

A True God 1361

### **Chapter 1361 - Martial Arts Competition Begins**

Mu Xueying was slightly displeased when she saw Luo Tian's presence, Mu Xueying didn't like Luo Tian's arrival at all.

"Xueying hello" Luo Tian greeted Mu Xueying, he tried to get close to Mu Xueying again.

Mu Xueying did not answer Luo Tian, ??Mu Xueying ignored Luo Tian who greeted her.

Luo Tian wasn't awkward when he saw Mu Xueying's attitude, it seemed that Luo Tian was used to being ignored by Mu Xueying.

All of the Peak Lords could only shake their heads when they saw what was happening, they all saw a great genius like Luo Tian being ignored by Mu Xueying, this was a very step move for everyone within the Sect to see.

In this Sect, who doesn't know the figure of Luo Tian, ??almost every disciple knows the figure of Luo Tian who is a genius, everyone knows about Luo Tian, ??there are even many women who like Luo Tian.

So it would be very surprising to see someone who dared to ignore Luo Tian like Mu Xueying.

"Greetings Lord Peak Ning" To save the face, Luo Tian had no choice but to greet Ning Xiang.

"Um. . ." Ning Xia nodded, Ning Xia received a greeting from Luo Tian.

Ning Xia still had to give a face to Luo Tian, ??so she had no choice but to accept this.

Mu Xueying was still indifferent, she still ignored Luo Tian who was nearby.

Luo Tian still didn't give up, he tried to get closer to Mu Xueying even though he knew that he would be rejected by Mu Xueying.

"Please don't disturb me," Mu Xueying asked Luo Tian not to disturb her, Mu Xueying just wanted to see this match peacefully.

If there was Luo Tian around her, Mu Xueying was very sure that if she couldn't calm down, Luo Tian would do some unpleasant things to her.

So it was better for Mu Xueying to kick Luo Tian out so as not to cause trouble for him.

Luo Tian didn't want to leave this place, he still insisted on staying here.

Mu Xueying couldn't do much when she saw what was happening, she couldn't do much because she couldn't force Luo Tian out using the strength she had.

Mu Xueying could only allow Luo Tian to be around herself, it was already good that Mu Xueying did not chase this person away.

From afar Ye Chen could see that Mu Xueying was in trouble, if Ye Chen could Ye Chen would chase away anyone who dared to disturb Mu Xueying.

Too bad Ye Chen couldn't do that, he couldn't do that because Ye Chen competed and away from Mu Xueying.

Plus it was still a public place, so Ye Chen couldn't expose his relationship with Mu Xueying.

"All of you have gathered and are complete" Li Minho came, he gave a welcome to all the participants who had gathered.

"I will explain the rules of this battle, all of you listen carefully," Li Minho said that he would explain the rules about the competition to be held.

All the participants listened to Li Minho's explanation, they all didn't want to miss out on important details that they needed to know.

The first rule is that participants are prohibited from leaving the arena when the battle is taking place, anyone who is thrown or intentionally leaves the arena will immediately be considered lost in the battle.

In addition, participants can only fly over the arena, if they fly outside the arena, then it is the same as being considered out of the arena.

All cultivators in this place could fly, if there were no rules like this, then it would be extremely difficult to get the opponent out of the arena.

The next rule is that participants are prohibited from using poisoned weapons, this is not allowed to do so.

Furthermore, the match will be stopped when the participant is unconscious or unilaterally surrenders or leaves the arena, as long as those conditions are not met then the match will continue.

All the participants listened carefully to Li Minho's explanation of the rules, now they knew what they were not allowed to do.

"All of you must have understood the rules that I mentioned earlier, now do your best, you look up there, Lord Peak will see the battle you are doing, so I hope you bring out the best you have potential" Li Minho hoped that all participants issued the best they have.

"ready . . ." All participants answered in a unified tone, they were all very excited to be chosen as core students.

"Okay, let's get started, you've got your schedule, then let's just start right away," Li Minho told the participants who got the earliest scheduled to go up to the arena.

All participants who get the earliest match schedule go into the arena, they see the opponent they are going to fight.

In each arena there is already a referee, he will oversee the matches that occur.

Since it was Ye Chen's turn last, Ye Chen had no choice but to wait and see what the other contestants were doing.

"where did Jeng Bimle go?" Ye Chen didn't see Jeng Bimle's whereabouts, it seemed that this person had disappeared somewhere.

"Ye Chen, how are you" a while after Ye Chen talked about Jeng Bimle, Jeng Bimle suddenly appeared near Ye Chen.

"Where have you been?" Ye Chen asked where was Jeng Bimle from.

"Hehehe, of course, he is trying to get close to my coveted woman." Jeng Bimle said that he was approaching Yu Nan.

"You don't want to give up," Ye Chen said helplessly.

"Hehehe, I just started, I can do it," Jeng Bimle said that he definitely could, Jeng Bimle was very confident in his ability to get Yu Nan.

"It's up to you, let's go and see the match that happened" Ye Chen took Jeng Bimle to see the match that happened.

"Come on" Jeng Bimle agreed with Ye Chen's invitation, the two of them started to see the battle that was taking place between the participants.

People also gathered to see the battles of their loved ones, they all watched the battles in each of the arenas.

Ye Chen and Jeng Bimle also looked around, they saw the battles in each arena.

All at once, Ye Chen wanted to analyze the combat strength of everyone in this place.

This battle was much faster than imagined, the battle ended very quickly because it was still the first round.

After 100 participants finished, finally another 100 participants came forward to fight.

The battle continued, everyone, watching every second of the battle taking place.

Ye Chen also saw everything, he managed to know what kind of strength the enemies he would face later on.

Jeng Bimle just happened to have fought, he managed to win very easily, his opponent happened to be a weak person, so Jeng Bimle was able to win very easily.

After a long wait, it was finally Ye Chen's turn to fight.

Ye Chen had been waiting for this battle for quite a long time.

Ye Chen's opponent was a man with a fairly large build, this man had quite good muscles and seemed to have strong physical strength.

"Both of you please come closer" the referee in the arena told Ye Chen and the muscular man to come closer.

Ye Chen and the muscular man approached, now they were only about 3 meters apart.

"Are you ready?" before starting the match the referee asked if both of them were ready.

"I am ready" Ye Chen and the muscular man said that they were ready for battle.

## Chapter 1362 - Tackle The Enemy To Win

"Ye Chen, fight" the women in the outer court encouraged Ye Chen, they all encouraged Ye Chen to fight the enemy with all their abilities.

Around Ye Chen's arena was filled with women, all the women fully supported Ye Chen.

Jeng Bimle gaped when he saw that Ye Chen had so many supporters, even though in his matches, Jeng Bimle had almost no female supporters willing to support him.

"He's great, it's not wrong he gave me advice in terms of love" Jen Bimle is increasingly convinced that Ye Chen has great abilities, this can be seen from the many women who support Ye Chen.

"It's so crowded, I can't believe that she has so many supporters with her appearance like that" Lord Peak of Black Rose Peak couldn't believe that Ye Chen would have so many supporters with his mediocre looks and strength, this scene was quite strange for a woman like that. Lord Peak of Black Rose Peak.

The ruler of the Black Rose Peak was called Mo Chiyi, she was quite beautiful with a black dress and a black flower on her chest.

In terms of appearance, Mo Chiyi was quite good, she was quite charming and seductive, although this was still far from Mu Xueying or Ning Xia.

"Looks like she has something interesting, otherwise how can she have so many fans like that" Yun Yang started to guess that Ye Chen had something interesting, otherwise how would these women be attracted to Ye Chen.

Yun Yang agreed with what Mo Chiyi said, Ye Chen was neither handsome nor strong, so it was strange that Ye Chen was quite popular among the female disciples in the outer court.

As long as Yun Yang stayed in the Sect, he knew very well the tastes of female disciples, they liked strong and handsome boys, so every strong and handsome male would definitely have many followers in this Sect.

The other Peak Lords didn't comment on this, they looked towards the other arena where the other participants were fighting.

Other Peak Lords weren't just on Ye Chen's fight, they were focusing on the other participants' battles to see what abilities they had.

"If you are ready, just start," the referee said to start this match.

After getting the signal from the referee, now the battle has started.

"Feel this" The muscular man advanced towards Ye Chen, he immediately hit Ye Chen with all the strength he had.

Ye Chen's analysis was spot on, the man he was fighting turned out to be a man of great physical strength.

"Bam. . ." the muscular man directly punched Ye Chen's body who was in front of him, it was a pity he only punched the arena floor.

Ye Chen had dodged before the attack came, so he was already quite a distance away from his enemy.

The muscular man again approached Ye Chen, he attacked Ye Chen using his full strength.

