

Although the words sounded mild and peaceful, everyone thought they were very autocratic, as if he was confident that the two Gods of War, Dragon and Tiger, would certainly be defeated.

However, upon hearing his words, Bai Yan, Wang Mingzhe and the others were on cloud nine as a joyous look crossed their faces. They were so excited that they almost skipped with joy.

However, just as they thought the two Gods of War, Dragon and Tiger, would retreat in humiliation, a disdainful look appeared on the faces of Dragon and Tiger. "King of the North, we admit that we are no match for you, but the one who should leave tonight is you! Because you have no idea what kind of a horrifying existence the Lin Family have messed with tonight!"

What? The words caused a stir among the crowd immediately. Dragon and Tiger actually dared to threaten the King of the North? What gave them the courage to do that? The King of the North is someone to be rivalled with the God of Blood Prison. Even

if the God of Blood Prison comes here today, he can't change things around either! But Dragon and Tiger actually dared to ask the King of the North to leave? This is absolutely crazy!

Almost immediately, everyone glanced at them with a disdainful look in their eyes. *Perhaps Dragon and Tiger had grown the habit of bragging and acting tough after spending a long time together with Lin Fan?*

"Haha!" The King of the North snickered. Apparently, he too, thought Dragon and Tiger were insulting him. As the King of the North, he had never felt afraid of anyone before.

A vicious look flashed through his eyes instantly. "Oh, is that so? But, why do I feel that besides the King of Blood Prison, no one else from the Blood Prison can rival me in a match?"

Dragon and Tiger were not angry when they heard this. They smiled instead; the smile that crossed their face was one of

amusement. "Then, what if it's the King of Blood Prison himself?"

Haha! However, as soon as they finished their sentence, the King of the North broke out in laughter suddenly, as if he had heard the biggest joke in his life.

He smirked at Dragon and Tiger with a teasing look in his eyes. He had that sort of 'I knew you guys would say that' look on his face.

"Stop bluffing, you youngsters. As far as I'm concerned, Lin Zuo and General Ni Huang have made their move to attack the King of Blood Prison together! The happiest ending for him will be that he can escape and leave China alive! But most probably, the so-called strongest man of all time will perish in China forever!"

Almost instantly, everyone was shocked. *Lin Zuo and General Ni Huang went to attack the King of Blood Prison together? Two of the Four Greatest Commanders in China had participated in the mission together. If that's the*

case, then the so-called strongest man on Earth will have to avoid them too!

Now, Bai Yan and the others just felt everything had happened too quickly. They couldn't believe they would be so successful in their plan. They were overwhelmed with excitement as they gazed at Lin Zekun admiringly.

Thud! Wang Mingzhe, the brown noser, knew that it was a perfect time to fawn over Lin Zekun now. So, he kneeled down in front of Lin Zekun immediately and exclaimed admiringly, "Young Master Zekun, you're such a genius who really excels at scheming! Everything goes exactly like you've predicted! You're so good at it that you can actually control Lin Zuo and General Ni Huang at your will!"

He never expected Lin Zekun would cook up such a huge scheme and involve four of the strongest martial artists of all time, namely Lin Zuo, General Ni Huang, the King of Blood Prison and the King of the North into his

plot at the same time! With that, they would certainly achieve victory!

And now, a triumphant look crossed Lin Zekun's face when he heard that. He looked proudly at Lin Fan. "Lin Fan, so now you know, right? A useless wimp will always be a useless wimp! Before a true genius, you'll always be looked down on forever! Now, it's time for you to die!"

Lin Fan raised his head upon hearing that and glared at Lin Zekun with his cold eyes. His lips curved into an utterly horrifying and malicious smile. "The Lin Family has sure put a lot of effort into their plan to kill me, huh?"

The Lin Family had hurt him and his mother before. Now, they wanted to destroy his family that didn't come by for him easily—the family that he cherished so very much! This drove Lin Fan to the verge of madness!

"Since you people set me up in such an elaborate scheme, then I shall... destroy

your scheme first before I start the killing!”

Then, Lin Fan took a deep breath. As everybody looked on in extreme shock and fear, he barked angrily, “Blood Prison, come forth!”

Whoosh! As soon as Lin Fan gave that command, a group of people in crimson uniforms stormed into the manor from outside suddenly. The number increased from ten to fifty and to a hundred people gradually. Soon, the whole manor became crowded with a large group of men. A group of one hundred men with the minimum strength of grandmasters stood behind Lin Fan bravely. The whole legion of Blood Prison had arrived! The horrendously powerful aura emitted from every single grandmaster suffocated everyone in the manor, which caused them to feel very nervous and ill at ease.

All of a sudden, shock and fear flickered in the eyes of Bai Yan and others.

However, besides that, at that moment, everyone heard dense footsteps outside of the manor. The footsteps sounded violent, but uniform and steady.

Everyone looked around in fear and all they could see was just a group of people in crimson uniforms. The whole Rose Manor was completely surrounded!

“What’s going on? Song Yuanzheng and Lin Zuo didn’t manage to stop the Blood Prison?”

At that moment, a fearful look crossed Wang Mingzhe’s face; they were surrounded.

Lin Zekun looked grim when he heard this, because this had gone out of his control and was no longer part of his plan.

“You guys have underestimated the King of Blood Prison. It’s good enough that you guys can stop a man like him, so don’t expect more than that!” The King of the North looked calm as he

continued with a plain smile on his face, "As long as the King of Blood Prison isn't here, I can slaughter these weaklings easily like killing a bunch of lowly dogs!"

However, a snicker was heard from the crowd as soon as the King of the North finished bragging.

"Oh, is that so? Then, what about me?"

Every member of the Blood Prison stepped aside to make way for a man.

Then, a tall, muscular and well-built man marched right through the crowd.

Everyone could see him clearly now—he was none other than the God of Blood Prison!

His appearance made the eyes of the King of the North widened in surprise too. He had fought against the God of Blood Prison back then, but their match ended in a draw.

However, he couldn't understand why

the God of Blood Prison would show up here. Since the God of Blood Prison was so loyal to the King of Blood Prison, how was it possible that he would abandon his king and come here to save a useless wimp instead?

Meanwhile, Lin Zekun smirked. "The God of Blood Prison is here? So what? As long as we can buy some time, Lin Zuo and General Ni Huang will come to back us up after they have defeated the King of Blood Prison. They'll still be dead by that time!"

Now, victory was still on their side. However, a moment of despair was just about to happen!

"Sorry, but the ones who will die tonight is all of you!" A calm, clear and icy voice was heard following Lin Zekun's words.

What? The expression of Lin Zekun and others changed abruptly when they heard the voice. Then, all of them glanced in the same direction where the voice came from simultaneously.

Next, as everyone looked on in shock and surprise, a slim and beautiful figure descended from above suddenly from out of nowhere. The figure was clad in military uniform and was surrounded by an intense murderous aura. She was General Ni Huang! The woman had finally arrived, but to everyone's shock and confusion, the woman actually took Lin Fan's side!

Something is off! This isn't right!

Everyone who was on Lin Zekun's side realized immediately that something was off the moment they saw this. Fear filled their eyes as wild thoughts ran through their heads. *What's going on exactly? Hasn't General Ni Huang gone to attack the King of Blood Prison? Why is she here and is even taking Lin Fan's side?* Now, everyone looked as though they had seen a ghost as an expression of disbelief crossed their faces.

Everything that was happening now was beyond them.

They were not the only ones who were baffled, for even Bai Yi and her family

were puzzled too.

However, at that moment, Lin Fan told Bai Yi to leave the manor. "Darling, everything's fine now. You should leave with father and mother first!"

Apparently, Bai Yi was dazed for a moment before she asked, "What about you?"

Lin Fan smiled. "Don't worry. I doubt that they will be able to kill me with the God of Blood Prison and General Ni Huang here."

Bai Yi nodded and said, "You should be careful then. I'll wait for you outside. I won't go if you don't come out!"

Bai Yi then left the place, taking her father and mother with her.

Lin Zekun realized everything had gone out of his control when he noticed Bai Yi and her parents leaving the place. He looked very grim and sullen now.

"General Ni Huang, didn't you go to

attack the King of Blood Prison? Why are you here?"

Everyone stared at General Ni Huang in shock and puzzlement.

An enigmatic smile appeared on Ni Huang's face when she heard this. "Well, both Lin Zuo and the King of Blood Prison are here, aren't they?"

What? Her words caused a stir among the people immediately. A look of bewilderment and confusion crossed their faces, as if they had seen a ghost in broad daylight. *Both the King of Blood Prison and Lin Zuo are here? How is this possible?* If that was so, then why didn't they know about it?

Almost immediately, everyone looked around their surroundings in shock and horror; all of them wanted to find out the whereabouts of the two horrifying persons.

Lin Zekun was completely baffled by now. According to the information he

received, Lin Zuo and General Ni Huang were attacking the King of Blood Prison at the border of Jiang City.

At that moment, the King of the North also had a bad feeling about this suddenly. He immediately recalled Dragon's and Tiger's sneers just now. *Is the King of Blood Prison really here?*

All of a sudden, the atmosphere in the manor tensed up as everyone stared at General Ni Huang in utter shock and astoundment.

At the same time, General Ni Huang took several steps forward and strode toward Lin Fan. Then, she caressed Lin Fan's cheek with her hand lovingly. "Fan, long time no see!"

A shy and awkward smile crossed Lin Fan's face before he uttered three words which shocked everyone in the manor. "Aunt Ni Huang!"

Now, everyone felt suffocated, like they were choked by invisible hands on their

throats.

Almost immediately, Bai Yan, Xiao Youwei and Xiao Tingjun felt their legs going weak. They were driven to utter madness now. *Impossible! This is impossible!*

They were so overwhelmed with shock and horror now that they almost fainted! *How does the worthless wimp know General Ni Huang and even has a close relationship with her?* Simply because of Lin Fan's close relationship with General Ni Huang, they probably would never be able to mess with him!

The words 'Aunt Ni Huang' crushed their final hope and they were plunged into total despair, because they knew with General Ni Huang here on this day, nobody could lay a finger on Lin Fan!

"Why? Why did things turn out like this?" Bai Yan's beautiful face turned pale. *The useless wimp has always been relying on women for his entire life, but why do the women he relied on get more and more powerful one after another?*

Even Xiao Youwei and his son went weak out of extreme shock. Before this, they snorted in disdain when Lin Fan said he wanted them to know what true despair really felt like. Now, they had indeed felt it deeply!

“Impossible! This is impossible! Lin Fan, what exactly did you do?” At that moment, Lin Zekun’s face turned as white as a sheet, like he had seen a ghost. *Lin Fan is just an unwanted wimpy young master abandoned by the Lin Family, how did he associate himself with General Ni Huang?*

Meanwhile, a bitter look appeared on the King of the North’s face too. *So, this is the person who Dragon and Tiger said I can’t afford to mess with just now.*

Ring! Suddenly, a ringtone broke the dead silence in the manor.

Lin Zekun took out his cell phone. He was ecstatic after taking a glance at the

incoming call shown on his cell phone screen. He exclaimed, "Grandpa, help me!"

What? Everyone was shocked the moment they heard this. Grandpa? So, the one who called is the old Patriarch of the Lin Family?

At that moment, they gazed at Lin Zekun excitedly, as if he was their last hope for survival.

Almost immediately, Lin Zekun looked at Lin Fan and his party in a triumphant manner. "Let me tell you this; don't get overly excited too early! My grandfather is coming to help me!"

As he said so, Lin Zekun clicked on his cell phone to put the call on loudspeaker, as if he wanted to let everyone hear how his grandfather was going to help him turn things around.

However, what happened next was truly unexpected and utter despair for Lin Zekun.

Chapter 572 You've Lost, So Come Back!

On the other side of the phone, the Patriarch of the Lin Family paused for a moment before his cold and unconcerned voice was heard from the phone. "You've lost, so come back!"

His simple words cast Bai Yan and the others directly into an endless pit of horror and despair!

'You've lost, so come back!' Doesn't that mean even the Lin Family can't help Lin Zekun anymore?

All noises in the room disappeared completely when everyone heard the words of the old Patriarch of the Lin Family! A ghastly hush descended upon the place.

Everyone was in total shock and fear. They remained silent without saying a word, especially Lin Zekun.

His body trembled violently after hearing his grandfather's words. He could feel his grandfather's disappointment and apathy from the phone clearly. Apparently, he was very disappointed and felt contempt with his grandson's failure.

"Grandfather, listen to me, I still haven't lost yet. Please give me another chance!"

Lin Zekun felt like crying as he pleaded sadly to his grandfather on the other

side of the phone. He knew very clearly that once he disappointed his grandfather, he would never have a chance of becoming the Patriarch of the Lin Family anymore. Now, he regretted his actions very much!

If he didn't insist on going against the useless wimp, he wouldn't have failed and his grandfather, of course, wouldn't be disappointed with him. How could the Lin Family feel secure enough to entrust him with such a large family fortune when he couldn't even get rid of a worthless wimp abandoned by the family?

Beep... However, a disconnect tone was heard. On the other side of the phone, the Head of the Lin Family had hung up the phone directly without any hesitation, for he was unwilling to talk more nonsense with Lin Zekun.

Everyone's eyes bulged with shock when they saw this. Cold sweat flowed down profusely from their foreheads. Everyone realized that things were set

and there was no way Lin Zekun could change things around anymore.

No... This is impossible! Lin Zekun looked as if he had seen a ghost. *How can I lose to a useless wimp like him? This is impossible!*

At that moment, Bai Yan and the others all went weak and fell onto the floor one after another. They looked confused, disorientated and helpless, like all energy had left their bodies.

It was especially so for Bai Yan, who had streams of yellowish liquid flowing profusely down her skirt now. She actually wet herself out of extreme shock and fear.

They had seen with their own eyes how Lin Zekun, who was so confident about winning initially, lost control of the situation gradually and became defeated in the end. And now, he was abandoned by the Lin Family!

In a direct way, Lin Zekun's defeat

marked their destruction too! They were doomed for sure!

However, at that moment, Lin Zekun shook his head in disbelief before he bellowed hysterically, "Impossible! How can I possibly be defeated by a useless wimp?"

He couldn't accept the reality. He was the supposed future heir to the Lin Family's fortune!

At that moment, he glared at Lin Fan with a ferocious expression on his face. "You piece of sh*t, it's all your fault! You should die! All of you, kill him for me!"

However, neither the King of the North nor the three greatest martial artists moved. They stood there motionlessly, as if they didn't hear Lin Zekun.

The King of the North sighed. "Zekun, just listen to your grandfather!"

If the hands of the Head of the Lin Family weren't tied, why would he admit

his defeat to a useless wimp, whom he had kicked out of the house years ago? Now, with General Ni Huang around here, there was no way they could lay a finger on Lin Fan.

“No! I just want him dead! You guys help me kill him!” Lin Zekun had lost his rationality completely; he wanted to kill Lin Fan no matter what.

However, before he could say another word, the King of the North dragged him along by force in an attempt to leave the place.

Bai Yan and the others broke out in tears when they saw this; they were frightened out of their wits. They were doomed for good if Lin Zekun simply left like that without any consideration for them! Without Lin Zekun, the influential young master, there to defend them, what did they have to defend themselves against the Blood Prison and General Ni Huang? *The Lin Family actually can't do anything to harm a wimp and useless son-in-law! This is so unbelievable!* None of them could actually believe what was happening.

However, just as the King of the North wanted to forcibly drag Lin Zekun away, an eerie and frightening voice was heard. "I didn't say you guys can leave!"

Eh? The words made the King of the North's face turn grim. He then turned around and looked at Lin Fan. "Oi, young lad, don't be too arrogant and ignorant. You have to show compassion and be forgiving sometimes whenever necessary. If you kill him, the Lin Family will seek endless revenge against you and your family for the rest of your life!"

The three greatest martial artists glanced at Lin Fan disdainfully when they heard that. *You think you're invincible with General Ni Huang around to defend you? Can you guarantee General Ni Huang will always stay by your side twenty-four hours a day? What a bonehead!*

However, a look of disdain appeared on Lin Fan's face when he heard this. "It's

not the Lin Family who won't let me go. It is I, who won't let the Lin Family off the hook now!"

What? The King of the North and others blew their top as soon as they heard it. A useless wimp, who was abandoned by his own family, actually said that he doesn't want to let the Lin Family go? Doesn't this sound funny?

But, right at that moment, all the martial art experts of the Blood Prison blocked the King of the North's way. A murderous look crossed their faces.

The King of the North's face grew dark and sullen when he saw this. "General Ni Huang, are you sure you want to go against the Lin Family?"

To his surprise, a sly and enigmatic smile crossed Ni Huang's face. She said something which surprised everyone. "Don't worry, I won't attack!"

There was no need for her to stop Lin Zekun when Lin Fan was here.

However, that wasn't the end, for at that moment, Lin Fan bellowed furiously, "Everyone, stay out of this! I want... to kill him myself!"

The seemingly arrogant and foolish words of Lin Fan caused a huge stir among the crowd all of a sudden.

*Lin Fan, the useless wimp, actually said he wants to kill Lin Zekun? Plus, he said he wants to do it himself? D*mn! This is truly outrageous!*

It was Young Master Lin Zekun of the Lin Family that they were talking about after all. Now, he even had the King of the North and three of the greatest martial artists by his side to protect him, so without the help of those martial arts experts from the Blood Prison, what could a useless wimp like Lin Fan do all by himself?

Woah! This is crazy! In everyone's eyes, Lin Fan had lost his mind completely!

For a moment, Bai Yan and the others,

who had plunged into total despair initially, became excited, as if they saw a hope in which they could turn things around again. A scornful look of disdain appeared on their faces, as though Lin Fan was already a dead man in their eyes.

However, Lin Fan couldn't be bothered with the mocking looks on their faces. He took several steps forward and marched directly toward Lin Zekun.

As for the God of Blood Prison and the others, they stepped aside away from Lin Fan obediently. They looked as if they planned to let Lin Fan solve this all by himself.

This greatly excited Bai Yan and the others, especially Wang Mingzhe. He noticed that Lin Fan had walked out of his safety zone. He was some distance away from those who protected him, so if the King of the North and others attacked Lin Fan now, even General Ni Huang wouldn't be able to save him in time.

That fool is going to die for sure! Wang Mingzhe's body trembled violently in excitement the moment he thought of this. As long as Lin Fan died, no one could do anything to harm them anymore on this day.

"Haha! Lin Fan, you moron! You can live with General Ni Huang and the others here to protect you in the first place, but you insist on digging your own grave instead!"

"You useless wimp, who do you think you are without anyone to support you? How dare you brag about wanting to kill Young Master Zekun? What a moron you are!"

"Oh man, this is so funny! A useless wimp like him wants to kill Young Master Lin? Does he think he can defeat all the three greatest martial artists and the King of the North at the same time all by himself? What a foolish and ignorant piece of sh*t! You can die now!"

"I think General Ni Huang decided to look on without doing anything because she noticed how arrogant the dude is trying to act tough like that."

At that moment, Bai Yan, Xiao Youwei and his son laughed hysterically. Their vicious insults sounded very awful and unforgiving. Now, they were practically convulsing in excitement, as if they could foresee Lin Fan's tragic predicament.

Besides them, the King of the North and the three greatest martial artists looked grim when they heard Lin Fan's arrogant bluff too. *Does this useless wimp look down on us?*

Lin Zekun was dazed completely at that moment. However, after that, his lips curved into an eerie and wicked smile. In his eyes, without the help of martial arts experts like the God of Blood Prison and the others, Lin Fan was just a defenseless sheep, waiting to be slaughtered; he would be dead at any minute now.

