

Everyone was petrified, and their gazes were full of terror. *This person should have been dead by now. How did he show up here?*

The moment Wang Shouzheng saw Lin Fan, his muddy eyes had instantly contracted. He was feeling uneasiness in his chest! Was Lin Fan not dead? He even called upon the Underground to help him round up the Wang Family, sparing no one at all. How could an abandoned, useless teenager possess such capability? Impossible! This was simply impossible.

Wang Shouzheng immediately yelled out, "Lin Fan, who exactly are you?"

Lin Fan ignored him completely as he slowly strode toward him. The Wang Family could feel Lin Fan's intention to kill them at this moment. They were all staring dead at Lin Fan, feeling extremely desolated inside. It was until Lin Fan had stood right in front of Wang Shouzheng when he looked into his eyes with a sharp gaze!

At this moment, Wang Shouzheng was trembling. He had never seen such a majestic look; it was as though he was an emperor who was kept in a prominent position and could easily decide one's death! Wang Shouzheng did not even dare to look straight at him. *Impossible! How could this brat possess such horrifying dominance?* It had totally suppressed his imposing manner as an overlord.

Lin Fan finally spoke up sneeringly, "You once looked at me with this sort of gaze; in your eyes, my mother and I were just like animals which you could anyhow beat us up! However, have you ever thought about being treated like a nobody by the person you once saw as an animal?"

Wang Shouzheng instantly felt his mind being struck by lightning after listening to him; he was tense throughout his entire body. He understood him. He finally understood everything. However, getting the idea did not mean that he was able to accept the fact! Wang

Shouzheng was already weeping in tears at this moment. He then started yelling at Lin Fan in distress, "Impossible! You must be lying! You, this is impossible!"

What?! The people of the Wang Family were feeling extremely uneasy after watching him acting like that! None of them had any idea of what Wang Shouzheng had just realized!

Just then, Lin Fan put on a sly grin before he let out a roar. "Tell them who I am!"

All the leading roles of the Underground were all kneeling upon Lin Fan at this moment!

"You are the King of Blood Prison, the Dark Emperor!" Countless cheering sounds reverberated throughout the whole scene! Hundreds of the Underground armies kneeled before Lin Fan all at once. It was a grand and spectacular scene!

As soon as they heard that, the Wang Family had fallen into total despair. Wang Shouzheng, along with his children and grandchildren, all had their eyes popped out and had nearly gone mad! What did they see? What did they just hear? With the God of Blood Prison taking the lead, the Underground armies were actually kneeling before Lin Fan as they addressed him as the Dark Emperor?

Every single person in the Wang Family had a ghastly pale appearance; they dropped to the ground as their legs gave way out of terror. They were putting on looks with dull eyes as if they had lost their soul. They were astonished as they looked at Lin Fan, completely petrified! Lin Fan was actually the King of Blood Prison? He was the person known as the greatest man alive; the person who owned 100 thousand troops of armies? How could this be possible?!

Cold sweat trickled down their foreheads profusely. The Wang Family

realized that they had just made their greatest mistake; it would be impossible for them to escape their fate today. Why were they even thinking about laying their hands on Lin Fan? They were only in search of their own deaths!

However, Wang Shouzheng then yelled in rage before he sneered, "What are you all worried about? The Lin Family won't just sit back and remain indifferent! They will come and rescue us! What more can the Dark Emperor do anyway? At the most, it will be a life-and-death struggle!"

As soon as he finished speaking, sounds of helicopters rumbling above them could be heard! Countless blazing lights came shimmering followed by troops of armies dashing forward from afar. They were carrying loaded guns when they completely rounded up Lin Fan and the others at the scene. The Wang Family, who was initially hopeless, had their hopes back up again after witnessing the current situation.

They all burst into laughter!

“It’s the Lin Family—the Lin Family has come to rescue us!”

“Hahaha, Lin Fan, every cloud has a silver lining. It’s never that easy to destroy the Wang Family!”

