

THE STARS ARE ORIGINALLY A PAIR - THE FOLLOW-UP TO THE COLLEGE ENTRANCE EXAMINATION

The next day's English and science synthesis were easier for An Xingyue and Night Xiu Chen, but An Xingyue felt that physics was still a bit difficult, but Night Xiu Chen had helped her cram before, so An Xingyue didn't panic at all.

After finishing the science test, night Xiu Chen saw An Xingyue and directly lifted her up, "Baby, after the test, we can go out and play."

An Xingyue slapped the hand of night Xiu Chen, "Hahahaha, you quickly put me down, so many people are watching, let's go out, mom and dad are still waiting outside."

An Xingyue was suddenly shocked by the night Xiu Chen lifted up, then reacted, aware of the surrounding eyes, the whole face is blushing.

Night Xiu Chen smiled and put An Xingyue down, then stole a kiss on her cheek and held her hand, "Well, has uncle and aunt booked the hotel tonight?"

An Xingyue nodded, the two people who are usually too busy to see the shadow of a person, in these two days of high school exams is always with the two of them, has been very good.

Guan Yaxin and An Guo Ting have been waiting outside for the two children, "Old An you say Yue Yue and Xiu Chen how have not come out? Could it be that they feel they did not do well on the exam and are looking for a place to vent?"

An Guo Ting helplessly smiled, if these two children do not test well, then the others are probably not as good as where, "Ya Xin you are not forgetting the results of each of their mock exams, it is estimated that there are too many people, walking in the back."

"Right, right, Yue Yue and Xiu Chen are so great, how could they fail the test?" Guan Yaxin immediately set her heart down, but not afraid of what if ah, the exam room is changing, what if the test is unfamiliar to them?

The whole person is in disarray, which has the usual style of a strong person in the workplace, now is a mother who is worried about her children.

"Mommy, what are we going to eat tonight?" An Xingyue saw Guan Yaxin and An Guoting standing outside the car waiting, quickly walked over, the whole person jumped on An Guoting, then turned his head and asked Guan Yaxin.

This is something that I always wanted to do as a child, and now I finally did it.

"You guys are so slow, mom is worried if you guys failed the test, then find a place to cry and come out after." An Guo Ting joked.

"Tonight dad has booked a private restaurant to celebrate properly that you guys finished your exams." Guan Yaxin touched An Xingyue's head and said with a smile, "Just now mom was really worried that you guys were looking for a place to cry, but now she is relieved to see that her eyes are not swollen or red."

Just saw a child hugging his parents and crying, so Guan Yaxin is even more disturbed, now see the two children's eyes are fine, then it is relieved.

"Auntie, just inside there are parents, there are also reporters in, there are more people, so I and Yueyue delayed a little." Night Xiu Chen explained.

"Yeah, it's a good thing dad didn't drive in, otherwise I don't know how long we'd have to wait to get out." An Xingyue was scared to death thinking about how many people were waiting just now.

"And reporters? Shouldn't reporters be interviewed only after the results?" Guan Yaxin asked in disbelief.

"I guess it's to ask the candidates how they think they did on the test? Do you think the test questions are difficult and all that?" An Xingyue thought for a moment and answered.

"No matter, let's go, while there is still no traffic jam, let's go."

After getting into the car, Guan Yaxin began to ask the two children how they thought the test was, and whether the questions were difficult.

Then An Xingyue and night Xiu Chen looked at each other and smiled, for the two of them this time the college entrance exam questions or can, even Eddie Chen also said in the group this exam he could not get on a book, but the second book is ten to nine.

Then keep saying that after making up the study for so long, finally you can not make up the study, and the effort does not pay off, it always pays off.

Although the child did not speak, but Guan Yaxin look at their expressions will know that the test must be good, since this she is relieved.

On the other hand, An Guo Ting was wondering if the two children would plan to go somewhere to play, and then weighed how much money he would have to fund for their travel expenses.