Thus, he barked in rage immediately, "Since they decided to keep their nose out of the business, what's left to be afraid of? He's just a useless wimp! Kill him!"

Wait! I Have Something to Say!

Send a Gift to the Writer!

Whoosh! Three fierce forces charged at Lin Fan instantly in a frenzy.

The three greatest martial artists were completely outraged. They wanted to kill the young man who dared to look down upon them on the spot immediately!

Maniacal smiles appeared on the faces of Bai Yan and the others when they saw this. They then cheered joyfully.

“Go on, our mighty Gods of War! Kill the useless wimp!”

“Haha! The dude could have won for sure initially, but he insists on acting tough instead. Now, he’s doomed!”

“Lin Fan, thank you very much for sparing our lives. To show my gratitude to you, I’ll have lots of fun enjoying myself with your wife!”

Insulting and mocking hysterical laughs echoed throughout the entire manor. All of them couldn’t wait to see Lin Fan

meet his tragic end on the spot.

However, just when they thought Lin Fan would die for sure, what happened next surprised them so much that their eyeballs almost popped out of their sockets!

Thump! Thump! Thump! Right at that moment, three loud thumps were heard echoing through the manor consecutively.

Following closely with the noise, as everyone looked on in utter shock as three figures were being hurled miserably onto the floor; all three of them vomited blood.

The ones who kneeled down beside Lin Fan's feet were the three greatest martial artists!

Everyone was baffled; Bai Yan, Lin Zekun, the King of the North and the rest on their side were all utterly astounded.

Even the three greatest martial artists themselves were flabbergasted too. An intense look of confusion and disbelief crossed their faces. They totally had no idea what happened; they just remembered that the three of them were so close to be able to cut off Lin Fan's head from his neck just now.

However, in the end, they suddenly felt a weight that was as heavy as ten-thousand tons on their shoulders. Before they could react, they were forced to kneel down in front of Lin Fan and vomited blood on the spot! Their clavicles had even fractured into pieces.

All of a sudden, everyone remained still, like a particular scene in a movie that was paused for a moment. The wicked smile on the faces of Lin Zekun and others froze in rictuses completely.

They lost? The three greatest martial artists attacked simultaneously, yet they were completely defeated by the dude in front of them within a split second. How was this possible? Lin Fan was the useless son

-in-law of the Bai Family. How was it possible that he had the ability to defeat the three greatest martial artists within seconds?

Everyone thought they were dreaming at that moment. Almost immediately, they all felt their very souls trembling at the sight that they saw; they couldn't believe their eyes! The useless wimp, who they thought would die for sure, defeated the three greatest martial artists within a split second right in front of their eyes! The wimp even forced the martial artists to kneel down in front of him! They didn't even notice how Lin Fan managed to do that!

"Everything's over! I'm really doomed now!" At the same time, a voice, which would strike fear and caused despair in anyone who heard it, echoed through the place.

Everyone looked at the King of the North nervously. They saw a bitter look on his face as he shook his head frantically. "H-He is not a useless wimp

at all! With him holding such abilities, I don't stand a chance of winning even if I fight against him!"

He knew he was no match for Lin Fan as soon as he saw the latter's attack, because even if it was him who fought, he couldn't possibly have defeated all the three ultimate grandmasters simultaneously within a split second. This was absolutely unbelievable!

Bai Yan and the others were struck dumb by the words when they heard it. They were completely baffled now! *Even the King of the North is no match for him? There must be something wrong!* They must have heard it wrongly! Those horrible words were like bombshells that struck them dumb when they heard it. They had a feeling as though they were being torn apart by despair and fear. *How is this possible? How is it possible that a useless wimp like him can be more powerful than the King of the North?*

"T-This isn't true. Mr. King of the North,

you're joking with me, right?"

Thump! Thump! Lin Zekun's heart pounded rapidly non-stop. He gazed at the King of the North with great expectation in his eyes, as if desperately pleading for a positive answer from the man.

He was afraid! He was really scared! If even the King of the North couldn't protect him, then he would certainly be dead for sure today!

However, the King of the North shook his head regrettably without looking at Lin Zekun at all. "We should've left earlier. Now, everything's too late!"

Dragon and Tiger reminded him earlier before this, but he snorted in disdain when he heard their advice. Now, they couldn't leave even if they wanted to.

Suddenly, the atmosphere in the manor tensed up as complete silence descended upon the place.

Lin Zekun and the others were overwhelmed with never-ending terror. They had been tricked! Lin Fan tricked them by pretending to be weak and harmless.

A look of sadness and anger crossed the faces of Bai Yan and the others as soon as they realized the truth. It was no wonder that Lin Fan was able to get away safely every time he was in danger; he had hidden his true ability and power. He defeated the three greatest martial artists with just a single strike! Even the King of the North admitted he was no match for Lin Fan! *What kind of monster Lin Fan is exactly?*

At that moment, the King of the North advised Lin Zekun with a bitter expression on his face by saying, "Zekun, before things get even worse and everything's too late, you should hurry up and kowtow to Lin Fan! If you apologize to him, maybe there's still a chance for you to live!"

What? Bai Yan and the others were dazed

when they heard this. *m a wealthy family like Lin Zekun to kowtow and apologize to Lin Fan? control just moments ago. But now, the King of the North asked Lin Zekun to kowtow and apologize, just so he will have a chance to live? Doesn't this mean that Lin Zekun had lost completely?*

“This is impossible! Who does he think he is to ask me to kneel down to him?” Lin Zekun had lost it completely. Lin Fan had always been a useless wimp, whom he looked down upon and crushed under his feet all these years. How was it possible for him to kneel down to a lowly bug like Lin Fan? Right at that moment, he glared at Lin Fan while gritting his teeth. “I haven't lost yet. I still have a final trump card, which is the mysterious Lin Zuo! Lin Fan, I want you dead! I must kill you!”

Lin Fan must die, otherwise, it couldn't make the hatred building up within him to fade away easily! The humiliation he suffered on this day could only be redeemed by killing Lin Fan! Therefore,

he made up his mind now that he would ask for Lin Zuo's help to kill Lin Fan at all costs.

"Hahaha!" However, the crowd burst out laughing when they heard his words. The God of Blood Prison, Dragon, Tiger, General Ni Huang and all the martial art experts of the Blood Prison were laughing like a drain at that moment, as if they had heard the biggest joke of all time.

What? Lin Zekun and the others were astounded when they saw this.

Their laughter sounded of irony that was filled with utter disdain and disparagement. It disturbed Lin Zekun and the others very much when they heard it. The uneasy feeling within the King of the North intensified when he heard their laughter too.

Right at that moment, as everyone looked on in surprise and horror, Ni Huang grinned while looking at Lin Fan. "Fan, you still don't want to tell them

your identity? Tell them and let them know just how stupid they are for doing what they did.”

Lin Fan's identity? Everyone stared at Lin Fan with a look of disbelief in their eyes when they heard this. What other identity does this dude have? Isn't he just a worthless wimpy son-in-law of the Bai Family?

Something is not right! Suddenly, Lin Zekun came to his senses and realized that something was off. He fixed his stare on Lin Fan. He, too, had a very bad feeling about this at that moment. If Lin Fan is just the worthless wimpy son-in-law of the Bai Family, how can he be qualified enough to be acquainted with someone like General Ni Huang? How can Lin Fan win against me, a young master of the Lin Family? Who is Lin Fan exactly?

Everyone stared at Lin Fan nervously in terror.

At that moment, Lin Zekun, Bai Yan and

the others had a bad feeling that a huge misfortune was about to befall them. They felt as if they had done something so wrong that they would be in deep trouble, which made their hearts pound rapidly; everyone was very nervous now.

Next, Lin Fan pulled out the Order of the Guardian of the Nation from his pocket slowly.

This caused a great stir among the crowd.

No... This is impossible! Lin Zekun and the others shuddered in fear. They looked as if they had seen a ghost. *The black Order of the Guardian of the Nation! That is Lin Zuo's Order of the Guardian of the Nation!*

At that moment, everyone finally realized what General Ni Huang meant when she said 'Lin Zuo is here too' just now, because Lin Fan was none other than the extremely mysterious Lin Zuo! Besides, they knew what General Ni Huang and the others were sneering

about now.

“Do all of you understand now?” General Ni Huang glanced at them coldly with a sinister and intimidating look in her eyes. “The unwanted young master who was expelled by his family and whom you people always referred to as a useless wimp, is the current famous Lin Zuo of China!”

Her words made Lin Zekun feel hopeless completely. He goggled at Lin Fan with his eyes bulging and his jaw dropped. He felt every inch of his body shivering out of extreme terror. The last person he thought he could rely on was actually Lin Fan? Was there anything else in the world that could have made him feel more hopeless than this?

He wasn't the only one, for Bai Yan and the others were dumbfounded too. *Lin Fan is Lin Zuo?* The revelation destroyed their worldview completely at that moment. Lin Fan, the live-in son-in-law who had been the laughing stock of every member of the Bai Family, the unwanted worthless wimpy young master who was expelled from the Lin Family four years ago,

was actually the legendary Lin Zuo? And unfortunately, they messed with him over and over again, which had upset him completely!

Now, they finally realized why Lin Fan managed to fool them over and over again like circus monkeys. He even managed to destroy the whole Xiao Family with just a simple command. Indeed, Lin Zuo was capable of doing so.

Smack! At that moment, Xiao Youwei gave himself a harsh slap across the face. He broke out in tears of sorrow. The old man looked very sad and dejected as he wailed. "I'm so stupid! I'm such a foolish bonehead!" He had offended Lin Zuo, which resulted in the loss of his entire family fortune. What else could he be if he wasn't a stupid idiot?

"Dad, I don't want to die! I don't want to die!" Xiao Tingjun burst out crying in grief suddenly. Finally, he was scared.

Before this, he dared to look down on Lin Fan because he thought the worthless wimp couldn't do anything to harm him. But now he finally knew that Lin Fan was Lin Zuo, he realized that it would have been a piece of cake for someone as powerful as Lin Fan to crush him. To Lin Fan, crushing him would be like crushing an ant—easy and effortless!

Besides them, Bai Yan, too, cried tears of despair now. She knew very well that Lin Fan had let her go once, so he would never let her go again this time!

Nothing would have happened to her if she just stayed overseas quietly according to the original plan. However, she couldn't bring herself to forget about the grudge. So, she decided to seek revenge against Bai Yi and Lin Fan by being the ungrateful one who had forgotten that the two of them had let her off the hook the first time. She was so wicked that she wanted to kill their whole family. Now, she was doomed completely!

The revelation caused a stir among the crowd. Everyone couldn't believe their eyes at that moment. The loser, whom the people looked down on the most, had become the most terrifying existence in the manor now! *This is f*cking unbelievable!*

Even the King of the North smiled bitterly. "So, it turns out that he's the person who they said I can't afford to mess with, huh?" Indeed, he couldn't afford to mess with Lin Zuo!

However, this was not the end.

Lin Fan's lips curved into a menacing smile as he looked at Bai Yan and the others, who had become utterly dazed, like they had fallen into hell. "I am Lin Zuo, but I'm not just Lin Zuo! I am also the boss of Global Group!"

The Global Group? What?! His words dealt a nearly fatal blow to everyone at the place. They just felt as if they were about to lose their minds. In addition to being Lin Zuo, Lin Fan is also the hidden boss of Global Group, one of the top ten business corporations among the top 100 most prestigious business conglomerates in the world?

However, this was not the end of it.

Lin Fan curled his lips and continued to drop petrifying bombshells on the unsuspected crowd, which caused a great stir among them. "I am also the King of Blood Prison! Lin Zuo of China is me; the boss of Global Group is me, and the King of Blood Prison is... me as well!"

Thump! As soon as Lin Fan finished speaking, Xiao Youwei, who was overwhelmed with grief and despair, fell head down on the floor. With an expression of shock and terror still stuck on his face, he was no longer breathing, for he was literally scared to death!

Meanwhile, the minds of Lin Zekun and others went blank too. *Lin Zuo of China, the boss of Global Group and the King of Blood Prison are actually the same person?!*

This was definitely the biggest joke God had ever played upon them! Right at that moment, they were so shocked by the unexpected revelation that they could no longer respond to anything else around them; they wouldn't have had any reaction even if the world was destroyed at that moment as each and every one of them laughed in a silly manner, like all of them had gone insane.

“Haha! God wants to end my life! God wants to destroy the Lin Family!” Lin Zekun burst out laughing, but his laugh sounded more like a sorrowful wail.

Currently, Lin Zekun was crying and laughing at the same time. He seemed as though he had lost his mind, because he knew that he was completely doomed now! Besides, not just him, even the whole Lin Family was completely doomed too!

He never expected—not even in his dreams—that the useless wimp would grow up to become such a horrifying person within a short period of ten years.

Now, they were no match for the man in terms of power, strength and wealth. It was a matter of time before the Lin Family was destroyed. Just exactly what kind of monster had the Lin Family themselves created?

Not just him, but Bai Yan had frozen in shock as well when she heard Lin Fan's words. Now, her eyes were bulging out of astonishment; she couldn't believe her ears. *The wimp actually has three such terrifying identities?*

She now realized that she was very wrong about Lin Fan. Her worthless brother-in-law, whom she had always perceived as a useless wimp and insulted constantly, was actually a person with such a horrifying background. If she had known Lin Fan's true identity from the beginning, how would she have dared to insult Lin Fan over and over again?

"Haha!" At that thought, Bai Yan laughed hysterically too. She shook her head frantically. Her laugh sounded self-deprecating and ironic. *This is funny! This is so f*cking funny!*

The useless wimp, who the Bai Family looked down on, was actually Lin Zuo, the ultimate owner of all business conglomerates and the Dark Emperor! They must have been blind to not have noticed that indeed!

At that moment, Bai Yan couldn't help but think what would have happened if they didn't insult Lin Fan so badly in the first place. She thought perhaps even

the Lin Family in Beijing would have to bow down to the Bai Family too. As long as they became the man's loyal followers, even small potatoes like them could become powerful too.

But unfortunately, there were no ifs; the Bai Family had missed the opportunity completely, and now, she was doomed too! Real despair had descended upon them!

After realizing his nightmare had finally come true, a bitter look appeared on the King of the North's face. It turned out that what Dragon and Tiger said was true—even he couldn't afford to mess with such a powerful existence. *No man is wise at all times; the ever so clever Lin Family can be quite stupid sometimes too. How dare they mess with such a monster? They are digging their own graves!*

"We, the Lin Family, should have killed you back then!" Lin Zekun bellowed hysterically, his eyes filled with intense hatred.

Now, everything was over! Lin Fan had become stronger and more powerful now. The Lin Family couldn't do anything to harm him anymore.

Crack! However, as soon he finished, Lin Zekun's head was crushed into pieces under Lin Fan's foot within a split second! His brain had turned into a pile of gruesome flesh! He died tragically on the spot!

Upon seeing that, the God of Blood Prison and the others smiled maliciously; they looked really savage and bloodthirsty with the sinisters smile on their faces. Suddenly, they started yelling in a frenzy, as though someone had turned on a switch on them to activate their killing modes. "Kill!"

A group of martial art experts from the Blood Prison charged at the martial art experts of the Lin Family furiously and attacked them fiercely with a bloodthirsty smirk on their faces!

Blood splattered all over the place and

screams were heard continuously. Within a split second, the entire Rose Manor had turned into a bloody hellhole!

A look of despair crossed Wang Mingzhe's face. He kneeled down in front of Lin Fan immediately and cried loudly, "Don't kill me! I beg you! I can help you get rid of the Lin Family! I know a lot of dark secrets about the family!"

Wang Mingzhe relied on Lin Zekun to support him entirely. He would be doomed for good without Lin Zekun.

Crash! Lin Fan raised his leg and landed a heavy kick on Wang Mingzhe's chest. Blood gushed out of his mouth instantly as the kick sent him flying outward and crashing into Xiao Tingjun. The huge impact caused both of them to crash into the wall together and were crushed into piles of gruesome flesh! They died tragically!

On this night, Lin Fan was a lot more ruthless than he used to be! He was

very resolute and would not hesitate to take any life he wanted.

However, Wang Mingzhe and Xiao Tingjun were not the only people Lin Fan decided to kill on this night. In the next moment, he cast an icy glance on Bai Yan as the murderous aura around his body kept on expanding endlessly.

A bitter smile appeared across Bai Yan's face as she gazed at Lin Fan longingly. "I had a chance to become one of your followers initially, haven't I? The Bai Family had a chance of becoming wealthy and powerful in the first place too, right? Haha! My brother-in-law is actually the mighty Dark Emperor! This is really awesome!"

The woman had gone mad!

Lin Fan grabbed her by her throat with one of his hands and held her high up in the air.

Bai Yan's eyes were reddened with tears. Yet, she still gazed at Lin Fan

admiringly. *a useless wimpy son-in-law.*

“Lin Fan, I’m sorry. I was wrong.” She smiled happily as tears of happiness rolled down from her eyes continuously.

“I know.” Lin Fan nodded. He continued in a hoarse voice, “But, everything’s too late now!”

Crack! Then, Lin Fan straight away broke Bai Yan’s neck ruthlessly, which made her body go limp within a split second and her eyes lost its focus gradually.

The muscles of the three greatest martial artists and the King of the North tensed up immediately when they saw this. They stared at Lin Fan in extreme horror. They were afraid that they would be the next to croak.

The atmosphere became really tense at that moment, especially when they noticed that Lin Fan had turned around to look at them. Each and every one of them shuddered violently in fear, like they were about to wet their pants.

Their hearts raced rapidly at a horrendously fast speed.

“All of you should be glad that I didn’t hold a grudge against you!” Lin Fan continued calmly, “You guys better keep your mouth shut about what happened here today. If any outsider finds out about my identity, even if you manage to escape to the end of the world, I swear I’ll hunt you down and... make all of you die a tragic death!”

The King of the North and the other three people were struck dumb by Lin Fan’s threat. They then kneeled down in front of Lin Fan in a frantic manner.

“Don’t worry. We’ll keep this a secret no matter what!”

Cold sweat flowed down from their foreheads profusely. *It’s great that we managed to save ourselves from getting killed!*

Now, they felt that their legs had gone limp and they could barely kneel

properly. They had never thought that one day, the three well-respected greatest martial artists and the notorious King of the North, who had gained complete control of the North, would kneel down on the floor, like a bunch of lowly dogs. Before the man standing in front of them, they couldn't summon up even the slightest bit of courage to fight against him at all, for they had seen a real king at that moment!

"Blood Prison, listen to my order!" Lin Fan shouted furiously at that moment.

"Aye, Your Majesty!" The martial art experts, who killed all members of the Lin Family, kneeled down on the floor when they heard his call. They gazed at Lin Fan fervently while waiting for their King to give out his order eagerly.

The Blood Prison had been lying low for three years. And now, their King had finally returned to the underworld!

"From today onward, the Blood Prison

shall declare a war on the Lin Family!”

“Aye, Your Majesty!”

A series of frantic, excited and enthusiastic hails were heard echoing through the manor.

Meanwhile, Bai Yi and her family were waiting for Lin Fan outside the manor; they actually refused to leave. Noticing that Lin Fan hadn't come out from the manor, their worry for him grew with every minute that passed by.

“Dad, mom, both of you just leave first! I'll wait for Lin Fan here!” Bai Yi urged Bai Shan and his wife to leave the place as soon as possible. In case Lin Fan didn't manage to turn things around, at least two people would still survive. As for her, she had long since decided to stay with Lin Fan whether he was dead or alive.

