Chapter 1481 - Ye Chen Vs Luo Tian (3)

Some people gave support to Luo Tian, ??most of them gave support to Luo Tian to fight Ye Chen.

"Tian, ??what are you doing, hurry up and fight him right now" Xing Han told Luo Tian to fight right now, if this continued, then Xing Han's reputation as a patriarch would be questioned by people.

Luo Tian tried to get up, he was shaking a little while trying to get up.

This was already the second time Luo Tian had lost face to Ye Chen, how would Luo Tian have to endure this humiliation.

"I must repay this insult" Luo Tian intended to repay this insult, he must not allow himself to be continuously insulted by Ye Chen.

Luo Tian tried to calm his anger, in this situation Luo Tian had to be calm in facing Ye Chen.

No matter how much Luo Tian hates Ye Chen Luo Tian must not allow himself to be controlled by emotions, it will make him lose control in strength.

After taking a few breaths, Luo Tian had started to calm down, he had started to control his emotions well.

Luo Tian looked at Ye Chen, there was a very strong killing gaze and aura that was shown by Luo Tian.

"Oh. . ., Horrible . . ." Ye Chen acted like he was afraid of Luo Tian, ??what Luo Tian did could scare a normal cultivator.

"Ye Chen get ready, I will return what you did before" Luo Tian said that he would return what Ye Chen had done to him.

"What are you saying, I still have eight chances to attack you for free, have you forgotten?" Ye Chen said to Luo Tian.

"I did say that, but this time I will dodge, so try to attack me with what you have" So as not to lick the words he previously said, Luo Tian twisted his words, that way Luo Tian could dodge attacks Ye Chen.

Ye Chen's attacks were powerful and terrifying, if Luo Tian received Ye Chen's attacks continuously, he would definitely lose before even starting the match.

"Okay, if that's what you want then fine." Ye Chen didn't mind what happened, he was fine with what Luo Tian said.

No matter how fast Luo Tian was, Ye Chen's attack would definitely land on Luo Tian's body, there was no use for Luo Tian to do so, the result would still be the same.

Luo Tian got ready, he was on guard to avoid the attack that was about to be launched by Ye Chen.

"Bamm. . ." Just as Luo Tian was fully prepared to dodge Ye Chen's moans, Luo Tian was suddenly hit from the side, his face was hit by something so hard that he himself was blown very far away.

Luo Tian tried to get up, his face was bruised when he received a sneak attack that was very fast.

Luo Tian was not aware of what had just happened, he was completely unaware of what had just happened.

Luo Tian couldn't see Ye Chen's movements, Ye Chen's movements were extremely fast, it was hard for cultivators here to see Ye Chen's movements.

Okay 3 strikes, there are still seven more attacks, are you ready to feel the anger from me" Ye Chen said to Luo Tian.

Luo Tian realized that the punch just now was Ye Chen's punch, the punch just now was launched at an extremely fast speed, Luo Tian couldn't see Ye Chen's attack.

Ye Chen didn't let Luo Tian rest, he again launched an extremely fast attack towards Luo Tian.

Luo Tian didn't move when he faced Ye Chen, he didn't move at all when he faced Ye Chen.

The audience could only gawk when they saw the ongoing battle, this was not what they had imagined.

The audience thought they were going to be treated to a battle where Luo Tian beat Ye Chen to death, in fact what they were thinking was the exact opposite of what was currently happening.

"That man, he is very fast, his movements are very fast, what kind of ability is he practicing?" Vei looked at Ye Chen, she saw that Ye Chen was very fast, Vei himself only caught a glimpse of Ye Chen's movement.

"He's just getting stronger, I'm still far from him" After seeing Ye Chen's strength, Luo Bing felt inferior, even though he was very confident in her abilities, but the reality was very cruel to Luo Bing, Luo Bing saw that Ye Chen had also become a stronger.

"Looks like I have to train even harder." Luo Bing didn't want to keep losing and being bullied by Ye Chen, she had to win over Ye Chen.

Xing Han couldn't calm down, he looked very restless when he saw Luo Tian who was beaten by Ye Chen.

Xing Han didn't know where this person came from, how he was able to match Luo Tian who had already obtained the full inheritance from him.

"Luo Tian is really under pressure what the hell, am I not dreaming?" Ru Maan couldn't believe what he saw, even though Luo Tian had become so great, how could he be like this by Ye Chen.

Almost everyone couldn't believe it, especially the core disciples, they all still couldn't believe what they witnessed, how could the genius Luo Tian be defeated by Ye Chen.

Ye Chen was really unpredictable, this guy beat a genius, from Tu Bei, Luo Kan and now he was trying to beat Luo Tian.

If Ye Chen could defeat Luo Tian, ??it would be a great achievement, Ye Chen would definitely become a new legend in the Nine Immortals Peak Sect.

Luo Tian tried to get up, he tried to get up and fought Ye Chen, Luo Tian was already battered, he was no longer able to fight against Ye Chen his injuries were quite severe.

"Okay ten strikes" now let's fight seriously" Ye Chen invited Luo Tian to fight more seriously.

"Damn it" Luo Tian tried to get up, he tried to get up from the defeat he suffered.

Defeat was unpleasant, Luo Tian didn't like losing, if Luo Tian lost at this place, then how would Luo Tian explain everything to Mu Xueying.

Luo Tian didn't want to appear weak in front of Mu Xueying, whatever happened Luo Tian had to show that he was a great cultivator worthy of the admiration of all women.

"Damn it, he forced me to use this" Luo Tian took a pill bottle, Luo Tian took out the pill and started eating it.

"What did Luo Tian just take?" Everyone wondered what Luo Tian had just taken.

"That, a Life Redemption Pill" high ranking people knew what Luo Tian had just taken.

A life redeeming pill, it served to heal one's wounds, but in return, it would eat up the life of the user, so the user's lifespan would be reduced.

Using the life redemption pill, Luo Tian's Wounds quickly began to recover, Luo Tian's state returned to its original state.

Luo Tian was now in top shape, now he could come back against Ye Chen at full strength.

"It's cheating, how can it be done" Some onlookers were dissatisfied when they saw what Luo Tian did, what Luo Tian did was cheating.

"Calm down all of you, in the arena of life and death it is allowed to use everything they have, so this is not an offense" Shin Pi told the core disciples to be quiet, he snapped them all to be quiet.

### JOURNEY TO BECOME A TRUE GOD

#### Chapter 1482 - Nine Immortals Slaughter Law

Shin Pi looks very annoyed when he sees that there are students who support Ye Chen, he doesn't like when he sees Luo Tian being insulted.

After all, Luo Tian was a former disciple of Shin Pi, so it wasn't strange that Shin Pi was very displeased when he saw someone mocking or berating Luo Tian.

Being bullied by Shin Pi, the disciples who were shouting cheating immediately fell silent, they didn't dare to scream anymore for fear of getting into trouble.

"Oh, so you used such a thing." Ye Chen only smiled when Luo Tian took the Life Redemption Pill.

Luo Tan had to pay a price to use the Life Redemption Pill, Luo Tian did that to defeat Ye Chen, he would not lose to Ye Chen

"the battle has just begun prepare yourselves" Luo Tian said that the battle had just started, he would attack Ye Chen using full power.

An extremely strong profound wind shot out from Luo Tian's body, it created an enormous vortex.

Inside the arena it became very noisy, the strong winds tugging at anything nearby.

If Ye Chen had no strength, Ye Chen would have been dragged into the whirlwind.

"This person is a little stupid" Ye Chen saw that Luo Tian was a little stupid, this person's defense was very open, Ye Chen could attack him easily.

to others, attacking Luo Tian in this condition was impossible, but to Ye Chen it was an easy thing to do.

Ye Chen flicked his finger, a needle-sized profound flame appeared, Ye Chen shot these flames into the vortex of wind.

The flame needle shot into the wind, it directly smashed into the wind vortex that was released by Luo Tian.

"Boom. . ." a big explosion occurred, a fire explosion ignited an even bigger fire.

