

THE STARS ARE ORIGINALLY A PAIR - UNCOMFORTABLE

Luo Junxian watched as his dad took his phone and recorded a small video and sent it out, Luo Junxian raised his eyebrows, he thought his dad went to mess things up.

Night Xiu Chen did not know that much and experienced some father-like care, after An Guo Ting and Night Xiu Chen packed their things together, the two felt that An Xingyue's side might not be that fast, so An Dad chatted with other dads in the dormitory, Professor An said that chatting and stuff was not in the picture.

Then Zhou Junxing a few of them secretly picked up the phone, in the group made to ask this dad is not the young lady's father, and then also very gossipy ask why the young lady's father will be with him?

Night Xiu Chen quietly sitting on the side listening to An dad talking, tucked in the pocket of the phone has been vibrating, night Xiu Chen glared at a few people pretending to do, completely do not want to take the phone out to see, anyway, can guess their questions.

An Guo Ting was still a little unfulfilled when he received the call from his wife, but hearing that his wife and his daughter were already downstairs in the girls' dormitory, he hastily pulled Night Xiu Chen away, after all, he couldn't let the two adults wait downstairs for too long.

Night Xiu Chen said hello to the people in the dormitory, then followed An Guo Ting and left.

Since the summer vacation, the big guy was brought into the An family, then An's parents An's mother slowly began to treat the big guy as half a son, so night Xiu Chen now gets along very naturally with the An family.

An Guo Ting and night Xiu Chen to the girls' dormitory downstairs after seeing Guan Ya Xin and An Xingyue already standing there, then after getting into the car, Guan Ya Xin sat in the front, An Xingyue and night Xiu Chen two people sitting in the back, and night Xiu Chen also took the opportunity to hold An Xingyue's little hand hand.

We all discuss together what to eat, and because some things are still not complete, so we have to go to the mall those to buy things.

Thinking of this, An Guo Ting thought that we should go directly to the central mall side to eat, and then after eating directly there to buy things, no need to walk around, the rest of the time the two children can use by themselves.

Guan Yaxin thought it was okay, and she felt that the two children probably took them as light bulbs, so they finished eating early, and then she and An Guoting helped them buy all the things to send back to the dormitory and then left, so that the rest of the time can let the two children go to play by themselves, anyway, the school side of the official opening tomorrow, but tonight to go back to school accommodation.

The two adults decided to go there for dinner and the two kids had no problem with it, after all, the food near the school was pretty much the same and it was more convenient to go to the central mall if they really wanted to buy something.

Luo Junxian and the others who were still at school were also taken by the adults to eat together, but it was all together, that is, six people went to eat together.

During this period, Luo Junxian's father also inquired explicitly and implicitly about who the middle-aged man with Night Xiu Chen was, but because he was not sure, so Luo Junxian didn't dare to say anything. Then Uncle Luo saw the message sent by Night Xiu Chen's father, frowned, and then casually replied: How do I know who this person is, you as a father don't know, I just saw it sent to you, who told you not to come.

Nightaki saw the old friend sent a video of his own son to others respectful, but once in front of him like an enemy, the old friend also asked him if he wanted to go to see, the child are senior, the most important time, how do parents not give him a boost, he also wanted to, but it is estimated that before you say a few words, the child will be driven away, and the important thing is that even if you go may not see the person.

The important thing is that even if I go, I may not see him, so why bother?

The father of Luo saw the message from the father of the night, no wonder the relationship is so bad, can not even see people, and did not think to think of a way, now the child has grown up, many things have their own ideas, this way he still want to ease the relationship, why not go to heaven?

You don't even dare to try, you can't even see people, not necessarily to see, but not to see, and the summer months, he went back to Kyoto? He's already getting used to the absence of you guys, and by then it's estimated that your relationship will be that of strangers with blood ties.

Luo's father poked night father's heart without mercy, where it hurts, let him hold the shelf, before he did not know how to care about the big child, now he has to put up a shelf, deserves Xiu Chen the child does not like him.

The night of the father Luo's words, the face from green to white, indeed night Xiu Chen this summer not to say home, even Kyoto did not return, originally he thought he would go back to the Han family to see, who knows he has been staying in South City.

The first thing you need to do is to get rid of the problem. Did you get a good look?

Go ahead, hurt each other.

They are very powerful people, but they can't even take care of their families. The Locke family is like this, but their children didn't leave home, but the father-son relationship is also pretty bad.

[Heh, you think I'm you, the old man can bend and stretch, now I'm having dinner with my son, which is like you?

Luo dad snickered, he and his son used to have a bad relationship, that's because he was stupid and had less communication, but he's been working on improving their relationship and the kid's mom even gave him a boost, so now Luo dad feels that his relationship with Luo Junxian is like a friend.

Nightaki saw the message he sent and the little video of the meal and silently sank the water, dammit, why can other families look like this, think about it how long has it been since he ate with Night Xiu Chen?

A few years, right?

Previously because of busy work and put most of the time on the youngest son, now it is because Xiu Chen and the family fell out, but also do not want to see them, let alone eat together.

Seriously, the older son's understanding has become a reason for them to ignore him, just because they think he understands so they put more time on the other child, maybe at first bias is not very obvious, but over time, with Xiu Chen's IQ can certainly also notice, but they have always felt that there is no problem, and then when there is a problem, it can not be solved.

Nightaki clenched the phone in his hand, and then looked at the schedule, immediately booked a ticket to South City, yes, to go not necessarily to see people, but not to go to see people.

The parent-teacher conference in sophomore year, the daughter-in-law went, but the son himself said he would not forgive them, and now he went to see how Xiu Chen lives alone in that city, after all, he did not seriously go to see that city.

From the first year of high school to now, more than two years, that child has been living alone in the South City, how irresponsible they are na?

At this moment, the big man who was picking things with his girlfriend was totally unaware that Papa Luo had gotten his father to South City, after all, now he wouldn't spend too much time on them anymore, that time had been wasted a lot.
