

Chapter 842: Trap

However, Yin Jia was not unhappy. She felt real love now, unlike the fake and conditional love given by the people of the Yin family. Cheng Che was very meticulous, and he was sometimes impatient with her, but he truly cared for her; he truly treated her as his sister. She was not unmoved at this moment.

Cheng Yi shrugged and changed the topic. She said, "After listening to what you said, I think you won't mind if something happens to Ye Cheng. I'm relieved."

Yin Jia's heart skipped a beat. "If something happens? Grandma, what are you going to do to him? How did he offend you?"

Cheng Yi was quite happy when Yin Jia addressed her as 'Grandma', but she did not show it at all. She said calmly, "It's not me he offended. He has offended many people. Since you don't care about him, there's no need to warn him."

Yin Jia wanted to say something but hesitated.

Cheng Yi thought about it for a moment before she said, "If you want to do him a favor, then warn him that someone intends to buy the Ye Group recently."

Yin Jia was shocked. "Buy the Ye Group? Isn't the Ye Group doing well all this time? The Yin family has been cooperating with the Ye Group. Why would someone want to buy the Ye Group?"

Cheng Yi looked at Yin Jia for a while silently. Then, she brought out a document from her bag and handed it to Yin Jia before she said, "Give this to Ye Cheng. Tell him that someone has found Zhuang Ji's embroidery manual."

Yin Jia was in a daze as she took the document hesitantly. "What's Zhuang Ji's embroidery manual?"

Cheng Yi said, "Ye Cheng knows what it is. You should pay attention to your grandfather's daily news. You'll definitely find something related to this. You can investigate this yourself. If you have any questions, you can ask me. If you want to shoulder the burden of the Yin family in the future, you'll have to possess sufficient ability. It's better to rely on yourself than others."

Yin Jia's eyes narrowed. "Alright, I know what to do. In that case, I'll take my leave first."

Yin Jia left in a hurry.

Cheng Yi sighed. 'As expected, she's still a member of the Yin family. She can't keep her cool at all.'

After Yin Jia left, a graceful figure leisurely walked over and sat across from Cheng Yi. Then, the newcomer asked, "You... Isn't it bad for you to use her like this? If Cheng Che finds out, I'm afraid he'll blame you."

Cheng Yi smiled. "There are already more than one or two things that Cheng Che blames me for... Moreover, it's not that bad. Yin Jia is a typical member of the Yin family. She may not be able to accomplish anything, but she's more than capable of ruining things. Zhuang Ning, I don't care about the

Yin family; I only care about Cheng Che. So, there's no need to think about anything and just act as planned."

Zhuang Ning nodded. "Alright. I got it. I already know the situation with the Ye Group like the back of my hand. I can take action at any time. As for the Yin family, it depends on how we trigger the two young masters..."

Cheng Yi was very satisfied with Zhuang Ning's performance. "Do you believe good and evil will eventually be rewarded or punished?"

Zhuang Ning nodded solemnly.

Cheng Yi said, "The Yin family doesn't believe it. Hence, I'll teach them a good lesson. I'll show them that karma will come for them for all the things they've done..."

Zhuang Ning clenched her hands tightly, digging her nails into her palms. She also wanted to show Ye Cheng what karma was.

...

Mu Chen frowned as he looked at the complicated diagram in front of him.

Song Ning, Cheng Che, and Jiahui stood behind Mu Chen.

Cheng Che looked a little uneasy as he said, "Brother, I feel that this matter is getting weirder and weirder."

Song Ning was also a little worried. "These things don't seem to be related, but they're inextricably linked. It seems like there's an invisible hand pushing things forward."

Jiahui's expression was slightly confused. "To be honest, I can't tell what's wrong, but I only feel that something big is about to happen."

Cheng Che patted Jiahui and said, "Don't worry. It'll be fine."

Mu Chen nodded slightly. "Yes, it'll be fine. When the soldiers come, the general will keep them at bay. When the water comes, the earth will stop it."