The whirlwind turned into an enormous fire vortex, the explosion just now turned the whirlwind into a deadly vortex of fire.

"Arghh" Luo Tian who was in the whirlwind shouted, it was obvious that Luo Tian had suffered injuries while in the vortex.

"This man is a little cunning" Vei saw that Ye Chen was quite cunning, this man used the enemy's attacks to destroy the enemy.

It had to be admitted that Ye Chen was very smart, he could use abnormal means to defeat his enemy.

Because Luo Tian was trapped inside the fire vortex, Luo Tian immediately stopped showing off his strength.

After Luo Tian stopped showing off the strength he possessed, the vortex of flames instantly disappeared into thin air.

Luo Tian appeared with burnt clothes and several other burns.

Luo Tian's appearance was not being looked at, he looked tattered, Luo Tian seemed to have just had the worst day of his life.

Luo Tian looked very angry at Ye Chen, he looked at Ye Chen with a gaze filled with hostility.

Luo Tian was no longer able to control his anger, he was completely unable to control his anger towards Ye Chen.

To be honest, Luo Tian's anger was already at its peak, this was the first time anyone had been able to anger Luo Tian to the current state.

"Oi, what's with that appearance of yours, did you just get burned by your own technique, how can you be that stupid, don't you know about the rules of self-safety" Ye Chen said to Luo Tian.

Ye Chen tried to stir up Luo Tian, ??he tried to irritate Luo Tian with what happened.

"This bastard, I will kill you" Luo Tian's anger was unstoppable, he could not stand Ye Chen's humiliation.

Luo Tian put his palms together, he started to concentrate fully on doing this.

Moments later, this place became extremely dark, black colored clouds and strong winds filled the Nine Immortals Peak Sect.

A green light appeared from behind the clouds, this light became more apparent as it descended from the sky.

This green light turned out to be a weapon with a super large size, this weapon is diverse in total there are nine weapons.

At the sight of this phenomenon, almost all of the Peak Lords who were present stood up, all of them looking towards the sky.

"This, has the patriarch really worked on Luo Tian about something like this?" All Peak Lords did not expect that Luo Tian had mastered the highest technique in the Nine Immortals Peak Sect.

This was Xing Han's strongest technique, it was an ace that was rarely used except in an emergency.

And now that Luo Tian was using this thing against Ye Chen, it would definitely be very difficult for Ye Chen to survive this attack.

"Ye Chen, you will definitely die" Luo Tian opened his eyes and started to roar towards Ye Chen, he roared with all his might towards Ye Chen.

"Nine Immortals slaughter Law" Luo Tian roared, himself dropping the Nine Immortals slaughter Law.

The nine weapons that were in the sky descended, these nine weapons headed towards Ye Chen who was below.

When the nine weapons descended, a strong pressure pressed down on Ye Chen, this pressure was likely due to the nine weapons descending at an extremely fast speed.

"He will die" All Peak Lords believed that if Ye Chen received this attack, then it was certain that Ye Chen would die.

Everyone couldn't stop this match, so they could only see Luo Tian trying to kill Ye Chen.

The nine guns descended and hit Ye Chen, when this thing happened an enormous explosion occurred and shook hundreds of miles away.

The most affected were the spectators who were around this place, some of the spectators even lost their footing due to the strong earthquake that occurred.

Everyone was in awe of what had happened, they were all amazed when they saw Luo Tian unleash such a terrifying attack.

If there wasn't a barrier in the arena, surely the spectators would be dragged away, they would all be dragged away and most likely die in this place.

The arena was filled with dust, the arena looked shattered and chaotic after receiving Luo Tian's Nine Immortals slaughter Law.

An enormous hole was formed as a result of Luo Tian's powerful attack, one would think that no one would survive an attack like this.

But to prove whether Ye Chen could endure or not, then they had to see where Ye Chen was.

The dust finally started to dissipate, neither traces nor Ye Chen's figure was seen around this place, Luo Tian and the audience did not see any traces of Ye Chen around this place.

"Is Ye Chen's body shattered into pieces?" some people began to speculate that Ye Chen's body had been blown to pieces, the attack just now must have been strong enough to crush Ye Chen.

"Success, Tian won" Shin Pi looked overjoyed when he saw Luo Tian won, the attack just now must have been enough to shatter Ye Chen's body into pieces.

"How strange, if the match is over, then how can the barrier not disappear?" Yun Yang found it strange, why didn't the barrier disappear when Ye Chen had already lost to Luo Tian.

"It's possible to fail in that case." Ru Maan said that there was a possibility of failure.

"I won" Luo Tian started to cheer, he was celebrating his victory over Ye Chen.

" applause . . . ,applause . . . ,applause . . . ,applause . . . ,"people started to applaud Luo Tian, ??they had to admit that Luo Tian did have an ability.

### JOURNEY TO BECOME A TRUE GOD

#### Chapter 1483 - Ye Chen Vs Luo Tian Battle Ending

The cheers from the audience continued to resound, everyone praised and congratulated Luo Tian for winning over Ye Chen.

Luo Tian was overjoyed by this he was overjoyed to have won over Ye Chen, now no one would dare to bother him with Mu Xueying.

"Junior Ye Chen, is he okay?" women from Jade Lotus Peak very worried about Ye Chen's condition, they looked worried about Ye Chen's unknown condition, everyone could only hope that Ye Chen could survive the attack just now.

Even though Ye Chen's chances of surviving were very little, all the female disciples of the Jade Lotus Peak still had high hopes for Ye Chen.

Luo Tian really enjoyed this compliment, he was carried away by the compliments given by the people around this place.

"Sis" when Luo Tian was celebrating his victory, a sound of falling ruins rang out.

A figure came out from within the rubble, the figure that came out was Ye Chen, he came out from within the rubble.

"My clothes are dirty" Ye Chen cleaned his clothes, he cleaned his clothes from the dust.

It was a pity that the clothes that Ning Xia had given him had to be dirty, and this was all because of Luo Tian's fault.

Everyone in the audience was silent when they saw Ye Chen who was in good condition, they were all shocked by the condition that Ye Chen was able to survive without any injuries on his body.

Even though Luo Tian's attack was quite strong and deadly, how could Ye Chen survive and avoid Luo Tian's extremely deadly attack.

The most shocked was Xing Han, he was speechless and gawked when he saw Ye Chen was able to survive without an injury, it was clear that it was an impossible thing for Xing Han to explain.

Luo Tian turned around, he looked towards the origin of the voice he just heard, Luo Tian saw Ye Chen who was in good health, there was not a single wound visible on Luo Tian's body.

"You, how are you still alive after receiving the attack just now?" Luo Tian pointed at Ye Chen, he could hardly believe it when he saw Ye Chen who managed to survive the powerful attack he launched.

"I was just lucky." Ye Chen said that he was lucky to be able to survive Luo Tian's attack.

Everyone started talking about what happened, they couldn't believe that Ye Chen was lucky and survived Luo Tian's deadly attack.

"I can't believe you must be lying" Luo Tian couldn't believe it, obviously Ye Chen must be lying to him.

"if you don't believe it, then it's useless for me to explain again to you, let's continue our battle" Ye Chen didn't bother to explain what happened to Luo Tian.

Luo Tian became more and more wary, he became more and more wary of Ye Chen.

Luo Tian had already lost quite a bit of profound energy, so his remaining strength was already very little.

Luo Tian had to find the fastest way to end this match, if this continued, then it was certain that Luo Tian would lose out of time.

"Master, it seems that you've played around enough, let's end it all." Chu Yuechan told Ye Chen to stop messing around and get serious about beating Luo Tian.

"I'll do that right away" Ye Chen nodded, he would immediately do that.

Ye Chen just wanted to test his abilities, it turns out that Ye Chen's abilities are already very strong, at least Ye Chen who is now above Luo Tian.

Thanks to the Hollow Point Belt, and Lightspeed shoes, Ye Chen's current strength could not be underestimated, the current Ye Chen was no match for Luo Tian who had already inherited Xing Han's inheritance.

