

A True God 1101

Chapter 1101 - Ahhh, Husband, You Are Naughty

"Aaahh, husband, you are naughty" After knowing what she was holding, Li Jingyi immediately pulled her hand away from Ye Chen's thing.

Li Jingyi face turned slightly red when she realized what she had just grabbed.

Even though Li Jingyi had already played with this thing several times, it was quite embarrassing to touch Ye Chen's in such a manner.

"hahahaha" Ye Chen laughed when he saw Li Jingyi reaction, Li Jingyi reaction was very funny, Ye Chen liked Li Jingyi reaction.

In front of people Li Jingyi looked gentle and a woman with good manners, but when in bed Li Jingyi could become a woman who was far more aggressive than anyone could imagine.

"Husband, please don't tease me like that" Li Jingyi beat Ye Chen with her hands, Li Jingyi complained to Ye Chen who teased her.

Li Jingyi hit without using the strength she had, Li Jingyi punch looked like a normal woman and didn't hurt Ye Chen.

"Princess, did something happen?" As Li Jingyi hit Ye Chen, from outside this room came a female voice asking about Li Jingyi condition.

It was obvious that these were the palace maids owned by Li Jingyi, they seemed to have listened to the commotion that had just happened because Li Jingyi had kicked Ye Chen out.

"Nothing happened in this place, you don't need to worry" Li Jingyi said to Ye Chen, Li Jingyi told all the palace maids that nothing had happened in this room.

Li Jingyi looked very relaxed when the palace maid came to the door of this room.

"Are you sure princess, the voice just now?" the palace maid said to Li Jingyi, the palace maid was still worried about Li Jingyi, if anything happened to Li Jingyi, they could lose the life they had.

"Didn't you guys listen to what I said, I'm fine, you should leave right now" Li Jingyi said to the palace maid.

Li Jingyi told the palace maids to leave this place immediately, they were not welcome in this place.

"Okay princess, I understand" the maids immediately left, they all immediately left this place.

"Wife, you are very relaxed when dealing with palace maids, aren't you afraid that we will be found?" Ye Chen said to Li Jingyi who was in front of him.

"Husband, this is my private room, no one here dares to enter without my consent, not even the guards are allowed to enter this place" Li Jingyi said to Ye Chen.

This was a special room created by Li Jingyi, only a few people were allowed to enter this room of hers.

Servants or guards of the imperial palace were not allowed to enter this place or even set foot in this room without Li Jingyi permission, if that happened, they would be subject to a very severe punishment.

"Oh I see, then no one here will disturb us" Ye Chen said to Li Jingyi.

Ye Chen looked happy when he heard this from Li Jingyi, it meant that in this place no one would be able to disturb him and Li Jingyi.

"Wife, that means in this place no one can disturb us?" Ye Chen said to Li Jingyi.

Ye Chen drew closer towards Li Jingyi, Ye Chen reached out his hand and pulled Li Jingyi waist close to him.

Li Jingyi already felt something bad when Ye Chen hugged her, this man would definitely want to do that with her.

"Husband, stop teasing me like that" Li Jingyi told Ye Chen not to tease her anymore, Li Jingyi couldn't stand Ye Chen's temptation.

Ye Chen's temptation was something that was very difficult for a woman to resist, even Li Jingyi couldn't stand being teased by Ye Chen.

On the other side, Li Jingyi couldn't be angry with Ye Chen because of his behavior, it was very difficult for Li Jingyi to be angry with Ye Chen.

"Come on, I've come all the way to this place to see you, plus I had to go through a lot of pain to meet you" Ye Chen said to Li Jingyi.

Ye Chen had already bothered to sneak into the imperial palace just to meet Li Jingyi, this was because Ye Chen had missed Li Jingyi quite a bit, Ye Chen had really missed Li Jingyi who was a gentle and ideal woman.

In addition, Li Jingyi true appearance was very beautiful, normal men would not be able to bear it when they saw Li Jingyi true appearance.

Li Jingyi current original appearance was very tempting, after being moisturised by Ye Chen several times, Li Jingyi appearance became very beautiful and more and more seductive, if Li Jingyi wore her original appearance on the outside, surely all men would see the goddess-like Li Jingyi who descended from heaven.

"That's right, Husband, didn't I tell you not to be close to me for a while, how could you ignore what I said?" Li Jingyi immediately scolded Ye Chen, she scolded Ye Chen for ignoring the warning she gave.

"Oh about that, I'm sorry, I missed you so I ignored the warning you gave" Ye Chen told Li Jingyi the reason why he ignored Li Jingyi's warning.

"You are" Li Jingyi was rendered speechless when she listened to Ye Chen's excuse, Ye Chen's reason made Li Jingyi unable to be angry anymore.

"Wife, I miss you quite a bit" Ye Chen said to Li Jingyi who was currently in his arms.

Li Jingyi looked embarrassed when she heard this, Li Jingyi didn't know how strong Ye Chen's love for her was to make Ye Chen willing to do something like this.

Seeing Li Jingyi reaction, Ye Chen pulled Li Jingyi closer to himself, Ye Chen's and Li Jingyi eyes met, their lips getting closer, it could be seen that the two were intending to start a kiss.

"knock . . . , knock . . . , knock . . ." Just as Ye Chen and Li Jingyi were about to kiss, suddenly there was a knock on the door.

Upon hearing this, Ye Chen and Li Jingyi stopped, both simultaneously looking towards the entrance.

Ye Chen and Li Jingyi wanted to know who had dared to interfere with the beautiful moment the two of them were having.

" Who ?" Li Jingyi asked who was out there, Li Jingyi tone sounded dissatisfied when asking who was outside.

"princess , I am a palace maid", it turns out that the person outside is a palace prince.

"What are you bothering me about?" Li Jingyi asked what the palace maid was bothering her, even though she wanted to spend time with Ye Chen.

"I'm sorry princess, but the ninth prince is waiting outside, he wants to talk to you about something" the maid told Li Jingyi the reason she bothered Li Jingyi and Ye Chen who were alone and enjoying their time.

"What is he looking for me for?" Li Jingyi asked why the ninth prince went to look for her.

"I'm sorry, but I don't know about this matter," said the palace maid to Li Jingyi.

The palace maid didn't know what the ninth prince's need was for Li Jingyi, as a lowly servant in the royal palace she didn't dare to ask this.

"Then tell him that I will immediately go see him" Li Jingyi said to the palace maid.

Chapter 1102 - Threat From The Ninth Prince

"Okay, I'll tell you this soon" the palace maid said that she would immediately convey what Li Jingyi said at this time.

The palace maid immediately left this place, she immediately went to the ninth prince to tell him that Li Jingyi was willing to see him.

"Jingyi, who is the ninth prince?" Ye Chen immediately asked who the ninth prince was just referring to by the palace maid.

"He is one of my brothers who has quite a weak influence" Li Jingyi said to Ye Chen.

Li Jingyi told Ye Chen that the ninth prince was a person with quite a weak influence, he was not very popular among the Dukes, Ministers and big people in this empire.

"Then why does he want to find you?" Ye Chen asked Li Jingyi, Ye Chen wanted to know why the ninth prince wanted to find Li Jingyi.

"I don't know about the matter, I intend to find out by going to see him" Li Jingyi said to Ye Chen.

Li Jingyi didn't know what business the ninth prince came and asked to meet with her, Li Jingyi intended to find out on her own.

"Husband, I will go and see that person." Li Jingyi said that she was going to see the ninth prince.

"Okay" Ye Chen nodded, releasing Li Jingyi who was in his arms.

After being released by Ye Chen, Li Jingyi immediately tidied up her clothes which were shabby because of Ye Chen, after finishing tidying up her clothes, Li Jingyi went out of the room to meet the ninth prince.

"I want to hear what they are talking about" after Li Jingyi left, Ye Chen became curious as to what they might be doing, that's why Ye Chen intended to go after Li Jingyi.

