

A True God 1031

### **Chapter 1031 - First Quest**

"No, No, No, how could I doubt the words of this beautiful fairy of mine" Ye Chen said to Chu Yuechan.

Ye Chen tried to persuade Chu Yuechan not to be angry with him, if Chu Yuechan was angry, then Ye Chen would not get the method to use the God Mask, so it was better for Ye Chen not to anger Chu Yuechan.

"Good if you understand." Chu Yuechan felt quite satisfied when she listened to Ye Chen's answer.

"But I still lack contribution points to exchange for this item." Ye Chen had a problem, currently Ye Chen lacked Contribution Points to exchange for God Masks.

"Why do you look confused like that, it's not hard to find a lack of contribution points, you just need to find a quest with great rewards." Chu Yuechan gave Ye Chen a suggestion.

Ye Chen thought about what Chu Yuechan said, that was indeed what Ye Chen wanted to do from the start.

Ye Chen intended to look for a quest to get his lack of contribution points.

Ye Chen also wanted to find a first experience to complete a quest like this.

Ye Chen was joining a Sect for the first time, so it was not surprising that Ye Chen intended to try out what kind of quests in this Sect were.

"sir, how about this, does this item match your wishes?" The receptionist immediately asked if this mask matched Ye Chen's wish.

"Yeah, I'm quite interested in this mask, the problem is I'm still short on contribution points, can I get a discount?" Ye Chen asked the Receptionist.

Before going on a quest, Ye Chen wanted to know if he could get a discount if he traded the God Mask.

"Sorry, there's no such thing, everything here is already the final price, so you can't get a discount if there's not a special event" the receptionist told Ye Chen that there was no discount for something like this.

"I see." Ye Chen now understood, it seemed that Ye Chen couldn't make a deal with the Sect.

"Then please give me a quest that has a high reward." Ye Chen said to the receptionist to recommend him a quest that could give Ye Chen a considerable amount of contribution points.

"Please show me the Disciple Token you have, I want to see it" the receptionist told Ye Chen to show his Disciple Token.

This was done so that the receptionist could find a quest suitable for Ye Chen's level.

Ye Chen gave his Disciple Token to look at, the receptionist was happy to see Ye Chen's Disciple Token.

After seeing that Ye Chen's points were quite high, the receptionist could be sure that Ye Chen did have an ability.

"Okay, then I'll find a quest for you" the receptionist would find Ye Chen a quest.

Ye Chen waited quite patiently, after a while, finally the receptionist came back with some papers.

"These are some quests with quite high rewards" the Receptionist told Ye Chen that the paper in her hand was a quest with quite high rewards.

Ye Chen began to look at each of the Quest papers, he began to read one by one.

The first quest is a quest to find a lost object, the reward for this quest is 1,200.

This first quest may look easy, but in this first quest there is no clue, so it will be quite difficult to complete this quest, Ye Chen might end up wasting time when taking this quest.

So Ye Chen decided to ignore this quest.

Ye Chen saw the next quest, the next quest was to work as a city gatekeeper in the empire, this quest had a reward of 1,500 contribution points.

The problem is that this quest takes a full 15 days of work, before the full 15 days Ye Chen will not get the reward.

Ye Chen had an appointment with Mei Yueli, so Ye Chen wouldn't have time to take this quest.

After all, Ye Chen didn't really like this kind of time-consuming quest, it wasn't suitable for him who wanted to get the God Mask as soon as possible.

The second quest was also forced to be ignored by Ye Chen, Ye Chen decided to continue looking at the third Quest.

The third quest is a quest to kill hordes of Goblins that have destroyed and damaged several villages.

The reward of this quest was 2,500 contribution points, this reward was quite high compared to the previous two.

"This is perfect, I will definitely quickly get to finish this quest" Ye Chen was interested in this third quest, besides having a very large reward, this quest also looks easy to complete.

"I want to take this quest" Ye Chen said that he wanted to take this quest.

"Let me see." Receptionist wanted to see the quest that Ye Chen had chosen.

When the receptionist saw the quest that Ye Chen had chosen, the receptionist immediately raised an eyebrow.

"Are you sure you want to take this quest ?,this quest is quite dangerous, some of the disciples who have been sent on this quest until now have not returned." The receptionist immediately warned Ye Chen about the danger of this quest.

There had been so many disciples sent to complete this work, sadly none of them returned.

Originally this was a low-key quest with a fairly small reward, but many disciples never returned after taking this quest, so the Sect changed levels and increased the rewards in completing the quest, this was done so that the senior disciples in the outer court would take this quest.

However, things did not go smoothly, even the experienced senior disciple party did not return after taking this quest.

"No problem, I will take this quest" Ye Chen said that he would still take this quest.

"Well if that's what you want, I'll give you the details of this quest" the female receptionist would tell Ye Chen the details about this quest.

Ye Chen listened to the explanation from the receptionist, this was intended to let Ye Chen know what kind of terrain he was going to visit.

"Are you understand with the location and purpose of this quest?" The female receptionist asked Ye Chen.

"Yes, I understand." Ye Chen said that he already understood this quest.

Ye Chen only needed to eradicate all the Goblins that were in their hideout, to find the Goblin's hideout Ye Chen had to work hard on his own.

"After you complete the quest, your notes will be directly stored in the disciple tokens you have." The receptionist told Ye Chen that the records of completed tasks will be directly stored in the disciple tokens owned by Ye Chen.

"Thank you very much for the explanation, then I'll go first" Ye Chen told that he was going to run the quest.

"Good luck" The receptionist wished Ye Chen success in carrying out the quest he had taken.

After Ye Chen left, the receptionist immediately returned to her work, receptionist started serving other people who were behind Ye Chen.

After leaving the Sect Hall, Ye Chen immediately went to where the quest was. Coincidentally, the quest was in the south, so Ye Chen couldn't help but fly towards the south where this mission was.

The quests that Ye Chen took were quite far away, Ye Chen would be there in half a day at the most, if nothing happened on the way.

This was the God Realm, all kinds of things could happen, for example Ye Chen could meet bandits or magical beasts while on a trip.

Such things are common in the God Realm, here strength is everything, there are no strict rules like those on earth, so many people commit crimes.

### **Chapter 1032 - Intercepted By A Group Of Bandits**

Ye Chen continued to fly to the quest place, it had been almost 9 hours since Ye Chen had flown to his destination, until now Ye Chen had not encountered any obstacles, everything seemed to be under control, nothing was blocking Ye Chen's path.

"It's more peaceful than I thought" Ye Chen felt that it was much more peaceful than he thought, all of Ye Chen's worries just didn't happen.

Just when Ye Chen thought that this trip was very smooth, suddenly around 15 people appeared from underground.

These 15 people immediately blocked Ye Chen's path, seeing that his road was blocked by someone, Ye Chen immediately stopped.

Ye Chen looked at the 15 people who had dared to block his path, from the gazes and looks they all had, they looked like bandits looking for prey in a deserted place like this.

"Hahahaha, boss, we got another weak catch today" one of the bandits said that they got a weak catch.

From Ye Chen's appearance, the bandits thought that Ye Chen was a weakling, that's why they weren't too wary of Ye Chen.

"He's alone so this will make it easier for us" said the Boss of these bandits.

The boss of the bandits had the biggest body of them all, it could be seen that the boss of these bandits had the fiercest appearance of all.

"All of you get out of the way" Ye Chen told these bandits to get out of the way, right now Ye Chen had an important matter to do.

"Hahahahaha" the group of bandits laughed when they heard what Ye Chen said, what Ye Chen said was like a pretty funny joke.

