

Chapter 72: Are You Out of Your Mind?

There was actually a wedding ring on the CEO's finger. The secretary's eyes widened. Could the girl downstairs really be the CEO's wife?

"CEO Ji, was that really your wife just now?"

Ji Lingchen ignored the secretary. He put down the teacup and stood up, intending to personally go downstairs to bring Fang Xiaonuan up. Suddenly, he stopped in his tracks.

The secretary was terrified, thinking that the CEO was angry. "CEO Ji, our staff chased your wife away just now. I really didn't know that you had a wife. I..."

Ji Lingchen guessed that Fang Xiaonuan was such a stubborn person that she definitely would not leave. He chased the secretary away and called his assistant. "Go downstairs and bring Fang Xiaonuan up."

The assistant said, "The young madam came to the office?"

Ji Lingchen was not satisfied with the way his assistant addressed him. "What you said makes it sound like I have another wife. A first madam?"

The assistant immediately understood what he had done wrong. "Don't worry, CEO Ji. I'll go downstairs immediately to pick up the madam."

"Okay." Ji Lingchen hung up the phone. He sat back in his seat and rubbed his temples, feeling a headache. He could even predict how Fang Xiaonuan would argue with him when she arrived.

"Fang Xiaonuan, ah, Fang Xiaonuan, why did you call me that night to ask me to go home?" Ji Lingchen knew that his little wife and nephew had a relationship, so he went to the Spirit Creek Villa. He thought he would be doing her a favor if he stayed there for a night. However, she had called him in the middle of the night to ask him to go home. She would never know what this call meant to him.

Just as Ji Lingchen was nursing a headache, the office door was kicked open with a bang. Fang Xiaonuan's hair was standing on end, "Ji Lingchen, what do you mean? Why is it a problem for you if I change my major? You want to control the world and control me? Who do you think you are? Are you not busy enough with such a large company? Are you so crazy that you have to meddle in my affairs when you have nothing to do?"

The assistant who sent Fang Xiaonuan upstairs was stunned. The people working outside the office were also stunned. The door of the CEO's office was not closed just now, so they heard Fang Xiaonuan's words clearly.

This girl actually dared to scold their CEO. Was she courting death?

The assistant did not dare to enter the president's office. He silently closed the door of the CEO's office, then leaned his back against the door and touched his own heart. "Wow, it's beating so fast."

The secretary had just learned of the shocking news, and now she was shocked by Fang Xiaonuan's kick at the door. Then, she was shocked by her scolding. She hurriedly asked the assistant, "Is that the CEO's wife?"

The assistant nodded. "Yes, the wife wanted to eat ice cream that day. The CEO asked me to buy all the flavors and send them over. That day, the CEO personally admitted that she was his wife."

In the office, Ji Lingchen's expression was dark. "Have you finished scolding me?"

"No, you're not listening. I've already scolded you today. Do you feel too bored?! Why does my going to business school bother you? Did I spend your money or use your connections? I'm married to you, and I can't even study what I want to learn? If you do this, our marriage will be ruined!"

Ji Lingchen suppressed the raging anger in his heart. Who said that he had never been angered by his little wife's words? Was he not angry enough? She had been the most angry with him out of everyone in his entire family!

Fang Xiaonuan could not control her temper at all, so her mouth was like a machine gun as she aimed at Ji Lingchen and fired. "You're already so old, so can you not be a tyrant? Don't think that just because you have power and influence, you can interfere in everything I do. Can you not be so overbearing?"

Ji Lingchen closed his eyes. As expected, he had thought that she was too kind just now. "Continue scolding. I'll see what else you say."

"I'm scolding you because I'm giving you a chance. I won't scold you anymore. I'll just be angry with you forever," Fang Xiaonuan retorted.

Ji Lingchen said, "If you don't want to talk, then it's my turn. If you change majors because you really like this major, I'll support you and be willing to give you all the help you need. But if you flirt with Xiaowen right under my nose and fall in love with him, I'm hereby warning you. Changing majors is a small matter, and it's possible to even change schools. If it really doesn't work out, we'll move overseas. You've married me, so you have responsibilities as a woman. No matter what you had with Ji Wen in the past. That's already history. Now, I am your spouse. Me. Ji Lingchen."

Fang Xiaonuan was stunned by what he said. "You're saying that I'm not a proper woman? That I flirted with Ji Wen? Are you out of your mind? Why would you say such things?"