Ye Chen raised both his hands, Ye Chen raised both his hands up high, Ye Chen's right hand gave out profound fire, meanwhile Ye Chen's left hand gave out Profound Ice.

The two elements covered Ye Chen's hand and wrapped it around like a boxing glove.

The audience started to pay their attention to Ye Chen, it was rare for them to see a cultivator with dual strength like this.

Only strong and talented cultivators were able to do something like this, only those who were talented could use the two elements.

Vei is getting more and more attracted to Ye Chen, this man has two opposing elements, fire and ice are elements that are opposite to each other, even the slightest mistake in controlling these two elements will have very fatal consequences for the user.

Even though Ye Chen would become strong with these two elements, there was still the worst possibility that would happen, if Ye Chen was negligent even a little it could be an advantage for Luo Tian.

"Ready, let's finish this battle" Ye Chen advanced towards Luo Tian.

"Bam..., Bam..., Bam..., Bam..., Bam..., Bam..., Bam . . . , Bam . . . " Ye Chen launched various attacks towards Luo Tian , Ye Chen hit from up and down left and right .

Luo Tian could not see the arrival of Ye Chen attack, he could only defend and accept Ye Chen attack .

Ye Chen's attack was very fast and powerful, Luo Tian's body was instantly burned and frozen when he received the attack.

Luo Tian couldn't feel any pain, the wound he received made him unable to feel pain anymore.

"Boom "Luo Tian was dropped to the floor, he was now knocked down by Ye Chen to the floor.

Luo Tian tried to get up and fight Ye Chen, too bad Luo Tian couldn't get up, his body was already numb from the endless onslaught of attacks.

Ye Chen stood up on top of Luo Tian, ??he stepped on Luo Tian who was in underneath.

"Are you ready to lose?" Ye Chen said to Luo Tian who was under him, this time Luo Tian will lose.

"I will never lose" Luo Tian refused to lose, he would never lose to someone like Ye Chen

"Too bad, but this will be your loss" Ye Chen said that it would be Luo Tian's defeat.

Ye Chen put his two hands together, the fire and ice in Ye Chen's hands merged into one.

To outsiders, what Ye Chen did was something strange, it would make a very, very big explosion, fire and ice would be extremely sensitive, both of them would be extremely sensitive when they met each other.

"Stop right there" Shin Pi tried to stop Ye Chen, both of them tried to stop Ye Chen from beating Luo Tian.

"Ye Chen you better stop, and give up." Shin Pi gave Ye Chen a voice transmission, Shin Pi told Ye Chen to give up right now.

After all, Luo Tian was the future Patriarch of the Nine Immortals Peak Sect, if Luo Tian lost to a new disciple like Ye Chen, it would make the Nine Immortals Peak Sect lose face.

Plus there were countless observers from outside the Nine Immortals Peak Sect, if they saw this, what would they think.

This was the same as saying that Xing Han was incompetent when it came to training a disciple.

"Hahaha, that's ridiculous." Ye Chen laughed in his heart, what Shin Pi said was extremely ridiculous.

Ye Chen didn't care about Shin Pi's words, he attacked Luo Tian who was below him.

"Boom" An extremely terrifying explosion occurred, Ye Chen's impact made the entire Nine Immortals Peak Sect shake, it was much stronger than before.

### JOURNEY TO BECOME A TRUE GOD

Chapter 1484 - Ye Chen Withstood The Attack From Lord Peak Shin

This shock knocked several people down, they all fell down because they had lost their footing.

" what happened?" Everyone was wondering about what had happened, they were curious about the outcome of the battle that Ye Chen and Luo Tian had fought.

Thicker dust was flying, this limited the visibility of people.

Moments later, the barrier wall in the arena disappeared, the disappearance of this arena wall meant that the outcome of the match should have been confirmed.

"Is Luo Tian really defeated by little brother Ye Chen?" Mo Chiyi did not expect that Luo Tian would be defeated by Ye Chen, this was quite difficult for most people in this place to accept.

After the debut completely disappeared, people finally saw what happened, they saw Luo Tian lying on the floor with a very badly injured chest, fresh blood was pouring out of Luo Tian's chest, this proved how badly injured Luo Tian was.

Seeing the state of Luo Tian, Xing Han and Shin Pi immediately approached, both of them tried to see how injured Luo Tian was.

"The injuries he sustained are extremely serious." Xing Han shook his head when he saw Luo Tian's injuries, Luo Tian's injuries were very serious.

"Patriarch, is there any hope for him?" Shin Pi asks if there is any hope for Luo Tian.

"Looks like it will be very difficult, even if he recovers, he probably won't be able to return to this level again." Xing Han shook his head, it seemed that Luo Tian would not be able to fully recover, his injury would make Luo Tian a cripple.

"What?" Shin Pi is shocked when he hears what Xing Han said, Luo Tian will not be able to recover like before, of course this is quite surprising.

"You, how can you do something cruel like this" Shin Pi pointed at Ye Chen, he pointed at Ye Chen who had done something cruel to Luo Tian.

"Lord Peak Shin, in battle, the sword has no eyes, so don't blame me, after all from the start the match will end when one of you is killed, so you can't blame me for this matter." Ye Chen looked for a defense, Ye Chen didn't feel guilty for attacking Luo Tian.

A battle is a battle, if only Ye Chen was much weaker than Luo Tian, ??it could be that Luo Tian would do more cruel things, maybe even Luo Tian could kill Ye Chen.

This is a life and death battle arena, what Ye Chen and Luo Tian are doing can't be stopped by anyone, so both of them are free to do whatever they want.

"you ?" Shin Pi pointed at Ye Chen, this disciple from Ning Xia was very arrogant, Shin Pi felt that he should teach an arrogant student like Ye Chen a lesson.

Shin Pi stepped forward, he attacked Ye Chen who was in front of him, Shin Pi used his wind fist to attack Ye Chen.

Ye Chen stretched out his hand, he resisted the attack launched by Shin Pi.

"boom" Shin Pi attack can be easily blocked by Ye Chen.

"Impossible" Shin Pi couldn't believe that Ye Chen was holding back his attack, Shin Pi's attack was blocked very easily by Ye Chen.

"You better go, you are not my opponent" Ye Chen told Shin Pi to leave, he is not a worthy opponent for Ye Chen who is now much stronger.

"I don't believe that I will lose to you" Shin Pi doesn't believe that he will lose to Ye Chen, he wants to fight against Ye Chen.

"Shin Pi stop right now" when Shin Pi wanted to attack Ye Chen, Xing Han immediately stopped him, he told Shin Pi to stop and not attack Ye Chen.

"Patriarch, why did you stop me?" Shin Pi asks Xing Han, he wants to know why Shin Han stopped him.

"Don't do anything rash, from the start this was a battle agreed upon by both of them, so we can't interfere." Xing Han was much more rational than Shin Pi, he could think clearly in this situation.

"But" Shin Pi didn't want to let go of Ye Chen easily, he didn't want to let go of Ye Chen easily.

"Let's go and heal Tian" Xing Han invites Shin Pi to help heal Luo Tian, ??if they continue to be in this place, Luo Tian's condition will only get worse.

Xing Han and Shin Pi took Luo Tian, ??both took Luo Tian to the place where Xing Han lived.

" Clap . . . , Clap . . . , Clap . . . , Clap . . . , Clap . . . " The audience started to applaud when they saw Ye Chen win the match, this match was more exciting than people in this place imagined, Ye Chen could beat Luo Tian, ??a disciple of Xing Han.

"Junior Ye Chen is too strong and handsome, he is a very strong person at all, I want to learn more from him" the female disciples from Jade Lotus Peak started to look at Ye Chen, they all started to seriously look at Ye Chen.

What Ye Chen did was truly extraordinary, from now on the Sect's best disciple is no longer Luo Tian, ??Ye Chen will be the best core disciple in this Sect.

"Interesting" Chang Er was getting more and more attracted to Ye Chen, she had to be able to subdue a strong man like Ye Chen, her pride would be at stake if she couldn't make a man like Ye Chen kneel under her feet.

