

JOURNEY TO BECOME A TRUE GOD

Chapter 1491 - Sleeping On The Same Bed As Song Ziyu

"It looks really good on you" Ye Chen nodded in satisfaction, the clothes he gave Song Ziyu really suited her.

The outfit that Ye Chen had just given her was a Sexy female nurse outfit.

Ye Chen himself didn't remember when he kept something like this, but Ye Chen must have given these clothes for Song Ziyu to wear.

"What exactly is this outfit, how come I never saw it?" Song Ziyu was curious about what Ye Chen had given her, Song Ziyu had never seen anything like this in her life.

The clothes in the God Realm could be said to be ancient designs, so the clothes that Song Ziyu wore were naturally never seen by ordinary people.

"Never mind, don't say much more, just wear that thing" Ye Chen told Song Ziyu to put on the clothes.

"Still, it's embarrassing." Song Ziyu was embarrassed by the clothes they were currently wearing.

"If you don't like it, then I will take it back" Ye Chen said that he would take the clothes that Song Ziyu was wearing.

"No, don't do that." Song Ziyu told Ye Chen not to do that, if Ye Chen took the clothes she was wearing, then Song Ziyu could be naked like before.

"Let's find out from this place" Ye Chen took Song Ziyu out of this place.

The people from the Code Breaker organization started to move, it seemed that they had already started carrying out their plan.

If the information that Ye Chen obtained became true, then 5 days from now the Code Breaker organization would launch a massive attack.

Song Ziyu could only follow Ye Chen, he couldn't help but follow Ye Chen.

When Ye Chen and Song Ziyu left the Code Breaker organization's territory, they found that the nearby settlements had been destroyed, a lot of fire and smoke rising from the villages and small towns that Ye Chen passed through.

"This is very cruel." Song Ziyu felt that what happened was very cruel, the homes and dwellings of innocent people were destroyed by the Code Breaker organization.

"The Code Breaker organization is very clever, they split their power in two, one is to attack small places and the other is used to defend territory, if it continues like this, then they will surely quickly conquer more territory.

"Why don't disciples from the Sect and King Realm troops try to stop them?" Song Ziyu asked why no one stopped this.

"Don't you see the heavyweight weapons they have, if you attack them carelessly, then it's tantamount to seeking death" Ye Chen said to Song Ziyu.

"But still it's very concerning" Song Ziyu said to Ye Chen, Song Ziyu felt that this was very concerning.

"It seems that there is a battle ahead, let's see." Ye Chen took Song Ziyu to see the battle that was unfolding ahead.

Ye Chen and Song Ziyu left, both of whom saw what was happening up ahead.

When Ye Chen and Song Ziyu arrived at the scene, they saw people fighting, one from the Code Breaker, while the other from a participant living in the city.

The battle was uneven, the strengths of the two sides were vastly different, it was clear that the victor was the cultivator of the Code Breaker organization.

Cultivators who belonged to the Code Breaker organization began to carry out attacks, they carried out assassinations on those who opposed them, while those who did not resist would be forced to become their allies.

Ye Chen saw how ruthless the cultivators from the Code Breaker organization were, Ye Chen couldn't stay silent when he saw this.

"I can't seem to stay still here" Ye Chen couldn't stay still anymore, how could he possibly allow this cruelty to continue in front of his eyes.

Ye Chen went downstairs, meanwhile Song Ziyu followed behind Ye Chen.

Without saying anything Ye Chen joined the battle, he attacked the enemy from the Code Breaker organization.

"Nine Shadow Steps, Breaking Meteor Blow, Frost Nova" Ye Chen did several consecutive attacks towards the enemy.

"Damn, who is this person?" The enemy didn't know who Ye Chen was, they didn't know Ye Chen and didn't know where Ye Chen came from.

"Everyone, let's join and fight this guy." One of the cultivator members of the Code Breaker organization invited to attack Ye Chen.

With an order, these people started to attack Ye Chen, they started to attack Ye Chen and surrounded him.

"One Hundred Thousand Fire Swords" saw himself surrounded by enemies, Ye Chen made countless flying swords, he attacked all the enemies that surrounded him.

Using the flying fire sword, Ye Chen began to kill the enemy, the enemy hit by the One Hundred Thousand Fire Swords was instantly turned into ashes.

"Arghh" In less than 30 seconds all the enemies were defeated by Ye Chen.

"he is very strong" Song Ziyu was quite amazed by Ye Chen's strength, Ye Chen defeated all enemies very quickly.

Song Ziyu? had only taken down a few enemies, she seemed to have a hard time taking down her enemies.

With a little effort made by Song Ziyu, he managed to defeat several cultivators from the Code Breaker organization.

"Thank you very much for your help" one of the cultivators came forward, he represented everyone to thank Ye Chen for saving them.

"You're welcome" Ye Chen nodded, he did this out of pity to see what happened.

"young lady and young master if you don't mind, how about you stay here for a while, we will do our best for you" As a thank you for helping, these people offered Ye Chen and Song Ziyu a place to stay.