However, Bai Shan knew exactly what Bai Yi planned to do when he heard her. He grimaced instantly and said crossly,

“What’s that supposed to mean? We’re family. How can we escape while leaving our family behind?”

“But—”

Bai Shan interrupted Bai Yi straight away with a grim look on his face. “No buts! We’ll wait for Fan here. If he comes out, we’ll leave! If he doesn’t, then we shall die together with him! You’re my daughter, but he’s my son too!”

It was really unexpected that her father, who had been a cowardly man for his entire life, would finally be so brave for once on this day.

Bai Yi smiled bitterly and sighed. She knew it was impossible to change her father’s mind no matter what she said now.

Creak! Suddenly, the huge door of the manor was being pushed open. Right at that moment, the three of them glanced in the direction of the door eagerly at the sa

Looks of excitement and nervousness dawned on Bai Yi and her family's faces when they turned their gazes to the approaching figure. They were afraid that the person was not the one they had been anticipating.

Upon seeing the familiar figure, Bai Yi and her parents wept tears of joy! Moreover, Bai Yi even lost her composure and dashed toward Lin Fan, then throwing herself into his arms. She could no longer hold back her tears!

Lin Fan was startled by her reaction and he said with a wry smile, "Bai Yi, I..."

"You don't need to explain anymore. Let's go home! Let's go home together!" Bai Yi kept shaking her head because she was not interested to know more. As long as Lin Fan was alive, she would not care about anything else.

Feeling a sense of warmth that welled within him, Lin Fan stroked Bai Yi's back and said smilingly, "Sure, let's go home!"

...

The whole China was stirred up half an hour after the Blood Prison had declared war on the Lin Family!

'The Blood Prison had declared war on the Lin Family!'

'Young Master Zekun of the Lin Family was killed!'

'The Dark Emperor had arrived at Jiang City!'

When the people in China had heard about these shocking headlines in succession, they were bewildered!

How did the Lin Family offend the Dark Emperor? What have they done that made this devil-like man arrive at Jiang City to kill one of their heirs? This is unbelievable!

"Oh God! Is this undying business empire going to collide with the Dark Dynasty?"

“This will be a tough duel! If nobody mediates this, the whole China will be affected!”

“The Lin Family’s stock price plummeted by tens of billions the moment this news was released. The Lin Family is already at a disadvantage before the fight!”

These news headlines stirred up the whole China! Meanwhile, everyone from the upper social class were fervently discussing this. They were curious to know how these two giants feuded with each other. Moreover, these nobles were confused because they initially heard that Lin Zuo and General Ni Huang had worked together to strike against the Dark Emperor! Logically speaking, nothing would go wrong, so how did Lin Zekun still die in the end? Could it be that the Dark Emperor had become so powerful that even two Greatest Commanders weren’t his match?

However, no one from the upper social

class believed that the Dark Emperor could defeat the Lin Family, for the Lin Family had been dominating Beijing's business industry for years now. Their background was unimaginably strong, and their influence had even spread across the whole of China. On the contrary, the Blood Prison was just established ten years ago, what did it have that would enable it to fight against China's greatest family?

"Just wait for it! The Lin Family hasn't shown their real capabilities yet. Does the Blood Prison really think that they're qualified to challenge the Lin Family just by killing Lin Zekun? It's ridiculous!"

"That's true! Does this bunch of idiots really think that they're invincible? The Blood Prison is just an insignificant gang on a tiny speck of land. Do they even have the nerve to barge right through the gates of our country?"

"Who cares about the Dark Emperor? Does he really think that China's Four Greatest Commanders are good for

nothing? I've heard that the majority of the senior members are discontent about the Dark Emperor trespassing Jiang City this time. If the Dark Emperor still doesn't learn his lesson, then China will become his grave!"

Everyone did not believe that Lin Fan could win against the Lin Family! Since Lin Zekun was able to command the three greatest martial artists of China and the King of the North by himself, it was not hard to imagine how terrifying the Lin Family's background and strength were! Most importantly, the Lin Family had settled down in China for years and long dominated the country's economy. If they really collapsed, China's economy would be doomed too! Hence, the Lin Family was not the Dark Emperor's only opponent; it was the whole nation that the Dark Emperor was at feud with!

However, Lin Fan was not perturbed at all after being bombarded by countless news and the Blood Prison's never-ending messages. At this moment, he

was packing up in his room with a bitter smile on his face.

He was not sure about this. Hence, he did not wish to implicate Bai Yi in this. Reluctance and nostalgia filled Lin Fan's eyes while he was looking around the place where he had been living for three years. However, rationality eventually gained the upper hand in his mind. After picking up his luggage, he planned to leave.

"Lin Fan, come downstairs to have some soup!" At this moment, Shen Yumei suddenly entered the room and saw Lin Fan preparing to leave with his luggage. At once, her expression changed drastically, and a bad feeling rose in her heart. This made her ask anxiously, "Lin Fan, where are you going?"

Lin Fan curled his lips into a bitter smile. *It seems like I can never escape from destiny.* Therefore, he put on a serious expression and looked at Shen Yumei coldly. "Auntie, I want to get a divorce with Bai Yi."

What?! Shen Yumei was immediately dumbfounded and could hardly believe her ears. Is my obedient son-in-law who has never defied anyone in the family over the last three years talking about getting a divorce with my daughter now?

Being in shock, Shen Yumei asked with a stunned expression, "Lin Fan, y-you're joking, right?" Deep down within her, Shen Yumei could clearly feel that Lin Fan was being serious after hearing him calling her 'auntie'. It was just that she was unwilling to believe it.

However, Lin Fan did not plan to explain further; he was about to leave while carrying his luggage.

"You cannot leave!" Shen Yumei grabbed Lin Fan's arm anxiously. Then, she shouted in a panic to the people downstairs, "Bai Shan, come upstairs now! Come quickly! Lin Fan is going to leave us!" She sounded like crying.

Upon seeing this, Lin Fan could not hide his surprise and then said helplessly, "Auntie, what're you doing now? Don't you always dislike me because I'm useless? Shouldn't you be pleased about the current situation?"

"Fan, please don't go! It was my fault for treating you badly previously. I shouldn't have behaved as such and I'm sorry! If you're angry with me, just hit me as you like. Please don't go, I'm begging you. This family can't live without you!" Shen Yumei said tearfully and kept shaking her head. Currently, she looked as though she was a mother who was reluctant to let his son be away from her.

After everything this family had been through, Lin Fan had long become an integral part of the family; she and Bai Shan also regarded him as their own son now. Hence, how could they bear to let him get a divorce with Bai Yi?

"Did Bai Yi upset you? Just let me know and I'll help you teach her a lesson!"

Once she's back from work, I'll give her a few hard slaps!"

Lin Fan sighed upon hearing this.

"Auntie, she has nothing to do with this. It's my own decision."

"Lin Fan, can you please don't call me auntie? I'm sad to hear this." Shen Yumei cried louder as she felt heartbroken after being called 'auntie'.

"W-What's going on?" At this moment, Bai Shan was also aghast after seeing this scene.

"Bai Shan, quickly, stop him! Lin Fan wants to get a divorce with Bai Yi! Hurry up and call that girl to come back. She must have done something to have angered Lin Fan!" Shen Yumei howled. She wouldn't loosen her grip on him no matter what.

What happened now stunned Lin Fan too. *Is she really my mother-in-law who looked down upon me?* At once, Lin Fan looked at Bai Shan with a bitter smile. "Uncle, please help me pull auntie away."

Uncle? Upon hearing this, Bai Shan's face darkened as well, then he walked over to Lin Fan in large strides. Just when Lin Fan thought that Bai Shan would help him pull Shen Yumei away, he saw Bai Shan sitting on the floor, then he hugged Lin Fan's legs firmly. "You can only leave over our dead bodies!"

Lin Fan was dumbfounded.

...

After a while, the trio was sitting by the living room's table; Bai Shan and Shen Yumei finally understood why Lin Fan wanted to leave.

"You b*stard!" Bai Shan shouted at Lin Fan as he suddenly pounded the table. "You're my son! I'll fight with my full strength if anyone dares to do anything against you! What are you being afraid of when we're not scared at all?"

Meanwhile, Shen Yumei also held Lin Fan's hands tightly and pleaded, "Fan, please don't go, okay? I know that you're being filial and you don't want to implicate us in this, but we're a family, so let's think of a plan together, okay?"

Lin Fan was greatly surprised. He had never thought that Shen Yumei and Bai Shan would be fearless of the Lin Family's revenge for the sake of him. They were indeed ready to risk everything for him. For a moment, an unprecedented sense of warmth welled within Lin Fan; even a cold-blooded devil like him suddenly felt an unexpected urge to cry too. Lin Fan did not have the heart to decline anymore, especially upon seeing their imploring eyes.

Just when Lin Fan was going to speak, his phone suddenly rang. Ye Shihao's anxious voice rang from the other side of the phone the moment the call was picked up. "My lord, something bad happened to Miss Bai Yi!"

Something bad happened?

Immediately, Lin Fan's pupils constricted in shock, and he asked furiously, "What exactly is it?"

Then, Ye Shihao started telling him everything. The more Ye Shihao talked, the more shocked Lin Fan felt, and his face gradually darkened too. "Fine! Great!"

At this moment, he looked as though he was an enraged beast as he emanated a murderous aura that was suffocating to the people around him, which sent shivers down the Bai Shan couple's spines. They held their tongues at once upon seeing this sight.

He's behaving like this again! Lin Fan looks terrifying whenever he loses his temper!

"I got it!" Lin Fan hung up the call with a solemn expression and then told the Bai Shan couple, "Dad, Mom! I'm going out now!"

“Fan, what happened?” the couple hurriedly asked. It was obvious that something serious had happened, or else Lin Fan would not look so terrifying.

As Lin Fan did not wish to let the elderly be worried, he just said smilingly, “Don’t worry. There’s nothing serious. I’ll be back soon!” As soon as he finished speaking, he left without looking back.

“Bai Shan, is it possible that Lin Fan is finding an excuse to leave us again?” Shen Yumei was jittery because she was still worried that Lin Fan would get a divorce with Bai Yi.

“Just relax. Fan will definitely come back as he has told us so.” Bai Shan comforted her, although he was also worried that Lin Fan would not return.

Half an hour later, Lin Fan arrived at the Yifan Hospital of Integrated Traditional Chinese and Western Medicine. He saw the sickly pale Bai Yi on the hospital bed upon entering the ward.

“H-Hubby!” Bai Yi could no longer suppress the grievance in her heart and began weeping the moment she caught sight of Lin Fan.

Feeling heartbroken, Lin Fan took her in his arms and consoled her. “I’ve already heard about everything.”

Just half an hour earlier, a news headline stirred up the whole Jiang City — ‘The New Bai Family Group had manufactured fake vaccines and caused deaths!’

Not only did the victims’ families start a riot at the New Bai Family Group, pictures were even taken by reporters. Currently, this news made it into the headlines of The Jiang City Times.

The most unacceptable part was Old Master Bai leading the Bai Family and Bai Yi’s secretary, Zhang Miao, to deliberately slander Bai Yi during his interview with the media. He said that the products Bai Yi had manufactured were fake and inferior.

The reason why he did this was to show everyone that he placed righteousness above blood ties. He even requested the relevant departments to severely punish Bai Yi the unscrupulous businesswoman.

Since Bai Yi's own family and secretary had stood up to criticize her, the public opinion went lopsided and Bai Yi soon became the unfortunate target. Every forum in Jiang City was full of insults and criticisms against her; some said that she was an unscrupulous profiteer who made her fortune out of the national crisis, while some said that she was a sl*t who fooled around. Some even suggested looking for her and beating her up. Hence, Bai Yi did not even dare to turn on her phone now for the fear of getting countless harassment calls.

"Hubby, what should I do? What should I do now? The National Medical Products Administration has sent me the ultimatum and I need to provide a valid reason within three days. Otherwise, the

New Bai Group will be closed down and legal actions will be brought against me too!" Bai Yi was now shivering out of fear. She was now utterly helpless in such a situation.

When she watched the interviews and found out that those who were the closest to her were actually the ones that had hurt her the most, she was in disbelief and eventually fainted out of anger. *They are trying to ruin my reputation!*

Lin Fan's face darkened upon seeing his wife's current state. It was out of his expectations that the Lin Family would take their revenge so soon; they directly aimed at Bai Yi to put her to death!

However, Lin Fan's woman was not someone who could be bullied as they wished.

"Don't worry, darling. I'll settle this." Lin Fan comforted her and there was a glint of ruthlessness in his eyes. "Since they're ruining your reputation, I'll make

them bring eternal infamy upon themselves!”

Nevertheless, Bai Yi did not take him seriously. *Lin Fan is just a house husband; what can he possibly do?*

Pulling herself together, she plastered a smile on her face. “It’s okay. I’ll settle things by myself. I met someone during my university studies and he’s a famous lawyer now. We can seek his assistance.” Just now, she had been so panicked that she even thought that Lin Fan would be able to help her.

Upon hearing this, Lin Fan could only smile bitterly as he knew that Bai Yi still did not trust him.

Later, Lin Fan accompanied Bai Yi to an office building. Being afraid of getting recognized by people, Bai Yi had fully covered herself up. She had never felt so humiliated in her life!

“Just wait for me here. I’ll come down soon!” Bai Yi told Lin Fan and then

walked into the building.

When she was out of sight, a cold and murderous look immediately dawned on Lin Fan's face as he called a number.

"The first match has just started. Do it well!"

"My lord, please don't worry. I've planned everything out! We'll let their efforts be in vain this time!"

Meanwhile, Bai Yi reached an office door. After taking a deep breath, she pushed open the door and walked inside. There was a gentleman wearing a pair of gold-rimmed spectacles sitting inside. His eyes lit up in excitement the moment when he saw Bai Yi. "Our campus belle's here!"

Then, he walked briskly toward her. Not being able to hide his improper thoughts, he was ogling Bai Yi on his way toward her. He already had indiscreet thoughts toward Bai Yi during their university years. Little did he expect that Bai Yi had become even

more charming after graduation; she looked positively glamorous now. He really itched to have his way with her.

Bai Yi said with a wry smile, "Song Yue, I've told you about everything through the phone. Do you have any idea on how to settle this?"

"Your case is... quite complicated." Song Yue immediately feigned to be in an awkward situation, although he was thinking about ways to get Bai Yi in bed with him. "It would have been great if you'd come for me earlier. Somebody sought my assistance in this court case an hour ago and I think you know them as well. They're the Wang Family of Beijing!"

Color drained from Bai Yi's face the moment she heard this. *Did the Wang Family beat me to this?*

Besides, she also understood that Song Yue and his legal team were well known in Jiang City because they had never lost a case in court. *If Song Yue really helps the Wang Family in this case, I'll be doomed!*

At once, Bai Yi begged with a tearful voice, "Song Yue, can you help me for the sake that we were once course mates? Can you please help me this time? I was being framed!"

"This is impossible!" Song Yue cut her short and then added seriously, "The Wang Family is an influential family in Beijing and has a great reputation in China! What can they gain by going hard against an insignificant person like you? You're just talking nonsense."

Bai Yi was dumbfounded. She had never expected that her former course mate would be willing to trust an outsider instead of her.

When Song Yue saw Bai Yi's distressed look, he knew that she had fallen into his trap. Hence, he feigned seriousness and said, "Of course, I can help you too. But I have a condition!"

"What is it?" Bai Yi was delighted at

once and looked at Song Yue expectantly. She clearly knew that Song Yue was her only life saver now.

However, Song Yue started laughing maliciously. "Bai Yi, you also know that I have feelings toward you during university. Although I'm married now, I've never forgotten you over the years. How about this? As long as you spend one night with me, I'll promise to help you in this case."

What?! Bai Yi looked at Song Yue in disbelief. She could not believe that her old course mate would actually take advantage of her misfortune now. Moreover, he even suggested having her share a bed with him. *What is he taking me for?*

"Y-You're shameless!" Bai Yi was trembling with anger, because she had come for him out of her trust for him. However, little did she know that Song Yue was just a total jerk in the end.

Hmm? Upon hearing her insult, Song Yue w

as also boiling with anger as he snapped, "Bai Yi, you'd better appreciate the opportunity that I've given to you! Currently, nobody in Jiang City would dare to help you in court except me! If you don't wish to get bankrupt and be thrown into jail, I would advise you to have a better attitude!" As he spoke, disdain flashed across his face. "At this moment, I'm the only one who can save you! How about you give my suggestion consideration again?"

However, right at that moment, a piercingly cold voice suddenly rang from the door. "No way!"

Hmm? Upon hearing this, the duo turned their gazes to the door and saw Lin Fan walking in.

“Lin Fan, why are you here? Didn’t I tell you to wait for me downstairs?”

Lin Fan? Disdain flashed across Song Yue’s face at once. “So, is this your useless husband? Bai Yi, you really have bad taste. Even my company’s janitor looks more energetic than him in his uniform!” *How did the campus belle fall in love with this man? How degrading this is!*

“Enough! Who do you think you are? You don’t have the right to criticize my husband!” Bai Yi gritted her teeth in anger. *I don’t mind his insults against me, but how can he have the nerve to insult Lin Fan? Does he even know what Lin Fan has done for the family and me? He knows nothing at all!*

“Lin Fan, let’s go!” Bai Yi was livid with rage and she was going to leave after grabbing Lin Fan’s hand.

“Hmph!” Upon seeing this, Song Yue snorted and declared, “Bai Yi, now that you have stepped across this threshold, I’ll send out a message and warn everyone in Jiangnan to not take over your case! Otherwise, they’ll become my enemies!”

What?! Getting exasperated, Bai Yi immediately turned around and stared at Song Yue. “Song Yue, you’re shameless!” *How can my old course mate force me to obey by using such despicable means?*

At this moment, Lin Fan could not hide his grin anymore as he said with a snort, “He’s right. We can’t leave now!”

His words stunned Bai Yi and Song Yue at once, making them look at him in disbelief. Then, Song Yue began roaring in laughter as he thought that Lin Fan was planning to save himself by sacrificing his wife.

“As the saying goes, a wise man adapts himself to circumstances. Bai Yi, your

husband is more understanding than you are!” Song Yue looked at Lin Fan with a smile. “You’re Lin Fan, right? I’m impressed with you! Now, please spend some time convincing Bai Yi, because it’s really nothing much for her to simply spend a night with me. What I want is only a night of pleasure. Once I have it, your issues will be smoothly solved too. Isn’t this a win-win situation?”

Despite Song Yue saying that he was impressed with Lin Fan, his gaze on Lin Fan was full of contempt. *How can he bring his wife out as his shield during such a critical time? Such a man is indeed useless and deserved to be cuckolded!*

Upon hearing his words, Lin Fan curled his lips into a cold smile. *Thud!* He smacked his fist on Song Yue’s disgusting face at the next second.

Song Yue ended up lying on his back on the floor at once, looking utterly surprised. He simply could not believe that Lin Fan would dare to hit him.

However, Lin Fan paid no attention to him. Instead, he simply said smilingly, "We can leave now."

His words made Song Yue boil with rage! "Aaaah!" he screamed. Covering his bleeding nose with his hands, he glared at Lin Fan fiercely. "How dare a coward like you hit me? You're doomed! I'll definitely throw you into jail! In the judiciary, no one would dare to offend me, because I'm the one who calls the shots! If your wife doesn't sleep with me today, I will not only throw you behind bars, but I can even let you be sentenced to death!"

This scene also made Bai Yi anxious because she knew that Song Yue was indeed capable of doing this. *Since Lin Fan has punched him, there's really no hope for Lin Fan now. A despicable man like Song Yue will absolutely not let Lin Fan off!*

However, Lin Fan raised his hand at this moment and took out a voice recorder.

