

“OMG! Young Master Peng!”

A few pretty ladies who were eating at Texas Chicken were stunned by the romantic scene in front of them.

No girls would hate romance; in fact, almost every girl had imagined a romantic scene like his happening to them for countless nights.

They yearned for their prince charming to kneel in front of them, with a bouquet of flowers in his hands and confess to them.

As if there was an iceberg in their hearts which froze their burning desire within, they yearned to meet a man of their dreams in the future who would use different methods to melt it.

Every girl had such fantasies.

Now, as this scene unfolded in front of everyone's eyes, the girls seemed to be ignited by the atmosphere and looked at them in envy and jealousy, such as Yao Yuanyuan and the other girls.

Even though they were excited, they were sensible enough to leave an empty space for the two of them.

Some of them even took out their phones and started recording furiously.

Shen Nan was the only one who sat there, looking very uneasy. She gently brushed her hair behind her ears, and her beautiful face had a tinge of blush.

"What are you going, Wang Peng?" she asked shyly.

"Shen Nan, you know my feelings. I've liked you for a long time, and I swear that I will spend the rest of my life protecting and taking care of you. Can you please be my girlfriend?" Wang Peng asked seriously.

"OMG!"

The atmosphere reached a small climax as everyone started chanting, "To-ge-ther! To-ge-ther!"

A look of confidence flitted across Wang Peng's face.

"I've already told you! I have no plans to be in a relationship with anyone right now!"

However, Shen Nan did not appreciate his efforts. Her face was getting heated up, so she stood up and left after taking her bag with her.

“Shen Nan! Shen Nan!”

Wang Peng had never expected that Shen Nan would leave just like that, hence his face was filled with humiliation.

It was as if the vibrant roses were also laughing at him.

Sigh!

After throwing the flowers on the floor harshly, Wang Peng rushed out to chase after Shen Nan; he was unwilling to accept the result.

Meanwhile, Yao Yuanyuan and the rest of them followed suit to watch the drama between them.

“Go away!”

When they were passing by Chen Hao, Yao Yuanyuan even pushed Chen Hao away in disdain.

If Shen Nan’s mood wasn’t ruined by this brat, perhaps she would have agreed to Young Master Wang’s proposal by now! the girls thought.

“Have you seen that? Shen Nan is very difficult to court. Even a man like Young

Master Wang who is so rich and so outstanding is rejected by her! How dare someone like you ask for her phone number? You better get away from her!" a girl said rudely after rolling her eyes at him.

All of them left right after.

Sigh!

Chen Hao heaved a long sigh in his thoughts. Since when do I want to court Shen Nan? I merely wanted to explain everything to her, and become friends with her so that she could give me a drop of her extreme Yin blood.

Now that it's getting more and more troublesome, great! he thought sarcastically.

While Chen Hao was hesitating if he should chase after her and pester her right now, three-four young men were sitting behind him and drinking some coke.

They looked like onlookers who just witnessed the entire scene calmly.

"Boss, have you seen him? I assume this guy also wants to court the girl named Shen Nan, but his reflexes are slower, and got beaten to the punch by Wang Peng. He must be in deep regret right now! Ha-ha!" One of

them laughed.

“F*ck! It makes me so angry seeing useless guys like him, and I just feel like hitting him. You have to be brave and thick-skinned chasing after girls. You’ll meet all kinds of girls!” another young man said.

“What’s up, Zhang? Why don’t you teach him? I heard you were a casanova back in your university days!”

Just then, the leader of their group patted Zhang’s shoulders.

However, with eyes on Chen Hao’s back, a peculiar expression flitted across his eyes.

“Hmph! So I will! Do you believe that in three moves, I’ll make him pick that girl up? Wanna bet ten meals?” Zhang said.

“I don’t f*cking believe! But be careful. This guy is heartbroken right now. If you approach him now, he would probably punch you! And of course, if he agreed to be taught by you, I’ll buy you ten meals!”

Another young man chuckled.

“Punch me? I’ll let him f*cking attack by ten moves first!”

With that, Zhang stood up and walked toward Chen Hao as he was about to leave.

After all, he had to find Shen Nan first.

“Hey, stand right there!”

Suddenly, someone approached him from behind.

And Chen Hao clearly felt that one of his hands was trying to pat on his shoulder heavily.

Subconsciously, Chen Hao’s self defence mechanism kicked in.

As soon as the man’s hand landed on his shoulder, Chen Hao slightly vibrated his shoulder.

Bang!

The force that Zhang wanted to place on Chen Hao’s shoulder rebounded.