When the muscular man attacked Ye Chen, the muscular man found that he was only attacking empty air, Ye Chen again dodged his attack.

"Damn" the muscular man started to get angry when he saw Ye Chen who was continuously dodging all his attacks, he was angry because all of his attacks were avoided by Ye Chen.

"why do you just dodge, let's fight against" the muscular man invited Ye Chen to fight, he was angry when he saw Ye Chen who kept dodging his attacks.

"if you have the ability, why don't you just attack me" Ye Chen returned the words to the muscular man.

The muscular man was angry when he listened to what Ye Chen said, he was angry that Ye Chen had underestimated him.

"Watch out for you" The muscular man stepped forward, himself again attacking Ye Chen with a fierce and perfunctory attack.

Ye Chen dodged all the attacks from his enemies, himself casually dodged all the attacks from the enemies.

"Interestingly, his evasion ability is perfect." Yun Yang saw Ye Chen's evasion ability was perfect, this person was quite proficient in speed.

"His speed is good but he won't be able to win if he doesn't put up a fight" Mo Chiyi commented that Ye Chen wouldn't win if he continued like that, just dodging and not putting up a fight was a waste of profound energy.

"We'll see if he will counterattack, I don't feel that he will counterattack against the enemy." Yun Yang still didn't feel that Ye Chen was intending to counterattack.

"Xueying, why does he only dodge enemy attacks, doesn't he have any intention of defeating his enemy?" Ning Xia finally asked Mu Xueying about Ye Chen, why Ye Chen only avoided attacks from the enemy and did not provide any meaningful resistance to the enemy.

"Maybe he's just playing around." Mu Xueying answered Ning Xia's question very easily.

"Huh? playing" Ning Xia couldn't believe what she was hearing, she couldn't believe that Ye Chen would be playing in such a very important competition.

"Yes, he likes to do that." Mu Xueying told Ye Chen that she liked to do things like that.

Ning Xia did not understand Ye Chen's line of thought at all, how could he playing around in such an important place like this.

Currently, Ye Chen was constantly dodging his enemy's attacks, his enemy didn't have a chance to touch Ye Chen's clothes.

"Bastard, do you intend to fight or not" the muscular man roared towards the red, all the veins on his body showing as he roared at Ye Chen.

The muscular man was quite tired when he had to chase after Ye Chen, he was tired because until now he had not been able to catch Ye Chen.

Honestly, Ye Chen is very agile, everything he does is completely useless when he is faced with it.

"I don't want to fight, I just want to play with you," Ye Chen said to the enemy in front of him.

From the beginning Ye Chen only used the person in front of him as an object for training, he wanted to test his agility when using the Geoling Bracelet.

"Damn, you just want to play games, why don't you go somewhere else" the muscular man was furious when he listened to what Ye Chen said, apparently Ye Chen was just playing with him from the start.

"If you don't like it, you can come down, no one will stop you from coming down." Ye Chen invited the person in front of him to get off the arena.

"Who would do that?" The muscular man didn't want to do such a stupid thing, he also wanted to win over Ye Chen.

"If you don't want to, just go through with it all." Ye Chen said indifferently.

"Damn it" The muscular man was already very angry, he was furious with Ye Chen's insult.

The other participants had already finished fighting, only Ye Chen and the muscular man remained in the battle.

The muscular man had to do something, otherwise, he wouldn't be able to win against Ye Chen, Ye Chen would continue to dodge all his attacks.

The muscular man's body began to turn red, his entire body suddenly turning red.

A sizable amount of strength emanated from this person's body, it seemed that he had already started to use his full strength against Ye Chen.

"I will finish this as soon as possible" The muscular man would finish this as fast as he could, he would destroy Ye Chen using his full strength.

The muscular man had already used up all the Profound Energy on his body, now his speed, strength, and agility would increase after.

"So you're serious, then go ahead," Ye Chen told the muscular man to come forward and show his abilities.

"Just look at this" The muscular man stepped forward, he stepped forward and attacked Ye Chen who was in front of him.

"Blink" the muscular man's body disappeared, he displayed incredible speed.

In a matter of a few seconds, the muscular man was already near Ye Chen.

"So fast" the audience was taken aback by Ye Chen's opponent's speed, the opponent's speed was so fast that the inner court disciples couldn't see it.

Meanwhile, the inner court disciple could still slightly see the movements that the muscular man had.

"Die" the muscular man tried to punch Ye Chen with the full strength he had.

This power was enough to blow Ye Chen's body tens or even hundreds of miles away.

When the punch was only inches away from Ye Chen's body, Ye Chen instantly disappeared from where he was standing, the speed that Ye Chen displayed was much faster than that of a muscular man.

The muscular man hit the empty air again, he didn't hit Ye Chen's body.

"What ! ! !" The muscular man was again taken aback by what Ye Chen did, Ye Chen's speed again surpassed him.

"So fast, I can barely see it" Yun Yang could barely see the speed that Ye Chen had just displayed.

His eyes seemed to have a hard time seeing Ye Chen's speed.

"Incredible speed, it's not strange that he can get so many flags." Li Minh now understood why Ye Chen could get so many flags, it turned out that Ye Chen had an incredibly fast speed.

"Let's show all the abilities you have, don't make me laugh silly because you can't attack me," Ye Chen said to the muscular man.

"Just watch out for you, I will destroy you" the muscular man stepped forward, himself attacking Ye Chen more ferociously and blindly.

Ye Chen retreated and dodged every attack that was aimed at him.

This attack was so fast, some weak people couldn't even see the movement of the two of them.

Ye Chen led the opponent to the edge of the arena, Ye Chen was already at the edge of the arena and no longer had a running path.

"Hahaha, gotcha" the muscular man looked happy when he saw Ye Chen who was cornered, he used this opportunity to knock Ye Chen down so that Ye Chen would lose.

The muscular man unleashed his full strength to attack Ye Chen.

Ye Chen smiled evilly when he saw what the opponent was doing.

Ye Chen slightly sideways and used his feet to block his opponent's movement.

The muscular man was completely unprepared for what was happening, he was unprepared for Ye Chen's sudden attack.

Because he was tackled by Ye Chen, his balance was disturbed, he lost control and fell forward, Indirectly the muscular man fell from the battle arena.

"The match is over, participant 2048 wins this match." After seeing Ye Chen's opponent leaving the arena, the referee immediately stopped the match and announced that Ye Chen was the winner.

"Yay. ." Ye Chen's supporters cheered when they saw Ye Chen win the match, all the women looked happy when they saw Ye Chen's victory that was so easy.

Some people could only shake their heads when they saw how Ye Chen won the match, to be honest, Ye Chen won without even needing a strong attack. Ye Chen only needed a small strike to win over his opponent.

Ye Chen started to pose for victory, he was happy with the victory he got, it was very easy.

even Lord Peak could only shake their heads when they saw Ye Chen's victory.

Ye Chen's victory was very strange, Ye Chen won with just one strike.

"Quite smart, he purposely lures the enemy over the edge and tackles him right away, that's not bad" Yun Yang praised Ye Chen's intelligence.

"He's quite cunning too" Mo Chiyi felt that Ye Chen was very cunning, from start to finish he had played all the matches, even his enemies only played in the palm of his hand.

"If I were his opponent, it would definitely be a disgrace" Lord Peak of Dewdrop Peak gave a comment, he felt sorry for the enemy Ye Chen was fighting, what just happened was too embarrassing for Ye Chen's opponent.

### **Chapter 1363 - Ye Chen Vs Wei Zhou**

The ruler of Dewdrop Peak named Ru Maan, he felt compassion for the enemy that Ye Chen treated, it must be a shame to lose over such a ridiculous thing.

"Damn it, how can you do that" sure enough the muscular man immediately protested when he lost to Ye Chen.

"What's wrong?, I already beat you honestly so you just accept your defeat" Ye Chen had honestly beaten this person, so Ye Chen had no problem with this person.

"That's not what I meant, how can you beat me like that" the muscular man couldn't accept that he lost to Ye Chen in such a ridiculous manner, he lost to Ye Chen because his leg was tripped by Ye Chen's leg.

"It's not my problem, it's your problem for not being careful" Ye Chen said to the muscular man in front of him.

From the start it wasn't Ye Chen's fault, it was his fault for being too careless that Ye Chen easily knocked him down.

Ye Chen didn't feel guilty, he didn't feel guilty because he didn't defeat the enemy by underhanded means.

The muscular man could only grit his teeth, he was angry with Ye Chen's answer.

Honestly, he still doesn't accept that he lost in this way, the defeat he experienced was very ridiculous.

How could he lose by tripping and bouncing out of the arena, this was a very, very ridiculous defeat.

