

THE STARS ARE ORIGINALLY A PAIR - ABOUT

The alarm clock rang, seven o'clock.

The weather was cloudy and rainless.

Seriously look at the sky, night Xiu Chen thought may be to eight or nine o'clock when the sun will come out, if so then do not have to worry about shopping will be cold to their girlfriends.

After all, the antique street has not only a store but also a stall outside, if the sky is not beautiful, it will be a problem.

The night Xiu Chen wearing a robe went to the kitchen to pluck the rice, cooking millet porridge, before going back to the bedroom to clean themselves up, cooking millet porridge is longer, so to get first, otherwise delayed.

The new set of clothes, night Xiu Chen wearing a v-neck white sweater, light brown casual pants stood in front of the mirror seriously look at their own dress, very good, the moon must like him this way.

Back to the kitchen, night Xiu Chen stirred the millet porridge, then went to the refrigerator, took out the dumplings wrapped in advance last night, put them in the pot to steam, and then beat the soy milk.

After finishing his stuff, he sat in the living room, looked at the time, and then sent a text message to An Xingyue, you said why not call? Because night Xiu Chen is afraid that An Xingyue is still awake, he does not want to wake her up.

And An Xingyue at the hotel because she was thinking about going shopping with Night Xiu Chen today, so she woke up early, and then has been reading about the introduction of the antique street, after seeing the text message sent by Night Xiu Chen, An Xingyue directly replied to the text message, and then began to change clothes.

The night Xiu Chen saw An Xingyue reply him that she had gotten up, so she put the breakfast ones in the bag, then night Xiu Chen casually put a black jacket over her body, carried the breakfast and set off.

After arriving at the hotel, night Xiu Chen received the room number from An Xingyue and went to her directly with the breakfast.

When she heard a knock on the door, An Xingyue just came out of the bathroom, opened the door and saw Night Xiu Chen carrying breakfast, An Xingyue was a little surprised and gave him a love hug, then said, "I thought I had just woken up when A Chen texted me, I didn't expect you to come over so soon."

Night Xiu Chen touched An Xingyue's head and leaned over to kiss her forehead, "No, breakfast was already made at that time, I thought baby you didn't get up that fast, I was worried if texting would wake you up."

That's right, if not thinking about the antique street to go earlier, night Xiu Chen did not even think about sending text messages to An Xingyue, because he was afraid that the phone vibration would disturb An Xingyue.

"Hee hee, once I thought of going shopping with Ah Chen today, I woke up early." An Xingyue said after pulling Night Xiu Chen's hand into the room.

Watching Night Xiu Chen skillfully set the breakfast on the table, An Xingyue consciously sat down and then began to enjoy the breakfast brought by her kissing boyfriend.

"Ah Chen, have you eaten breakfast yet?" An Xingyue bit into the dumpling and then asked.

"I ate, this is all for you, is it delicious?" Night Xiu Chen looked at An Xingyue dotingly, then looked at the room she was staying in and was a little disgusted.

South City First High School is not poor, how come the rooms booked are so casual?

If the other schools heard about night Xiu Chen's dislike, they wouldn't know what to think, obviously they are here to compete, why do they have to enjoy it so much?

"Luna, why don't you stay at my house, I think baby you woke up so early today, or because the hotel room you're not used to sleeping in."

Night Xiu Chen looked at An Xingyue seriously, he thought his suggestion was great, his little cutie should have considered it.

"No, that's too much trouble, if you go to stay at Ah Chen's house, it's a bit troublesome to go over to Beida for exams, and I'm not that delicate, which is not uncomfortable to sleep, I just thought of going to play today and got a bit excited, so I woke up early." An Xingyue took a sip of soy milk and said helplessly.

"No trouble, when the time comes, I'll send you there, isn't it? And baby you stay at my house can also eat my breakfast." Night attack coarse now is not to let go of any opportunity, as long as you can abduct your own little cute home again, any words he can say.

"Well ... or not, I live in a hotel is good, there are not a few days, and not to say good arm bend dead ah then go to your home? A Chen you are now a violation of the operation na." An Xingyue narrowed her eyes and said, her own boyfriend is leaving no stone unturned to take her home.

"Which has irregular operation, I just can't see my girlfriend suffer, but since you stand so firm even, but if really not used to remember and I said." Night Xiu Chen took a tissue and tenderly wiped An Xingyue's mouth, then pretended to be aggrieved and said.

"Okay, I will, I am not a person who will let myself be bad ah, so Ah Chen can rest assured, let's set off to the antique street." An Xingyue said with a smile, she would not treat herself badly, and she felt that the hotel booked by the school was already very good, it was just that night Xiu Chen felt that she was aggrieved.

When An Xingyue and Night Xiu Chen left, she sent a text message to Ji Yiyang, telling her that she was going out with Night Xiu Chen, and then also said to her that if needed, Ji Yiyang could go find Zhou Jun Xing out to accompany her.

This is what the big brother told the young lady, because Zhou Junxing has been wanting to ask them out to play after he knew Ji Yiyang and the others came to the capital, oh, mainly about Ji Yiyang, so today An Xingyue thought she should give a chance to Zhou Junxing, besides, An Xingyue thought Ji Yiyang was quite bored staying at the hotel, so she might as well ask Zhou Junxing to come out to play.

The first time I saw An Xingyue's text message, I said I was a big fan of sex, then I thought about it seriously and suddenly I thought An Xingyue had a good point, she would die of boredom if she stayed at the hotel for a day, and she was not familiar with the others who were participating in the competition, so I might as well find a familiar one to play with.

But once she thought that Zhou Junxing liked her, Ji Yiyang was a bit overwhelmed. When we played together before, perhaps it was because there were many people, so it was not so embarrassing, and then once she thought that there were only two of them, Ji Yiyang was a bit overwhelmed.

Then not waiting for her to finish tangled, Zhou Junxing's phone call has come, and this is mainly the big brother and Zhou Junxing said he took An Xingyue out to play, and then Ji Yiyang alone in the hotel, so let Zhou Gongzi himself to go about people, see people Ji Yiyang and not to play with him.

The first thing I did was to prepare my heart before answering the phone, if Zhou Junxing asked her out, she would find an excuse to refuse him because she hadn't figured out how to handle the relationship between the two, but who knew that Zhou Junxing, who usually looks pretty dumb, would actually be able to talk and directly confuse her, and when she reacted, she had already agreed to go out with Zhou Junxing.

"Ahhhhh, Ji Yiyang, you idiot, how could you be so confused?"

But no amount of chagrin would help, so Ji Yiyang could only change her clothes and then wait for Zhou Junxing to come in the hotel lobby.
