

THE STARS ARE ORIGINALLY A PAIR - GO HOME TOGETHER

After school, An Xingyue was still packing up her things in the classroom, then the cell phone that was set aside next to her rang, glancing at the caller ID, An Xingyue casually answered it.

"Hey, Yueyue, mom is in front of the school now, are you and Xiu Chen home yet?" Guan Yaxin said on the other end of the phone.

"Mom you're back, ah, I haven't gone home yet, now I'm still in the classroom with Ah Chen, ready to go out." An Xingyue was a little surprised, she thought her mom would come back tomorrow, but she didn't expect that she was back now, still in front of the school.

"Ah Chen, my mom is now waiting in front of the school's, let's go now." After An Xingyue hung up the phone, she said to Night Xiu Chen who was next to her.

Originally, I was thinking of riding a bike, but now that my mom is here to pick up, I can take the car and go.

"Auntie is back? I thought she would come back tomorrow." Night Xiu Chen stood up, put on his own school bag, then carried An Xingyue's school bag and two insulated lunch boxes.

"Mmmmm, I feel surprised too, but this is good, it proves that our farmhouse can go on as scheduled." An Xingyue blinked her eyes and smiled.

"That's right, let's go then, don't keep auntie waiting for long."

When the two went out, there were still quite a few people standing in front of the school, presumably all waiting for their parents to pick them up.

With his height, Night Xiu Chen easily saw An Mama standing by the car, pulling An Xingyue to walk over, the two stood in front of An Mama, Night Xiu Chen greeted her calmly, while An Xingyue hugged An Mama.

"You two seem to have lost weight ah, is senior year very fortunate ah, An Guo Ting that bastard still said to me that he often cooks for you, how come you are still thin?" Guan Yaxin touched An Xingyue's little face, then looked at Night Xiu Chen, thin, thin, both thin.

"Mom, I'm not skinny, it's because you're looking at me wrong." An Xingyue said helplessly.

Isn't it true that the first thing every parent says when they see their child after coming back from a trip is how they've lost weight again?

The first thing you need to do is to get a good idea of what you're doing.

"Skinny is skinny, let's go home quickly, mom has bought food, go back and let dad cook for you guys to eat." Guan Yaxin pushed the two people into the car, then thundered and drove away.

"Mom bought the food, is dad free tonight?" An Xingyue thought about how her calls with An's dad had gone the previous two nights, except for the night on Tuesday when she delivered soup to them, after that dad was quite busy.

"Mom asked dad, dad said yes, but let mom buy the ingredients home first." Guan Yaxin thought of the chat with her own husband and smiled, "By the way, Xiu Chen also together, auntie has prepped Xiu Chen you, then let Uncle An send you home after dinner."

When the red light, Guan Yaxin quickly looked at the night Xiu Chen a glance, er after said, otherwise the boy back home also have to cook and eat alone.

"Mm-hmm, even if auntie doesn't invite me, I still plan to dawdle." Night Xiu Chen said cheekily.

"What do you mean by dilly-dallying? Silly boy, like to follow Yue Yue home in the future, no need to be polite." Anyway, we will be a family in the future, the latter sentence Guan Yaxin thought secretly.

After returning home. An Xingyue and Guan Yaxin put all the ingredients in the kitchen before putting their own school bags back into the room, and night Xiu Chen's was put in the guest room where he slept before.

Guan Yaxin, on the other hand, went into the kitchen to start handling the ingredients while the two children were putting their things back in their rooms, so that when An Guo Ting came back, he could just open the fire directly, without wasting so much time.

After night Xiu Chen and An Xingyue came out, they didn't see anyone in the living room, and when they looked directly into the kitchen, Guan Yaxin was already washing the vegetables.

The two people looked at each other, walked into the kitchen together, and then started to help.

"Eh, what are you two doing in here? Go out, mom is just washing the vegetables, no need for you to help, rare break, you two go out and watch TV or do something else, just don't come in." Guan Yaxin pushed the two people out before continuing the work in her hands.

An Xingyue glanced at Night Xiu Chen, this scene seems similar, tsk, not bad for a couple.

An Xingyue turned on the TV and casually pressed a news channel, although it was a rerun, but since the two of them were at school, they hadn't watched it.

The company's main business is to provide a wide range of products and services to its customers.

And although night Xiu Chen is also holding a cell phone in his hand, but it is obvious that his mind is not on the phone, but does not know where to drift.

Well, the big man is thinking about the day after tomorrow's nongjiale, not previously been to these with his parents, now it is with his girlfriend and her parents, it is really amazing.

An Guo Ting entered the house to see is the own daughter and the future son-in-law together to play games, but also a little surprised, after all, the two children's self-control are very good, but rarely see them play games, but after learning to play games to relax or can.

After a greeting, An Guo Ting put the briefcase on the sofa, and then immediately went into the kitchen, even the tea poured for him by his own daughter has not yet drunk.

"Daughter-in-law, why are you washing dishes, didn't I say I'd get them when I got back?" An Guo Ting saw the dishes washed by his wife, cut meat, a little heartbroken.

"It's nothing, just washed the vegetables these only, the rest is left to you, Chef An." Guan Yaxin said with a smile, then put the apron on for An Guo Ting, then turned around and went out to chat with the two children, he wouldn't let her stay in the kitchen anyway.

When An Guoting finished the dishes, everyone took their seats, anyway, they are all family now, no need to be formal, this is what An's mother said to Night Xiu Chen.

The An family does not have the habit of not saying anything about food, and during the meal, you say one thing and I say another, the two adults learned about the two children at school, and after knowing their monthly exam results, Guan Yaxin even felt that the meal tonight was not enough, and that they should buy more of what the two children like.

After eating and drinking and finishing the kitchen, An Guo Ting made tea for everyone, Guan Yaxin cut the fruit, and then we began to discuss the day after tomorrow to go to the farmhouse, this time they chose the farmhouse is in the suburbs, not far but quite a lot of things to play, and the taste of the dishes there is also good.

And this is the first family outing, both for An Xingyue and for Night Xiu Chen.

So both adults want to give their children the best experience, so they have to be fully prepared. In fact, if the weather is not hot, it is also very good to go on a field trip, but in order not to get heatstroke, it is better to be safe, and the two children are in their senior year, if there are any health problems, it is quite troublesome.
