

A True God 1321

Chapter 1321 - [Bonus]most Difficult Round

"Nothing happened" Fairy Zhen answered Yan Fei's question, telling her that nothing had happened to her.

"Then why is your way of walking so strange?" asked Yan Fei again to Fairy Zhen.

It could be seen that Yan Fei was starting to get suspicious of Fairy Zhen's way of walking.

Fairy Zhen was confused when she got questions from Yan Fei, she looked confused when she answered questions from Yan Fei.

Fairy Zhen had to find a reasonable excuse, otherwise, Yan Fei would continue to suspect her.

"I just had a little problem, so you don't need to worry, it will be fine soon," Fairy Zhen said that she was fine and would soon return to health.

"Is that true . . . , hmmm" Yan Fei rubbed her finger on her chin, it was obvious that Yan Fei didn't believe what Fairy Zhen just said.

"Why are you meddling so much in my business, don't you have anything else you can do besides meddling in other people's business?" Seeing Yan Fei in disbelief, Fairy Zhen immediately became unfriendly to Yan Fei.

"I'm just asking, who told you to answer it," said Yan Fei to Fairy Zhen, from the beginning Yan Fei just asked, she didn't need Fairy Zhen to answer her question.

"You" Fairy Zhen pointed at Yan Fei, it was obvious that Fairy Zhen was not satisfied with what Yan Fei had done.

Yan Fei was such a pain in the ass, this woman was very hard to deal with, even a veteran in the business would have a headache when they met Yan Fei.

"Wait a minute, where did you get such a beautiful ring from?" Yan Fei immediately noticed the ring on Fairy Zhen's finger, the ring on Fairy Zhen's finger was so beautiful that Yan Fei's focus was on her.

"This, this is a gift from a special person, so this is a precious thing that I have." Fairy Zhen proudly told about the thing on her finger, she told that this thing was given by the most precious person in her life.

Yan Fei looks envious of the ring in Fairy Zhen's hand, she feels like having one like Fairy Zhen's.

Every woman's reaction will be like this, they will be very interested in the Heavenly Goddess Diamond.

" Who is that?" Yan Fei wants to know who gave this, he also wants to buy one like Fairy Zhen's.

"I won't tell you, this is something valuable, you won't get it," Fairy Zhen said to Yan Fei.

Fairy Zhen finally had an opportunity to take revenge on Yan Fei, so she took advantage of this opportunity very well to get revenge on Yan Fei.

"You" this time it was Yan Fei's turn to point at Fairy Zhen, she seemed dissatisfied with what Fairy Zhen said.

Even though Ye Chen had warned Yan Fei not to be too rude to Fairy Zhen the two were still fighting, from the start, the two of them didn't get along.

Yan Fei had already lost in arguing, if she continued arguing with Ye Chen, then it was certain that she would lose face.

Yan Fei was an intelligent woman, she knew when to advance and when to retreat, so Yan Fei chose to retreat first.

There was an old saying that retreating was better than losing face, so Yan Fei's decision was quite correct.

.

.

Back to the match that Ye Chen was experiencing.

Ye Chen looked at his Cauldron, somehow this Cauldron became much worse than before.

"Bastard, how did I get given something like this?" In his heart Ye Chen cursed very loudly, himself cursing for being given a Cauldron that was completely damaged.

This Cauldron was even worse than before, once ignited there might be an explosion because everything seemed so fragile and it was impossible to withstand the great power of the fire.

Ye Chen felt that this was starting to go too far, Mao Chao had committed extremely excessive cheating.

"Just watch out for you, I will repay this" Ye Chen will retaliate for what Mao Chao did.

For the time being Ye Chen will try to use this Cauldron, hopefully, this Cauldron can still be used to make a pill.

Ye Chen didn't give up easily, he firmly believed that this Cauldron could still make a pill if Ye Chen used it seriously.

"All of you have had enough time to rest, now the last match is about to start, I will explain what this final match will be like" Gou Teng will explain what the final match will be like for the 15 participants who are in this place.

15 participants listened carefully to what Gou Teng would say, they were curious about what Gou Teng would say, 15 participants, wanted to know what kind of match they would face.

Gou Teng explains that the last match was a contest to make large quantities of pills, the more one made a pill, the more victorious they would be.

Just like the previous round, the pills that will be made are predetermined, so all participants must make as many as possible if they want to win this match.

Gou Teng's explanation was indeed very short, they all immediately understood the explanation given by Gou Teng.

They just needed to make as many pills as they could, that way they would win the match and become champions.

Ye Chen's face darkened when he listened to Gou Teng, Ye Chen looked at his Cauldron, with his current Cauldron, it is certain that Ye Chen would find it very difficult to make pills in large quantities and in a limited amount of time.

"Hahaha, this time you will be crushed, I can guarantee this" Mao Chao laughed evilly, he laughed when he saw the match Ye Chen had to go through.

Previously Ye Chen was lucky because he was able to pass the match without destroying the Cauldron, but this time it would probably be a much more difficult challenge than before.

"Well, do you have any questions?" asked Gou Teng to the 15 participants who will compete for first place in this competition.

All the participants already knew what they had to do, so they no longer needed Gou Teng's explanation.

"In this match, all of you will be given an unlimited amount of materials, so you don't have to be afraid of failing or running out of materials." Before starting the match, Gou Teng informed that all participants will get unlimited materials, plus they won't be kicked out either if it fails.

All the participants seemed very happy when they heard this, they all seemed happy because they no longer had to be afraid of failing at making a pill.

"Everyone get in position, I'll start this soon," Gou Teng told all the participants to get into their positions, the match was about to start.

With great agility, all the participants went straight to their positions, they all immediately prepared to start the match.

"Start" Gou Teng gave a signal to start this match.

After the signal was given, all the participants immediately started their match, they all lit the Cauldron and began to make a predetermined pill.

Ye Chen also started to light his Cauldron, when Ye Chen lit his Cauldron, it was obvious that the fire in the furnace was extremely uncontrollable, it was very difficult to control this broken furnace.

Ye Chen concentrated fully on controlling his flames so as not to destroy this Cauldron.

Chapter 1322 - May I Change The Cauldron

Ye Chen looked at the pills he was about to concoct, when Ye Chen saw the pills he was about to make, Ye Chen found that these were low-rank Tier six pills.

"A Tier six pill" Ye Chen didn't expect that they had to make a Tier six pill, it would be very difficult to make a Tier six pill with this broken Cauldron.

"I wonder if it can survive a small lightning strike" Ye Chen wanted to know if his Cauldron could withstand a small lightning strike that might occur during the Tier six pill-making process.

"Why are you afraid of such a small thunderbolt, you have the inheritance of the Sage God, now that little lightning bolt is like a toy to you" Chu Yuechan reminded Ye Chen about himself already possessing the Sage God's inheritance.

"Ah yes, you're right, how could I forget about it" Ye Chen just remembered this, why should he be afraid of the little lightning that will destroy his Cauldron, he doesn't need to be afraid of the little lightning.

"Alright, I'll just start" Ye Chen decided to just start, he shouldn't waste his time.

The other participants were already in the process, so Ye Chen had to start quickly.

Ye Chen put in the necessary ingredients, there were two ingredients needed to make this pill firstly 5,000-year Ginseng, and secondly the Wind Core of a Magical Beast which had strength equivalent to a cultivator at the early stages of the Divine Nascent Realm.

These two ingredients are very easy to find in the God Realm, so it's not surprising that in this match all participants are given a lot of materials, that's because the stock of materials is very abundant.

Ye Chen started refining these two ingredients, himself using all his thoughts to keep the furnace from shattering or exploding during the pill concocting process.

The difficulty level became much more difficult from the second round, Ye Chen had to be extra careful in every process.

"Master, your speed is very slow, if you continue like this, then you will be left behind." Chu Yuechan told Ye Chen that he was very slow, if he continued like this, Ye Chen would sooner or later fall behind.