"Thank you for the kindness." Ye Chen was grateful for the kindness of the people in this place.

Ye Chen didn't feel good when he turned down good offers from these people, he accepted the offers given by the residents here.

Ye Chen and Song Ziyu were brought to a rather nice house, both of them could use this house as they pleased.

"Master, didn't people just look at me with a strange look, I thought this outfit felt strange." Song Ziyu said.

Song Ziyu saw the reaction that the residents and cultivators had just now, they looked at Song Ziyu with a strange look.

"Ignore it, you're quite pretty when you're wearing that, so there's no need to think too much about it." Ye Chen said that Song Ziyu was suitable for wearing that outfit, so Ye Chen wanted Song Ziyu not to see the judgment of outsiders.

Song Ziyu face turned red when she received Ye Chen's compliment, Song Ziyu was overjoyed when she received Ye Chen's compliment.

Song Ziyu regained her confidence, Song Ziyu didn't have to be ashamed anymore of the eyes people were showing.

Ye Chen and Song Ziyu used the house given by the residents, they slept in the same bed again.

Because the size of the mattress was not too big, Ye Chen and Song Ziyu slept only a few centimeters apart, sometimes when they moved, their bodies would touch each other.

"Why is the mattress in this place so small?" Song Ziyu said in her heart, why is the mattress in this room so small, this makes it difficult for her to move.

"Just close your eyes." Song Ziyu started to focus on closing her eyes, she tried to close her eyes and focus on sleeping.

As Song Ziyu was a little exhausted from what had just happened, Song Ziyu quickly fell asleep, she looked a little exhausted from what had happened.

JOURNEY TO BECOME A TRUE GOD

Chapter 1492 - Song Ziyu Is Delirious

Ye Chen didn't sleep, he was thinking of a way to solve the problem regarding the Code Breaker organization which was getting more and more violent by the day.

The biggest problem that Ye Chen had was regarding the existence of the Code Breaker organization, the Code Breaker organization was always hiding together with the villagers, this made it difficult for Ye Chen to know which were enemies and which were friends.

If Ye Chen were to attack, then Ye Chen would involve innocent people.

"Fighting an invisible enemy is really troublesome." Ye Chen had to admit that fighting an invisible enemy was the most troublesome thing.

Ye Chen could easily defeat them if he faced them head-on, but when they were hiding, it would be an extremely difficult thing to do.

"The fastest way to defeat them is to lure them all out, that way I can easily defeat them all." Ye Chen thought that the fastest way to defeat a hiding enemy was to lure them out.

Five more days the Code Breaker organization will carry out a very big attack, it is the most suitable time to defeat them all.

Just as Ye Chen was thinking, Song Ziyu's hands suddenly became active, he started to hug Ye Chen very tightly.

this naturally caught Ye Chen's interest, Ye Chen looked at Song Ziyu who seemed to be delirious.

"Hmm, master don't do anything naughty, how could you do such a thing to me" Song Ziyu started to say something strange, she looked like she was dreaming of a lewd thing.

"This girl, is she really like this?" Ye Chen didn't expect that Song Ziyu would talk about him.

What is this woman dreaming about, it seems like this will be a very funny thing.

"I'll tease her a little." Ye Chen couldn't wait to tease Song Ziyu.

"Ziyu, you are so beautiful, are you happy with me?" Ye Chen whispered in Song Ziyu's ear.

"I love you, please kiss me" Song Ziyu suddenly said to Ye Chen, she told Ye Chen to kiss her.

"This woman is much braver than I imagined, it seems Yueli has planted a bad thing on her" Ye Chen shook his head, it seemed that Song Ziyu had been influenced by Mei Yueli's ugliness.

Mei Yueli must have taught Song Ziyu something no-no, Ye Chen was very sure of that.

How can an innocent woman like Song Ziyu be like this, there must be interference to change Song Ziyu.

Everything looks good, it's a shame she's still wearing a veil." Ye Chen looked at Song Ziyu up and down, the clothes Ye Chen gave were indeed very suitable for Song Ziyu, the problem was Song Ziyu was still wearing a veil, if Song Ziyu took it off it would be a very good.

"It's okay to tease her a little." Ye Chen took off Song Ziyu veil, after which Ye Chen took a picture of Song Ziyu.

"Hehehe, that's pretty good too." Ye Chen felt that Song Ziyu looked really good, this could be a keepsake if Song Ziyu later looked for trouble in the future.

"master. . ." just as Ye Chen was about to return Song Ziyu's veil, suddenly Song Ziyu pounced on Ye Chen, she started kissing Ye Chen.

"Song Ziyu is very bad at delirious" Song Ziyu is quite bad at delirious, this woman is delirious while kissing Ye Chen, this is something that Ye Chen can't imagine.

In a situation like this, Ye Chen couldn't possibly stay silent, Ye Chen tried to push Song Ziyu away.

Unfortunately, Song Ziyu's strength is very strong, it is very difficult to expel Song Ziyu.