“Unfortunately, everything is just your wishful thinking!”

What?! Bai Yi stood aghast upon seeing this; even Song Yue could not help but stiffen.

Lin Fan actually brought a voice recorder with him! Bai Yi was impressed by Lin Fan’s wit at this moment. *With this voice recording, Song Yue has no choice but to help us!*

However, before Bai Yi could even speak, Song Yue started howling in laughter. His laughter was full of sarcasm. “Lin Fan, your well-planned trick is what I would have used years ago! Let me tell you something. I’ve long installed frequency jammers in my office, so all voice and video recorders will be useless here!” As though he was looking at a contemptible fool, he glared at Lin Fan with disdain. “You are no match for me!”

Color immediately drained from Bai Yi’s delicate face. The spark of hope that

had just been ignited within her was being put out once again.?

“Not only have you sold fake medicines, but you’ve also caused mayhem. Just wait for me to file a lawsuit against you!” Song Yue said maliciously. He could already foresee Lin Fan wailing in despair at court.

However, Lin Fan was still unperturbed as he said smilingly, “I’ve already given you a chance. Since you’re not going to take it, then you can die with the Wang Family!”

What?! Upon hearing this, Song Yue could hardly believe his ears. Did he just say that he had given me a chance, and that I will die along with the Wang Family? This guy is mad! How can this fool still act superior in front of me when his death is imminent? What an idiot he is!

Song Yue glanced at Lin Fan mockingly and said with a sneer on his cunning face, “B*stard, let’s see who will be the

one to be dead in three days!”

Lin Fan couldn't be bothered to continue talking with him, so he just held Bai Yi's hand with a smile on his lips as he said, “Darling, let's go!”

After Bai Yi and Lin Fan had left, Song Yue called a number. His attitude was completely different from moments ago as he said in a flattering tone, “Elder Wang, that disgusting couple had just come looking for me as you predicted. Don't worry. I've spread a message across Jiangnan, and no one will help them in this lawsuit. Just wait for my good news!”

In fact, Song Yue had already colluded with the Wang Family for some time. This meant that Bai Yi would still be thrown into jail whether she decided to spend a night with him or not. His act was indescribably despicable and vicious.

Meanwhile, the distracted Bai Yi walked out of the building under Lin Fan's help,

her face ghastly pale. She knew that Song Yue was their last hope, so since Song Yue did not want to help them too, they would be hopeless. Thinking about this, the sense of hurt and guilt made tears flow down her cheeks before she could hold them back.

“Why are you crying suddenly?” Lin Fan asked as he was heartbroken upon seeing the tearful Bai Yi.

“H-Hubby, I’m sorry! I didn’t manage to guard the New Bai Family Group and the prescription that you’ve given to me. I’m really useless!” Bai Yi sobbed and looked pitifully helpless.

She felt that she had let Lin Fan down by not being able to guard that valuable prescription.

“Don’t make the conclusion so early!” Lin Fan, however, winked at her and smiled cunningly.

Hmm? Bai Yi was skeptical and looked at Lin Fan confusedly. At this moment, Song

Yue's voice suddenly rang in her ear. "In the judiciary, no one would dare to offend me because I'm the one who calls the shots!"

Being dumbfounded, Bai Yi looked at the voice recorder in Lin Fan's hands astonishedly. *Is this the voice recorder just now? Did it record everything they said?* "H-How is this possible? Song Yue just said that he'd installed frequency jammers in his office. How can you..." She could hardly believe her eyes. *How did Lin Fan do this?*

"This voice recorder is specially designed and won't be affected by any frequency jammers. Don't worry, Darling. He can't bring any harm to us." Lin Fan was smiling as he spoke.

As soon as he finished speaking, Bai Yi threw herself into Lin Fan's arms and wept. "Hubby, thank you!"

It's Lin Fan! Once again, Lin Fan is the one who helped me. Whenever I'm in despair, Lin Fan would always come to my

rescue. How can I survive without this man?

Lin Fan stroked Bai Yi's shoulders and there was a glint of ruthlessness in his eyes. "I've said that no one can bully my woman!"

After a while, Bai Yi wiped the tears off her face and asked Lin Fan, "What shall we do now?" Her reliance on Lin Fan had become all the more firm now.

"The Bai Family and your secretary are also the ones who framed you, right?" Lin Fan asked with a smile playing on his lips.

Upon hearing this, Bai Yi's face turned ashen and sadness inevitably filled her eyes as she nodded.

However, Lin Fan just snorted. "Then, let's give them their last chance!"

What?! His words made Bai Yi's expression change drastically and she looked at Lin Fan in disbelief. At this moment, she would be grateful enough if the Bai Family was willing to let her off, but did Lin Fan just say that he would give them their final chance? *Where did he get the nerve to be so arrogant?*

Moreover, her face darkened upon hearing Lin Fan talking about pursuing the matter at the Bai Residence. "Just forget it, Lin Fan. I don't wish to bring shame to myself!"

In her opinion, Lin Fan was just having a wild imagination. However, Lin Fan simply grabbed Bai Yi's wrist without further explanation and curled his lips into a malicious smile. "Their attitude toward this last chance will decide whether it's us humiliating ourselves, or them digging their own graves!"

Meanwhile, in the Bai Residence, every senior member gathered in the hall. They were all smiling gloatingly

because they knew that they would be able to take the Bai Family Pharmaceutical back soon, while Bai Yi and Lin Fan—the thorns in their side—would soon be put into jail; if they were unlucky, they might even end up getting death penalties. The Bai Family could finally take their revenge. Upon thinking about this, the whole Bai Family was wild with joy; they kept cheering and clinking their wine glasses.

However, an announcement suddenly rang from the outside. “Bai Yi, Lin Fan has asked to enter!”

What?! Everyone in the Bai Residence fell into silence, their expressions turned into one of menace. How dare Lin Fan and Bai Yi still show up after bringing us of the Bai Family into such a miserable state?

“This miserable couple must be here to seek the Bai Family’s forgiveness after realizing that they’ll be doomed!”

“Hahaha! They must have never thought

that they'll one day be such a miserable state. Let them come in! I can't wait to humiliate them!"

"Karma really exists. They need to pay the price for offending the Bai Family!"

At that moment, hatred filled everyone's eyes and they looked as though they wanted to eat Lin Fan and Bai Yi alive. The couple had been the cause for them to become the servants of someone else for the rest of their lives, thus they hated Bai Yi and Lin Fan to the core.

In the hall, scolds and insults could be heard everywhere; the voices were full of hatred.

"Old Master Bai, you mustn't let them off easily!"

Everyone turned their gazes to Old Master Bai upon hearing this.

Viciousness dawned on Old Master Bai's face and he said with a menacing

smile, "Let them off? I've lost count of the days that I've been waiting for this. So, how can I possibly let them off? Let them come in now! I want them to kneel down before me and beg me like dogs!" He could no longer wait to trample on Lin Fan and Bai Yi.

Soon, Lin Fan and Bai Yi entered the hall together. Their appearance made everyone boil with anger in an instant. As though they were looking at their enemies, everyone fixed their gazes on the couple.

Meanwhile, Old Master Bai looked at the couple from above with a sneer. "I've never thought that both of you would have the nerve to sell fake vaccines. Don't you even realize how unethical this is? I suppose both of you are going to jail pretty soon!"

What?! Upon hearing this, Bai Yi's face contorted with rage and she clenched her fists tightly. *Old Master Bai knows the truth better than anyone else!* Not to mention him framing her, he even feigned righteousness at this moment. He was truly shameless.

“Tell me. Why are you looking for me?” Old Master Bai asked contemptuously, then he laughed sinisterly. “If you’re here to beg me, you can kneel down now!”

At this moment, everyone cast amused and mocking glances at Lin Fan and Bai Yi.

However, Lin Fan just curled his lips into a sarcastic smile. “We’re here to offer the Bai Family a way out!”

What?! Being astounded, everyone from the Bai Family was doubting their ears as they looked at Lin Fan in disbelief. *How dared this guy say that he’s here to offer the Bai Family a way out? Astonishment immediately flashed across every Bai Family member’s faces. Where did the Lin Fan couple get the nerve to speak so arrogantly to the Bai Family when they’ll be shot dead soon? Have they lost their minds?*

Meanwhile, Bai Yi could not help but turn scarlet too. She felt utterly embarrassed.

Old Master Bai only came back to his senses after a while as he stared at Lin Fan in hatred. His eyes were blazing with anger when he said, "B*stard, how dare you threaten us? Do you think that you can do anything you wish because your wife is the leader of Jiangnan? The person whom you killed this time was the Young Master Zekun of the Lin Family. Both of you are doomed this time!"

He's merely a person on a death sentence. How dare he threaten us? In the past, we would have probably listened to his words, but now Lin Fan is still trying to put on an act? What an idiot!

However, Lin Fan just shook his head while laughing mockingly. Then, he said coldly, "Old man, I don't want to talk nonsense with you. I'll let the Bai Family off if you prove Bai Yi's innocence.

Otherwise, the Bai Family will end up in a state that is ten times more miserable than now!”

What?! Not only was Old Master Bai startled by Lin Fan’s words, but the Bai Family members around were also dumbfounded. Let the Bai Family end up in a state that is ten times more miserable than now? What a joke this is! You’re nothing without Bai Yi. Now that Bai Yi had lost her status, how dare you still assume her previous authority as your own?

At once, contempt dawned on the Bai Family members’ faces and they began roaring in laughter as though they had heard a great joke.

“Hahaha, does this guy have problems with his brain? How dare he threaten the Bai Family when he’s going to be killed soon?”

“How dare you still put on airs? Both of you are mere dogs in the Bai Family’s perspective now! You can only live or

die according to the Bai Family's wishes!"

"B*stard, the Bai Family will never make a clarification to the public. Not only this, but we're also going to bring more shame to your wife. I'm interested to see how you are going to react!"

Scorns and mockeries rang through the hall. Every Bai Family member had a disdainful smile on their faces as they looked at Lin Fan as though he was an idiot.

Even Old Master Bai snorted contemptuously as he said, "Lin Fan, don't act anymore! You wouldn't be here if you haven't run out of ways. It seems like you've got no other choices now. How about this? We'll give you leeway and help you beg for forgiveness once you're willing to hand over the vaccine's patent and the New Bai Family Group!"

Other Bai Family members were startled upon hearing this. Then, they curled their lips into vicious smiles as they

looked at Lin Fan mockingly. They knew that it was impossible for Old Master Bai to help the Lin Fan couple. He was only taking this opportunity to swindle Bai Yi out of her assets. When he got what he wanted, he would drive the Bai Yi couple away without hesitation!

However, Lin Fan just sneered after hearing this and told Old Master Bai enigmatically, "The Bai Family really doesn't learn its lesson!"

Lin Fan was utterly disappointed with the Bai Family now. They have lost their final chance.

Nevertheless, the entire Bai Family scoffed at his warning; none of them took his words seriously.

Meanwhile, Old Master Bai could no longer hide the hatred on his face after seeing Lin Fan being ungrateful.

"B*stard, since you don't appreciate our kindness, then don't blame us for being merciless to you!"

With that, a sinister look flashed across Old Master Bai's face and he stared at Lin Fan maliciously. "In order to ensure both of you will meet a tragic end, the Bai Family has prepared a great weapon!"

A great weapon? Anxiety crept over Bai Yi's face at once. Lin Fan also furrowed his brows without realizing it.

At this moment, Old Master Bai shouted while laughing menacingly, "You can come out now!"

Tap, tap, tap. The sounds of footsteps rang as soon as he finished speaking. Then, Lin Fan and Bai Yi saw a man walking out slowly from Old Master Bai's back. His eyes were full of hatred and his smile was piercingly cold, all the while emanating a vicious aura that resembled a poisonous snake. At this moment, he fixed his stare at the Lin Fan couple as though he had a blood feud with them.

"Long time no see, you miserable couple!"

At once, Bai Yi's face turned pale. "Bai Yifan!" *Why is he back again after being driven out of China?* A bad feeling suddenly rose in her heart. She was afraid that Bai Yifan held the same purpose with Bai Yan during his return this time; he was probably here to seek revenge from them. This time, would he be like Bai Yan, bringing her family a terrifying calamity?

Hmm? With a frown, Lin Fan was also quite surprised at Bai Yifan's return. Howev

er, he began laughing coldly soon. “All of you are ungrateful despite being spared your lives. I should have ignored your pleas and just killed you last time.”

Bai Yifan went wildly mad upon hearing this and he could no longer suppress the hatred in his heart. “That’s right, Lin Fan! You shouldn’t have let us leave alive! It’s too late for you to regret now! I’m back today to tear both of you into pieces! I’m going to take revenge for the humiliation you’ve brought to me back then!”

As soon as he finished speaking, Bai Yifan’s expression became more menacing than before as he thought of something. “Let me tell you this—I’ve contacted Elder Yao’s disciple and he’ll arrive at Jiang City three days later. By that time, he’ll point out that your vaccines are fake! You all are doomed! Hahaha!”

Upon hearing his words, everyone in the whole hall went silent as bewilderment flashed across their face. *E-Elder Yao? Did we hear it wrong? That man is China’s medical saint and is widely known in the country’s medical field*

d!

Elder Yao had been a doctor for 40 years. He had solved countless medical difficulties and developed more than a hundred cures; he was even awarded the Lifetime Achievement Award of China's medical field.

Meanwhile, all his disciples were also remarkable doctors, presidents of famous medical schools, and reputable people in medical departments.

Elder Yao was the authority of China's medical field, so if his disciple pointed out in public that the New Bai Family Group's vaccines were fake, Bai Yi's business would never have the chance to revive.

"Hahaha! That's great! Yifan, you're an ace to the Bai Family! This despicable couple is doomed this time! In three days, Lin Fan and Bai Yi will lose their reputation! Great! This is wonderful! This is the outcome of offending the Bai Family!" Every Bai Family member clapped and cheered. With deep hatred

in their eyes, they were also laughing gloatingly, as though they had foreseen Lin Fan and Bai Yi's pathetic end once Elder Yao's disciple made the statement.

On the other hand, Bai Yi's face turned ghastly pale at once. *H-How can this be? Bai Yifan had actually contacted Elder Yao's disciple and even planned to slander us. Nothing can save us this time.* Deep despair welled within her heart at this moment, making her feel extremely terrified.

"Lose our reputation?" Lin Fan shook his head while smiling. Then, his gaze turned piercingly cold when he glared at Bai Yifan and the others. "As you wish! During the New Bai Family Group's press conference three days later, either the Bai Family Group or the New Bai Family Group will be closed; only one of us can survive in the end!"

Upon hearing this, all Bai Family members' faces darkened. *How dare he still threaten us? This b*stard indeed deserves to die!*

However, Lin Fan just helped Bai Yi up and walked out of the Bai Residence; he couldn't be bothered with the Bai Family anymore.

For some unfathomable reason, Old Master Bai suddenly felt uneasy. His face darkened as he asked, "Yifan, are you sure that nothing will go wrong this time?" It seemed like Lin Fan was able to give them a massive blow whenever they were certain that they would win. Everytime they decided to take Lin Fan's warning as a joke, they always ended up in a miserable state, so he was afraid that the Bai Family would be led to a disaster again this time.

Nevertheless, Bai Yifan, who was standing aside, was scornful as he said confidently, "Don't worry, Grandpa. I've planned everything out. Once Elder Yao's disciple is here, I can ensure that Lin Fan and Bai Yi will meet a miserable end!"

Meanwhile, Lin Fan received Ye Shihao's call the moment he took Bai Yi home. "My lord, we've found out the truth. The Lin Family is the mastermind, whereas the Wang Family is responsible for the execution. Once the Queen's infamy about selling fake vaccines is verified, the Lin Family will throw her behind bars at all costs!"

Lin Fan had a gloomy expression after hearing his words. "Got it." *By that time, military force will be the only solution.*

Just when Lin Fan was going to end the call, Ye Shihao suddenly added, "Oh right, my lord. Long Jiu was removed from his post due to his offense toward you. This brought him a huge blow and caused him cerebral hemorrhage. Currently, he's in a coma and the doctor said that he might not make it through this week. Hence, his family contacted me and hoped that I could recommend them to Divine Doctor Lin. What do you think...?"

Long Jiu? Lin Fan was obviously surprised

and looked as though something had popped into his mind.

“Just tell them to come to the New Bai Family Group’s press conference three days later. I’ll treat Long Jiu’s illness there by that time.”

After ending the call, Bai Yi looked at Lin Fan in shock. “Hubby, what nonsense were you talking about? How can you treat patients when you have no medical knowledge at all?”

Her words made Lin Fan grin as he replied, “Although I have no medical skills, I know someone who has. Besides, that person can help the New Bai Family Group get through the current hurdle.”

Bai Yi was astonished upon hearing this. *Is that person able to help the New Bai Family Group get through the hurdle this time? Who would have such great capabilities?*

Their current difficulties could not be

solved by military force; even the King of Blood Prison would be unable to help them. *Someone who can help them? T-This is unbelievable!*

At once, Bai Yi asked anxiously, "Who's the person you're talking about?"

However, Lin Fan did not explain further. He simply kept her in suspense by saying, "Be patient, darling. You'll know by then." *By that time, everyone will know that my woman is not to be messed with!*

Three days had passed in the blink of an eye. Eventually, Bai Yi still held a press conference under Lin Fan's constant encouragement. With a nervous heart, she arrived at the venue for the press conference.

However, she noticed a familiar figure on her way there, which made her face darken at once. After walking briskly toward that person, she grabbed her collar angrily. "Zhang Miaokeye, how can you betray me? I've been treating you well enough!"

As she said that, Bai Yi had already shed tears out of fury. This was because she had never expected that Zhang Miaoke would betray her and even wanted to put her to death. *I've always been treating Zhang Miaoke like my younger sister. It's impossible for her to not feel this.*

Upon hearing this, Lin Fan, who was beside her, furrowed his brows. *So, this woman is Bai Yi's secretary.* Lin Fan had heard Bai Yi talking about Zhang Miaoke before. Being born into a poor family, Zhang Miaoke could not afford to attend university at that time. She had begged for Bai Yi's sponsorship after having met her by chance. Throughout all these years, Bai Yi had almost regarded her as her true younger sister by paying her tuition fees, giving her pocket money, even buying her clothes and bags.

Nonetheless, this woman had betrayed Bai Yi after becoming her secretary for less than three months.

Zhang Miaoke was caught by surprise at first, but she put on a disdainful expression after realizing that the person was Bai Yi. “I was still curious about who it is. It’s you, Chairman Bai! What is the betrayal that you’ve mentioned? I don’t understand you. The only thing I know is that you’ve been an unethical merchant by selling fake medicine. Being your secretary, I can’t endure this anymore, so I can only choose to expose your crimes to prevent more people from becoming your victims!”

Bai Yi stood aghast and looked dumbfounded. She had never thought that a person could be so confident when talking against her conscience. *She’s far more than shameless; she’s simply cold-blooded!*

She never thought that Zhang Miaoke would betray her and yet feel no remorse about it, with that justified look on her face.

She treated her as a younger sister, but Zhang Miaoke never thought of her as an older sister.

At that thought, bitterness rose on Bai Yi's face. Her slender frame began to tremble.

Lin Fan hurriedly supported Bai Yi's swaying figure, his face instantly darkening. He fixed a cold stare on Zhang Miaoke. "How much did the Wang Family pay you?"

Zhang Miaoke's expression took a drastic shift. She had indeed gotten a hundred million from the Wang Family. That was why she decided to betray Bai Yi, but how did Lin Fan know?