Ye Chen sneaked out of this room again, secretly trying to follow behind Li Jingyi.

After leaving the room, Li Jingyi was immediately greeted by several palace maids, the palace maids were already waiting for Li Jingyi.

The palace maid intended to escort Li Jingyi to meet the ninth prince.

Li Jingyi didn't say anything as she continued walking towards the ninth prince's place, meanwhile the palace maids followed behind her.

Li Jingyi walked quite gracefully, Li Jingyi gait was very similar to that of a noble lady who had been very well trained in the palace.

Li Jingyi together with the palace maids walked towards the place where the ninth prince was.

It just so happened that at this time the ninth prince was waiting for Li Jingyi in a special room not far from where Li Jingyi lived.

The palace maids opened the door for Li Jingyi, they let Li Jingyi in.

Li Jingyi went straight into the room where the ninth prince was, when Li Jingyi walked in, the ninth prince gave Li Jingyi a smile.

"22nd little sister, please sit down." The ninth prince immediately ordered Li Jingyi to sit on the chair he had prepared.

"What are you looking for, do you need my help?" Li Jingyi sat in front of the ninth prince, she immediately asked what the ninth prince wanted from her.

"So you guessed that I came with a special purpose," said the ninth prince to Li Jingyi.

Li Jingyi nodded to the ninth prince, Li Jingyi had already predicted that the ninth prince would come with a purpose, otherwise how could he come looking for her.

"as expected of the 22nd little sister, you are really really great" said the 22nd prince to Li Jingyi.

"Don't flatter me too much, just tell me what you need from me" Li Jingyi didn't like the small talk that happened, she wanted to know what the ninth prince needed from her.

"Okay, I'll tell you my purpose in coming here, I want little sister to support me," said the ninth prince to Li Jingyi.

It turned out that the ninth prince's purpose in coming here was to recruit Li Jingyi into his stronghold.

"Why are you all always like this, even though I've told all of you many times that I'm not interested in the matter you're fighting over right now" Li Jingyi thanked the ninth prince that she wasn't interested in this matter.

Even though Li Jingyi had repeatedly rejected all the princes who were in dispute for the position of crown prince, these people still came and harassed Li Jingyi.

"Little sister, please think about this carefully, I came here to invite you, please don't disappoint me." The Ninth Prince told Li Jingyi to think about it, he wanted Li Jingyi to think twice about his offer.

"I'm already in the final decision, I will never join any side either" Li Jingyi replied very firmly, Li Jingyi said that she would stick to her stance not to interfere in this matter.

"Well if you keep insisting like that, don't blame it if something happens to you later," said the ninth prince to Li Jingyi.

The ninth prince seemed to have started to lose his temper which was why he threatened Li Jingyi.

Li Jingyi really didn't like this, why did everyone always threaten her like this, did they really have nothing else but to do this to her?.

If Li Jingyi wasn't related to these people, Li Jingyi would have killed these people who kept doing this to her.

"If you don't need anything more from me, then you can leave now, the exit is there" Li Jingyi pointed towards the exit, Li Jingyi telling the prince to leave this room immediately.

Li Jingyi seemed quite patient in dealing with the ninth prince, it could be seen that Li Jingyi was still able to tolerate this matter.

"Well, if you really kick me out, I'll go" Seeing Li Jingyi kicking himself out, the ninth prince was forced to leave this place.

"Li Jingyi, I will give you time until the sun goes down, after the sun goes down, then don't blame me" the first prince said to Li Jingyi.

Before leaving this place, the ninth prince did not forget to give Li Jingyi a warning, the ninth prince gave Li Jingyi time until sunset, after the sun went down, there would be no more chance for Li Jingyi.

Li Jingyi was more and more dissatisfied with this, he was eager to teach a lesson to the Ninth Prince who had threatened him.

It was a pity that Li Jingyi was currently in the position of the princess, she had to remain calm and maintain her image in front of everyone in this place.

"All of you get out" Li Jingyi told everyone to leave this place

"Okay" the palace maid nodded to Li Jingyi, they seemed to have resigned from this place.

Now in this room there is only Li Jingyi, Li Jingyi is thinking about what the ninth prince just did, it seems the ninth prince is planning something very big.

Li Jingyi was quite curious about this, she felt that she should find out about this matter.

"Wife, is it the ninth prince you said" Ye Chen suddenly appeared behind Li Jingyi.

Ye Chen had been in this place for a long time, he had observed Li Jingyi and the ninth prince's trust.

"Yes" Li Jingyi nodded to Ye Chen, her telling that he was the ninth prince she said earlier.

"He has dared to threaten my beloved wife, it seems I have to teach him a lesson" Ye Chen said that he wanted to teach a lesson to the ninth prince who had dared to threaten Li Jingyi.

Chapter 1103 - Conspiracy Of The Ninth Prince

"Husband please don't do such things" Li Jingyi immediately went to stop Ye Chen, she didn't want Ye Chen to get in trouble because of this.

"But that person just now" Ye Chen said to Li Jingyi who was in front of him.

Honestly, Ye Chen didn't like anyone who dared to threaten his loved ones, that's why Ye Chen was angry with the ninth prince who had dared to threaten Li Jingyi like this.

"Husband, please calm down, I'm fine so you don't have to do that." Li Jingyi was currently calming Ye Chen down.

Li Jingyi used a few words to win over Ye Chen, she hoped that Ye Chen could calm down and not be provoked by what the Ninth Prince said.

With a few words from Li Jingyi, Ye Chen was finally able to calm down, Ye Chen finally calmed down and was no longer angry like before.

"Are you calm now?" Li Jingyi asked Ye Chen, Li Jingyi wanted to know if Ye Chen had calmed down or not.

"Yes, I'm about" Ye Chen replied, Ye Chen had calmed his heart, he easily controlled the anger he had.

"Wife, you look normal when you face words like that, have you been treated like this often?" Ye Chen asked Li Jingyi.

Seeing Li Jingyi seemingly normal reaction, Ye Chen wanted to know if Li Jingyi was often treated like this by people just now.

"To be honest, I'm used to this, many people are after me to help them, unfortunately when I reject them, they will get angry and act like that" Li Jingyi said to Ye Chen.

"Even though you already said that you don't like it, why do these people keep insisting on inviting you" even though Li Jingyi had already rejected these people, unfortunately they persisted and tried to persuade Li Jingyi.

"I'm not them, so I don't know what they want, all I know is that they only want the healing power that I have" Li Jingyi said to Ye Chen.

These people only wanted Li Jingyi healing power, so they did this to get Li Jingyi.

Hearing this, Ye Chen felt sorry for Li Jingyi, Li Jingyi life didn't look good in this place, maybe Ye Chen should get Li Jingyi out of this place.

The problem was how Ye Chen did such a thing, it was quite a difficult thing for Ye Chen to do.

If Ye Chen took Li Jingyi by force, he would definitely be hunted down by Immortal Sky Empire, if that happened, then Ye Chen's life would not be peaceful anymore and Ye Chen would most likely not be able to train in the Nine Immortals Peak Sect.

"husband, You doesn't need to think about what happened to me, you don't need to worry, they won't be able to do anything bad to me, if they dare to do something bad, then they will definitely get punished" Li Jingyi said to Ye Chen.

In this imperial palace no one dared to do anything bad to Li Jingyi, if anyone did anything bad to Li Jingyi, then it was certain that they would be punished by the King Realm.

Li Jingyi was technically the daughter with the most special abilities and the King Realm cared about the most, so anyone who dared mess with Li Jingyi would be punished.

"Okay, if you say so, but if anyone dares to bully my wife, just tell me, I'll teach them a lesson right away." Ye Chen told Li Jingyi to tell himself if someone bullied her.

"Okay, I will definitely do it" Li Jingyi smiled at Ye Chen, she was very happy when she saw Ye Chen taking care of her so much.

To be honest Li Jingyi could protect herself from anyone who intended to do something bad to her, so Ye Chen shouldn't have to worry too much about Li Jingyi' safety.

