

THE STARS ARE ORIGINALLY A PAIR - HEART STUFFED

Because of curiosity, so after eating lunch and sitting down to rest for a while, An Xingyue dragged Night Xiu Chen and ran out, she wanted to see if the sea of flowers was as good as her mother had photographed.

Guan Yaxin looked at the backs of two people, eyes are curious, "husband do you think we should follow them? Want to see what the two children went to do."

An Guo Ting helplessly looked at Guan Yaxin, follow the two children this kind of thing is estimated that only she will do, "they go to the sea of flowers, we have been there this morning?"

"We have been there in the morning, now we can also go ah, and Yue Yue baby they will certainly take pictures, we also go over, then we can take a group photo." The more she thought about it, the more she thought it was okay, then she pulled her husband up and walked straight outside.

Professor An, who usually says no one, has no status at all in front of his wife.

When they arrived at the sea of flowers, An Xingyue was taking a picture of Night Xiu Chen with her cell phone, just now Night Xiu Chen helped her take the picture, so the courtesy is reciprocated, although it is said that the big man does not like to take pictures too much, but the person taking the picture is An Xingyue that is different.

The first thing you need to do is to take a look at the pathway in the sea of flowers, surrounded by the sea of flowers, An Xingyue did not expect that the people who designed this place would be so thoughtful to make a pathway in the sea of flowers, so that no one would step on the flowers to take pictures.

The night Xiu Chen was photographed for a while and did not want to continue to be a model, so when he saw his uncle and aunt, night Xiu Chen said he was very happy to finally end the photo shoot.

However, it turns out that he thought too much, after all, An's mother came over just to take pictures of everyone together.

Out to play, always have to take some photos back, these are memories, and when you look at these photos again later, you will feel really young, and the people are beautiful, the scenery is also beautiful.

Tossed more than an hour, the two aunts finally took enough photos, and then the mother and daughter in that discussion, the next photo location to go where.

An Guo Ting and night Xiu Chen a face of unbearable love, is not the end? Why do you want to continue? I blame this farmhouse, make so many locations for what?

The two of them are so interested in taking pictures, and do not feel tired?

The woman na

The two men who have no family status can only follow their wives/girlfriends to continue taking pictures in another place, after all, we can't go against the wishes of the ladies.

After a few hours of taking pictures, finally you can eat dinner, after eating dinner you can go home, it's good.

As long as you do not take pictures, now say what estimated An Guo Ting and night Xiu Chen can agree, today is my photo time is definitely their shadow.

On the way home, An Xingyue was chatting with night Xiu Chen, chatting and falling asleep on his shoulder.

Night Xiu Chen reached out to touch An Xingyue's face, and then adjusted the posture to make her pillow more comfortable, and then opened his phone and saw the photos sent by An's mother in the group, the whole person was stunned, and really this way more let him intuitively recognize how many photos they were taken today.

Night Xiu Chen clicked on the circle of friends, found that the always cool Uncle An actually updated the circle of friends, a look, are the photos taken today.

The first thing you need to do is to take a look at the photos.

The first thing you need to do is to pick nine pictures that look good and send them out in a nine-pattern format, without text, but with a very happy expression.

The first time I saw the photo, I was shocked by the list of people, after all, many people in WeChat are in Kyoto, we have not seen the other two adults in the photo, but sister-in-law is definitely seen, after all, the winter holidays, but the big brother introduced.

So people who saw this circle of friends of Big Brother were speculating whether those two adults were Big Brother's future parents-in-law, and then were commenting on the fact that Big Brother had met the parents so quickly, and had also participated in people's family activities.

It's really powerful.

And there are some are saying that the golden child, the boy and the girl what those.

However, in contrast to these cheerful comments, it just happened to be with someone else's night Zihan saw his own big brother's circle of friends from someone else's phone, and directly asked that person to forward it to him, and then he directly transferred it to the family group, and blew up a bunch of diving ones.

Subsequently night Zihan calmed himself down, rubbed his eyes hard before he clicked on those photos again, saw that person in the photos smiling so happily, night Zihan felt his eyes were going blind.

After separating from the others, night Zhan immediately went home, he felt that the people at home will definitely have a lot of discussion when they see these photos of his brother, and tonight it happens to be dinner at the old mansion, it is even more crowded, so night Zhan felt he had to be a little faster, he was very eager to participate in the discussion.

As he thought, the people who were still chatting were stunned to see these photos and that friend circle, they didn't know how long it had been since they had seen Xiu Chen smile so happily.

But what made them care the most was why Xiu Chen would take pictures with his little girlfriend's parents? It is reasonable to say that even if parents support early love, they will not be so willing to take the boy who abducted their daughter to a family event together, right?

But according to the information reflected in those photos of Xiu Chen is that he and his girlfriend's family have a very good relationship, so good that they can participate in family activities.

When Han Yan Yuan saw these photos, her heart broke, especially when she saw that her son, whom she hadn't seen for a long time, was taking pictures with others with a smile on his face, without the slightest hint of reluctance, but before the falling out, they all knew that Xiu Chen was a person who didn't like taking pictures, so his photos were quite few.

Now it seems it's not that he doesn't like to take pictures, but it depends on who is taking the pictures and who is taking them together.

The old man has been staring at a photo of night Xiu Chen and An Xingyue, which was captured by An's mother, the boy hooked his mouth, full of doting eyes looking at the girl, slightly bending down, his hand reached to the girl's head, ready to take the flower petals off the girl's head, and it so happened that the girl was looking up at him, and so, the two people's eyes met.

The two people's eyes met. Surrounded by flowers in full bloom, there are occasionally a few petals flying in the air, the couple in the sea of flowers with high value is looking at each other, and later when looking at the photo, Guan Yaxin kept saying that she was most satisfied with this photo, and also said that she wanted to hang it in the living room when it was washed out.

The night old man looked for a long time before continuing to look at the back of the photo, see the four people together, but also sighed, two adults standing on each side, two children standing in the middle, a very simple photo, but it caused the old man straight sigh, but really like a family ah, which is like and they do.