Normally anyone who encountered a group of bandits would immediately flee, it was quite rare for someone like Ye Chen to dare to fight them.

"Don't you know your current situation?" said the bandit boss.

The bandit boss said that Ye Chen's current situation was quite bad, Ye Chen was surrounded and there was no way to escape, Ye Chen's fate was now in their hands.

"I know my situation very well, I'm only worried about your situation when you block my way" Ye Chen said to the bandits in front of him.

"What did you say?" The bandit boss was furious when he listened to what Ye Chen said, what Ye Chen said was like a threat to the bandit boss.

"Boss, there's no need to listen to the words of this weakling, maybe he's trying to bully us to scare us, he just doesn't know who we are yet" said the person at the head of the bandit boss.

The bandit boss listened to the words of his subordinates, what his men said was something that most likely happened.

"You have been presumptuous to challenge us, now you can feel the consequences, all of you go and beat these people, make him feel the consequences" the bandit boss ordered some of the subordinates around him to immediately go and beat Ye Chen.

"Alright" several bandits nodded, they immediately came forward to attack Ye Chen.

The bandits were really very relaxed when they wanted to attack Ye Chen, it could be seen that they didn't think Ye Chen was a threat to them.

It just so happened that Ye Chen was currently hiding his power by using the Reidran Pendant necklace, so these people thought that Ye Chen was a weak cultivator.

"Get ready brat, we will make you regret it" the bandit said to Ye Chen, he told that Ye Chen would regret having dared to challenge them.

"You idiots, feel this." Ye Chen immediately launched a punch and kick towards the bandit in front of him.

"BAM. . . , BAM . . . ,BAM . . . ," Ye Chen landed a punch on the bandits that were approaching towards him.

"Boom. . . , Boom . . . , Boom . . . ." the bandit that was hit by Ye Chen immediately hit the ground very hard, several craters appeared due to Ye Chen's punch.

The bandit boss and the other bandits were shocked to see Ye Chen so easily defeat their comrades.

"So weak, do you want to beat me with that kind of power" Ye Chen told that these people were quite weak, They dared to stab Ye Chen with such weak strength.

"You bastard, how dare you insult us, everyone, let's go and fight this guy." The bandit boss gave an order to the other bandits to simultaneously attack Ye Chen.

Unlike before, now that these bandits were very wary of Ye Chen, they all started to take into account the strength that Ye Chen possessed.

What Ye Chen had just done had opened their eyes, they now realized that Ye Chen was not as weak as he appeared on the surface.

Simultaneously the bandits attacked Ye Chen, they all charged towards Ye Chen at full speed, all the bandits immediately locked onto Ye Chen, they tried to attack Ye Chen from all over in different directions.

"**Earth Burst**" the bandits started attacking Ye Chen using a similar attack technique.

The ground that was under Ye Chen immediately rose to the surface, this land headed straight for Ye Chen.

The rising ground was quite enormous, the size of this land was almost like a huge towering mountain, if one was hit by this attack, then they could be buried by this attack.

"Feel this" this pile of dirt tried to hit Ye Chen and run over Ye Chen.

Ye Chen stretched out his hand towards the pile of dirt that was heading towards him, very casually Ye Chen resisted the dirt that was trying to hit him.

"Boom" the pile of dirt hit Ye Chen's hand, this collision made a very dense dust

"feel it damn brat" the bandits were happy when they saw Ye Chen not dodge their attacks.

Ye Chen must have been injured after receiving their combined attack, there was no way one could stand the combined attack they launched.

As the dust started to thin out, the bandits saw Ye Chen's figure who was near the pile of dirt.

After the dust dissipated completely, they could see Ye Chen currently resisting their attacks with bare hands.

This was certainly quite shocking for the bandits who had just attacked Ye Chen, they were all shocked when they saw that Ye Chen could easily withstand their attacks.

"Cracks. ." Ye Chen gripped the pile of dirt in his hand, instantly the pile of dirt cracked and shattered into small pieces.

"eeeeeeehhhhhh. . ." The bandits were shocked when they saw what Ye Chen had just done, they were devastated when they saw Ye Chen's strength.

"Damn, this guy is really strong" The bandit felt that Ye Chen was much stronger than he thought, this man who looked weak and low-spirited actually had a strength that was far greater than his appearance.

"Everyone back off quickly" The bandit boss told everyone to back off, they all had to run away from Ye Chen.

The bandits immediately descended, they dived into the ground to escape from Ye Chen.

"Want to run away, how could I let you guys escape" Ye Chen couldn't possibly just let the evil Bandits escape, Ye Chen had to eradicate these kinds of people who harmed others.

**"One Hundred Thousand Fire Swords"** several fire swords appeared around Ye Chen's body.

Ye Chen directly controlled the fire sword to chase the bandits who had fled into the ground.

### **Chapter 1033 - Go To Bandit Hiding Place**

The fire sword immediately shot towards the ground, Ye Chen's fire sword easily pierced into the ground, the fire sword immediately went after the bandits who had fled into the ground.

"Time to hunt mouse" Ye Chen was going to hunt moles hiding underground.

The mouse that Ye Chen was referring to were the bandits who had run away from him.

Ye Chen had very quickly locked the location of the bandits, now it was only a matter of executing them all.

The bandits could feel a fire sword approaching towards them, seeing this the bandits immediately dispersed and avoided the fire sword.

These bandits cultivated an Earth Art, so they could easily sense the existence of the fire sword that Ye Chen was currently controlling.

When the bandits tried to escape, unfortunately the speed they had was still far from Ye Chen's fiery sword.

Very quickly the fire sword managed to catch up with the fleeing bandits into the ground.

"Ahhh, no. . . ." one of the extremely slow bandits instantly became the target of the flame sword.

"Boom. . ." An explosion of flames occurred underground, this explosion instantly killed the escaped bandits.

"Boom. . . , Boom . . . , Boom . . . , boom . . . , Boom . . . ,"

 explosion after explosion occurred, all of the almost all the bandits that escaped were defeated by Ye Chen.

Right now only the boss bandit was left, meanwhile another bandit had been killed by Ye Chen.

"Master, why did you let him go?" Chu Yuechan asked why Ye Chen let go of the bandit, even though Ye Chen had a chance to kill the bandit.

"I did that on purpose, I want to know their hiding place" Ye Chen deliberately didn't kill the bandit boss, this was done so that Ye Chen knew where the bandits' hideout was.

"I see." Chu Yuechan finally understood what Ye Chen wanted, Ye Chen purposely released the Bandit Boss to lead him to their base.

Ye Chen immediately followed the fleeing bandit boss, he had already locked the whereabouts of the bandit boss, so Ye Chen could easily follow the bandit boss without being noticed.

After a while of following the bandit boss, Ye Chen arrived at a place full of mountains.

Ye Chen looked around this place, this was most likely the headquarters of the bandits he was currently following.

"God Eyes" Ye Chen used God Eyes to see what was hidden down there.

When Ye Chen used God Eyes to see what was hidden down there, Ye Chen discovered that down there was a bandit base right under this place.

Besides that down there were hundreds of people currently being held captive by the bandits, it seemed these were the ones the bandits had caught.

"Good it looks like this is their base" Ye Chen finally found the base of the evil bandits.

"Time to clean them all up" Ye Chen was about to take care of these troublesome bandits.

Ye Chen knew that this wasn't a quest, but Ye Chen was itching to fight the bandits that had caused so much chaos around this place.

Ye Chen immediately sneaked into the hideout of the bandits, Ye Chen swiftly entered the bandit's headquarters.

.  
.

