

Chapter 570 It Is the Lin Family's Wish!

Wang Mingzhe's eyes blazed with immense hatred at the sight of Lin Fan's presence; his eyes were filled with the triumph of a cat having caught a mouse that was being played around in its paws. It was as though Lin Fan had become a sitting duck that couldn't help but allow himself to be walked all over.

He swore that he would never let Lin Fan—the useless piece of trash—leave here alive this time!

“Lin Fan, I have been waiting for you for a long time!” said Wang Mingzhe as he walked up to Lin Fan sinisterly with a mocking sneer on his face.

A murderous aura surged through Lin Fan at that moment; he glanced frostily at Wang Mingzhe as asked, “Where is my wife?”

“Don't worry. She's fine right now, but I can't guarantee that she'll still be fine in a while!” Wang Mingzhe laughed

gloatingly as he taunted Lin Fan. "You really are someone who brings bad luck. Nothing would have happened if you behaved yourself and gave your wife up to me, wasn't it?"

As he spoke, his face glowed with vengeful pleasure before it contorted into a hideous expression. "She's going to meet a bad end today, all because of you! You two are going to pay a bitter price in a while for having offended me! Hahaha!"

Wang Mingzhe laughed savagely since Lin Fan and Bai Yi were already dead meat in his eyes.

Lin Fan frowned; having lost his patience at that moment, he said icily, "Lead the way, or die!"

He was furious, so he cared nothing about what this place was and who was behind Wang Mingzhe. All he knew was that he would raze this place to the

ground and kill everyone since they dared to harm his woman!

Wang Mingzhe was visibly startled upon hearing Lin Fan's words, but he then taunted the latter by saying, "I'm so scared! How dare a good-for-nothing who depends on his wife be so puffed up? I'm afraid that you won't even have the chance to cry when you meet the person behind me later!"

To him, Lin Fan was merely being pretentious right now and would be totally paralyzed with fear after meeting that tremendously influential person.

Even so, when he saw Lin Fan's darkened face, great pleasure surged up within him, and he purposefully played for time by saying, "I have to say that your wife is devastatingly beautiful. She looks so pitiful even when she's crying, which is so alluring, so absolutely enchanting! She's probably having a good time after having served the

master inside while we speak. The way I see it, you'd better take a proper look at the situation and don't go in. It will be bad if your wife gets greedy and even blames you for spoiling her fun!"

The instant he finished his sentence, the murderous rage that had been burning in Lin Fan's eyes for a long time erupted completely. Then, Lin Fan's pair of bloodthirsty claws that had killed countless men suddenly seized Wang Mingzhe by the throat before lifting the latter in the air!

"Do you think that I'm joking with you?" Lin Fan's face was as black as thunder as his voice quavered with strong killing intent.

"You!" At that instant, Wang Mingzhe was terrified to death; he tensed up all over as though he had fallen into an ice cave.

wrathful words were filled with a chilling intent to kill, which disturbed him greatly. How could this guy have such an intimidating force?

“I-I’ll lead the way!” said Wang Mingzhe immediately in a trembling voice. He had a feeling that this good-for-nothing would absolutely kill him then and there if he dared to humiliate the latter again!

Lin Fan then flung Wang Mingzhe to the ground, making the latter feel so dizzy that he was unable to get up for a long time.

Following that, Wang Mingzhe got up obediently and led the way at the front, but there was a look of intense hatred in the depths of his eyes. *Just wait, you piece of trash! I’ll be looking forward to seeing how you’re going to continue putting on airs after meeting that person! By then, I must make you die a brutal death!*

Soon after that, Wang Mingzhe pushed the Rose Manor's door open. The instant he stepped inside, venomous abhorrence was etched on his face as he thought that Lin Fan would no longer be able to escape from him anymore.

Lin Fan then instantly saw Bai Yi and her parents kneeling on the floor while sobbing in a low voice with looks of deep terror on their faces.

The chilly air around him spontaneously intensified by a few notches at the sight of them suffering such humiliation.

At that moment, Bai Yi suddenly looked back and was startled the instant she saw Lin Fan. Then, tears of grievance and despair gushed out continuously from her eyes like a broken dam as she screamed at the top of her voice right away, "Leave! Why would you come, hubby? Didn't I tell you to leave? Hurry up and leave!"