"The match is over, you better accept your defeat," the referee told the muscular man to accept his defeat, otherwise he would be against the rules.

"Okay, I understand" the muscular man was afraid of the threat given by the referee, so he couldn't help but accept this defeat gracefully.

"Next time I will beat you," The muscular man said that the next time he would beat Ye Chen, he vowed to do just that.

"I will wait for you," Ye Chen said that he would wait for the bald man who wanted to fight him, Ye Chen did not mind waiting for the arrival of the bald man who wanted to fight him.

The bald man left, he left feeling full of great disappointment, he was very disappointed with the defeat, it seemed his journey ended here and he had to train to wait for the next competition or be lucky enough to be recruited into one of the tops.

after a long battle, finally, there are 1024 participants left, they will return to fight to be able to advance to a higher level.

The 10 elite students in the inner court are still complete, they are all very easy

"I congratulate you on your achievements, you all have shown something great, I am happy to see the battles you do" Li Minho congratulated everyone the one who wins.

"All of you will return to battle, the committee will again randomize the enemy for each participant," said Li Minho to all the participants in this place.

All the participants wanted to know who they were going to fight, they were curious about the opponent they were going to fight next.

All the participants waited very patiently, they waited for the enemy to be given by the committee.

After waiting for some time, the battle schedule notification finally appeared.

Ye Chen was currently in the middle part of the schedule, so Ye Chen wouldn't wait too long for the next match.

"Ye Chen, look at that, all the elite disciples are in the first match." Jeng Bimle told Ye Chen that all the elite disciples would be fighting at the start.

"Where?" Ye Chen saw what Jeng Bimle was pointing at, when Ye Chen looked, he found that 9 out of 10 elite disciples would indeed compete in the beginning.

"Let's see" Ye Chen took Jeng Bimle to see the matches that the elite inner court disciples would play, this coincidence would be a very interesting spectacle to watch.

The audience couldn't wait to see the battle that was about to take place, they all couldn't wait to see the battle between elite disciples taking place simultaneously.

All of them will be battling a fairly strong enemy, in the list, these people are also in the top 50, so this battle will be very interesting.

Jeng Bimle pulled Ye Chen to an arena in which there was Yu Nan, it turned out that Jeng Bimle invited Ye Chen to see Yu Nan's match.

To be honest, Ye Chen already knew Yu Nan's abilities, so he wasn't too interested in Yu Nan's match.

Ye Chen was more interested in seeing the matches that the other elite inner court disciples had.

Yu Nan started to fight, her opponent was a woman using two flying discs as weapons.

Yu Nan jumped into the air, she made a move in the air while attacking the enemies below her.

The attack made by Yu Nan was quite aggressive, she attacked his enemy with a fairly destructive force.

"Ah. . .," very easily Yu Nan's enemy was overthrown and thrown out of the arena.

The match was so fast, the enemy didn't even have a chance to counter Yu Nan's attack.

"Wow, that's great." Jeng Bimle was quite amazed when he saw this, he saw that Yu Nan finished off his enemy very quickly.

"match is over, let's go" seeing the match over, there's no point in them staying here, they should watch the match from other participants.

"You just go, I will be here," Jeng Bimle told Ye Chen to go alone, he will be here and see Yu Nan.

"It's up to you" Ye Chen didn't say much and left Jeng Bimle, he looked around and saw the ongoing battle.

Just like what Yu Nan did.

Already finished fighting their enemy, they finished their enemy very quickly.

"What the hell, this isn't a match at all." Ye Chen didn't even have time to watch the match and it was all over, it really couldn't be watched.

Ye Chen couldn't help but grumble, he could only watch the matches of the unfinished contestants.

The first contestants were very hard and fast, they all ended this match very quickly, it was like they were fighting time against other participants.

They all displayed their power and dominance to be glimpsed by Lord Peak who was in this place.

"Never mind there's nothing to see, it's better to just chat with someone" Ye Chen had given up, it seemed that he wouldn't be able to watch this match, everything was going so fast that it seemed boring to watch.

Ye Chen decided to chat with the women from the outer court, Ye Chen felt much more alive when he talked to the female disciples from the outer court.

In contrast to the inner court disciples who were less friendly and welcoming, the outer court disciples were much friendlier to Ye Chen, they all seemed happy when Ye Chen made time for them, plus Ye Chen was quite funny and Entertaining, this made everyone feel happy when talking to them. Ye Chen.

After several battles that happened, Ye Chen was finally summoned, he was summoned because it was time for Ye Chen to fight.

Ye Chen and came to the top of the arena, when Ye Chen went up to the arena Ye Chen found his opponent was Wei Zhou, with a tall body and terrible stature, people would immediately be afraid when faced with him.

"Oh, an elite inner court disciple" Ye Chen didn't expect that he would fight an elite inner court disciple, it looks like this battle won't be too boring.

Wei Zhou looked at Ye Chen with an extremely intimidating gaze, this gaze could frighten the opponent before they even started fighting.

It seemed that Wei Zhou greatly underestimated Ye Chen because Ye Chen's strength was still very low.

Too bad what Wei Zhou did not affect Ye Chen, Ye Chen had already fought very powerful people, so this kind of thing was just like a joke to him.

"You two come closer," The referee told Ye Chen and Wei Zhou to get closer to each other.

"are you ready?" The referee asked Ye Chen and Wei Zhou, he wanted to know if the two were ready to fight or not.

"I am ready to fight" Ye Chen and Wei Zhou said that they were ready to fight, from the start they had prepared themselves.

"Then start" after both are ready, the referee immediately started the match.

When the match started Ye Chen retreated backward, he retreated backward knowing that Wei Zhou was going to attack him.

Ye Chen's guess became the truth, a profound fire shot out from Wei Zhou's body, this fire instantly spread out and attacked everything nearby.

It's just that Ye Chen had already retreated and was at the very back, so Ye Chen wasn't within the attack radius of Wei Zhou.

Seeing Ye Chen dodge his attack, Wei Zhou immediately charged towards Ye Chen, himself using his profound fire to attack Ye Chen.

Ye Chen dodged all of Wei Zhou's attacks, he avoided Wei Zhou's attacks.

Wei Zhou kept trying to catch Ye Chen, unfortunately, he seemed to have a hard time catching Ye Chen who was too agile.

"Damn, he's so fast" Wei Zhou couldn't believe that Ye Chen would be so fast, Ye Chen's speed was beyond his attack range.

quickly fight me as a man" Wei Zhou said to Ye Chen to fight himself like a man.

Wei Zhou didn't forget to look down on Ye Chen so that Ye Chen would lose his face.

### **Chapter 1364 - Ye Chen Is Getting Serious**

"If you have the ability, why don't you try to catch me, do you not have the ability to do that, with such abilities, you dare to call yourself an elite disciple of the inner court?" Ye Chen said to Wei Zhou who was in front of him.

Wei Zhou looked angry when he listened to what Ye Chen just said, Wei Zhou felt insulted when he heard what Ye Chen said.

Wei Zhou's original intention was to humiliate Ye Chen, not to think he would be humiliated by Ye Chen himself.

"Damn you bastard, I will make you regret daring to underestimate my strength, I will show you what I have" Wei Zhou started to say threatening words to Ye Chen, he threatened to make Ye Chen regret daring to insult him.

"Don't talk too much and show me your abilities." Ye Chen told Wei Zhou not to talk much and show his abilities.

Wei Zhou's face started to turn very red, he was already very angry and couldn't control the anger that was inside of him.

He attacked Ye Chen using the profound flames that were all around him.

The profound flames around Wei Zhou became immensely large, it started to expand and started heading towards Ye Chen.

The profound fire released by Wei Zhou looked like a tentacle trying to get close and catch Ye Chen.

Seeing the attack coming so fast, Ye Chen decided to dodge the attack, himself using Nine Shadow Steps to dodge Wei Zhou's attack.

With Ye Chen's speed, Ye Chen easily dodged Wei Zhou's attacks.

"This bastard can still dodge my attacks" Wei Zhou cursed very loudly, he cursed very hard because Ye Chen was still able to dodge his attacks.

"I will keep trying, he will be exhausted if he continues like this" Wei Zhou continued to attack Ye Chen, he believed that he could defeat Ye Chen using all the strength he had.

The battle started to become fierce, Wei Zhou continued to attack Ye Chen using various means and tactics, unfortunately, he still failed to catch Ye Chen.

"What the hell is this guy, how can he dodge all the attacks I launch?" Wei Zhou started to get dizzy when he saw Ye Chen who kept dodging his attacks, this was impossible for Wei Zhou to believe.

Everyone saw that Ye Chen was just dodging Wei Zhou's attacks, they didn't see Ye Chen being willing to attack Wei Zhou.