"Okay wife how about we continue what we were doing before" Ye Chen invited Li Jingyi to continue what was previously delayed, Ye Chen wanted to spend more time together with Li Jingyi.

"husband, it's still early what are you thinking" Li Jingyi said to Ye Chen, it's still very early what Ye Chen thinks in the morning like this.

"What if it's still early, wife, do you know that in the morning the man's spirit is at its peak," Ye Chen said to Li Jingyi.

Ye Chen told Li Jingyi that he was currently in the most excited state, so it wouldn't be strange for Ye Chen to ask Li Jingyi that.

"But it's in the palace, it's very dangerous here" Li Jingyi said to Ye Chen.

Li Jingyi tried to find an excuse to reject Ye Chen, she was afraid that what she was doing was found out by others.

After all, this is still in the vicinity of the palace, if it was found it would be very dangerous.

"So you are willing if we change the location to a safe place?" Ye Chen said to Li Jingyi.

"Oh that. . ." Li Jingyi was rendered speechless by what Ye Chen had just said.

If Li Jingyi continued to reject Ye Chen, then it wouldn't be good for Li Jingyi either.

"Alright, I will agree" Li Jingyi finally agreed, if Ye Chen could indeed change the location accordingly then Li Jingyi would agree.

"Then come with me" Ye Chen immediately pulled Li Jingyi, she wanted to take Li Jingyi to the fairy gate.

Until now Ye Chen had not introduced the fairy gate to Li Jingyi, maybe it was time for Li Jingyi to know this.

Without saying much more, Ye Chen immediately led Li Jingyi inside the fairy gate, the two of them entered the fairy gate.

.

.

After being chased away by Li Jingyi, the ninth prince immediately returned to his place feeling very upset.

"Damn, that bitch must have underestimated me" in his heart the Ninth Prince thought that Li Jingyi was underestimating him for not having much influence in this imperial palace.

"Hahaha, what is the ninth prince that upsets you like that?" Suddenly a man in a robe came over to the ninth prince.

This man is very mysterious at all, no one knows where this man came from.

"Zero, what are you doing in this place?" The ninth prince asked the mysterious man in front of him.

This man's name is Zero he is a messenger from a danger organization.

This male organization is still mysterious, each messenger will be codenamed Zero so all messengers are called Zero.

"I just wanted to remind you of the plans for tonight, I hope you don't forget about it" Zero said to the ninth prince.

Zero's reason for coming here was to remind the ninth prince of the plan they were planning later.

"You don't have to worry I still remember that" the ninth prince said that he still remembered what happened.

"It's good if you remember about it, don't make a mistake in this plan" Zero wanted the ninth prince not to make a mistake in this matter.

"I assure you that I didn't make a mistake in this matter, but I need to confirm something from you, if I succeed in doing what you say, then the position of emperor will be mine right?" the ninth prince asked Zero.

"Of course, there's no way we'd lie to you" Zero immediately answered the ninth prince with great confidence.

Chapter 1104 - Do You Need Me To Help You Get A New Wife

"Very good." The ninth prince was overjoyed when he heard this, he couldn't wait to become the new emperor who commanded the immortal Sky Empire.

Zero couldn't help but smile when he heard this, this ninth prince was too innocent and stupid, he was too easy to manipulate, it wasn't strange that he wasn't very popular among the dukes, Ministers and palace officials there.

"Okay, I will leave this place, if I stay in this place too long I will be found it" Zero said that he had to leave this place, if Zero was too long in this place, then it is certain that he would be found.

The ninth prince interfered, he invited Zero to leave this place.

Zero quickly disappeared, now in this place only the ninth prince remained.

The ninth prince smiled to himself, looking forward to becoming the new ruler of the Immortal Sky Empire.

"Just watch all of you, I will become a great new ruler" the ninth prince declared his victory, finally after so long the ninth prince could prove himself to everyone.

Soon all those who had underestimated him would know that he was not a weak and useless person.

The ninth prince was always belittled in this imperial palace, he was always labelled as a failed prince who had nothing, that's why the ninth prince could never get the sympathy and respect of the people in the imperial court.

So the ninth prince wants to prove that he is worthy to find a new leader who will lead the Immortal Sky Empire, for that the ninth prince is willing to do anything.

Even if he had to ask for help from a forbidden and dangerous organization to achieve his goals.

"Time to move" the ninth prince immediately moved, he must immediately carry out his duties.

.
.

Meanwhile inside the fairy gate, Li Jingyi and Ye Chen had just finished a few rounds of battle, Li Jingyi was again defeated by Ye Chen, Ye Chen fighting strength still couldn't be matched by Li Jingyi.

Li Jingyi was currently very tired, she was completely exhausted from the pleasure she had just gotten from Ye Chen.

Li Jingyi was even currently sleeping on Ye Chen's chest, she looked so exhausted, if she continued like this then Li Jingyi would definitely not be strong.

"Husband . . ., where is the other sister you told me about?" Li Jingyi asked Ye Chen about another sister.

"I don't know, they are rarely seen in this place" Ye Chen said to Li Jingyi.

Ye Chen told Li Jingyi that Zhao Yanyan and the others were rarely seen inside the fairy gate, Ye Chen himself didn't know what was going on either, why was Zhao Yanyan and the others never seen when Ye Chen entered the fairy gate.

Ye Chen himself once asked Chu Yuechan about this matter, Chu Yuechan herself said that they were all undergoing training somewhere together with Nangong Xiang, so they would temporarily not have time to enter the fairy gate.

Ye Chen already knew that Nangong Xiang had already started cultivating like normal, so she probably took Zhao Yanyan and the others to train in a much better place than the fairy gate.

Honestly, the Fairy Gate is now low compared to cultivating in the God Realm, Ye Chen must quickly increase the level of the Fairy Gate to be comparable to the God Realm.

If that were to happen, then Ye Chen could cultivate very efficiently.

"Too bad, even though I wish there was a woman who could help me fight you, your strength is so terrible, I myself feel unable to fight you" Li Jingyi said to Ye Chen.

Li Jingyi told Ye Chen the truth, Li Jingyi had a hard time fighting Ye Chen alone, she was not a match for Ye Chen.

"Forgive me. . ." Ye Chen apologized to Li Jingyi, he couldn't stand seeing Li Jingyi complain like this.

"no. . . , no. . . , it's not your fault, so you don't need to apologize like that" Li Jingyi immediately said to Ye Chen not to apologize, actually Li Jingyi also likes to do this with Ye Chen.

It was just that Li Jingyi was unable to keep up with Ye Chen, so Li Jingyi needed a woman who could help her against Ye Chen.

"Thank you very much for your understanding" Ye Chen was overjoyed when he saw that Li Jingyi could understand him.

Li Jingyi is a very understanding woman, Ye Chen likes Li Jingyi, she is the perfect woman for Ye Chen, Ye Chen is happy to have a woman like this.

Li Jingyi was happy with Ye Chen, she was happy with Ye Chen who was willing to apologize and relent like this, Ye Chen was the most honest and understanding man she had ever met.

"Wife?" Ye Chen called Li Jingyi.

"what?" Li Jingyi answered Ye Chen's call.

"How about one more round" Ye Chen said to Li Jingyi.

"Geez, I do not want ." Li Jingyi immediately refused, she didn't want to do that again, Li Jingyi was already very tired, so she immediately rejected Ye Chen's invitation.

Ye Chen couldn't help but smile when he saw this, Li Jingyi reaction was very cute when Ye Chen teased her, Ye Chen felt like continuing to tease his little wife.

Ye Chen pulled Li Jingyi into his arms, Li Jingyi didn't put up any resistance when Ye Chen did this, Li Jingyi strength was low, so Li Jingyi couldn't put up any resistance to Ye Chen.

Ye Chen just hugged Li Jingyi, he didn't do anything bad to Li Jingyi, Ye Chen realized that Li Jingyi was tired, so Ye Chen didn't do anything to Li Jingyi.

