

THE STARS ARE ORIGINALLY A PAIR - DINNER, FIRST SLEEPOVER

Just when the two people were having a chat, An dad came back.

An Xingyue and Night Xiu Chen both looked at the things in An dad's hand in surprise and quickly glanced at each other, dad (uncle) seems a bit exaggerated.

After being surprised, Night Xiu Chen immediately went over and took part of the dishes, then with An Dad two people went towards the kitchen, while An Xingyue followed behind them, being a little tail.

"Daddy, why did you buy so many dishes? Isn't it just the three of us?" An Xingyue put her hands behind her back and looked at the bags and bags of vegetables, asking a little helplessly.

"We said we would cook a big meal for you guys, so we bought so many dishes, but the amount we bought is not much, just more styles." An Guo Ting heard his daughter's words, and then said very proudly.

Because the dishes to get a little too much, so An Xingyue and night Xiu Chen intended to help in the kitchen, but An Guo Ting and night Xiu Chen are not willing to An Xingyue hands, so the two directly pushed An Xingyue out, leaving them two male busy in the kitchen.

Originally An Guo Ting intended to get night Xiu Chen also out, but night Xiu Chen said that if only he gets these things estimated to get a long time to eat, and the workload is also very large, anyway, he can also cook, although not very proficient, but more than enough to play the hand.

So An Guo Ting was talked about, hehehe, if it was An Xingyue who wanted to play the hand then An Guo Ting no matter what would not agree, but this person is night Xiu Chen ah, is trying to abduct his daughter, so always have to pay something.

And he wants to see if night Xiu Chen really know how to cook, not to see if he can do, just to see what he washed dishes and what the basic skills to do how, after all, if the two are still together in the future, then the life is the two of them, since this, there is always one is to be proficient in a little cooking, or do you call for take-out every day?

Although they may be able to hire a nanny or something, but the future is still so long, always have to personally cook for each other to try it, and really, An Guo Ting do not think the two children will hire a nanny in the future, after all, they do not like strangers to enter their homes, and Xiu Chen's possessiveness is estimated to be more like a two-person world.

The first thing you need to do is to wash the dishes, while An Guo Ting is dealing with the chicken wings, he intends to do the cola chicken wings first, after all, Yue Yue likes to eat chicken wings so much.

An Xingyue originally sat outside to watch TV, but thought of dad and A Chen inside cooking, she just sit and wait seems a bit bad, and then ran to the kitchen door to watch the two people inside very tacit understanding in cooking.

An Guo Ting originally wanted to see what his daughter was doing, but he turned around and saw An Xingyue, who was leaning against the wall, watching them carefully.

An Guo Ting wiped his hands and walked over, "Is Yue Yue hungry? Dad will be done soon, just wait a little longer, Yue Yue go over and watch TV, don't lean on it anymore, in case there is grease smoke floating out, it will be bad for Yue Yue's skin."

An Guo Ting said seriously, absorbing too much fumes is not good for a girl's skin, and it's good to have him and Xiu Chen here in the kitchen.

An Xingyue held up her forehead, how could there be grease smoke here where she was standing? Dad's excuse is not too heartfelt.

But An Xingyue can only obediently obey, because she kind of know, with An dad in, she will not want to enter the kitchen.

When he heard An's father's words, he also turned his head to show his approval, after all, in his heart how does his baby need to go into the kitchen? With him, it would be fine.

An Xingyue sat down again on the sofa, then looked at the fruit plate that was already half gone, decisively took out the fruit and started to get it again, after all, An Dad hadn't eaten it yet.

With the cooperation of An Guoting and Night Xiu Chen, tonight's dinner came out.

An Xingyue looked at the dishes on the table and gave a thumbs up to the two chefs, it was really fantastic.

"Come, tonight's dinner is ready, this table of dishes as a reward for your participation in the competition and encouragement for tomorrow's monthly exam, after your monthly exam results, if dad is free to take you two out for dinner, and then call mom as well, just as a get-together."

An Guo Ting said seriously, the two children are really too understanding, and also great, so rewards, encouragement or something must be there.

After dinner, it was already after seven o'clock. After An Xingyue cleaned up the table, we sat on the sofa together to chat and eat fruit.

An Guo Ting also sent the photos of the dinner to An's mother, and then An's mother said that the weekend after their monthly exams, we can go out to eat together, or just go to the suburban farm for a day, there is food, and there is fun, the bad situation is not bad.

This is fine with everyone.

An Xingyue is looking forward to the weekend, we all go out to play together, simply don't be too good, this is what she would not have thought before, after all, before disappointed so many times, but now An Xingyue said can still look forward to a little more.

Night Xiu Chen more no opinion, he used to be at home also do not have this kind of family activities, so he is also looking forward to, so it is not that have not been to the farm those, but with the family to go together feel is different.

Because of this, we talked together for a long time, and then reacted to find that it was already more than nine o'clock, so they talked for about two hours for the next weekend's trip, what was it about?

An Guo Ting felt it was too late, so he let night Xiu Chen stay here for the night, anyway, there is a guest room, and tomorrow morning he can also send them directly back to school, anyway, tomorrow's exam, night Xiu Chen also do not have to go back to get the book bag or something.

If you take a shower, you can wear his pajamas first, before An mom bought him a lot of new clothes, some of which he has not worn, including pajamas in.

An Xingyue was stunned to hear An's father say this, is this the father who has always disliked Achen? The actual invite Achen to spend the night?

Night Xiu Chen also expressed surprise, after all, An dad but very dislike him and he grabbed Yue Yue baby, because with him, Yue Yue's attention will be divided half to him, An dad felt very upset, so tonight why would invite him like this?

"Mainly because it's a bit late to go back now, and it's still raining heavily outside, so it's also troublesome to go home, so I might as well stay here for the night." An Guo Ting looked out the window where it was raining and there was occasional thunder.

When An's father said that, An Xingyue also felt that it was a bit dangerous to go home now, and she didn't know how long the rain would last, so it was better to stay here.

The company's main goal is to provide the best possible service to its customers.