"I also know, I will try to get used to this" Ye Chen said that he would try to get used to this.

Ye Chen needed time to get used to it, he needed time to get used to this level of difficulty.

Ye Chen was still quite relaxed, here they were all given about 1 day, so this match would last a very long time.

All spectators will see the battle between each participant, they will see the participant who is the fastest to concoct a pill, this will be something interesting and not boring to watch.

The battle will be interesting when the score starts to run, the 15 existing participants will compete to achieve the best.

The starting time of 3 hours had already passed when the match started, currently, Fai Tui was the leader, he had completed 4 pills within 2 hours, meanwhile, the second rank was Kun Paen, he managed to make 3 pills within 3 hours.

Some of the participants had also made 3 pills, they were all chasing each other to get the best results.

The participants must not fail, if they fail, then they will be left behind by 1 point, the difference of one point will be a very, very big gap.

While the other participants had already obtained more than 2 pills, Ye Chen himself had just finished 1 pill, Ye Chen seemed to be the slowest participant among them all.

Everyone had ignored Ye Chen for a long time, they had completely lost hope for Ye Chen, even the Alchemists here had confirmed that Ye Chen would not be able to win in this competition.

"What happened, why is Ye Chen so slow?" Fairy Zhen wanted to know the reason why Ye Chen was so slow, this was very suspicious.

"I also feel something is wrong, why is she so slow?" Yan Fei also felt the same way as Fairy Zhen, she felt something was wrong.

Fairy Zhen and Yan Fei felt strange about Ye Chen, why did Ye Chen seem so slow, this was not like the Ye Chen they knew.

Fairy Zhen and Yan Fei were very confident in Ye Chen's abilities, both were very confident that Ye Chen's abilities were very great, but now they were both thinking about what happened to Ye Chen.

"Boom. . ." While Ye Chen was making the second pill, Ye Chen's furnace started to break down, all the ingredients in the furnace were destroyed because of the troubled furnace.

" Unlucky . ." Ye Chen cursed very loudly when he saw the material he was refining destroyed because of the troubled furnace.

"Hahaha, feel it" Mao Chao was very happy when he saw Ye Chen's failure, the feeling of seeing Ye Chen fail was a pleasure for Mao Chao.

The distance between Ye Chen and his two disciples was already really far, so Mao Chao could be sure that Ye Chen would not be able to catch up with Fai Tui and Kun Paen.

"Master Gou, may I change the Cauldron?" Ye Chen tried to ask Gou Teng, he wanted to know if he was allowed to change the Cauldron.

Honestly, this Cauldron was holding Ye Chen back, so Ye Chen wanted to exchange this for an even better one.

" that . . ." Gou Teng was a little confused in answering Ye Chen's question, he was not the one responsible for this matter, Mao Chao was the one responsible for this matter.

"That is not allowed, you must use what you have been given," Mao Chao said to Ye Chen.

Mao Chao wouldn't let Ye Chen change his Cauldron, he just enjoyed the show that Ye Chen gave him, so Mao Chao didn't want Ye Chen to change his Cauldron.

"What is the reason?" Ye Chen asked Mao Chao, Ye Chen wanted to know the reason Mao Chao forbade him to change the Cauldron.

"It is unfair to the other participants, so you are not allowed to do that, you can only use the abilities you have," Mao Chao said to Ye Chen.

Mao Chao easily answered Ye Chen's question, this man had planned everything very well, he didn't even allow Ye Chen to change his Cauldron.

"So I can use my abilities." Ye Chen nodded, he now knew what to do in such a situation.

"That's right" Mao Chao smiled evilly at Ye Chen, he looked like an evil demon full of cunning and deceit.

Yan Fei and Fairy Zhen didn't like it when they heard Ye Chen's rejection, it was obvious that they all didn't like Mao Chao.

"Master, what are you going to do?" Chu Yuechan asked what Ye Chen would do in this situation.

"Hehehe, I will use the method I learned last night," Ye Chen said that he would use a method that Chu Yuechan gave him.

"Last night's method, ohhhhh . . ." Chu Yuechan finally knew what Ye Chen meant.

"Have you mastered it?" Chu Yuechan asked Ye Chen.

"Of course, I just have to practice it." Ye Chen told that he had mastered this, Ye Chen just had to practice it.

Ye Chen shifted his Cauldron, the broken Cauldron fell to the floor and shattered into pieces.

This Cauldron was so fragile that it even fell from the table making it shatter into pieces.

Chapter 1323 - Very Ancient Method

Everyone was stunned when they saw Ye Chen destroying his Cauldron, they didn't expect that Ye Chen would destroy his Cauldron in such a manner.

"So fragile" Fairy Zhen didn't expect that the Cauldron that Ye Chen got was so fragile that it shattered with just one small push.

The Cauldron was supposed to be a hard object, if it wasn't hard, the Cauldron would crumble when making a pill.

Fairy Zhen didn't expect the Cauldron to be so fragile like that, it's only natural that Ye Chen had a hard time when he made a pill.

If it was Fairy Zhen or any other Alchemist in this place, they would have a hard time concocting a pill as Ye Chen had done.

Everyone was also shocked when they saw this, they wanted to know how the Cauldron could be so fragile, this was quite absurd.

"Bad brat, how did you destroy your Cauldron, are you stupid" Mao Chao immediately cursed Ye Chen for destroying his Cauldron.

"Sorry, my hand just slipped." Ye Chen said that his hand slipped and accidentally dropped the Cauldron.

Ye Chen made a very, very annoying face, it was obvious that Ye Chen was doing this on purpose.

"You now don't have a Cauldron, so how are you going to continue this match, we won't give you a new Cauldron because you ruined it," Mao Chao said to Ye Chen.

"Mao Chao, how can you say that, you should have gotten a new one for him, he accidentally destroyed it" Fairy Zhen came to help Ye Chen, Fairy Zhen couldn't possibly let Ye Chen be bullied by Mao Chao.

Fairy Zhen already guessed what happened, it seems Mao Chao gave Ye Chen a very very bad Cauldron, this made Ye Chen unable to use his skills to the fullest.

"Rules are still rules, so you have to respect the rules made, your student has been declared defeated and unfit to continue to participate in this competition" Mao Chao mentioned the rules, in the rules participants can only use One Cauldron, so there is no second Cauldron if they destroy it or blow it up.

"You" Fairy Zhen pointed at Mao Chao, she didn't expect that this man would commit such a shameless fraud.

Fairy Zhen currently didn't have any solid evidence, so Fairy Zhen couldn't fight too hard.

"No problem, I don't need that broken Cauldron, it's just useless trash, the person who prepared it is inferior to the trash in the Alchemist world," Ye Chen said very loudly.

Some people could understand what Ye Chen said, they all understood what Ye Chen meant.

Mao Chao's face darkened when they listened to what Ye Chen said, Ye Chen, made his face disappear.

"This guy, just watch out" Mao Chao was furious, the fire inside him was blazing fiercely.

Ye Chen didn't need the Cauldron anymore, he was going to try the method he had previously learned.

Ye Chen took some materials, himself threw these materials into the sky.

What Ye Chen did was like an attraction, all the audience became curious about what Ye Chen was doing.

It should be noted that Ye Chen currently doesn't have a Cauldron, without a Cauldron, then making a pill is impossible.

Ye Chen used his profound fire to wrap up all the materials he had just thrown out.

"Does he want to burn all the ingredients he has?" Everyone in the audience started to speculate that Ye Chen was burning his stuff.

Even Alchemists have started to feel that Ye Chen is crazy, it seems that losing this competition made Ye Chen go crazy and lose his mind.

"What did you do?" Yan Fei felt pity when she saw what Ye Chen did, Yan Fei wanted to come and try to calm Ye Chen down.

Fairy Zhen also thought the same thing as Yan Fei, she wanted to go and help Ye Chen in solving this problem.