The bandit boss finally made it back to his base, he was happy to have escaped from Ye Chen.

The breath of the bandit boss is quite heavy, it can be seen that the bandit boss is exhausted when trying to run from Ye Chen, Just a little late, the life of the bandit boss can be lost.

The boss bandit's body was covered in cold sweat, it could be seen that he was scared when chased by Ye Chen

"Boss, you're back, how did you manage to get a catch today" Seeing their boss return, another bandit immediately approached their boss and asked did they manage to get a fresh catch today.

"Don't you see my current condition, do you think I'm in my current condition I managed to get a fresh catch" The bandit boss roared at his subordinates who asked such things in his unfavorable situation like this.

All the bandits here fell silent when they saw their boss getting angry, it seemed the boss wasn't in a good mood.

Something bad must have happened for their Boss to be furious like this.

The bandit boss went to his throne, he began to sit on his throne to calm himself from the events that had just happened to him.

"Boss, what exactly happened just now?" One of the senior bandits immediately asked what had just happened, why did the Boss bandit get angry like this.

It was unusual for the Bandit Boss to be this angry, there must have been a big event happening today that the people in this place didn't know about.

"Today I met a very strong person, he managed to defeat everyone who went with me" After a bit of calm, the bandit boss finally explained what happened.

"Boss, don't tell me that our friends are already?" asked one of the bandits in this place.

"I don't know the fate of those people, I'm still lucky to be able to escape in time" The bandit boss didn't know the fate of his subordinates, all he could think about was saving himself.

This might be quite an act of selfishness, but the Bandit Boss had no other choice, if he remained in this place, it was likely that he would also be defeated by Ye Chen.

The bandits were furious when they heard this, they were furious when they found out that their comrade had been defeated by Ye Chen.

"Boss, what next, are we going to take revenge or not?" all the bandits in this place immediately asked if they should take revenge or not.

"Forget revenge, that person may have gone far" The Bandit Boss told these people to forget revenge, most likely the person he met had gone far and was not in this place anymore.

Actually the Bandit Boss was afraid to take revenge on Ye Chen, in order to save his face, the Bandit Boss was looking for a reasonable excuse.

The other bandits were so obedient to their Boss's words, it didn't seem like they would go out for revenge on the person who had killed their comrade.

"Are you all looking for me?, If you are all looking for me, I'm here" suddenly a voice appeared behind the bandits.

The boss bandit stiffened when he heard this voice, this voice was quite familiar to him.

When he looked far ahead, he saw Ye Chen's figure standing in the distance.

Ye Chen started walking closer towards the bandits who happened to be gathering in the same place as you.

" You . . . ." The bandit boss was really very surprised when he saw Ye Chen in this place, it could be seen that the bandit boss was very scared of Ye Chen.

The other bandits saw the arrival of Ye Chen, they all looked at Ye Chen who appeared suddenly.

"Who are you, how dare you enter this forbidden place" the bandits immediately became wary of Ye Chen, they all thought of Ye Chen as a dangerous intruder.

"All of you hurry and kill that person right now." The bandit boss ordered all his subordinates to immediately kill Ye Chen, meanwhile he would leave this place.

The bandit boss was well aware of Ye Chen's strength, he wouldn't be able to win against Ye Chen, that's why he would use his subordinates as bait.

#### **Chapter 1034 - Hey Old Man, Are You Not Willing To Get Out Of This Place**

"Let's attack people who have dared to enter our base."

"Yes! !!" the bandits unanimously agreed, they should go and kill Ye Chen who had dared to barge into their territory.

All the bandits immediately tried to attack Ye Chen, they used a formation to fight Ye Chen.

The bandits looked very confident against Ye Chen, this was probably because they were currently underground, when they were underground, these bandits felt invincible, so it wasn't strange that they were very confident when fighting Ye Chen.

"**Earth Stone Rain**" the bandits started to use a technique to attack Ye Chen.

When the bandits used Earth Stone Rain, this place started to shake slightly, the rocks above Ye Chen started to shake as if they were about to collapse and fall.

Ye Chen just shook his head when he saw what the bandits were doing.

Thousands of boulders rained down on Ye Chen, quickly Ye Chen was now buried in the rocks that fell from the sky.

"Now, let's bury him alive." One of the bandits gave everyone a signal to shut Ye Chen down and bury him in the earth for good.

"Okay, **Earth Grave**" the rocks that fell on Ye Chen suddenly began to condense and become one, this stone seemed to be swallowing and crushing Ye Chen's body.

"boom" The rock is completely solidified, whatever is inside the rock will crumble when crushed by this much rock.

"Yes, we succeeded." The boss bandits were overjoyed when they all saw that Ye Chen had been defeated.

In his opinion Ye Chen was not as strong as he thought, it was much weaker than he thought.

This way the bandit boss no longer needs to be afraid of Ye Chen, everything has been resolved very easily by his senior subordinates.

"Hey, why do you look so excited, what makes you look so excited?" suddenly a voice interrupted the victory moment that was being carried out by the bandit group.

The boss bandits as well as the bandits instantly fell silent when they heard this voice.

They immediately went to look for the origin of the sound just now, when they searched for the source of the sound just now, they saw Ye Chen hovering near the stone wall, it could be seen that Ye Chen currently did not have any signs of injury on his body.

Ye Chen had managed to dodge all the attacks by the bandits, this left Ye Chen unharmed.

"Quickly kill him again" The bandit boss panicked when he saw Ye Chen, all the fun just now disappeared when he saw Ye Chen was still alive.

Ye Chen was like a terrifying terror to the Bandit Boss, Ye Chen was a monster who managed to make the Bandit Boss feel frightened like this.

The bandits immediately carried out their master's orders, they all attacked Ye Chen at the same time as before

"I don't have time to deal with you guys, so let's just end this soon, **Frost Nova**" from Ye Chen's palm appeared a blue light, this blue light instantly froze the body of the bandit in front of him into Ice.

The bandits eyes instantly turned white, they couldn't see and feel anything anymore after their eyes turned white.

In an instant all the bandits were turned by Ye Chen into an Ice statue, they all didn't even have time to know what had happened to them.

All the bandits had been defeated by Ye Chen, now only their boss remained.

The boss bandit tried to run away from Ye Chen, unfortunately due to excessive fear, the boss bandit staggered as if he was about to fall.

"Where are you going, feel the consequences" Ye Chen followed the bandit boss.

"BAM. . ." Ye Chen landed a very, very hard punch on the face of the Bandit Boss.

The bandit boss instantly bounced when it received Ye Chen's attack, it could be seen that the bandit boss received a very strong impact from Ye Chen's punch.

Ye Chen's punch just now was quite strong, if the Bandit Boss didn't die, then it was very likely that this fellow would be a vegetable for his life.

"Okay, now just help the people who are here" After finishing the bandits, Ye Chen decided to help the people who had been imprisoned in this place.

With a wave of the hand, all the prison cells in this place opened, seeing the cell that locked them had opened, the people in prison were very happy, they all finally got out of their cells.

These people immediately headed towards Ye Chen, they all thanked Ye Chen for being willing to help them.

These people even offered Ye Chen a reward for helping them, most of the people in prison in this place were rich and noble.

Bandits were smart enough, they all captured nobles and rich people which they could use to gain benefits, meanwhile they would kill the poor and plunder their treasures.

Bandits are quite ruthless and smart, they know what they can still use and what they can't.

These aristocrats and rich people tried to give gifts, they didn't do it without cause, they wanted to try to attract Ye Chen to be a part of them.

"Calm down, I don't need that, you guys quickly get out of here and save yourselves" Ye Chen ordered everyone to leave this place right away.