"why don't you try again, quickly attack and defeat him," people told Wei Zhou to attack Ye Chen, they wanted to see Wei Zhou end this match immediately.

"I'm trying too," Wei Zhou said that he was trying to end this match.

Wei Zhou has also started to get tired of fighting Ye Chen, this fight is very tough for Wei Zhou, he has used all his strength, but Wei Zhou is still unable to beat Ye Chen.

"You hurry up and fight me and don't run away anymore," Wei Zhou said to Ye Chen to fight himself, if it continues like this the match will end.

"Do you have a problem with that, if you can't stand me, you can come down now" Ye Chen told Wei Zhou to come down right now.

"Bastard" Ye Chen's answer was very annoying, this made Wei Zhou's anger rise and get out of control.

"Let's fight him don't waste our time" people shouted to Ye Chen to fight Wei Zhou let them see the battle.

They all didn't like seeing Ye Chen just dodging Wei Zhou's attacks, they wanted to see a battle, even though Ye Chen wasn't great, at least Ye Chen had to fight.

Everyone started to think Ye Chen was weak and cowardly, they were all fed up with Ye Chen.

Ye Chen's fans were not satisfied with this matter, they ended up fighting with the Haters who just insulted Ye Chen.

"Ye Chen fight right now, don't mess around anymore" Mu Xueying gave Ye Chen a voice transmission, Mu Xueying told Ye Chen to immediately fight against his enemy and not to play around anymore.

Mu Xueying knew that Ye Chen was currently toying with his enemy, he was very naughty towards his enemy.

"Okay, I'll fight." Seeing Mu Xueying telling him to fight, Ye Chen decided to show off his abilities.

"What the hell is this guy, he has no intention of fighting, then why did he join this competition?" Luo Tian said in a sarcastic tone to Ye Chen, he didn't know the reason why Ye Chen could enter the competition with this kind of mind.

"Shut up and see." Mu Xueying told Luo Tian to be quiet and see what would happen.

Honestly, Mu Xueying didn't like it when she saw Luo Tian insulting Ye Chen, Mu Xueying felt herself wanting to hit Luo Tian who insulted Ye Chen's abilities.

Luo Tian was silent when he heard Mu Xueying's words, he again got a cold tone from Mu Xueying.

Even though Luo Tian just wanted to share his opinion, he didn't expect Luo Tian to be treated like this.

"His skills are evasive quite good, too bad I haven't seen his battle power" Yun Yang had to admit Ye Chen's evasion skills, but he also wanted to see Ye Chen's fighting strength, it was one of the conditions needed to enter one of the of Nine Peaks.

"Does he have no fighting skills or does he not have the will to fight?" Mo Chiyi had a hard time guessing Ye Chen, this young man was very difficult to guess, even she found it difficult to guess the way Ye Chen thought.

"I feel that he doesn't have the will to fight, somehow he doesn't seem to regard his enemy as a worthy opponent." The Redemption Spear's Peak Lord gave his opinion, he sensed that Ye Chen didn't consider the enemy in front of him a worthy opponent.

The leader of the Redemption Spear was Zhu Tenmu, he was a man who had a slightly aged appearance.

Lord Peak of Redemption Spear is a war veteran, he can naturally see what Ye Chen is doing.

"Old man, are you joking, that person's opponent is an elite in the inner court, so it should be quite a tough opponent," Ru Maan told Zhu Tenmu that Ye Chen's opponent should be strong and tough to deal with.

"That's just my opinion, so it doesn't matter what I say," Zhu Tenmu said to Ru Maan.

Zhu Tenmu only gave his opinion to Ru Maan, he didn't mean to belittle Wei Zhou.

"See he's starting to take a step into battle." While Zhu Tenmu and Ru Maan were arguing, Yun Yang told the two that Ye Chen was starting to advance and not dodge.

Zhu Tenmu and Ru Maan immediately looked towards the arena where Ye Chen was.

Ye Chen was currently advancing, his current self was advancing to fight Wei Zhou.

"So you decided to fight, feel this." Seeing Ye Chen advancing, Wei Zhou immediately launched an attack at Ye Chen.

Just as Wei Zhou's flames were about to hit Ye Chen, Ye Chen's figure suddenly disappeared from his sight.

" what ! ! !" Wei Zhou looked surprised when he saw Ye Chen disappear suddenly.

"You're too slow" Ye Chen appeared beside Wei Zhou, himself hitting Wei Zhou's face.

"POW!" Wei Zhou was hit for a few meters, Ye Chen didn't have time to block Wei Zhou's punch.

### **Chapter 1365 - Did Ye Chen Lose?**

"Damn, I wasn't ready" Wei Zhou cursed very loudly, cursing very loudly for being hit by Ye Chen's attack.

Finally, what everyone had been waiting for happened, Ye Chen was willing to fight against Wei Zhou.

"You want to fight don't you, come show me your skills," Ye Chen told Wei Zhou to show his abilities to himself.

"Just wait and see, this time I will win," Wei Zhou said that he would win this match.

"Gahhhh" Wei Zhou started to show his strength, he used quite a lot of strength to face Ye Chen.

Wei Zhou's aura was strong enough that everyone in this place could feel it.

"He's finally getting serious" Everyone was happy when they saw Wei Zhou was getting serious, it looked like this match was about to be settled.

They had already guessed that Ye Chen would lose at the hands of Wei Zhou, they could guarantee this one hundred percent.

"hahaha," Wei Zhou laughed, finally he could show his hidden strength, now victory is definitely in his hands.

"Do you just want to laugh and not attack me?" Ye Chen asked Wei Zhou, he was waiting and seeing the strength that Wei Zhou had.

"Damn it, I'll make you regret it soon" Wei Zhou waved his hand, when Wei Zhou waved his hand, from beneath Ye Chen's body a profound fire shot out, this profound flame rose into the sky then descended towards Ye Chen like a meteor.

Ye Chen was now confined, he was now being attacked from various directions, it was very difficult to escape from the encirclement of Wei Zhou's attack which looked very neat.

"die" Wei Zhou clasped his hand, when Wei Zhou grabbed his hand, the flames around Ye Chen started falling and fell on Ye Chen's body.

"Boom. . ." a fairly large explosion occurred, this explosion occurred right where Ye Chen was.

"Hahaha, finally done" Wei Zhou was so satisfied, he finally got rid of Ye Chen.

Now that the victory belonged to Wei Zhou, Wei Zhou was very confident that this was his victory.

"applause, applause, applause, applause" everyone congratulated Wei Zhou for winning against Ye Chen, the battle was finally over.

everyone feels proud when they guess the result of the match, this result is according to what they thought.

"Look at that, he's already lost." Ru Maan said to Zhu Tenmu who was beside him Ye Chen had already lost this match.

Zhu Tenmu closed his eyes, he didn't answer Ru Maan's words.

Ye Chen's supporters from the outer court felt sad when they saw Ye Chen being defeated by Wei Zhou, they were very concerned about Ye Chen losing to Wei Zhou.

"Did Ye Chen lose?" Xia Qingyu looked worried about Ye Chen, she was worried that something would happen to Ye Chen.

"Qingyu calm down, you don't have to worry too much about that person, I'm sure he will be fine" Mei Yueli tried to reassure Xia Qingyu, Mei Yueli was sure that Ye Chen could turn things around.

Wei Zhou started to pose, he started to pose for victory in front of everyone, finally, after a long match, Wei Zhou managed to win over Ye Chen.

"Applause, Applause, Applause" when Wei Zhou was celebrating his victory someone clapped behind him.

This applause was so strange, Wei Zhou immediately turned around and saw what was happening.

When Wei Zhou turned around, Wei Zhou could see a black figure that was behind the fire.

"Impossible, how can that be?" Wei Zhou looked in disbelief when he saw the black figure in the fire.

This black figure started to come out of the fire, the black figure that just came out of the fire was Ye Chen, Ye Chen came out of the fire in good condition, there was not a single scratch on Ye Chen's clothes.

"Huh, how did that happen" All the spectators were quite shocked when they saw Ye Chen who managed to survive Wei Zhou's deadly attack .

Even though everyone guessed that Ye Chen had already been defeated by Wei Zhou, it's a shame that everyone's expectations didn't come true, Ye Chen was still alive and seemed fine, not a single wound could be found on Ye Chen's body.

"How did you survive?" Wei Zhou couldn't believe it when he saw that Ye Chen could withstand his powerful attack.

"Isn't it obvious, your attack is full of loopholes, such an attack is not enough to defeat me" Ye Chen informed that Wei Zhou's attack was not enough to defeat him.