Ye Chen's profound fire started to burn all the materials, this fire didn't immediately burn all the materials, it seemed that all the materials were starting to be slightly eroded by this fire.

"This" all the Alchemists immediately stood up when they saw what Ye Chen was doing, as a senior Alchemist, they naturally knew what was happening at this time.

This process was of course a material refining process, they didn't expect that Ye Chen would refine ingredients in the open while performing an attraction.

"Oi, oi, is it serious, he did such an unreasonable thing" The Alchemists were stunned by what Ye Chen did, they were all completely shocked and speechless when they saw what Ye Chen did,

Even Mo Linbei showed surprise when he saw what Ye Chen had done.

"What kind of method was used?" Mo Linbei wondered what method Ye Chen used, he was very curious about the method Ye Chen used.

This method looked extremely admirable, it must be an ancient method that he had never seen before.

"That's great" Fairy Zhen and Yan Fei were amazed by what Ye Chen had done, both of them seemed amazed by what Ye Chen had done.

Especially Fairy Zhen, Fairy Zhen looked very impressed when she saw what Ye Chen did, she was amazed by what Ye Chen did, she thought what Ye Chen did was very extraordinary.

Fairy Zhen is getting more and more attracted to Ye Chen, it seems that Ye Chen is Fairy Zhen's ideal husband.

Fairy Zhen began to think that this meeting was fate, this fate seemed to make her find a man like Ye Chen.

Mao Chao was just dumbfounded when he saw what Ye Chen was doing, it seemed that Mao Chao still couldn't believe what Ye Chen was doing.

"How can he make a pill without a Cauldron?" Mao Chao was completely shocked when he saw Ye Chen making pills without a Cauldron, this was completely beyond Mao Chao's plans.

Ye Chen refined all the ingredients, after refining all the ingredients, Ye Chen directly condensed the essence of the ingredients into a pill.

This process was normally closed and could not be seen by outsiders, but now all spectators could see what the process of making a pill looked like.

All the spectators looked amazed, they could see the process of making pills which were so rare, it was not in vain that they all came to see this match.

"Boom. . ., Boom . . ., Boom . . ., Boom . . .," Ye Chen condensed all the essence of the ingredients that he had refined, after which several pills appeared that floated in the air.

This process was extremely fast, Ye Chen only needed a moment to concoct a few pills, this speed surpassed every participant in this place.

All the participants in this place were dumbfounded when they saw what Ye Chen did, they all looked shocked and couldn't believe what they had just seen.

Even Fai Tui and Kun Paen were also stunned which made the pills inside the Cauldron burn from losing focus.

"Damn" Fai Tui and Kun Pen cursed very loudly, they cursed because the pills they made were scorched. Both of them regretted seeing Ye Chen, this made them unfocused and destroyed the process of concocting pills.

Chapter 1324 - Now Is The Time For You To Agree On Our Bet

Everyone seemed to be speechless as they all saw what was happening, it seemed that everyone still couldn't believe what they had just seen with their own eyes.

"That's cheating. . ." After a long silence, Mao Chao was the first to curse Ye Chen for cheating, what Ye Chen did was cheating.

Everyone didn't know whether what Ye Chen was doing was cheating or not, the audience was not the organizer of this competition.

"What kind of cheating did he do, he used the abilities he had?" Fairy Zhen is back to help Ye Chen, after seeing this, Fairy Zhen will continue to help Ye Chen in solving this problem.

"Fairy Zhen is right, there is no cheating in this, this is her ability" Yan Fei also helped Ye Chen, Yan Fei would not let Ye Chen be oppressed by Mao Chao.

This time Yan Fei and Fairy Zhen were quite compact, both of them intending to help Ye Chen in resolving this matter.

"Can't you see he's cheating, how can that be allowed?" Mao Chao said to Fairy Zhen, Mao Chao still insisted that Ye Chen cheated.

"Mao Chao you shut up, this is an Alchemist match, as long as that's the ability he has, then it's not considered cheating." Mo Linbei told Mao Chao, it seemed that Mo Linbei gave Mao Chao a pretty harsh rebuke.

" but . . ." Mao Chao still didn't want to give up, he still insisted on not letting this matter.

If Mao Chao let this matter, then an even bigger problem would arise, Ye Chen's ability was too strong, he was afraid of being defeated by Ye Chen.

"You have to admit this, you will lose," Fairy Zhen told that Mao Chao would lose this bet, Ye Chen would win.

Fairy Zhen was now very confident, it was obvious that Fairy Zhen had regained the confidence she had.

Mao Chao could only grit his teeth it seemed that Mao Chao couldn't put up a fight for Fairy Zhen and Yan Fei.

The match will continue, so I hope you guys can calm down." Mo Linbei told everyone to calm down and not make a fuss.

The match continued, all participants continued in pill making.

Ye Chen still used the same method as before, Ye Chen used the show method to make a pill.

Ye Chen's speed was extremely fast, he was very fast at making several pills in a very short time.

The audience was shocked by what Ye Chen did, they all looked very surprised by what Ye Chen did.

The Alchemists in the audience were amazed by what Ye Chen had done, they all wanted to learn from Ye Chen about this matter.

What Ye Chen did must be very difficult to do, it must be something very difficult for all of them to do.

"10.20.30.40.50.60.70.80.90.100" Ye Chen finished pill making very quickly, he made pills with very fast movements and very short tempo, even the results obtained by Fai Tui and Kun Paen were not able to beat Ye Chen.

After obtaining a hundred pills Ye Chen was finally willing to quit, he had already decided to stop after getting the desired target.

Ye Chen started to give Mao Chao an evil smile, it seemed that Ye Chen had already obtained his victory.

Mao Chao was so angry, he felt so angry that his lungs felt like they were about to explode.

What Ye Chen did was very, very annoying, Mao Chao was very, very upset, very angry with what was happening right now.

"You two hurry after him" Mao Chao ordered his two disciples to chase after Ye Chen, he wanted both of them to be able to compete with Ye Chen so that this would not embarrass him.

Fai Tui and Kun Paen were currently trying to catch up with Ye Chen, they were all trying hard to catch up with Ye Chen.

Unfortunately, the speed that Fai Tui and Kun Paen had was so slow, they were still unable to catch up with Ye Chen who could make several pills at the same time.

While the other participants were busy making a pill, Ye Chen casually took a chair and started to sit down, himself sitting on the chair watching the match that was going on.

The current Ye Chen seemed like a spectator. Ye Chen was very relaxed in dealing with the other participants.

The audience was shocked by what Ye Chen did, they all looked very surprised by what Ye Chen did.

The people who placed bets bit their fingers when they saw the match, it looked like they were very disappointed when they didn't place a bet on Ye Chen.

If they had placed a bet on Ye Chen, then they would all have made a huge profit.

Yan Fei smiled when she saw this, it seems that she was not wrong when he placed a bet on Ye Chen, Yan Fei got a lot of advantages from placing a bet on Ye Chen.

The match quickly reached its end, Fai Tui and Kun Paen were still trying to catch up with Ye Chen, they still hadn't given up.

It was a pity that they all couldn't catch up with Ye Chen, the two of them were already extremely exhausted from making so many pills at one time.

Being too exhausted, Fai Tui and Kun Paen fell, they both looked so exhausted they ran out of profound energy.

Both were pushing themselves too hard, both working too hard to burden themselves with something they couldn't do.

Medical help immediately came to provide help, they were both taken away because they were experiencing extreme exhaustion.

"You guys are weak" Mao Chao started cursing Fai Tui and Kun Paen, himself cursing both of them who were very, very weak.

"Ding" The end of the match's drum, all participants immediately stopped when the drum was beaten.

Ye Chen immediately woke up when he heard the drums being beaten, it seemed that the match was over.

Ye Chen was very relaxed at all, he still had time to sleep in a competition, if this wasn't Ye Chen, then it definitely wouldn't have been possible.