Ye Chen knew the intentions of these people, he had no interest in being a part of these people, Ye Chen had a life of his own.

"Master, thank you very much, if we meet again then we will pay for what you have done" the nobles and people could only thank Ye Chen.

They all knew that they couldn't attract Ye Chen to be a part of them which was why they could only thank Ye Chen.

Ye Chen just nodded, he might not meet these people again.

The Sky Cloud Peak Star Realm was quite a vast place, so the chances of Ye Chen meeting these people again would be extremely slim or even Ye Chen might never meet these people again.

So the words of these people are not very useful to Ye Chen.

After giving Ye Chen their thanks, the nobles and rich people immediately left this place, all of them looking for their own way out.

most of these people were cultivators with low cultivation, so Ye Chen didn't need to show them a way out, these people could find their own way out.

Everything is resolved, now Ye Chen wants to continue his journey to complete his quest.

When Ye Chen was about to leave this place, Ye Chen found that there was still one person in this place, this person seemed unwilling to leave his cell.

"What is that old man doing, does he not want to get out of this place?" Ye Chen started to wonder if the old man who was in the cell was unwilling to come out of this place.

"Hey old man, are you not willing to get out of this place?" Ye Chen directly asked the old man who was sitting quietly in his cell.

"Young man, you can forget me, I will be here for a while" The old man answered Ye Chen, he told Ye Chen that for the time being he would stay in this place.

### **Chapter 1035 - Removing Gu From The Old Man's Body**

"Huh?" Ye Chen couldn't believe the answer given by this old man, this old man really wanted to live in a place like this.

Even though Ye Chen was kind enough to let everyone go, unexpectedly there was someone who wouldn't even want to leave this place after being released by Ye Chen.

Ye Chen did not suspect that this old man was injured at all, from the outside Ye Chen did not see that this old man had any external or internal injuries.

"Master, this man seems to be having a bit of trouble, his cultivation is very high, but somehow it seems like something has weakened his strength." Chu Yuechan suddenly explained to Ye Chen about this old man's strangeness.

" He is very strong ?" Ye Chen asked Chu Yuechan.

"Of course, but this old man's strength has somehow become very weak" Chu Yuechan said to Ye Chen.

To be honest, this old man was very strong, he was in the early stages of the Divine Preceptor Realm, but somehow this man's strength felt so weak, this was something that was quite strange for Chu Yuechan.

"Then let me see it more clearly" Ye Chen wanted to see more clearly what Chu Yuechan just meant.

"God Eyes" Ye Chen immediately used God Eyes to look at this man's body.

" this?" Ye Chen was slightly surprised when he saw what he had just seen.

Ye Chen could now see that inside the old man's body there was a very small insect, this insect lodged in the old man's body, this insect seemed to be attacking the old man's profound energy.

"Is this a Gu?" Ye Chen started to guess that what was in front of him was a Gu.

Unfortunately Ye Chen couldn't guess what kind of Gu was in this old man's body.

"Yuechan do you know what kind of Gu is in this old man's body?" not knowing what kind of Gu he was looking at, Ye Chen finally asked Chu Yuechan.

"Hmm, this might be Xuangli Gu, this Gu is female, they will eat the profound energy of a man they enter" Chu Yuechan started to estimate the Gu in the old man's body.

In this world there were countless types of Gu, it was a little difficult to identify every Gu that existed in the world, only a Gu expert could do something like this.

"So the Gu will continue to suck in this old man's profound energy?" Ye Chen asked Chu Yuechan.

"Of course, as long as this old man doesn't die, then Xuangli Gu will never stop sucking in this old man's profound energy, that means this old man's strength will remain weak like this.

"I wonder why someone put Gu in this man's body?" Ye Chen asked why someone would want to put Gu in this old man's body.

"I don't know, there are so many things that could happen, after all we both don't know about this old man's identity, it could have been done by this old man's enemy" Chu Yuechan said.

"You are absolutely right" Ye Chen felt that what Chu Yuechan said was the truth.

This Gu must have been deliberately inserted by the enemy of this old man, it was quite reasonable for now.

"Is it necessary to save this person or not?" Ye Chen started to wonder if he should save this person or not.

"That's up to you, all decisions are yours, after all this old man doesn't look dangerous or evil" Chu Yuechan said to Ye Chen.

"Alright, I'll give it a try." Ye Chen decided to try to save this old man.

After all, Ye Chen had the ability to do that, so there was no harm in Ye Chen saving the old man who was in trouble.

Ye Chen entered the old man's cell, "Old man, I will help you solve the problem you have" Ye Chen said that he would help the old man to solve the Gu problem in his body.

Hearing this, the old man immediately opened his eyes, the old man immediately looked at Ye Chen.

"Don't bother with me, I've been suffering from this problem for a long time" the old man told Ye Chen that he had been suffering from this problem for a long time.

The old man had gone to various places to try to get rid of the Gu bugs in his body, unfortunately all his efforts did not yield any results.

"Old man, don't underestimate me, I have the ability to help you solve the problem you have" Ye Chen told the old man that he had the ability to help him solve his bug Gu problem.

"If you really have an ability, then you can show it to me." Seeing Ye Chen's tenacity, the old man decided to let Ye Chen give it a try.

After all there was no problem even if Ye Chen failed in this matter, the old man would not suffer a loss even if Ye Chen couldn't heal himself.

"Alright, let me give it a try" Ye Chen was about to give it a try, he had a method to remove Gu bugs from the old man's body.

"Master, Xuangli Gu are not easy to exterminate, if you forcibly exterminate them, it will have an impact on this old man." Before Ye Chen took any treatment, Chu Yuechan warned Ye Chen that Xuangli Gu should not be exterminated.

"Alright, then I will forcefully remove them" After listening to Chu Yuechan's words, Ye Chen decided to try and extract the Gu from the old man's body.

Ye Chen had his own way of doing it, for that he needed an old man's cooperation.

"Old man, I will give it a try, you better cooperate well, lest you scream in pain" Ye Chen said to the old man.

Ye Chen told the old man that the process of extracting the Gu would be quite painful.

"This old man's bones are already very hard, this old man won't feel any pain" The old man told Ye Chen that he was much stronger than Ye Chen thought.

"Very good confidence, then don't let me down" Ye Chen said to the old man in front of him.

Seeing that the old man was fully prepared, then Ye Chen would immediately do what he had to do.

Ye Chen placed his hand on the old man's back, he started to use his Profound Ice on the old man's body.

The old man's body turned cold when Ye Chen did this, strangely the old man did not react when his body temperature dropped drastically like this.

Ye Chen's profound ice very quickly spread over the old man's body, this profound ice headed straight for the Gu Insects that were on the old man's body.

Ye Chen's profound ice instantly froze all the Gu present in the old man's body, in just a matter of minutes, all of the Gu had been successfully frozen by Ye Chen.

After all the Gu bugs were frozen by Ye Chen, it was time for Ye Chen to take out all the Gu bugs in this old man's body.

Ye Chen used his Profound Energy to forcefully pump the Gu out.

### **Chapter 1036 - Marriage Proposal**

"cough" The old man immediately swallowed a mouthful of blood, this cough is not an ordinary cough, it can be seen that this old man coughs mixed with ice crystals.

These ice crystals were Gu that Ye Chen had successfully frozen, all of those Gu had been forcefully expelled by Ye Chen.

After he managed to extract the Gu, Ye Chen pulled back his Profound Energy from the old man's body.

"How are you feeling?" Ye Chen immediately asked about the old man's state, it should be that after all the Gu were cleared, the old man's state would be much better.

