

THE STARS ARE ORIGINALLY A PAIR - ACCIDENTAL CONFESSION

From the library, night Xiu Chen took An Xingyue to a restaurant with a very ancient charm to eat.

As for why choose a more retro restaurant? Because night Xiu Chen thought An Xingyue would like that kind of environment, and the food in that restaurant was also quite delicious.

If it is a person, he himself randomly find a food even if, but now to please his beloved, must let her see his sincerity.

The actual fact is that when An Xingyue saw the place to eat, her attitude towards night Xiu Chen was a lot friendlier.

The two people did not slow down after eating the meal has been more than one, in order to continue to get along with An Xingyue, night Xiu Chen proposed to go play together, the beautiful name said that after the examination should be relaxed.

An Xingyue wanted to resist, but when she thought of going home she was alone, her gleaming starry eyes could not help but dim down.

So, there was a scene like this.

The two people whose faces are online are slowly walking, the very gentle looking little brother is also pushing the bicycle, and the two people are chatting with each other.

After walking for a while, night Xiu Chen looked at An Xingyue sideways and asked: "Do you have a place you want to go? The two of us can't press the road all afternoon, right? Hmm?"

An Xingyue squinted her eyes and thought about it, "I want to go to a playground, is that okay?" Going to the playground can be said to be one of the wishes of every child, but unfortunately, this wish did not come true when she was a child, even though her family did not lack money, but her parents were never concerned with work, even if she had mentioned this request, they would say that they would take her there after a while, however, after a while, and then after a while, eventually they would forget what they had promised her.

After a long time, she never asked to go to the playground again.

After hearing that An Xingyue wanted to go to the playground, Night Xiu Chen twitched the corners of his mouth and asked incredulously, "Are you sure you want to go to the playground to play? Are you sure? Little tablemate."

"No? I've never been there and want to see it, if you don't want to, then let's change the place." An Xingyue said with her head down, in fact, she was also a little embarrassed, how big people, but still want to go to the playground, but still want to go oh.

"Go go go, you want to go, go, go, go, go, get in the car, I'll drive you there." Night Xiu Chen looked at the little girl with her head down, quite aggrieved, and his little table actually has not been to the playground, then he must take her to play ah, although he has not been, because he felt bored, when

the other children in the compound to the playground as a child, he always disgusted. I never thought I would one day take the girl I like to play with to the playground.

So, two very striking looking people appeared in front of the playground.

After finding a place to park his uncommon bicycle, he pulled An Xingyue into the playground, because it was Saturday so the playground was quite full of people who came to play with their children.

Therefore, the shameless Daimao insisted on pulling An Xingyue, saying that if not pulling, so many people, accidentally lost how to do.

Oh, An Xingyue immediately returned a sentence, if you are missing, I do not mind broadcasting to find someone's.

But in the end, An Xingyue was still defeated by the night Xiu Chen's shamelessness, so the two people took little hand in hand.

After walking a few items, An Xingyue said she wanted to play the carousel, and then hand in hand two people lined up in the carousel, in a group of adults playing with children very prominent two people.

But no matter what, An Xingyue sat on the merry-go-round as she wished, looking at the person sitting next to her, An Xingyue smiled.

It's hard for him to play this with her.

After that, An Xingyue also played bumper cars, spinning cup, vertical roller coaster and some other items, that is, when playing the vertical roller coaster, the big devil showed a little interest.

But finally Night Xiu Chen asked An Xingyue to go with him to ride the Ferris wheel.

An Xingyue didn't know why the Daimao would suddenly ask to ride the Ferris wheel, but since it was brought up, he went along for the ride.

But when the box they were sitting in reached the top, Night Xiu Chen took advantage of An Xingyue's inattention to kiss her on the side of her face, and when she reacted, An Xingyue's whole face turned red and looked at Night Xiu Chen with shame and anger.

"I heard that lovers who ride the Ferris wheel together will be together forever, and at the very top when kiss and make a wish, the wish will come true in the near future." Night Xiu Chen paused, looking at An Xingyue tenderly, continued: "Although we are not yet lovers, but I still want to ride the Ferris wheel with you once, the kiss just now is my uncontrollable, after all, the little table you so excellent ah, secretly covet you do not know how many people? And I'm just one of them, and it's clear to tell you that I really, really like you."

An Xingyue knew that night Xiu Chen liked her, but such a formal confession would still leave her at a loss for words.

The first time I saw her panic, shy performance, relieved, just confession is this time the unexpected, afraid that she will be disgusted, disgusted, fortunately, she is shy, which means that she does not dislike him, in her heart, he still has a little place.

Favored rubbed her head, "the little table is not in a hurry to give the answer I, you can take your time to consider, but ah, I hope you do not like others for the time being, OK? Give me a chance to perform." I will slowly learn to please you and make you happy.

"I won't like anyone else, but I don't know if I like you." An Xingyue rarely reveals a trace of confusion, she is very smart, but she does not know what it means to like, but she has slowly become accustomed to the presence of night Xiu Chen, but also slowly accustomed to the occasional small actions he does to her, like touching the head such intimate behavior, from the beginning he was not allowed to do, to now, already do not care.

"It's okay, we still have a lot of time, you can slowly learn to like me, just don't hate me." Not liking someone else is already a great gift to him.

After coming down from the Ferris wheel, the two people had their own thoughts, and after having dinner together, Night Xiu Chen sent An Xingyue home.
