

### **THE STARS ARE ORIGINALLY A PAIR - GATHERING (SUCCESSFUL CLASS TRANSFER)**

And An Xingyue already knew that Ji Yiyao was going to switch classes, so she didn't show a lot of surprise, but the switch was done on the first day of school, the efficiency is still quite fast ah.

Zhou Junxing did not react until Ji Yiyao sat down in front of him, the girl he liked was in the same class as him, hahaha.

The first day of school, a hundred percent surprise.

The first day of school, the surprise of one hundred percent. Luo Junxian saw Zhou Junxing's silly expression and frowned in disgust. They are not even together yet.

But Luo Junxian suddenly reacted, Chen and his little table together, Mo Zhicheng also with the little green plum together, now Zhou Junxing this two ha also have a favorite girl, and the girl agreed to be his girlfriend's chances are quite high, so this group of people, is not become only he and Eddie Chen is a single dog?

Expression suddenly dull, why would this look?

He is actually about to have three couples around him, and still in the same class, huh, the future of the dog food do not have to worry about not enough.

Meow, and suddenly want to find a girl to fall in love.

No, no, no, you don't want to, what's so great about falling in love? Is the game not fun or live too idle?

Luo Junxian rambled a bit, then pinched his thigh to wake up a bit.

In order to celebrate Ji Yiyao's transfer to class 7, several people went directly to the third floor at noon, originally intended to celebrate the first day of school by going out to eat, but then felt that most people should think so, outside today there should be more people, so directly in the school cafeteria on the third floor to eat it, anyway, the third floor and the outside is similar.

So a group of people marching towards the third floor in great numbers.

When they arrived, Eddie Chen was already sitting there playing with his phone, and after seeing them come up, he waved, and then eight people sat at a round table.

After sitting down and ordering the food, everyone talked about the life of the holiday, then Eddie Chen is directly put down the phone, and then has been spitting bitterness, "You guys say my father they are not crazy? Obviously so long my grades are this way, but the winter break, I do not know where they were stimulated, and then they gave me a tutor, fuck, I made up three weeks of practice, now it is easy to start school, my mother actually said tutors to stay, I continue on Saturday and Sunday when the holidays."

"You guys say is not a sin ah? Why do you want to make things difficult for me, this elementary school scum? I don't know what I've learned after three weeks of study, but the tutor actually said to my mom that I've made a lot of progress and that I can still make up for it by continuing."

Eddie Chen was baffled, saying that the whole person slumped on the table, clearly his parents who had been used to his outrageous results before, why suddenly give him a tutor? And also threaten him with pocket money.

"Hahaha, really poor, no wonder let you on the game you said no time, the original are used to tutoring." Zhou Junxing said cheaply, to know that although his grades are also not reliable, but still much better than Eddie Chen, and his math and English are still online.

"This can not help you, if other aspects, brothers can still think of ways for you, but tutoring well, sorry, not enough ability, not enough dao, self-preservation." Luo Junxian said with a light smile, they are usually the bottom of the exam, but at the critical moment still have the ability to test better, after all, is really poor or pretend to be poor is a big difference.

The bottom of the usual test scores is just because some subjects turn in blank papers, or pick a question to answer.

And the big guy raised his eyebrows, "How can we need cramming? So people who have not tried cramming can not appreciate your pain at all."

Everyone heard the words of night Xiu Chen directly confused, what the hell? The first thing you need to do is to get a good idea of what you're getting into. I'm not sure if he was the one who was pestering Missy to help with the tutoring before. The actual person who said he did not try to tutor, liar.

An Xingyue heard the words of night Xiu Chen is also a little embarrassed, here all know that she helped him to tutor, now the school bully actually said he did not tutor, also want to shame?

The first thing you need to do is to get a good idea of what you want to do.

"No, I did cram, but this semester ended before the start of the school year, and my mom said the pace of the second semester of sophomore year should be similar to that of senior year, so I was advised not to cram to avoid overwork and stress." Ji Yiyao was still a listener, er then heard Su Zhiqing mention her, embarrassed retort to.

She not only attended cram school but also hobby classes, but she stopped the cram school and hobby classes before the start of the school year, after all, she had to concentrate more on her studies.

"Ahem, Yiyao you actually have cramming classes? I thought all you top students didn't need it." At least Yue Yue is, after all, she spent her evening study last semester drawing or reading extracurricular books.

"Nothing strange, in fact, top students are more likely to attend cramming classes just to get a few more points than others, so they will choose weak subjects for cramming and then strive for balanced development." Ji Yiyao thought about it and said, at least two-thirds of the first class is at least to participate in cramming classes.

"But Yue Yue is definitely not attended, after all, this is quite easy for her to take exams and stuff, it is estimated that in her eyes there is no topic that is difficult." Ji Yiyan glanced at An Xingyue, then said enviously.

"Yeah, I don't even know how their brains grow? They can answer the questions easily and their grades are very bright, by the way, did you study very hard before Yue Yue?" Su Zhiqing suddenly remembered that An Xingyue was transferred from Jiangcheng, so she worked very hard in Jiangcheng, is that why she is so relaxed now?

An Xingyue thought back to her nourishing life in Jiangcheng, then looked at Su Zhiqing curious eyes, ruffled a few strands of hair hanging down, a little embarrassed to tell Zhiqing her daily life in Jiangcheng.

An Xingyue has not yet thought of how to answer, Ji Yiyan has been very disgraceful laugh, "hehehehe, Zhiqing guessed wrong oh, Yue Yue in Jiangcheng is not a traditional good student at all, after all, skipping class this thing she has not done a lot, so everyone thought she was a good student, this is wrong."

"What the hell? Truancy? Yue Yue? Yiyan are you serious?" Su Zhiqing widened her eyes and carefully looked at An Xingyue, sorry, she failed to see from where Yue Yue is still a person who would skip class.

"Is everyone that surprised? Especially Zhiqing is so hard to accept that I am a person who can skip class?" An Xingyue said with narrowed eyes.

"Mmmmmm, it's really hard to accept that."