Wang Shouzheng instantly burst into pleasing laughter. At the same time, he was staring dead at Lin Fan. “So what if you’re the Dark Emperor? You’ve invaded China a couple of times now without permission. Today is the end for you!”

However, Lin Fan simply shook his head, grinning in a sly manner. “What a foolish person you are—your crime deserves more than death.”

Deserves more than death? Everyone from the Wang Family instantly put on a sneer. Would it be possible for Lin Fan to kill them in front of China’s official personnel? Did he really think that he was invincible?

“Lin Fan, are you referring to yourself?” Wang Shouzheng laughed heartily as he had a gruesome look on his face. Everyone from the Wang Family was extremely pleased. Especially when they had seen the badges that the troops of armies were carrying, they were terribly shocked!

“It’s the Dragon and Tiger Legion—it’s Lin Zuo’s troops of armies! Did Lin Zuo come along as well?” Wang Shouzheng and the others were agitated the moment they saw them. With the help of Lin Zuo, even if Lin Fan really was the Dark Emperor, he would not be able to do them any harm.

Moreover, once Lin Fan had offended the official personnel of China, it would not be possible for them to let him stay in China ever again. Wang Shouzheng put on a grin filled with bad intentions after hearing those words.

“Lin Fan, the Wang Family has looked down on you this time for not having to kill your entire family! However, you

won't be this fortunate next time round! Unless you've tied them to your waist, I will grant big rewards to retrieve their heads after I've gone overseas! As for your wife, I will order my men to rape her till she dies. Hahaha!"

Two sounds of snorts sounded simultaneously right after Wang Shouzheng had finished speaking. "You have no chance!"

Two silhouettes paced toward them with troops of armies following behind their backs. The immense aura was profound and domineering!

Huh? The crowd was startled the moment they saw the two men appearing in sight. It was actually the Gods of War? Even the Gods of War had come forward, which meant that Lin Zuo must be here as well!

Wang Shouzheng was startled at first before he laughed once again after hearing that. "Lin Fan, did you hear that? Even the Gods of War—who are the

subordinates of Lin Zuo—said that you have no chance! You're dead meat today!"

Right when the Wang Family thought that Lin Zuo was about to destroy Lin Fan, they were shocked to witness the Gods of War pacing toward Lin Fan before they kneeled down upon him. "We've arrived, Lin Zuo!"

Silence reigned in among the crowd right after the Gods of War had said that. The smiles on members of the Wang Family froze in place. *L-Lin Fan, Lin Zuo? Impossible! It's not true! It can't be true!*

Everyone from the Wang Family was terrified and horrified to death! Lin Fan was the Dark Emperor, so how did he become Lin Zuo all of a sudden? Their hopes had vanished! The Wang Family, who thought they had seen newfound hope, ended up in total despair! Every one of them nearly passed out due to the terror. The mysterious Lin Zuo was actually Lin Fan?

Wang Shouzheng, who had only just picked himself up, took a few steps backward right away. He could only feel a sense of terror when he landed on his backside. Which petrifying figure had he actually offended? He then looked at Lin Fan in utter disbelief. "Are you really Lin Zuo?"

Lin Fan smiled in a disdainful way before he raised his head and said, "I'm Lin Zuo, but I'm not just Lin Zuo."

What?! Wang Shouzheng's expression changed abruptly. This brat in front of him not only had the identity of the Dark Emperor and Lin Zuo, but other identities as well? Immediately, Wang Shouzheng forced out a smile of hopelessness. "The Lin Family has indeed driven out a monster!" He started to weep tearfully as he raised his head and yelled, "It's over now! It's the end for the Wang Family!"

Initially, they were only one step away!

The Wang Family was only one step away from leaving the country and living a carefree life, but they had offended such a monster!

Lin Fan was here for revenge!

Everyone in the Wang Family finally understood that Lin Fan was here for revenge; the devil wanted to kill those who insulted his mother and him in the past!

This was retribution!

At that moment, all the Wang Family members sat on the ground in a daze, feeling agonized.