"But it was a very good try, now let's be a little more serious." Ye Chen started to release his power, a deep flame appeared and enveloped Ye Chen's body.

"What, he's a fire user" Yun Yang, Mo Chiyi, Ru Maan were shocked when they saw Ye Chen who turned out to be a fire bender, even though they all thought that Ye Chen was a wind or lightning controller.

Only those two elements could provide such a tremendous increase in speed.

With the speed that Ye Chen had just displayed, it was not strange that Yun Yang, Mo Chiyi, Ru Maan thought that way, they all thought that Ye Chen had wind or lightning to increase his speed.

"This is getting more and more interesting" Other Peak Lords began to feel that this was getting more and more interesting, they couldn't wait to see Ye Chen and Wei Zhou's battle.

"Oh, so you also have the fire element, this way I can fight you with all the strength I have" Wei Zhou felt more and more attracted to this battle, he felt the turmoil in his body when he sensed the upcoming battle.

"Don't get too excited just yet, let me show you the strength I have" Ye Chen was going to show Wei Zhou the strength he had.

Ye Chen snapped his fingers, when Ye Chen did that a fireball appeared in Ye Chen's hand.

Ye Chen threw this small fireball towards Wei Zhou, the small fireball shot towards Wei Zhou.

Wei Zhou used his fire shield to block Ye Chen's attack.

The fireball thrown by Ye Chen penetrated the defense of Wei Zhou, this fireball exploded in front of Wei Zhou.

Wei Zhou was blown away by the explosion that occurred, he was blown away several meters by the explosion that occurred.

Wei Zhou suffered burns from Ye Chen's attack, although the attack just now was small, the attack just now was enough to make Wei Zhou suffer a burn.

"Sh\*t" Wei Zhou tried to get up, he tried to get up while enduring the pain caused by the heat from several parts of his body that were blistered by Ye Chen's attack.

Wei Zhou looked at Ye Chen, Wei Zhou closed his eyes and tried to calm down.

As Wei Zhou did this, from the sky appeared several very large fire spears, the estimated size of these fire spears was 10 meters.

The moment the fire spear appeared, all eyes immediately turned to the sky, they all looked towards the appearance of a huge spear that looked extremely conspicuous.

These fire spears started to move and locked position on Ye Chen's body, all spears were aimed at Ye Chen, all of them were now aiming at Ye Chen

"we'll see if you can survive this attack" Wei Zhou had no choice but to use the ultimate move he had, no matter what happened he had to be able to win against Ye Chen.

This was the moment he had been waiting for a long time, Wei Zhou should not miss the opportunity to join the ranks of the core disciples, Wei Zhou was eager to become a core disciple of one of the existing peaks.

### **Chapter 1366 - Round Of 32**

The fire spear descended, it headed straight for Ye Chen at a fairly fast speed.

Ye Chen looked up, he just stretched out his hand in the direction of the attack.

When the giant fire spear was about to hit Ye Chen's body, all the giant spears stopped in place, this giant spear instantly disappeared without a trace.

"Huh?" Wei Zhou looked confused when he saw what happened, he was confused about what had just happened to him.

Honestly, what just happened was very confusing, what happened was very confusing for Wei Zhou.

"what just happened? did he hold it in?" everyone looked confused when they saw what happened, they looked confused when they saw the fire spear that had suddenly disappeared.

Even the Peak Lords didn't know what had just happened with Wei Zhou's attack, they didn't know what Ye Chen did until he was able to dispel Wei Zhou's attack.

"It's over," Ye Chen said when it was all over, Wei Zhou was already unable to win over Ye Chen.

"No, I can continue with this" Wei Zhou refused to lose to Ye Chen, he could still fight against Ye Chen.

"Sorry but it's over." Ye Chen immediately kicked Wei Zhou out of the arena.

Having run out of Profound Energy, Wei Zhou had no resistance when he received Ye Chen's attack, Wei Zhou was finally kicked out of the arena.

"The winner is participant 2048" the referee informed the winner.

Everyone was silent when they listened to what the referee said, they couldn't believe that Ye Chen won this match, even though they had expected that Ye Chen would lose to Wei Zhou, but the result was shocking, Ye Chen won from Wei Zhou.

Even though Wei Zhou was a cultivator at the top stage of the Divine Tribulation Realm, how could he be defeated by Ye Chen who was only at the intermediate stage of the Divine Tribulation Realm, this was difficult for the people in this place to believe.

Ye Chen hid his strength by using the Reidran Pendant necklace, so it wasn't strange that people didn't know Ye Chen's true strength.

Ye Chen's fans looked very happy when they saw Ye Chen who could win against Wei Zhou, they were all happy when Ye Chen could win against Wei Zhou.

"Ye Chen finally you are"

"Ye Chen you are great".

"Ye Chen, I love you".

One by one the women started cheering for Ye Chen, they all seemed very happy with Ye Chen's results.

Ye Chen waved his hand, he warmly welcomed what the women who had supported him did.

"Not bad either" several Peak Lords started to consider Ye Chen, they all started to consider Ye Chen who had almost equal evasion and fighting abilities.

This is quite a good capital for Ye Chen, he can fight his enemy with this kind of capital.

Ye Chen got off the arena, after Ye Chen got down, the next battle started.

The battle continued, Ye Chen fought against his enemy, it just so happened that Ye Chen's next enemy was not very strong, Ye Chen used his strength to fight against his enemy.

Unlike most of the participants who wanted to end the battle as soon as possible, Ye Chen instead fought very casually, he fought very casually for others to enjoy.

Unfortunately, some people already hate Ye Chen, they don't like Ye Chen's battle.

Ye Chen doesn't care about people who hate him, it's useless to think about people who hate him, behind many people who don't like him, Ye Chen still sees that there are people who support him.

So Ye Chen tried his best to cheer up these people.

After a long battle, the battle has finally entered the round of 32, currently out of 2048 participants, only the strongest participants remain.

This battle will become even more intense as the number of weaklings has been eliminated, it is a battle between the strong who can survive.

Jeng Bimle was also quite lucky, he was able to survive to this stage, he was lucky to meet an opponent who was weaker than himself, which allowed Jeng Bimle to go this far.

"All of you have tried very well, you have all shown your strength and ability to get to this stage," Li Minho said to the 64 participants who had reached this important stage, all of them had fought very hard to get to this stage. this stage.

"This battle will be a little different from the previous one, this time's battle doesn't use the arena like before, so you are free to fight as you please without holding back." Li Minho said to all the participants that if there would be a slight change to the battle rules, they would no longer fight. within a small arena, they would all be fighting within a large arena and there was no need to worry about exiting the arena.

Some of the participants were happy to hear this, finally, they didn't have to think about getting out of the arena anymore, they could fight as they pleased without worrying about getting out of the arena.

"That's why there will only be one arena, so you all have to take turns in using it." Li Minho said that arena there would only be one, so each participant had to wait their turn.

"Okay, let's just randomize the battle." Li Minho said that he would randomize the battle, the battle list would only be randomized once, so they already knew who their opponents would be in the future.

This system is like a tournament, this is different from the previous one where the battle list is always random after the battle is over.

Ye Chen and all the participants were waiting for the list of battles, they couldn't wait to see who they would fight in the next match.

A while later the battle list finally appeared, Ye Chen was paired with Lu Kimze.

"Elite disciple again" Ye Chen looked happy when he was paired with one of the top ten elite disciples in the inner court, it seemed that this would not be too boring for Ye Chen.

In contrast to Ye Chen, the other participants seemed displeased when they were paired with one of the elite disciples, they were helpless by this, they felt that this would be a hard thing to win.

"Alright, you're all paired up, now we can start the battle" after all the participants are paired with each other, it's time to return to the match.

"You who are not competing can see from there," Li Minho told the participants who were not competing to look from above, he had prepared a place to see the battle that was taking place.

Ye Chen and the other participants left, they went to the place Li Minho pointed out.

It just so happened that this was not Ye Chen's part of the battle, so Ye Chen could only go upstairs and watch the match.

"The first people to compete were Luo Kan and a male disciple of standard stature, nothing too outstanding about this male disciple's stature.

"This match will not be stopped unless one of you loses, so if you can't afford it anymore, you better admit defeat, do you understand?" Li Minho asked Luo right and his opponent.

"We understand" both nodded, they already understood that this match would not be stopped until one of them lost.

That means even if things go wrong, this match will continue.

"Good, then get ready," Li Minho told the two to get ready, he would start this match.

"start" the match started, Luo Kan immediately attacked the enemy in front of him.

### **Chapter 1367 - Ye Chen Vs Lu Kimze (1)**

Luo Kan attacked the enemy in front of him, himself using an extremely fast speed to attack the enemy.

