

THE STARS ARE ORIGINALLY A PAIR - GIFT

The exams were also relatively okay, but I was just a bit off-track. (_ _ | | |)

The first thing you need to do is to think about it, and it's amazing. Under the warm light, An Xingyue, who is wearing a knitted dress, is holding her chin, looking at the list of gifts that can be given on the computer, and has been torn for a long time. If the previous An Xingyue how would be so torn, just to want to send a gift to the night Xiu Chen, she has been thinking for more than an hour.

Since that day night Xiu Chen point out, the whole person more and more shameless, already shameless, now more excessive, if she is not the party, she will also think that night Xiu Chen and her really together.

After all, the usually unruly and untamed big devil is acting like a child in front of her, not seeing the big brother's posture at all... (. ^ ▽ ^)

The more you think about it, An Xingyue feels that if she goes on thinking nonsense, she may agree to him in her head. The more you think about it, the more you feel that big brother is also quite good, fear not toxic oh. No matter how harmless he is in front of her, but he is still essentially the big devil of a middle school that others worship and fear.

In the end, An Xingyue casually picked up the wallet placed on the desktop and decided to go out and buy him a fountain pen. That's right, a fountain pen. = _ ω _ =

After returning to school, An Xingyue placed the wrapped fountain pen on Night Xiu Chen's desk. The usual daily breakfast had appeared on her desk, but the person who delivered it was missing.

This is a rare series of the Daimao not being in the classroom after delivering breakfast to her. (→ _ →)

I was leisurely eating my breakfast, and on my desk were the English words I was going to dictate later. Because of the gift buying last night, she didn't look at what she was going to dictate today.

The usual should have arrived in the Su Zhiqing, but today has not seen the trace, not last night by her family's too much to clean up, right? But it seems like she did pretty well on the exam.

The characteristic of class seven is usually mixed, there are always some people who can get good results in the exam, like Zhou Junxing they are usually late, leave early, skipping class and so on these things are used to do people, a to actually her first day to this class, see them in a variety of things that have nothing to do with the class, but slowly down, there is a little atmosphere in the class, probably because they know that the upcoming senior year, even if I can't disturb others even if I don't study.

The daytime don't say people, night don't say ghosts, just thinking about why Su Zhiqing still hasn't come back, a look up to see her and Mo Zhicheng together into the classroom, and the two are a little uncomfortable ah, especially Su Zhiqing's face and a little shy? An Xingyue thought she looked at it wrong, looked down, looked up again, looked again, yes ah, it was pouting.

So a night plus an early morning what happened to them. (. ^ ▽ ^)

Rarely curious Goddess An, wait until Su Zhiqing back to the position, secretly asked a question.

Then look at Su Zhiqing's already red face, even redder, so she just asked what happened, why should she blush. Say good female man?

Looking at An Xingyue's sincere eyes, Su Zhiqing stammered: "When I came to school this morning, that bastard Mo Zhicheng kissed me, and he said it was the cost of tuition. I didn't ask him to help me tutor ah, obviously he said to my mother to help me tutor, who knows he will be like this, said no need to pay for it? I'm so angry."

Due to An Xingyue's disruption, the original shyness was gone, replaced by anger, irritation.

An Xingyue didn't want to tell her at all for the sake of personal safety, and when she just entered the classroom, her face was not angry, but with a girl's delicate shyness.

It is estimated that Su Zhiqing, the little fool, still does not know that she has fallen in love with that little neighborhood friend that she spits and dislikes all day long.

But also, growing up together, which will think so much, at most will think that is the reason for growing up together.

It's stupid. o(∩∩)O

Oh da, An Xingyue think they are very powerful, if let night Xiu Chen know, he will also say she stupid, after all, the king of the devil a sincere, you actually have to consider, obviously their own hearts moved.
