

THE STARS ARE ORIGINALLY A PAIR - OPEN-AIR BARBECUE

The four people were sitting on the sofa, playing games in a serious manner.

The other three were fine, after all, An Xingyue had not watched them play a lot, but she was still a little surprised to see Ji Yiyang playing games. In the past, Ji Yiyang always put all the time on study and interest classes, simply will not touch the game these, it seems that do not like the bamboo horse little brother, the impact on Ji Yiyang is still quite big.

An Xingyue pulled night Xiu Chen to sit down, then An Xingyue deliberately is sitting next to Meow Meow, this way she can see Ji Yiyang's game screen.

The first time I played the game, I thought I could play with her intelligence.

However

After An Xingyue witnessed Ji Yiyang's operation of helping her enemy kill her teammates, the corners of her mouth twitched, then looked at Zhou Junxing who had already died in battle and asked carefully, "Could it be that Meow Meow has been playing with you guys for so long and has always been like this?"

Zhou Junxing grinned, "That's right, played for an afternoon, every game I was killed by her, and then she occasionally killed them both."

"Then take the liberty to ask, you guys have been playing for so long, have you ever won a single game?"

"Hee hee, no." Speaking of which, Zhou Junxing and the others felt incredible, they hadn't won after playing for so long, and they still kept playing, they felt they could say they had a very good mindset.

"Thank you guys." An Xingyue said seriously.

It was really hard for them to take a god pit to play the game, and the most important thing was that they didn't accuse or dislike Meow Meow for it, so it could be said that it was very good.

By the evening, the sky was already dim, the moon slowly revealed itself from the clouds, the bright moonlight added some luster to heaven and earth.

Under the moonlight, we slowly moved towards the small beach, and tonight's open-air barbecue began.

Close to the small beach, found around the trees have been hung with colored lights, and some street lights lit up, and also temporarily built a small stage, the stage has been singing songs.

This time everyone does not care whether he sings accurately, but in the enjoyment of the atmosphere.

Several of them found two barbecue grills and sat around, listening to the song on stage while grilling something to eat.

A few of the boys took food from the table and put it on the grill while the three girls waited to eat. Originally they also wanted to grill something to eat, but a few boys stopped them, they said the fairies do not need to do it, just wait and eat.

The girl's daughter was very fond of eating this.

An Xingyue took the chicken wings and gently took a small bite, a little hot, but very tasty, An Xingyue gave a thumbs up to Night Xiu Chen, she felt that the big brother this level can open a barbecue stall.

"Eat slowly, what else do you want to eat, tell me, I will grill it for you." Night Xiu Chen saw An Xingyue eating so satisfactorily, lowered his head and whispered in her ear.

What does your girlfriend want to eat just say, your boyfriend will bake it for you.

"Mmmmmm, Ah Chen also try the one he baked, it tastes really good." An Xingyue passed the chicken wings in her hand to Night Xiu Chen's mouth and shared the food he had baked with him.

Eddie Chen saw Chen took a bite on the chicken wings handed over by the young lady and felt a little unbalanced in his heart, having a girlfriend is great, showing affection for so many days and still not tired of it?

The dog food is full.

The company's main business is to provide a wide range of products and services to its customers. This is the case with Brother Chen and Mo Zhicheng.

However, seeing Zhou Junxing and Ji Yiyin in a disciplined manner, Luo Junxian felt that the world is still very beautiful, after all, they are lonely people even, eat dog food, anyway, is really no one like.

And Zhou Junxing is sitting next to someone he likes, but he can't show his love like Chen and the others, after all, he hasn't confessed and the girl hasn't expressed her position, tsk, it's really pathetic.

Luo Junxian shook his head and gloated as he glanced at Zhou Junxing who was baking something for Ji Yiyin to eat.

If there were no outsiders joining in, the atmosphere between them would still be good, with everyone talking and laughing.

But well, after Su Chon pulled his girlfriend over, everyone had some subtle feelings in their hearts, and then everyone's eyes swept over Ji Yiyin and Zhou Junxing once.

"Sorry for coming uninvited because there were no seats around and then I happened to see you." Su Chon looked at An Xingyue and said with an apology.

An Xingyue took the tissue handed over by Night Xiu Chen and wiped her mouth, "Eh... it's okay, these are shared anyway, you can join if you don't mind."

Ji Yiyin was enjoying the corn that Zhou Junxing had baked for her, then she heard Su Chon's voice, she thought she should have misheard it, then she raised her head inadvertently, and happened to meet Su Chon's gaze looking over.

Ji Yiyang was a little stunned, she did not expect to run into Su Chon, after all, she had invited him so many times before, none of them were successful, but seeing the girl he was holding, she was relieved.

The company's main business is to provide a wide range of products and services to the market.

Zhou Junxing's nerves were tense after Su Chon sat down, he was afraid Ji Yiyang would still be sad or uncomfortable when he saw him, but he didn't expect her to just look at him and not pay attention to him, but to continue eating.

Zhou Junxing exhaled greatly, then put the baked sausage in his hands on a plate, and then put it on the low table, "Yiyang you eat slowly, I also baked you sausage, what else do you want to eat tell me, I will get it for you ah."

Ji Yiyang glanced at the sausage, then looked at Zhou Junxing, "I also want to eat small chicken legs, can you help me bake?"

The first thing you need to do is to get together with your friends and family.

Ji Yiyang felt a bit fantastic, before in school often can hear Zhou Gongzi and changed a few girlfriends, she had always felt that he should be a philandering young man before she met him, but after understanding, feel that the school rumors and she knows seems not the same person, right.

She always felt that he should like the kind of girl who is brash and has a beautiful face, how can he suddenly like her?

She didn't think she stood out except for being a little better than others in her studies, so how did she let him fall for her?

But seeing Zhou's face and his thoughtfulness when they get along and chat on a regular basis, Ji Yiyang thinks Zhou is still good, but she's not thinking of falling in love yet, after all, she's just come out of a fruitless crush.

But if he confesses that he can still say yes, anyway, he is so goose, within a short time is not confessed.

So she has enough time to sort herself out.