"Husband, we have been away for a long time, what if people are looking for me?" Li Jingyi asked Ye Chen, Li Jingyi herself had been gone for a long time, she was afraid that someone would look for her.

"You don't have to worry, time in the fairy gate is slower than the outside world, 5 days in this place equals 1 day in the outside world" Ye Chen said to Li Jingyi.

"Great, I want to know what this artifact looks like, husband please explain to me" Li Jingyi became interested in fairy gate, Li Jingyi wanted to know a little about Ye Chen's fairy gate.

Seeing Li Jingyi curious about this matter, Ye Chen immediately told Li Jingyi about the fairy gate.

Li Jingyi listened carefully, after listening for a while, Li Jingyi finally knew what a fairy gate was.

"So this is the place to train your wife?, husband I'm didn't expect it, it's only natural that you have so many women" Li Jingyi finally found out about the Fairy Gate, it turned out to be a place used to train Ye Chen's harem.

Ye Chen nodded to Li Jingyi, indeed that was the main function of the fairy gate.

"So who's your next target, do you need me to help you get a new wife?" Li Jingyi asked Ye Chen.

After learning about this amazing fairy gate, Li Jingyi decided to take the initiative to help Ye Chen get the women out there.

"Jingyi, you are more and more like my other wives, they are also like you, they always encourage me to look for new women" Ye Chen said to Li Jingyi.

Li Jingyi was more and more similar to Zhao Yanyan and the others, they also often pushed Ye Chen and helped Ye Chen get a new woman.

Chapter 1105 - [Bonus]Code Breaker Organization

"It's not strange that they did that, it's because you are like this" After hanging out with Ye Chen for a while, Ye Chen finally understood why Ye Chen's wife pushed Ye Chen to do something like this.

Ye Chen's strength was extremely strong, so Li Jingyi could understand very well what all of Ye Chen's wives wanted.

"What's the matter with me?" Ye Chen asked Li Jingyi, Ye Chen wanted to know what Li Jingyi meant.

"I don't want to talk about it, let's sleep for a while, after that I want you to take me around this place, I see that this place is beautiful" Li Jingyi did not want to discuss this further, if she discussed this further, then Ye Chen would definitely take this opportunity to seduce her.

"Alright, I'll do whatever you want." Ye Chen nodded, he didn't mind doing anything for Li Jingyi pleasure and satisfaction.

Li Jingyi hugged Ye Chen tighter, she slept together with Ye Chen, sleeping while hugging Ye Chen was a very pleasant thing Ye Chen loved feeling like this.

.

.

In a very remote and very hidden place, There is a very large base with tens of thousands of people in it. within this base there were several heavyweight weapons that could be used to destroy a country or a small realm.

It was clear that these were all weapons used to carry out a large-scale battle.

Everyone in this place is very busy preparing everything, these people intend to use this weapon to do battle.

The person who had previously spoken to the ninth prince was in this place, this person was kneeling to a middle-aged man who had a muscular appearance and one injured eye.

Beside the middle-aged man there were still a few more people with no less sinister appearances, they were all like a group of extremely terrifying criminals.

"How did it go?" the middle-aged man asked how it went, whether the ninth prince was willing to join their plan.

"Boss, everything went something with the plan you set up, the ninth prince has fallen into our trap, he actually betrayed the empire and sided with us" Zero reported what happened to the middle aged man.

"That's great, so tonight we will attack the Immortal Sky Empire according to our original schedule." The middle-aged man told everyone that they were going to attack the Immortal Sky Empire something on schedule.

"Boss, but the problem is that we lack Solar Stones for ammunition materials" Zero said to the middle-aged man.

Zero informed that they were currently short on ammunition, so their combat power was still not enough of the target.

"Is the person who took all the Solar Stones still not found?" The middle-aged man wanted to know if the man who had taken the Solar Stone had still not been found.

"An investigation is being carried out, so we should find out sooner or later" Zero said.

An investigation had already started, so it wouldn't be long until the results came out, Ye Chen would soon be targeted by people.

"Just watch out if we manage to find this person, we will definitely go after him and kill him." The middle-aged man was quite furious with the person who had taken the Solar Stone.

"Number One, let's forget about that matter later, we focus on our main goal of attacking the Immortal Sky Empire, we'll think about that later, as long as we can seize the Immortal Sky Empire we'll be able to gain a strong foothold" said the old man who was on the other side.

The old man just called the middle-aged man Number One, it seems they don't use their real names, they use numbers to name themselves.

This number symbolizes the power they have, the smaller the number, the stronger their position.

For example this old man, he was Number two, this old man was the one who had the second strongest strength after a middle-aged man.

While Zero is a number used for messengers, the owner of this name will often change because this name is not universal in the organization, everyone can use the Zero Name as long as they carry out the task of delivering messages or transactions.

"Number Two, we will continue to carry out the plan according to our original schedule, this time we must be able to seize the Immortal Sky Empire with the help of the stupid ninth prince, this is for the sake of the future of the Code Breaker organization".

The name of this organization is the Code Breaker organization, they can be said to be a terrorist organization that wants to dominate the Sky Cloud Peak Star Realm along with all the resources in it.

Their first step was to destroy the Immortal Sky Realm and take power, after which they would declare their victory and manage the entire Sky Cloud Peak Star Realm.

"Zero, you give this greeting to all our members wherever they are, when the sun sets later, we will set out to attack the Immortal Sky Empire, everyone must prepare themselves for battle" Number One gave orders to Zero to give this greeting to all members of the Code Breaker organization.

They all had to prepare themselves for an all-out battle to destroy the Immortal Sky Empire.

"Yes boss, I will immediately tell this to all our members" with a swift attitude Zero immediately went and gave this order.

The situation is getting more and more unpredictable, there is a forbidden organization that will attack the Immortal Sky Empire, what is the Immortal Sky Empire going to do to deal with this big problem.

.

.

Back to Ye Chen and Li Jingyi, at this time Ye Chen took Li Jingyi around around the fairy gate, Ye Chen showed Li Jingyi all the places inside the fairy gate.

Li Jingyi looks very happy about this, Li Jingyi really likes this place, Fairy Gate is the most beautiful place Li Jingyi has ever visited.

"Husband, this place is so beautiful, I want to live in this place." Li Jingyi told Ye Chen that she wanted to live in this place.

"If you want to stay, then just stay, you can stay as much as you like in this place." Ye Chen told Li Jingyi that she could stay in this place as she pleased.

No one would stop Li Jingyi from staying in this place, Li Jingyi had become Ye Chen's woman, so Li Jingyi had the right to stay inside the fairy gate as long as she wanted.

"Unfortunately I have so many problems in the palace, so maybe I won't be able to do that for a while" Li Jingyi wanted to live in this place, unfortunately Li Jingyi was still a princess who had no freedom.

"I understand what you mean" Ye Chen of course understood what Li Jingyi meant, Ye Chen could understand Li Jingyi current situation, Li Jingyi probably wouldn't be able to do that for now.

"Husband, let's go out, if it takes too long maybe the palace maids will look for me" Ye Chen immediately took Li Jingyi away from the fairy gate, the two had been gone for a long time, so the palace maids would definitely look for Li Jingyi soon.

"Let's go out" Ye Chen nodded, he immediately asked Li Jingyi to leave this place.

Ye Chen and Li Jingyi reappeared at the location where they entered, after exiting the Fairy Gate, Ye Chen immediately brought Li Jingyi back into the palace where she lived.

Ye Chen passed all the guards with great ease, Ye Chen deftly carried and carried Li Jingyi.

Li Jingyi had gotten a little used to Ye Chen's strength, so Li Jingyi was no longer surprised by this.

Chapter 1106 - A Huge Explosion Destroys The Empire

"Husband thank you for today" Li Jingyi thanked Ye Chen for accompanying her for today, once again Ye Chen made Li Jingyi day very pleasant.