Luo Kan hit his enemy with a powerful wind attack.

"not bad" Ye Chen praised Luo Kan's speed, Luo Kan's speed was fast enough to confuse the enemy.

Luo Kan's enemy looked confused when he received a fairly sudden attack, he was quite confused by Luo Kan's sudden and fast attack.

Luo Kan's enemy was blown away a few meters, there were bruises when he received an attack from Luo Kan.

Luo didn't seem to be holding back, he used his strength to hit the enemy with all his might.

"Let's attack and defeat him" The audience from the inner court & core disciples started to become very active when they saw the battle that Luo Kan was fighting, Luo Kan's battle was very good to watch.

Luo Kan's fighting style is very good, people will immediately like Luo Kan's very neat and very elegant way of fighting.

This reminded them of Luo Tian's way of fighting, both of them had almost similar fighting skills, both of them possessed extremely destructive fighting power.

Lord Peak began to consider Luo Kan, they felt that Luo Kan was quite a talented candidate, it could be seen from the previous battles that Luo Kan was able to finish quickly.

"Sh\*t, he's fast and has very strong fighting power." Luo Kan's enemy started to lose his spirits when he faced the person who was once number one in the inner court.

"This will be over soon" Luo Kan didn't say much, he said that the match was coming to an end.

"It won't be that easy, I will definitely fight." This person told that he wouldn't be defeated so easily, he would give Luo Kan a fight.

"Hand Cannon Bullet" from Luo Kan's palm came out a small storm, this small storm was shot by Luo Kan towards his enemy.

A very strong blast of sand wind occurred, this gust of wind spread and filled the entire arena.

People closest to the center of the explosion would definitely be in serious trouble, the force of this wind blast was strong enough to tear one's body apart.

"It's over" Ye Chen muttered softly, he saw that this match was over.

Using God Eyes, Ye Chen could see what the condition of the person who was hit just now was.

This person's condition was quite severe, he was injured quite heavily by Luo Kan's attack, his entire body was torn apart by the wind blast just now, this made this person's body covered in fresh blood.

The dust from the blast of wind was very strong, it made people's vision blurry, they were very curious about the condition of the person who was hit by Luo Kan's attack, would he be okay or not.

A moment later, the dust disappeared, when the dust completely disappeared, the figure of a person covered in blood was seen by the eyes of the audience.

The figure of this person was very pitiful, his body covered in fresh blood from the wounds on his body.

What Ye Chen saw came true, everyone could now see the condition of the person who received Luo Kan's attack

"Stop" Li Minho immediately stopped the match, he immediately checked the condition of the person lying on the floor unconscious.

When Li Minhó looked at the condition of the participants, he found that this participant had a bad experience, he had a bad experience due to Luo Kan's attack.

"The winner is contestant Luo Kan ." Li Minhó said that the winner of this match was Luo Kan.

Everyone gave a round of applause to Luo Kan who managed to win against his enemy, this result that everyone had expected.

"Medics come quickly and take him" Li Minhó ordered the medics to come and help the injured people.

The medics immediately arrived, they took the bodies of the injured people out of the arena and taken to the treatment area.

This battle looks much bloodier than before, the battle this time will be quite a bloody battle.

It was this kind of battle that the people of the God Realm preferred, they preferred bloody battles.

"Geez, can I survive" after seeing this first match, Jeng Bimle became a little afraid, he was afraid of the match he would do together with his enemy.

whether he would win or end up like the person who had just been defeated by Luo Kan, Jeng Bimle didn't know what would happen to him.

"If you can't afford it, you can give up, don't let you end up like that" Ye Chen warned Jeng Bimle to give up, it seems that in this battle wounding someone to a cripple won't get any offense from the Sect.

In battle the sword has no eyes, so in this battle it is not allowed to protest when injured very badly.

"I know, I will give up when I can't anymore" Jeng Bimle nodded, he would use the advice given by Ye Chen when he was no longer able to fight his enemy.

"Good luck" Ye Chen could only wish Jeng Bimle good luck, he could only do that for Jeng Bimle.

The next battle was on, currently Tu Bei, Yu Nan, Zhen Pou, Zhou Mu, Mao Renqi, Xin Rimmu ,Si Thou have successfully advanced to the next round, they managed to beat their opponent, although this time they couldn't beat their opponent as easily as before. .

Finally Ye Chen's turn had come, Ye Chen was going to fight Lu Kimze, the two of them got off and headed towards the arena.

"Are you ready?" Li Minhó asked Ye Chen and Lu Kimze, if both of them were ready, then Li Minhó would immediately start this match.

"ready" Ye Chen and Lu Kimze were ready, they were both ready for battle.

"Then start." Li Minhó immediately started the match between Ye Chen and Lu Kimze.

When the battle started, Lu Kimze was just silent, he didn't intend to attack first, On the other hand Ye Chen didn't seem to attack Lu Kimze either.

Everyone in the audience was confused by what was happening, neither of them made or made an attack.

Lu Kimze looked very calm, he was not in a rush to fight Ye Chen.

"Aren't you going to attack?" Ye Chen asked Lu Kimze who looked very calm.

Lu Kimze didn't answer Ye Chen's words, he made a move similar to Tai Chi.

From afar Ye Chen could see that Lu Kimze controlled his breathing very well, he seemed to be in very high focus.

Lu Kimze was indeed very different from the other participants that Ye Chen met, he was very careful when fighting Ye Chen, Lu Kimze thought Ye Chen was an equal opponent to him.

"Let's hurry, don't waste time" Everyone wanted to see the battle, so they shouted for the battle to start immediately.

Lu Kimze opened his eyes, he turned his hand, as Lu Kimze turned his hand, several projectiles shot towards Ye Chen.

Ye Chen flicked his sleeve to block the projectile that was aimed at him.

The projectile that was aimed at Ye Chen was water, so when Ye Chen deflected it his clothes were wet with water.

### **Chapter 1368 - Ye Chen Vs Lu Kimze (2)**

"water?" Ye Chen thought that it was a very thin needle earlier, to think that what Lu Kimze had just thrown was water.

moments later Ye Chen's arm suddenly froze into ice, this was so fast that people didn't notice it.

Right now one of Ye Chen's arms was covered by the ice made of water that was just on his arm.

Ye Chen looked at his arm, now he understood Lu Kimze's intentions, apparently this was the reason he fired water projectiles at himself, the water projectiles just now turned out to be able to freeze a person's body after touching it.

Ye Chen clasped his hands, from within the ice appeared fire which began to melt all the ice in Ye Chen's arms.

Lu Kimze saw what Ye Chen was doing, he could see that Ye Chen could easily destroy his attacks.

Lu Kimze knew that his attacks were still not strong enough to defeat Ye Chen, therefore he needed a much stronger attack to defeat Ye Chen.

Lu Kimze cupped his hands together, he started to give off an enormous aura.

Lu Kimze's aura was quite large, this aura covered the entire surrounding arena, even Ye Chen who was in the distance was enveloped by Lu Kimze's aura.

Ye Chen didn't know what Lu Kimze was going to do, Ye Chen used his arms to withstand the strong wind caused by the pressure that Lu Kimze gave off.

Moments later, some bubbles appeared around this place, these bubbles emerged from the cracks of the rocks.

These bubbles very quickly rise to the surface, the surface is very quickly covered by tens of thousands of water bubbles.

Ye Chen looked at what was around him, whether this was part of Lu Kimze's attack or just a ritual.

"explode" Lu Kimze told all the bubbles to explode.

As Lu Kimze said this all the bubbles that were on the surface exploded simultaneously.

When this bubble burst, a light rain occurred, this rain instantly enveloped the entire arena.

The entire arena was instantly drenched in the rain caused by the bubbles just now, even Ye Chen's body was also soaked by the water from the bubbles.

Moments later the entire arena turned into a sea of ice, everything instantly froze into ice.

"Wow" some of the audience were taken aback by what was happening, they had just seen a very fast instant freeze.

People could no longer see Ye Chen's whereabouts, Ye Chen was currently buried in a very thick ice.

"Is this over?" Everyone in the audience wondered if this match was over, Ye Chen should have been buried in the thick ice and couldn't get out.

To find out, everyone just need to wait, if indeed Ye Chen had lost, then Ye Chen would not have come out from behind the thick sea of ice.

After waiting for a while, they didn't see any sign of Ye Chen coming to the surface, they all thought that Ye Chen was done.

Lu Kimze also started to relax when he saw Ye Chen who didn't show up, it seemed the match was over and he became the victor.

"Looks like it's over." Song Ziyu suddenly came to the side of Mei Yueli and the other Jade Lotus Peak disciples, coincidentally Song Ziyu had just finished his business and decided to come and see the match.