Chang Er was a beautiful idol, she could of course get Ye Chen, Chang Er couldn't believe that a man like Ye Chen could hold out against her.

"He's getting stronger and stronger, can I fight him?" Luo Bing was starting to look pessimistic towards himself, Luo Bing Don't know if he can win against Ye Chen, Ye Chen's strength is getting stronger and stronger, this man is growing very fast.

After the match was over, everyone left, they left and left this place, some congratulated Ye Chen, now Ye Chen has become a very powerful person in the Sect.

Xing Han and Shin Pi brought Luo Tian to be healed, Luo Tian's wound was healed by both of them.

Xing Han and Shin Pi used rare and high grade potions to heal Luo Tian, ??so Luo Tian could recover quickly.

Even though they couldn't recover to their peak condition, at least Xing Han and Shin Pi could still keep Luo Tian's life.

"Ning Xia's disciple is really unpredictable, how can she become that strong in just a few weeks" Xing Han couldn't believe that Ye Chen could become that strong in just a few weeks.

"That woman is very rich, if she takes a direct disciple, then she must use all her resources, plus that man has the same strength as Ning Xia, so Ning Xia will definitely give the best treatment" Xing Han explained the possibility.

"Patriarch, who exactly is that woman, why is she so strong and possessing extraordinary abilities?" Shin Pi asks Xing Han, he wants to know about the real Ning Xia.

Shin Pi was already very curious about Ning Xia, how Xing Han was so respectful and afraid when dealing with Ning Xia.

### JOURNEY TO BECOME A TRUE GOD

#### Chapter 1485 - It Is A Danger Alert

"That woman has a very special background, I know her background is very strong." Xing Han didn't know very well about Ning Xia's background, Ning Xia must have a strong background.

"No wonder the patriarch respects her so much." Shin Pi now understood why Xing Han respected Ning Xia so much, apparently this was the reason.

"As long as that woman is alive, we can't touch him." Xing Han said that they wouldn't be able to touch Ye Chen, as long as Ning Xia was alive, then touching Ye Chen was a very difficult thing to do.

"That woman is very lucky, she got a very skilled student" Shin Pi sighed, why should the best student go along with Ning Xia.

"Patriarch, what are you going to do to Luo Tian?" Shin Pi asks what Xing Han will do to Luo Tian.

"We'll see, if he can still be repaired then he might be kept, otherwise if he can't be repaired, then it seems we have to find another candidate" Xing Han said to Shin.

"Too bad that the Luo Clan has fallen apart now." Shin Pi deeply regretted the destruction of the Luo Clan.

"Has the culprit been found?" Xing Han asked if the culprit from the destruction of the Luo Clan had been found.

"Unfortunately, the person who destroyed the Luo Clan is still a mystery." Shin Pi still couldn't find the person who destroyed the Luo Clan, the person who destroyed the Luo Clan is still very mysterious.

"Damn it, the situation is getting out of control, the emergence of many great powers makes our Sect look even weaker, if it continues like this, then we can be oppressed by all of them" Xing Han was much more worried about the strong cultivators who kept coming, he was worried that they would do something wrong. the bad,

"Patriarch, this is indeed quite a difficult thing, so I hope you will be more patient, when they don't find what they are looking for, they will definitely go away on their own.

"I hope you're right" Xing Han hoped that it would happen soon, the sooner this ended, the better.

"Shin Pi you keep an eye on Jade Lotus Peak, report any suspicious movements" Xing Han told Shin Pi to keep an eye on Jade Lotus Peak.

"Okay, I will do as you are told." Shin Pi nodded, he will keep a good eye on Jade Lotus Peak.

"You can go, you can leave Luo Tian's matter to me" Xing Han told Shin Pi to leave, Luo Tian's matter would be handled by himself.

"I understand" Shin Pi nodded, he said goodbye and left Xing Han's place.

Xing Han tried his best to take care of Luo Tian, ??as much as possible Xing Han would make Luo Tian return to normal without any flaws.

Even though it might be extremely difficult to do, Xing Han had to work extra hard to be able to heal Luo Tian to his peak condition.

.

.

Ye Chen returned to Jade Lotus Peak, at this time they were celebrating Ye Chen's victory.

All the women from Jade Lotus Peak were extremely proud when they saw Ye Chen win over Luo Tian, ??what Ye Chen did was something that was truly amazing.

Until now they all still didn't believe that Ye Chen was able to beat Luo Tian, ??but now their doubts were gone, Ye Chen was indeed able to beat Luo Tian.

Ye Chen's popularity is increasing as time goes by, the woman who previously longed for Luo Tian now turned to yearn for Ye Chen.

what Ye Chen heard was the truth, in the God Realm strength is everything, as long as Ye Chen has strength, then he will definitely get good treatment.

"All of you let go quickly" Mei Yueli told the women to let Ye Chen go, for some reason Ye Chen was like a toy for the women in this place.

Whereas from the start they had little interest in Ye Chen, but now they were like a female fox trying to steal Ye Chen.

"Yueli, what's your problem, we are celebrating Junior Ye Chen's victory"  
These beauties refused to leave, they tried their best to be together with Ye Chen.

"All of you" Mei Yueli pointed at her friends, how could they act like this to Ye Chen.

Mei Yueli couldn't do anything about this matter, herself couldn't do much about this big matter.

Ye Chen was enjoying his time, he was enjoying the time he had with the beauties around him.

"Ye Chen, come with me, Lord Peak wants to meet you." Mu Xueying came and told Ye Chen that Lord Peak wanted to meet her.

" Okay . . . ." Ye Chen nodded, he went together with Mu Xueying to meet Ning Xia.

"ladies, I'm going first." Ye Chen bid farewell to the beauties around him, Ye Chen had important business to attend to.

"Junior Ye Chen, you should hurry back and tell the story you have." These ladies wanted to hear more modern stories from the earth, it was obvious that women here really liked that kind of thing.

Ye Chen just nodded, after which Ye Chen left together with Mu Xueying.

Mu Xueying took Ye Chen upstairs, obviously Mu Xueying had no intention of bringing Ye Chen to see Ning Xia.

"Wife, why are we here, isn't Lord Peak Ning looking for me?" Ye Chen asked Mu Xueying, why did Mu Xueying take herself to the roof instead.

"Husband, thank you very much for what you have done, I am very grateful for what you have done" the reason Mu Xueying brought Ye Chen here was to thank him.

"wife, you don't need to thank me, I did this to take care of you, if anyone dares to disturb you, I will definitely make them regret it" Ye Chen hugged Mu Xueying who was in front of him, he hugged a beautiful woman like Mu Xueying in his arms.

Mu Xueying put her face on Ye Chen's chest, she could hear Ye Chen's heart very clearly.

It was hard to admit this matter, if only this was the old Mu Xueying, then this kind of scene would be almost impossible to see.

Mu Xueying had never been close to a man, the first time Mu Xueying was close to a man was when she was with Ye Chen, it was Mu Xueying's first time interacting with a man.

The atmosphere became more and more romantic, Ye Chen and Mu Xueying looked like a couple enjoying their date.

The two of them were accompanied by the beauty of the sky and the scenery near the Jade Lotus Peak was nothing more beautiful than the view from the rooftop of Ye Chen's building.

"Dumm. . ., Dumm . . ., Dumm. . ., Dumm. . . ." while Ye Chen and Mu Xueying were enjoying their time, suddenly a very loud alarm sounded.

Ye Chen and Mu Xueying came to their senses and saw what happened.

" what happened?" Ye Chen asked what happened, why was there such a loud noise.

"It is a danger alert, it will only activate when there is a danger that could threaten the Sect." Mu Xueying told Ye Chen what had happened.

"Does that mean something dangerous has happened?" Ye Chen asked Mu Xueying.

"Of course, I will go and ask what happened, husband, you please come here and direct the female disciples to gather outside" Mu Xueying asked Ye Chen to gather all the women in this building.

"I will immediately go and do that" Ye Chen nodded, he will immediately go and gather all the women.