"Hoam, looks like it's over, Yuechan how is it going?" Ye Chen directly asked Chu Yuechan the result of the match.

"Of course, you win, no participant can beat you" Chu Yuechan said to Ye Chen.

"So Mao Chao's two disciples can't beat me" Ye Chen smiled, it seemed that he had already won this match, now Mao Chao will no longer approach his Fairy Zhen.

"The winner of this match is Ye Chen, congratulations on the victory" Gou Teng congratulated Ye Chen for winning this competition.

" Clap . . , Clap . . , Clap . . ," several people clapped for Ye Chen, while there were countless people who were crying because they lost their bet, those who were crying had used up the many profound crystals they had.

"Now is the time to claim my property." Ye Chen intended to claim his property right in front of everyone in this place.

"Mao Chao, I am the winner, now is the time for you to agree on our bet" Ye Chen pointed at Mao Chao, he wanted Mao Chao to admit defeat.

Mao Chao's face looked extremely black, it could be seen that Mao Chao had lost a lot of faces in front of everyone present in this place.

Chapter 1325 - From A Loser To A Winner

"What bet, I don't remember betting with you?" Mao Chao said that he had no recollection of betting with Ye Chen.

It was obvious that Mao Chao was unwilling to admit his defeat.

"Are you unwilling to admit your defeat?" Ye Chen asked Mao Chao again.

Ye Chen already knew that this would happen. Ye Chen had predicted that Mao Chao would not admit loss.

"What are you talking about, since when did I bet with you, I don't remember at all that I had a bet with you," Mao Chao said that he didn't have a bet with Ye Chen.

Mao Chao didn't want to fulfill his promise, he didn't want to fulfill his promise because Mao Chao didn't want to leave the beautiful Fairy Zhen.

Fairy Zhen was getting more and more beautiful and seductive, there was no way Mao Chao would want to let go of beauty like Fairy Zhen.

Mao Chao was completely infatuated with Fairy Zhen, It was very difficult for someone like Mao Chao to be away from Fairy Zhen.

"Mao Chao you are a cowardly man" Fairy Zhen cursed Mao Chao, this man is a shameless person.

"My Fairy Zhen, what are you saying, do you have any proof of what I did, if you don't have proof you better take back your word, lest anything untoward happen" Mao Chao easily denied what happened to him.

Mao Chao was sure that Ye Chen had no evidence against him, so it was fine if he ran away from responsibility.

"Mao Chao, you are so bad, do you still dare to call yourself a member of the Alchemist Association with your behavior like that?" Fairy Zhen was very annoyed with what Mao Chao had done.

Fairy Zhen didn't like a man who ran away from responsibility, she at least didn't like a coward like Mao Chao.

"Are you sure you say that? are you not afraid that all your words will destroy you?" Ye Chen said to Mao Chao.

Ye Chen warned Mao Chao, Ye Chen still seemed kind enough to want to warn Mao Chao.

"Don't talk too much you rotten brat, all your words are nonsense" replied Mao Chao.

Mao Chao couldn't believe that Ye Chen had proof of their bet, for Mao Chao the previous bet was complete nonsense.

"Hahaha, interesting, then let's let everyone hear what you have to say." Ye Chen took out an imaging stone, inside this stone Ye Chen had recorded all the conversations he had with Mao Chao.

Mao Chao's face seemed to change when he saw what Ye Chen let out, Mao Chao had a bad feeling from this.

Ye Chen turned the imaging stone in his hand, when Ye Chen turned the imaging stone in his hand, everyone saw a scene emitted by the imaging stone.

The contents and sounds of the imaging stone were conversations that Mao Chao and Ye Chen had had during the meeting held by the association Alchemist, it just so happened that Ye Chen had recorded the conversation they had with Mao Chao.

Ye Chen was quite a cautious person, so it wouldn't be strange for Ye Chen to be on guard and record the conversation he had with Mao Chao.

"Since when have you?" Mao Chao pointed at Ye Chen, he couldn't believe that Ye Chen had managed to record their conversation.

"You still dare to evade your responsibilities?" Ye Chen said to Mao Chao, with very strong evidence, Ye Chen believed that Mao Chao would not be able to escape again.

Mao Chao was already completely cornered by Ye Chen, he wouldn't be able to run away from responsibility anymore.

The Alchemists around this place started to whisper, they all whispered when they saw what was happening, they couldn't believe that Mao Chao had this kind of character, this was embarrassing for an Alchemist to have a Tier 6 badge.

Mao Chao was very angry with what Ye Chen did, Ye Chen had ruined the reputation he had built in just one night.

"Bastard I will kill you" Mao Chao had completely lost control of himself, Mao Chao rushed towards Ye Chen and intended to kill him.

Everyone couldn't believe that Mao Chao would directly attack Ye Chen in this manner, this man was truly so evil.

"Mao Chao, stop right now" Fairy Zhen tried to stop Mao Chao, she tried to stop Mao Chao from hurting Ye Chen, too bad Mao Chao's moves were one step faster than Fairy Zhen, Fairy Zhen didn't have time to stop Mao Chao.

"Die" Mao Chao attacked Ye Chen using his full strength, he used a fire blow to attack Ye Chen.

Ye Chen couldn't help but shake his head when he saw Mao Chao's stupidity, this man was very, very stupid for trying to fight against him.

Ye Chen clenched his fist, Ye Chen launched an extremely fast attack towards Mao Chao.

"Poow. ." Mao Chao was hit by Ye Chen, Ye Chen's attack speed could not be anticipated by Mao Chao.

As a result, Mao Chao was flown towards the wall in this stadium, the stadium wall was hollow because it was hit by Mao Chao's body.

The spectators and Alchemists in this place fell silent when they saw this scene, they couldn't believe that Mao Chao was defeated by Ye Chen with a single blow.

Ye Chen's punch just now was strong enough, Mao Chao shouldn't be able to withstand Ye Chen's strong blow.

The Ye Chen now was not the Ye Chen of the past, neither his physical strength nor his cultivation strength was strong enough to fight against people at the middle-rank stars, so someone like Mao Chao was no match for Ye Chen.

Fairy Zhen was silent when she saw Ye Chen who had hit Mao Chao, Fairy Zhen also just found out that Ye Chen was strong, Ye Chen's strength could even defeat someone like Mao Chao in one hit.

Even though Mao Chao wasn't very strong, but Mao Chao's strength should be at the level of an elder in the outer court, so it wasn't strange that Fairy Zhen was quite surprised by this matter.

"I think I worry too much about him" Fairy Zhen was probably too worried about Ye Chen, Ye Chen seemed to be able to protect himself from harm.

Mao Chao fainted on the spot, all his teeth fell out and his face was damaged by Ye Chen's heavy blow.

Everyone gave Ye Chen a round of applause, they were again shown a shocking spectacle by Ye Chen.

Most of the audience was happy with what Ye Chen did, what Ye Chen did was something they had never seen.

While some people didn't like Ye Chen, they didn't like Ye Chen because they had already lost quite a lot of bets, it could be said that these people hated Ye Chen for winning the competition.

they didn't expect a loser to become a winner, this was beyond the expectations of everyone in this place.

" thank you . . . , thank you . . . , thank you" Ye Chen started to celebrate, himself doing a victory pose in front of everyone.

"This is your gift" Gou Teng came to Ye Chen, this old man gave a present to Ye Chen.

The gifts that Ye Chen got were a badge and a box with some pretty decorations.

Chapter 1326 - Damn It, How Did He Get The Attention Of Those Two Beauties

"Thank you very much" Ye Chen thanked and accepted the gift from Gou Teng, he was grateful for what Gou Teng gave him.

"You deserve this, you have a very, very extraordinary ability," Gou Teng said that Ye Chen had very great ability, Ye Chen was a talented young man that Gou Teng had met.

Ye Chen only smiled as he listened to what Gou Teng said.

"Ye Chen congratulations on your victory" Fairy Zhen came to Ye Chen, she congratulated Ye Chen.