Song Ziyu looked more and more aggressive, she kissed Ye Chen passionately.

Song Ziyu continued to attack Ye Chen, this woman kept on provoking Ye Chen.

Seeing Song Ziyu's provocation, Ye Chen finally move and fight, he counterattacked Song Ziyu.

Ye Chen couldn't possibly let Song Ziyu control the battle situation, which was why Ye Chen took the initiative to fight Song Ziyu.

Ye Chen greeted Song Ziyu, he started kissing Song Ziyu lips skillfully.

In her dream Song Ziyu felt that this was very real, she felt that the kiss she was doing was very real.

Song Ziyu could feel pleasure when he kissed Ye Chen, this feeling was very comfortable for Song Ziyu.

Song Ziyu's body started to get aroused, she felt heat emanating from within her body.

"This feels very comfortable." Song Ziyu really enjoyed this feeling, she really liked the feelings that Ye Chen gave her.

Ye Chen looked at Song Ziyu, Song Ziyu was still closing her eyes, it was clear she was dreaming

she's not awake yet, then I'll resuscitate her" Seeing that Song Ziyu is still unconscious, then Ye Chen had to wake her.

Ye Chen stretched his hand towards Song Ziyu body, he started to use his skills to tease Song Ziyu.

Song Ziyu who was in a nurse appearance very tempting, she is quite tempting for Ye Chen.

If Ye Chen has the chance, maybe he doesn't mind playing a game with Song Ziyu.

Song Ziyu still thinks that what he experienced was a dream, she is thinking of having a special relationship with Ye Chen.

" Master, don't go there." Song Ziyu reacted when she was touched by Ye Chen, she realized the pleasure that gave Ye Chen.

"Very interesting, very interesting, very interesting." Ye Chen felt that what happened was very interesting, he felt a special pleasure from doing this.

Song Ziyu actually slept very soundly, she didn't even know what she was doing right now.

Song Ziyu continued to play aggressively, she was getting more and more daring as time went on.

"Ahhhhhhh. . ." Song Ziyu's moans echoed, Song Ziyu felt the feeling of being a real woman.

Song Ziyu's breath quickened, she started to feel a very good feeling and started to go crazy with this feeling.

"Master, it looks like you are having fun" Chu Yuechan said to Ye Chen.

"Hehehe, it's quite fun doing something like this, I've never felt anything like this" Ye Chen was really happy about this, he really enjoyed playing this game.

"Then just enjoy it, I won't bother you, for the information you got, I already gave it to Jingyi, she will pass the information on to Xueying, just enjoy your time" Chu Yuechan told Ye Chen to enjoy his time.

"Thank you very much for understanding, you are indeed the best" Ye Chen thanked Chu Yuechan, now Ye Chen only needed to come up with a plan of his own.

While he could leave other matters to the Sect, it could be said that Ye Chen would work alone in crushing the Code Breaker organization.

Ye Chen looked at Song Ziyu, it seemed that Song Ziyu was still delirious and unconscious.

Song Ziyu rested for a while, after her condition improved she again pounced towards Ye Chen.

Ye Chen was surprised when he saw Song Ziyu who still had the will to fight, even though this delirious woman had an ability.

Song Ziyu suddenly took off Ye Chen's clothes, Song Ziyu did this very perfectly.

"She?, how did she do this while in such a state, does she have that kind of talent?" To be honest Ye Chen still couldn't figure out how Song Ziyu could do this kind of thing.

"Master, let's go .." Song Ziyu wanted to go even further.

JOURNEY TO BECOME A TRUE GOD

Chapter 1493 - Song Ziyu Wakes Up

Song Ziyu had finished removing all of Ye Chen's clothes, she very deftly removed all of Ye Chen's clothes.

Ye Chen didn't expect that Song Ziyu would be so nimble, this woman was too nimble in removing Ye Chen's clothes.

"Ziyu calm down" Ye Chen tried to calm Song Ziyu down, this woman was getting bolder and bolder.

"What's wrong?, are you afraid?, Are you still saying that you are a man" Song Ziyu said to Ye Chen.

"-_-_" Ye Chen didn't expect that Song Ziyu would look down on him, this woman was really looking for trouble with him.

"I see, I guess I have to let you know who I am." Ye Chen couldn't stay silent when Song Ziyu lowered his pride as a man.

There was no such thing as pity anymore, it was time for Ye Chen to show his qualities as a master of Song Ziyu and a man.

Ye Chen started to show his strength, he started an attack towards Song Ziyu, Ye Chen started to touch and caress Song Ziyu's body, he enjoyed Song Ziyu being wrapped in a nurse outfit.

Song Ziyu was forced to let out sighs and moans when she received Ye Chen's touch.

"This is amazing." Song Ziyu really enjoyed this, she really liked the feeling that Ye Chen gave.

Of course Song Ziyu would like Ye Chen's feelings, Ye Chen had already honed his skills, of course a virgin like Song Ziyu was not a difficult opponent for Ye Chen to face.

After playing together with Song Ziyu for a few minutes, Song Ziyu was already very weak, she was already very wet.