However, Zhang Miaoke immediately chuckled coldly as she leveled a disdainful gaze at Lin Fan. "What

nonsense are you talking about? I don't know any Wangs at all! And I've never taken their money either!"

So what if Lin Fan knew? As long as he didn't have proof, he wouldn't be able to implicate her! As long as she insisted that Bai Yi was selling fake medication, then she would soon be able to swan off with the one hundred million that the Wang Family had given her.

At that, Lin Fan shook his head, having completely lost his patience. "Since you are young and unaware of the world, I will give you one more chance. So long as you return Bai Yi's name to her, I will guarantee that I will pay you double, however much the Wang Family paid you!"

That was the very last chance that Lin Fan gave Zhang Miaoke.

However, upon hearing those words, a disgruntled expression made its way onto Zhang Miaoke's face. "How much money can a worthless lump like you

have? Are you trying to pull my leg? You two don't have to waste any effort anymore; you are going to be sentenced for selling fake medication. Just wait for your time in a prison cell!"

At that, Lin Fan sighed. "Bai Yi helped to pay for your studies, and this is how you repay her? Fine then. Since you don't know how to appreciate her kindness, then likewise, you will have to pay back our losses... a hundred times over!"

Just then, Song Yue came walking over toward Zhang Miaoke with a grin on his face. "Lin Fan, am I right in thinking that you are threatening my client? Miss Zhang, is he threatening you?"

Seeing Song Yue's arrival, the expression on Zhang Miaoke's face grew even more smug. She said with a hostile tone, "Exactly, Mr. Song. Once the press conference today is over, I will sue him!"

At those words, Song Yue laughed uproariously. "Alright. Miss Zhang, rest

assured that I will make them rot in prison!”

The two of them had extremely smug expressions, as though Lin Fan was a fish on a chopping board, ready for them to gut as they please.

However, Lin Fan's expression was still as nonchalant as before. He smiled and said, “What are you waiting for then? Let the show begin!”

With that, he pushed open the door to the venue and strode in, pulling Bai Yi with him. Upon seeing this, Zhang Miaohe and Song Yue stiffened, but then they chuckled coldly. Was this worthless trash that eager to walk to his death?

“Miss Bai is here!”

All of the reporters there immediately aimed their cameras at Bai Yi.

“Miss Bai, what do you have to say regarding the news of the New Bai

Family Group producing fake medication and causing deaths?”

“Miss Bai, even your relatives and secretary have come out to accuse you. What are your views on this?”

“Is the New Bai Family Group exactly as people said, causing a national crisis by producing fake medication?”

Bai Yi felt her body turn cold upon hearing those invasive questions. She then said furiously, “This is all malicious slander! There is nothing wrong with the vaccines produced by the New Bai Family Group!”

Just as the last of Bai Yi's words reached their ears, however, the members of the Bai Family came forward, eager to bring Bai Yi down.

“Bai Yi, I had no idea that you still refuse to repent even though things have come to a head. I am disappointed in you!”

The impact of those words were far too

shocking, making all the reporters look toward the source of the voice at once, only to realize that the one who said them was Old Master Bai.

Upon seeing Old Master Bai, Bai Yi suddenly had a sense of foreboding.

She knew that the Bai Family was about to wreck things again.

Just as expected, Old Master Bai put on an enraged expression as he rebuked her, "Bai Yi, you used illegal means to steal away the medication and vaccine formulations that belong to the Bai Family Group. I thought that you would use them to bring in a better society, but to my surprise, you manufactured fakes! You are devoid of any goodness. The Bai Family and I are embarrassed to have a granddaughter such as you!"

The entire crowd was sent into a furor the moment those words were said. Everyone couldn't believe their ears. *Bai Yi had actually snatched the vaccine formulation away from the Bai Family? And she even stole the Bai Family's business? Wasn't this crossing the line?*

Immediately, everyone's gazes settled on Old Master Bai. All the following questions were aimed at him then.

“Old Master Bai, are you saying that the New Bai Family Group of today is actually stolen from the Bai Family Group through their chairman?”

At that, a hint of malice rose within Old Master Bai's eyes. He then nodded lightly.

The entire crowd erupted upon seeing Old Master Bai's confirmation.

It was true! It really was true! It was already bad enough that Bai Yi had manufactured counterfeit medication and harmed the common people, but to think that she would not even spare her own grandfather? She's far too heartless!

Right at that moment, the gazes on Bai Yi changed completely. They were now filled with contempt and loathing. To the

crowd, Bai Yi was practically a beast, someone not worthy of being called a human.

Bai Yifan smiled then, his smile harboring no good intentions at all as he plunged the knife in deeper.

“Normally, a family’s dirty laundry should not be aired. We were reluctant to reveal this to the public. If she had used the vaccines to benefit society, the Bai Family would have been willing to take this little bit of humiliation.

However, she manufactured counterfeits, causing harm to people. We, the Bai Family, cannot accept this!”

His words instantly painted the Bai Family as the victims and Bai Yi as the villain who was even lower than a common dog.

“How shameless!”

Immediately, shouts and yells rang out through the venue. Loathing and disdain was in all of the reporters’ eyes as they glared at Bai Yi in fury. To them right

crowd, Bai Yi was practically a beast, someone not worthy of being called a human.

Bai Yifan smiled then, his smile harboring no good intentions at all as he plunged the knife in deeper.

“Normally, a family’s dirty laundry should not be aired. We were reluctant to reveal this to the public. If she had used the vaccines to benefit society, the Bai Family would have been willing to take this little bit of humiliation.

However, she manufactured counterfeits, causing harm to people. We, the Bai Family, cannot accept this!”

His words instantly painted the Bai Family as the victims and Bai Yi as the villain who was even lower than a common dog.

“How shameless!”

Immediately, shouts and yells rang out through the venue. Loathing and disdain was in all of the reporters’ eyes as they glared at Bai Yi in fury. To them right

now, Bai Yi was a wretched person who was as poisonous as a scorpion.

At that, Zhang Miaohe and Song Yue laughed, reveling in Bai Yi's downfall. To them, Lin Fan was completely done for. He was going to spend the rest of his life in his prison.

"No, it's not like that! Bai Family Pharmaceuticals was given to me by them, while my husband was the one who gave me the vaccine formulation!" Bai Yi broke out weeping as she frantically defended herself.

However, Bai Yifan had already prepared his own attack the moment she said that. "Ladies and gentlemen! Her husband is a live-in son-in-law who relies on his wife to financially support him! How could he possibly have come up with such a valuable formula? She is practically speaking nonsense!"

At those words, all of the reporters chuckled coldly. Did Bai Yi still intend on tricking them? In Jiang City, who hadn't

heard of the Bai Family's useless lump of a son-in-law? Could such a worthless thing even come up with a vaccine for the new strain of pneumonia? What a hilarious thought!

"I don't even need to say anything else. Let's call the police!"

"This poisonous woman won't even let her own family go. Whatever she says will just be to defend herself. She must be severely punished!"

"Yes! Death by shooting! Bring justice for the victims!"

Everyone's emotions were running high.

At that, Bai Yi's face turned ashen gray. She felt a chill sweeping through her heart.

Instantly, she lost all hope.

"I'm not defending myself... I really am not lying!" She collapsed to the ground weakly, and began to sob helplessly.

Seeing Bai Yi like this, Bai Yifan was beside himself with delight. He immediately said, "Still refuse to admit it? Then I shall let you understand the gravity of the situation! My dear ladies and gentlemen, the Bai Family have specially invited an expert to evaluate the situation in order to prove the heart of this matter. Now, let us welcome Miss Li Xunran to the floor!"

What?

All of the reporters were immediately gobsmacked upon hearing this name, which had made its appearance in many major newspapers. They were all lost, unable to believe their ears.

Isn't Li Xunran Elder Yao's disciple? And his best disciple at that?

Immediately after that, a slender figure stepped out of the crowd. Her face was bare of makeup, and she was styled in a natural manner, but it still wasn't enough to hide her beauty and elegance. The appearance of such a

great beauty had brought upon another round of discussion among the crowd.

“It really is Li Xunran!”

Rate the Translation to Get 2 Pearls.

Wait! I Have Something to Say!

Send a Gift to the Writer!

Li Xunran slowly made her way over, indifferent. An unapproachable chilliness radiated from her. It was like she was a beautiful ice queen.

Immediately, everyone shot looks of respect at Li Xunran while calling out for her. Li Xunran had been studying medicine under Elder Yao since she was young. By the age of twelve, she could heal and treat a myriad of complex ailments all by herself, and by eighteen years old, she became a hospital director. She was the youngest famed doctor in China's medical world, and was even more excellent and accomplished than Elder Yao in his youth.

"Miss Li, is the formulation for the New Bai Family Group's vaccine a fake?" Everyone pressed her.

At that, Li Xunran nodded. "The formulation is indeed a sham. I have followed the formula no less than thirty times in order to produce the vaccine, but not once have I succeeded!"

What? The crowd instantly went into a furor. Immediately, rage rose on everyone's faces. Even Li Xunran was unable to produce a vaccine despite having followed the formula at least thirty times. How could the vaccine not be a fake? Thus, it could be easily seen that Bai Yi was the liar here.

"Bai Yi, what else do you have to say for yourself?" Old Master Bai asked coldly as he leveled a stare at Bai Yi as if he was looking at a dead person. "Don't tell me you intend to accuse Miss Li Xunran of framing you?"

At those words, a pained expression made its way onto Bai Yi's face. The words of Elder Yao's disciple held the same weight as if it came from Elder Yao himself. If she said that it was a fake, then it had to be fake. The public would believe whatever they chose to believe. She was completely finished.

"Looks like this is a confirmation. Call the police!" At this scene, the smiles on Bai Yifan, Zhang Miaohe, and Song

Yue's faces widened even more. They felt like they had already won.

Just then, however, a voice filled with condescension cut its way through the crowd, making the smug grins on Bai Yifan and the others' faces freeze in place. "If you're unable to produce the vaccine, it may not be because of the formulation. Perhaps your own skills are lacking!"

At those words, the venue went dead silent, as if all sound had been completely cut off. Gazes of shock and disbelief immediately swiveled over to the source of the words, only to find out that it was Lin Fan who said them.

Immediately, Li Xunran's expression turned ugly, a hint of rage swelling in her eyes.

"Lin Fan, how dare you slander Miss Li Xunran!" Bai Yifan angrily rebuked him. Internally, however, Bai Yifan was coldly chuckling. Even when he was on death's door, Lin Fan was still stubborn. Did he

think that he would be able to turn the tables like this? What a laughable notion!

“Miss Li is Elder Yao’s greatest disciple, and you dare to question her skills? Who do you think you are?”

“Yeah, I’m just worried that a live-in house husband like you won’t even know who Miss Li Xunran is. How dare you say such nonsense!”

“Those words are born from panic, right? This wretched pair have started to become so unreasonable ever since they have been exposed!”

Bai Yifan was not the only one. The crowd’s gazes on Lin Fan were filled with ridicule and contempt. They had immediately assumed that Lin Fan was just in denial. After all, Li Xunran was Elder Yao’s most accomplished prodigy of a disciple. She wasn’t just called a genius of a doctor; even Elder Yao had said himself that she had surpassed him. And yet, Lin Fan had the gall to say

that her skills were lacking? What a joke!

Even Li Xunran scoffed coldly just then and said angrily, "Not only did you produce counterfeit vaccines, you still refuse to repent even until the very end by slandering my name. The New Bai Family Group truly has no goodness in them! As retaliation for your slander, I shall rally the entire medical world and sue the New Bai Family Group. I shall completely annihilate scum like you who sully this line of work!"

Those words immediately caused a huge uproar. Everyone knew that Li Xunran indeed had the power to do that. She certainly could order the entire medical industry to go against the New Bai Family Group. Old Master Bai and the others were nearly delirious from joy. Lin Fan was such an idiot for bringing about his own doom with his mouth. Now, Li Xunran was about to teach them a lesson; not even god could save both husband and wife now.

However, right then, Lin Fan shrugged flippantly. His next words rattled the entire crowd. "I'm not the one who said that. It was Divine Doctor Lin!"

D-Divine Doctor Lin? At those words, everyone felt as if their heads were about to split. Beads of cold sweat began to drip endlessly from their brows. Divine Doctor Lin? How could Divine Doctor Lin be involved in this matter?

As a citizen of China, no one could possibly be ignorant of the folk hero who was called the future of Chinese medicine, the one who stemmed the spread of Western medicine and reinvigorated the field of Chinese medicine a while back. He was beyond excellent in the field, and he made waves across the country, becoming a household name. All the practitioners of Chinese medicine revered him.

Right then, all of the reporters lost their voice. They didn't dare to speak up anymore. Divine Doctor Lin was a deity

in the field of Chinese medicine. Offending him would be equivalent to offending the entire world of Chinese medicine. In fact, other than the Chinese medicine practitioners, many young people viewed him as their idol. Even with a conservative estimate, he still should have tens of millions of fans.

Even Li Xunran's expression couldn't help but fall, because her own master Elder Yao had also said before that he was nothing in comparison to Divine Doctor Lin. The future of China's medicinal field still relied on Divine Doctor Lin.

Upon hearing those words, a sense of dread welled up within Bai Yifan and the others. *Is Divine Doctor Lin about to also stand up for Bai Yi? That is impossible!* Bai Yi was currently a pariah and shunned by people. How could there be someone willing to defend her of their own accord? Lin Fan had to be lying!

Immediately, Bai Yifan cried out with a

stormy expression, “Lin Fan, how dare you falsely use Divine Doctor Lin’s name for your words? He and Miss Li do not know each other. How would he know that Miss Li’s skills are not up to par?”

Instantly, everyone shot skeptical looks at Lin Fan. Clearly, they thought it improbable too. However, Lin Fan didn’t care about everyone’s doubts toward him. He smiled blandly and said, “If it were you and someone questioned whether the formula you created yourself is a fake, wouldn’t you think that her skills are lacking?”

Everyone felt as if the sky had collapsed. Every one of Lin Fan’s words was like a rumble of thunder, reverberating and crackling inside the crowd’s minds. Instantly, everyone began to shiver madly as though they had caught a chill. The gazes on Lin Fan were filled with shock. It was evident no one dared to believe their ears.

“Are you saying that Divine Doctor Lin was the one who gave you the formula

for the pneumonia vaccine?" The reporters stared at Lin Fan in panic, rattled to no end.

Lin Fan's lips quirked, and he nodded. "Exactly!"

The venue was deathly silent. Astonishment rose on the reporters' faces. If this was Divine Doctor Lin's formula, how could it be fake then?

Immediately, the reporters looked at their notes and began to frantically tear them to pieces. They couldn't just write whatever; they absolutely couldn't, because with just one slip-up, they would bring utter catastrophe to their news outlets.

Bai Yifan was nearly foaming at the mouth. He hadn't expected Lin Fan to stir the pot again and confound the reporters here. He immediately roared, "Impossible! You said that you came across that formula by chance, so how could Divine Doctor Lin have given it to you?"

Upon hearing those words, everyone looked at Bai Yifan with looks of astonishment. What had they just heard? Did Lin Fan come across the formula by chance?

Lin Fan chuckled coldly then. "Didn't the Bai Family say that the formula belongs to them? Why are you now saying that I came across it by chance?"

Instantly, Bai Yifan's face paled as he started violently. He had said the wrong thing. *Darn it! I have chosen the wrong words due to my anger!*

"You fool! You idiot!" Old Master Bai immediately sent a violent slap across Bai Yifan's face. That was true anger. *Doesn't that mean that the Bai Family is lying? What a moron!*

All of the reporters instantly seethed. They understood everything now; the Bai Family had thought of them as monkeys and were playing them. They wanted to borrow the reporters' pens to kill off the New Bai Family Group. Even

Zhang Miaoke and Song Yue were gritting their teeth. The Wang Family shouldn't have chosen to work together with the Bai Family. This entire family had no brains.

“Ladies and gentlemen, I would say that it's still hard to say who is lying, isn't it?” Lin Fan smiled vaguely. “However, one thing is for sure—if the formulation is a fake, then Divine Doctor Lin is just a quack doctor! What do you all think?”

Immediately, the reporters collapsed to the ground one by one, looking fearful as though their parents had died.

What do we think? 'What do we think' my foot! Do you think that we would dare to think anything else right now? That was Divine Doctor Lin; even Beijing's official newspapers were openly singing his parents. How could they dare to just report anything? If they were to say that Divine Doctor Lin was a quack doctor, then wouldn't that be a slap in China's face? Lin Fan's question was meant to make them walk to their deaths!

Chapter 582 Allow Divine Doctor Lin to Explain

Instantly, the place fell deathly silent. It was like everyone's throats had closed up; no one dared to speak. Even Bai Yi was astounded then. She looked at Lin Fan in disbelief. She had never thought that her husband would be this smart. With just a few sentences, he was able to expose the Bai Family's schemes and clear up the situation. Was he still Lin Fan?

Seeing how he had lost control of the situation, Old Master Bai knew that he had to make a stand. He immediately scoffed, "Is what you are saying true? What proof do you have that Divine Doctor Lin was the one who gave you the formula?"

Bai Yifan snapped back to his senses as well and hastily said, "Yes, that's right. Words are cheap; bring out the proof!"

The reporters once again eyed Lin Fan. Mere words could not help to prove the New Bai Family Group's innocence; Lin Fan would have to show some proof.

Chapter 582 Allow Divine Doctor Lin to Explain

Otherwise, they would still be unable to escape the accusation of manufacturing counterfeit medicine.

Bai Yi also looked at Lin Fan nervously. She too was hoping that Lin Fan would be able to show the proof.

Unfortunately, Lin Fan simply shook his head. "I'm sorry, but I have no proof!"

What? Instantly, everyone's faces darkened. No proof? Then doesn't that mean that his words were just hot air?

Right then, Bai Yifan laughed madly. "Hahaha... I knew that garbage like you won't have proof. Lin Fan, I have to say that I thoroughly commend your acting skills! Flapping your lips in order to escape your crimes... Do you think that you're Divine Doctor Lin himself? Oh, right, you said that Divine Doctor Lin was the one who gave you the formula. Then, why don't you get him to come out and explain to everyone then?"

Bai Yifan couldn't stop his laughter. In his eyes, Lin Fan was a huge joke. He

Chapter 582 Allow Divine Doctor Lin to Explain

wasn't the only one. The rest of the crowd also showed expressions of ridicule as they looked at Lin Fan as if they were looking at an idiot.

"I think that Divine Doctor Lin wasn't the one who said that. You're the one who said it instead, no?"

"Don't think that you can just pile everything onto Divine Doctor Lin because he once worked with the New Bai Family Group! Do you think that some lowly little company like you can take advantage of his status? Stop dreaming!"

"How dare you use Divine Doctor Lin's name to explain yourselves! How shameless of you! Look at you two; don't you two simply know how to wriggle your way out of trouble?"

Instantly, the crowd's jeers and mockery crashed over Lin Fan and Bai Yi like a flood. Bai Yi's face was pale as she smiled bitterly. As expected, Lin Fan had no proof. She had already guessed that.

Chapter 582 Allow Divine Doctor Lin to Explain

However, the corners of Lin Fan's lips curved up into an amused smile.

"Alright, then I shall do as you wish!"

At those words, those relentless jeers intensified. *As we wish? What does he mean by that?*

At those words, Old Master Bai's face fell, and he began to screech like he had just seen a ghost, "Impossible! There is no way! Y-You must be lying!" His withered old body kept trembling. If it wasn't for someone else holding him up, he would have collapsed in fright on the spot.

