

### THE STARS ARE ORIGINALLY A PAIR - PLAN

After eating from the hotel, night Xiu Chen was directly brought back to the An family, anyway, have lived for a year, is not bad for this period of time, until the university estimates that these two people will move directly to live outside.

Guan Yaxin thought of the two children said before to Kyoto to study in the university, that is to say, have to buy a house near their school, otherwise these two have to go to rent a house, but their family has a small apartment in Kyoto, if close to the school, then do not have to buy a house.

After returning home, Guan Yaxin deliberately asked the two children's future plans, especially this long vacation, the two people have no plans?

An Ran looked at Night Xiu Chen, then said to Guan Yaxin, "A Chen and I plan to go on a trip, in a couple of days, and then come back to fill out the volunteer after the results come out."

Night Xiu Chen nodded next to him, expressing his approval, An Guo Ting also nodded, "Very good, reading ten thousand books is better than traveling ten thousand miles, it's good to go out and see, while there is time, go out more, since you two have planned, we will not interfere, but dad can give you financial support."

"Yue Yue baby when you go out to play, pay attention to safety and protect yourselves." Guan Yaxin admonished, "Mom is going to go on a business trip tomorrow, it is estimated that she will be gone for a week or two, so if you have anything to do with Yue Yue, call mom."

Guan Yaxin said after thinking about it, in order to accompany Yue Yue through her senior year, she has not traveled for a long time, fortunately the boss is good to talk, and she also has real strength, otherwise she would have been sacked.

"I also have to go to M to take a trip, there is a project in the Institute and to go there to exchange, about a week, so Yueyue you guys to travel or very good, after all, no one at home. = ω ="

An Xingyue nodded, she knew that during this period of time, in order for them to have a good state to go to the exams, her parents had pushed a lot of work, so now they started to be busy, she could understand.

Guan Yaxin took An Xingyue back to her room to chat about some private conversations, then An Guo Ting took Night Xiu Chen to his study to play chess, "Xiu Chen do you want to let Yue Yue accompany you back to Kyoto to see? After all, by the time you go to Kyoto for college, it will be hard to avoid."

Night Xiu Chen was stunned for a moment and said lightly, "No, there's nothing to see, but when the time comes I'll just take Yue Yue to meet Grandpa and the others."

It is estimated that they do not have the heart to come to him, after all, the college entrance examination is such a big thing, not to mention the phone, even text messages they did not send, weibo ding also did not.

An Guo Ting looked at him helplessly, forget it, this child also has an idea, and also right, originally he and Ya Xin thought that the college entrance examination is such an important thing, how will parents make a phone call, send a text message to ask it, who knows nothing.

"You and Yueyue go out to play, if there is anything to call uncle, go to a strange place, Yueyue will ask you to take care of." An Guo Ting thought that although his own daughter has a high IQ, she is still very poor in certain aspects.

"Uncle, don't worry, I will take good care of Yue Yue, you and auntie don't need to worry." Night Xiu Chen said with a smile, for An Xingyue he hates to carry her in his pocket, so he will definitely take good care of her.

The first thing he wanted to do was to get to know the places he wanted to go, and the other places he planned to go, so he thought he would get to know the places he wanted to go in the next two days, so that he wouldn't be in a hurry.

The first thing you need to do is to pack up the things you want to take with you, and you'll probably have to go shopping, so you don't want to find out what's missing when you get there.