" More . . . , more. . . " Song Ziyu kept asking for more, she wanted to do more things with Ye Chen.

"She has great passion" Ye Chen could see that Song Ziyu had immense passion and lust, this young lady was far more lewd than Ye Chen thought.

Song Ziyu started to open her eyes, she started to wake up a little, the first thing Song Ziyu did was hug Ye Chen, she kissed Ye Chen passionately.

Ye Chen looked surprised at what Song Ziyu was doing, whether this woman was awake or still in a semi-conscious state.

Ye Chen looked into Song Ziyu's eyes, he saw that Song Ziyu was still in an unconscious state, what she was doing right now was following her instincts.

"It was a bit shock to me, I thought she was fully awake." Ye Chen was a little relieved when he discovered that Song Ziyu was still not fully awake.

"This woman, how did she actually become like this?" Ye Chen couldn't help but think about Song Ziyu, how could Song Ziyu be like this.

"Let's do it, I want it." Song Ziyu said to Ye Chen, she wanted to have a relationship that was more distant than Ye Chen.

Song Ziyu's eyes were filled with love, she looked at Ye Chen with intense love.

From this alone Ye Chen could see how Song Ziyu felt about him.

"You're so cute when you're honest like this" Ye Chen felt that Song Ziyu was very funny when she was honest, Ye Chen liked Song Ziyu who was honest like she is now.

What Song Ziyu said was the truth in her subconscious, this woman had completely fallen for Ye Chen.

After seeing Song Ziyu feelings, Ye Chen should probably answer Song Ziyu feelings.

Even though Song Ziyu was originally annoying, this woman was still a young woman who could be said to be still in her growing age.

In the God Realm age isn't everything, in this world there are still so many things that can't be explained using words.

Just as Ye Chen was thinking about something, he found Song Ziyu had already taken off the clothes Ye Chen was wearing.

"Wow, this part is really scary." Song Ziyu was a little scared when she saw Ye Chen's big thing, she was really scared when she saw Ye Chen's big thing.

In this dream Song Ziyu did not expect that Ye Chen would possess such a huge weapon, Song Ziyu was still not very experienced in this matter.

Because Ye Chen's is slightly different, Song Ziyu is very curious, this curiosity is very disturbing to Song Ziyu.

Seeing the courage of Song Ziyu, Ye Chen decided to let this woman do what she wanted, Ye Chen wanted to know what Song Ziyu was up to.

Song Ziyu started to play with Ye Chen's thing, she started to hold and touch Ye Chen's.

"This looks very real" Song Ziyu felt that this was very real, never expecting that dreams would become so real like this.

Song Ziyu could feel what Ye Chen's big thing was like, she felt that Ye Chen's was hot and extremely hard, it was like a big sturdy stick.

"What should I do now?" in a situation like this, Song Ziyu started to get confused, he didn't know what to do in a situation like this.

Song Ziyu had to think, what should she do in such a situation, from what Mei Yueli taught, Song Ziyu should do just that.

Song Ziyu started to ride Ye Chen's body, Song Ziyu current position was riding Ye Chen's body.

"It's a little scary, but I'll give it a try, a dream like that probably won't happen a second time." Song Ziyu was really very curious and wanted to try, something like this probably wouldn't happen the second time in her life.

Song Ziyu positioned Ye Chen's big thing, she wanted to match Ye Chen's thing with his.

Because Ye Chen's is too long, Song Ziyu has a little trouble, she has a hard time doing this.

Plus Song Ziyu was still inexperienced, so doing this would be extremely difficult for Song Ziyu to do.

"Do whatever you want and just enjoy it." Song Ziyu decided to enjoy this, she decided to enjoy everything that was happening right now.

Song Ziyu started to eat Ye Chen's big thing, she tried to match Ye Chen's big thing.

Ye Chen's huge object encountered a bit of resistance while trying to break through, Song Ziyu's was still not opened by anyone.

"This hurts. . ." Song Ziyu felt a stinging pain, she felt an extremely severe pain.

This pain was so real, it made Song Ziyu realize what had happened.

"Wait a minute, don't tell me this" Song Ziyu finally realized what had happened, she felt strange why this was so real.

"Did you just wake up?" Ye Chen said to Song Ziyu who was having fun, Ye Chen only smiled when he saw the expression on Song Ziyu.

"This, don't tell me this is reality?" Song Ziyu finally realized that this was reality.

"Of course, you're really bad when you're delirious, are you that perverted?" Ye Chen said to Song Ziyu.

Song Ziyu's face immediately turned red when she heard what Ye Chen said, in Ye Chen's eyes, she must be a lewd and shameless woman.

"This is so embarrassing" Song Ziyu tried to run away, she tried to run away and went to find a hole to hide.

Song Ziyu is trying to run away, she is trying to get out of this embarrassing situation.

JOURNEY TO BECOME A TRUE GOD

Chapter 1494 - Song Ziyu Has Been Subdued

When Song Ziyu intended to flee Ye Chen immediately restrained her, Ye Chen would not let Song Ziyu go so easily.