Everyone looked at Old Master Bai, uncomprehending. They didn't know what realization Old Master Bai had come to for him to be this terrified. However, right at this moment, a shocking scene was about to unfold before their eyes.

Lin Fan gave a small smile and announced, "Then allow Divine Doctor Lin to explain to you all!"

Chapter 583 | Shall Bring You to See Divine Doctor Lin Then!

As soon as Lin Fan finished his words, the mockery on Old Master Bai's face as well as the others' completely froze over. One by one, they looked at Lin Fan in disbelief as if they had just seen a ghost; they couldn't believe their ears at all. *Is Divine Doctor Lin here? What sort of joke is this!*

He was someone who was as elusive as a mythical dragon. Even though Beijing had sent him several invitations, he ignored every one of them. How could he possibly reveal himself for the sake of the New Bai Family Group? Lin Fan was practically insane!

Immediately, everyone's expressions became ones of distaste. They didn't believe Lin Fan's words at all; they simply thought he was blowing hot air. They weren't the only ones confused, for Bai Yi was just as dumbfounded as the rest of them. Was Divine Doctor Lin really here? How was that even possible? Even she herself had never set eyes on him before. As a house husband, could Lin Fan possibly have

Chapter 583 | Shall Bring You to See Divine Doctor Lin Then!

any connection with Divine Doctor Lin? She felt that Lin Fan was just saying nonsense as well.

“Hahaha...” Bai Yifan returned to his senses and burst into raucous laughter, mockery plastered all over his face. “To think that I fell for your lies, you useless piece of garbage. You think you can simply call Divine Doctor Lin over? I don’t think your wife is even able to do that!” *Putting up a fight even when faced with death? Making up lies? Do you think you can successfully trick me?*

However, Lin Fan merely shrugged flippantly and smiled. “Divine Doctor Lin is currently treating an important patient nearby. He can make an appearance any time now!”

At those words, everyone’s pupils shrank while looks of disbelief crossed their faces; they were all shaken to their cores. Was Lin Fan telling the truth? Was Divine Doctor Lin actually here? More importantly, was he about to make an appearance at any time?

Chapter 583 | Shall Bring You to See Divine Doctor Lin Then!

Immediately, everyone gulped hard and wondered if they were dreaming. In other words, would they be able to see the mysterious Divine Doctor Lin today?

Thinking about this, everyone's emotions ran high. If this news were to be reported, it would be a story that would certainly shake the entire country!

Even the Bai Family was uneasy beyond belief after hearing those words. Was Divine Doctor Lin really going to stand up for Bai Yi and save her? Did this wretched person actually have the ability to even rub shoulders with him? If that was so, then the Bai Family might really be finished!

Right then, however, Li Xunran simply scoffed coldly. "Is Divine Doctor Lin really here? Then, I want to see if he is worth his salt. Take me to him!" Even her master was all praise for Divine Doctor Lin and had expressed regret for not being able to measure up to him. However, Li Xunran had never once

Chapter 583 | Shall Bring You to See Divine Doctor Lin Then!

believed him. To her, her master was the best doctor in all of China. How could he possibly be inferior to this mysterious Divine Doctor Lin? To her, Divine Doctor Lin was merely an over-complimented legend who couldn't be compared to her master. Today was the best chance for her to prove this!

What? Upon hearing Li Xunran's hostile tone, the crowd was shocked. Did Li Xunran intend to challenge Divine Doctor Lin?

This stunned Lin Fan as well. He immediately smiled and asked, "Are you going to challenge Divine Doctor Lin?"

The moment he finished speaking, Li Xunran immediately shot back with her own words, "Not a bad guess! Everyone keeps saying that Divine Doctor Lin has immense talent and skill beyond measure, but I do not believe these myths. Today, I will see his skills for myself! What? Does he not have the courage to do so? Or are you implying that the Divine Doctor Lin that you

Chapter 583 | Shall Bring You to See Divine Doctor Lin Then!

“speak so highly of is really a quack who’s afraid of being exposed after competing with me?”

Upon hearing those words, shock rose on everyone’s faces. They immediately looked at Lin Fan doubtfully; they too thought that Divine Doctor Lin might be a fluke. Lin Fan had used him to trick them! They would only know the truth once Li Xunran had tested his skills!

“Hahaha, she is right! Divine Doctor Lin can be proven to be genuine if he defeats Miss Li. Otherwise, he is simply a fake!” Old Master Bai also began to chuckle coldly as he glanced at Lin Fan maliciously. “I do not believe that you’re able to call Divine Doctor Lin here, you wretched thing! There’s no use trying to delay things! You two are destined to be destroyed right here!”

At those words, Lin Fan chuckled coldly. He stared right at Li Xunran and said, “Do you truly intend on humiliating yourself?”

Chapter 583 | Shall Bring You to See Divine Doctor Lin Then!

Li Xunran's temper flared and she retaliated in anger, "Will I be humiliating myself, or does Divine Doctor Lin's skills measure up to the rumors? No one knows, do they? If I find out that he is a fake, I guarantee that the downfall of the New Bai Family Group will be more terrible than you can imagine!" Her tone was dripping with threat.

"Alright! I shall bring you to see Divine Doctor Lin then!" Lin Fan smiled lightly and began to lead the way. Li Xunran's face darkened as she followed Lin Fan.

However, as they walked forward, everyone began to chuckle coldly and shot smiles of malice at Bai Yi.

"Don't struggle anymore, Bai Yi. All that greets you is a dead end no matter what trick you try to play."

"When Miss Li comes back, you two can just wait to be sent to prison in cuffs!"

The sound of jeering came relentlessly, pushing Bai Yi further and further into

despair.

“The one you should blame is me— please, let Lin Fan go!” She wept as she pleaded. She knew that she was finished, but she didn’t want to drag Lin Fan down with her as well.

Hearing those words, Old Master Bai smiled none-too-kindly. “That is doable. As long as you hand over the rights to the formula, I can consider letting Lin Fan go!” As long as he got his hands on the formula, it wouldn’t matter if he didn’t actually let Lin Fan go later.

Even though Bai Yi clearly knew that the old man could be lying to her, she still sobbed as she nodded. “Okay, I’ll sign the rights over to you. I’ll give you anything, but please, spare Lin Fan!” She was completely in despair right now; Bai Yi had to protect Lin Fan no matter the price.

“Hahaha! Bai Yi, such a day has come for you at last, hasn’t it?” Bai Yifan grinned cruelly. “It’s great that you have

finally seen the light! Prepare the contract!”

Soon, several contracts were brought over and placed before Bai Yi. At this, all Bai Yi could feel was a chill running through her. It turned out that Old Master Bai had long since prepared everything, and he was simply waiting for this moment to force her hand.

Bai Yi picked up the pen with shaky hands and signed her name on the contracts before stamping her thumbprint on them.

“With this, the Bai Family’s formulation has returned to our hands once again!” Old Master Bai laughed madly as he looked over the contracts. Not only had they gotten back the Bai Family formula, even the rights to it had returned to them. With this, they wouldn’t be chained by Lin Fan and Bai Yi anymore!

Bai Yi looked at Old Master Bai and the others with a pleading look on her face. “Grandpa, can you now promise me to

spare Lin Fan?"

However, Old Master Bai simply smiled dangerously. "Don't be in such a hurry! Now, as long as you admit that you stole the Bai Family's business and formula in front of these reporters, I will promise to let Lin Fan go!"

What? Bai Yi was at a loss as she looked at Old Master Bai. He was practically forcing her off the cliff. She immediately gave a bitter chuckle before weeping and howling, "I was the one who stole the Bai Family's business, and I was also the one who made the counterfeit medication, causing harm to everyone. Everything was my fault, and Lin Fan had nothing to do with it. Please, let Lin Fan go!"

Having gotten the answer they desired, the entire Bai Family burst into raucous laughter. She was done for! Bai Yi was completely finished! Upon hearing her words, the whole Bai Family looked at Bai Yi at once as if they were looking at a dead woman.

Chapter 583 | Shall Bring You to See Divine Doctor Lin Then!

“Bai Yi, you’ve already admitted it yourself. Don’t you think that you’re done for now? You foolish girl! You truly thought that we would spare Lin Fan. What an outrageous notion! Let me tell you this—you two are destined to die a painful death!” Bai Yifan’s mad laughter never stopped; it seemed like he was certain that Lin Fan and Bai Yi were already finished.

“You promised me, so why aren’t you keeping your word?” Bai Yi was completely baffled; she hadn’t thought that these people would be so shameless and heartless. Clearly, she had fallen to such depths, and they also got what they wanted, but why were they still so cruel and unwilling to spare Lin Fan?

A twisted smile hung on Old Master Bai’s lips. “You two are evil beyond belief. Not only did you tarnish the Bai Family’s name, you even caused people to die. How can we possibly let you off so lightly? Just wait to be sent to rot in prison!”

Chapter 584 Sweep the Floors

At the same moment, Lin Fan brought Li Xunran over to another room.

“Where is Divine Doctor Lin?” Li Xunran asked, impatient. The room was completely empty with no one present. Was this man tricking her?

Lin Fan gave a small smile before he announced surprisingly. “I am Divine Doctor Lin!”

What?!

Li Xunran’s expression shifted quickly, a look of shock crossing her pretty face as she stared at Lin Fan in disbelief.

What did she just hear?

Was Lin Fan actually Divine Doctor Lin?

However, just as quickly, a look of condescension rose on her face. She looked at Lin Fan in contempt and said, “Do you take me for a fool? Lin Fan, I’ve heard of you—you’re a leech who relies on your woman to feed you. How can a

Chapter 584 Sweep the Floors

good-for-nothing like you possibly be Divine Doctor Lin? Just as I thought—you lied to me to try and stall for time! I will now contact the doctors in China's eastern medicine industry to punish you and the New Bai Family Group at once!"

As she said that, she took out her phone and was about to dial a number.

Lin Fan's eyes merely swept over her blandly before he took out his phone and dialed Ye Shihao's number. "Allow them to come in!"

Shortly after, a group of people came in with a stretcher. The moment they saw Lin Fan, they howled and cried as they prostrated before Lin Fan to kowtow furiously. They pleaded to him in unison, "Please, Divine Doctor Lin, please save my grandfather!"

Li Xunran was thunderstruck at those words. Her mind went blank instantly.

D-Divine Doctor Lin?

Chapter 584 Sweep the Floors

Is he really Divine Doctor Lin?

Uneasiness and fear immediately peeked through Li Xunran's eyes as she pointed a trembling finger at Lin Fan. "Y-You really are Divine Doctor Lin?"

She was completely confused. Wasn't this man the Bai Family's burden of a son-in-law? How could he be Divine Doctor Lin? One was the brightest star in the world of Chinese medicine, while the other was the world's smallest speck of dust. How could these two be the same person?

A look of shock immediately made its way onto Li Xunran's face. In an instant, everything was clear to her; no wonder Lin Fan was so confident and allowed her to see Divine Doctor Lin. He was even willing to make a bet with her because he was actually Divine Doctor Lin himself!

Lin Fan, however, didn't pay any heed to her response. He pointed at Long Jiu—who was on the verge of death as he

Chapter 584 Sweep the Floors

laid on the stretcher—and said to Li Xunran, “Whoever successfully cures him will win. How about that?”

After glancing at him, Li Xunran snapped back angrily, “Are you toying with me? He is clearly brain-dead already! How can he possibly be saved?”

Based on her years of medical experience, she could tell with one look that Long Jiu’s condition was terminal; even God wouldn’t be able to save him now. Unless there was a medical miracle, it would be impossible for him to wake up.

“Is that so?” Lin Fan gave a small chuckle before continuing, “Then, if I save him, you will have to admit your defeat in front of everyone, as well as help to conceal my identity. In addition to that... you will have to sweep the floors of Yifan Hospital of Integrated Traditional Chinese and Western Medicine!”

Chapter 584 Sweep the Floors

What?!

Upon hearing those words, Li Xunran seethed with anger. How dare he ask the disciple of a celebrated doctor like her to sweep the floors of a hospital? Was he trying to humiliate her?

Li Xunran immediately scoffed coldly and said in fury, "Lin Fan, even my master will not be able to save him, let alone you! I refuse to believe that your skills in medicine are even better than my master's! If you lose, you accursed thing, I want you to kneel in front of everyone and tell them that you are even less than a dog in my master's eyes!"

Lin Fan was completely stunned at this. This woman truly was quite a vicious one.

"Fine, I accept!" Lin Fan nodded lightly before taking out a silver needle and approached Long Jiu.

However, Li Xunran simply laughed in

Chapter 584 Sweep the Floors

disdain as she looked at Long Jiu's family. "Do you really intend to let him do as he pleases? The old man is already in such a bad shape, yet you're allowing someone to mutilate him. How can you find it in yourselves to let that happen?"

She thought that her words would be able to get through to the hearts of Long Jiu's family.

Much to her surprise, however, all of Long Jiu's family members exploded at her words and began to furiously retaliate.

"Shut your trap! Who do you think you are for disrespecting Divine Doctor Lin?"

"You truly are short-sighted. You don't know the extent of Divine Doctor Lin's abilities!"

"Scram! The Long Family has no need for your nosiness!"

Everyone in the Long Family was

Chapter 584 Sweep the Floors

enraged as hatred plastered all over their faces; they only managed to carve a place for themselves in China because of Long Jiu. If he died, the Long Family would be finished as well. Divine Doctor Lin was someone that Ye Shihao had personally recommended; how could he be mistaken? To them, Li Xunran's attempt to stop Lin Fan from saving Long Jiu showed that she was harming the Long Family.

"You... You are all practically unreasonable!" Li Xunran was close to blowing her top. Did these people actually believe this man's lies? Such stupidity!

"Fine, if you won't listen, then I'll simply stand and watch. Just wait until you regret this!"

Right at this moment, Lin Fan nonchalantly explained without batting an eyelid, "Long Jiu will definitely recover in half an hour!"

At those words, Li Xunran giggled

Chapter 584 Sweep the Floors

dubiously again, the disdain on her face growing.

Half an hour? Even half a month or half a year would prove Lin Fan's efforts fruitless, never mind half an hour. She refused to believe that a brain-dead person would be able to rise from the dead.

The Divine Doctor Lin people spoke of was indeed a liar!

However, an unbelievable scene unfolded by itself half an hour later. After Lin Fan had poked his silver needle into the old man several times, the barely-alive Long Jiu suddenly opened his eyes and asked weakly, "W-What is going on?"

Everyone was completely baffled as shock and astoundment appeared in their gazes.

Long Jiu had woken up! He had actually woken up in less than half an hour to boot!

Chapter 584 Sweep the Floors

“Impossible! This isn’t logical at all!” Li Xunran’s face was filled with shock. She couldn’t believe her eyes.

That old man was clearly brain-dead; he was no different from a dead man, and yet, how could he have possibly risen from the grave? In modern medicine, it was impossible for this to happen lest a medical miracle happened. What was going on here?

“Grandpa!”

“Dad!”

Immediately, the Long Family cried out in delight before surging over to Long Jiu. Their faces were now all drenched in tears.

“Dad, Divine Doctor Lin saved you!”

Divine Doctor Lin?

Long Jiu froze in place before he turned to look at Lin Fan, who was standing nearby. Once he had taken a closer look

Chapter 584 Sweep the Floors

at Lin Fan, surprise rose on his wizened face. He immediately tried to get up to bow to Lin Fan. "Lin..."

Before he could finish his sentence, Lin Fan cut him off. "It's okay, get up!"

Long Jiu was completely stunned. He knew that Lin Fan didn't want to reveal his identity, so he gave a pained smile and said, "Thank you, Divine Doctor Lin!"

The rest of the Long Family kneeled before Lin Fan as they gave him their thanks.

"Thank you so much, Divine Doctor Lin! If it wasn't for your help, I'm afraid Long Jiu would've been fated to meet death!"

"Divine Doctor Lin, you truly have such miraculous hands! You do live up to the title of the Divine Doctor!"

"Fortunately, we didn't listen to that girl's nonsense. The old man would have met his maker otherwise!"

Chapter 584 Sweep the Floors

Li Xunran's face was currently stark white as she stared at Lin Fan in disbelief. "Impossible! H-How did you do it?"

Lin Fan had only used half an hour to do something that even her master was unable to accomplish.

She had always thought that Elder Yao's praises toward Lin Fan were too much, but now, she was forced to admit that Lin Fan's skills truly surpassed Elder Yao's, for he had actually returned a dead man from the grave!

All Li Xunran felt right now was complete shock; she was utterly startled by all of this. In all her years of practicing medicine, this was the first time she had seen a case like this.

However, Lin Fan didn't answer her question. He simply smiled and said, "Clear out your schedule to sweep the floors of my hospital!"

Chapter 585 | Cannot Be Trusted Too?

Hearing this, Li Xunran's face immediately turned sullen.

To this day, she had never been this humiliated before; she had always been shining like a star since she was young. After all, she was regarded as an idol because she was the genius among geniuses.

What was more, she was also named as the heir of Elder Yao!

Gradually, she felt like she had become the beacon of hope of the medical world in China.

This was until Divine Doctor Lin suddenly appeared and took the whole of China by storm, taking away all the glory that was supposed to be hers.

Hence, she had been discontented, wanting to compete with Divine Doctor Lin.

Now, she had gotten what she wished for—she was competing against Divine

Chapter 585 | Cannot Be Trusted Too?

Doctor. However, within half an hour, she had suffered a terrible defeat.

Her pride had been shattered by Lin Fan at that very moment.

Soon, the jealousy that was written all over her face gradually changed into anguish.

Was this Divine Doctor Lin's true capability?

As expected, she was the one who was short-sighted.

Then, she let out a snort. "Don't you worry; I will honor my promise since I've lost. Divine Doctor Lin, I yield to you."

...

Meanwhile, the Bai Family was following Bai Yi closely from behind while they wantonly humiliated her.

Especially after they heard Li Xunran's furious scream, they burst into laughter,

Chapter 585 | Cannot Be Trusted Too?

taking pleasure in Lin Fan's misfortune.

How could Lin Fan let Li Xunran rescue a dead man?

Had he lost his mind?

"Hahaha, Lin Fan is buying some time indeed."

Bai Yifan had a look that spelled 'I knew it' on his face. He looked at Bai Yi as though he was looking at a laughing stock. "It's a pity he picked the wrong person. How dare he show off in front of Miss Li? He's such an idiot!"

Even the reporters were shaking their heads; they had been fooled by Lin Fan.

Had Lin Fan really asked Li Xunran to cure a dead man?

He was crazy enough to come up with such an idea!

"Now that Miss Li has been irritated by you guys, your New Bai Family Group is

Chapter 585 | Cannot Be Trusted Too?

completely doomed. Bai Yi, the truth has come to light. You guys will be done for when Miss Li comes out later.”

The Bai Family was overjoyed.

Even Song Yue and Zhang Miaohe couldn't help but breathe a sigh of relief. Although there had been some hiccups in the middle, the ending remained unchanged; Lin Fan and Bai Yi were still going to end up dead.

However, everyone saw Li Xunran slowly walking in from outside at this moment. Panic immediately emerged on Bai Yifan's face at the sight of this. He quickly asked, “Where is that loser, Miss Li? Did he escape?”

Escape?

Everyone had the same thought when they heard this.

That loser must have abandoned his wife and escaped by himself after realizing that he had been exposed.

Chapter 585 | Cannot Be Trusted Too?

Running out of patience, Old Master Bai asked, "Miss Li, that loser was lying, wasn't he? There's no such thing as a Divine Doctor Lin, right?"

In an instant, everyone shifted their curious gazes toward Li Xunran.

Feeling extremely nervous, they waited for Li Xunran's reply.

