

THE STARS ARE ORIGINALLY A PAIR - NO SUCCESS AND RETURN

The two of them are ready to go to the school library to study, after all, tomorrow's class will be self-study, and then the day after tomorrow is the mapping test, and the school intends to see through this mapping test to see where everyone's ability to go, and then according to the general situation of each class scheduling classes.

The first time you are in the market, you will be able to get a good idea of what to expect. That how sorry the old king ah.

So the opening should be good, to show.

Two people in the library to find a corner seat, perhaps not yet into the state, did not clearly experience really into the senior year, so at this time the library is not a few people, I guess everyone is still in the wave, after all, tonight to stay, have to seize the last time to play na.

But even if you come to the library two people are not looking at teaching aids, An Xingyue took a full English foreign writings, and then night Xiu Chen took a book and programming-related books, two people so read up and mapping exams have nothing to do with the book.

The two of them also parted with their families, after all, a bunch of busy people can come is very rare, so we do not delay, after eating, chatting about the day, and then go back to their own homes.

After Zhou Junxing and his dad separated, he said something to Luo Junxian and the others, and then he went to Ji Yiyang in a frenzy, after half of the day was over, but he still hadn't met with his Yan Yan.

They are a lucky pair, because Zhou Junxing's efforts, although his grades are not as good as Ji Yiyang's, but Ji's parents think he is still good, after all, for Ji Yiyang can work hard to become better, so in the parents side is also considered to pass.

The actual fact is that you can find a lot of people who are not able to get a lot of money for the purpose of the actual project.

The other girl also had something to do and came back tonight.

The first thing you need to do is to look at the dormitory and see if the huskies are back, otherwise you can die of boredom alone, before she was so determined to chase Su Can that she was afraid she wouldn't do well to catch up with him.

Ready to call Zhou Junxing, coincidentally Zhou Junxing called her, and then the two talked, decided to go out together, then eat dinner and then go back to school, and then meet tomorrow, the day after tomorrow's mapping test.

And this side of Nightaki came to the school entrance of South City First High School, because there are still students only now, so the school entrance of the car is still quite a lot, but many are driving into the dormitory side, in the outside of the estimated is waiting for someone.

Nightaki watched for a while, then found night Xiu Chen's phone and dialed the number that had not been dialed for a long time.

The night Xiu Chen is looking at the programming book, he has decided to learn the computer, and then start a business to make money to support his daughter-in-law, his little aunt have not suffered, later married together, he can not let her suffer.

The phone placed next to the slight vibration, night Xiu Chen glanced at the number, smiling and not smiling narrowed his eyes, and then wait for the natural hang up, then ignored.

Found An Xingyue's gaze looking at the phone, then lightly smiled: "An insignificant person only, there is no need to answer."

An Xingyue nodded, did not make a sound, but in the heart but a little heartbroken him, if it is an insignificant person, how will remember the other party's phone number, but it is just self-deception.

But he should not be unhappy on it, other than what he cares?

Nightaki waited until the phone hung up automatically but didn't wait for Night Xiu Chen to pick up the phone, but didn't want to waste a trip, so he pulled the number again, still no one picked up, he didn't see it, right? But Luo said he was at school, was he taking a nap? But it was already 4 o'clock, even if he was taking a nap, he should be awake by now, right?

After calling three times in a row, no one picked up, so Yegaki's face became a bit ugly.

Night Xiu Chen looked at the phone that rang three times and did not ring, look unknown, so in the end what is the need to call his phone, but also played three times, but even if he played three times again he did not think to answer.

And An Xingyue felt that since this person called, although A Chen could not see anything, but she obviously felt that he was in a bad mood, so An Xingyue thought about it and dragged Night Xiu Chen away from the library.

Since the mood is not good, then go find a good mood.

Night Xiu Chen looked at An Xingyue pulling his hand, slightly hooked up the corners of his mouth, his little table, really is the best.

From the library, only four o'clock, the sun is still shining on the ground, An Xingyue feel as if a little hot, originally thought to go to the lover's lake for a walk, but now is still hot, she does not want to go, after all, she is afraid of heat.

The company's main goal is to provide the best possible service to its customers.

The third floor of the cafeteria not only has air conditioning but also cupcakes and milk tea and coffee, and there are also card seats, the two of them can order milk tea, order a snack, and then wait for the meal to arrive before eating, so hot weather, also do not want to walk around.

Nightaki stood in the shade, a little helpless, night Xiu Chen did not answer his phone, he could not find him, and just the doorman said, the teacher those who came back tonight, now the school only a few teachers in, if you want to find someone, you have to wait for the person's teacher to arrive to find.

Just now his subordinates have called him to ask when he will return to Kyoto, some things need him to decide, he also do not have much time to stay in South City.

After a trip to South City, did not even see the person, but really no success ah.

The phone rang once again, Nightaki whispered a few words, then turned around and left.

After giving the fruit he bought to the doorman, Nightaki looked at the plaque of South City First High School once more, walked back to the car, started it, and left.

Night Xiu Chen is being fed by An Xingyue at this time, the young lady feels bad mood then eat more sweets, there is nothing that the cupcake can not solve, if there is, it must be the cupcake is not enough to eat.

And night Xiu Chen from the beginning hate to eat sweets to slowly accept, now can be very calm and An Xingyue eat together, and the small table hand-fed to his mouth, how can not eat?

The same people on the third floor waiting for the opening of the meal order, see the two of them so mushy, simply beeped dog, they did what wrong, need to eat dog food as soon as back to school?

I thought it was at the milk tea store? Now it's on the third floor is it?

The school bully is planning to take his girlfriend to abuse dogs at every corner?