### JOURNEY TO BECOME A TRUE GOD

Ye Chen and Mu Xueying parted ways, both of whom left to complete their respective tasks.

Ye Chen went to meet the female disciple, meanwhile Mu Xueying went to find out what happened.

"Junior Ye Chen do you know what happened?" all the female disciples asked Ye Chen they all asked what happened.

"I still don't know what happened, but let's gather outside and wait for sister Xueying." Ye Chen immediately told all the ladies to go out and wait for information from Mu Xueying.

"Okay, we all understand" all the women nodded, they all went out.

"Ye Chen, what do you think happened?" Mei Yueli, Xia Qingyu and Mu Nianci came over to ask what happened.

"Looks like something dangerous is happening outside, otherwise the alarm wouldn't have gone off." Ye Chen began to estimate the possibility of what might happen.

"What do you think happened?" Mu Nianci was curious about what had just happened, it didn't seem like this would be a simple matter.

"Let's wait for Sister Xueying to come, after that we can know what happened" Ye Chen invited Mei Yueli, Xia Qingyu and Mu Nianci to gather at the place Mu Xueying had appointed, they would get the information they needed.

"Come on" Mei Yueli, Xia Qingyu and Mu Nianci very swiftly followed Ye Chen, the three followed Ye Chen out and gathered together with the women who had already left first.

After arriving outside Ye Chen ordered all the women to line up as neatly as possible, he wanted them all to line up neatly and as well as possible.

It was nice to see the beauties of the Jade Lotus Peak lined up so neatly, they were just waiting for information from Mu Xueying.

After waiting for a while, Mu Xueying finally came back, Mu Xueying came back and got off in front of everyone.

Everyone looked very curious as to what would happen, they wanted to know what information Mu Xueying managed to get.

"Everyone, you must have just heard that the Sect just gave a dangerous warning, from the information I have regarding the forbidden organization we fought in the past, this forbidden organization has controlled almost half of the kingdoms and territories in the Sky Cloud Peak Star Realm , so the Sect wants all of you to be vigilant and on guard in case of an attack, the Sect cannot underestimate the strength of the enemy" Mu Xueying explained very clearly.

It turned out that the reason the Sect sounded the alarm warning of danger was because there was quite a serious problem, the Code Breaker organization had started to move, they controlled the kingdom and several territories in the Sky Cloud Peak Star Realm.

The Code Breaker Organization knew that they wouldn't be easy against a great power like from the Nine Immortals Peak Sect and the Immortal Sky Empire, so they started to exploit the territories far away from these two powers, their goal was to recruit as many troops as possible with the lure of treasures and items that could make anyone join them.

"Are we going to be sent to fight?" one of the women asked if they would be sent to fight against the Code Breaker organization.

"No, for the time being the Sect is sending people to make observations, when we get useful information maybe we will fight with them" Mu Xueying informed that they would not be dispatched immediately.

The territory controlled by the Code Breaker organization was vast, it was too risky for them to come forward and directly fight with the Code Breaker organization.

They themselves might be ambushed by the enemy because after all the enemy is far more in control of the field than them, there must have been a lot of troops and weapons hidden in the area controlled by the Code Breaker organization.

All the women nodded, it seemed they had to hold on for a while.

"Ye Chen, Ziyu, you two come with me, I want to talk to you guys." Mu Xueying took Ye Chen and Song Ziyu along.

Ye Chen and Song Ziyu looked at each other, both looking confused as to why Mu Xueying had called them.

Mu Xueying took Ye Chen and Song Ziyu to a place a bit far away, there was something Mu Xueying wanted to talk to Ye Chen and Song Ziyu.

"Ye Chen, Ziyu, I have a task for you guys?" Mu Xueying said that she had a duty to both of them.

"what's that?" Song Ziyu asked about the task Mu Xueying had given her.

"I want you two to go and spy on the forbidden organization that is our enemy" Mu Xueying told her what she wanted,

Mu Xueying told Ye Chen and Song Ziyu to go and spy on the Code Breaker organization.

"Why should I be with him?" Ye Chen asked why Mu Xueying had to pair up with Song Ziyu.

"Song Ziyu has knowledge of the geographical location of enemy territory, so as long as you are with him, you will be fine." Mu Xueying explained the reason why she wanted Ye Chen to be with Song Ziyu.

"Is it like that?" Ye Chen looked at Song Ziyu, he didn't expect that Song Ziyu would have such rich knowledge of this kind of matter.

"Ye Chen, don't underestimate me, even though I'm like this, I know all the places in the Sky Cloud Peak Star Realm." Song Ziyu said it with great pride, she showed off her knowledge to Ye Chen.

"whatever" Ye Chen didn't want to argue, it's better to give in than have to argue

"well it's decided, then you two go quickly, you two also wear unobtrusive formal attire, especially you" Mu Xueying pointed at Ye Chen, she wanted to Ye Chen wasn't too flashy.

The current Ye Chen was indeed too flashy, every woman would definitely look at him, so Mu Xueying wanted Ye Chen to go undercover.

"okay . . ." Ye Chen nodded, he would disguise himself as best he could.

"I will go back and arrange everything in Jade Lotus Peak" Mu Xueying left, she left Ye Chen and Song Ziyu alone.

"Master, are we leaving right now?" Song Ziyu asked Ye Chen if they were leaving right now.

"Of course, let's go right now." Ye Chen took Song Ziyu away right away, the two changed appearances and started to head towards the territory of the Code Breaker organization.

Song Ziyu nodded, he followed Ye Chen to go to enemy territory, it could be said that Song Ziyu would be the one to guide Ye Chen.

Ye Chen and Song Ziyu flew out of the Sect, both of them darting towards the territory Mu Xueying said.

From the explanation given by Mu Xueying, Ye Chen could confirm that the other peaks must have sent people to find out about the whereabouts and condition of the enemy, Ye Chen and Song Ziyu had their share.

The place they were going to was called the Hoasin kingdom, it was a fairly large kingdom.

In the Sky Cloud Peak Star Realm there are many kingdoms, the existence of these kingdoms is naturally under the dominion of the King Realm.

So in terms of strength they were below the Immortal Sky Empire.

Even though their strength was below the Immortal Sky Empire, it would still be a threat if the Code Breaker organization succeeded in controlling the area, there would definitely be serious problems if that happened.

After traveling for some time, Ye Chen and Song Ziyu finally arrived at the border of the Hoasin Kingdom.

"Wait a minute" Ye Chen told Song Ziyu to stop, he saw that there were several guards guarding the border area.

Ye Chen could tell from afar that these people were from the Code Breaker organization.

The people from the Code Breaker organization are guarding the border so that no enemies enter their territory.

### JOURNEY TO BECOME A TRUE GOD

#### Chapter 1487 - Holding Song Ziyu

"The enemy looks very wary, how are we going to infiltrate inside?" Song Ziyu looked confused and worried, how could they get inside when the security was so tight.

"This would be an easy thing to do" Ye Chen said that it was easy to enter the territory of the Code Breaker organization.

"How to?" Song Ziyu was quite curious, she wanted to know what kind of methods and strategies Ye Chen would use.

"You'll see" Ye Chen came to Song Ziyu side, he embraced and carried Song Ziyu.

"Master, what are you doing?" Song Ziyu was shocked when he saw Ye Chen carrying Song Ziyu like a princess.

To Song Ziyu What Ye Chen did was very romantic, this was something Song Ziyu wanted for a long time.

Honestly Song Ziyu couldn't believe that Ye Chen would carry her, it was like a dream like Song Ziyu.

"Hold on tight" Ye Chen told Song Ziyu to hold on really tight.

"Eh?" Song Ziyu looked confused when she heard what Ye Chen said, what Ye Chen was going to do.

Song Ziyu didn't dare refuse Ye Chen's request, she held Ye Chen's body very tightly.

Ye Chen took a stance, Ye Chen wanted to run and penetrate the enemy's defense territory.

Ye Chen was very confident in his speed, so sneaking past the guards was something he could do.

