Because of seeing his wife buy a gift for his daughter, An Guo Ting is also planning in his heart what to send to An Xingyue, but he really does not know much about An Xingyue's preferences, so An Guo Ting plans to send a house directly to her, this way Yue Yue will not hate it even if she does not like it.

An Xingyue is now being forced by Guan Yaxin to say something about looking at jewelry together, so that she can give her some advice, after all, she is young and must have better vision than her, hearing her say so, An Xingyue does not know what to do, plus just received a necklace from her, An Xingyue feels that she should... well... seriously accompany her to look at jewelry.

So An Xingyue who was serious about accompanying her mother to buy jewelry didn't know that because Guan Yaxin gave her a necklace, she accepted it and then An Guo Ting wanted to give her a house.

Uo²o * U

The woman shopping is really a bit rational, see, from morning to noon, An Guo Ting hands have been full of things, if not lunch time, it is estimated that Guan Ya Xin refused to stop.

An Xingyue has always felt that a successful and powerful woman like Guan Yaxin is not very interested in shopping, so she agreed to be so lighthearted at first, who knows she was wrong, like shopping is the common problem of every woman.

But the good thing is that Guan Yaxin did not forget to eat lunch because of shopping, An Xingyue thinks this is worth celebrating.

However, An Xueba's side of the family on the surface close shopping and eating, but the big brother's side is not so cordial.

The night Xiu Chen originally intended to buy a ticket to South City and his girlfriend to spend New Year's Eve together, even if not under the same roof, at least in the same city, ah, maybe then the girlfriend will be soft-hearted to accompany him.

The company's main business is to provide a wide range of products and services to its customers.

After all, he still has a few properties in Kyoto, but I didn't expect that night Zihan could actually find the right place, not small.

The two men looked at each other outside the door, mainly because night Zihan felt weak, after all, night Xiu Chen had warned him not to disturb him, but he thought that today is New Year's Eve, it is possible that night Xiu Chen alone outside for New Year's Eve, once thought of this, night Zihan could not help but come to him.

But what can we do if we meet?

After all, the two of them have never had a serious conversation, seriously get along, so night Zihan see night Xiu Chen completely do not know what to say?

And night Xiu Chen looked at night Zihan who was in front of him but said nothing, a face of displeasure.

sneeringly looked at night Zihan, "Something to say, nothing to get out of the way."

The big brother felt that he had given face by not saying roll, so don't be insensitive, quickly get out of the way and don't block him from meeting his future daughter-in-law.

But obviously, night Zihan did not pick up on the subliminal meaning of the big brother, and then really seriously advised the big brother to go home for New Year's Eve, because it's pretty pathetic to spend New Year's alone outside.

Night Xiu Chen pursed his lips, who said he intended to spend the New Year in Kyoto, but he was planning to go to his daughter-in-law for the New Year, and even if he did not go to his girlfriend, he did not intend to return to the night family.

The big brother said the sky is big, where can go.

"I said don't come to harass me, it seems you have forgotten." Night Zihan is still constantly lobbying big brother, suddenly by big brother pulled the collar of the whole person carried up, big brother said can do not so much nonsense.

Night Zihan suddenly was carried up, a little confused, and this action deja vu.

Because of the big brother's lack of cooperation, so night Zihan could only go back to the night house discouraged, before leaving also looked back, hoping that night Xiu Chen can change his mind.
