

THE STARS ARE ORIGINALLY A PAIR - SPOIL

I'm not sure if I'm going to be able to get a good deal on this. >The most important thing is that you can't be afraid of the world.

The first thing you need to do is to get a good idea of what you want to do.

The company's main business is to provide a wide range of products and services to its customers.

Night Xiu Chen took her hand, looked down at her and rubbed her head soothingly, "We can eat next time, you just ate so full, if you eat again your stomach will be uncomfortable."

The usual coldness of the eyes, but when you see something you like, there is light in them.

An Xingyue also knows that eating again now will make her stomach uncomfortable, but just a little reluctant ah, obviously before eating hot and spicy food, thinking not to eat too full, later can also eat other things, but that bastard night Xiu Chen kept giving her dishes, and then she kept eating, forgetting the previous idea. (ノ□ノ)

"It's all your fault, you just gave me so much food, so I couldn't stop eating, now I can only watch but not eat." An Xingyue slapped the arm of night Xiu Chen with her hand and said with slight aggravation.

"Mm-hmm, it's all my fault, I shouldn't have pinned so much food to Yueya'er, causing Yueya'er to be unable to eat other things now."

"Say yes, next time you have to come here with me to eat."

"Okay, I'll accompany you whenever you want to come and eat, now let's go, or the more you look at it, the more you want to eat. And go to the night market to play, there are also snacks over there in the night market, we can eat while we stroll." Night Xiu Chen thought about it and said.

If you stay like this, it is estimated that the little cutie really has to go to eat regardless of the body.

After all, our own little cutie is a bit capricious ah. (¯▽¯)

"Then let's go, but it's still quite early, let's walk slowly over, OK?" An Xingyue tilted her head and looked at night Xiu Chen and said, "And walking helps digestion."

"Then let's walk there, I'll leave the bike here, let the foxes ride away later." Night Xiu Chen thought that if you walk, you can always hold the little cute hand, so why not walk? Walk, must walk.

"Would it be too much trouble to let him come to ride the bike specially." An Xingyue thought that night Xiu Chen would push the bike, "Or we should just ride the bike." No matter what, it's still not very nice to bother people.

"It's okay, a few of them are also eating around here, and they've been coveting my bike for a long time, let them ride it, I don't know how happy they are." This is true, after all, the big brother's bike is modified, and usually is not given to touch, even Luo Junxian the fox is also want to ride for a long time.

"Then let's go."

The two strolled along the road holding hands, and it was fortunate that they weren't wearing school uniforms, otherwise An Xingyue wouldn't have dared to be so reckless.

The sky is slowly darkening and the lights on the road are on.

The dim yellow light lingered around, and the atmosphere became warm, after all, it was late at night and there was a cool breeze blowing through, bringing a slight chill.

Two people walked for about half an hour to the night market.

The night market in the South City has always been lively, lights glittering, the sound of vendors hawking and yelling.

There are many people but not crowded, plus night Xiu Chen has been protecting An Xingyue to avoid her being hit by people.

An Xingyue looked up at night Xiu Chen, who had been protecting her, and suddenly felt that it was good to come here occasionally to see, although she did not like crowded places, but it seemed okay if he was with her.

"Little brother, buy a flower for the young lady, the young lady is so beautiful." Two people walked to the square, a little girl with flowers for sale, saw them and went up and said, next to a young woman standing, should be her mother.

Night Xiu Chen squatted down to look at her level and asked softly: "That little brother wants eleven flowers, will you count them to brother? And how much should I charge for eleven flowers?"

"One flower is five dollars, eleven flowers mom, how much should eleven flowers cost?" The little aunt counted with one finger and one finger, then found that her fingers were not enough, she could only look up at her mother and ask in a milky voice.

"You first dozen a flower to the little brother, and then charge the little brother fifty-five dollars." The young woman standing next to her stroked the little aunt's head and said helplessly.

The little girl slowly counted eleven flowers from her basket and handed them to Night Xiu Chen, who took out the money and gave it to her, saying, "You're good oh, counted it right oh."

An Xingyue looked at night Xiu Chen who was holding the flowers, she found that night Xiu Chen was very patient and gentle with children.

"Miss, eleven flowers for you." Night Xiu Chen stood up, handed the flowers in his hand to An Xingyue who had been looking at him, and said tenderly.

Eleven flowers, one heart and one mind, young lady I have one heart and one mind for you ah.

"Then thank you little brother." An Xingyue took the flowers and said with a smile.

An Xingyue held the flowers, thinking of just now night Xiu Chen's attitude towards small children, a little strange asked, "Ah Chen seems to like small children, just see you so gentle to that little girl, I was surprised."

"Well, little children are very cute. " Night Xiu Chen paused for a moment, then said with a smirk, "So don't worry Yue Ya'er, I will be very good to our baby in the future."

"Get lost, who's having a baby with you? Have no shame?" When An Xingyue heard him say that, her face instantly reddened and the strength of holding the flower in her hand became bigger.

When he saw her blush, his breath was even more pleasant, "You, who else but you."