They were all aware of their fate!

However, seeing Wang Shouzheng's miserable look on his face, Lin Fan didn't feel any pity in his heart.

In the very next second, a brutal smile

appeared on Lin Fan's face as he said, "It's not that God wants to destroy your family, but I want to! I want the entire Wang Family to be extinct! Leave none alive and kill them all!"

Gunshots were fired with a *bang!*

With that, sounds of wailing and bloodshed ensued!

Looking at the Wang Family members who were crying their hearts out, Lin Fan had a look so indifferent that it sent a chill down others' spines.

When everything finally fell into silence after a long time, Lin Fan heaved a sigh like a king and said, "I just want a place to call home; why can't you even accommodate me? In that case, I have to try and see if the so-called Lin Family is really invincible!"

Lin Fan resolutely turned around and looked around the crowd before saying, "Let everyone know that Lin Zuo will hold a banquet in Jiang City of Jiangnan

in a week's time to gather all the heroes of the world!"

He wanted to recruit people to exterminate the Lin Family!

...

This news instantly caused a sensation throughout Jiangnan!

Was the mysterious Lin Zuo finally showing his face?

This was unbelievable, and everyone found it hard to believe!

At the moment, the whole Jiangnan was seething with excitement; all the powerful people were heading to the banquet venue in Jiang City of Jiangnan as fast as they could!

Many of them booked a hotel a week in advance; they were all afraid of missing the opportunity to meet Lin Zuo.

Other than Jiangnan, all the powerful

people in all parts of China had also flocked to Jiang City like crazy.

They all had the same hope of being favored by Lin Zuo; that way, their family would become prosperous and be prompted to a higher rank!

Hence, all of them wanted to try their luck in Jiang City!

Even all the wealthy families in Beijing had sent their eldest sons to Jiang City just to seize the opportunity of working with Lin Zuo.

This was also a golden chance for the wealthy elites; whether they could climb higher on the social ladder depended on whether they could be favored by Lin Zuo!

...

Meanwhile, Bai Yi also took Lin Fan and rushed to the place where the banquet was being held, waiting for Lin Zuo to come!

“Lin Zuo is finally showing himself after having helped our family so much! I must thank him well!” said Bai Yi with gratitude and joy on her pretty face.

To her, Lin Zuo was their savior who had saved them more than once.

However, he had never asked for anything in return, let alone reaching out for any help!

This made Bai Yi feel very guilty!

“That’s right, you’ll be able to see him soon!” Lin Fan replied with a smile. He planned to show his cards today!

That way, Bai Yi would know that her man was the powerful Lin Zuo!

The most prestigious private club in Jiang City was called Phoenix Club. It was a very exclusive entertainment spot which wasn’t necessarily open to all the rich elites; only some dignitaries were qualified to visit.

However, as soon as Lin Fan and Bai Yi entered, a harsh laughter was heard coming behind them.

“Oh, isn’t he the good-for-nothing named Lin Fan?”

Huh?

Lin Fan and Bai Yi turned their heads together and saw a group of young masters walking toward them in strides; they all had a look full of ridicule and disdain on their faces!

When Lin Fan saw the woman standing in front of the pack, his eyes shrank in disbelief as he said, “Zhao Wanzhi?”

“Wanzhi, this trash still remembers you. It seems like he still has feelings for you.”

A man walked out of the crowd and stared at Lin Fan maliciously.

“Shut up, Wang Yun! How could I possibly be attracted to this kind of

trash?”

Zhao Wanzhi suddenly sneered while looking at Lin Fan with deep contempt.

“Lin Fan, I haven’t seen you for a long time, but you are still so useless!”

At that moment, Lin Fan also darkened his face.

Wang Yun!

Zhu Yiqun!

Feng Shaoting!

All of them were the sons of several big, wealthy families in Beijing; they were also the ones who had abused him back in the Lin Family, but they were all standing right in front of him.

