

### THE STARS ARE ORIGINALLY A PAIR - HE HAS SOMEONE HE LIKES

Night Xiu Chen was going to ask An Xingyue to go to the movies the next day, but Ji Yiyin called and said she wanted them to go shopping together, because they hadn't shopped together for a long time.

So An Xingyue refused Night Xiu Chen, no matter what he said, An Xingyue decided to accompany Ji Yiyin, because she also found that during this period of time she either stayed with Night Xiu Chen, or with Su Zhiqing and a bunch of them, and indeed had less time with Ji Yiyin.

And listening to Ji Yiyin's voice, An Xingyue felt that she was a bit down, and intended to ask her tomorrow if she had quarreled with her bamboo horse little brother again, after all, every time she quarreled before Ji Yiyin would say that she would not play with him, but in the end it was not a good bottom and people and good.

So in the state of not knowing the specifics, An Xingyue felt that Ji Yiyin would definitely be fine soon.

However, the next day when An Xingyue saw Ji Yiyin at the milk tea store in the central mall, the whole person was stunned, it seems that this quarrel is quite powerful, meowing are much more haggard, An Xingyue thought. >\_<

When she saw Ji Yiyin, An Xingyue shook her hand, signaling Ji Yiyin that she was here.

When Ji Yiyin came over and sat down, An Xingyue pushed a cup of milk tea in front of her, which she had ordered in advance for her, and she never got tired of drinking milk tea.

Ji Yiyin saw her best friend pushed over the milk tea and smiled, really best friend or better than the bamboo horse, after all, the bamboo horse will one day belong to someone else, and then to avoid suspicion, best friend is different, even in love will not forget her.

"Yue Yue, I asked you out today, is Big Brother angry?" Ji Yiyin asked apprehensively after she took her seat, after all, she already knew how much Big Brother liked to stick to Yue Yue.

An Xingyue thought back to last night, the way a certain person was deadpan and bullying, and smiled, "It's okay, I was with him only yesterday, I came out to accompany you today, what does he have to be angry about?"

"That's good, that's good, I was afraid that when I went back to school, Big Brother would find me on the rooftop to chat." Ji Yiyin patted her chest and said.

"It won't happen, meow you can rest assured, you tell me first, what did you and your bamboo horse gentleman do again? Did the two quarrel again?" An Xingyue asked, after all, every time they quarreled before, Meow Meow would call to tell her, and she could guess from the traces that Ji Yiyin likes him a little, but well .....

"Yue Yue ah, I like Su Chon ah, but he has someone he likes." Ji Yiyin held the milk tea, head down, said in a small voice.

"I knew it, besides this person, who can make you this happy-go-lucky so sad." An Xingyue said with understanding.

"So what are you going to do now? Call him and tell him that you like him too and have been working on it so that he doesn't like someone else so quickly? Or are you saying that you liked him before, but now he has someone he likes, so you won't like him anymore and won't call him casually?"

An Xingyue propped her head up with one hand, then tapped her other hand on the desktop and said slowly.

"I didn't say anything, I just said I wouldn't bother him casually in the future, Yue Yue, do you think I'm a wimp? I didn't dare to confess my love for him for so long, and now that he has someone he likes, I can't go and confess either."

Seriously, Ji Yiyi originally thought of calling him to tell him that she had liked him for a long, long time, but backed out when she was ready to dial the number, after all, he already had someone he liked, so even if she called him to tell him, it wouldn't change anything, and it would even be awkward when she met him later.

"It's quite abject, if you didn't mention Su Chon often in front of me, and every time you talk about him, even if you quarrel with him, you will be very happy, I wouldn't have noticed that you like Su Chon." An Xingyue remembered that before when she was in Jiangcheng and other places, Ji Yiyi would mention a person named Su Chon every time she called her, so after a long time, she knew that Su Chon was the one Meow Meow liked.

"So you were in South City of sorts and chose to be in a key class just to be worthy of Su Charm, not at the request of Uncle and Auntie?" An Xingyue thought of a key point, before the aunt asked her to ask meow is not in the key class is very stressful, let her sidetrack to ask meow how likely to leave the key class, the aunt said she and uncle Ji asked meow in the key class is stressful, meow all said nothing stressful, but they think it is impossible, but right, meow does not say the truth they can not help.

At that time, An Xingyue also thought it was strange that since her aunt and uncle were worried that Meow Meow was too stressed in the key class and wanted her to change to another class, why did they let Meow Meow into the key class in the first place?

Now she knows all about it, entering the key class was Meow Meow's own request, the purpose was to match Su Chon, An Xingyue looked at Ji Yiyi's face, seriously, how come she didn't see that this girl could do this for someone she liked?

"Well, you said to me that Su Chon's grades are just a little bit worse than yours, so I thought he was so good, I should also try to be worthy of him, so I tried my best to learn in the first semester of senior year, and finally got into the key class in the second semester, and now I'm in the second year of senior year, still in the key class."

The first thing you need to do is to go to the key class and study all day long, so that you can turn yourself into two people. Now I think it is also crazy, that time is definitely one of her most tired and hardest time period, at that time even her parents want her to give up, do not force themselves into that in order to enter the key class.

They told her that they weren't actually asking how great her grades had to be, and that they didn't want to see her work that hard.

"Awesome my meow, it's true that human potential is infinite, look at you, how much effort you put in to get Su Chon to like you, but fortunately it's academic, even if Su Chon doesn't like you, you've earned the knowledge." An Xingyue said with a smirk, "If it was something else, then wouldn't you have lost money. Even if you like someone, you don't need to put yourself in such a humble position, do you think that the girl Su Chon likes now must have grades as good as Su Chon?"

"We are now at this stage of love, academic performance is not a criterion for judging whether two people are suitable to be together, like me and A Chen, at the beginning, his grades are not very good, and even fights what has not done, but if I really like him, then I will tolerate all of him, no matter good or bad, rather than just ask him to change himself for me ."

An Xingyue knew that Ji Yiyao had been learning Go for a while, and it was because Su Chon liked it that she learned it, obviously she didn't even like Go herself, but she kept learning it in order to cater to Su Chon or to have something in common with Su Chon.

But if two people like each other, then they will naturally find common topics, instead of one person learning something they don't like in order to find a topic, so as to achieve the purpose of having common topics to talk about.