For this method to be one hundred percent successful, Ye Chen used the Wind Vein, Ye Chen used the Wind Vein and gained many times the speed.

Ye Chen immediately ran over and tried to forcibly barge into the enemy's territory.

"Wush. . ." Ye Chen was like a flash of light, Ye Chen's speed could be said to be extremely fast, he was able to run at an extremely impressive speed.

The guards are already very alert, they are on guard and make sure no outsiders enter the territory belonging to the Code Breaker organization.

"Wush.. ."While the troops were guarding, they felt a very strong wind pass through them.

"What was that just now?" Several guards were immediately alert to what had just happened, they were alert to the strong winds that suddenly blew.

The guards immediately went and looked around to find out what had just happened, they were looking for clues as to what had just happened.

These guards didn't know that someone had just passed by, they didn't notice because people passed by so fast.

The guards began to search outside, they were looking for clues that might allow outsiders to enter.

.

.

Meanwhile, Ye Chen and Song Ziyu had entered first, the two of them had entered the territory that the Code Breaker organization had just controlled.

"How long are you going to be daydreaming like that, come down right now" Ye Chen ordered Song Ziyu to come down, this woman continued to cling very tightly.

Song Ziyu was currently in a semi-conscious state, her mind wandering all over the place while being carried by Ye Chen.

Seeing no response from Song Ziyu, Ye Chen directly knocked on Song Ziyu's head.

" Ouch . . . , what are you doing?" Song Ziyu immediately complained, she complained about what Ye Chen did.

"Hurry up, we still have work to do, I don't want to continue to carry you like this, if you don't want to come down, then I will throw you" Ye Chen said to Song Ziyu.

"How can you be so cruel, I didn't expect that master would be so cruel like that" Song Ziyu complained to Ye Chen who was so cruel to her.

"I don't care, hurry down and let's carry out our mission." Ye Chen wasn't in the mood to tease Song Ziyu, first they had to settle the matter around this place, lest the Code Breaker organization rise up and become much stronger.

there was a reason why Ye Chen didn't like it when he saw the Code Breaker organization always looking for trouble with him.

"Okay, okay, so please don't throw me." Song Ziyu immediately got off, she got off of Ye Chen's embrace.

It was a pity that it all ended so quickly, even though Song Ziyu had just enjoyed such fun.

Ye Chen and Song Ziyu went to a nearby town, they wanted to know the current state of the place that the Code Breaker organization had taken over.

It just so happened that not far from this place was a town, so Ye Chen and Song Ziyu decided to stop at that place.

Ye Chen and Song Ziyu entered the city, when the two of them went into the city, they both found that the situation in the city looked very normal, there didn't seem to be any coercion or crime going on.

"Isn't this a little strange?" Ye Chen said to Song Ziyu who was beside him.

"Yeah, I feel the same way, why does this place look so calm and peaceful, it's like nothing happened to this place" Song Ziyu said to Ye Chen.

"Maybe they were threatened or something, why don't we find out about this" Ye Chen invited Song Ziyu to go and find out about this matter.

"Let's go." Song Ziyu nodded, the two of them went to a place that looked very quiet and away from the crowd.

Ye Chen and Song Ziyu arrived at a small tavern that wasn't too crowded, both ordering food and drinks, while trying to find any information they could get their hands on.

"Uncle, how is the situation in this city?" Ye Chen asked about the situation in this city.

"The situation is fine, is there a problem?" asked the tavern owner to Ye Chen.

"Not only did I hear that there was a bit of turmoil in this place, so I was worried that something unusual might happen." Ye Chen replied kindly, he tried his best not to reveal his identity.

"There's been a bit of turmoil, recently the Hoasin kingdom has indeed been captured by a group in the name of the liberators, but that only happened in the royal city, while the city and other places were not affected by the battle" the tavern owner informed that the city was fine, everything works normally without any problems.

"So the most affected is the capital of the Hoasin Kingdom" Ye Chen asked the uncle of the stall owner.

"That's right, it's best to avoid going to the royal capital from Hoasin, there will be problems if you go to that place, I heard that people who try to leave or enter will be arrested and interrogated, so it's a Chaos region," said the uncle to Ye Chen.

"Thank you for the warning" Ye Chen was grateful for the warning given by this uncle in front of him.

Ye Chen and Song Ziyu spent some time in this place, after they finished, the two left this place.

"Master, what do you think about the person just now?" Song Ziyu asked Ye Chen about the information that person had just given.

"I saw that he was trying to cover something up." Ye Chen saw that the person just now was trying to cover something up.

"So what are we going to do next?" Song Ziyu asked what they would do next.

"We will be here for a while, this is the city closest to the border, so this place should be holding something" Ye Chen didn't want to go directly to the Hoasin royal capital, he thought this place was a strategic city, surely the Code Breaker organization was planning something big in this place.

Song Ziyu nodded, agreeing with what Ye Chen said.

### JOURNEY TO BECOME A TRUE GOD

#### Chapter 1488 - Sabotage The Enemy's Ark

Ye Chen and Song Ziyu went around the city, they looking for information about the enemy.

organization was doing Code Breaker in a place that was hidden from the reach of the eye.

Ye Chen did a scan around this place, unfortunately Ye Chen didn't find anything that could help him, there wasn't anything strange about this city.

"Hmm, it's strange that there's nothing wrong with this city." Ye Chen started to look confused, he didn't find anything wrong in this city, there was no sign of any suspicious movement from the Code Breaker organization.

"Is it possible that they are hiding somewhere further away?" Ye Chen started to think that if the enemy was hiding somewhere further away, that might be the case.

Ye Chen used God Eyes to look further afield, he looked for the existence of the Code Breaker outside the city.

While Ye Chen was looking for the enemy's whereabouts, Ye Chen found something suspicious, he found a place filled with people working on building things.

Out of curiosity, Ye Chen decided to find out more, when Ye Chen did this he found out that they were making profound arks used for battle.

The reason Ye Chen believed that this profound ark was used for combat was because Ye Chen saw countless large and terrifying heavyweight weapons, these were definitely weapons used for assault.

"Okay, I found it" Ye Chen finally found the whereabouts of the enemy, Ye Chen just needed to infiltrate the place.

In doing so Ye Chen probably wouldn't have brought Song Ziyu along, it would be very dangerous to infiltrate the place if he brought Song Ziyu along with him.

Judging from the layers of guards, it would be very difficult to go together with Song Ziyu, so Ye Chen decided to go alone.

"Let's go and find an inn." Ye Chen invited Song Ziyu to go and find an inn.

"Looking for inn?" Song Ziyu looked confused by what Ye Chen was trying to do, why did Ye Chen decide to find an inn.

Without waiting for Song Ziyu, Ye Chen immediately pulled her to a nearby inn, the two booked a room for the two of them.

Song Ziyu's face turned red when she saw Ye Chen only booked one room, what Ye Chen did was very bold.

Song Ziyu's mind started to run wild when she saw this, Song Ziyu started to think of something strange and unreasonable that could happen to the two of them.

Just imagine what will happen when a single man and woman are in the same room, something must happen that can make a woman like Song Ziyu think differently.

Song Ziyu knew a little about Ye Chen, this man teased her a lot, she must have had all sorts of intentions towards him.

"But if he really wants to do that I probably won't mind." Song Ziyu didn't mind when she wanted to have a relationship with Ye Chen, on the other hand Song Ziyu really hoped that it would happen.

After booking a room, Ye Chen and Song Ziyu immediately went up, the two went up and entered the room.

When Song Ziyu was with Ye Chen, he only lowered his face, it was obvious that Song Ziyu was a little shy when he was with Ye Chen.

"What do you think, this city is a little strange, the people in this city are really strange" Ye Chen said that the people in this city are very strange.

"I agree with what you said" Song Ziyu realized, she agreed with what Ye Chen said, she also felt that the people in this town were a little strange.

"Could it be that they have been influenced?" Ye Chen guessed that people had been influenced, otherwise why would they be so relaxed about dealing with this kind of problem.