"You're welcome" Ye Chen said to Li Jingyi, Ye Chen had no problem accompanying Li Jingyi like this, if it was possible every day Ye Chen wanted to do this together with Li Jingyi.

"Okay, then I will go first" Ye Chen said goodbye to Li Jingyi, Ye Chen had to leave this place.

If Ye Chen stayed in this place for too long, it was very likely that Ye Chen would be found by the guards guarding Li Jingyi courtyard.

"Um. . ." Li Jingyi nodded, she allowed Ye Chen to leave this place.

After getting Li Jingyi answer of approval, Ye Chen immediately left this place.

Li Jingyi sighed when Ye Chen left, once again she had to be far away from Ye Chen.

"Young lady, you're finally back, I've been looking everywhere for you for a long time" a woman came up to Li Jingyi.

"Rin, what are you looking for?" Li Jingyi immediately asked the loyal servant she had, Li Jingyi wanted to know what Rin needed to find her.

"I have very, very important news for you, Miss to know this news." Rin said that he had important news that Li Jingyi should know.

"Tell me, what kind of important news is that?" Li Jingyi asked about what kind of important news Rin had, Li Jingyi wanted to know everything very clearly.

Rin began to explain about the news that she got, this news about an attack that would soon occur in this palace.

It turns out that Rin's connections are very broad, she can even know very secret things like this.

"So they have decided to move, good, this way we can immediately carry out our plan" Li Jingyi looked happy when she heard this, finally Li Jingyi was able to carry out the plan she had been waiting for.

It turned out that all this time Li Jingyi had been monitoring the Code Breaker organization, she told Rin to oversee the movement of this very dangerous organization.

"Miss, are you sure you want to do this?" Rin asked Li Jingyi if Li Jingyi really wanted to do this or not.

"Of course, it's been a long time since I wanted to get out of this annoying cage, now the time has come, it's time to leave this cage" Li Jingyi said to Rin.

Li Jingyi had made up her mind, she would not pass up the opportunity that came once.

"Come with me" Li Jingyi asked Rin to go, they had to prepare everything.

"Okay" Rin nodded, she immediately left with Li Jingyi, no one knew what Li Jingyi and her loyal servants would do.

.

.

After leaving Li Jingyi place, Ye Chen returned to his own room, cultivating in his own room again.

There was currently nothing Ye Chen could do, so Ye Chen could only spend his time cultivating in his room.

Mei Yueli was also currently shutting herself in her room, so Ye Chen couldn't disturb her for the time being.

Ye Chen started cultivating in his own room, time flew by when Ye Chen did this.

Very quickly as night fell, the imperial palace became very quiet as usual.

Nothing out of the ordinary happened, everything seemed normal, the residents and guards within the empire spent the night peacefully.

Around several thousands of Miles from the Immortal Sky Empire, there were several large profound arks that had been armed with several heavyweight weapons on them, these arks shot at full speed towards the direction of the Immortal Sky Empire.

Within this profound ark were tens of thousands of people wearing top grade artifacts with sizable cultivations.

This is a Code Breaker organization that is preparing to attack the Immortal Sky Empire, all of them are ready to have a great battle with the Immortal Sky Empire.

"Everyone has finally arrived the time we have been waiting for after so long, we will destroy the Immortal Sky Empire and seize power, tonight we will definitely win this battle" Number One started to give a speech to everyone in the ark.

The purpose of Number One is to raise the morality of everyone in the army.

In the battle of morality is very important, the higher the morality, the greater the chance to win.

"Yes. . ." Everyone cheered, they all looked very excited to win this battle.

"Alright, let's go." Number One ordered everyone to come forward, their goal was very close, it was time for battle.

All the members of the Code Breaker organization were excited they all really had passion burning in their hearts.

In just a few minutes, the troops from The Code Breaker organization had arrived right near the imperial wall.

When the troops from the Code Breaker organization arrived, the layered barrier protecting the empire suddenly disappeared, it seemed that the ninth prince had already done his job of disabling this barrier.

"load ammunition and shoot" Number One ordered to load up and shoot the imperial palace in the sky.

"Okay" one of the soldiers swiftly answered the order from their leader, he immediately ordered the people in charge to start shooting at the imperial palace.

People began to put Solar Stones into heavyweight weapons, An enormous power began to appear after they put Solar Stones in.

The moment this happened, the guard soldiers came to their senses, they all immediately activated the alarm.

An alarm drum immediately sounded, the drum emitted a sound so loud that it could be heard by everyone in the entire Immortal Sky Empire.

Ye Chen even who was cultivating heard this voice, Ye Chen opened his eyes when he heard this loud sound.

"What's going on outside?" Ye Chen started to wonder what was going on out there, why was it so noisy out there.

"Master, in the distance there is an enormous power that is aiming this way." Chu Yuechan warned Ye Chen that there was an enormous power outside.

" what's that ?" Ye Chen asked what Chu Yuechan was referring to at this time, what great power Chu Yuechan was referring to at this time.

"I mean heavyweight weapon" Chu Yuechan said, Chu Yuechan made it clear what she meant.

" what . . ." Ye Chen became a little panicked when he heard this, Ye Chen immediately got up from his bed.

Ye Chen immediately got out of bed, Ye Chen looked for Mei Yueli who was in her room.

Ye Chen didn't think much longer, Ye Chen immediately broke into Mei Yueli's room.

"Kyahhhh" Mei Yueli who was on the bed was shocked to see this, someone had forcibly entered her room.

Ye Chen went over to Mei Yueli, without saying much, Ye Chen immediately took Mei Yueli who was on the bed.

"Ye Chen, what are you. . ., Boom" before Mei Yueli could finish her words, a very, very big explosion occurred, this explosion instantly blew Ye Chen and Mei Yueli away.

Tens of thousands of buildings as well as the imperial palace were swept away by this explosion, this was an enormous.

not only has a large radius, this explosion is also very powerful, a lot of people are instantly turned into ashes by this explosion

Chapter 1107 - Can't Find Li Jingyi Whereabout

The barrier that was used to protect the Immortal Sky Empire had been shattered, this caused an enormous amount of damage, the majestic buildings of the imperial palace were destroyed because of this, the power of this heavyweight weapon was extremely powerful.

Ruins were scattered everywhere, no one knew whether there were still survivors or not in this incident.

" Cracks . . ." The ruins started to be pushed away, the person who was pushing the ruins was Ye Chen.

Ye Chen was currently trying to get out of the rubble that had fallen on him, a large amount of building debris had fallen on Ye Chen and Mei Yueli's bodies.

With Ye Chen's efforts, Ye Chen was finally able to get out of the ruins, himself carrying Mei Yueli who was in his arms out of the ruins.

It was fortunate that Ye Chen had used the Heavenly Armor in time to protect himself as well as Mei Yueli, otherwise the two of them would have been thrown even further due to the massive explosion that had just occurred.

Ye Chen looked at Mei Yueli who was in his arms, he wanted to know if Mei Yueli was okay or not.

Mei Yueli currently closed her eyes, she was still scared by the explosion that just happened to her.

"Are you alright?" Ye Chen asked the condition of Mei Yueli, he wanted to know the condition of Mei Yueli who was in his arms.

Mei Yueli opened her eyes, she looked at Ye Chen who was in front of her.

"Are we still alive?" Mei Yueli's first question was quite strange, Mei Yueli asked if they were still alive or not.

"Of course we are still alive, otherwise how can I hug you" Ye Chen immediately answered the ridiculous question asked by Mei Yueli.

Mei Yueli immediately looked down, when Mei Yueli looked down, Mei Yueli found that Ye Chen was currently hugging her.

Mei Yueli face immediately turned red when she found out that at this moment, Ye Chen was hugging her intimately, plus Ye Chen's hands were currently touching some of Mei Yueli sensitive parts.

"Ah, please let me go. . ." Mei Yueli immediately pushed Ye Chen away.