His figure moved and he was sent flying backward, crashing around ten pairs of tables and chairs.

“what the f*ck?”

Zhang was thrown off his feet, and his entire

arm was numb.

At this moment, the other two men's expressions changed as they stood up.

They knew Zhang's abilities. He was not exaggerating that he would let a normal person attack ten moves first.

This guy is so strong!

The eyelids of the leader and the rest of his men were fluttering furiously.

"You brat! Stand right there! You wanna run away right after hitting us?"

While they were speaking, they caught up to Chen Hao and wanted to catch him.

However, Chen Hao used their force with some of his own, and threw them out of Texas Chicken.

They were all thrown on the floor in a complete mess.

"Useless!" Chen Hao said coldly, about to leave before even looking at them.

"Y-Young Master Chen?"

At this moment, the leader of the group had

a clear look at Chen Hao and asked him in shock, not even moving a millimeter.

Listening to his voice, Chen Hao jolted and turned his head.

After looking at this person, excited smiles suddenly appeared on Chen Hao's once indifferent face.

"Xiaofei?"

"Young Master Chen! It really... is you!"

The person in front of Chen Hao was Bai Xiaofei who joined the army.

Bai Xiaofei jumped excitedly upon seeing Chen Hao.

"Xiaofei, it's been so long!"

Chen Hao was extremely shocked after meeting his old friend.

Both of them gave each other a big, bear hug. After all, they hadn't seen each other in two years, and Bai Xiaofei was so excited that he was at the verge of tears.

It seemed that Bai Xiaofei joined the army because of the Mo Jian case in Jin Ling.

In the army, Bai Xiaofei who had good basics had great improvement and joined the training of the Special Forces after his introductory training.

The reason why he was back to Jin Ling now was because he had some mission to carry out here.

When he was on his mission, he decided to stop by Jin Ling College to eat something, hence the scenario happened just now.

"At that time, everyone thought that something happened to you! And Jin Ling even changed drastically. I just came back the day before yesterday and heard some rumors. Initially I wanted to ask Manager Li about your whereabouts, but he went to Willow City on a business trip!" Bai Xiaofei said excitedly.

They went back and sat down at Texas Chicken again.

It had been two years since they last met. Looking at Bai Xiaofei right now, he became tanned and more muscular. The impulsive behavior that he had when they hung out was replaced by maturity and steadiness.

He even became the leader of his team, it was quite something.

Chen Hao was very happy to see his good friend's growth, and they naturally had a lot to talk about.

After chatting for a long time, Bai Xiaofei then looked at Chen Hao and said, "Bro, this is not steady of you! So many other bros were worried for you for nights, but when you came back, you didn't inform us at once. Yet you come to Jin Ling College to pick up girls!"

"You know me well—I'm in no mood to date anyone right now. However, I do have something that I need this girl to help me willingly." Chen Hao laughed bitterly as he shook his head.

He didn't speak about the extreme Yin blood type as he didn't want Bai Xiaofei to worry about him.

Both Bai Xiaofei and Yonghao helped him too much. Now that they had finally settled down, Chen Hao didn't want to involve them in his troubles again. Hence, he only told him the gist of the background story.

"Ha-ha! I see! This is easy, bro! Don't you know that picking girls up is my specialty?" Bai Xiaofei laughed.

"I don't want to pick her up, but to ask her to help me willingly!" Chen Hao said exasperatedly.

"I understand. This is almost the same as picking her up!"

"Luckily I met you! I know you have a lot of ideas in your mind. Help me think of one! My time is running out, and she misunderstands me now! I don't even know what to do!"

Of course, Chen Hao had his shortcomings

too; he wasn't good at picking up girls.

When he was in school, he was a decent student with a low self-esteem. He would even blush when he talked to girls.

His relationship with Yang Xia was just pure coincidence.

Hence, now that he had to win over Shen Nan's heart without any experience, it was harder than anything else.

"No problem with that, bro. But I've met something rather tricky on my end too. I have a mission to catch a guy who's as slippery as an eel. We've caught him several times but he always gets away right in front of our eyes. Now we've already trapped him in Jin Ling and we're still looking for him." Bai Xiaofei sighed.

Chen Hao had no doubts against Bai Xiaofei's genuine feelings toward him, and he could also see that Bai Xiaofei was very exhausted dealing with that man.

He then laughed wryly, "Just now, I saw that your skills are already quite good. What does he do that he is able to escape in front of you guys?"

Upon hearing Chen Hao's words, Bai Xiaofei

blushed in embarrassment.