Song Ziyu couldn't leave, she was held back by Ye Chen with both hands.

"Quickly let me go." Song Ziyu told Ye Chen to let go of herself.

"No, we just started, why don't we just continue." Ye Chen said that they had to continue this.

Everything happened, so there was no reason to end this before it started, if it happened it would definitely be something uncomfortable.

Song Ziyu looked both embarrassed and happy when she heard this, she was glad that Ye Chen didn't mind this.

Meanwhile Song Ziyu was embarrassed that she was finally able to start a relationship with Ye Chen, this felt very happy for Song Ziyu.

Ye Chen started to move, his big thing started to ruffle Song Ziyu's honey cave.

"Um, ah. . ." Song Ziyu let out the most seductive moan she had, the feeling she felt was very comfortable, pleasant and overwhelming.

Song Ziyu felt like she had been transported to the seventh level of heaven, her mind was drifting and she seemed to feel endless pleasure.

Every time Ye Chen's huge object pierced into Song Ziyu's flower core, Song Ziyu could feel a shocking pleasure, her mind feeling completely blank when this happened.

"More" Song Ziyu asked for more, she wanted to enjoy her time with Ye Chen.

Doing Dual Cultivation is indeed very enjoyable, it is the best experience in the world.

Song Ziyu even started to move her waist to keep up with Ye Chen, she was doing this to get more and more pleasure.

"It's quite cramped and comfortable." Ye Chen felt Song Ziyu's strong grip, Song Ziyu's like he didn't want to let Ye Chen go.

Song Ziyu's movements became more and more fierce, Song Ziyu began to move up and down at a rapid speed.

This of course made the battle very fierce, Song Ziyu tried to put up a fight against Ye Chen.

Ye Chen hasn't taken Song Ziyu too seriously yet, he still provides an opportunity for Song Ziyu to better adapt to the battlefield.

Since Song Ziyu was still new to this, Ye Chen was afraid of making him faint if he was too serious, let Song Ziyu enjoy this for a while.

"This is amazing, how can it be so comfortable?" Song Ziyu really didn't know how this felt so comfortable, this feeling felt so comfortable.

Song Ziyu started within her limits, the feelings she received had made her reach the limit of her strength.

"Ah. . . ." Song Ziyu reached the top, she got the most delightful gift in this life.

After reaching the peak, Song Ziyu paused, she seemed to have started to tire of the feeling hse was experiencing.

" Is it done?" Ye Chen asked Song Ziyu who was upstairs.

"Wait a minute, I'm a little tired, let me rest." Song Ziyu wanted to rest for a while, she wanted to rest to recover her stamina.

"How can I let that happen, we're just start, then let me show you something even greater" Ye Chen couldn't possibly let Song Ziyu rest and enjoy this thing alone, he wouldn't let it happen.

Ye Chen lifted Song Ziyu's body, Ye Chen lifted Song Ziyu's body very easily.

"Master, what are you doing?" Song Ziyu immediately woke up when she saw what Ye Chen was doing.

"hehe, you shut up and just enjoy this, I will teach you many things, as your master I won't let me rest" Ye Chen said to Song Ziyu.

"You are so mean" Song Ziyu complained to Ye Chen, how could Ye Chen be so mean to her.

"I don't care, you were the first to provoke me, so don't blame me." Ye Chen wouldn't stop, what he decided had to come true.

Ye Chen turned Song Ziyu's body, Ye Chen started to treat Song Ziyu from behind.

Song Ziyu did not have the strength to resist the domination exerted by Ye Chen, she could only accept the attack made by Ye Chen.

"This time it will be even more great, get ready" Ye Chen told Song Ziyu to get ready, now Ye Chen will not hold back anymore.

Ye Chen's little brother started to show his abilities, he started to grow more and stronger than before.

Song Ziyu who was peeking behind started to get scared, she saw that Ye Chen's was getting stronger.

"Will I be able to survive?" Song Ziyu looked confused, she didn't know if she was able to withstand Ye Chen's majestic possession.

It was much stronger and more formidable than before, so Song Ziyu should have endured a much stronger burden.

Previously, Song Ziyu had a hard time, now he might be in a lot of trouble.

"Get ready" Ye Chen told Song Ziyu to get ready, he was about to start.

Ye Chen returned to explore the Song Ziyu Honey Cave, this time Ye Chen was much stronger than before.

"Ugh. . ." Song Ziyu felt a feeling of being too full, this made her feel a burden she had never felt or experienced.

"Stop-stop, I can't afford it" Song Ziyu asked Ye Chen to stop, she really couldn't face Ye Chen anymore.

"hehehe, stop?, the punishment has just started, so prepare yourself" Ye Chen smiled evilly he started to move and started the battle.

" no. . ." Song Ziyu shouted, she had to endure something like this, how could she afford to endure this kind of thing.

"Pah. . ." Ye Chen slapped Song Ziyu's thigh, he started to play a little cruelly on Song Ziyu.