The old man didn't answer Ye Chen's question, the old man got up and started to take off his clothes.

"What is he trying to do?" Ye Chen was quite surprised when he saw what this old man was trying to do, what this old man was trying to do was very strange to Ye Chen.

"Yeah. . ." The old man began to flex his body, the old man felt that his body was now very refreshed.

It had been quite a long time since he had last felt his body refreshed like this.

Ye Chen's treatment was successful, the old man could feel that his vitality was gradually recovering.

"Young man, thank you very much for saving this old man, this old man owes you a lot, say what you want, as long as this old man can give it, I will give it to you" the old man said to Ye Chen.

Ye Chen was quite interested in what this old man had to say, it seemed that this old man had a higher position and standing than the previous nobles and rich people.

"No need, I don't need such things." Ye Chen told the old man that he didn't like gifts like this.

"Hooh, you refuse a gift from me, even though I can give you as much as you want" said the old man to Ye Chen.

"No thank you very much" Ye Chen again refused the gift this old man gave him.

"Hahahaha, young man, I like your character, how about you marry my granddaughter?" said the old man to Ye Chen.

This old man's words were quite shocking to Ye Chen, the old man suddenly wanted to marry off his granddaughter to Ye Chen.

In this situation, Ye Chen didn't know what to say, whether he should refuse this offer or not.

"How, are you interested or not?" asked the old man to Ye Chen, the old man asked if Ye Chen was interested in this matter.

" that. . ." Ye Chen looked confused when answering the old man in front of him.

"Young man, you should know that my granddaughter is quite beautiful, she is currently a core disciple at Jade Lotus Peak" the old man said to Ye Chen.

The old man told Ye Chen that his granddaughter was a core disciple at Jade Lotus Peak.

"Jade Lotus Peak. . . , isn't that the same peak as Mu Xueying and the others" Ye Chen muttered in his heart.

Ye Chen did not expect that this old man actually had a granddaughter who was currently joining the Jade Lotus Peak.

It seemed that this old man's identity was indeed stronger than Ye Chen had expected.

"From your clothes you must also be from Nine Immortals Peak, I don't need to explain anymore about the core disciple of Jade Lotus Peak, there is a gathering place for beauties all over this star" said the old man very proudly.

The old man was extremely proud of his granddaughter who had become a core disciple at Jade Lotus Peak, it was a matter of pride for the old man.

"Sorry, but I'll turn it down again." Ye Chen said that he had rejected the old man's offer.

"Good, so you . . . what! !!" The old man was very surprised when he listened to what Ye Chen had just said, not expecting that Ye Chen would reject him again even after he told Ye Chen that his granddaughter was a core disciple of Jade Lotus Peak.

"Why are you still refusing even after knowing that my granddaughter is a core disciple at Nine Immortals Peak?" The old man asked Ye Chen.

"hehe, that's because I already have a woman who also entered the Jade Lotus Peak" Ye Chen said proudly.

Ye Chen told the old man the reason why he was able to reject the old man, it was because Ye Chen had Xia Qingyu and Mu Nianci who also joined the Jade Lotus Peak.

Ye Chen was very confident in Xia Qingyu and Mu Nianci's beauty, that's why Ye Chen refused the old man's offer of marriage.

"So that's how it is, it's only natural that you reject me" the old man could understand why Ye Chen rejected him, because Ye Chen already had a woman, the old man couldn't force his will.

After all, with her granddaughter's temperament, her granddaughter most likely wouldn't be able to accept this.

"Young man, what is your name?" The old man asked Ye Chen's name, he wanted to know Ye Chen's name.

"My name is Ye Chen" Ye Chen said.

"Your name is Ye Chen, it's okay, my name is Song Han, you don't need to be too formal when calling my name" Song Han said to Ye Chen.

"Okay old man, I will start calling you grandpa Han" Ye Chen will start calling the old man by his real name.

"Ye Chen, do you want to come with me back to White Cloud City with me?, I want to thank you with some banquets" Song Han invited Ye Chen back together with himself.

Song Han wanted to thank Ye Chen for helping him.

"Sorry, but I'm on a special quest, so I might not be able to come with you" Ye Chen told Song Han that he most likely wouldn't be able to come with him.

"So you're actually on a special quest, what a shame" Song Han said slightly disappointed.

"I need to finish this quest as soon as possible, so I can't go with you" Ye Chen said to Song Han again.

"Hahahaha, alright, maybe next time, White Cloud City is not far from Nine Immortals Peak Sect, if you have some spare time, you can look for me in the city center, you can ask people about my name there" Song Han said to Ye Chen.

"If I have time I will visit there" Ye Chen said to Song Han.

Song Han nodded to Ye Chen, Song Han was quite happy with the answer Ye Chen gave him.

"Okay, I have to go first, see you later." Ye Chen said goodbye to Song Han, he had to leave this place as soon as possible.

"Okay, see you later." Song Han could understand the busyness Ye Chen had, that's why Song Han didn't stop Ye Chen from continuing his journey.

After saying goodbye, Ye Chen left the bandit base, Ye Chen resumed his quest to kill Goblins.

After Ye Chen left, Song Han looked at the Gu below, Song Han didn't expect that there was a Gu insect this small in his body, no wonder no one would find this when treating his illness.

Song Han started to wonder who had done this to him, Song Han had to find out about this matter carefully.

### **Chapter 1037 - Looking For The Hiding Place Of The Goblins**

Later Song Han will find out about this, Song Han will temporarily return to his residence, surely people are currently looking for him.

Before leaving this place Song Han didn't forget to exterminate all the Gu bugs that Ye Chen had killed.

With a little bit of strength used by Song Han, the Gu bugs could be easily annihilated by Song Han.

"Boom. . ., Boom . . ., Boom . . .," there was a huge explosion as Song Han exterminated the Gu Insect.

Song Han was quite shocked when he saw this, if only this explosion had been inside his body, Song Han might have been crushed.

Song Han was very lucky that this didn't happen, if this were to happen, then Song Han would really die instantly by this explosion.

No matter how strong Song Han's external body was, when this explosion occurred inside the body, then Song Han would definitely suffer a serious injury to the point of death.

"I will definitely find the person who has done this" Song Han promised that he would find the person who had done this to him

After that Song Han also left this place, now this place is completely empty.

.

.

In a place that does not know the location, there is a man playing with some insects in a jar, this man looks very happy when playing with insects in a jar, it can be seen that this man plays with insects like a pet that very obedient.

The insect in the jar was of course a Gu, this man was most likely a Gu expert.

"Someone killed the Gu bug that I had." This man could tell immediately when the Gu bug that had been implanted in Song Han's body had been killed.

Gu Masters had the ability to control their insects from a great distance, no matter how far away, Gu Masters could still control insects that were on one's body.

After learning that his Gu bug that was in Song Han's body had been killed, this man immediately left his residence, it could be seen that this man wanted to tell someone that his Gu insect had been killed.

.

.

Meanwhile Ye Chen was continuing his journey, this trip was really very peaceful, there were no bandits or anything to disturb Ye Chen's journey.

"Master, why did you reject the offer from the old man just now, when he made a very good offer," Chu Yuechan said to Ye Chen.

"I don't like things like that, I'd rather find women something of my taste" Ye Chen told Chu Yuechan that he didn't like that kind of thing.

Ye Chen prefers to pursue and get women with his own abilities, Ye Chen feels he gets satisfaction when getting a wife with his own hands.

Chu Yuechan looked helpless when she listened to Ye Chen's answer, whereas Chu Yuechan hoped that Ye Chen would get many women soon to make the Fairy Gate even more powerful.