However, what Li Xunran said baffled everyone at the scene.

With a sullen look, Li Xunran declared in front of countless cameras, "I've lost!"

The scene plunged into silence, and the smile on everyone's face froze completely.

Be it the Bai Family or the reporters at the scene, everyone was astounded at that moment.

L-Lost?

Were they mistaken?

Chapter 585 | Cannot Be Trusted Too?

Did Li Xunran admit her defeat?

That would also mean that the person behind was really Divine Doctor Lin.

At this moment, everyone couldn't believe their ears.

"No... This is impossible!"

All Old Master Bai could feel at this moment was that his heart was on the verge of leaping out of his chest.

Was his Bai Family going to commit the same mistake again?

"Miss Li, did you mean that you've won?"

He was seriously doubting if he had misheard her.

Nevertheless, Li Xunran's voice sounded persistent. "I said that I've lost!"

With this, the atmosphere at the scene fell into complete silence.

Chapter 585 | Cannot Be Trusted Too?

Old Master Bai seemed like he was about to stop breathing as his body trembled uncontrollably. Staring at Lin Fan, Old Master Bai was at a loss for words.

“Divine Doctor Lin really is here!”

Every reporter was stunned; they had thought that Lin Fan was lying. Why would Divine Doctor Lin reveal his identity to the insignificant New Bai Family Group?

However, he was really here at the moment!

Furthermore, he had defeated Elder Yao’s disciple, Li Xunran!

This was simply unbelievable.

Li Xunran was Elder Yao’s most outstanding disciple. Ever since she became famous, no one had managed to surpass her. However, why did she admit her defeat with an ashamed look on her face within half an hour?

Chapter 585 | Cannot Be Trusted Too?

This was absolutely terrifying!

Just how terrifying was that Divine Doctor Lin?

In half an hour, he had easily defeated Elder Yao's most outstanding and beloved disciple.

"That Divine Doctor Lin's medical skills are far more superior than Elder Yao's, right?"

"When I saw his back previously, I guessed that he's not even in his 30's. To possess such unparalleled medical skills at this age is simply astonishing!"

"In that case, has this turned out to be an act of self-humiliation?"

Everyone was shocked as they looked at Li Xunran in an inconceivable manner; they were truly appalled.

They did not expect that Divine Doctor Lin was really here and had defeated Li Xunran so easily.

Chapter 585 | Cannot Be Trusted Too?

Beads of sweat started trickling down the Bai Family's forehead.

Every single one of them was scared to their wits.

Why did this scene seem so familiar?

Every time a disaster was near at hand, there would always be a turn in the course of events like this. Absolute fear and terror had filled their hearts.

Lin Fan!

It was Lin Fan's doing again!

This time, he was going to bring their Bai Family down.

"If Divine Doctor Lin is here, that means the prescription is really his. Then, why would the prescription from Divine Doctor Lin be fake?"

The moment they heard this, everyone realized that something was wrong. So, they shifted their curious gazes toward

Chapter 585 | Cannot Be Trusted Too?

the Bai Family.

Had they really been framed?

Seeing the crowd's gaze that was filled with curiosity, the Bai Family became infuriated.

Their gazes were filled with terror.

Meanwhile, Old Master Bai's face had turned ghastly pale as if his soul had left his body. He was standing unsteadily while shaking his head. "How did this loser manage to invite Divine Doctor Lin to come over? This is ridiculous. Ridiculous!"

Then, he looked at Li Xunran in a furious manner and scolded, "Miss Li, I never thought that being a disciple of Elder Yao, you would have the audacity to be bribed by the New Bai Family Group. You've tarnished Elder Yao's reputation!"

At this moment, the Bai Family refused to acknowledge that this prescription had been prepared by Divine Doctor Lin

Chapter 585 | Cannot Be Trusted Too?

regardless. If not, the Bai Family would be ten times more miserable than how they were now—just like what Lin Fan had said.

His remarks had caused a huge uproar among the crowd.

Everyone was astounded as they looked at Li Xunran in disbelief.

Had Elder Yao's disciple been bribed?

If this incident were to leak out, it would be shocking news to the entire medical world.

It would be a hundred times more shocking than news about manufacturing fake medicine.

“That’s right—Li Xunran must have been bribed. Lin Fan asked her to leave on purpose so that he could bribe her; she cannot be trusted!”

With a contemptuous smile on his face, Bai Yifan swiftly added, “How can a

Chapter 585 | Cannot Be Trusted Too?

useless son-in-law like him be able to invite Divine Doctor Lin over? Everyone, don't be fooled by them."

At this moment, Li Xunran was completely baffled too. She did not expect that after helping the Bai Family out of kindness, the Bai Family had turned their backs against her and slandered her instead.

"You guys are simply throwing baseless accusations!"

At that moment, she flew into a rage. Not only had they humiliated her, they even dragged her master's reputation into this.

This Bai Family was truly shameless.

She finally came to her senses and realized that she had been tricked.

The New Bai Family Group were not the ones who were wildly ambitious; it was the Bai Family.

Chapter 585 | Cannot Be Trusted Too?

“Throwing baseless accusations? Ask the Divine Doctor Lin to come out and clear the air then,” requested Old Master Bai sneeringly, knowing that Divine Doctor Lin would not reveal his face.

“I...”

Li Xunran was unable to provide a convincing justification. If she asked Divine Doctor Lin to come out now, wouldn't she be exposing Lin Fan?

However, an old yet stern voice that sounded furious could be heard coming from the entrance at that moment. “So, do you mean that I cannot be trusted too?”

Chapter 586 Who Said That I Don't Have Proof?

What?!

The crowd's expression changed simultaneously. After turning toward the voice, they saw Long Jiu slowly coming in with the help of a group of men.

"Commander-in-chief of Jiangnan?"

The moment the crowd caught sight of him, everyone shivered as intense fear filled their faces.

He was a high-ranking official in China, and he had the power of the military in his hands!

When the Bai Family saw this, they felt like they were about to lose their minds.

Why would Long Jiu, the commander-in-chief of Jiangnan, be here?

Besides, what did he mean by what he said just now?

However, before the crowd could recover from their initial shock, they

Chapter 586 Who Said That I Don't Have Proof?

saw Long Jiu staring coldly at Old Master Bai. "Hey there, old miser—I'm talking to you!"

There was a great sense of hostility in his words.

What?!

Old Master Bai was appalled. He looked terrified, and his face had turned completely pale as he gazed at Long Jiu in disbelief.

This was his first time meeting Long Jiu; why was the latter jabbing at him?

At that moment, he got to his knees out of fear while trembling intensely.

"Commander-in-chief, I-I don't get what you're trying to say."

Long Jiu let out a scoff and rebuked, "I'm the one who was cured by Divine Doctor Lin; I also saw Divine Doctor Lin defeat Miss Li. You said that Miss Li cannot be trusted, so I'm asking you if my words can be trusted."

Chapter 586 Who Said That I Don't Have Proof?

With that, the entire crowd was completely astounded!

There was great anguish and fear in everyone's eyes; they had almost wetted themselves at this point.

Long Jiu, the commander-in-chief of Jiangnan, was a truly influential and powerful person.

He had been brain dead moments ago, but he was the one who had been cured by Lin Fan.

Oh my God!

After listening to Long Jiu's remarks, everyone started shivering uncontrollably; it was as if they had gotten an electric shock.

Long Jiu had such a noble identity and background. How could he not be trusted?

Nobody expected this matter to have involved Long Jiu too.

Chapter 586 Who Said That I Don't Have Proof?

So, he was actually Divine Doctor Lin's patient!

In that case, Divine Doctor Lin was surely not a fake.

The instant Old Master Bai heard Long Jiu's question, he collapsed to the ground.

His face turned ghastly pale and extreme fear filled his heart; he had never imagined that Lin Fan would be able to invite Divine Doctor Lin over—not even in his wildest dreams.

Now, their Bai Family was truly doomed.

As expected, the crowd scolded the Bai Family when they finally came back to their senses. “The commander-in-chief said that that person is indeed Divine Doctor Lin. Why are you guys still trying to argue with him?”

“Your Bai Family has quite the audacity to claim that Divine Doctor Lin's prescriptions were fake medicine. Are

Chapter 586 Who Said That I Don't Have Proof?

you trying to make enemies with the world of Traditional Chinese Medicine?"

"Your Bai Family is just using us. You want to use the public opinion to screw the New Bai Family Group over and take away that prescription!"

"I can't believe the Bai Family even treats their own granddaughter so cruelly. They are really mad and heartless!"

The entire Bai Family was at a loss for words. Being bombarded by these insults, they were in utter despair.

How did things turn out this way?

They clearly had the upper hand just a few moments ago.

They thought that they could kill Lin Fan and Bai Yi, take back the Bai Group's prescription and at the same time, claim the prescription as their own.

But now, things had taken a complete

Chapter 586 Who Said That I Don't Have Proof?

turn for the worse!

They never imagined that the elusive Divine Doctor Lin was really here!

Furthermore, had the prescription in Lin Fan's hands been given by Divine Doctor Lin too?

This was unbelievable!

The Bai Family had suffered a great loss once again.

Hearing the furious vituperations from those reporters, they knew how these reporters were going to publish the articles about them when they went back later.

From today onward, the Bai Family would be despised in Jiang City. This had matched what Lin Fan had said—their coming days were going to be ten times more miserable!

The Bai Family was completely doomed!

Chapter 586 Who Said That I Don't Have Proof?

“Hahaha!”

At this moment, Old Master Bai also started to burst into laughter as he shook his head. “The Bai Family just refuses to give up on our evil intentions—this is karma!”

The whole Bai Family plunged into despair when they saw Old Master Bai's reaction.

Intense fear filled their faces.

H-Had they failed yet again?

In that case, their Bai Family was going to descend into Hell—especially Bai Yifan.

He had returned to China while being under tremendous pressure with a sole purpose of seeking his revenge by killing Lin Fan and Bai Yi.

But now, his plans had gone up in flames!

Chapter 586 Who Said That I Don't Have Proof?

Now, whether he could step out of Jiang City or not had become a problem as well.

Bai Yi was now leader of Jiangnan, and she would definitely not let him off the hook. He was done for!

However, Lin Fan swung the door open and came in at this moment.

“Lin Fan, this is all your doing. You want our Bai Family to end up dead!”

Bai Yifan was staring at Lin Fan with extreme hatred; how he wished he could cut him into pieces.

Hearing this, a disdainful smile appeared on the corners of Lin Fan's lips. “If your Bai Family did not make the first move, you wouldn't have ended up in this situation today—you guys simply asked for it.”

Asked for it? There was great anguish on the Bai Family's faces. If the Bai Family had not listened to Bai Yifan's words, they might ha

Chapter 586 Who Said That I Don't Have Proof?

ve been able to beg Bai Yi for some time to lift the ban on the Bai Family.

But now, it was impossible to do that; they had repeatedly plotted to kill Bai Yi. No matter how benevolent she was, it was unlikely that she would let them off the hook once more.

They were the ones who kept scheming to kill her, and now, they were done for.

However, Long Jiu furiously shouted out at this moment, "Divine Doctor Lin has given down an order. He has forgiven the Bai Family countless times, yet the Bai Family is still stubborn as ever, refusing to turn over a new leaf. You guys are an ungrateful bunch. From today onward, he will gather all of the power in the world of Traditional Chinese Medicine to go against the Bai Family, and he will not stop until he's dead."

Hearing this, all faces in the Bai Family turned ashen before collapsing to the ground out of fear.

Chapter 586 Who Said That I Don't Have Proof?

Divine Doctor Lin would not stop going against them until he was dead?

“No!”

“We’re done for. We will never get back on our feet anymore!”

“Bai Yifan, you’re the one who brought this upon us. Didn’t you say there wouldn’t be any mistakes?”

At this moment, the Bai Family had completely lost their minds.

They were screaming miserably; such misfortunes were happening because of Bai Yifan and Old Master Bai.

At this point, they might not even be able to find jobs anymore—they might have to resort to begging on the streets.

Meanwhile, Zhang Miaohe and Song Yue had an uneasy look on their faces.

The commander-in-chief, Long Jiu, had a similar influence to the Wang Family.

Chapter 586 Who Said That I Don't Have Proof?

Now, with the presence of Divine Doctor Lin, the scene was spiraling out of control.

At this moment, Lin Fan looked at Zhang Miaoke and sneered at her. "It's your turn now."

Zhang Miaoke's knees went weak as she looked at Lin Fan, frightened. "W-What do you want from me?"

Haha!

Lin Fan let out a couple of chuckles before he menacingly said, "You're Bai Yi's secretary, yet you colluded with the Bai Family. You shifted the blame to Bai Yi and plotted against her. Do you think I'll let you off the hook?"

However, before Zhang Miaoke could reply to him, Song Yue let out a chuckle. "Are you claiming that we shifted the blame to Bai Yi? Where's the proof? You're slandering Miss Zhang. We still want to hold our rights to prosecute you."

Chapter 586 Who Said That I Don't Have Proof?

Although the Bai Family was doomed, it was impossible for Lin Fan to lay a finger on them.

Zhang Miaoke put on a disdainful look and sneered at Lin Fan when she heard this. "That's right! You're claiming that I shifted the blame onto Bai Yi, but where's your proof? I have a top lawyer representing me in this lawsuit. Do you think a useless son-in-law like you can bring any harm upon me?"

He must be dreaming!

She refused to believe that Lin Fan had such capabilities.

As long as Lin Fan did not have any proof, then there was nothing he could do. As long as she migrated overseas when she got the 100 million, Lin Fan wouldn't be able to lay a finger on her.

This huge amount of wealth was enough for her to live carefreely for the rest of her life.

Chapter 586 Who Said That I Don't Have Proof?

However, what Lin Fan said next was like a hammer that slammed heavily on Zhang Miaoke's body.

Lin Fan put on a faint smile and had a gloating look on his face. "Who said that I don't have any proof?"

Rate the Translation to Get 2 Pearls.

Wait! I Have Something to Say!

Send a Gift to the Writer!

Chapter 587 I Won't Let Him off Either!

What?!

Zhang Miaoke was startled. *This brat has proof?*

Impossible!

That day, she had personally met up with the master of the Wang Family, and their conversation was kept between the both of them only. How could Lin Fan possibly know anything about it?

Is he trying to scare me off?

Right away, she burst into laughter.

“Is that so? Show me the proof then! I’d like to see what you can do to me!” said Zhang Miaoke with a disdainful look on her face.

“Even your wife has been fooled by me. Who do you think you are?”

Her words were filled with disdain and ridicule; it seemed like she did not think that Lin Fan had such a capability at all.

Chapter 587 | Won't Let Him off Either!

Even the Bai Family and Song Yue were all mocking him, while Zhang Miaohe had the Wang Family to back her up. How could Lin Fan, a useless piece of crap, be able to gain evidence from the Wang Family's hands?

He was an idiot spurring nonsense!

Just then, Lin Fan took out his phone. Putting on a sneer, he played a recorded video right in front of them.

"Zhang Miaohe, are you familiar with the two people inside the video?"

There was a man and a woman in the video; their voices were then heard immediately!

"As long as you're able to set Bai Yi up and make her go to jail, I will immediately transfer 100 million to your account! Think about it—should you betray the benefactor who has funded your university fees?"

"Don't worry, self-preservation is the

Chapter 587 I Won't Let Him off Either!

first law of nature! I will ruin her forever for the sake of that 100 million!”

The smile on Zhang Miaoke's face froze instantly, and her face became as pale as a sheet as soon as she heard that voice.

Lin Fan actually had a video recording of the conversation between her and the master of the Wang Family—that was enough to prove her crime of framing Bai Yi!

She would have to go to jail for that!

Zhang Miaoke stopped acting arrogantly right away.

She couldn't act so pleased with herself anymore!

At that moment, she had lost her voice while letting out a horrible shriek.

“Impossible! Y-You're just a piece of crap. Where did you get this recording?” questioned Zhang Miaoke in utter

Chapter 587 | Won't Let Him off Either!

disbelief.

She had no idea that the piece of crap she was referring to was actually Lin Zuo; he had great power and influence in his hands.

He could easily put the master of the Wang Family to death in an instant, let alone obtaining a video recording of their exchange.

She was not the only one who was shocked; everyone from the Bai Family and Song Yue were behaving as though they had seen a ghostly appearance.

They could not believe their eyes!

This useless crap had actually taken a video recording before they were ready to lay hands on Bai Yi in secret?

Could he be a prophet?

They were all petrified.

The way they looked at Lin Fan had

Chapter 587 | Won't Let Him off Either!

totally changed, and it felt as though they were looking at a monster.

At this moment, Lin Fan let out a sneer.

“You don't have to mind about where I've gotten the video recording from. You only need to know that... you're dead for sure!”

It was as if Zhang Miaoke had been struck by lightning.

With this video in Lin Fan's hands, she was already doomed!

“Damn it! President Bai funded your fees in university, but you returned her kindness with ingratitude! You're worse than an animal!”

“The Bai Family isn't any better either; you guys even had the audacity to lay your hands on your own flesh and blood. I will report this matter truthfully to make sure justice is served for President Bai!”

Chapter 587 | Won't Let Him off Either!

“Call the police! Call the police immediately! Arrest all of these shameless people!”

The Bai Family and Zhang Miaoke's behaviors had enraged the crowd.

All the reporters immediately picked up their cameras before taking shots after shots of the Bai Family and Zhang Miaoke.

“Stop taking photos of me! Stop it!”

Zhang Miaoke was weeping out of fear; she had never imagined her joy would turn into misery. This was the end for her.

She immediately thought of something right after. Then, she carried on crying as she wrapped her arms around Song Yue's leg.

“Save me, Song Yue! You can save me by snatching that phone back. Otherwise, I'd be dead!” Zhang Miaoke begged Song Yue pitifully.

Chapter 587 | Won't Let Him off Either!

Only Song Yue would be able to save her now.

However, Song Yue immediately kicked her away and said coldly, "Miss Zhang, I never thought that you'd be so shameless. I, Song Yue, was nearly fooled by you. From now on, I will no longer shelter you. Just you wait to be imprisoned!"

With only a few words, Song Yue had made a clear cut with Zhang Miaohe.

It was exceptionally shameless!

"You!"

Zhang Miaohe instantly felt cold all over her body. She then realized that Song Yue and the Wang Family were planning on getting rid of her since she had become a useless puppet.

It was over!

She was done for!

Chapter 587 | Won't Let Him off Either!

Being greedy and dissatisfied would only bring one no good.

As for now, she would not even be able to spend all the fortune she had gained.

She should not have been greedy, and she definitely should not have trusted these animals!

Zhang Miaoke was crying as she turned her gaze toward Bai Yi.

“Bai Yi, please spare my life!”

What?!

Everyone put on a sneer on their faces after hearing what she had said; they never expected her to be this shameless.

She had wanted Bai Yi dead, but she was now begging for her mercy after getting exposed—this is absolutely shameless!

Zhang Miaoke could not be bothered by

Chapter 587 | Won't Let Him off Either!

this; she nearly wet her pants out of fear at this moment.

The Wang Family had already abandoned her, so Bai Yi was the only one left who could save her life by forgiving her. Otherwise, she would be imprisoned forever.

She had just graduated from university, and a bright future was waiting ahead of her!

If she were to go to jail, her entire life would be over.

That was why she crawled over to the front of Bai Yi at this moment, kowtowing to her as if she had gone mad and begging her to let her off while weeping in tears.

She seemed miserable and regretful!

However, even though Bai Yi could not bear to leave her in that wretched state, she did not show any mercy this time.

Chapter 587 | Won't Let Him off Either!