Song Ziyu who was in the nurse's clothes was very seductive, Ye Chen would naturally be very excited when playing with a nurse like Song Ziyu.

Song Ziyu has a very nice body, so when Song Ziyu does nurse cosplay, of course she will fit perfectly and be able to take on this role very well.

If Ye Chen remembers well, it was Song Ziyu who was always looking for trouble with him, now Ye Chen wanted to punish Song Ziyu a little for what she had done.

Song Ziyu buried her face in the bed, she enjoyed Ye Chen's rudeness.

Song Ziyu is really unreasonable, she likes to be abused by Ye Chen, it seems that this woman has a slight disorder.

Ye Chen enjoyed Song Ziyu, he enjoyed the feeling that Song Ziyu gave him, this felt very comfortable for Ye Chen.

Ye Chen began to circulate the Passion Goddess technique, after Ye Chen circulated the Passion Goddess technique, Song Ziyu felt a much more comfortable feeling.

"I really could go crazy." Song Ziyu couldn't stand this overwhelming feeling, she couldn't think straight anymore.

Song Ziyu's mind was currently filled with only fun and pleasure, she was already thinking about nothing else.

While Song Ziyu is enjoying this feeling, Ye Chen is helping Song Ziyu to improve, he will make Song Ziyu his own.

"From now on you will be mine at once, my servant" Ye Chen said that Song Ziyu would be his, nothing could change that.

"Pah. . . , pah . . . , pah . . . , pah . . . , pah . . . ," Ye Chen and Song Ziyu's movements sounded very loud, the two were constantly fighting.

Time passed quickly, Song Ziyu got used to Ye Chen's rudeness, she finally started to like being treated rudely by Ye Chen, this feeling was really very good.

"Prepare yourself to receive a gift" Ye Chen told Song Ziyu that he would give Song Ziyu a beautiful present.

"Give it to me, my beloved master." Song Ziyu was completely obedient, she was completely obedient to Ye Chen.

Ye Chen smiled when he saw the obedience shown by Song Ziyu, his attempts to make Song Ziyu obey ended in a very sweet way.

Ye Chen gave his Yang Qi Essence to Song Ziyu, he gave a large amount of Yang Qi to Song Ziyu.

"It's so warm." Song Ziyu felt her body being filled with a warmth, this warm feeling was really comfortable.

Ye Chen gave out a huge amount of Yang Qi, in an instant, Song Ziyu's stomach started to bulge a little.

"Is it over, I can finally rest." Song Ziyu looked very happy that everything was over, Song Ziyu finally could rest in peace and comfort.

"What are you saying, this is just the beginning, let's continue this, the night is still very, very long." Ye Chen didn't let Song Ziyu stop here, they would continue until morning came.

"Do you want to kill me?" Song Ziyu couldn't believe what Ye Chen said, how she was able to fight until morning, it was an impossible thing to do,

"You have no right to protest, this is a punishment from the master for your treatment first" Ye Chen said to Song Ziyu.

Hearing this Song Ziyu remembered how she treated Ye Chen when they first met, to be honest Song Ziyu was a little cruel when she met Ye Chen.

"Can't you forgive what I have done" Song Ziyu apologized"

"Of course I forgive you, but the punishment must continue, so enjoy it, you will definitely like it" Ye Chen said to Song Ziyu.

"You really are a bad master" Song Ziyu can only complain and curse Ye Chen, right now she doesn't have the strength to fight Ye Chen.

Ye Chen is back at Song Ziyu, Song Ziyu has no fighting ability, he just can defend against the invasion that came from Ye Chen.

Loud moaning sounds echoed around the house occupied by Ye Chen, if one were to approach then they would definitely be able to hear what Ye Chen and Song Ziyu were doing.

JOURNEY TO BECOME A TRUE GOD

Chapter 1495 - [Bonus]| Didnt Expect You To Have Eaten Song Ziyu

After going through a long battle, Ye Chen finally let go of Song Ziyu when it was almost morning, after that Ye Chen sat beside Song Ziyu who was already very tired.

"Looks like she's very tired." Ye Chen looked at Song Ziyu, it seemed that Song Ziyu was already very tired.

The game they played was so rough, this naturally made Song Ziyu very tired. Even so, Song Ziyu looks like she likes it when Ye Chen abuses her, this woman likes when Ye Chen abuses her, Song Ziyu turns out to be that kind of woman.

"Master you better hurry back, Xueying wants to ask you a few things" While Ye Chen was enjoying his leisure time, Chu Yuechan suddenly said that Mu Xueying wanted to see him.

There were some things that Mu Xueying wanted to discuss with Ye Chen, it seemed that it was about the information that Ye Chen had obtained.

"I will be there soon" Ye Chen nodded, he will come soon and return to Jade Lotus Peak.

"Hey wake up, it's already morning" Ye Chen woke up Song Ziyu who was still sleeping very soundly.

"what is it?" Song Ziyu asked what happened, why did Ye Chen wake her up who was still exhausted.