Zhao Wanzhi was his ex-fiancée who used to be engaged to him when they were kids. She was only about eight years old at that time, but she was extremely evil hearted.

Together with a group of children, she had actually beaten 10-year-old Lin Fan until he vomited blood and lost consciousness before throwing him in a dry well; Lin Fan would've been dead if someone did not discover him.

Needless to say, Lin Fan did not expect his former enemies to appear in front of him as a group.

They must have come to join Lin Zuo's banquet!

At the moment, a cold arc formed at the corners of Lin Fan's lips.

It looks like things have become interesting.

"Who are they, Lin Fan?" Bai Yi couldn't help but ask Lin Fan after sensing their ill intentions.

However, Wang Yun spoke up arrogantly before Lin Fan could answer, "We are his nightmares, because he will be out of luck as soon as he meets us!"

These young masters were still as arrogant and domineering as before, and they assumed that Lin Fan was still the piece of trash they could simply insult like before.

Therefore, Wang Yun looked directly at Lin Fan in a condescending manner and said, "Kneel down, Lin Fan!"

As soon as he finished speaking, the atmosphere around them changed instantly!

"You still remember the good ol' days, Young Master Wang? Are you taking Lin Fan on a trip to relieve his childhood?"

"You're crossing the line, Wang Yun. He's a married man, and yet you ask him to kneel in front of his wife; aren't you killing his ego?"

"Do trash have ego?"

Hahaha!

All the young masters suddenly burst

out laughing; it was as if they had returned to the days when they bullied Lin Fan together.

With a look of contempt on their faces, they looked forward to seeing Lin Fan making a fool out of himself again!

“What’s the point of kneeling? Lin Fan, ask your wife to sleep with me, and I will consider letting you off!”

With a chilly aura in his eyes, Zhu Yiqun sneered and said, “I think you wouldn’t refuse me, would you?”

At that moment, Bai Yi’s face darkened. These people were more shameless than she had imagined.

They had actually asked Lin Fan to kneel, and even wanted her to sleep with them!

They were trying to put Lin Fan under their heels!

“Who are you guys? What did Lin Fan do

for you all to humiliate him like this?”

With that, Bai Yi glared at Wang Yun and the others.

Huh?

Her words stunned the young masters, but they soon burst into laughter.

“He didn’t offend us, but does that mean we cannot humiliate him?”

“Aren’t trash to be trampled underfoot?”

They spoke so self-righteously as if Lin Fan was born to kneel before them.

“You guys!”

Bai Yi’s face was extremely sullen. It was the first time she had met such unreasonable people.

Walking up with a smile, Zhao Wanzhi stretched out her hand to Bai Yi and said, “Let’s get acquainted, Miss Bai Yi. My name is Zhao Wanzhi, the eldest

daughter of the Zhao family. Our family owns a leading enterprise in the transportation industry in Beijing! I'd suggest you stay away from this trash and not be nosy; we don't want to hurt the innocent!"

However, Bai Yi slapped her hand away and said coldly, "I don't care who you are; I only know that no one can insult my husband in front of me."

Bai Yi did not have a good opinion of these people in front of her.

Huh?

Being rejected by Bai Yi, Zhao Wanzhi looked very grave; it seemed like a trace of anger had appeared in her eyes.

"Bai Yi, everyone in Jiangnan knows that you are a promiscuous sl*t who climbed to your current position by getting into bed with all the powerful people. Isn't it shameless for a b*tch to maintain a good image?" said Zhu Yiqun. He snorted coldly all of a sudden,

getting angry on the spot upon seeing Bai Yi being so insensible.

“How dare you—a shameless sl*t—be disrespectful to Young Mistress Wanzhi? You must have a death wish!”

However, as soon as Zhu Yiqun finished speaking, a kick landed hard on his chest.

He was almost immediately sent flying through the air and landed on the ground with *abang*, passing out completely from it.

What?!

At this moment, everyone was dumbfounded; they all then stared at Lin Fan with angry looks on their faces!

How dare this piece of trash hit people?