As a master, Fairy Zhen had to do this, otherwise, it would be something wrong.

"Master, thank you very much for your guidance, otherwise I would not have come to this point," Ye Chen said to Fairy Zhen.

Fairy Zhen nodded to Ye Chen, Fairy Zhen was very satisfied with Ye Chen's results.

Fairy Zhen was not wrong when she brought Ye Chen to attend this event, Ye Chen had made Fairy Zhen proud.

"Little brother congrats on your victory, I'm happy with that" Yan Fei came over, herself came and hugged Ye Chen.

"ehhhh! ! !" All the men shouted when they saw Yan Fei suddenly hugging Ye Chen, all the men looked annoyed and filled with jealousy when they saw Yan Fei hug Ye Chen.

"What are you doing, let him go" Fairy Zhen immediately stopped Yan Fei, it was obvious that Fairy Zhen was still jealous when she saw Yan Fei hugging Ye Chen.

"What's wrong, is there a problem with that, I just want to give it a little gift," said Yan Fei to Fairy Zhen.

Yan Fei didn't back down, she told Fairy Zhen that she wanted to give a present to Ye Chen.

"This Vixen, she is annoying." Fairy Zhen started to lose her composure, she started to use her power to intimidate Yan Fei.

After Dual Cultivation with Ye Chen, Fairy Zhen was currently at the first stage of the Divine Preceptor Realm.

Fairy Zhen was an Alchemist so she rarely had time to increase her strength, it wasn't strange that she wasn't strong in the cultivation base.

So intimidating Yan Fei is very easy for Fairy Zhen to do.

Yan Fei himself is currently still at the 4th stage of Divine Monarch Realm, it seems very clear that the difference in their strength is quite far, if these two fought then it was certain that Yan Fei would suffer under Fairy Zhen

"Damn it, how did he get the attention of those two beauties" the male audience started cursing Ye Chen, it was obvious that they were very envious when they saw Ye Chen getting the attention of Yan Fei and Fairy Zhen.

Fairy Zhen and Yan Fei are both beautiful and seductive, both have charms that can make men become attracted to both of them.

Some men might still not know Fairy Zhen, but after seeing Fairy Zhen, they immediately fell in love with the beauty of a Milf like Fairy Zhen.

"Stop fighting anymore" Seeing Fairy Zhen who was starting to lose control, Ye Chen immediately stopped the two of them.

If the two of them were to do battle in this place, then it would be something very troublesome for Ye Chen.

Fairy Zhen finally calmed down when she heard Ye Chen's request.

"Little brother, your master is really scary" Yan Fei complained to Ye Chen that Fairy Zhen was very scary, Yan Fei was afraid of Fairy Zhen.

"what did you say?" Fairy Zhen heated up again when she heard what Yan Fei said.

Ye Chen couldn't help but shake his head, the two of them were really like a cat and mouse that always bickered when they were close to each other.

"Big sister Yan Fei, please don't joke anymore, if you get beaten up, I won't help you," Ye Chen told Yan Fei not to play around anymore.

"Okay, I understand" Yan Fei nodded to Ye Chen that he would no longer play games with Fairy Zhen.

Ye Chen began to feel unpleasant gazes around himself, Ye Chen received unpleasant gazes from the audience who were around this place.

Ye Chen could understand why he was getting this kind of stare, this must be because of what Yan Fei did earlier.

Ye Chen felt that he had to leave this place immediately, Ye Chen could feel a bad feeling if he continued to be in this place.

Many Alchemists tried to get acquainted with Ye Chen as well as Fairy Zhen, they all wanted to know the method that Ye Chen had just used.

Ye Chen chased these people away, he didn't want to share the method he just used with these people.

These people didn't even help him when he was dealing with Mao Chao so why did Ye Chen give them his methods.

Yan Fei and Fairy Zhen immediately left together with Ye Chen, both of them headed out of the stadium.

When Ye Chen, Yan Fei, and Fairy Zhen came out, they were being chased by people, Ye Chen, Yan Fei, and Fairy Zhen were now like idols being chased by fans.

Meanwhile, Mao Chao is currently being taken to a medical facility for treatment, after this Mao Chao must take responsibility for what he has done.

What Mao Chao did had tarnished the dignity and honor of the Alchemist Association, so Mao Chao would be in court to determine what the Alchemist Association would do to Mao Chao.

Mao Chao was completely oblivious to what was happening, he was completely unconscious from Ye Chen's blow.

Ye Chen took Fairy Zhen and Yan Fei to the inn that Ye Chen and Fairy had ordered.

"Ye Chen, why did you bring that woman into this place?" Fairy Zhen asked why Ye Chen wanted to bring Yan Fei to this place.

"You don't have to worry, we can just leave her in this place for a while, let the situation outside cool down a bit," Ye Chen told Fairy Zhen the reason why he let Yan Fei be in this place.

"It's up to you" Fairy Zhen snorted coldly at Ye Chen, she gave a cold snort of dissatisfaction when she saw Ye Chen who brought Yan Fei to this place.

It seemed Fairy Zhen was still not comfortable letting Yan Fei get too close to Ye Chen.

Ye Chen couldn't let this matter continue, he had to let the two of them get along with each other, otherwise, this would become a problem in the future.

"You two can you two get along a bit with each other, I don't like seeing you act like this" Ye Chen told Fairy Zhen and Yan Fei that he didn't like the attitude that Fairy Zhen and Yan Fei showed.

Fairy Zhen and Yan Fei looked at each other, neither of them expected that Ye Chen didn't like the attitude they showed to each other.

"Then I will try to get to know each other" Yan Fei said that he was trying to get to know each other.

"Okay, I'll give it a try too" Seeing Yan Fei trying to steal her start, Fairy Zhen had no choice but to cooperate in this matter.

If she continues to refuse, then it will be something that Ye Chen hates, Fairy Zhen doesn't want Ye Chen to hate her, so now Fairy Zhen can only give in for the time being

Chapter 1327 - Surprise Attack From An Unknown Enemy

"Very good, I'm glad to hear that" Ye Chen was satisfied with the answers given by Yan Fei and Fairy Zhen, this answer was what he wanted.

"Okay then let's see what prizes we get" Ye Chen was very curious about the prizes he got, he wanted to know what kind of prizes he got from winning the competition.

Ye Chen didn't care about the victory badge he got, Ye Chen was more focused on looking at the contents in the box.

"Ye Chen don't throw it away" Fairy Zhen immediately scolded Ye Chen, she scolded Ye Chen for throwing away the victory badge she got.

" So what?" Ye Chen asked Fairy Zhen, Ye Chen wanted to know why Fairy Zhen forbids throwing this thing away.

"That's because it's very useful, with it you can do things very easily while in the associations that exist throughout the God Realm," Fairy Zhen told Ye Chen about the function of the victory badge he got.

"Oh, I see." Ye Chen didn't expect this badge to have such an extremely valuable use.

"You better not throw it away," Fairy Zhen told not to throw it away, Ye Chen can keep it, who knows it will be useful for the future.

Ye Chen nodded, he will keep this thing, in the future, it will be very useful for him.

After saving the victory badge, Ye Chen immediately focused on the box he got, Ye Chen opened the box and looked at the contents inside.

Fairy Zhen and Yan Fei were also curious about the contents in the city, both of them wanted to know what was in the box.

When Ye Chen opened the box, inside the city there was a blue plant that was very similar to Ice, this plant emitted a cold air that was piercing enough to make the surrounding water freeze.

"A spirit frozen glacier" Fairy Zhen and Yan Fei immediately said when they both saw the plant in the box.

"This medicinal plant is quite rare, it is a medicinal plant that can be directly used by someone with Ice cultivation, it will instantly increase their strength significantly once they use the frozen glacier spirit.

"Not bad." Ye Chen felt that this was quite good, this prize was already very good for the Alchemist tournament class for juniors.