Unfortunately Chu Yuechan couldn't force something like this, Chu Yuechan knew that Ye Chen would never want to do something he didn't like.

Chu Yuechan had better keep quiet and not continue this matter, time was still long, so Chu Yuechan did not need to be in such a hurry.

After a few hours, Ye Chan finally arrived at the quest he was aiming for.

"So this is the Quest forge?" Ye Chen looked at the village that had been destroyed, it could be seen that this village had been destroyed and burned to the ground.

The house and everything in this village has been destroyed to rubble, all the survivors have fled to other safer places.

Ye Chen decided to go downstairs, he would try to find a clue about what happened to this village.

Ye Chen actually already knew the reason why this village was destroyed, it was likely that this village was destroyed by Goblins.

Even so, Ye Chen wanted to find some clues that could lead him to the Goblin headquarters.

Ye Chen descended into the village, looking for some clues around this place.

Here Ye Chen could see that there was a lot of blood that had dried up for a long time, it seemed that the village raid had taken place several weeks before.

Judging from this, Ye Chen could tell that if a battle broke out between the villagers and the Goblins, it would be quite fierce seeing this place crumble like this.

Seeing this, Ye Chen began to estimate that the Goblins had enough fighting ability to defeat the villagers who probably some of the villagers living in this place were cultivators.

"Master, it seems there I saw a trace of a Goblin." When Ye Chen was observing the battle marks, Chu Yuechan suddenly said that he saw a Goblin's footprint.

"where?" Ye Chen immediately asked where the trace was Chu Yuechan referring to.

"Over there." Chu Yuechan immediately pointed in the direction where she saw the footprints that were most likely Goblin's.

Ye Chen immediately went to see what Chu Yuechan had found, when Ye Chen saw what Chu Yuechan had found, Ye Chen found a very large footprint.

From the footprints alone, Ye Chen could tell that this was a monster tens of meters tall.

"So big, is this really a Goblin?" Seeing the huge footprints, Ye Chen began to doubt that this was a Goblin.

In Ye Chen's mind the Goblin was an agile little creature, he didn't imagine that a Goblin could have footprints this big.

"Master, judging by these footprints, this is most likely the King of the Goblins, the Goblin King should be the greatest." Chu Yuechan tried to explain this to Ye Chen.

"So guessing that this is the King Goblin" Ye Chen asked Chu Yuechan.

"That's right, this possibility is the King Goblin, every Goblin has a King who controls every move they make, they will be very obedient to their King" Chu Yuechan said to Ye Chen.

"Then all I need to do is kill this King Goblin, after that they won't have a leader to make a move" Ye Chen said to Chu Yuechan.

"It's not that easy, if the King Goblin dies, then the Goblins will choose a new king again" Chu Yuechan said to Ye Chen.

Goblins are creatures that have intelligence beyond expectations, they can do things even more cruel and barbaric than humans do.

"So I have no choice but to exterminate them all" it seemed that Ye Chen had no choice but to exterminate all the Goblins in existence.

"That is the only way to eradicate the Goblins," Chu Yuechan said to Ye Chen.

In that case Ye Chen had no other choice but to kill all the existing Goblins.

"Then let's find the Goblin's hideout." Ye Chen decided to look for the Goblin's hideout, he would follow these footsteps to go to the Goblin's hideout.

Ye Chen started to follow the Goblin's footsteps, although some of these traces were a little vague, Ye Chen was still able to follow these trails to go to the Goblin's hideout.

After following these footprints, Ye Chen finally arrived in front of a very vast forest. It just so happened that these footprints also disappeared right in front of this forest.

### **Chapter 1038 - Against The Goblin Army (1)**

"Is this their hiding place?" Ye Chen began to predict that the Goblins were hiding in this place.

The forest is a place that is likely suitable as a hiding place.

Ye Chen didn't go directly inside, he was observing this forest from a distance.

Ye Chen picked up a pebble that was under his feet, Ye Chen started throwing some pebbles towards the forest in front of him.

"Whoosh! . . ." The pebble thrown by Ye Chen shot towards the direction of the Forest.

"Bam. . . , Bam . . . , Bam . . . , Bam . . . , Bam . . . ," suddenly heard the sound of objects falling in the forest.

Moments after the sound of Ye Chen's object sounded, hundreds of arrows suddenly shot from within the forest and headed towards Ye Chen.

"Boom. . . , boom . . . , boom . . . , boom . . . , boom . . . ," hundreds of arrows rained down on Ye Chen's body and made an explosion around Ye Chen's body.

Powerful explosions occurred around Ye Chen's body, these explosions were like thousands of missiles being fired at Ye Chen simultaneously.

The arrows kept coming and raining down on Ye Chen, it could be seen that there was no sign of stopping.

Huge explosions continued to occur, these explosions lasted about 5 minutes, after 5 long minutes, this explosion finally ended.

After the explosion ended, there were many craters that formed in the place where Ye Chen was, thick black smoke also enveloped around where Ye Chen was.

It was unknown whether or not Ye Chen could survive the enormous explosion just now.

Right now inside the forest there were hundreds of Goblins carrying bows and arrows on their bodies, just now, these Goblins were the perpetrators who shot hundreds of arrows at Ye Chen.

this was the reason why Ye Chen threw some pebbles into the forest, he targeted the Goblins who were currently in the forest and spies on Ye Chen's movements outside the forest.

Just now Ye Chen's attack hit several of the existing Goblins, several Goblins were knocked down and killed by Ye Chen very easily.

This sparked the anger of the Goblins and finally the Goblins showered Ye Chen with a burst of fire arrows.

"Ghhhh. . . The Goblins celebrated their victory, they all looked very happy when they found out that Ye Chen had been killed by the onslaught of their attacks.

"Slash. . . , Slash . . . , Slash . . . , Slash . . . , Slash . . . , Slash . . . ," while the Goblins were celebrating their victory, suddenly the bodies of all the Goblins were cut into two pieces.

This took all the Goblins by surprise, they couldn't react to what had just happened.

after the Goblins' bodies were cut off, their bodies were instantly engulfed in flames until nothing was left.

After all the Goblins hiding in the forest were killed, a fire sword flew out of the forest, this fire sword returned to where Ye Chen was.

Ye Chen was currently hovering above the crater, it could be seen that Ye Chen was fine after receiving the continuous attacks from the Goblins.

"Master, can't you come in a little more gently, by now the Goblins must have been wary of your presence" Chu Yuechan said to Ye Chen.

"We don't need to sneak around like that, it will be faster if they go look for me" Ye Chen said to Chu Yuechan.

Ye Chen was lazy to sneak into the Goblin headquarters, it would be faster if the Goblins went and met Ye Chen on their own initiative.

"Geez, you want to start a war with the Goblins?" Chu Yuechan looked very helpless when she saw what Ye Chen was trying to do, Ye Chen was trying to make war with the Goblins.

"Of course, Ye Chen naturally wants to start a war with the Goblins, he will definitely kill all the Goblins in this place.

"Whoosh. . ." when Ye Chen was talking to Chu Yuechan, suddenly arrows shot out again and rained down on Ye Chen's body.

Finally reinforcements from the Goblins came and attacked Ye Chen who was not ready.

Ye Chen instantly made an Ice shield in front of himself, this Ice Shield deflected all the arrows that were aiming at him.

Judging from the number of arrows shot, the number of Goblins should be far more than before.

"Looks like they welcome this invitation to battle, then I will seriously attack them" Seeing that the Goblins were very serious about attacking Ye Chen, Ye Chen would naturally fight with full strength.

