

"Hey, Xiaofei! Over here!"

After a while, Chen Hao, Bai Xiaofei, and Tie Cheng came downstairs.

The girls had also caught sight of the three of them.

Hurriedly, they waved and greeted Bai Xiaofei.

The leader amongst these girls was named Wang Lijie. She and Bai Xiaofei had both graduated from Jiang Nan College.

After graduating, she went back to her hometown, Thai City, to work.

However, she had stayed in contact with Bai Xiaofei.

All of those girls were extremely attractive, but one could still roughly rank them.

Wang Lijie could be ranked at number two.

That was because, among those girls, there was a long-haired girl with an even nicer figure. Tall with jade-white skin, some light makeup adorned her features.

When she smiled, it seemed to make everything around her freeze in place.

Some of the men at one side waiting for the bus had taken out their phones with malintent, and the girl they took the most pictures of was that tall, beautiful girl.

Her name was Zhang Xuefei, and she was Wang Lifei's childhood friend and current bestie.

Today, all of them had come out to have fun together, and they were prepared to follow Bai Xiaofei's lead and join the celebration today.

If it wasn't for Bai Xiaofei meeting Chen Hao halfway and wanting to talk about the old days with him, the others would have reached the celebration by now.

"These are the two handsome guys you were talking about?"

Wang Lijie had always been a rather straightforward person. When she watched Bai Xiaofei walk over with the two 'handsome men' the girls had been so expectant about, a flicker of disappointment flashed across her pretty

features.

One of them had a stony expression, and he seemed very aloof and even slightly intimidating.

This was far from what she had imagined a 'handsome man' to be.

As for the other man, he looked pretty normal, though he did have a rather attractive appearance.

However, he didn't have the same wild and handsome vibes of an outgoing young master like Bai Xiaofei. Instead, he radiated a sort of elegance.

This was also pretty different from her expectations.

Obviously, this sort of man was more suitable as a husband and not a boyfriend.

How boring! Some of the girls thought at the same time.

"Alright, what are you all looking at?" Bai Xiaofei didn't think about it much, since he was already very happy at the rare prospect of getting to hang out with Chen

Hao again.

All of them chatted on the way.

Thus, they reached the location of the celebration.

Chen Hao had noticed how most of the girls focused their attention on Bai Xiaofei.

None of them spared a second glance for himself or Tie Cheng.

What, exactly, was the reason?

It was Tie Cheng's appearance that had scared them away.

As for himself, he was too honest.

However, Bai Xiaofei had always had that reckless, wild personality.

This naturally brought attention to him.

However, it didn't matter that the girls weren't paying attention to the two of them. Chen Hao had come out to have fun with his close friends before heading to the Ancient City tomorrow.

He wasn't here to find a girlfriend!

The celebration was held at the largest hotel in Thai City.

Under the influence of the Gu family of Ancient City, the people of Thai City all enjoyed martial arts and liked watching fights and boxing matches.

Once they walked into the hall in which the celebration was held, they could see the elaborate boxing ring where a boxing match was currently being held.

The design of the seats in the hall was also rather interesting.

The ones sitting at the front row were, naturally, the most important guests. Those people happened to be the ones who were in the same group as Bai Xiaofei.

However, Chen Hao could tell that Bai Xiaofei didn't really mix with them.

It was as if Bai Xiaofei wasn't willing to associate himself with them.

Just as well, Chen Hao didn't want to go

over and start a conversation with them.

In all honesty, this group of people had come here with a strong sense of superiority. They all felt as though they were champions, not sparing any outsiders a second glance.

Chen Hao was in no mood to bother with them.

That was why the few of them sat at the furthest table possible.

However, Chen Hao didn't notice that his arrival had caught the attention of a waitress at the scene. Sneakily, she stole a couple of glances at Chen Hao.

After she had become sure of who she had seen, she put down her plate and said something into a walkie-talkie.

At the same time, in the hall.

An elegantly dressed lady appeared and caught the eyes of many.

She was smiling brightly and walked directly to the table at the front which seated the Trial Team.

"Duan Fei, you're here!"

She smiled as she called toward a man with peering eyes.

When she saw the man whose name was Duan Fei, she started to blush of her own accord.

"Ximen Yu, it's been awhile!"

Lifting his head, Duan Fei's frigid face squeezed out a slight smile.

"Miss Ximen Yu, you had agreed to accompany us and Duan Fei! However, you disappeared once we got off the elevator. You really made Duan Fei wait for quite awhile!" a big man next to Duan Fei said.

"Don't mention that. This afternoon, something happened and it really pissed me off! Besides that, I got injured, and when I was done with treating my wounds and went back to take my revenge on those two fellows, they had already disappeared! If it wasn't for my father making me take this celebration seriously, I would have searched every corner of the world to find them and make them pay!" Ximen Yu said hatefully.

"Oh? Someone managed to anger our Miss Ximen Yu? Tell us about it, let Duan Fei help you get revenge!" the big man next to Duan Fei said with a laugh.

