

### THE STARS ARE ORIGINALLY A PAIR - MEETING MY SISTER-IN-LAW

The afternoon exam went on as scheduled, simply test writing skills and literary accumulation, write two thousand words of literary criticism, there is no requirement to specify which book to write a literary review, but must be clear what the center of the review is, which requires you to write about the content of that work those very understanding.

The first thing you need to do is to write a review.

And night Xiu Chen side originally thought from the morning to afternoon exams he could not see An Xingyue, then the night can see it, who knows An Xingyue told him that a group of them go out to eat hot pot together in the evening, and there are three teachers in, he is not convenient to appear.

The implication is: there is no time to meet tonight either.

But fortunately, An Xingyue told him that after today's exam, she can accompany him tomorrow because those teachers have to correct the papers immediately and come up with the top 100 people.

Therefore, she doesn't have to take the exam tomorrow and everyone should be free to move around.

So after night Xiu Chen took care of things, spread out on the sofa, brushed the circle of friends, saw those people in the circle, either here to punch the card, or there to play, simply let loose.

I was thinking of squatting at home for a day, but tomorrow he also wanted to cook and eat at home with An Xingyue, so, after weighing, night Xiu Chen thought he should go to the supermarket to buy some things today, and then tomorrow An Xingyue will not have to come out together to buy.

The idea is to do, night Xiu Chen changed his clothes, wearing a long black windbreaker outside and went out.

It is always so easy to meet each other, everyone has his story.

The big man returned to Kyoto after a rare time into the supermarket, did not expect to immediately be seen by others, but not his circle of people, and his parents' generation.

Because he lives in that community in all aspects are quite good, so many people are there directly to buy a detached villa, and he came to this supermarket is the closest to them in that community, so many people who live in the community will come here directly to buy things, anyway, everything is available.

Although it is a supermarket but it is equivalent to a small shopping mall.

After entering the supermarket, the big man, with his handsome face and height of more than one meter eight, stood out among a group of aunts.

Han Yanyun originally thought that her family's boy came back today and wanted to eat her cooking, so she came to the supermarket to see, who knew that she would see her sister's son, the night Xiu Chen who had not come home to see after returning to Kyoto.

The night family of those things she also knows some, their family also said let her sister not so eccentric, so as not to regret when the time comes, who knows the fulfillment so quickly, her sister more than once said good regret, but said regret what use?

The heart and back of the hand are both flesh, how can they be so far apart? The Han family's old man has said more than once about Han Yanyuan because of this, but what's the use of saying it?

Han Yanyun looked at her nephew skillfully shopping for vegetables and made up a big drama in her head, like how many of their family's children are able to buy food, let's say her brat will be able to eat in addition to what else.

Therefore, Han Yanyun felt that her nephew had suffered a lot in South City, that's why he was so skilled.

So, she secretly took a few photos, and even recorded a small video to send in their family group, so that those people look at the original is not eaten by the fire of the noble son tainted with red dust into this way, Han Yan Yun would like to let his sister and the family's heart ache heartache.

Let them only care about the small one, ignoring the big one, hum.

Han Yan Yun originally because Han Yan Yuan eccentric, so the night Xiu Chen a few more care, so and night Xiu Chen relationship is good, but night Xiu Chen whether good grades or after the fall, are the same cold, but good grades is warm and cold, after the fall is unruly, cold.

Han Yanyun followed the night Xiu Chen, watching him very experienced selection of food, gripped heart dead.

This is what suffered, to be so skilled na.

I have to say that night Xiu Chen used to give the adults a really good impression, and because of his warm and clear so everyone said he was a noble son, who knows now he has changed so much, but the sister-in-law is heartbroken.

Night Xiu Chen knew that someone was filming him and following him, but there was no malice, so it didn't matter, anyway, it was some aunts, probably wanting to use him as an example to go home and preach to their own children.

Who knew that when he turned his head to see the aunt indeed, but it was his sister-in-law ah, what the hell fate?

The big man said he was surprised.

"Ahem, Xiu Chen also came here to buy something ah, it's really a coincidence, why don't you come directly to sister-in-law's house to eat tonight, Zicong just happened to come back from a trip abroad." Han Yan Yun was still looking at what night Xiu Chen had bought, who knew that his nephew would suddenly turn his head, embarrassed to death.

"No, aunt, today Zicong came back to your family dinner I will not go to get involved." Night Xiu Chen refused to.

Originally he is not a fan of going to other people's homes for dinner, even the sister-in-law's home is not too fond of, plus most of the Zhou family will get together, he, an outsider to what.

"That's fine, but Xiu Chen you find a day to go see your grandparents, the elderly quite miss you." Han Yan Yun also knows the temperament of night Xiu Chen, and today the old man heard that Zicong has returned, so probably will come over for dinner, although it is said that the old man Zhou quite appreciate night Xiu Chen, but night Xiu Chen said not to go, she can not do anything.

After all, he said not to return to the night family really did not go back to see.

The night Xiu Chen said he wanted to buy almost bought all, and left first, so left Han Yanyun alone in the same place, at this time Han Yanyun brain is just when the nephew answered the phone gentle look, and the usual cold look completely different.

It's not like he's in love, right?

But think of yesterday inadvertently heard that night Xiu Chen took a girl to dinner news, originally Han Yanyun also think when they make up, now see the night Xiu Chen answer the phone, probably is the real hammer.

I really want to see how that girl is a person, actually can make the night Xiu Chen so cold a person become so gentle.

And at this time, the people in their group saw the photos and small video sent by Han Yanyun, adults see in addition to surprise is guilt, while people of the same generation see think they may be when blind, otherwise how would see the big devil in the supermarket, in the grocery shopping.

The night Xiu Chen also did not expect to meet his sister-in-law in the supermarket, but also did not care so much.

Because An Xingyue called him after the test, told him how she did in the test, and said she was going to eat hot pot with the teacher and the others, and asked him what he was doing.

"Just came out to buy something, now ready to go home, baby do you have any plans for tomorrow?" Night Xiu Chen inquired.

"No, but I want to go shopping around with you A Chen, I heard that the antique street in Kyoto is quite good, I want to go and have a look." An Xingyue said softly, after being together An Xingyue felt that her voice was always very soft when she talked with Night Xiu Chen, but it was the same with Night Xiu Chen.

Night Xiu Chen heard that An Xingyue intended to go to the antique street to see, that is to go out tomorrow, so why did he buy good food in advance?

The big man looked at the two bags he was carrying, could he not?

"Then tomorrow I'll accompany you, Yueyue, to go to the antique street to see." Night Xiu Chen spoiled said, forget it, go out together, anyway, cook at home when you can, just tried yesterday, there is no hurry.
