

THE STARS ARE ORIGINALLY A PAIR - CHECKING RESULTS 2

Although it is said that it is not nervous, but there is still a little bit of expectation in the heart.

So in order not to delay checking the results, An Guo Ting also deliberately advanced the time of dinner, so that the two children eat early, and then when the time comes, you can immediately check the results.

The two of them did not pay attention to the fact that they were not going to be able to check their grades.

However, the two of them did not even notice An's father's small thoughts, after eating two people sitting peacefully on the sofa, a little want to check the results of the mind is not.

An Guo Ting rubbed his head, ouch, how the two of them are not anxious, anxious he died.

The company's own daughter-in-law is not around, bullying him alone, and now he is the only one who is anxious, if not afraid to disturb Mrs. An, he will now call her.

An Xingyue helplessly and amusingly watched An Guo Ting himself acting there, since the relationship has eased, An Dad in front of her is a little childish temper, a little mature and stable appearance is not.

"Dad, look, I guess a lot of people are checking their scores now, so the website is not that easy to get in, and the results are just sitting there, a little earlier and a little later won't have an impact."

An Xingyue saw that many people in the class group were saying that the website for checking scores could not be squeezed in at all, so she said helplessly to An Guoting and showed him the screenshots they had sent, so An's father gave up and stopped pestering them both to check the scores.

But just when they were chatting and watching TV, An Xingyue's cell phone rang, looked at the caller ID's and found that it was the old class calling, a trace of surprise flashed in his eyes and picked up the phone.

"An Xingyue students, you are really too great, this time our top student in South City is you, and also the national top student, and then night Xiu Chen students only one point lower than you, really both of you did not let me down." Wang Ya's excited, surprised voice came from the other end of the phone, all of a sudden she didn't even react, Wang Ya had already finished.

"Teacher are you saying that I am the top student and then Ah Chen is only one point lower than me?" Because she hadn't checked the score yet, so An Xingyue was a little surprised to hear that the two of them did so well, after all, they did a little better than the predicted test.

"Yeah, yeah, haven't you guys checked your scores yet?" Wang Ya thought of the scores he just saw, "But it doesn't matter if you haven't checked yet, the top student is you anyway, just go back to school and apply for the volunteer then."

"Okay, then thank you for informing me, teacher." An Xingyue said with a smile.

After hanging up the phone, night Xiu Chen's then rang, An Xingyue looked at the big brother indifferently answered, not at all see the joy of it.

An Xingyue wanted to make fun of him, then found that her dad was staring at her, An Xingyue unnaturally ruffled the hair around her ear, "Dad, I think I can stop checking the results, our class teacher just called to tell me that I'm our top student here, so the exam is still fine."

"Top student?!!! In that case, all the more reason to check the results, and then I'll cut a picture and take a picture to show my mom." And it can be taken out to show off.

An Guo Ting laughed out loud, and then directly picked up An Xingyue's pass, and decided to do it himself, the child does not care, he has to care ah.

And without seeing the scores with my own eyes, I'm still a little uneasy.

"Ah Chen, how did you do in the exam?" An Xingyue saw that night Xiu Chen hung up the phone and immediately asked.

"I was able to go to the same university as you." Night Xiu Chen squeezed An Xingyue's hand when An's father wasn't paying attention and said easily, it's so nice that they don't have to have a long distance relationship in college.

Although both of them have good grades, but there is still a little bit of anxiety when the dust has not yet settled, now as long as the two people fill in the volunteer is to fill in the same school, then there is no need to worry.

"By the way, Meow Meow and the girls haven't talked to me about their grades yet, should I ask?" An Xingyue suddenly realized that she hadn't received a call from Ji Yiyang and the girls yet.

"There is no hurry, probably not yet checked, even if you do not know now, when you go back to fill out the volunteer, they will also talk to you, everyone's results should be okay, after all, so long to make up for the study, have to afford to pay ah."

"Also, hehehe."

An Xingyue remembered their tuition during that time and felt that there was really no need to worry so much, after all, everyone's IQ was online, they just didn't study properly before.

"Hahahahahahaha, not bad for my daughter, awesome to die, I'm going to take a screenshot and send it to your mother to see."

The two of them were whispering when they were suddenly startled by An Guo Ting's laughter, An Xingyue looked at An Dad helplessly, is there such excitement? I have to say, An Xingyue think this is nothing ah, after all, usually have this level in, not at all unexpected.