Instead of retreating, Lin Fan stepped slowly toward Bai Yi with a look of boundless fondness and affection in his eyes. He said, "I swore that I will make you live a safe, peaceful, and carefree life as before!"

As he spoke, he took Bai Yi into his arms before continuing softly, "I can't go back on my words."

Bai Yi had a total breakdown upon hearing his words. She cried at the top of her lungs while punching Lin Fan's chest continuously as she yelled, "Why are you so foolish? Why aren't you listening to me all the time? I just want you to stay alive. Did you hear me? Hurry up and leave, Lin Fan! Leave!!!"

She could no longer hold back her tears from streaming down her face.

She was not happy at all when she saw Lin Fan coming to save her at the moment. To her, Lin Fan was merely

courting death, for the presence who struck them this time was a person whom they couldn't afford to offend for the rest of their lives.

Upon seeing Bai Yi being reduced to such a state, Lin Fan felt his heart clenching and aching terribly, He then tried to comfort her by saying, "Don't worry. We're going home together today!"

What? Upon hearing his words, Wang Mingzhe, Bai Yan, Xiao Youwei, and Xiao Tingjun were all stunned.

Going home together?

The next instant, the smiles on their faces widened into mocking grins as though they had heard an outrageous joke.

Now that Lin Fan is already here, how could he dream of leaving this place unscathed? Is this guy an idiot?

They shot resentful and contemptuous gazes at Lin Fan as if they were already able to predict the tragic fate awaiting Lin Fan.

Even Bai Yi and her parents' faces turned ghastly pale in an instant when they heard Lin Fan's words.

Even Bai Yi could do nothing at all, so what could Lin Fan, a house husband, do by himself? That was totally impossible!

Clap! Clap! Clap! Just then, a clapping sound full of mockery was heard from the stage at a distance ahead of them.

Only then did Lin Fan realize that a man was standing there with his hands behind his back. He looked so regal that he seemed to treat the world with disdain, as if he was born to be a king that dominated all living things.

Lin Fan's pupils immediately contracted

at the sight of the man, for the man's figure was extremely familiar to him. He could never forget this man—whom he hated so much that he couldn't wait to rip him into shreds—even if another ten thousand years were to pass!

Then, the figure slowly turned around, revealing a fair and somewhat less masculine face that had a cryptic smile hanging on his lips. "You both are so affectionate toward each other that even I am deeply moved! I'll let you couple become a pair of dead lovebirds as a commendation."

His voice sounded flat, but was full of murderous intent.

Meanwhile, Lin Fan instantly flew into a complete rage when he saw the man's face, and his eyes blazed with murderous fury. "Lin Zekun!"

This man was Lin Zekun, the second-eldest young master of the Lin Family.

He was one of the culprits who had humiliated Lin Fan and caused the latter's mother's death.

“It has been a long time since we last met, Lin Fan. Don't you have a feeling that history always repeats itself in a strikingly similar way? I caused your mother's death back then, and now, I'm going to kill your wife! Hahaha!” Lin Zekun roared with laughter while looking at Lin Fan disdainfully and mockingly, as though he was looking at an ant that he could kill at will.

What? Upon hearing his words, Bai Yi and her parents were stunned; they then looked at Lin Fan in disbelief. Lin Zekun had caused Lin Fan's mother's death? Wait a minute—Lin Fan... and the Lin Family?

Bai Yi and others looked completely panic-stricken at once as they seemed to have thought of something. *Could Lin Fan and the Lin Family possibly be related by blood?*

Lin Fan's eyes were bloodshot with murderous wrath when he heard Lin Zekun laughing at his past. "You're digging your own grave!"

He immediately stood up as he wanted to finish Lin Zekun off, but Bai Yi shook her head vigorously while imploring Lin Fan tearfully, "Don't do that, Lin Fan! We can't afford to offend him!"

She truly did not want to watch helplessly as Lin Fan got himself killed, so she begged Lin Zekun tearfully as well, "Young Master Lin, you can do whatever you want to do to us, but please spare Lin Fan's life, since he is also a member of the Lin Family!"

To her surprise, Lin Zekun flew into a violent rage upon hearing her words; he had a terrifyingly murderous expression on his face, looking as if he was severely humiliated. "Shut up!" he

roared. "What right does this good-for-nothing have to call himself a member of the Lin Family? Let me tell you that it is the Lin Family's wish to kill him today!"
