

Chapter 847: Punishment

Old Master Yin asked in a trembling voice, "Are both of them like this?"

Director Wang nodded. "However, Yin Zheng's condition is more serious."

Old Master Yin could not say a word. He walked out with a gloomy expression. Just as he reached the door, he bumped into the young nurse who was rushing into the room.

The things in the young nurse's hands fell to the floor as she apologized profusely, flustered.

Old Master Yin's eyes shifted to things on the ground. Upon closer inspection, he saw two small triangular items wrapped in red cloth. He bent down to pick them up before he asked, "What are these?"

The young nurse froze, panicking and not daring to speak.

Director Wang quickly said in a kind tone, "Old Master Yin is asking you a question. Hurry up and answer him."

With this, the young nurse stammered, "T-these, these are talismans for safety. I, I went to the temple and asked for them."

Old Master Yin did not say a word and returned the talismans to the young nurse, thinking that she at least had good intentions.

After taking the talismans, seeing that Old Master Yin was not angry, she mustered up her courage and said, "They were having nightmares all night. They were incoherent, begging for forgiveness from someone. I, I was wondering if they had encountered anything evil. Even if it might be superstitious, it's better to believe than not. That's why I went to the temple. The monk said that if they really encountered something evil, the talismans would definitely help them."

Old Master Yin was slightly moved by the young nurse's kind intentions. He said in a low voice, "Mmm, thank you."

The young nurses nodded, feeling touched. She said softly, "They'll definitely get better."

...

Old Master Yin returned to the living room, looking deep in thought. After a while, he said to everyone, "Let's go back and think of a way. Yin Bin, I'll leave you to deal with your mother and Cheng Che. Human lives are at stake. No matter what conditions they demand, you have to agree first. Saving lives is more important, understand?"

Yin Bin was filled with bitterness, but he could only agree.

The few of them discussed for a long time, but they were really at a loss.

At some point, Director Wang called Qin Shuang to the side and told her the matter about the young nurse and the talismans.

Qin Shuang's eyes lit up. "Really? The young nurse said that?"

Director Wang nodded slightly.

Qin Shuang hurried over to Old Master Yin and said, "Old Master, you deal with the matters on your side. On my side, I'll hire some capable people to have a look at the two children. What if they're not sick? What if something evil is attached to them? When the three of us came over yesterday, they were still chatting and laughing with us. They looked healthy."

Then, Qin Shuang looked at Kang Ru and Guan Ning, and in return, the duo quickly nodded to confirm it.

Old Master Yin frowned.

Seeing this, Yin Yang hastily said, "Isn't it just superstition?"

Qin Shuang glared at her son. "What do you know? We have to try everything now. As long as we can save them, who cares if it's superstitious nonsense or not? Hurry up and help your brother to think of a way. As long as Cheng Che agrees to donate his kidney and bone marrow, we'll pay any price!"

Yin Yang did not dare to speak anymore.

...

After sending the Yin family off, Director Wang found the young nurse and asked, "Xiao Yang, are you hiding something from me?"

Xiao Yang looked at Director Wang and said sincerely, "Director Wang, please give me a chance. I just want them to apologize to the girls they killed before they die."

Director Wang looked at Xiao Yang in shock.

The young nurse's eyes were clear as she said, "Director Wang, letting them die is too easy. You've seen them. So what if they're suffering from illnesses? They're unrepentant; they're not sorry for the things they'd done at all. This won't do! They have to admit their mistakes. They have to know that this is their retribution. They have to let everyone know about their evil deeds! This is the punishment they should receive! They can die, but before they die, they have to be ruined!"
