

THE STARS ARE ORIGINALLY A PAIR - UNBELIEVABLE

After returning to school, the two people respectively put things back to the dormitory, and then the big guy asked Missy to go to the milk tea store together to play games, as for learning, that there is no hurry, has been learning a summer, it is time to relax.

An Xingyue had also intended to find a place to stay, anyway, the school is now only their seniors, empty, but An Xingyue did not expect the milk tea store those actually have opened, thought they only start doing business tomorrow.

Two senior people sitting in the milk tea store, holding a cell phone playing games, can be said to be rampant, but around there are also a lot of people sitting with them, but because of the big brother sitting next to them, so everyone's volume is subconsciously lowered.

An Xingyue felt a little funny, obviously last semester big brother has rarely fought, can be said to be from the good, but I do not know why everyone is still very afraid of him?

An Xingyue smilingly looked at the night Xiu Chen who had already started playing the game, carefully sizing it up, obviously A Chen looked like a noble son from ancient times, how come those people looked at him with fear?

Just when An Xingyue couldn't understand, night Xiu Chen suddenly rubbed An Xingyue's head, then asked with a sideways glance: "What's wrong with Bao? Are you bored? Do you have something you want to do? Or where does Yueyue want to go?"

Night Xiu Chen noticed that An Xingyue kept looking at him and thought she was bored or didn't like this look, so he put down his phone and asked.

"No, this look is quite good, and A Chen is super handsome when he plays games." An Xingyue shook her head, then pointed to the character that had been resurrected and said, "If Ah Chen doesn't move anymore he will be reported."

The first thing you should do is to take a look at the game. The opportunity.

Then in addition to these he and his girlfriend have actually gotten some famous university invitations, but still decided to participate in the college entrance examination, because the first middle school is missing a top student, and after the college entrance examination can choose more opportunities.

An Xingyue took the milk tea and held his arm with the other hand without interfering with his game, then leaned on his shoulder and watched him play.

Occasionally also put the milk tea to his mouth, let him drink, onlookers feel that they may not eat enough at noon so they have to come to eat dog food, the point is also eaten very happy.

But there are some very hard to learn but the results have been suppressed people see the two of them not only do not study but also playing games, they feel they are very hypocritical, pretend what to pretend, maybe behind the scenes do not know how hard, hard to pretend so easy in front of everyone.

One of them is Guan Hao, originally he intended to go to the library today, but the girl who recently got closer to him said to come to the milk tea store, in order to show his gentlemanly manners, so he agreed, who knew that he would see the two people in the milk tea store night Xiu Chen and An Xingyue.

For night Xiu Chen he is fearful and defiant, Guan Hao has always felt that night Xiu Chen before in the school for the wrongdoing, not expelled is not because of his good family, and why his grades back, those people choose to ignore his previous bad, and then what praise words are put to him, and why he such a person can get An Xingyue's favorite?

The first thing you need to do is to get a good idea of what you want to do. He's.

Oh, do not look at their own face how big?

And just when the big brother's grades steadily rising, Guan Hao's psychological quality is a bit not good, has always felt that they will be pressed below the person, suddenly overtake themselves, and after that also in an unshakeable posture has been dominating the position belonging to their own, that bad mentality is estimated to collapse.

Guan Hao's previous grades are very good and stable, but since the confession was rejected, and was warned, and the results began to be unstable, always feel that the people around him are looking at his jokes, the heart pressure became big, originally the class of the exterminator suggested that he first change the class, that way the pressure is not so big, and so the state back, and then back to the first class is also possible.

But Guan Hao felt that others would laugh at him even more, so he refused, and he assured the teacher that his grades were fine and his condition was fine, so Guan Hao was able to stay in class one.

But his class ranking fell from the first at the beginning to the eighth, but the good thing is that it has always been able to stay in the top ten, otherwise the mentality collapsed even more.

So now in the milk tea store to see the two of them, Guan Hao heart that gas has been up and down, but the good thing is that he still has sense, so he did not go up to pick a fight, or the school bully will teach him to be a man in minutes.

Although the school bully rarely do it, but to do it will never be ambiguous.

But because Guan Hao's gaze is really annoying, night Xiu Chen glanced at him coldly before lowering his head to continue the game, and in order to not let An Xingyue get bored, let An Xingyue herself also open the game, then he can take her to play together.

Guan Hao was glanced at by the big brother and completely lost his temper, lowered his head abashedly, and then began to talk about the topic with the girl next to him.

Just when the two people were happily playing games, a plane arrived at the South City airport, and Nightaki got off the plane without informing anyone, and just came to South City alone.

It can be said that it is very capricious.

Knowing the location of night Xiu Chen's school, Nightaki had someone drive a car to the airport, then took the car away and let that person leave by himself in a car.

The first thing I did was to drive to the store and buy some fruit before I drove to South City First High School with a nervous look.

At this time, Luo's father, who was still in contact with Luo Junxian's father-son relationship, saw the message sent to him by Yeguan and laughed in a good-natured way, what's the use of coming now, the kid has taken care of everything by himself, so he might as well not come.

However, Luo dad still followed his request and asked Luo Junxian secretly, where is this kid, Night Xiu Chen now?

Luo Fox replied without walking away, "I think he's at school, just now Jun Xing sent me a message saying that Brother Chen and his girlfriend are showing love at the milk tea store, so Brother Chen should be at school, what's wrong?"

"Nothing, Dad just asked, you were all together before, but not anymore, so Dad was curious what this kid Xiu Chen was doing."

Luo Junxian nodded and didn't think much of it, anyway, even if he didn't say anything, if they had anything, they would be able to find out where Chen was.
