

THE STARS ARE ORIGINALLY A PAIR - HOME

When they get the award back to the South City, just when the weekend, and then Monday will be the first monthly exam, so to speak, to see where the state of everyone since this month or something to go, and then assess the current review method is suitable.

So the people who participated in the competition returned to the South City is to go back to their own homes, each find their own mother, as for praise, reward those and so on Monday morning when the broadcast meeting.

An Xingyue immediately put down her things after returning home and fell on the sofa, she was really tired from the plane ride and then from the airport, especially now that the weather is hot and more tired.

An Xingyue was on the sofa for a while, then walked to the kitchen, opened the refrigerator, took a look at the things in the refrigerator, she was a little surprised, so An's father had returned home, so the refrigerator was stuffed with things?

An Xingyue took a yogurt and bit the straw, then ran back to the living room, looked for her phone and sent a text message to her mother before calling An's father.

"Yueyue, do you have something to do? Are you coming home today? Have you arrived home now?" An Guo Ting had just come out of the research room and returned to the office, when he saw that it was his own daughter's phone, he immediately answered it.

An Xingyue sweat, she did not say anything, An dad asked several questions in a row, "Well, I just got home, I saw the fridge was stuffed full, I want to ask dad if you bought it?"

An Guo Ting heard An Xingyue call him dad instead of father, giggled, although An Xingyue's attitude towards them has softened since New Year's Eve, and it's not the first time dad has heard it, but he's so happy every time he hears it.

"It's bought by daddy, Yue Yue baby is back, daddy went back tonight to make a big meal for you to eat, the refrigerator is mostly fruit and milk, daddy went back from work at 5:30 by the way to buy food back, Yue Yue is waiting for daddy at home." An Guo Ting thought for a moment that there was nothing in the research room today that required him to sit down, so he could still go back and eat with his baby daughter today.

The assistant next to him was taking documents to An Guo Ting, then accidentally saw Professor An smiling so silly that he startled himself, knowing that they had never seen Professor An like this before, and in the research lab, Professor An was very serious.

An Guo Ting originally wanted to eat with his daughter two people, turning his head, thinking that the boy may still be home alone, just returned from the game must be very tired, so the boy estimated that a person called takeout to eat, and may not eat, after all, the moon before but said that the boy's diet is a little irregular.

"Yue Yue baby you ask the brat to come to our house to eat, he is home alone is estimated to shout takeaway." An Guo Ting a little upset but also said reluctantly.

Perhaps because of the previous shame to their own daughter, and then see the daughter's favorite boy and the family do not get along, their own living alone in the South City, and then think of the daughter before the appearance of a person, so it is a little pity him.

The company's main business is to provide a wide range of products and services to its customers.

Because every time he saw An Xingyue treating him so well, he was always a little heartbroken.

"Then I'll ask him later and then text you to tell dad." An Xingyue immediately replied, she was afraid that An Dad would regret, but if she had known this, she would have let Ah Chen come up directly, and now he had to come over specially.

"Okay, then dad hung up first, bye bye daughter." An Guo Ting saw that his assistant had been standing for quite a long time, so he planned to take care of things first, and maybe he could come home early later to cook for his baby daughter.

Since the relationship broke the ice, An dad often baby, month after month baby this way to call An Xingyue, sometimes An mom heard all feel quite amazing, really daughter is the father's lover in a past life?

The first thing you need to do is to get a good idea of what you want to do. I'm not sure if I'm going to be able to get you to come to my house tonight, my dad told me to ask if you're coming, he's going to cook a big meal for me tonight and bring you along.

An Xingyue sent a WeChat to Night Xiu Chen, then pulled the suitcase back to the room, took out the things inside, and packed it up.

Night Xiu Chen came home and spoke to An Xingyue, then ran to the bathroom, it was really a bit hot, so a shower would be much more comfortable.

Only after coming out and Zhou Junxing and a few of them chatted in the group, then just ready to order takeout, then saw his girlfriend's WeChat.

This also needs to be considered?

And it's better to go to Yueyaer's house to eat than to eat takeout at home alone.

Because An Guo Ting saw Ji's daughter's text message that night Xiu Chen promised to come to dinner, so in the original menu to add a few more night Xiu Chen like to eat dishes, because there are only three people, and more dishes, so An Guo Ting in the purchase, buy a relatively small amount, or not eaten to waste.

The first thing you need to do is to get ready to go out, but who asked his future father-in-law to invite him to dinner, and he also wanted to go to An Xingyue face to face chat, so the big man changed clothes quite quickly.

An Xingyue got the fruit at home, then turned on the TV, just waiting for the arrival of Night Xiu Chen and An Dad's return home.

Fifteen minutes later, the doorbell was rung and An Xingyue looked at the cat's eye before opening the door and pulling in Night Xiu Chen.

"If I had known that dad would let you come, I should have just brought you home directly." An Xingyue said with a smile, glanced out the window and found that the sun was already setting in the west, not so hot anymore, but the afterglow was still there, and the thought of Night Xiu Chen coming from the home side was a little heartbreaking.

"It's okay, I can just change my clothes, and I came here by taxi, the car has air conditioning, not hot at all." The company's main business is to provide a wide range of products and services to the market.

An Xingyue laughed helplessly, "Even if you eat takeaway, your takeaway is not simple ah, what is so pathetic."

An Xingyue has seen the takeaway ordered by night Xiu Chen, he eats as if they are private dishes, no matter the price or taste are great.

"Even if the takeaway is good, it can't be compared with uncle's handmade food, so it's still quite pathetic." Night Xiu Chen retorted, how can you compare what others make with what your own family makes?

"Mm-hmm, you're also right." An Xingyue thought of An dad's craft, indeed if An dad didn't work at the institute, then going to be a chef would be promising.
