

THE STARS ARE ORIGINALLY A PAIR - WE ALL WATCH MOVIES TOGETHER

Before the last night repair because tonight's duty teacher is Wang Ya, plus the seventh class originally are not love to study dude elements, even now become better, still remains a few habits.

So this group of bad guys intend to watch a movie during the evening recess, and their class is not the first one to play, before the eight class has already watched, but they think that soon the monthly exam, in order to give the old king to fight for face, earn some bonus, so in the eight class people show off, seven class people hard to endure, and now after the exam, how to endure? And Old Wang also said before that they can relax properly, they think watching movies can relax.

So it's a rare coincidence that the old class is watching the evening class, so let's all watch it together! O(∩∩)O

An Xingyue was discussing with Night Xiu Chen about the questions she had just finished, especially the finale questions of mathematics, An Xingyue didn't do all of them, so she planned to ask her boyfriend for advice, because An Xingyue knew that Night Xiu Chen's science was great.

So when she heard that everyone was planning to watch a movie at night, she was a little surprised, but also curious, she had not tried to watch a movie at night, before the night repair either doing the topic or in the drawing, and then occasionally with the big brother to read extracurricular books.

So it was the first time she watched a movie.

An Xingyue had great expectations for the movie this time.

And night Xiu Chen is a little want to laugh, there are still a few in the eyes to watch the show in, if the baby knows that they intend to show a horror film, will not be scared to death?

To know before and she watched these, she was scared half to death, so think, night Xiu Chen will be a little reluctant, "Bao you know what they want to see?"

One hand propped up the chin, the other hand turned the pen, night Xiu Chen with a smile looked at An Xingyue, and then said flirtatiously.

"I don't know eh, but they should all watch the more relaxed ones, right? Didn't everyone say to relax?" An Xingyue said casually, and then met Night Xiu Chen's smiling and teasing eyes, "It's not a horror movie, right?"

An Xingyue asked uncertainly, it shouldn't be, how could it be? Said to relax, damn, watching horror films is what relaxation ah!!!

"Right oh, they have already picked the film, so please girlfriend do you need me to take you out?" Night Xiu Chen asked with a smile, it is better not to watch it, thinking of An Xingyue watching horror films that time, he was bored in his heart, scared her to tears, it is not good to coax ah.

"No, I can not watch it, I can read a book." An Xingyue said squirmingly, not just being scared and crying? Can't she not read it?

"Read a book, huh? But the lights will be turned off later, so how are you going to read a book, baby?" Night Xiu Chen found An Xingyue's appearance very interesting.

"I can't read a book and I can't sleep? Hmph." The mouth shouted baby, the eyes were all smiling, snickering, clearly teasing her.

"Fine, fine, then later on baby you sleep." Night Xiu Chen touched the tip of his nose, teasing seems to be a bit too much, but later she sleep or not sleep is still hard to say, after all, watch horror movies estimated screams.

"Apparently An Xingyue also thought, watching horror films, how everyone will be quiet, she should not first take the headphones plug the ears, and then put on the song to sleep?

Or still watch a horror movie, everyone together, should not choose a very scary kind, right?

But these people in class 7 are all bold, ah, should choose a little more exciting, right?

No, there are still girls, it should still not be very scary.

An Xingyue's heart is a mess, fidgeting, thief uncomfortable.

The night Xiu Chen originally thought to see the reaction of An Xingyue, now see her so upset, but some heartache, gently embraced the person in the arms, comforted: "afraid of what? Is there still me? I'll take you out for milk tea and take you to eat. "

"I'm not afraid of ah, but Ah Chen said so, I would like to drink milk tea." An Xingyue said to night Xiu Chen, obviously just had soup, but she is a little mouth, "I want to drink iced milk tea. "

An Xingyue tugged at the hem of night Xiu Chen's shirt, eyes blinking ah blink, she has not drunk milk tea for a long, long time, want and once, just once.

"I'm going to buy you now, just this once, if they put the movie I have not returned, baby you first lie on the table, do not look first, understand?" Night Xiu Chen always can not stand her pampering, anyway, recently did not give her much to eat cold things, drink once is okay, right.

"Mm-hmm, Ah Chen go now, bye." An Xingyue immediately pushed Night Xiu Chen away, then urged him to go buy milk tea, iced milk tea, here I come.

"Little heartless." Night Xiu Chen pulled the hair of press Xing Yue, pulled up the phone and went out.

Just shortly after he went out, the class began to turn off the lights, pull the curtains, and also closed the front door, leaving the back door for everyone to enter and exit, even the old king had been in place.

It is obvious that the old king already knows and agrees, even if he does not agree, there is nothing he can do, the people of class 7 are very stubborn.

An Xingyue felt that the beginning should not be scary, and then watched very carefully, who knew that directly a female ghost full of blood out, without a little defense, so quietly appeared, An Xingyue was directly scared, I go, how to start so heavy.

And she was not the only one who was scared, after all, we are very serious about watching, who knows it quietly appeared female ghost, although know is fake, but with those background music is very scary.

An Xingyue did not have the slightest delay, directly put on the headphones to play songs, and then the whole face buried in the arms, although said with headphones can still hear those music, those conversations, but it is not too obvious, after all, she also has songs in the headphones.

Night Xiu Chen came back to see if his girlfriend has been lying on the table, and then took a look at the footage being shown, and not too scary ah, normal in the go plot, so Beibei this is the beginning of being scared?

Night Xiu Chen put the milk tea on An Xingyue's table, gently pushed An Xingyue, the next second saw her whole body trembled, "baby it's me, don't be afraid don't be afraid. "

Immediately put his arms around the person, take off one of her headphones, night Xiu Chen said softly.

"A Chen you scared me to death. "An Xingyue buried his face in the arms of night Xiu Chen, with fear said.

"Okay, okay, I bought you iced milk tea, not afraid of not afraid. "Night Xiu Chen gently patted An Xingyue's back soothing to.

"A Chen now picture horror? "

"Not horrible, in walking the plot, want to see it? "

An Xingyue slowly raised his head, a quick glance, seems really not horrible, do not want to look again? And turn back to look, found that the level of horror she can still accept out of the arms of the night Xiu Chen, and then hold the milk tea, sip, and then seriously watch the movie.

Night Xiu Chen saw her this look helplessly laughed, and to be afraid and to see, but really