My skills are good? When we met just now, I couldn't even fend off your attacks.

Bai Xiaofei then said, "This man is actually a beast. He's a rapist, and he's done many cases. As there aren't enough people to arrest him, we are moved to this team here! Actually, it's not difficult to find him. What's difficult is to catch him. Our current strategy is to cast a net and lure him into our net."

After hearing Bai Xiaofei's explanation, Chen Hao smiled and said, "Alright. If you can find out his location, I'll take care of him and catch him!"

"Oh my god! For real? You would help us?" Bai Xiaofei asked in surprise.

"Well, of course! We're arresting a criminal here. We're contributing to society, so I'm more than willing to do so!" Chen Hao said, smiling.

At this moment, Bai Xiaofei's walkie talkie beeped, and a message was reported.

"Calling number one, calling number one! We've discovered Wang Meng at Jin Ling Northern Street trunk road. He's done another case by kidnapping two girls and

stealing a car. He's heading toward Southern Street right now. The headquarters command your team to head to Southern Street to assist them right now. Over!"

"Roger!"

Bai Xiaofei and the other two men stood up.

"Bro, we've found him!"

"Good. Let's get going now!"

Since Chen Hao had found where Shen Nan was located, he was not worried that she might run away.

But to ask for her forgiveness in such a short time, and for her to give him a drop of her extreme Yin blood willingly, he had to depend on Xiaofei's idea.

But of course, the reason for helping Xiaofei wasn't just because of such matters.

Seeing that his bro was in trouble, Chen Hao would put in his efforts to help him without any hesitations.

This was how the 'net' strategy worked—once the target was getting near into the net, they would immediately tie the net up.

The location for the net right now was the Southern Street,

Xiaofei drove very fast; they soon reached the Southern Street in five minutes.

At the same time, many personnel were heading toward the Southern Street as there were greatly insufficient people here—only five of them.

“How’s everything?”

After they got out of the car, Bai Xiaofei met his colleagues.

“We’ve already locked in to Wang Meng’s targets. Not long after, he will rush to the Southern Streets, and we’re going to stop him here. How come there’s only three of you? I thought you’ve got an assistant?”

A tall and slender woman, who was the team leader, looked at Xiaofei and asked him.

Chen Hao only came out of the car now, as he was in the car observing the geography of the surroundings just now.

If they wanted to block him there, they had to understand the geography so that they knew possible routes for the rapist to escape.

Even though Chen Hao was very skilled, and had confidence in himself, he heard from Xiaofei that the target was extremely sly.

Chen Hao also dared not to be too careless. One had to put in extra efforts especially in helping friends.

After all, he couldn't use his Inner Energy right now. Otherwise, even if the culprit got a few kilometers head start, he could finish him off in just a few seconds.

After he recorded everything down, Chen Hao only then walked out of the car.

"Chen Hao? It's you?"

However, as soon as Chen Hao got down from the car, the woman who was standing beside Bai Xiaofei looked extremely shocked.

At the same time, another young man with a hint of jealousy in his eyes came next to the woman.

Hu Huimin? Shen Junwen? looking at them, Chen Hao thought exasperatedly.

The world was too small indeed.

Their last encounter was a year and a half

ago, when he pretended to be San to obliterate the Situ Family.

At that time, Hu Huimin and Shen Junwen's mission was to investigate the evidence of the crimes done by the Situ Family.

After Chen Hao saved the people there, he then burned down the Situ Family's mansion. He also packed the evidence into a big bag and sent it to Hu Huimin with a note saying 'To Hu Huimin' on it.

He considered this helping his old classmates along the way.

Since then, they separated and Chen Hao never asked about how she was doing after that.

He didn't know that she came back and even got promoted!

On his other side was Shen Junwen.

Both Hu Huimin and Shen Junwen knew about Chen Hao, especially for Shen Junwen, it was like a slap on his face.

Their re-encounter right now brought back some traumatic memories of Shen Junwen's childhood.

"Chen Hao, it's been a long time. Only after I came back that I knew that you left your family and landed in some troubles later on. I didn't expect you to be safe and sound right now!" Hu Huimin said, looking at Chen Hao in surprise.

However, the surprise wasn't as big as the moment she knew his identity.

She then spoke to him in a superior tone, "What are you doing now?"

"I'm not working right now. I came back to run some errands, and help Xiaofei along the way!" Chen Hao said, smiling wryly at her.

"Help?" Hu Huimin and Shen Junwen were shocked at the same time before looking at Bai Xiaofei in unison. "H-He's... not the assistant you mentioned, is he?"
