

THE STARS ARE ORIGINALLY A PAIR - THERE ARE SO MANY GOOD MEN IN THE WORLD, WHY CLING TO HIM?

"Yue Yue, actually how did you and Big Brother get together? At first I jokingly asked you to go after Big Brother and be with him, but didn't you say that Big Brother was a trouble body and that being with him would cause a lot of trouble? Then how come you agreed later?" Ji Yiyang thought of when An Xingyue had just arrived at South City First High School, she jokingly asked Yue Yue to hook up with Big Brother, but Yue Yue refused the suggestion very seriously.

"I don't know how I ended up saying yes, after all, at first he was the one who warned me not to mess with him, and then he was the one who stuck up for me; at first he was very resistant to him, but then he slowly got used to it, so the later ones were all water under the bridge."

An Xingyue thought of the period of chasing her, Night Xiu Chen sneakily follow her home every day after school, buy her breakfast every day, often buy milk tea, buy snacks for her, now that the two are together, he just sneakily follow her home into openly accompany her home, the morning school also deliberately come to pick her up.

When we first got together, An Xingyue was thinking about what she should do if the big guy's admirers came looking for her. After all, she hates trouble, and then An Xingyue found that after a long time, no one was looking for her, and then she talked to Su Zhiqing, and then Su Zhiqing told her that it was Night Xiu Chen who invited all the people who wanted to find her trouble to the rooftop for a chat, so then no one dared to get in front of An Xingyue.

Later she ran to ask Night Xiu Chen, Night Xiu Chen said he knew she hated trouble, and as a boyfriend should deal with their own bad flowers, if their bad flowers have to girlfriend to help deal with, in the eyes of the girlfriend, that is his boyfriend as incompetent.

At that time An Xingyue felt that Night Xiu Chen this boyfriend has a very strong desire to live.

"Hee hee, at first I was worried that you and the big guy may be about a month to split, after all, you and the big guy are the kind of proud to the extreme, thought the big guy just chase you when you are so good to you, who knows after together the big guy's attitude towards you than when chasing you more good, and two proud people in love have a willingness to lower their proud head, that estimate that person to you is really on the heart."

Ji Yiyang thought of the time when Night Xiu Chen chased Yue Yue, the big man's imperative to Yue Yue almost everyone could feel, at that time they felt that the big man was moving his mortal heart this time.

But Yue Yue did not want to fall in love with the big guy at all, Ji Yiyang was in class at the time and occasionally heard those girls say grapes are sour when they can't eat grapes, and also move to belittle Yue Yue, if not yet know Yue Yue's intentions, Ji Yiyang would like to dislike those oddballs to death.

Her family Yue Yue good-looking, good temperament, grades and also a thief, and also play the piano and so on, there is no shortage of big brother so a suitor, and is a big brother unilaterally pursued Yue Yue, Yue Yue did not want to pay any attention to him.

Ji Yiyao at that time also want to estimate even big brother can not let Yue Yue move mortal heart, who know later on the two of them together news, and big brother completely will school can not fall in love with this rule to ignore, all day high profile powerful, seems to want to let the whole south city a middle school people know that he is the name of the owner.

"It's okay, but Ah Chen is really good to me." An Xingyue said with a smile.

"I know ah, although I am in the first class, but still can hear the gossip, the big brother every day to bring you breakfast, after playing ball will classroom also by the way to bring you milk tea, simply." Ji Yiyao said with a face of envy.

"I used to think that in the future and Su Chon to the same university, then I will tell him that I like him, and then can go to the library with him, or find a milk tea store or a cafe, two people sitting quietly together, can read a book, but also chat."

"But I forgot that you need both people to agree to do these things, and I don't have that chance anymore. Because the girl he likes is not me, the one who can go to the library with him to study in the future is not me, the one who goes to the milk tea store with him to drink milk tea is not me, and the girl standing next to him will not be me."

Ji Yiyao said and said out of tears, "I have known him for more than ten years, also like him for three or four years, but because they are afraid to talk to him, and now even often chat with him is not qualified."

An Xingyue took a tissue and handed it to Ji Yiyao, softly soothing: "Do not cry, do not cry, the world's three-legged toad is not easy to find, two-legged men everywhere, do not like Su Chon, we find another person to like, okay? There are so many good men in the world, so don't stick to Su Chon."

"Good, who is still not a little princess, but I'm just a little sad that my crush that ended without a problem ah." Ji Yiyao heard An Xingyue's words, puffed out a laugh, the world is so many good men, is not supposed to be depressed for Su Chon, but, still a little sad ah.

"Yueyue, let's go shopping later, now that winter is here, it's time to buy some winter clothes, otherwise we won't survive this winter." Ji Yiyao said as she raised the card in her hand.

Her parents knew she was in a bad mood and gave her a card on purpose, so that she could ask three or five friends to go shopping together and soothe her mood.

"Good, it's also time to buy clothes." An Xingyue thought for a while, she did not have a lot of winter clothes, after all, she was in Jiangcheng before, and the winter in Jiangcheng is not as cold as in the southern city.

So then, the two people finished their milk tea, they walked hand in hand together towards the second floor of the central mall.

The two of them are in a bad mood, so they'll go shopping and buy something, but the mood will definitely get better in the end.

An Xingyue accompanied Ji Yiyan to store one clothing store after another, watching the bags the two of them carried slowly become more and more, An Xingyue felt that shopping was quite tiring. (〇)

Later, when she walked into a jewelry store, An Xingyue saw a pair of love road necklaces, simple star patterns, not too many fancy things, An Xingyue asked, the store can also help engraving, so An Xingyue bought it, and also let them help engrave two letters on it, and then one of them also let them pack it.

"Yueyue, why did you buy a necklace? And it's a pair, you're giving one to Big Brother?" Ji Yiyan asked when she saw that An Xingyue bought a pair of necklaces.

"Well, I promised to give him a gift before, but I didn't think of what to give, so I kept putting it off. It just so happens that I just saw this pair of necklaces and I thought they were pretty, so I thought I'd give one to him and then wear the other one myself." An Xingyue said with a smile, all this time, Ah Chen had been reminding her explicitly and implicitly why she hadn't given him a gift yet. And she pretended not to understand because she didn't think of what to send, I guess if this goes on, the big guy will ask directly, so the gift has to be picked first.