"Hey calm down" Ye Chen said to Mei Yueli to calm down, in the current situation Mei Yueli shouldn't do such silly things.

Still Mei Yueli didn't listen to what Ye Chen said, she still tried to push Ye Chen away.

Mei Yueli used various means to drive Ye Chen away.

Ye Chen was helpless when he saw what Mei Yueli was doing, seeing Mei Yueli continue like this, Ye Chen was forced to let Mei Yueli go.

After being released by Ye Chen, Mei Yueli finally calmed down and didn't put up a fight.

"You pervert" Mei Yueli said that Ye Chen is a pervert, this man is always looking for opportunities in adversity."

"-_-"" Ye Chen didn't know where he was wrong, even though Ye Chen was kind enough to save Mei Yueli.

if Ye Chen didn't save Mei Yueli, surely Mei Yueli would be dead by huge explosion .

"If only I knew you called me that, I wouldn't have bothered to save you" Ye Chen said to Mei Yueli.

Mei Yueli was silent when she heard what Ye Chen said, she felt a little guilty for kicking Ye Chen out.

Ye Chen took his eyes off Mei Yueli, Ye Chen looked around this place to find out what was going on around this place.

As soon as Ye Chen looked to the side, Ye Chen found a very large crater, it was estimated that the diameter of this crater was hundreds of Miles away.

"It seems I was blown away quite a distance" Ye Chen had just bounced quite a distance away, he was blown away hundreds of miles away by the explosion just now.

Ye Chen searched the imperial palace, the imperial palace was still hovering in the sky, even so the palace was badly damaged or it could be said to be destroyed.

The walls of the imperial palace were made with the finest stone, so it wasn't strange that the imperial palace didn't disappear immediately when it received the attack just now.

"Jingyi. . ." Ye Chen just remembered that Li Jingyi was currently inside the imperial palace, Ye Chen immediately panicked about Li Jingyi safety.

Ye Chen hurriedly headed straight for the imperial palace, wanting to know if Li Jingyi was okay or not.

"Ye Chen, where are you going?" Mei Yueli immediately stopped Ye Chen from leaving herself alone.

"Boom. . ." explosion after explosion occurred, all the myriad explosions occurring in the Immortal Sky Empire's territory.

Mei Yueli immediately looked to the side, she could see that the empire was currently under attack by an unknown person.

"I have to send greetings to the Sect immediately." Seeing the chaos that had occurred, Mei Yueli took the initiative to send a message to the Nine Immortals Peak Sect.

It just so happened that the Nine Immortals Peak Sect had a very good relationship with the Immortal Sky Empire, so when the Immortal Sky Empire was in trouble, the Nine Immortals Peak Sect would definitely help.

Immortal Sky Empire is the ruler of Sky Cloud Peak Star Realm, when Immortal Sky Empire encounters a problem, there will definitely be many small Sects and empires that will help.

Mei Yueli sent a mistake, she immediately sent this greeting to Ning Xia to pass on to the Patriarch Sect.

After sending this short message, Mei Yueli immediately chased after Ye Chen, Mei Yueli was worried about Ye Chen's condition.

Mei Yueli knew why Ye Chen looked panicked when he saw the Immortal Sky Empire's imperial palace being destroyed.

This must be because Li Jingyi, Li Jingyi is inside the palace, with such a big explosion Li Jingyi safety must be hard to guarantee.

So the current Ye Chen must be very worried about Li Jingyi safety.

If Li Jingyi didn't survive, Mei Yueli wouldn't know what would happen, Ye Chen would definitely be sad if this happened.

That's why Mei Yueli immediately went after Ye Chen, she didn't care about the attacking enemy, Mei Yueli was much more worried about Ye Chen's situation.

Mei Yueli had never worried about Ye Chen to this extent, it must be because in her heart there was already a hint of Ye Chen's figure that had been engraved in her heart.

Ye Chen flew at full speed towards Li Jingyi place, Ye Chen had ignored the chaos he was currently seeing, Li Jingyi safety was Ye Chen's main focus, Ye Chen had ignored the chaos that was around him.

With a very fast speed, Ye Chen finally made it to where Li Jingyi was staying, Li Jingyi palace was currently razed to rubble, there was no sign of life that Ye Chen could see.

The imperial palace was the closest place to the center of the explosion, so the impact of the attack just now must have been enormous.

Guards with weak cultivations would definitely die instantly after receiving such a powerful attack, moreover the guards in this palace had been deactivated, so they were all directly hit by the massive explosions fired by the Code Breaker organization.

Ye Chen started looking for Li Jingyi around the ruins, Ye Chen lifted all the ruins in this place using his strength.

Ye Chen used the power of the wind to lift up all the huge ruins that were scattered about, All the ruins were lifted by Ye Chen's profound wind.

After all the ruins were lifted Ye Chen still couldn't find Li Jingyi whereabouts.

" perhaps . . ." When Ye Chen didn't find Li Jingyi whereabouts, Ye Chen immediately panicked, he felt his heart feel very uncomfortable.

Chapter 1108 - [Bonus] Li Gun & Li Kun

Ye Chen was very afraid that Li Jingyi really didn't survive the attack just now.

"Ye Chen, I finally caught up to you." Mei Yueli looked very exhausted after chasing after Ye Chen.

Ye Chen was silent, he didn't say or answer Mei Yueli who said to him.

Mei Yueli immediately noticed this oddity, she saw that Ye Chen seemed to be silent and didn't want to say anything.

"Ye Chen?" Mei Yueli asked Ye Chen, she wanted to know what happened to Ye Chen.

When Mei Yueli approached Ye Chen, Mei Yueli saw that Ye Chen was currently lost in thought, he seemed to be thinking about something very deep.

"Ye Chen wake up" Mei Yueli immediately tried to resuscitate Ye Chen, Mei Yueli was afraid that Ye Chen would experience a severe shock because of this matter.

Mei Yueli shook Ye Chen's body very strongly, after being shaken several times by Mei Yueli, Ye Chen finally came to his senses.

"Why are you shaking me like that?" Ye Chen immediately asked why Mei Yueli shook herself like that.

"That's because you look in shock, you think too much about this, the princess is probably hiding in a safe place, so you don't have to be afraid of anything happening to her" Mei Yueli tried to comfort Ye Chen, she tried to convince Ye Chen that Li Jingyi is fine.

"Perhaps you are absolutely right, Jingyi must have gone to a safe place" Ye Chen could only nod, even though Ye Chen said this, Ye Chen still had an uneasy feeling in his heart.

He still thought that if something bad happened to Li Jingyi, Ye Chen had a hard time getting rid of this thought.

"Roar. . ., roar. . ., roar. . .," from the distance came the sound of the engine rumbling loudly, there were three profound arks that were heading here.

"Ye Chen, they must be the enemy that launched the attack just now." Mei Yueli immediately pointed at the profound ark that was heading this way.

Ye Chen instantly turned his sight towards the three profound arks that were currently aiming at this place.

On the profound ark, Ye Chen could see a heavyweight weapon that was quite large in size, it could be seen that this was the weapon used to fire the powerful attack just now.

"So those who have dared to launch an attack just now" Ye Chen looked at the profound ark with a very deep look of hostility, Ye Chen wanted to vent all the annoyance he had on these people.

"Master, you have to be more careful there is one person with extremely high cultivation." Chu Yuechan warned Ye Chen that in the profound ark there was a person with extremely high cultivation, Ye Chen might not be a match for this person. .

Ye Chen could only clench his fists when he heard Chu Yuechan's warning, if only Ye Chen had enough strength, Ye Chen wouldn't have to be afraid of this kind of trouble anymore.

"Yueli, come with me" Ye Chen immediately asked Mei Yueli to hide, first Ye Chen wanted to see who the strong person Chu Yuechan was referring to.

Ye Chen was not reckless, he knew his abilities, Ye Chen would not force him to fight against something that was not his match.