"Sigh, if only I had managed to find them! However, I already got images of them from the surveillance cameras. I just know they won't be able to run far and I will definitely be able to track them down!" Ximen Yu said darkly.

Then, she looked toward Duan Fei and said, "Right, Duan Fei, the Ximen family and the Duan family are close friends. This celebration has brought many friends of different professions from different industries, especially the Martial Arts Association, of which we have quite a few present. My dad wanted you to show some moves onstage as a grand finale for today's celebration. That was what I wanted to ask you about this afternoon! Right now, you're the number one member of the Gu family's training squad. With your presence, the Ximen family will be even more respected in Thai City!"

"Ximen Yu, you know I never show my true abilities like that. Do you want me to behave like those pieces of trash onstage

and duel with others?" Duan Fei squinted and shook his head mockingly.

Clearly, he wasn't taking those competitors seriously.

He saw them all as pieces of trash.

"That's right, Ximen Yu, when have you ever seen Duan Fei show off his true talents onstage? From what I remember, the only time he had ever competed onstage was when he was twelve years old. He duelled with a Level 8 Master, and in the end, Duan Fei dug out that master's eyes and broke all four of his limbs. He became a disabled patient for the rest of his life, haha!" one of the people in the training team proclaimed.

Some of the girls in the training team looked at Duan Fei with admiration in their eyes. Indeed, his abilities were way too strong.

"Duan Fei, just treat it as doing me a favor, please?" Ximen Yu's eyes suddenly started filling up with tears.

Before Duan Fei could even reply, hurried footsteps came running toward them.

There were a few bodyguards running over to Ximen Yu.

"Miss, we found them!" the bodyguards said excitedly.

Naturally, Ximen Yu knew exactly what these bodyguards had found.

"Hm? Where are they? Could they have already left Thai City?" Ximen Yu said in anger.

"No, they're both here right now! We've already confirmed it. How bold of them to have the audacity to come join this celebration?" one of the bodyguards said.

"What?" Ximen Yu said in surprise.

Even more tears started appearing in her eyes.

"Alright. Since you don't care about whether I live or die and aren't willing to help me at all, I will still fight them to the death despite their incredible abilities!" Ximen Yu choked out.

Hearing this, Duan Fei couldn't help but smile in resignation. With a shake of his

head, he responded, "You always do this, pulling out this same trick from up your sleeves. Alright then, since someone offended you, Ximen Yu, and those people are here right now, so be it. You called them skilled professionals, right? I'll get rid of them for you right on that stage. Does that settle everything that you've asked of me?"

"Hahaha, Duan Fei, you're the best!" Ximen Yu cheered.

At this moment, they looked in the direction the bodyguards were pointing and saw the two people.

There were already dozens of bodyguards swarming over to surround the duo.

“Assh*le, let’s see if you live this time. Duan Fei, I want you to gouge his eyes out and cripple his limbs!”

Ximen Yu clenched her fists.

“Yes, Miss!”

Duan Fei nodded his head.

Meanwhile, Chen Hao, Tie Cheng and Bai Xiaofei were focused on the fight in the arena.

To be honest, the two skilled fighters were well-trained and had mastered a diverse range of techniques. Their fight was very entertaining to look at.

“Young Master Chen, something’s wrong. Those bodyguards seem to be coming for us. I also saw that young girl from this afternoon!”

Tie Cheng said as he sipped his juice while looking at the arena.

“Yes, I spotted her long ago. As soon as we came in, someone was already onto us. I didn’t expect that girl from the Ximen Family to be so unreasonable!”

Chen Hao smiled in disbelief.

“Big brother, what’s the matter?”

Bai Xiaofei sensed there was something wrong as well and asked softly.

“Nothing. Let’s see what they are up to!”

Chen Hao said lightly.

“Xiaofei, why are you calling him big brother?”

Hearing their exchange, Wang Lijie immediately tugged Bai Xiaofei’s arm and asked him.

This Chen Hao seems even more powerful than Bai Xiaofei. Why did Bai Xiaofei act like a younger brother in front of him?

“Don’t ask questions that you shouldn’t

ask. Just be a good girl and bring the others to the side when the fight begins. This doesn't concern all of you so they won't give you trouble!"

Bai Xiaofei clenched his fists and waited for Chen Hao's order to fight.

As for the people in the room, they were not stupid.

Seeing so many bodyguards rush in, no one dared to make a sound. They quietly gazed in their direction, itching to know what happened.

Crash!

Suddenly, the sound of a bottle of wine crashing to the floor broke the silence.

A bottle of wine shattered next to Chen Hao's table.

A woman stormed over.

"Excellent. I have been searching for you two high and low and I almost thought both of you fled. I cannot believe you two have the nerve to come to my family's celebration!"

This woman was Ximen Yu.

At that moment, she was smiling menacingly.

Today, she would exact her revenge in front of everyone and make them pay for the shame that she had suffered.

“This time, you saved me the trouble of finding you!”

