the emcee finally pulled the rich people in the hall back from their state of horror.

Chapter 558 5 Billion!

Then, a look of shame appeared on their faces.

The thought that wealthy powerful men like them were terrified by the words of a loser made them feel a strong hatred.

They wanted to tear Lin Fan up from limb to limb!

With that, everyone suppressed the strong feeling of hatred toward Lin Fan for they were planning to take revenge on Lin Fan and Bai Yi after the auction ended.

Then, under everyone's gaze, a few machines were pushed to the stage by the auction staff one by one.

The moment Bai Yi set eyes on those machines, her gaze was filled with burning desire because these machines were the reason she joined the auction.

"These are the X-type pharmaceutical machines, the best pharmaceutical machines in the world. We have a total of 100 units and the starting price is 1 billion!"

The moment the emcee finished speaking, Bai Yi impatiently raised her hand and shouted, "1.5 billion!"

Looking at these machines, the other bidders lost interest because they were not working in the medical field like Bai Yi.

Chapter 558 5 Billion!

Bai Yi was overjoyed because she could easily obtain these machines if nobody competed with her.

However, at that moment, the detestful voice yelled again, "20 billion!"

Everyone immediately turned to look in the direction where the voice came from and they saw that it was Xiao Tingjun. There was a sneer on his face and his gaze revealed a sense of provocation and delight as he stared straight at Lin Fan and Bai Yi.

At that instant, the rich people in the hall all showed joyful expressions because they knew that the Xiao family did not do business in the pharmaceutical industry at all. Xiao Tingjun's bid was clearly to provoke Lin Fan and Bai Yi.

"Bai Yi, I know that these machines are really important to you. If you sleep with me for one night, I'll give them all to you for free. What do you think?" Xiao Tingjun asked with a perverted look on his face. At that moment, he didn't care about Bai Yi's identity anymore because he knew that she would be as good as dead by tonight!

All he was thinking of was taking revenge for what they did to him back then by torturing Bai Yi!

"In your dreams!"

Chapter 558 5 Billion!

Bai Yi's face turned pale. Then, she no longer wanted to see Xiao Tingjun's face that disgusted her so she turned to the stage and shouted, "2.5 billion!"

"You ungrateful b*tch!" Xiao Tingjun sneered. His expression immediately became distorted and hideous as he roared, "4 billion!"

There was an instant uproar in the hall!

Xiao Tingjun has raised the price by 1.5 billion! It seems like he is determined to win this batch of pharmaceutical machines!

"You!"

Bai Yi's body trembled with anger and her face was full of humiliation.

"B*tch, how dare you be so arrogant in my territory? Let me tell you this. Without my agreement, you will never take these machines away today!"

Xiao Tingjun burst into wild laughter. "I know that these pharmaceutical machines are extremely important to the New Bai Family Group's medicine branch but sadly, I'm richer than you! Besides, I'm pretty sure that a poor girl like you won't have any money to continue bidding anymore, right?"

Chapter 558 5 Billion!

Hearing this, Bai Yi looked extremely upset because he was right.

Indeed, her working capital was only over 3 billion. She had invested the rest of her money in the production of the new pneumonia vaccine.

With only her wealth, it was impossible for her to compete with the Xiao family that had wealth accumulated over the past 400 years.

All she could do was watch as Xiao Tingjun took away the pharmaceutical machines that were enough to increase the speed of vaccine production by several times.

The rest of the guests all started to sneer and looked at Bai Yi with contempt.

This woman is such an idiot! She is lucky that the Young Master of the Xiao family is interested in her but she would rather be with that loser than obey Xiao Tingjun. Look at what happened! Tonight, without Xiao Tingjun's agreement, Bai Yi won't be able to get anything she wants from this auction! Serves her right!

But after that, a scene that made the whole audience stare in disbelief happened!

"5 billion!"

Chapter 558 5 Billion!

Everyone had a horrified look on their face as they saw Lin Fan calmly raise his hand and bid!

Everyone was completely dumbfounded and they even suspected that they were hallucinating!

I can't believe that this loser that leeches off his wife's family dares to even bid! His wife was already defeated by Xiao Tingjun. What does this loser have? I think he has gone crazy!

At that moment, everybody looked on with anticipation. It was as if they were waiting for Lin Fan to embarrass himself.

It wasn't just them, even Bai Yi was stunned and she anxiously shouted, "Stop bidding! I don't have the money to save you from your mistakes!"

Meanwhile, Xiao Tingjun burst into laughter. "Bai Yi, oh, Bai Yi. You really did marry a fantastic husband! 5 billion? If this live-in son-in-law can pay up 5 billion, I'll lick his shoes! If you bid but don't pay up, you have to pay liquidated damages which is at least 1 billion. Hahaha! Both of you are doomed!"