The profound ark stopped right in front of the imperial palace which had been destroyed, a middle aged man stepped forward and looked at the imperial palace which was currently shattered into ruins.

"Hahahaha" Number One looked overjoyed when he saw this, his weapon had managed to destroy this imperial palace so easily.

"We have succeeded in destroying the Immortal Sky Empire." Number One told all the members of the Code Breaker organization that they had won this battle.

"Wow. . . ." Everyone cheered when they heard this, this victory was really very easy to get.

"You are too quick to declare your victory" When the people from the Code Breaker organization declared their victory, suddenly they heard someone's voice.

All the members of the organization Code Breaker immediately looked forward, they saw hundreds of people flying in front of them, they were imperial soldiers who had trained very well.

These hundreds of people are led by one person, the person leading is the King Realm itself.

The King Realm looked straight at Number One in front of him, it could be seen that the King Realm was very familiar with Number One.

"Li Gun, is that you? ." The King Realm called Number One as Li Gun, it could be seen that he was familiar with Number One.

"You still remember me too, I thought you had forgotten about me Li Kun, oh no now you're called King Realm aren't you?" said Li Gun to the King Realm.

Long story short, King Real and Li Gun are brothers, they used to fight for power to become emperor, unfortunately Li Gun had to be defeated in that battle, so Li Gun disappeared and was never heard from again until now.

"I didn't expect you to be alive and decided to join an organization like this and plan something big like this" King Realm didn't expect that Li Gun would join a forbidden organization and plan such a big thing like this.

"Isn't this because of you, if I had won in the past maybe I wouldn't have become like this"said Li Gun to Li Kun.

If only Li Gun had won, maybe Li Kun wouldn't be like this.

"The winner has been determined, we can't change this anymore" Li Kun said to Li Gun.

The victor was already determined, so they could no longer repeat this matter, now that Li Kun was a respected King Realm, while Li Gun became a feared terrorist, both of them had chosen their own paths.

"You are still as arrogant as before, this time I will take everything you have" Li Gun said that he would take everything that was owned by Li Kun.

"Shoot them all" Li Gun ordered to shoot Li Kun along with all his soldiers.

"shoot . . ." The leader of the firing squad immediately ordered everyone responsible to shoot at the King Realm along with the troops.

The heavyweight weapons were aimed directly at the King Realm, a huge force shot directly at the King Realm and its troops.

"It's bad, let's get out of here" Ye Chen immediately took Mei Yueli away from this place, if they were dragged into the battle, then it was certain that they would also be affected.

Without waiting for Mei Yueli's response, Ye Chen immediately went to hug Mei Yueli's body, he immediately carried Mei Yueli away from this place.

This time Mei Yueli didn't fight back, she let Ye Chen hug her.

Mei Yueli knew that she couldn't do anything in the current situation, that's why Mei Yueli could only let Ye Chen take the lead.

Ye Chen opened his Wind Vein, with the Wind Vein opened by Ye Chen, Ye Chen's speed immediately rose significantly.

Ye Chen immediately flew at an unbelievably fast speed, leaving the location that was about to be hit by an explosion from a heavyweight weapon.

"Boom. ., Boom . . ., Boom . . ." Just a few moments after Ye Chen left, a sudden explosion rained down on the imperial palace, the imperial palace was again shaken by several very powerful explosions, these explosions swept through the imperial palace, the imperial palace was completely destroyed by this explosion.

The power of this explosion might not be as strong as the first explosion, but this explosion was so much more, it could destroy anything in sight.

Chapter 1109 - Battle Of Two Power Plants

Explosion after explosion continued to occur, the King Realm and its soldiers were hit by very powerful explosions.

Since the explosion that occurred was quite strong, no one knew if the King Realm was fine or not, it was most likely that this explosion was capable of killing even a trained warrior.

"Keep shooting don't stop" Li Gun ordered the people to keep shooting at Li Kun and his troops, Li Gun wanted to directly injure Li Kun with this heavy weapon attack, if possible Li Gun wanted Li Kun dead.

Even though it might be difficult to do, it would take even more destructive power to kill Li Kun.

"Boss, our ammunition is running low, should we stop?" One of the subordinates reported that their ammunition was running low, if they kept shooting, it was certain that they would run out of ammunition.

"Use all the ammunition available, as long as we can defeat the King Realm, then our goal will be achieved" Li Kun told his subordinates to continue attacking until all the ammunition was used up.

"Okay" the subordinate understood, he would do what Li Gun told him to do.

The King Realm continued to be bombarded by explosions, explosion after explosion continued to hit Li Kun and his army.

The ammunition that the Code Breaker organization has is low, it won't last for very long.

Sure enough, after about 5 minutes, they finally ran out of ammunition, they had run out of Solar Stones for the fuel they used.

Now they could only see the results of the attacks they had carried out, whether their attacks succeeded in killing the King Realm or not.

A very thick black smoke enveloped the King Realm and his army, so the organization group Code Breaker couldn't see if the King Realm was still alive or not.

Little by little the smoke began to dissipate, when the smoke had completely dissipated, finally Li Gun and the Code Breaker organization could see the figure of Li Kun standing alone in the sky.

All of Li Kun's troops had been defeated, they had all scattered everywhere.

Meanwhile Li Kun received a fairly severe wound on his left hand which he used to withstand the attack just now.

Li Kun was forced to inflame his left hand, if he didn't do that, then it is certain that he would get a much worse wound than now.

Sometimes sacrifices are needed for that, Li Kun must sacrifice to stay alive and not die due to the strong attack caused by the heavyweight weapon Li Gun has.

"As expected of the King Realm, even after receiving such an attack you can still survive." Li Gun had already anticipated this, he knew that Li Kun would definitely survive this attack.

Li Kun didn't say anything, he went straight to Li Gun's direction to fight with him.

Seeing that Li Kun was ready to fight, Li Gun happily welcomed Li Kun's arrival, he immediately stepped forward to fight against the King Realm.

"Boom. . ." Li Kun and Li Gun exchanged a very hard blow, this blow made a very strong gust of wind, the profound ark was even swept away by the blow that occurred.

After doing this battle, both Li Kun and Li Gun both retreated a few dozen steps, it could be seen that both of them had equal strength.

"You are much stronger than the last time we met." Li Kun easily saw that Li Gun's power had increased greatly since the last time they met.

"I have been training for a long time for today, this time I will definitely beat you" Li Gun said that he had been waiting for this moment for a long time.

Li Gun himself has been training very hard, he practices day and night without stopping, his goal is very clear, Li Gun wants to avenge his defeat to Li Kun.

"Still, you are still no match for me." Li Kun said that Li Gun was still no match for him, Li Kun felt that his strength still had the upper hand.

"Let's see later, just now I'm still warming up" said Li Gun to Li Kun.

Li Gun wasn't serious either, he still hadn't used his full strength against Li Kun.

Li Gun purposely didn't use his full power, he wanted to save his full power for a surprise attack.

Surprise attack is a very important thing, this can make the enemy become unfocused and he can defeat.

Once again Li Kun and Li Gun started the battle, both of them fighting with the exact same cultivation technique.

Since both of them used to practice the same cultivation technique, this made both of them have the exact same cultivation technique, so the battle would become much more intense because both of them knew each other's weaknesses.

Meanwhile the members of the Code Breaker organization could only watch the battle that was taking place, they saw the battle of Number One who was the strongest person in the Code Breaker organization.

Everyone looked surprised at the power that Number One had, he could have a power comparable to the King Realm.

"Okay, let's go to take control of the battlefield, for the matter here we can leave it to the big boss" the person with the second position after Number One immediately gave an order, this person gave the order to immediately go and help their troops who were attacking the city.

After this order was issued, the profound ark immediately left the imperial palace to go and help the forces of the Code Breaker organization that were fighting.

"I won't let you go." Seeing that the profound ark was about to leave to help the battle in the city, the King Realm intended to stop them.