Ximen Yu said with a sneer.

“With just these bodyguards? I don't mean to bluff, but it's useless even if you bring ten times the men!”

Tie Cheng chuckled.

“You think you're so strong? With ten times the men, there would be five to six hundred men. Even if there were five to six hundred pigs, you wouldn't be able to catch them all at once. If you're really that great, Duan Fei would really want to see what you're capable of. Do you have the guts to come up and battle with Duan Fei?”

A muscular man walked over, his expression mocking and condescending.

As he spoke, a deadly aura radiated off him and it felt as if the surrounding temperature dropped by a few degrees.

“Be tactful, boy. The opportunity to fight with Duan Fei, and of course, being crippled by him is enough for you to brag about for a lifetime. Feel free to ask the many members from the Martial Arts Association who are present how famous Duan Fei is!”

The muscular man smirked.

“Duan Fei?”

As soon as the crowd heard this name, they all shuddered.

Duan Fei’s power was renowned in the Martial Arts Association. When he was a teenager, the normal Masters were already no match for him.

His talent was horrifying to behold!

Before everyone’s eyes, a young man with the aura of an emperor narrowed his eyes and slowly made his way up onto the arena.

Then, he coldly pointed at Chen Hao who was offstage.

“I heard from Yu that you are a great fighter. Come and accept my challenge! Let me see how good you are.” Scanning the frightened looks of the audience, Duan Fei shook his head with a smirk.

Bai Xiaofei had not expected Ximen Yu to invite Duan Fei to help her fight.

Sweat beaded on his forehead.

“Sorry, I’m not interested!” Chen Hao spit out in resignation.

Chen Hao didn’t want to cause unnecessary trouble during this trip. Besides, these people were all connected to the Gu Family. Considering he knew nothing about the current situation of this family at the moment, he didn’t want to be ostentatious.

Fuming, Ximen Yu taunted, “Not interested? Are you scared? You scum, I didn’t see you shrinking back when you hit me this afternoon. In the face of Duan Fei’s challenge, are you so scared that you cannot even lift a finger?”

She really didn't think much of Chen Hao.

She was the eldest daughter in the Ximen Family of Thai City and she had never suffered such indignity.

Before this, the Ximen Family's henchmen had already gone to the hotel to look for Chen Hao and Bai Xiaofei but they weren't there.

Hence, Ximen Yu assumed the two found out who she was and fled.

The thought that they didn't run away hadn't even crossed her mind, yet they had the nerve to attend the celebration held by her family.

All the effort she had put into finding them before this were in vain, but no matter, she had effortlessly found them now.

This time, she planned to teach them a lesson to pacify her anger.

"What? Chen Hao, how dare you disrespect Duan Fei! It is your honor to get to be Duan Fei's opponent and be beaten up by him. How dare you refuse?" The muscular man who stood next to Duan Fei

yelled and strode over while glaring at Chen Hao.

He was Liang Yu. Based on Bai Xiaofei's brief introduction, Chen Hao found out that he was one of the core members of the trial team. His strength was unrivalled and he treated Duan Fei as his leader.

Chen Hao had turned down Duan Fei's invitation to battle.

To Liang Yu, it was like a slap in the face.

Duan Fei was obviously irritated as well. His narrowed eyes slowly widened as he looked in Chen Hao's direction with a frown. "So what if I don't show any respect?" Chen Hao smiled faintly as he raised his head and looked at him.

"You..." Liang Yu was crimson with anger and wanted to hit him.

Bai Xiaofei hurried to Chen Hao's side.

Young Master Chen was indeed extremely powerful, and Bai Xiaofei was shocked by his capabilities when he caught the thief.

However, he had offended this monster,

Duan Fei.

Bai Xiaofei couldn't help but feel nervous. As skilled a fighter that Wang Meng was, had he faced Duan Fei and his unbridled power, he definitely wouldn't have lasted very long.

Thus, he was very worried about Chen Hao's safety should Duan Fei and Liang Yu attack Chen Hao at the same time.

"Duan Fei, Mr. Yu, there must be some misunderstanding. For my sake, let's go somewhere else to sit down and talk about it,"

Bai Xiaofei said.

"We could go and have a drink and we will satisfy any of your demands!"

To prevent Young Master Chen from suffering any injury, Bai Xiaofei could only beg.

"Fei, I understand that you mean well but I don't have time to sit down and chat with them!" Chen Hao patted Xiaofei's shoulder, knowing that he had said that out of concern for his safety.

But Chen Hao was also telling the truth. He only wanted to make peace and do what he had to do, while at the same time staying away from trouble.

One could say that on some matters, Chen Hao would usually compromise as much as he could.

Chen Hao glanced at Ximen Yu.

“If you have any grievances, you can tell your father to look for Young Master Chen in Jin Ling. I believe you will be able to find the answer you want there!”

Chen Hao smiled wryly.

“What? Young Master Chen of Jin Ling?”

At that moment, everyone in the room was shocked by Chen Hao’s words...