"Shadow Clone" Ye Chen made several clones to help himself fight the existing Goblins.

"All of you go ahead and exterminate all existing enemies" Ye Chen gave an order to his Clone to immediately go and destroy the existing Goblins.

Ye Chen's clones very quickly headed towards the forest, they all broke through the rain of arrows fired by the Goblins.

With a Clone Ye Chen went straight into the forest where the Goblins were hiding.

When Clone Ye Chen entered, Clone Ye Chen was greeted by hundreds of Giant Goblins carrying large swords in their hands.

This giant goblin was 4 meters tall with an enormous body, the giant goblins immediately pointed their swords at Clone Ye Chen, they all started attacking Clone Ye Chen.

Ye Chen's clones did not stay still, they all also started to attack the approaching Goblin Giants and wanted to attack them.

"Boom. . . , boom . . . , boom . . . , boom . . ."The battle has really broken out and turned a forest into a chaotic place.

Fires were everywhere, the previously calm forest had now become quite tense because of the fighting that was taking place.

With the abilities of Ye Chen's Clone, the Goblins began to be suppressed, they had absolutely no resistance when facing Ye Chen's Clone.

Even though the Goblins were far more numerous than Ye Chen's clones, they were not all as strong as Ye Chen's clones, this made them all easily defeated by Ye Chen's clones.

outside the forest, Ye Chen saw the battle that was going on, Ye Chen was waiting for the Goblin king to come out and show himself in front of himself.

Ye Chen wanted to see the strength of the Goblin king, whether this Goblin king was strong or weak.

"Rumble. . . , Rumble . . . , Rumble . . . , Rumble . . ."Suddenly the sky began to become very dark, the clouds above the sky began to gather together and make a very black cloud.

The thunder of the thunder grew louder every time, at this moment the sky seemed to be about to collapse.

" this ?" Ye Chen looked up at the sky, Ye Chen could see that this was not purely made by nature.

It seemed that among the Goblins there were those who could use high-ranking thunder techniques, this was probably the Commander of the Goblins that Ye Chen was fighting.

"Thunder. . . , Thunder. . . , Thunder . . . Thunder. . . ," Lightning flashes began to descend from above the sky and bombarded Ye Chen along with his clones, even several Goblins did not escape this attack.

Ye Chen dodged all these lightning bolts that were currently aiming at him, when Ye Chen dodged the lightning strike, suddenly a huge fireball shot out from an unknown direction and aimed at Ye Chen's body.

"Boom. . ." "A very large explosion occurred, this huge explosion swept away some of the forest in this place.

The explosion was big enough to make a fire mushroom that soared into the sky.

### **Chapter 1039 - Against The Goblin Army (2)**

It seems that Ye Chen's guess is wrong, it turns out that in this place there are two Goblins who can use high level cultivator techniques, one can use Lightning Art and one can use Flame Art.

"Not bad." Ye Chen felt that the intelligence possessed by Goblins was quite high, this was far more than Ye Chen could expect.

The way the Goblins fight is very neat, it's like being commanded directly by humans with quite great experience.

With this kind of ability, it's not strange that the Goblins managed to destroy dozens of villages, ordinary untrained cultivators would definitely find it difficult when faced with a surprise attack by the Goblins.

If Ye Chen didn't have high cultivation, then maybe Ye Chen would get into trouble when he fought against this Goblin army.

After seeing the intelligence of the Goblins, Ye Chen couldn't play around anymore, if Ye Chen played around, then there would definitely be some Goblins who would escape from this place.

If that were to happen, then it is certain that the Goblins would again make a group like this.

"Don't hold back anymore, kill them all, Don't let anyone escape." Ye Chen ordered his Clone to kill all Goblins, big or small.

Ye Chen's priority was to kill all the existing Goblins, he didn't care how they died, the most important thing was that they all died as soon as possible.

Clone Ye Chen quickly fought the Goblins that were nearby, Clone Ye Chen no longer held back in this battle.

Ye Chen did not remain silent, he went to find the commander of these Goblins, it was clear that the Goblin Commander was the one who had used a high ranking technique on Ye Chen.

"found" after searching for a while, Ye Chen finally found the Goblin Commander's hideout, this Goblin Commander was hiding a mountain pass that was quite difficult to find.

One was a Goblin with a large body, while the other was a Goblin with a small body.

It looks like one is the Commander of the little Goblin and the other is the Commander of the giant Goblin.

Both control their respective brand armies under their own power.

After finding the commander of the Goblins, it was time for Ye Chen to kill these two Goblin commanders.

"Ying'er please help me" Ye Chen told Yin Ying'er to come out and help himself kill these two Goblin Commanders.

"Okay" Yin Ying'er nodded, she would go and help Ye Chen to defeat these two ugly Goblins.

Immediately the Divine Yin Yang Sword appeared in Ye Chen's hand, after the Divine Yin Yang Sword appeared in his hand, Ye Chen immediately rushed towards the direction where the Goblin Commander was hiding.

The Goblin Commander knew what Ye Chen wanted, the two of them immediately launched an attack towards Ye Chen.

Both of them launched lightning and fire attacks simultaneously, their target was naturally Ye Chen, both of them were aiming for them trying not to let Ye Chen get close to them.

This Goblin Commander didn't have a melee weapon, in the hands of the two currently only a Rod that looked like a Staff.

It seemed that this was an artifact that these two Goblins used to launch their attacks.

Ye Chen immediately dodged all the attacks that were aimed at him, with a very fast movement Ye Chen managed to get close to the Goblin commander.

Ye Chen thrust his Divine Yin Yang Sword right into the Goblin Commander's heart.

It was very easy for the Divine Yin Yang Sword to pierce the heart of one of the Goblin Commanders.

The Goblin Commander was instantly killed on the spot when his heart was pierced through by the Divine Yin Yang Sword.

Seeing his friend dead, the other Goblin Commanders immediately tried to escape from this place.

"You won't be able to run" Seeing the other Goblin commander trying to run away from him, Ye Chen immediately chased after the Goblin commander who intended to run away.

"feel this" Ye Chen slashed at the Goblin Commander who wanted to run away.

"Slash" The Goblin Commander's ran too slowly, the Goblin Commander was easily slashed by Ye Chen.

For this one Ye Chen deliberately didn't kill him, he would leave this one to be used as a tool to destroy the Goblins' Morale.

Ye Chen carried the body of the Goblin Commander he had defeated, he intended to show this to the Goblin army that was still fighting him.

The current Goblin army seemed to be in quite a caring state, Ye Chen's clone suppressed them completely, this made the Goblin army very desperate.

The Goblin Army looked desperate when fighting against Ye Chen's Clone, there had been a lot of casualties from the Goblin army, meanwhile Ye Chen's Clone was still intact and not reduced.

From here it can be seen who is in control of the battlefield at this time.

The Goblin Army is waiting for orders from their superiors, until now they still have not received Command from their Commander.

This is very strange, usually their commander will give a command so they can fight better.

The brains of this Goblin army turned out to be their Commander, without their commander, these Goblins couldn't do anything.

The Goblin Army still didn't realize that their Commander had been defeated by Ye Chen, this prevented them from getting a command.

Ye Chen appeared right in front of the Goblin army, himself throwing away the current Goblin Commander now.

Ye Chen intends to tell the Goblin army that their commander has been defeated by Ye Chen'

Seeing their Commander has been defeated by Ye Chen, the Goblins immediately scattered, they looked scared when they saw Ye Chen had defeated their Commander.

All the Goblin soldiers actually fled, they all immediately retreated to their secret base to ask the Goblin King for help.