"Are they brainwashed?" Song Ziyu started to think that these people might have been brainwashed, they weren't afraid of what was happening.

"It might happen, otherwise they might be threatened by someone" Ye Chen started to think about the possibility that could happen.

"That is quite a serious matter." Song Ziyu felt that it was a very serious matter, if that was the case, then it would be a frightening thing.

"You stay here and keep an eye on any suspicious-looking movements, meanwhile I will go to see if there is any information" Ye Chen divided the tasks with Song Ziyu, Ye Chen would go outside meanwhile Song Ziyu would keep an eye on this place.

If something unexpected happened, Ye Chen wanted Song Ziyu to call him.

"Okay, I will listen to you" Song Ziyu nodded, he would listen to Ye Chen.

Ye Chen sneaked out, Ye Chen went and changed his costume to the Mask Hero costume.

Ye Chen felt that it would be easier to move against the Code Breaker organization by using the Mask Hero identity.

After changing his appearance, Ye Chen immediately went to a secret place owned by the Code Breaker organization.

Ye Chen carried out a plan to infiltrate the enemy's place, he used his move skill to infiltrate the enemy's place.

Ye Chen bypassed the enemy guard with great ease, using Ye Chen's full speed to bypass the guards from the Code Breaker organization.

After going inside, Ye Chen saw the people working on making profound arks, they seemed to be employed to make profound arks.

"Quickly finish your work, we only have a little time, if you all don't finish this on time, then you will not get paid" the foreman shouted at all the workers, they all have to finish this project quickly, otherwise they will get a problem.

Hearing this, everyone went back to work, they had been working non-stop for several weeks, of course they were all extremely exhausted from being forced

to work several weeks non-stop, it could be said that their profound energy was running low.

If it continued like this, they could all die on the spot, this was truly a very cruel job.

"Looks like they're about to start a war again, I'd better find out where they're going to attack." Seeing what happened, Ye Chen could conclude that the Code Breaker organization would launch an even bigger attack than before.

Ye Chen sneaked into the deepest part, he looked for information in the place used by the leader of this place.

It should be easier for Ye Chen to find information at the place of the leader or person in charge of this place.

After searching for a while, Ye Chen finally found a special room, inside this room were several maps and doodles.

Seeing this Ye Chen immediately went to take a look, he saw that this was a strategy map that the enemy was trying to use.

"Very good, I got decent information" Ye Chen had got decent information, now he knew the plan Ye Chen was going to use.

Ye Chen took an imaging stone, Ye Chen took a photo of everything on the map.

After getting Ye Chen's information to go to the profound ark, Ye Chen entered the profound ark to make some modifications to the enemy's profound ark.

After a while, Ye Chen finally finished the sabotage, now just staying out of this place.

Ye Chen entered very easily, he was also able to exit very easily.

"Okay, I managed to get what I wanted" Ye Chen had managed to get what he wanted, now it's time to go back.

### JOURNEY TO BECOME A TRUE GOD

#### Chapter 1489 - Surprise Attack From Heavyweight Weapons

After getting everything, Ye Chen returned to the inn, returning to tell Song Ziyu what he had found.

Ye Chen returned to the inn, he changed his clothes and entered the inn.

When Ye Chen entered the inn, Ye Chen found a surprising thing, Ye Chen found that the room he rented was very messy, it seemed that there had just been a battle in this place.

Ye Chen immediately went and looked for Song Ziyu's whereabouts, he was looking to see if Song Ziyu was okay and was hiding.

After searching for some time, Ye Chen found no sign of Song Ziyu's whereabouts.

"Was he taken away by someone?" Not discovering the whereabouts of Song Ziyu, Ye Chen immediately thought that Song Ziyu was most likely kidnapped.

"It seems that my guess is correct, this city is not normal, surely the people of this city have been influenced." Ye Chen's guess and concern had come true.

The people in this city must have cooperated with the Code Breaker organization, they must have already reported Ye Chen and Song Ziyu to the Code Breaker organization.

"I should find Ziyu's whereabouts as soon as possible." Ye Chen had to quickly find Song Ziyu's whereabouts, otherwise something worse might happen to Song Ziyu.

Ye Chen immediately looked for traces of Song Ziyu, first Ye Chen looked for traces of Song Ziyu around this place.

Ye Chen searched very carefully, in a short time, Ye Chen had managed to find traces of the enemy.

"Okay, I found it." Ye Chen found the trail left by the enemy, even though this trace was faint, Ye Chen was still able to follow it.

When Ye Chen followed in the footsteps of the person who had taken Song Ziyu away, Ye Chen discovered that they had already left this city.

"Damn it, Song Ziyu has been taken away" Ye Chen cursed very loudly.

Since the enemy had taken Song Ziyu away from the city, Ye Chen could predict what would happen to Song Ziyu in the future.

"I have to catch up immediately." Ye Chen didn't want to waste any time, he had to go and chase after the people who had brought Song Ziyu.

Ye Chen flew at full speed, he was catching up with his enemy.

After flying for a while, Ye Chen finally arrived near the capital of the Hoasin Empire.

The people just now turned out to have brought Song Ziyu to the capital of the Hoasin kingdom, Song Ziyu was currently under the custody of the enemy.

Ye Chen looked at the capital, when Ye Chen looked at the capital, Ye Chen found something quite interesting, he saw that the royal capital was damaged, it seemed that there was a big battle for power.

From what Ye Chen could see, the army of the Hoasin kingdom was defeated by the forces of the Code Breaker organization, now the new ruler of the kingdom is the Code Breaker organization.

"Security in this place is very strict, it seems that all troops are allocated in this place" Seeing this, Ye Chen could confirm that this was one of the headquarters of the Code Breaker organization.

Ye Chen searched for Song Ziyu's whereabouts using his God Eyes, with God Eyes, Ye Chen could find Song Ziyu's whereabouts.

Song Ziyu was currently locked up in a jail with several prisoners, all of them being held in a very dark jail.

"How dare they treat my servants like that, I won't let them off easily" Seeing Song Ziyu being treated like that by the enemy, Ye Chen had to let them know what they had done was wrong.

Ye Chen sneaked into the jail, he had already mapped the jail, so Ye Chen already knew the way to Song Ziyu's place.

The path to the dungeon was quite difficult, there were countless obstacles and doors separating every corner, plus there were countless guards on guard, so Ye Chen had to go through all the guards.

This time Ye Chen crippled the guards, he crippled all the guards, Ye Chen's goal was very clear, this was to make it easier for Song Ziyu to escape.

Ye Chen also intended to overwhelm the Code Breaker organization.

After arriving at the prison, Ye Chen went straight to Song Ziyu, Song Ziyu was currently kneeling in a corner, he couldn't do anything.

Song Ziyu was currently bound with special chains, thus Song Ziyu's strength would be greatly suppressed and he would not be able to escape.

Everyone who was here was also treated the same, they were all in chains so they couldn't escape.

"oi" Ye Chen called out towards the desperate looking Song Ziyu.

Hearing someone's voice, Song Ziyu immediately saw who was calling her, when Song Ziyu saw the person calling her, Song Ziyu found that Ye Chen was the one who called her.

"Master you came, I knew you would definitely save me." Song Ziyu was overjoyed when she saw Ye Chen here, all her worries quickly disappeared.

Ye Chen freed Song Ziyu, himself breaking the prison and chains that bound Song Ziyu.

"How can you be like this?" Ye Chen asked how could Song Ziyu be like this.

"Earlier when I was watching the city, there were several people who secretly attacked me, they launched an attack on me and knocked me unconscious, when I realized I was already in this place" Song Ziyu said what happened to her.

Hearing this, Ye Chen immediately saw the wound suffered by Song Ziyu, Ye Chen healed the wound suffered by Song Ziyu.

Song Ziyu is very grateful for what Ye Chen did, what Ye Chen did was a very good thing.

After freeing Song Ziyu, Ye Chen released other captives, Ye Chen was picky about releasing someone because in this place there were some vile criminals being held captive by the kingdom.

After freeing the people Ye Chen told everyone to leave this place immediately, otherwise they would all get into trouble.

