The two people to determine the relationship, Zhou Junxing from the beginning of the ecstasy to later calm and then tangled and uneasy, Ji Yiyan witnessed the process of change in his face expression, feel a little puzzled, ecstasy is understandable, calm is also understandable, but why would there be tangled and uneasy it?

Ji Yiyan felt puzzled, and then exported to ask, Zhou Junxing bottom replied: "Now we two in love, time will certainly be found by the old king, then if called parents, I do not care, but I am afraid of Yan Yan you"

Ji Yiyan at this time a little want to laugh, she did not expect Zhou Junxing will think so much, and will worry about the parents, after all, she thought that since he dared to fall in love early that will not worry so much, after all, like the big brother they are a little fearless.

"You can rest assured, my parents side no problem, after all, when I put is also high school when my mother abducted home, but A Xing your grades are really to improve, or the old king that off estimated difficult." Ji Yiyan thought about it and said, to know when Yue Yue and school bully together, the old king's side turned a blind eye not only because of parental permissiveness, but also because the school bully's grades improved.

"Mm-hmm, I will, just trouble Yan Yan you to help me tutor." Zhou Junxing clenched his fist and said firmly, since he decided to go to the same university as her, then he will put in the effort and will definitely not give up.

The two of them discussed and started to study. Ji Yiyan was not too sure about Zhou Junxing's strength, so she could not tutor first, but could only take him along with her to preview the new classes.

Because it was the first day of school, so the whole school held an opening ceremony in the morning and encouraged the senior students, there are still a few months to go before the college entrance exam, persevere and persevere again.

In the afternoon, because the schedule had not been arranged yet, it was Wang Ya who started off as the class teacher, teaching the students of class 7.

"Ahem, now that the winter break is over, everyone should bring back the loose state, don't wait for half a semester to pass, the whole thing is still loose, know that time is running out, think about it, there are still a few months before the college entrance exam, this time next year, next year's college entrance exam is you."

"So I hope that within one week of the start of school again everyone will be able to clean up their act, I firmly believe that our class 7 people are able to do it, think about it, last semester it took everyone a few months to turn their class ranking from the bottom to positive, it's still at the back but it's already a big improvement."

"And then look, last semester's final exam, although everyone's total score is not as impressive as others, but the single subject ranking, our class's Mo Zhicheng's language, Zhao Yuan's physics, and Luo Junxian's chemistry ranked in the top 100 in the province, so I think we all still have a lot of potential."

"And then everyone look at An Xingyue and Night Xiu Chen, two people took the first and second overall in the province respectively, you know Night Xiu Chen had a ridiculous time before, but look how great it is now, so this tells us that hard work still pays off."

[I think the old king is a little too excited today, don't you think?

[How is Big Brother the same as us? You know that Big Brother came in with the first overall score.

The first thing you need to do is to get a new job. The company's main business is to provide a wide range of products and services to the public.

[Hey, the New Year with my results earned a large amount, my father said that although compared with others, is not to take the desktop, but compared with my own previous, do not know how much better, so rewarded me with a large amount of pocket money.

Wang Ya on the podium passionate speech, the following people in the group chat also very high, while listening to the words of the old Wang, while in the group to share the New Year because the final exams well, they got what what reward.

An Xingyue peep screen also peep very happy, and also let night Xiu Chen also look.

On the contrary, Ji Yiyan is a little confused, this is also too amazing, how these people do listen to the old king and chat in the group two, and Ji Yiyan think look at everyone chatting in the group, not at all takeout it said so horrible, she felt that the seventh class people are still very good to get along.

"I know that everyone came to mix in the beginning, so the teacher in many ways did not control you, but through the last semester everyone's performance, this morning each subject teacher has taken this semester's schedule to me to look at, I think are quite suitable for everyone, so this semester each subject teacher's teaching will be adjusted dynamically according to your performance, I hope you cooperate."

"There is also the news I just received, it is estimated that this Thursday, five will be mapping exams to see how much everyone has regressed after a holiday, so if you do not want to test too bad, no face, you can seize the last three days to review the knowledge previously learned, cheer ah, the teacher believes in you."

Wang Ya felt that said almost, and then directly dropped a bomb, the beginning of the school year on the examination, exciting or not?

"Old class, is there a scope for this exam?"

"Old class, ah, this time the test is good, winter vacation homework can not be turned in ah?" The children who have not finished their winter vacation homework can't afford to be hurt.

"Old Ben, is there a bonus for doing well on the exam?"

"Old class old class, when the time comes, will it be in their own class test or separate test site?"

"Damn, the bottom of the test does not need to be divided into test sites, right? To be so serious?"

.....

"Well, well, listen to me ah, the bottom of the test is not delineated range is from the first year of high school to the present will be tested, and then the time will be divided into test sites, Wednesday will be divided into good test sites, and then the test questions are self-appointed by the school, the topic difficulty should be above medium."

"As for the test can not hand in winter vacation homework which depends on your subject teacher, and even if you can not hand in, take the test good standard is what is also to be developed by the guest teacher, so this you yourselves to ask the teacher when ha, I this subject is possible, as long as more than seventy points can not hand in half of the winter vacation homework, you think about yourselves at least have not done half."

Wang Ya said with a smile, if before how can we expect this group of children to hand in homework, now has been much better, not anxious, not anxious, take your time, take your time.