Unfortunately Ye Chen didn't let them go just like that, Ye Chen told his Clone to hunt down the escaping Goblins.

Since the Goblins didn't put up a fight, Ye Chen's clone could easily kill the existing Goblins.

In just a matter of minutes, all the Goblins around this place had been wiped out by Clone Ye Chen.

When his Clone defeated the Goblin army, Ye Chen waited patiently, Ye Chen waited for the Goblin King to come out and show himself in front of Ye Chen.

"So the Goblin King still doesn't want to come out." After waiting for a long time, the Goblin King still didn't want to come out, it could be seen that the Goblin King was still hiding in their hiding place.

Since the Goblin King didn't want to come out and show himself, Ye Chen was forced to go and see the Goblin King.

Before that, Ye Chen had his Clone open a way for Ye Chen so that Ye Chen could more easily meet the Goblin King.

With the order given by Ye Chen, all the clones rushed forward, they all immediately opened the way for Ye Chen.

Ye Chen slowly followed behind his Clone, letting his Clone take care of all the little things in front of him.

After a while, Ye Chen finally arrived at the entrance of the Goblin secret base, the Goblin secret base has a very large entrance.

"So this is the center of existence of the Goblins." Ye Chen looked at the cave entrance in front of him, it could be seen that this entrance was so huge that it could accommodate the largest commercial airplane on earth.

"**God Eyes**" Ye Chen used **God Eyes** to see what was in there, he wanted to see what the ins and outs of the Goblin headquarters he was about to enter.

Ye Chen would also memorize the path so that later he wouldn't get lost on the way in.

#### **Chapter 1040 - Enter The Goblin Headquarters**

Ye Chen surveyed all the locations he could see, Ye Chen started to memorize the location of this place, Ye Chen even remembered every guard and every trap that had been prepared in this place.

"What's that?" When Ye Chen was surveying this location, Ye Chen found a mine that was quite large, there were thousands of men who were currently forced to work in this mine.

Ye Chen began to see more clearly what these people were mining, Ye Chen discovered that these people were mining a yellow stone that emitted a fairly strong power.

"What's that?" this is the first time Ye Chen has seen a stone like this, Ye Chen has never seen such a stone in his life.

"It's a Solar Stone, the Solar Stone is a stone that has a very strong destructive energy." Seeing that Ye Chen didn't know what these people were mining, Chu Yuechan decided to tell Ye Chen what people were mining.

People are now forced to mine a Solar Stone, Solar Stone is a stone that is commonly used as explosives, it is usually installed in heavy armor or heavy destroyer weaponry.

Author's note: the heavyweight weapon in question is a weapon of destruction that can destroy a city or a country.

"So this is a solar stone" after being told by Chu Yuechan, Ye Chen remembered that he had read about the Solar Stone that Chu Yuechan was referring to.

"What do the Goblins use this Solar Stone for?" Ye Chen started to wonder why the Goblins were telling humans to mine Solar Stones.

"I also find it strange, the Solar Stone shouldn't be of much use to Goblins, after all I haven't seen a heavy weapon in this place before." Chu Yuechan felt that she had not seen a heavyweight weapon in this place.

"Yeah, you're absolutely right, I haven't seen any heavyweight weapons in this place since." Ye Chen also hasn't seen any heavyweight weapons in this place.

"Is there a missing part?" Chu Yuechan said to Ye Chen.

It was possible that Ye Chen had missed a part, so they didn't see the presence of a heavyweight weapon.

"Wait a minute, let me look for it again" maybe what Chu Yuechan said was true, Ye Chen might have missed something.

Ye Chen surveyed the Goblin headquarters more seriously, Ye Chen saw very detail, even every corner was explored by Ye Chen.

Surprisingly until now Ye Chen had not found a heavyweight weapon hidden around this place.

Ye Chen still didn't find a heavyweight weapon, what Ye Chen found next was quite surprising, Ye Chen this time found a place where women were being held, all of these women were currently half naked.

Even a fool knows what happened to these women, they must have been harassed by the Goblins.

"Ah. . ., my head hurts." Ye Chen felt that his head was very dizzy, most likely it was because he used the God Eyes technique for too long, this made Ye Chen's head hurt.

Having reached his limit, Ye Chen had no choice but to deactivate his God Eyes technique, Ye Chen didn't want to take a risk when using God Eyes for a long time.

"I didn't find anything related to heavyweight weapons." Ye Chen told Chu Yuechan that he didn't find a heavyweight weapon.

"Then what do you think the Goblins will do by telling humans to mine Solar Stones?" Chu Yuechan started to think about what the Goblin King wanted.

"Let's find out after defeating the Goblin King and saving the prisoners." Ye Chen told Chu Yuechan to find out about this matter after he defeated the Goblin King.

"Yes, you can do that first" Chu Yuechan nodded, instead of guessing about this matter, Ye Chen's better to find out directly from the source

Ye Chen told his Clone to go to the place where people are being held, Ye Chen told his Clone to save them and take everyone away from this place.

Meanwhile Ye Chen went straight to the deepest part, he started to head towards where the Goblin King was.

Since Ye Chen had memorized this place, Ye Chen would not be lost again, Ye Chen easily found the whereabouts of the Goblin King.

Ye Chen defeated all the traps and Goblins that stood in his way, with great ease, Ye Chen defeated and passed them all.

After passing through all the obstacles and obstacles, Ye Chen arrived at a very large and very large place, because it was too big, this place was like a very large military base.

When Ye Chen arrived at the King Goblin's place, Ye Chen was already waiting for the King Goblin who was currently sitting on a very large throne.

Seeing that Ye Chen had come to this place, the Goblin King immediately opened his eyes, the Goblin King saw Ye Chen standing in front of him.

"Human, you have finally arrived at this place, you are the first to infiltrate this king's place" said the Goblin King to Ye Chen.

This was the first time a human had been able to barge in this far, usually the humans who broke through would be instantly defeated by the troops outside.

"Oh, so you can talk." Ye Chen looked at the King Goblin in front of him, not expecting that the King Goblin would speak to him in such a manner.

"Despicable human, you underestimate this king too much, in the eyes of this king you are just a useless lowly being" said the Goblin King to Ye Chen.

The Goblin King was so arrogant that even Ye Chen couldn't get into his eyes.

"I see." Ye Chen wasn't angry when he listened to the words of the Goblin King, he didn't really listen to the words of the ugly monster.

"You are very calm, it seems this king will give you a gift that will make you very surprised" King Goblin said to Ye Chen.

The King Goblin started clapping his hands, when the King Goblin did this, suddenly from above dozens of Goblins that were quite large in size came down and stood in front of the King Goblin.

This was an elite Goblin army that possessed strength that could not be compared to ordinary Goblins.

Meanwhile above this place there were several large Goblins aiming large arrows at Ye Chen, Ye Chen was currently surrounded by thousands of archers of enormous size.

Ye Chen looked around himself, Ye Chen could see that there were a lot of Goblins currently surrounding him.

"You have prepared something like this for me, it seems that you are going too far" Ye Chen said to King Goblin.

King Goblin prepared a pretty great gift for Ye Chen, from the beginning King Goblin had prepared a trap like this for Ye Chen.

"Hahaha, human, do you have any last words before I kill you?" The Goblin King said if Ye Chen had any last words before he ordered his troops to kill Ye Chen.

"Of course I have it, listen carefully to my last words, I will defeat all of you" Ye Chen said to all the Goblins in this place.

Ye Chen's words were really very crazy, this is the same as Ye Chen's calling for war with all the Goblins in this place.