"Why would they give you something like that, isn't it useless to you?" Fairy Zhen didn't know why the Alchemist Association gave this to Ye Chen, it shouldn't be of any use to Alchemist.

Alchemists are cultivators who cultivate using fire techniques as a medium for them to be able to make a pill, rather than giving something like this, the Alchemist association should give an Alchemist something that can be used to increase the power of fire.

"No problem, this is very good, I can give this to someone in need." Ye Chen said that it was very good, it could be used by Mu Nianci, Xia Qingyu, or Mu Xueying.

"Hemm, the needy person, who is it, male or female" Fairy Zhen immediately asked who Ye Chen meant.

"Of course it's a woman," Ye Chen said to Fairy Zhen, Ye Chen seemed honest when he told Fairy Zhen this matter.

"Hemp. . ." Fairy Zhen gave a cold snort again, she seemed jealous of what Ye Chen did, this man is a greedy Playboy.

Ye Chen just smiled when he saw Fairy Zhen's jealousy, Ye Chen was getting used to Fairy Zhen's attitude.

Ye Chen looked through the next gifts, the next reward was only Profound Crystals that could be used to cultivate and also buy things.

Among all the items, Ye Chen felt that the best was the frozen glacier spirit, besides that it looked very normal to Ye Chen.

Ye Chen, Yan Fei, and Fairy Zhen were chatting casually, Ye Chen tried to create an atmosphere to improve the relationship between Fairy Zhen and Yan Fei.

Ye Chen could only hope that the two could be on good terms, that was the only hope that Ye Chen wanted.

With Ye Chen's experience, Ye Chen should be able to easily get to know two of them, Ye Chen used a topic that could make the two of them very close.

With a little spice given by Ye Chen, Fairy Zhen and Yan Fei were finally able to chat casually, both of them starting to forget what had happened to them earlier.

"Tap. . ., Tap . . ., Tap" While Ye Chen, Fairy Zhen, and Yan Fei were chatting, Ye Chen heard footsteps from a distance, it was obvious that these footsteps were on the roof of the inn.

"Everyone, be careful, it looks like something is going to happen," Ye Chen told Yan Fei and Fairy Zhen to be alert, he felt the threat of danger approaching.

Above the inn were several people in black clothes like assassins or evil bandits, they were currently near the room that Ye Chen had rented.

"So this is the place, then it's time to kill people and take what the superiors ordered" This man was ordered to kill Ye Chen and bring the object that belonged to Ye Chen.

"Boom. . ." these people attacked Ye Chen's room, they all attacked the room where Ye Chen, Fairy Zhen, and Yan Fei were.

They used extremely powerful attacks to attack Ye Chen, these people were intent on killing Ye Chen.

Ye Chen, Fairy Zhen, and Yan Fei dodged to the side, thanks to the warning given by Ye Chen they all managed to dodge the surprise attack launched by these unknown people.

"Who are they?" Ye Chen wanted to know who the people who attacked him were, they looked very strange.

"Master, they are coming" Chu Yuechan warned Ye Chen that these people were coming to attack Ye Chen.

Ye Chen immediately became wary of himself and rushed forward to fight these people.

" One Hundred Thousand Fire Swords" Ye Chen used his technique, thousands of swords instantly appeared around this place.

Ye Chen moved his hand, when Ye Chen did this, the fire sword shot straight towards the enemy.

The enemy seemed stronger than Ye Chen imagined, they all repelled the One Hundred Thousand Fire Swords attack launched by Ye Chen.

They made a barrier of wind and fire, this barrier was strong enough to withstand an attack from Ye Chen.

"They're pretty good." Ye Chen could see that his opponent looked skilled and quite experienced.

It was seen when they all managed to fend off the attacks launched by Ye Chen.

"Ye Chen, I will help you" Fairy Zhen took the initiative to help Ye Chen, she immediately used her profound fire to attack the enemy.

"Rain Flame Smelter" Fairy Zhen's used her technique, a rain of fire began to rain down on the enemy in front, rain of fire

This is extremely deadly, it melts everything it touches or hits directly with this rain of fire.

The temperature of this place became very high, this was because the rain of fire fell so hard that it made a very large stream of fire.

When Fairy Zhen started to attack, the enemy's barrier started to melt slightly, it was obvious that the enemy's barrier had started to melt because it was unable to withstand the combined attack of Ye Chen and Fairy Zhen.

"I will also help attack, Sun Flame Wing" from Yan Fei's back began to appear very large bird wings, these wings emit heat radiation that is aimed at the enemy.

The Sun Flame Wing was the first level of cultivation technique given by Ye Chen, the impact of this attack was quite extensive, it was an AoE grade technique.

Chapter 1328 - Code Name 111 (1)

Because Yan Fei's attack was a fairly extensive AoE attack, several buildings were affected by Yan Fei's attack.

Several people were forced to leave and evicted from their homes, luckily it was daytime so not many people were at home.

"Big sister Yan Fei, you have to restrain your strength a little, lest you destroy this district," Ye Chen told Yan Fei to hold back even more, lest Yan Fei destroys this place.

"I'm sorry, it seems I was too excited," Yan Fei said that she was too excited.

It just so happened that Yan Fei was willing to try the cultivation technique given by Ye Chen, she was very excited when she used her technique against the enemy.

The combined attack of Ye Chen, Fairy Zhen, and Yan Fei was quite strong, this made the enemy's defenses begin to erode.

"Senior, the three of them seem very strong" People started to worry, they were all worried when they saw Ye Chen, Fairy Zhen, and Yan Fei who had immense strength.

"You are useless, I will face them all" a man who has a good body stepped forward, and his body began to emit a very strong green aura.

"This sensation, poison user?" from his aura alone Ye Che could tell that this was a poison user, Ye Chen could sense that this was a fairly strong poison user.

Poison began to spread around this place, floors, debris, and buildings began to melt when faced with the extremely powerful poison.

"Terrible poison, if exposed to it will be very dangerous" Fairy Zhen became very wary, the enemy is a poison user who is quite strong, if they are careless a little they will immediately lose.

"All of you stay alert, don't be careless" Ye Chen told Yan Fei and Fairy Zhen not to be careless, if they let their guard down, then they would most likely get into a problem.

Honestly, Ye Chen didn't like it when he was faced with a poison expert, he quite hated it when he had to deal with a poison expert when there were vulnerable people around him.

Yan Fei and Fairy Zhen nodded, they would try to be careful when fighting the enemy.

"You all will die" the man with the poison said that Ye Chen and everyone else in this place would die.

This person is starting to control the poison that he has, he is controlling the poison like he is controlling water.

The poison quickly moved towards Ye Chen, Yan Fei, and Fairy Zhen, the poison moved at an extremely fast speed.

In an instant, a pool of poison was already in front of Ye Chen, it was trying to catch Ye Chen.

Ye Chen waved his hand, when Ye Chen waved his hand, the poison in front of him instantly froze into ice.

"Eh. . ." Fairy Zhen, Yan Fei, and the poison users were surprised when Ye Chen could use the power of Ice.

"How can he use the power of ice, doesn't he cultivate fire?" Fairy Zhen looked confused by this, she was confused when she found Ye Chen who could use the power of Profound Ice.

The poison user immediately used his power to melt the frozen poison, unfortunately, the poison was still not strong enough to instantly melt Ye Chen's Ice.

It would take a long time to destroy the ice, so poison users had no choice but to let this continue.

The poison user decided to use the remaining poison to kill Ye Chen, himself controlling his poison to catch Ye Chen.

"I won't let you do that again, taste this." Fairy Zhen wouldn't let this person attack Ye Chen, she shot several small fireballs at the enemy.

"Boom. . ., Boom . . ., Boom . . ., Boom . . .," several explosions occurred as Fairy Zhen unleashed her attacks.

A cloud of very thick smoke enveloped this place, this smoke was the result of the burning poison that occurred.