"Not necessarily" Mei Yueli said that it wasn't over yet, she was absolutely sure that it wasn't over yet.

"But he didn't show up." Song Ziyu thanked that Ye Chen still hadn't come to the fore.

That meant that he had already lost at the hands of Lu Kimze, that was the only reason that kept Ye Chen from rising to the surface.

"He will definitely be fine" Xia Qingyu replied to Song Ziyu's words, she was absolutely sure that Ye Chen would be fine, nothing would happen to Ye Chen.

To be honest, Xia Qingyu was not very familiar with Song Ziyu, Xia Qingyu and Mu Nianci were still not very familiar with the female disciples within the Jade Lotus Peak.

So it wasn't surprising that Xia Qingyu didn't like what Song Ziyu had just said about Ye Chen.

Song Ziyu felt strange about Xia Qingyu, why was this beautiful woman so confident with Ye Chen, what exactly was her relationship with Ye Chen, why did she defend Ye Chen so much.

"Boom" just as everyone thought Ye Chen had been defeated by Lu Kimze, they saw a pillar of fire emerging from under the sea of ice.

This pillar of fire is so large that the entire palm is covered by very hot air.

This hot air is able to melt all the ice in the arena, even water begins to evaporate when exposed to this heat.

After everything cleared, the pillar of fire disappeared, Ye Chen's figure now hovered above Lu Kimze.

Ye Chen looked at Lu Kimze, this person turned out to be a little troublesome to fight.

Ye Chen decided to finish this battle immediately, he would soon finish the battle against Lu Kimze.

"One Hundred Thousand Fire Swords" when Ye Chen used this, around Ye Chen's body appeared thousands of fire swords, flying fire swords filled the entire arena.

"Wow, that's great, I like it." Yun Yang looked pleased when he saw Ye Chen who could make thousands of fire swords, he felt that Ye Chen's ability to be quite extraordinary.

Looks like Yun Yang will try to recruit Ye Chen later, Ye Chen's ability is enough to make Ye Chen join Flying Sword Peak.

"See, what I said is true, he managed to survive" Mei Yueli said to Song Ziyu.

Mei Yueli started to brag about Ye Chen's strength in front of Song Ziyu, she was very confident when she saw Ye Chen who could escape Lu Kimze's attack.

Song Ziyu's face is not being looked at, why does he always lose every time he bets like this, this is very annoying.

Xia Qingyu and Mu Nianci were also happy, both of them smiled when they saw Ye Chen who managed to survive Lu Kimze's attack.

People who hated Ye Chen didn't like it when they saw Ye Chen who managed to survive, they were dissatisfied when they saw Ye Chen who managed to survive Lu Kimze's attack.

"Quickly beat him" Everyone told Lu Kimze to beat Ye Chen, they all wanted Lu Kimze to beat Ye Chen.

People didn't like it when they saw Ye Chen always winning, how could a weakling like Ye Chen win this match was a very annoying thing for some people in this place.

Lu Kimze didn't stand still when he saw the direction of Ye Chen's attack, he immediately made several water needles behind himself to attack Ye Chen.

Ye Chen already knew Lu Kimze's intentions, so Ye Chen immediately attacked Lu Kimze using the flying swords that were around him.

Thousands of flying swords instantly shot towards Lu Kimze.

Lu Kimze himself shot a water needle at the flying sword that was aiming at him.

Lu Kimze intended to destroy this flying sword, using the water needles he had.

When the water needle shot by Lu Kimze touched Ye Chen's fire sword, the water needle instantly melted, the heat from the fire sword was much stronger than Lu Kimze's water needle.

Seeing this Lu Kimze immediately became very alert, he knew that he had to retreat from Ye Chen's attack.

Otherwise Lu Kimze would be in trouble because of Ye Chen's seemingly powerful attack.

### **Chapter 1369 - Ye Chen Vs Xin Rimmu (1)**

Ye Chen didn't let Lu Kimze escape so easily, he chased after Lu Kimze using his fire sword.

Lu Kimze started to feel pressured when he was chased by Ye Chen's fire sword, he seemed to have a hard time when he had to deal with Ye Chen's very fast and agile fire sword.

Lu Kimze didn't have time to dodge Ye Chen's attack, he ended up getting hit by Ye Chen's sword strike.

"Boom" Lu Kimze was hit by one of Ye Chen's flying swords, this flying sword exploded right at Lu Kimze's body.

Lu Kimze fell down by the explosion, his body burned by the attack emanating from Ye Chen's flying fire sword.

Lu Kimze tried to get up, unfortunately the pain in his body prevented him from getting up.

"Let's get up and fight him" The audience told Lu Kimze to get up and fight Ye Chen, too bad Lu Kimze couldn't do that, his body was too sore to fight Ye Chen.

Li Minho waited for Lu Kimze to wake up, seeing that Lu Kimze couldn't get up anymore, so Li Minho had no choice but to end this match.

"The winner is contestant Ye Chen" Li Minho told that Ye Chen was the winner, participant Lu Kimze was unable to continue this match, so Ye Chen was the winner.

"Win again, what the heck" the people from the inner court were displeased when they saw Ye Chen who came back winning, how could Ye Chen keep on winning in every match.

Even Ye Chen didn't suffer an injury from his enemy, this was quite a shock to everyone.

"This person is a bit strange" Mo Chiyi felt that Ye Chen was very strange, Ye Chen was very strange because he was able to beat every contestant with a cultivation strength that differed by several levels.

"Even though they are strong, I think Luo Kan and Tu Bei are still much better than him." Lord Peak of Cloud Sky Peak said that Luo Kan and Tu Bei were still stronger than Ye Chen.

The name of the leader of Cloud Sky Peak is Shin Pi, he is a middle-aged man who is quite strong, among the seven Peak Lords in this place, it can be said that Shin Pi is the most domineering

"Old man, you definitely intend to include these two talented people, That's into your peak, you're very predictable." Yun Yang had already guessed what Shin Pi was going to do, he definitely intended to get Luo Kan and Tu Bei into Cloud Sky Peak.

"That's exactly what I want" Shin Pi didn't dodge what Yun Yang said, he really wanted to do that.

When Shin Pi says that, it means that everyone in this place won't be able to stop him, Shin Pi will definitely get what he wants.

In theory, Cloud Sky Peak was the strongest peak within the Nine Immortals Peak Sect, so everyone would naturally want to join Cloud Sky Peak, if Shin Pi made someone an offer, then they would definitely have a hard time refusing the offer.

Even if it was Luo Kan and Tu Bei, the two would definitely not be able to refuse the offer made by Shin Pi.

The match was resumed, the rest of the participants fought again to compete for seats in the round of 16.

Jeng Bimle is still lucky, he is reunited with a weak enemy, this allows Jeng Bimle to win this match.

On the other next opponent of Jeng Bimle is Yu Nan, when against Yu Nan Jeng Bimle starts to get confused, whether he should just give in to Yu Nan, this is something that is quite confusing for Jeng Bimle.

On the other side, Ye Chen met a slightly troublesome opponent, Ye Chen met a female opponent that was Xin Rimmu, it would be a bit of a problem when Ye Chen had to fight Xin Rimmu.

Xin Rimmu was a tall woman with a domineering aura, this woman would definitely be a bit of a hassle to fight against.

The first match was Luo Kan against an inner court disciple again, again Luo Kan won very easily.

After that match from Si Thou, he won the match very easily.

Jeng Bimle fought against Yu Nan, unfortunately Jeng Bimle decided to just give in, this was a decision that Jeng Bimle had thought through carefully.

After that Tu Bei, Zhou Mu, Mao Renqi also made it through, they all made it into the top eight.

Now was the time for the battle between Ye Chen and Xin Rimmu, Ye Chen and Xin Rimmu.

"Are you all ready?" Li Minho asked Ye Chen and Xin Rimmu.

"Ready" Ye Chen and Xin Rimmu simultaneously said that they were ready.

"Then start" Li Minho officially started the match between Ye Chen and Xin Rimmu.

Moments after the match started, Xin Rimmu immediately charged towards Ye Chen, immediately clenched her fists and prepared to punch Ye Chen.

Xin Rimmu wears a special glove, it seems that this is an artifact weapon that is owned by Xin Rimmu.

With this Xin Rimmu was confident that she could defeat Ye Chen using only his physical strength.

Ye Chen stretched out his hand, he immediately resisted Xin Rimmu's attack.

The attack from Xin Rimmu was very easily blocked by Ye Chen, Ye Chen very easily resisted the attack from Xin Rimmu.

" what !" Xin Rimmu was surprised when he saw that Ye Chen could easily withstand his attacks, even though his attacks were not weak.