It was clear to her that Zhang Miaoke had not regretted her actions because she had realized her mistakes; instead, it was all because she would lose her life if she did not admit them.

Lin Fan immediately signaled Long Jiu with his eyes.

Long Jiu became extremely excited; Lin Zuo had given him a hint just when he was worried about not having the chance to please Lin Zuo.

He immediately paced forward before he kicked Zhang Miaoke away.

“Go away, you b*stard! Miss Bai is Divine Doctor Lin’s business partner. You and the Bai Family have coveted Divine Doctor Lin’s formula and have seriously offended him. Even if Miss Bai were to forgive you, Divine Doctor Lin wouldn’t let you off the hook that easily.”

These words struck Zhang Miaoke like a thunderbolt, leading her into total despair.

Chapter 587 | Won't Let Him off Either!

Was Divine Doctor Lin not willing to forgive her?

Who else could save her then?

Zhang Miaoke had gone completely mad; she was weeping bitterly.

“Song Yue, you and the Wang Family have led me to this! I’m doomed! My life is completely over!”

Almost instantly, everyone turned around and looked at Song Yue doubtfully after hearing Zhang Miaoke’s cries.

Song Yue’s face immediately turned sullen as she said, “What nonsense are you talking about? Today is the first time we’ve met. Why would I collude with the Wang Family to harm you?”

He was absolutely terrified at this moment!

How he wished he could kill Zhang Miaoke at the spot.

Chapter 587 | Won't Let Him off Either!

This b*tch was actually trying to drag him into this.

The Wang Family had surely lost their minds; why did they even collude with such an idiot like Zhang Miaoke?

He could hardly escape now!

“Don't worry, Zhang Miaoke!”

Lin Fan let out a gruesome laugh.

“I won't let you off, and I won't let him off either!”

The atmosphere throughout the entire scene was imposing after Lin Fan had said that.

Everyone's face was covered in shock right after!

Was Lin Fan trying to exterminate all of them at once?

Was he going to beat up every single person who went against Bai Yi?

Chapter 587 | Won't Let Him off Either!

The crowd could immediately feel a sense of invisible suppression rounding them up, and cold sweat dripped continuously from their foreheads; none of them knew what sort of tricks Lin Fan would use afterward.

As for now, it was all over for the Bai Family and Zhang Miaohe. Would Song Yue be able to have a lucky escape?

Hahaha!

Song Yue was fanatically laughing right after Lin Fan had finished his words; it was as if Song Yue had heard the world's greatest joke.

“Not letting me off? Just by yourself? I'm a lawyer who serves justice, and there isn't any lawsuit that I can't win! Do you think I'm on the same level as these idiots? Are you trying to imprison me?”

Song Yue was pleased with himself.

This idiot named Lin Fan really thought

Chapter 587 | Won't Let Him off Either!

he was able to declare him guilty with the help of Divine Doctor Lin and Long Jiu.

He had had the Wang Family to back him up. Moreover, behind the back of the Wang Family, they had the Lin Family—who were extremely wealthy!

Furthermore, he also had a strong team of lawyers as well; was Lin Fan really trying to put him to jail?

He should just dream about it!

“Lin Fan, how dare you defame me. Just wait for it! I will send you a legal letter once I get back. I will let you know the consequences for having to offend me—Song Yue!”

Song Yue looked at Lin Fan with bad intentions in mind; he stared at him with a disdainful look.

However, something unexpected happened just then!

Chapter 587 I Won't Let Him off Either!

An audio recording that was not supposed to exist was suddenly heard.

“If you don't let your wife sleep with me tonight, I will make sure to imprison you both! After all, I am God in the judicial circles!”

Rate the Translation to Get 2 Pearls.

Wait! I Have Something to Say!

Send a Gift to the Writer!

Chapter 588 | Shall Not Grant Their Wish!

The crowd was astounded when they heard the recording.

The person talking was despicable and shameless. He actually wanted to sleep with Lin Fan's wife; if not, he would execute Lin Fan.

It was obviously Song Yue's voice!

Song Yue had gotten the blues; his face turned ghastly white as he yelled in extreme terror, "Impossible! I've already installed an interference unit in the office. How did you manage to record the conversation?"

As soon as he said that, he felt immense regret!

He was so desperate that he had said something that he was not supposed to.

Did he not just admit that Lin Fan and Bai Yi had gone to his office, and he had shamelessly requested Bai Yi to sleep with him?

Chapter 588 | Shall Not Grant Their Wish!

Thus, he had shown his anger through his current behavior; unable to have Bai Yi for himself, he wanted to harm her instead.

Even more so, he had lifted a rock before smashing it onto his own foot right in front of all the media reporters.

“Lin Fan, h-how dare you trick me?”

Song Yue burst into thundering rage, anxiously wanting to tear Lin Fan into pieces alive.

He initially thought that he was bound to succeed and was at the helm of the whole situation. However, it seemed like he had only been completely fooled by Lin Fan.

It was over!

He ended the same way as Zhang Miaohe and the others did; they were all completely doomed!

With a stern look on his face, Lin Fan

Chapter 588 | Shall Not Grant Their Wish!

hugged Bai Yi in his arms before he said, "I gave everyone a chance. Since all of you were being so ignorant and insisted on killing the both of us, how can I show you any mercy?"

Everyone at the scene was stunned; it was as if they had seen a ghostly appearance after listening to what Lin Fan had said. They were all looking at Lin Fan in utter disbelief.

Everyone from the Bai Family was weeping bitterly.

Lin Fan had indeed given them a chance, but they all treated it as a joke.

They all thought Lin Fan was only bluffing.

None of them knew that it was the final chance given by Lin Fan for them to repent their mistakes—a final chance to live on!

Everything was too late now.

Chapter 588 | Shall Not Grant Their Wish!

“Save us, Bai Yi! Give us another chance!”

Old Master Bai begged pitifully, hoping that Bai Yi would forgive them this time like she used to.

Unfortunately, Bai Yi had only put on a sly grin after hearing that.

“If you guys were in my shoes, would you give us both another chance?”

Shame filled Old Master Bai and the others' faces after hearing that.

If the situation were reversed, they would absolutely not give the Bai Yi couple a single chance; they would take away their lives for sure.

Bai Yi finally realized it now; this meant that their nightmare had come true.

It was then when Lin Fan burst into laughter.

“Don't worry, we won't kill any of you

Chapter 588 | Shall Not Grant Their Wish!

from the Bai Family!”

What?!

The Bai Family was startled after hearing what Lin Fan had said; they could not believe what they had just heard.

Was Lin Fan actually going to forgive them?

Were they dreaming?

However, what Lin Fan said next simply led them to total despair.

Lin Fan put on a stern face before he said in a stone-cold manner, “Every single person from the Bai Family has done something that is way worse. I’ll be giving you mercy if I kill you immediately; I want the Bai Family to suffer for generations and live a dreary life!”

The Bai Family members became as pale as a sheet, and it looked as though

Chapter 588 | Shall Not Grant Their Wish!

they had been struck by lightning.

They would not have thought that the entire Bai Family would be baffled by their useless son-in-law—not even in their wildest dreams. Moreover, they would be completely doomed because of him.

Lin Fan had destroyed the Bai Family!

Long Jiu then took a step forward before he rebuked.

“Come! Arrest both Song Yue and the secretary! Transfer the suspected criminal cases; tell them to handle these cases according to the law, and these scoundrels should never be let off!”

He must have had immense hatred within him when he finished his last words.

Zhang Miaoke and Song Yue turned ashen as they trembled in immense fear!

Chapter 588 | Shall Not Grant Their Wish!

They could have had a great future in the first place. However, it was all due to their greediness that they had ruined their own future single-handedly along with their own reputation.

One of them was greedy, while the other one was lustful!

They had only ruined themselves in the end!

The both of them had given up struggling when they saw the troop of armies closing in; they could only wait for a lifetime ahead of them spent in prison.

Lin Fan and Bai Yi were walking in the cool breeze late that night.

Bai Yi was dumbfounded all of a sudden as she still had no idea how they had overcome their obstacles.

Lin Fan?

At that moment, she took a glance at

Chapter 588 | Shall Not Grant Their Wish!

Lin Fan in a suspicious manner. Could it all have been Lin Fan's doings?

Since the beginning of the matter, Lin Fan had always put on an indifferent appearance.

However, it seemed like he had known all along that the Bai Family and Zhang Miaoke would end up as so.

"Lin Fan, how were you able to find Divine Doctor Lin?"

Bai Yi looked at Lin Fan suspiciously. Even she herself was unable to find the Divine Doctor Lin, who was always secretive in his movement and traces. How did Lin Fan manage to find him?

Lin Fan laughed.

"It wasn't me who found Divine Doctor Lin; Divine Doctor Lin came to look for me instead. As your business partner, he knew that you were facing some trouble, and it was necessary for him to help."

Chapter 588 | Shall Not Grant Their Wish!

“He even told me that this matter would ruin his reputation if you were said to be making fake drugs.”

“I see.”

Bai Yi nodded and accepted his explanations as well.

“Can you still do me a favor and contact Divine Doctor Lin? He has helped us a lot. We should find a chance to personally thank him!”

Divine Doctor Lin had not only helped her once or twice all this while; Bai Yi felt quite uneasy for owing him so many favors.

Lin Fan was stunned, but he quickly came back to his senses.

“Divine Doctor Lin is extremely mysterious. He left immediately right after handling today’s matter. I haven’t seen his true appearance either, so we can only wait until we see him the next time.”

Chapter 588 | Shall Not Grant Their Wish!

Bai Yi heaved a sigh. "That's the only way then!"

It was then when Lin Fan had a sudden change in his expressions; he put on a harsh gaze as murderous intent burst out outrageously.

"What's the matter?"

Bai Yi was feeling tense after sensing the change in breath on Lin Fan. She looked at Lin Fan in a terrified manner.

"It's nothing. We should quickly get home; it's getting cold out here."

Lin Fan said smilingly before he grabbed Bai Yi's hand, leading her onto the car.

Right after they had left, the road behind them turned into a bloody track. It was covered with dead bodies.

At night, Lin Fan then walked to the backyard after Bai Yi had fallen asleep.

Chapter 588 | Shall Not Grant Their Wish!

Ye Shihao and the others had been waiting for him there!

All of them kneeled down respectfully after seeing Lin Fan's arrival.

"Emperor, someone was trying to secretly assassinate you and the Queen, but we have eliminated them all."

Lin Fan put on a grin and said, "Do you know who did it?"

Ye Shihao put on a sullen look and said, "It was the Wang Family! They've wanted to put the both of you to death before they flee Jiangnan Province and head overseas immediately!"

"By then, even the entire China can't deal with them any more!"

Haha!

Lin Fan sneered as he shook his head.

"As I expected, they really didn't forget about the matter just like that; they even

Chapter 588 | Shall Not Grant Their Wish!

planned their route of escape. I'm pretty sure they are exhilarated right now."

They were only a swarm of ants to the Wang Family. If they were unable to deal with them the normal way, they would have to get rid of them the hard way.

Ye Shihao and the others were startled at first after seeing Lin Fan putting on a sneer; it was only then they realized that everything had been in accordance with Lin Fan's expectations.

No wonder!

How could they even have thought of something that their leader could not?

It was impossible that their brains were better than the Dark Emperor's, who had single-handedly suppressed the warlords.

It was then when the Four Great Masters had all burst into laughter. However, their laughter was filled with a

Chapter 588 | Shall Not Grant Their Wish!

touch of bloodiness.

“The Wang Family and the Lin Family sure have a tight bond of master and servant. Even if they fall into immense misery, they will still have to help the Lin Family get rid of the thorn in their flesh!”

“Hahaha!”

Even Lin Fan had joined in the laughter; it was as if he had heard something that interested him.

“That’s right. A tight bond between a master and a servant indeed! They are deliberately planning on something. I, Lin Fan... will never grant their wish!”

A killing intent dissipated!

They were still thinking of escaping to the overseas after offending the Dark Emperor!

The Wang Family was certainly naive!

At that point in time, there was a crowd of people gathering at one of the piers in Jiangnan Province.

All of them seemed joyful but hideous at the same time.

“How did it go?”

An old person took the initiative to ask about the matter. He had an imposing manner just like an old, majestic lion.

He was the leader of the Wang Family, Wang Shouzheng!

“Don’t worry about it, Grandpa! I’ve let my men take care of that matter. Lin Fan and his family will definitely die tonight!”

“Moreover, I’ve followed everything that you’ve instructed. I’ve torn them into pieces!”

Humph!

Wang Shouzheng snorted after hearing

those words.

“You little abandoned brat, how dare you come against the Wang Family. You’re in search of your own death!”

“Mingzhe, I’ve avenged you! Oh God, may you rest in peace!”

Everyone in the Wang Family had a joyous look on their face upon hearing that.

To them, both Lin Fan and Bai Yi were dead meat.

It serves them right!

They were all anxious to tear Lin Fan and his family members’ bodies apart for offending the Wang Family. Not only had they ruined their reputation throughout the entire China, but Lin Fan had also forced them to flee Jiangnan Province and hide abroad.

“Despite this escape, the former subordinates of the Wang Family in

Jiangnan Province did not even bother to lend us a helping hand after knowing that we've put Bai Yi to death!"

"They're all being ungrateful. Without the years of cultivation from the Wang Family, they wouldn't have reached their current standing at all."

"There's nothing to be afraid of this promiscuous wh*re. They are a bunch of cowardly bandits!"

Wang Shouzheng had a sullen look on his face as he heard what was being said.

"By killing Lin Fan—that scumbag—we will be granting the Lin Family their wish. We're currently the Lin Family's greatest savior!"

"It's just a matter of time for us before we make our return. After everything has settled down, the Wang Family will still remain the Wang Family of Beijing. By then, we will make them pay one by one."

Members of the Wang Family sneered after listening to Wang Shouzheng. Because of the Lin Family, they had no choice but to leave the Jiangnan Province. How could the Lin Family ever treat them ungenerously?

By the time they returned to China, they would be prompted to a higher rank and would achieve astonishing triumphs.

Wang Shouzheng glanced toward his children and grandchildren upon his eyes.

“All of you don’t have to worry. I’ve contacted the Lin Family, and they will arrange vessels for us to smuggle ourselves. It won’t take long,” said Wang Shouzheng laughingly.

The Wang Family was triumphant after hearing that. As long as they were able to escape abroad, the officials in China would not be able to lay their hands on them.

They had sold-off their properties

“All of you don’t have to worry. I’ve contacted the Lin Family, and they will arrange vessels for us to smuggle ourselves. It won’t take long,” said Wang Shouzheng laughingly.

The Wang Family was triumphant after hearing that. As long as they were able to escape abroad, the officials in China would not be able to lay their hands on them.

They had sold-off their properties

before transferring them overseas. Once they had reached the other end, they would still be able to live a prosperous life.

It would be unfortunate for the useless son-in-law and his family; they could only die in injustice.

“Why hasn’t my third son returned?”

Wang Shouzheng asked in an impatient manner. His third son had gone to arrange for the assassination of Bai Yi and her family, but he had yet to return.

“Don’t worry about it, father! Bai Shan has mentioned before that he will show you a video recording of Lin Fan and his family being tortured to death in order to dispel your hatred!”

“Moreover, I’ve heard about Bai Yi; the useless son-in-law’s wife is a beautiful woman. I suppose that Bai Shan must have wanted to try something else—he’s probably trying to satisfy his sexual desire!”

A sly sneer appeared on Wang Shouzheng's face after hearing that.

"Well done! I must see for myself how terrible that b*stard would end up after ending my grandson's life!"

Just then, someone yelled loudly. "The vessel is here!"

It had astonished everyone in the scene!

Everyone looked toward the vessel with a cheerful look on their faces; it was as though they had witnessed the dawn of victory.

Every single one of them thought that it was the Lin Family's vessel that had been arranged to rescue them.

However, it turned out to be quite different from their expectations; Wang Shouzheng shivered after he had seen the immense shadow, and his face had turned ashen!

"The G-Goring Dragon Warship!"

The Wang Family thought that this warship was sent here to escort them overseas.

However, it was only after the warship had closed in when they realized that it was covered in blood red paint. It had an unordinary appearance, sporting a luxurious dragon shape.

It was immense in size, and everyone felt in shock as if they were looking at a mountain closing in toward them!

In particular, the roaring sound it made was just like an enormous dragon's roar. It was extremely majestic!

"The Lin Family sure is generous; they had actually sent a warship to escort us overseas."

People of the Wang Family had no idea of what the current situation was about. They were excited as they really thought that this warship was here to escort them.

However, it was only then did they notice Wang Shouzheng lying on the ground in a terrified manner. He did not seem excited at all; instead, his expressions were filled with absolute despair.

“Father, the Lin Family has come to rescue us. Why do you have such an expression on your face?”

Rescue us?

Wang Shouzheng burst into laughter as he shook his head.

“They’re not here to rescue us—they’re here to kill us,” said Wang Shouzheng while the old man wept bitterly.

What?!

The expressions on the people’s faces changed abruptly after hearing the words he said. All of them then yelled at once.

“Isn’t this the Lin Family’s warship?”

Wang Shouzheng forced out a smile. His appearance was as though he had instantly aged several years.

“This warship is called the Goring Dragon Warship. It’s a warship from the Underground!”

The Underground!

The two words struck them like lightning.

The color from everyone’s faces drained immediately.

All of a sudden, their joy had turned into extreme sorrow!

The Underground was currently in a battle with the Lin Family. With the Wang Family being a loyal pet to the Lin Family, the Underground would be more than happy to get rid of them.

However, none of them knew why the Underground would show up right in front of them.

Everything that they had planned that day was top-secret; no one other than the Lin Family and themselves knew about it.

As soon as the Goring Dragon Warship had docked at the pier, countless Blood Shadows dashed out from the warship as they befell at the scene.

At that moment, a brutal voice could be heard; it made members of the Wang Family fall to the ground in terror.

“Jiangnan isn’t a place where the Wang Family can simply come and leave!”

The Wang Family was shocked to see an immense shadow walking out from a crowd of people.

The entire Wang Family knew that there was no escape for them after seeing the greatest slaughterer of the Underground.

“W-What exactly is going on?”

Wang Shouzheng immediately burst into cold sweat while looking at the God of Blood Prison with an astonished look on his face.

The Underground was able to coexist with the Lin Family, but the Wang Family did not even qualify to look at them straight in the eye, let alone stand on par with them.

Why would the Underground make much ado by sending the Goring Dragon Warship in order to take down a swarm of ants like them?

At this moment, Wang Shouzheng shouted out in total misery, "God of Blood Prison, every wrong has its cause. The Lin Family are the ones who have offended the Underground; the Wang Family has never offended the Underground. Why are you putting us in such a tough spot?"

The God of Blood Prison sneered after hearing his words. He stared dead at him with a gruesome look.

“You bore the intention to assassinate the Dark Emperor’s family. How dare you say you’re innocent?”

What?!

There was an immense change in Wang Shouzheng and everyone else’s expressions again after listening to the God of Blood Prison. *Intention to assassinate the family member of the Dark Emperor?*

How was that possible?

“Stop bluffing! You’re framing me. Even if the Wang Family had the guts, we would not dare to do such a thing to the Dark Emperor!”

Wang Shouzheng yelled furiously; it was absolute nonsense. To him, the God of Blood Prison was trying to frame him on purpose.

It was then when a teasing voice was heard from another direction.

“Don’t worry, I won’t let anyone from the Wang Family die a wrongful death!”

Huh?

Everyone turned their heads all at once after hearing this voice.

Afterward, their eyes nearly popped out!

“L-Lin Fan?”