"Don't do that, it will harm us instead?" Ye Chen told Fairy Zhen that what he did would harm them.

"sorry" Fairy Zhen apologized, Fairy Zhen didn't know that this would happen, she just wanted to help Ye Chen not to get poisoned

"No problem," Ye Chen told not to worry about this matter, all they have to do now is defeat the enemy, no both argue with each other.

Ye Chen waved his hand when Ye Chen waved his hand, a strong wind blew the poison smoke away from this place.

Ye Chen used his poison power to expel the poisonous smoke from the burning, he did this to save them from the poison.

Yan Fei and Fairy Zhen were again amazed by what Ye Chen did, both were surprised by Ye Chen's ability.

Fairy Zhen and Yan Fei started to wonder how many abilities Ye Chen had, why did Ye Chen have so many absurd abilities.

"What are you ?" the enemy started to wonder too, he looked confused by Ye Chen using so many elements at one time.

"You guys have been after me, you should know who I am," Ye Chen said to his enemy, because he was being targeted, the enemy must have known who he was.

"Bastard, you are so impolite, I will make you suffer torture in your death," said the poison control man to Ye Chen.

The poison control man is one of the people sent by the Code Breaker organization, he has Code name 111 who is a poison user who can kill without leaving a trace, that's why he was sent to kill Ye Chen and take the Solar Stone in Ye Chen's hand.

Code name 111 launched an attack towards Ye Chen, a huge poison wave headed straight for Ye Chen.

"Frost Nova" Ye Chen's used his instant freeze, this freeze instantly froze the wave along with Code name 111.

"senior" people from the Codebreaker organization immediately shouted when they all saw their seniors being frozen, if their seniors alone couldn't fight Ye Chen, then that means they won't be able to win against Ye Chen.

"done" Ye Chen was relieved that he had managed to finish off one of the most annoying people, now it was just a matter of finishing the rest.

" little brother, that was great, now let the rest of us take care of it, I will find out the person who framed us" Yan Fei stepped forward, she took the initiative to attack the remaining enemies.

Yan Fei also wanted to find out who these people were, she would find out who had bad intentions towards Ye Chen.

Without waiting for Ye Chen's reply, Yan Fei immediately charged forward, Yan Fei immediately charged forward and attacked the rest of the enemies.

"Argh. . . .," the rest of the enemies screamed when they received an attack from Yan Fei, it was obvious that they were unable to withstand the attack coming from Yan Fei.

Just a little flap of fire wings alone can make all enemies panic and confused.

Yan Fei smiled when she saw this, he smiled when he saw the enemy who was defenseless when she received her attack.

Yan Fei didn't kill these people, she wouldn't kill these people because she still needed these people to be interrogated.

" Cracks" suddenly heard a very loud cracking sound, Code name 111 is currently free from the Ice prison that has locked him up.

"Feel this" Code name 111 immediately attacked Yan Fei who was nearby, it just so happened that Yan Fei was nearby.

"Watch out" Ye Chen immediately warned Yan Fei to watch out for Code name 111 being released.

Chapter 1329 - Code Name 111 (2)

Unfortunately warned Ye Chen a little too late, Code name 111 directly attacked Yan Fei with his poisoned palm.

"pow" Yan Fei was hit by the attack from Code name 111, Yan Fei was knocked to the ground by the attack just now.

Yan Fei was injured from the attack just now, the attack just now seemed to contain a lot of poison.

"feel it" Code name 111 looked happy when he managed to bring down Yan Fei.

"It's bad, she got poisoned" Fairy Zhen became worried about Yan Fei's condition, she was worried about Yan Fei's condition being poisoned.

"You" Ye Chen looked very angry when he saw what happened to Yan Fei, he was very, very angry about this.

Ye Chen started to give off an extremely terrifying aura, it was obvious that Ye Chen was annoyed with what had happened.

"Ye Chen?" Fairy Zhen tried to summon Ye Chen, she didn't expect that Ye Chen had such enormous power.

Ye Chen immediately advanced towards the enemy, himself directly hitting Code name 111 in front of him.

"Pow. . . , Pow . . . , Pow . . . , Pow . . . " Ye Chen landed hundreds of punches on Code name 111's body, Ye Chen used his full strength to hit Code name 111. Code name 111's

The body was in the air, it could be seen that he continued to receive hundreds of punches from Ye Chen.

"Impossible, how can this be" Code name 111 was shocked when he saw what had happened to him, Code name 111 now couldn't do anything but take Ye Chen's attack.

Code name 111's body was crushed by Ye Chen's attack, his bones, and internal organs were hit by Ye Chen's fatal attack.

"Boom" Code name 111's body hit the ground very hard once a huge crater appeared right in the middle of this city.

Ye Chen couldn't hold back his strength anymore, this made buildings and various places destroyed by the impact of Ye Chen's attack.

The earthquake can also be felt by the people around this city, they can feel the impact of Ye Chen's attack on Code name 111.

"Gahhh, bastard. . ." Code name 111 rose from the ground, he rose from the ground with several broken and broken parts.

Strangely Code name 111 was still able to get up even after parts of his body were badly crushed.

This is a very big question mark, how can something like this happen, this is something strange.

Code name 111's body began to melt like a heated wax, his body began to turn into poison.

Code name 111 was now a pool of poison, he was now a sizeable pool of poison.

"You are the one who forced me to show this form, be prepared to receive my wrath" the voice belonging to Code name 111 echoed very loudly, this voice was so big it was almost like the voice of a giant.

Code name 111 began to turn into a large monster that has a height of 100 meters and a width of tens of meters, he is so very large that it can cover a part of the city.

Ye Chen didn't care that even if his opponent had turned into a terrible big monster, he would kill the person who had hurt Yan Fei.

Ye Chen had again let the people closest to him become victims, so it wasn't strange that Ye Chen was furious with this person.

"Wife, quickly take Yan Fei away from this place, I will immediately finish this person," Ye Chen told Fairy Zhen to take Yan Fei away from this place.

"Okay" Fairy Zhen nodded, she immediately left and took Yan Fei to leave this place.

Fairy Zhen took Yan Fei, she took Yan Fei away from this very dangerous battlefield.

Before leaving, Fairy Zhen didn't forget to look back, she hoped that Ye Chen would be fine.

"Ye Chen, don't lose" Fairy Zhen prayed that Ye Chen could win the match against Code name 111.

"How arrogant, I will kill you" Code name 111 became angry when he heard Ye Chen insult him, Code name 111 immediately reached out his hand to pat Ye Chen.

By now Code name 111 had turned into a monster, so his strength should also increase quite a bit.

"Slashes. . ." when Code name 111's hand wanted to reach Ye Chen, suddenly a flash of lightning appeared, this lightning instantly cut off Code name 111's hand

"Gah . . ." Code name 111 screamed in pain as his hand was cut off, by a flash of extremely fast lightning.

In his hand, Ye Chen is currently holding the Divine Yin Yang Sword, before, Ye Chen used the Divine Yin Yang Sword to cut offhand. Code name 111's

"Just watch out for you, I will devour you," Code name 111 said that he would devour Ye Chen's body and turn it into his poison weapon.

Code name 111 tried to recover his arm which Ye Chen had just cut off, when Code name 111 tried to do that, he found that his hand couldn't recover.

"Impossible" Code name 111 was surprised when he saw this, something like this had never happened to him.

He should have been able to regrow the part of the poison that Ye Chen had just cut off, but now his hand couldn't go back to how it was before.

"Are you ready to die?" Ye Chen said to Code name 111, Ye Chen didn't bother explaining what happened to Code name 111, his goal now is to kill Code name 111 and take revenge for what he did to Yan Fei .

"I will not die, I will complete the mission to kill you" Code name 111 said that he would complete his mission to kill Ye Chen.

"Too bad, your mission will end here" Ye Chen swung his sword, he again cut the body of Code name 111.

The poison body of Code name 111 was cut into several pieces.

