

THE STARS ARE ORIGINALLY A PAIR - BACK TO SOUTH CITY

An Xingyue stayed in Kyoto for a week and then went back to South City, mainly because her parents actually got a vacation, and then they politely said they wanted to spend some time with An Xingyue.

Although they did not know how long their so-called vacation was, An Xingyue did not have great expectations, after all, they did not do such things in the middle of the appointment, and every time they were called back to work in the middle of the vacation.

The company's main goal is to provide the best possible service to its customers.

The company's main business is to provide a wide range of products and services to its customers.

The plane crossed the sky and slowly landed in the airport of South City.

When An Xingyue walked out of the airport with her suitcase, she saw An Guo Ting waiting for her outside.

When An's father saw An Xingyue, he greeted her. He had been busy working in the research institute since he left last time and had not seen his daughter for a long time.

So knowing that An Xingyue was coming back today, An's father came straight to the airport to pick her up.

An Xingyue called out to her father and got into the car. Although An's father wanted to chat with An Xingyue, when he saw that An Xingyue was looking at her cell phone, An's father knew that An Xingyue did not want to communicate with him.

The presence of a cell phone can be a good way to resolve awkwardness, like now.

It's not that An Xingyue didn't see the guilt and caution in An's father's eyes, but An Xingyue was so cold that she had to pretend she didn't know even if she knew, after all, awkward conversations are very annoying.

So this is where the phone comes into play. After An Xingyue got into the car, she reported peace with Night Xiu Chen, then asked about Ji Yiyao's situation, and secretly reminded Ji Yiyao to remember to bring her gifts back.

In order not to have an awkward conversation with An's father, An Xingyue chatted with Night Xiu Chen in WeChat, but what they talked about was nothing nutritious.

An Xingyue in the past few days but from Ye An they learned a lot about night Xiu Chen, a person different from her impression, An Xingyue did not think that night Xiu Chen in front of those adults was a flashy nobleman, especially after knowing why the big brother to pretend to be a good boy, more heartache him.

In a way, night Xiu Chen and her situation is somewhat similar, but it is the big brother and the family fell out, directly after the former mask to take off, turned into now everyone's mouth of unruly, indifferent a person.

An Xingyue was stunned at the time when she knew that Big Brother was fluttering before, although the impression Big Brother gave her after she arrived at the first middle school was different from what she had heard, but still couldn't accept that Big Brother was actually known as a noble son.

When she thought of the way she accidentally saw Big Brother fighting before, An Xingyue put the two images together and felt that the impact was not ordinary.

[An Xingyue: I'm getting off the plane, has Ah Chen eaten yet?

The night Xiu Chen: ready to eat, baby is home alone or aunt and uncle to pick up?

I was thinking of going home alone, but I didn't expect him to come and pick me up.] [An Xingyue: I was thinking of going home alone, but I didn't expect him to pick me up.

The actual fact is that you can find a lot of people who are not able to get a lot of money for the money.

The actual fact is that you'll be able to get a lot more than just a few hours apart, but I miss you so much.

The actual fact is that you will be able to get a good deal on your own.

.....

Before getting off the bus, An Xingyue had been talking blindly with Night Xiu Chen, obviously there was nothing to talk about, but both of them didn't want to end the chat, so both of them were talking blindly about everything.

So An's father felt a little helpless, and thought to talk to his daughter on the way home again, but who knew that a little goblin had been looking for her to chat.

So annoying oh, this son-in-law will not find time at all.