The King Realm had already left the battle in the city to his warriors and Dukes, they should be enough to overcome the invading enemy.

However, the people on the ark had a fairly high average cultivation, most likely they were the main force belonging to the Code Breaker organization.

If these troops joined the battle, there would definitely be an even fiercer battle, the Dukes and royal troops would definitely find it difficult to fight them.

So the King Realm intends to stop this main force from joining the battle.

"Your opponent is me, so don't distract yourself." Li Gun took this opportunity to attack Li Kun.

"Boom. ."Li Kun received a surprise attack from Li Gun, this attack directly injured his back.

" Unlucky . ." Li Kun did not expect that Li Gun would immediately use this opportunity to attack him, this man is indeed very cunning.

Li Kun couldn't stop the main force that was on the profound ark, he was completely occupied by Li Gun who wouldn't let go.

Li Kun had no choice but to fight with Li Gun, if he wanted to help the Duke and the royal army, Li Kun had to first defeat Li Gun.

"Boom. . ." Li Kun no longer held back the power that he had, Li Kun immediately brought out all the strength he had.

A strong wind enveloped Li Kun body, the wind that enveloped Li Kun body blew very hard, this wind could blow away anything in sight.

"So you immediately want to seriously fight against me, okay I will accompany you" Seeing Li Kun in earnest, Li Gun had no choice but to participate in this game.

Li Gun also took out all the strength he had, a very strong wind also began to envelop Li Gun's body.

Li Kun and Li Gun both advanced, the two of them instantly fighting with the full strength they had.

"Boom. . ." when these two powerhouses fought The empire was instantly shaken when Li Kun and Li Gun both meant it.

Chapter 1110 - Ye Chen Came To Help The Battle

Because the battle looked very fierce, Ye Chen immediately went to take Mei Yueli to a safe place, it would be very dangerous for Mei Yueli to be in a very terrible battlefield like this.

Ye Chen was still thinking about the safety of Mei Yueli, Ye Chen didn't want to see anything bad happen to Mei Yueli.

Ye Chen was still thinking about the safety of Mei Yueli, he would not let anything bad happen to Mei Yueli.

Ye Chen would ensure the safety of Mei Yueli no matter what, Ye Chen took Mei Yueli away to the safest place he could find, the safest place right now was outside the Immortal Sky Empire, so Ye Chen took Mei Yueli away Immortal Sky Empire.

Ye Chen looked for a safe and very hidden place, after finding a very safe and hidden place, Ye Chen finally stopped.

"Yueli you stay here for a while, I will go and fight against these bad guys" Ye Chen told Mei Yueli to stay here while he was going to fight the enemy.

Ye Chen couldn't stay still when he saw what was happening, he had to act and defeat the bad guys who had made Li Jingyi disappear.

Ye Chen himself was still worried about Li Jingyi condition, whether Li Jingyi was fine or not was unknown.

All Ye Chen could do right now was fight back and seek justice for Li Jingyi.

"Ye Chen don't go, it's very dangerous for you there, we should just hide in this place" Mei Yueli immediately stopped Ye Chen who wanted to leave, Mei Yueli didn't let Ye Chen leave this place because she was afraid something bad would happen to Ye Chen.

Mei Yueli was very worried about Ye Chen's safety, she was afraid that something bad would happen to Ye Chen, if that happened Mei Yueli would feel very sad.

Mei Yueli started to worry about Ye Chen, now that Mei Yueli has started to really like Ye Chen, Ye Chen has completely entered Mei Yueli heart.

"You don't have to worry too much, I can take good care of myself, after all who will handle this mess if I don't interfere" Ye Chen said to Mei Yueli.

Ye Chen had to go to deal with this mess, he couldn't just stay in this place, Ye Chen had to go and deal with this matter.

"You don't need to go, I have already contacted the Sect, sooner or later they will definitely come to this place." Mei Yueli told Ye Chen that she had contacted the Sect, surely help will come to help soon.

"I'm afraid that when they arrive, the empire will be razed to the ground" Ye Chen told Mei Yueli when the people from the Sect arrived, most likely the empire would have been razed to the ground.

Mei Yueli was silent when she heard this, Mei Yueli was speechless when she heard this from Ye Chen.

What Ye Chen said might be true, the people from the Sect will definitely need some time to arrive at this place, by the time they arrive the empire will most likely be razed to the ground.

Looking at the attacks that have been carried out by the Code Breaker organization, it is not certain that the empire will not be able to hold on for a long time, it is most likely that the empire will be destroyed.

"I'll go first, you stay here, if you're in danger, you just give me a signal" Ye Chen told Mei Yueli to give her an alarm signal if something happened to her.

"Fine, I'll do it" Mei Yueli nodded, she would follow everything Ye Chen wanted.

"Good, then I'll go first" Ye Chen said that he had to go.

After convincing Mei Yueli, Ye Chen immediately headed back to the empire, immediately changing his appearance.

Ye Chen was now wearing his robe and God Mask, now Ye Chen had turned into a Mask Hero as usual.

Ye Chen tried to hide his true identity, Ye Chen didn't want to be too flashy when fighting against the enemy.

After putting on his disguise, Ye Chen immediately shot forward, immediately heading towards the battlefield.

"Boom. . ., clang . . ., Boom . . ., clang . . ., Boom . . ., clang . . .," Right now the situation of the empire is very chaotic, everywhere there is a lot of fighting going on.

Right now the troops from the Immortal Sky Empire seemed to be cornered, they seemed to be having a hard time fighting the profound ark that was currently equipped with tons of heavy weapons that were continuously being fired at them.

The Immortal Sky Empire troops tried to get close and destroy the enemy's profound ark, unfortunately they couldn't get close because the profound ark was guarded by so many people.

If they wanted to give up the Profound Ark, they would inevitably have to defeat these people.

Seeing this mess, Ye Chen immediately decided to help, he would help destroy the profound ark used to transport heavyweight weapons.

Just from observing this battle, Ye Chen could tell that the reason for their defeat was due to the heavyweight weapons that were bombarding them, this was the reason why warriors from the Immortal Sky Empire could be defeated so easily.

"I will immediately use a powerful technique to destroy the enemy's profound ark." Ye Chen immediately confirmed that he would use a high ranking technique to destroy the Code Breaker organization's profound ark.

Ye Chen started to make a movement above the sky, when Ye Chen did this thick clouds appeared above the sky.

Ye Chen intended to use the third finger **DESOLATE PALMS**, with his current cultivation level Ye Chen should be able to use it.

Ye Chen was only trying to use his third finger **DESOLATE PALMS**, he didn't know if it would work or not destroy the enemy's profound ark.

The enemy was completely unaware that Ye Chen was currently intending to attack them, they were completely unaware of this, they were too focused on the battle against the approaching imperial army,

all of them could only make sure that no enemy would approach the profound ark that was approaching. they have.

Because no one bothered, Ye Chen easily finished his move, Ye Chen stretched his palm down as Ye Chen did this from behind the clouds appeared a giant palm with three fingers opened.

A giant palm with an ancient aura was currently covered in fire and ice, Ye Chen did this to amplify his attack.

Ye Chen hoped that by using his profound fire and profound ice, this would destroy the profound ark and everyone in it.

When the giant palm appeared, finally the people of the Code Breaker organization realized that someone was secretly trying to attack them.

The people on the profound ark tried to resist the attack that Ye Chen had launched, they all used various kinds of attacks to attack the **DESOLATE PALMS** that were aiming at the profound ark they had.

All kinds of attacks directly hit the **DESOLATE PALMS** third finger, unfortunately all of them were unable to stop **DESOLATE PALMS**, **DESOLATE PALMS** shot very fast at the direction of the profound ark they had.

"Boom. ." **DESOLATE PALMS** directly crashed into the profound ark that belonged to the Enemy, the profound ark was directly smashed downwards and collided with the ground.

When this process occurs, a very strong shock occurs, this shock can be felt very clearly around the Immortal Sky Empire.