"Gah . . ." Code name 111 roared in quite a loud voice, it seemed like Code name 111 could feel the pain from Ye Chen's attack.

Code name 111's huge body fell to the ground, pieces of poison scattered around this place.

Ye Chen snapped his fingers, he immediately froze the poison liquid around this place, even a part of Code name 111's huge body was frozen.

Code name 111 is now on the verge of despair, he can no longer escape because Ye Chen has blocked the escape route.

Ye Chen flew to the top of Code name 111, he was now a few meters above Code name 111's body.

"Do you feel fear and despair?" Ye Chen asked Code name 111.

"I've thrown away the fear and despair that I have, so nothing can scare me, even if it's death".

Code name 111 has been trained to be a killing machine, this guy doesn't have the slightest bit of fear in his life, he knows that at any second he could die while doing his job.

"So it's like that, then I won't waste time with you anymore" Seeing Code name 111 has no fear, there's no point in Ye Chen keeping this person alive.

Ye Chen swung his sword, he slashed at the heart of Code name 111.

"Gah . . ." Code name 111 screamed in pain when Ye Chen's heart was crushed, Code name 111 instantly died on the scene.

After killing Code name 111, Ye Chen immediately went to see Yan Fei, he immediately went to see how Yan Fei was.

Chapter 1330 - Cure Yan Fei

After solving all the problems in this place, Ye Chen immediately went to see how Yan Fei was, he wanted to know how Yan Fei situation.

Ye Chen very easily found the whereabouts of Fairy Zhen and Yan Fei, it just so happened that both of them were not far from the battleground.

Currently, Yan Fei's body looks very pale, there are some black spots visible on Yan Fei's skin, this must be the poison that is in Yan Fei's body.

"How is the condition?" Ye Chen asked how things were from Yan Fei to Fairy Zhen.

"Ye Chen, I've used several methods to do healing, unfortunately, it's a bit difficult to get rid of all the poison in her body," Fairy Zhen told Ye Chen that she was having a hard time getting rid of the poison in Yan Fei's body.

Fairy Zhen had already used various pills of hers on Yan Fei, unfortunately, the pills given by Fairy Zhen were not used too much, the poison from the enemy was much stronger than the antidote that she had.

"So it's like that, then let me cure her." Ye Chen said that he would try to cure Yan Fei.

Ye Chen took out his set of medical equipment, he wanted to expel the poison in Yan Fei's body.

"Please hold her for me," Ye Chen told Fairy Zhen to help hold Yan Fei's body.

"okay" Fairy Zhen helped Ye Chen, she helped Ye Chen hold Yan Fei's body.

Ye Chen started to treat Yan Fei, himself using his needle to push the poison in Yan Fei's body.

" cough . . ." the moment Ye Chen started to use his profound energy, Yan Fei immediately coughed, he coughed and spit out the poison that was in his body.

"This seems to be working" Fairy Zhen continued to see what Ye Chen was doing, she was observing what Ye Chen was doing.

Fairy Zhen didn't expect that Ye Chen had such a great ability, Ye Chen's ability was quite extraordinary, Fairy Zhen's view of Ye Chen became even bigger.

Yan Fei kept vomiting, she vomited all the poison in her body, the poison Yan Fei had suffered was very severe, this was evident from how much Yan Fei had expelled.

Luckily Ya Fei was strong enough, If normal people suffering from this kind of thing, they would die instantly.

After a while, Yan Fei finally returned to normal, her body and face returned to normal as before.

" Is it done?" Fairy Zhen asked if Ye Chen had finished curing Yan Fei.

"I'm done, she should be fine" Ye Chen informed that Yan Fei would be fine.

"That's great." Fairy Zhen nodded in satisfaction, it seemed that the situation had been completely handled by Ye Chen.

"Um. . . ." Yan Fei started to wake up, she slightly opened her eyelids and looked at Ye Chen and Fairy Zhen.

"How are you feeling, is there something uncomfortable with you?" Ye Chen asked Yan Fei, he wanted to ask how is Yan Fei's current condition.

"Little brother my body is very hot, it feels very uncomfortable" Yan Fei started to mutter softly to Ye Chen, she felt that her body felt hot and uncomfortable.

Yan Fei's face started to turn red, she started to feel the changes within her.

Ye Chen was a little confused when she got this kind of answer from Yan Fei, she didn't know why Yan Fei could be like this.

Ye Chen checked Yan Fei's condition again when Ye Chen checked Yan Fei's condition, Ye Chen found that Yan Fei's body had slightly changed.

"How can it be like this" Ye Chen really couldn't believe that this could happen.

" what is it?" Fairy Zhen immediately asked Ye Chen, she wanted to know what happened to Yan Fei.

"Her current condition is like being under the influence of an aphrodisiac." Ye Chen said that her current condition was like being under the influence of an aphrodisiac.

"Uh. . ." Fairy Zhen also looked very surprised when she heard this, she looked very surprised when she found out this news from Ye Chen.

"How did that happen" Fairy Zhen couldn't understand how this could happen.

"Maybe the poison just now contained some mixed aphrodisiacs." Ye Chen speculated that the poison just now contained a lot of dangerous ingredients, there might be several aphrodisiacs mixed to make an extremely terrifying poison.

"That's a pretty reasonable reason indeed." Fairy Zhen felt that it was a very reasonable reason.

"Ye Chen you better heal her," Fairy Zhen said that Ye Chen had to heal Yan Fei.

"Are you sure?" Ye Chen asked Fairy Zhen, Ye Chen didn't expect Fairy Zhen to be so good like this.

"Of course" Fairy Zhen immediately answered Ye Chen, she didn't think long when she said those words.

"Wife, thank you very much. . ." Ye Chen thanked Fairy Zhen for allowing it.

"Uh. . ., thanks for what ?" Fairy Zhen started to feel something wrong, she started to feel something wrong from Ye Chen's words.

"Of course with what you said, I didn't expect that you would be so good to me," Ye Chen told Fairy Zhen that he was very kind to her.

" Wait, explain what you mean." Fairy Zhen asked Ye Chen to explain what he meant.

"That didn't you just let me be with her," Ye Chen said to Fairy Zhen.

"You, don't tell me you want to do that with her" After a while, Fairy Zhen finally realized what the current situation was like.

"That's right, that's exactly what I wanted." Ye Chen told that that was what he wanted, it was a way to cure Yan Fei's condition.

"No, I won't allow you" Fairy Zhen would not allow Ye Chen to do that, she would not allow Ye Chen to do such a thing with Fairy Zhen.

"Didn't you agree before, how could you change your mind so quickly?" Ye Chen said to Fairy Zhen.

Ye Chen started to complain that Fairy Zhen changed her mind so quickly.

"I don't care, you don't have to do that, we can find a man for him," Fairy Zhen told Ye Chen to find a man for Yan Fei.

"-_-"" Ye Chen didn't expect Fairy Zhen to have such crazy thoughts, this would be the same as getting Ye Chen a green hat.

"Instead of giving it to someone else, it's better for me," Ye Chen said to Fairy Zhen, Ye Chen wouldn't let Fairy Zhen do that, he wouldn't let Yan Fei be owned by someone else.

Ye Chen wouldn't let anyone snatch Yan Fei away from him, Yan Fei who was a Glamorous, Sexy, and beautiful woman was something Ye Chen couldn't miss.

"You are very greedy, you already have me, but why do you even want another woman," Fairy Zhen said to Ye Chen.

"I have a special reason for that matter," Ye Chen told that he had a special reason for doing that.

"What kind of special reason? if your explanation doesn't make sense, then I won't believe it" Fairy Zhen said that she wouldn't believe what Ye Chen said.

"Yuechan, I will put her in the fairy gate, you better explain to her, I will go and start helping Yan Fei," Ye Chen asked Chu Yuechan to explain the current situation to Fairy Zhen, Ye Chen was sure that Chu Yuechan would be able to explain the situation this well.
