

THE STARS ARE ORIGINALLY A PAIR - ZHOU GONGZI WHO TRIED AT THE EDGE OF DEATH

When the big brother said those words, Zhou Junxing happened to be standing nearby and heard Chen say that he could take the young lady around when the time came, Zhou Gongzi expressed his disbelief as well as his whole body was full of questions about Chen's ability to be a tour guide.

Night Xiu Chen because his girlfriend is in front of him, which has so much free time to pay attention to others, and therefore Zhou Junxing escaped, otherwise how would the school bully allow others to doubt his ability? Especially questioning his ability in front of his girlfriend. (. ^ ▽ ^)

The two of them added WeChat since he helped Ji Yiyang last time, and then also chatted quite often, and chatted more and felt that this girl is quite good, good personality, good grades, family background can also be, so he wanted to inquire from An Xingyue whether Ji Yiyang has a favorite or how he likes people.

However, Zhou Junxing looked at the big brother who had been chatting with An Xingyue and thought that he might not find the opportunity to chat with An Xingyue, and after thinking about it, he thought it would be better to find her by WeChat tonight.

At noon, because Ji Yiyang said she wanted to celebrate that they both made it to the semi-finals, so she said that at noon we would all go to the third floor to eat together, and then she would pay for it.

How could An Xingyue refuse her good sister's invitation? And after obtaining Ji Yiyang's consent, she also took Night Xiu Chen and the others with her, but Su Zhiqing was taken away by Mo Zhicheng.

And Su Zhiqing should also want to take this opportunity to ask Mo Zhicheng why he didn't participate in the language competition, after all, if you get a good result in the final, it is also an honor, so Su Zhiqing very obediently followed Mo Zhicheng.

"Little pepper wouldn't be with Mo Zhicheng, right?!" Eddie Chen left behind the people he was eating with after seeing them on the third floor, and then ran over to Night Xiu Chen's side. After seeing that Su Zhiqing was not there and after hearing the reason why she was not there, Eddie Chen asked in surprise.

"This we do not know, but there should not be, right? Usually the little pepper is still playing with us most of the time, but this time is more love to study." Zhou Junxing rubbed his chin and said.

"It's not strange to be together, I heard that their families have a child marriage." Luo Junxian thought of what he had heard from others before, Su Zhiqing and Mo Zhicheng's relationship was very good.

The parents of the two families seem to have verbally agreed to wait for the two children to grow up, if they are willing, then after the entrance exams they will give them engagement, but did not force the two children, let them let nature take its course, and said that if one does not want to then forget it.

"And the two of them are childhood friends, their feelings should be quite good." Luo Junxian continued.

"But little pepper has been playing with us since the first year of high school, it seems like it's only this semester that her contact with Mo Zhicheng has become more frequent, right?" Zhou Junxing thought about it and said, in the first year of high school because Su Zhiqing is different from other girls that are delicate and pretentious, so they are also happy to take her to play, time has passed, also treat her as half sister, so whether she and Mo Zhicheng together, they still have to care a little.

An Xingyue was talking quietly with Ji Yiyan, and when she heard Zhou Junxing and the others talking about Su Zhiqing and Mo Zhicheng, she also stopped talking with Ji Yiyan and listened to their conversation with some interest.

When she heard that Su Zhiqing and Mo Zhicheng had a child marriage, An Xingyue was still a bit surprised, after all, Su Zhiqing had not told her that she and Mo Zhicheng had a child marriage before.

"This semester contact more, because Mo Zhicheng initiative and Zhiqing's mother said he can help Zhiqing tutoring, so so one way or another, Zhiqing and Mo Zhicheng contact more." An Xingyue heard Zhou Junxing say that it seems like the two of them are in contact a bit more this semester, and then said.

"Meow, so little pepper's grades keep improving because she got tutoring from the school bully?!!! I thought she was listening carefully to the class by herself and then learned, said together to be a school bully, who knew that behind the scenes actually went to tutoring??? Excessive!!!"

Zhou Junxing heard Su Zhiqing had cramming the whole person exploded, said good together to do scum, but you secretly work hard, ready to take off.

"This is the way it is, Zhiqing said before that it was Mo Zhicheng who took the initiative to apply to help her with tutoring." An Xingyue looked at Zhou Junxing who blew up with a smile, nodded and said with certainty.

"You guys say, I also find a school bully to help me tutor, can my grades surpass that liar Su Zhiqing." When Zhou Junxing said this, he quietly glanced at Ji Yiyan.

"I guess it's a bit difficult, after all, your IQ is a bit worrying." Luo Junxian heard Zhou Junxing's words and sized him up and said.

"Damn fox, can't you not spoil my fun? It's rare that I have a goal and want to work on it." Zhou Junxing Chen Luo Junxian was not paying attention and said with his hand strangling Luo Junxian's neck.

"OK, OK, OK, you find a school bully to help you tutor for sure you can surpass Su Zhiqing, cheer up." Being strangled by Zhou Junxing, Luo Junxian said uncomfortably.

Then in his heart he secretly thought, "Brat, how dare you play sneak attack, see if I don't get you back afterwards. (T__T)

Hearing the words he wanted to hear, Zhou Junxing let go of Luo Junxian, who had just regained his confidence, did not pay attention to the sight of Luo Junxian looking over, and night Xiu Chen snickered, really is a worry about intelligence, actually go to mess with that fox, do not know that the fox flaws will retaliate?

Eddie Chen at this time and night Xiu Chen thought the same thing, just when Zhou Junxing strangled Luo Junxian with his hand, he was already stunned, Zhou Junxing this fool, will not learn a lesson at all, knowing that the fox flaws will be retaliated, but often afraid of death to mess with him.

Although An Xingyue and Ji Yiyan did not laugh out loud, they also felt that Zhou Junxing was looking for his own death.