"hehe, I don't want to hurt you, why don't you just give up" Ye Chen told Xin Rimmu to give up right now.

"No, I won't give up." Xin Rimmu said that she wouldn't give up against Ye Chen.

Xin Rimmu tried to pull herself up, when Xin Rimmu tried to back away, Xin Rimmu found that she couldn't pull her hand away from Ye Chen, her hand was held by Ye Chen very strongly, this made Xin Rimmu unable to pull it back.

"hehe, that's for once, even though I gave you a chance" Ye Chen shook his head, even though Ye Chen was kind enough to give Xin Rimmu a chance.

"I won't let you win just like that" Xin Rimmu said that she wouldn't let Ye Chen win easily.

Xin Rimmu used her other hand to hit Ye Chen, she used her other hand to hit Ye Chen who was in front of her.

Ye Chen stretched out his free hand, he used this hand to block Xin Rimmu's attack.

This time Xin Rimmu's attack was again blocked by Ye Chen, both of Xin Rimmu's hands were now being held back by Ye Chen.

"Damn it, how did he withstand my attack?" Xin Rimmu couldn't believe that Ye Chen could still withstand the second attack she launched.

Now Xin Rimmu could only use her two legs to attack Ye Chen.

Xin Rimmu used her legs to kick Ye Chen's head, she used her full strength to kick Ye Chen's head.

Ye Chen again didn't let Xin Rimmu succeed, Ye Chen used his legs to block Xin Rimmu's attack.

"Sh\*t, why is it still holding back?" Xin Rimmu looked very annoyed when he saw that Ye Chen's attack could still be resisted.

"Are you sure you don't want to give up?" Ye Chen asked Xin Rimmu.

Ye Chen asked Xin Rimmu again, he was still trying to persuade Xin Rimmu to give up.

"How many times do I have to say, I will not give up..." Xin Rimmu refused to give up.

## **Chapter 1370 - Ye Chen Vs Xin Rimmu (2)**

"What can make you give up on me?" Ye Chen asked what could make Xin Rimmu surrender to him.

"That will never happen" Xin Rimmu said that she would never give up on Ye Chen.

Xin Rimmu used the last resort she could, she used her remaining leg to attack Ye Chen.

Seeing Xin Rimmu's sudden attack, Ye Chen hastily turned away from Xin Rimmu, Ye Chen turned away from Xin Rimmu so that he was upside down.

The overturned Xin Rimmu finally fell to the floor, Xin Rimmu immediately tried to get up, she got up and retreated a few meters away from Ye Chen.

Xin Rimmu knew that it would be difficult to fight Ye Chen, so she tried to think of a way to defeat Ye Chen using her strength.

"Looks like I have to use the strongest attack I have." Xin Rimmu had no choice but to use the strongest attack she had.

Xin Rimmu started to raise one arm of hers, Xin Rimmu's arm was suddenly enveloped by a very hard looking iron.

There is a strong aura that surrounds this iron, from afar this must be a special iron that is strong and very hard.

Xin Rimmu instantly disappeared, she reappeared next to Ye Chen.

"You won't be able to escape anymore." Xin Rimmu hit Ye Chen who was in front of her, she hit Ye Chen using her full strength.

Ye Chen used his arm to block Xin Rimmu's attack.

An extremely powerful crash occurred when Ye Chen's arm and Xin Rimmu's arm met.

It was obvious that Xin Rimmu's punch was extremely powerful, otherwise how could such a powerful impact occur.

"Her punch is strong enough" Ye Chen didn't expect that a woman like Xin Rimmu would have such extraordinary physical strength, Xin Rimmu must have trained really hard to get her punch to be what it is today.

"It doesn't work" Xin Rimmu muttered in her heart, she was a little in disbelief when she saw that her punch couldn't even beat Ye Chen's body back.

Ye Chen's body was extremely solid, it was like a wall made of an array of materials so strong that it would not be easy to break them.

Xin Rimmu didn't want to give up, she tried one more time to hit Ye Chen.

Ye Chen was just silent when he saw Xin Rimmu hit him, Ye Chen received the attack launched by Xin Rimmu.

Honestly, Ye Chen was willing to try his physical strength, Ye Chen could feel that Xin Rimmu could be a worthy opponent to test Ye Chen's physical strength.

"Too hard, what exactly is your body made of?" Xin Rimmu started to wonder about Ye Chen's body, to be honest Xin Rimmu first met someone who had a tough body like Ye Chen.

Hitting Ye Chen was the same as hitting a very strong and sturdy iron wall.

"Of course skin, look it's still elastic." Ye Chen showed that his body was still normal, he had not made any changes to his body.

"-\_- " Xin Rimmu was rendered speechless by what Ye Chen did, this man seemed a little foolish to point out such a thing to Xin Rimmu.

"Come on, do you still want to give it another try, or not, show me all your strength" Ye Chen told Xin Rimmu to show all her strength.

"Do you have an abnormality" Seeing Ye Chen's strangeness, Xin Rimmu started to suspect that Ye Chen had an abnormality.

Otherwise how could he be happy when receiving an attack from herself not even feeling anything.

"-\_- " This time it was Ye Chen's turn to show a black face, he was helpless when he heard what Xin Rimmu said.

Xin Rimmu really thought Ye Chen had an abnormality.

"Beautiful come forward, show me your strength" Ye Chen told Xin Rimmu to show her strength to him.

"beautiful . . . .?, are you mocking me?" Xin Rimmu thought Ye Chen's compliment was a mockery to her.

" Of course not. You look quite beautiful" Ye Chen said that he was not mocking Ye Chen, what Ye Chen said was the truth, your Xin Rim is indeed quite beautiful.

Xin Rimmu's face turned red when she listened to what Ye Chen said.

To be honest, very few people dare to say things like this to Xin Rimmu, they don't dare to do what Ye Chen did because they know that Xin Rimmu is a rude and domineering woman, so they don't dare say things like that to Xin Rimmu or else they might will be hit by Xin Rimmu.

"Look at that, he's starting to show his character" Mei Yueli saw what Ye Chen was doing from afar, even in a battle like this Ye Chen still had time to tease his opponent.

"He really can't be helped." Xia Qingyu and Mu Nianci totally agreed with what Mei Yueli said, they felt that Ye Chen couldn't be helped anymore.

"You will see, it will be over soon" Xin Rimmu intended to end this match.

Xin Rimmu gathered quite a large amount of Profound Energy into his arms.

Xin Rimmu's arm emitted a silver light, this silver light was filled with great power.

"Be prepared" Xin Rimmu told Ye Chen to prepare for his attack.

"I'm ready" Ye Chen said that he was ready, Ye Chen was ready to receive an attack from Xin Rimmu.

Xin Rimmu advanced towards Ye Chen, he started to launch a powerful attack towards Ye Chen.

"Breaking Meteor Blow" Ye Chen didn't want to lose, he intended to withstand the attacks from Xin Rimmu.

Ye Chen's fist and Xin Rimmu's fist approached each other, these fists drew closer and collided against each other.

"Boom" An extremely powerful explosion occurred as Ye Chen and Xin Rimmu clashed blows.

A sizable earthquake occurred when Ye Chen and Xin Rimmu's attacks met.

Due to a large enough explosion, a fairly dense dust enveloped the arena.

This made people's vision blurry, even though the audience was eager to see what happened to the battle.

Li Minho snapped his fingers, the dust was immediately removed when Li Minho did this.

After the dust was removed, finally everyone could see what was happening, right now the arena was damaged by the impact of Ye Chen and Xin Rimmu's battle.

Ye Chen was standing a few meters away from the battlefield, meanwhile Xin Rimmu was kneeling while holding one of his arms.

Xin Rimmu's arm looked fine, there was no visible wound on Xin Rimmu's arm.

On the surface there might not appear to be a wound on Xin Rimmu's arm, but Xin Rimmu could feel the pain from the wound she had sustained.

"My arm is badly injured" Xin Rimmu knew that if her arm was injured from the exchange just now, with her current state, it would be difficult to continue the match.

"Are you ready to give up?" Ye Chen asked Xin Rimmu who was kneeling on the floor.

"Okay I give up" After thinking for a while, Xin Rimmu decided to give up, it seemed that Ye Chen's physical strength was above her, if this continued Xin Rimmu would actually suffer losses, so Xin Rimmu chose to just give up.

Xin Rimmu knew the limits of her body, she wouldn't force her injured body, she would rather give up than cause her body to get even worse.

"Okay, Xin Rimmu contestants have given up, the winner is Ye Chen." Li Minho hastily announced Ye Chen's victory.

Ye Chen's supporters looked very happy when they saw Ye Chen who came back victorious, Ye Chen was getting closer to first place.