Everyone understood, they left this place as fast as they could, they all left as fast as they could.

"Let's go too" Ye Chen invited Song Ziyu to leave, their task of finding information was done.

"Come on" Song Ziyu didn't ask much, she directly invited Ye Chen to leave this place.

Because Song Ziyu had experience in the field, Song Ziyu led the way for Ye Chen, the two of them leaving the capital very easily.

"Master, have you obtained the desired information?" Song Ziyu asked if Ye Chen had obtained the desired information.

"Of course, I already have important information about the enemy's upcoming attack, so we can anticipate this," Ye Chen said to Song Ziyu.

"Good then we just need to go back, come with me, we will get out of enemy territory" Song Ziyu asked Ye Chen to come out, they already got what they wanted, so now they can get out of this place.

Ye Chen and Song Ziyu flew very low, both flew very low to avoid the enemy.

Thanks to Song Ziyu's knowledge, Ye Chen could easily find a way, they would soon be out of the territory controlled by the Code Breaker organization.

Just as Ye Chen and Song Ziyu were about to leave the Code Breaker organization's territory, an enormous force shot towards Ye Chen and Song Ziyu.

"watch out" when Ye Chen sensed the approaching great power, Ye Chen immediately protected Song Ziyu.

"Boom" a very large explosion occurred, this made a large mushroom soar into the sky.

### JOURNEY TO BECOME A TRUE GOD

#### Chapter 1490 - What Clothes Did You Give Me?

A profound ark was closing in on Ye Chen and Song Ziyu, the attack just now was from a heavyweight weapon that came from the profound ark.

"We have succeeded in eliminating the enemy" the people on the profound ark celebrated the victory, they succeeded in destroying the intruders who had infiltrated their territory.

It is still unknown how these people found Ye Chen and Song Ziyu, how they found out where Ye Chen and Song Ziyu were.

Actually the reason they were able to find the whereabouts of Ye Chen and Song Ziyu was because of a special powder implanted in Song Ziyu's body, with that they were able to find the whereabouts of Song Ziyu who had run away.

This powder is very special, it is very difficult to detect the presence of this special powder.

"Quickly see if they are both safe or alive." One of the ship commanders ordered the crew to check on Ye Chen and Song Ziyu condition.

If they are still alive then they must be killed, if they are dead, then they just need to leave this place.

The people from the Code Breaker organization searched around this place, when they searched around this place, they found torn clothes that belonged to Ye Chen and Song Ziyu.

Seeing this, they immediately reported what had happened to their commander.

"Report commander, we found torn clothes, it looks like the person we shot has been destroyed" this member told his findings.

"Good, then we can go, pull everyone back and return to position" the commander ordered everyone to retreat and return to their positions.

"Yes" the Code Breaker organization troops quickly replied, after confirming that there were no traces of life, they immediately left this place.

The Code Breaker organization's profound ark flew away, they returned to patrolling their territory.

"they're gone" Ye Chen and Song Ziyu hid, both hiding in a slightly narrow gap.

Some of Ye Chen's clothes were torn, he deliberately tore his clothes to leave marks that could make the enemy believe that he had been defeated.

Meanwhile Song Ziyu was currently naked, Song Ziyu's clothes were torn apart by Ye Chen.

"Ye Chen, why are you doing this to me?" Song Ziyu asked why Ye Chen was tearing her clothes.

Honestly, Ye Chen was very brave, this man really dared to strip her clothes.

"You have tracking powder on your clothes, if I didn't do that, they would still be able to find us." Ye Chen told the reason why he did such a thing.

"Tracking powder?, since when?" Song Ziyu didn't even notice something like this, since when did the enemy put tracking powder on her clothes.

No wonder the enemy could find the whereabouts of Ye Chen and Song Ziyu, it turned out that from the beginning Song Ziyu had planted a tracking device that could be tracked at any time.

"Looks like the Code Breaker organization has a lot of connections, the people in the city must also be members of the Code Breaker organization." Ye Chen guessed that some of the people in the city were members of the Code Breaker organization.

So it's no wonder they looked normal when the Code Breaker organization took control of this area.

"Ye Chen, why don't you just fight them?" Song Ziyu asked Ye Chen, why did Ye Chen not fight the enemies they encountered.

"I just got information about the enemy's upcoming attack, so it would be a waste to fight them and destroy their plans, it's better to pretend to be annihilated and bring the information back, than to fight and make the enemy panic" Ye Chen told the reason why he did this.

"So that's your reason." Song Ziyu nodded, apparently that was the reason why he didn't fight the enemy.

"Quickly change your clothes." Ye Chen told Song Ziyu to put on spare clothes.

Song Ziyu's face turned red, she didn't know what to say to Ye Chen's words.

"Why are you even silent?" Ye Chen asked Song Ziyu why Song Ziyu was silent and didn't want to answer his questions.

"That . . ., actually I didn't bring a change of clothes." Song Ziyu said that she didn't bring a change of clothes, before leaving Song Ziyu put her old clothes on the Jade Lotus Peak.

"So you don't have any other clothes?" Ye Chen asked Song Ziyu who was in front of him.

"Yes." Song Ziyu nodded, she didn't have any other clothes in her Space Ring.

Within her Space Ring were only pills and Profound Crystals, nothing else Song Ziyu had brought with her.

Sect cultivators always put their resources in the Sect, they don't like to carry anything that could harm them.

"Wait a minute, I'll find clothes for you" Ye Chen told Song Ziyu to wait a moment, he would get a piece of clothing for Song Ziyu.

While picking up the clothes for Song Ziyu, Ye Chen glanced at Song Ziyu, if you take a good look at Song Ziyu, she has a very nice body, she looks even more seductive when she is in her current condition.

Song Ziyu was a little embarrassed, she showed something embarrassing to the opposite sex, this was a very embarrassing thing.

"Master, how about you give this outfit to her." Chu Yuechan suggested Ye Chen to give Song Ziyu a special outfit hidden in the fairy gate storage.

" what's that?" Ye Chen was quite curious about what Chu Yuechan said, when Ye Chen saw what Chu Yuechan meant, Ye Chen finally understood what Chu Yuechan wanted.

"Hehehe, that's a really good idea" Ye Chen smiled evilly, he smiled evilly when he heard Chu Yuechan idea.

"Here are the clothes for you, go and change." Ye Chen gave a shirt to Song Ziyu, Ye Chen told Song Ziyu to change clothes immediately.

Song Ziyu received clothes from Ye Chen, she went to change clothes in the distance.

"Don't peek" Song Ziyu gave a warning to Ye Chen not to peek at her.

Ye Chen just sniffed coldly, if Ye Chen really wanted to peek at Song Ziyu, then Ye Chen didn't need to bother, Ye Chen could use his God Eyes to peek at Song Ziyu.

Song Ziyu went and changed her clothes to the clothes Ye Chen gave her, Song Ziyu still didn't know the clothes Ye Chen gave her.

"What kind of clothes did he give me?" When Song Ziyu saw the clothes Ye Chen gave she, she looked very confused, Song Ziyu had never seen this type of clothing model.

Song Ziyu wondered where Ye Chen got this kind of clothes from, why the clothes Ye Chen gave her were so short.

Song Ziyu didn't know how if she wore clothes with a very short bottom, her thighs would be exposed very clearly.

"Looks like I have no choice but to wear this thing." Song Ziyu had no other choice but to use this clothes, what was in Song Ziyu hand was much better than being naked and showing off her body in front of Ye Chen.

Song Ziyu quickly put on the clothes that Ye Chen gave her, Song Ziyu was a little difficult at first, but Song Ziyu was finally able to wear her clothes well.

"Is what I did right?" Song Ziyu wondered if she wore this outfit well, to be honest it was Song Ziyu first time wearing something like this.

After feeling fit, Song Ziyu went to see Ye Chen who had been waiting for her.

"Ye Chen, what clothes did you give me?, why does it look so weird?" Song Ziyu directly asked about the clothes that Ye Chen had given her.