"Let's go back right now." Ye Chen invited Song Ziyu to return to Jade Lotus Peak.

"I still want to rest for a bit." Song Ziyu still looked very lazy, her soul had not fully returned when she just woke up.

"Are you sure?, I will leave you" Ye Chen asked Song Ziyu again, he said that he would leave Song Ziyu alone in this place.

"You are so cruel, how could you have the heart to do something like that to me?" Song Ziyu complained about Ye Chen being so cruel to her.

"Who is cruel to you, I am not that cruel, so let's prepare, Sister Xueying is waiting for us" Ye Chen said to Song Ziyu.

"I see." Song Ziyu finally understood why Ye Chen had asked him to leave, it seemed that Mu Xueying was looking for the two of them, so there was no choice but to return quickly.

Song Ziyu started to slightly tidy up her slightly disheveled clothes, after which Song Ziyu tried to get out of bed.

The moment Song Ziyu stepped on the floor, Song Ziyu felt a stinging feeling in her lower body, it seemed that the activities she had previously done together with Ye Chen made her body ache.

"This hurts, I can't walk normally." Song Ziyu said that maybe he wouldn't be able to walk normally.

In a situation like this, Song Ziyu couldn't possibly get back together with Ye Chen.

"Come on let me carry" Ye Chen was about to carry Song Ziyu, however they had to return to Jade Lotus Peak as soon as possible.

Song Ziyu did not expect that Ye Chen would carry her, this was something that Song Ziyu had not imagined.

"Come on" Ye Chen told Song Ziyu to get on his back, they would immediately leave this place.

Song Ziyu climbed onto Ye Chen's back, he went up and wrapped his arms around Ye Chen's neck, Song Ziyu let Ye Chen lift himself up.

After Song Ziyu went up, Ye Chen went straight to the window, they immediately left the city and returned to the Sect.

Ye Chen didn't say goodbye to the villagers, he decided to return without telling anyone else.

Ye Chen flew while carrying Song Ziyu, Song Ziyu closed his eyes again and fell asleep.

Ye Chen's back felt so comfortable, Song Ziyu subconsciously fell asleep while she was being carried by Ye Chen.

Ye Chen let Song Ziyu sleep on his shoulder, Ye Chen didn't want to disturb Song Ziyu's deep sleep.

Song Ziyu must have been very exhausted, she was still fighting Ye Chen for the first time, so it wasn't strange for Song Ziyu to be the way she is now.

After traveling for some time, Ye Chen finally arrived near the Sect, the situation of the Sect seemed very busy, the guard was strengthened at some point, this was to prevent a sudden attack from the Code Breaker.

Ye Chen passed by these people, he went to Jade Lotus Peak to meet Mu Xueying.

Ye Chen descended to Jade Lotus Peak, when Ye Chen had just descended, he was already waiting for Mu Xueying.

It just so happened that Mu Xueying had been waiting for Ye Chen for a long time, she wanted to know more about the information Ye Chen had given her.

Mei Yueli was also beside Mu Xueying, she accompanied Mu Xueying who was waiting for Ye Chen.

"Ye Chen, why is she dressed like that?" Mei Yueli immediately asked Ye Chen, why did Song Ziyu dress like that.

"It's a bit of a long story." Ye Chen didn't tell what happened to Song Ziyu, it would take too long to tell what happened.

"Husband, you are really great, in just 1 day you can get Ziyu" In contrast to Mei Yueli, Mu Xueying already knew what happened, she already knew what had happened to Song Ziyu at this time.

regardless of where, Song Ziyu must have done that with Ye Chen, she could see the clear difference that Song Ziyu showed.

"I didn't expect that you would have eaten Song Ziyu, this hungry wolf is dangerous." Mei Yueli helped Mu Xueying to advise Ye Chen who had eaten Song Ziyu.

"Hehehe" Ye Chen only chuckled as he listened to what Mei Yueli and Mu Xueying had to say, he had no words to refute what the two beauties said.

"Yueli, you take Ziyu inside, she looks tired, you also help her get new clothes" Mu Xueying ordered Mei Yueli to take Song Ziyu to rest.

"Okay, I understand" Mei Yueli nodded, she took Song Ziyu who was in the room. Ye Chen's back, Mei Yueli led Song Ziyu into the girls' apartment,

"Husband, is the information you got true?" Mu Xueying asked about the information given by Ye Chen, Mu Xueying just got the information from Li Jingyi

"I got it from the enemy base, they are finishing making war weapons, when the time is over they should have started the attack" Ye Chen said to Mu Xueying

"This is very useful information, I have already left this matter to the Sect, so it should be handled by them immediately, here I would like to discuss a contingency plan with you, in case anything goes wrong, I hope that we can handle this matter." Mu Xueying wanted to discuss the contingency plan with Ye Chen, to be honest Mu Xueying didn't believe in the patriarch plan.

"less supportive we will move on our own" Ye Chen agreed with Mu Xueying's thoughts, Mu Xueying's thoughts in was indeed in line with Ye Chen.

