

THE STARS ARE ORIGINALLY A PAIR - HELPLESS (THERE IS A KIND OF SUFFERING CALLED THE OLD MAN THINKS YOU ARE SUFFERING)

Night Xiu Chen for An Xingyue's request has always been unable to refuse, so he did not tell her, in fact, he wanted to rest at home with her, because he felt that after a day of exams should be well relaxed, although he knew that for An Xingyue, this kind of exams without pressure, but as a boyfriend, he felt that the exams were very hard for a day.

But his girlfriend herself wants to go play, then he can't spoil her fun, anyway, it's not something difficult.

Later, when the big man was accompanying the young lady shopping, he once thought why is it so difficult to accompany his girlfriend shopping?

After dinner, the night family.

Because the old man of the night saw those photos and videos sent by Han Yanyun in the afternoon, a little bit of guilt, so a rare dead order, let them use the way to let night Xiu Chen come back to the compound to see, after all, it has been so long, maybe he does not care anymore, give him a step, he will come back.

At this time, the old man subconsciously forgot the night Xiu Chen just returned to Kyoto, they asked him to come home, but the night Xiu Chen did not pay any attention to the matter.

The first time I heard my grandfather say this, I thought of the way he met him in the imperial court, and pursed my lips, he thought he would not come back to see.

Han Yan Yuan also had seen the photos her sister sent, plus the old man mentioned so, her whole person was a little ashamed, if it was not her mouth, how could Xiu Chen be so angry with them.

The old man took everyone's reaction in his eyes, he has done nothing wrong in his life, just planted in the night Xiu Chen, at first it is also they think of him too nasty, obviously that child in the eyes of others is a flashy nobleman, but they are in the time of the incident, why are not even willing to listen to his explanation to convict him?

How could they be so unreliable in the first place?

While the night family was planning how to coax people home, the Han family side was doing the same thing. It is estimated that seeing night Xiu Chen so skilled in buying food, the old man Han felt that his grandson really suffered a lot, more and more heartbroken that child, since when the mother does not do his duty, then he, as a grandfather, will try to make up for it.

The more he thought about it, the sadder he was, the more he dialed the phone to night Xiu Chen, and then kept nagging him about going to the supermarket to buy food, asking him if he was having a bad time, if he wanted to hire someone to take care of him, and so on and so forth.

The night Xiu Chen does not know why he simply went to buy a vegetable, his own grandfather as if he suffered some great crime, has been asking him in the South City is not a very hard life.

Night Xiu Chen is thinking that if he is not the person in question, then in hearing this process of grandfather from buying vegetables to inferring that he had a miserable life, would really think that he himself was living such a miserable life.

However, as the person in question, night Xiu Chen, in addition to admire the grandfather's brain hole after the big, also can not explain what, because now no matter what he said, in the eyes of the old man is added a layer of the filter called very miserable.

Therefore, night Xiu Chen listened to the old man Han chatter for more than an hour, during which his uncle also mixed in a foot.

In short, the theme of the chat is that you can find help from home for anything, and if you don't have enough pocket money to say, don't be hard on yourself.

Night Xiu Chen really quite speechless, even if the night family does not want him, he will not sleep on the streets, after all, the big brother is some of their own investment in the industry, and even some company shares, although small, but the mosquito is small is also meat ah.

So the night Xiu Chen do not know why a single buy a vegetable they can think so much? And it is still unreliable kind of imagination.

And just like Luo Junxian they know, it is estimated that except for An Xingyue, no one can be difficult for night Xiu Chen, after all, the big man is able to make money by himself.

After talking for so long, Master Han finally got an affirmative reply from Night Xiu Chen before he hung up the phone reluctantly.

The old man is really getting older and more like a child.

Even if he is this way, it is embarrassing to make the old man unhappy, especially for his good. So night Xiu Chen thought of going back to the Han family to see when the time comes, and the old man to eat a meal, and then see if the situation should go back to South City for the New Year.

Anyway, no matter where he is, not many people will notice him, and if he goes back to South City, he will have more time to spend with his girlfriend, just don't know if An Xingyue plans to play in Kyoto for a few days after the competition, and then if he wants to go back to South City, he will have to wait for An Xingyue to go back before he goes back.

Night Xiu Chen looked at the approximate time, and then thought about it, what should be gathered are gathered, then wait for An Xingyue after the competition to gather again, mainly to introduce his family's little cute to them, his people in his circle must be famous.

Anyway, when he took her to dinner before quite a few people saw it, he did not give a response, does not mean he does not attach importance to Yueyue, which must be attached, lest some people still intend to use him to join in marriage.

Night Xiu Chen felt quite late, asked An Xingyue in WeChat to go back to the hotel to rest, although it is with the teacher those together, but night Xiu Chen still do not feel at ease, have to see with their own eyes An Xingyue reply he has gone back to the hotel, he can feel at ease.

Then tell her that he will bring her breakfast tomorrow morning, so let her not eat the breakfast provided by the hotel, and wait for his love breakfast.

An Xingyue lay under the blanket and night Xiu Chen chatted with each other, seeing the advice given by night Xiu Chen, An Xingyue felt that it seemed better to go according to the arrangement of night Xiu Chen, worthy of being the host.

But how does An Xingyue know that although Night Xiu Chen grew up in Kyoto, but for this place, he has not played much, as to why he can give good advice, because the big brother looked for some information, and also asked people in the circle.

But Big Brother felt that he should put more thought into things concerning her, but he knew that An Xingyue was another person who preferred to make her own decisions, so he only gave advice and didn't want to ask An Xingyue to go as he had arranged, otherwise An Xingyue might not like it.

After saying good night to each other, An Xingyue climbed up from the warm nest and drank some water, then nestled back under the covers, and then texted her parents separately, telling them how she did on the exam today, and that she would be in Kyoto for a while, not returning to South City so soon.

Although the affection is not deep enough, An Xingyue will still tell her parents her whereabouts, so that they will not be unable to find her.

An Xingyue thought about the plan just mentioned by night Xiu Chen and went to sleep with a smile on her face.

The night Xiu Chen thought about making breakfast for his mushroom tomorrow, so he didn't stay up late, after all, he is the one who has to get up early.

The air in Kyoto is not very good, and it is rare to see a few twinkling stars at night in winter. The wind at night blows the branches of the trees and brings some yellow leaves to the ground, laying a golden carpet.
