

Chapter 843: Idea

Mu Chen turned around and said, "Things have developed to this point, and they're no longer within our control. Let's just wait and see. Cheng Che, I think Old Madam Cheng is determined to seek trouble with the Yin family. Since you don't plan to cooperate with her, why don't we just watch the show first? At the very least, we won't make things anymore chaotic than they are now."

Cheng Che was slightly unwilling, but after thinking about it, he could only nod. "I won't plan on helping anyone. They have nothing to do with me."

Seeing Cheng Che like this, Jiahui could not help but feel happy. She held his arm and said, "That's for the best. You and Mu Chen should focus on your business for now while I'll stay with Song Ning. This way, we can look after each other."

Cheng Che suddenly thought of something and said, "I heard that Guan Tang is locked up in Yi Garden. I wonder if things will change..."

Guan Tang was someone with no bottom line. Now that she was locked up in Yi Garden, it was really difficult to predict the consequences.

Song Ning sighed. "Tell the people who've infiltrated Yi Garden to ensure Director Wang's safety. As for Guan Tang, there are things that we can't stop no matter what. That aside, Xiao Yu's father has already figured the matter out from the beginning to the end. Mu Chen, he's willing to lend us a hand."

Jiahui looked unbothered as she said, "I'd like to meet Guan Tang. If she meets me, she'll definitely try to negotiate with me. At that time, I'll be able to see what bargaining chips she has. If I don't save her, there'll definitely be others who will save her. At that time, won't we lose the initiative?"

Mu Chen said, "Jiahui, safety comes first. If she has bargaining chips, she'll reveal it sooner or later. We're not in a hurry."

Jiahui thought about it for a moment and nodded. "Alright, I'll listen to you. Song Ning and I will be together. Don't worry."

Mu Chen nodded. "Alright then. Tomorrow, we'll mess with the Yin Group's stocks so they won't have any time to care about Yi Garden."

...

Yi Garden.

Qin Shuang, Kang Ru, and Guan Ning were all as anxious as ants on a hot pan as they looked at Director Wang.

Director Wang's expression was one of worry when she faced them, but she was sneering inwardly.

“Director Wang, if, if they don’t get a kidney and bone marrow transplant as soon as possible, then, then...” Kang Ru said tremblingly, unable to finish her words.

“We don’t have much time left,” Director Wang said with a regretful expression.

Guan Ning’s tears fell at once. “What should we do? Please help us think of a way...”

Director Wang feigned confusion and asked, “What happened? Didn’t you say that you already found a willing donor? Everything’s ready on my side. The two young masters’ conditions don’t allow us to wait any longer...”

Kang Ru stomped her foot angrily. “It’s all that old witch’s fault. She appeared out of nowhere and ruined a good thing!”

Qin Shuang’s expression turned very unsightly as well.

Guan Ning was still in tears, and despair could be heard in her voice as she said, “Director Wang, please help us think of another way. Just help us buy more time. We... We will definitely think of a way as well!”

Director Wang felt delighted inwardly, but she looked troubled outwardly. She said, “To be honest, I spoke to my mentor, and he sent two of my junior sisters over. If it weren’t for them, how could we have waited until now? Rather than asking me to buy you more time, why don’t you come up with a solution as soon as possible?”

The trio could not say anything. Director Wang’s made sense, but they were really helpless.

Kang Ru stomped her foot again and said anxiously to her mother-in-law, “Mother, why don’t you beg Father again and ask him to think of a way to persuade Cheng Che? Now, only he can save Yin Zheng and Yin Jian’s lives!”

Qin Shuang’s expression was gloomy as she said, “Guan Ning, only you can help us. Ask Yin Bin to beg his biological mother and son. His mother should listen to him no matter what, right? Cheng Che is her grandson, but so is Yin Zheng. Both are her grandsons so she definitely won’t be able to favor one over the other! This is it! She definitely won’t be able to refuse!”

Qin Shuang thought that her idea was very good and feasible.