"What about Lord Peak, is she not involved in this matter?" Ye Chen asked Mu Xueying, she asked if Ning Xia would not join this matter.

"Master is not here, I don't know where she is now." Mu Xueying didn't know where Ning Xia had gone, she disappeared again.

"Then we discuss this together, we will handle this matter" Since Ning Xia wasn't here, then they would take care of this matter.

Ye Chen and Mu Xueying discussed the plans they were going to carry out, Ye Chen told Mu Xueying some backup plans, meanwhile Mu Xueying analyzed Ye Chen's plans.

JOURNEY TO BECOME A TRUE GOD

Chapter 1496 - Traitor In The Army

After a long discussion, Ye Chen and Mu Xueying finally agreed on their plan.

The two of them agreed to use their plan if the situation got out of control.

"let's get ready" Ye Chen took Mu Xueying to get ready, they had to prepare for the upcoming battle.

This was the perfect opportunity to end it all, Ye Chen wished he could destroy the entire Code Breaker organization in just this one shot.

.

.

Ye Chen and Mu Xueying had already prepared everything, they along with the lady from Jade Lotus Peak were already prepared for the battle that was taking place.

The waiting day quickly arrived, all the strongest people in the Sect came out and stood guard, almost everyone was very wary of an enemy attack that could come at any time.

Everyone had been ordered to guard the area around the Sect, everyone had to be prepared to fight at any moment.

The enemy's attack was foreseen, so they should have arrived at this place soon.

The leader of the army fell to Zhu Tenmu, as an expert in war, Zhu Tenmu was appointed to be the commander, the goal was that this battle could be won easily.

"rumble. . . ." There was a noise in the distance, people were very alert when they heard this noise.

From a distance appeared several troops, from the clothes they were wearing, these troops should be from Immortal Sky Empire.

"Immortal Sky Empire's reinforcements have arrived" a notification came, when this notification came, everyone immediately lowered their guard.

The reinforcements came, they handed over the imperial seal to Zhu Tenmu.

Zhu Tenmu saw the imperial seal given by the reinforcements, after making sure, Zhu Tenmu believed that this was the reinforcements sent by the Immortal Sky Empire.

Zhu Tenmu immediately ordered the troops from the Immortal Sky Empire to be on standby, he wanted them all to help in the upcoming battle.

"Hmm, this is very strange." Ye Chen felt strange with the help given by Immortal Sky Empire.

Even though the Immortal Sky Empire should also be the target of the enemy, even the possibility of an attack launched by the enemy will be much stronger than the one on the Nine Immortals Peak Sect, then why did they even give this many troops for help.

"Perhaps the army of the Immortal Sky Empire is already too large, so they sent aid so that the battle is over quickly, so they hope that we will send aid to them as well." Mu Xueying tried to think clearly.

"Hopefully, what you think is right, otherwise it will be dangerous for us." Ye Chen hoped that what Mu Xueying said would come true.

"God Realm people don't seem to be interfering in this matter, they will likely just watch the riots taking place" Ye Chen said to Mu Xueying.

"They shouldn't like to meddle in the affairs of this little star, what happened naturally wouldn't attract the attention of powerful people from big backgrounds, They would instead consider this an interesting spectacle" Mu Xueying replied.

"That's a good thing, then we don't have to worry too much." Ye Chen was instead happy that those people didn't interfere in this matter, this would make the battle easier.

"crasher . . ." this time came a very, very noisy voice from a distance.

From a distance, everyone could see a very dark cloud starting to approach them.

If one looked closely, behind these clouds were tens of profound arks as well as hundreds of thousands of troops, all of them emitting an enormous war aura.

The number of enemy troops is indeed no more than the disciples of the Nine Immortals Peak Sect, the problem is that they have very powerful weapons, these weapons are able to compensate for the gap that occurs.

"They are coming, everyone is ready" Zhu Tenmu ordered everyone to get ready, soon they will be fighting against a strong enemy.

All the disciples from the Nine Immortals Peak Sect prepared, they all prepared to fight the enemies that were coming their way.

"Dor. . . , Dor . . . , Dor. . . , Dor. . . , Dor. . . , Dor. . ." The enemy immediately fired several shots at the Jade Lotus Peak disciple, these shots were extremely powerful.

One shot made an enormous explosion, the barrier created by the Peak Lords began to crack when facing heavyweight weapons, it was clear that the enemy's heavyweight weapon power was not easy to withstand.

"This is bad, this barrier is unable to withstand enemy attacks." Zhu Tenmu and the other Peak Lords started to worry.

The barrier they set up was unable to withstand the attacks launched by the enemy's profound ark.

The weapons owned by the Code Breaker organization are only getting stronger, this power is far greater than when attacking the capital.

All the Peak Lords joined hands, they all decided to strengthen the defense by using their strength.

Here only Lord Peak has tremendous power, so they can withstand attacks from the enemy.

Even though they had tried to hold back the enemy's attacks, in fact they couldn't do this continuously, they all couldn't keep up with the continuous attacks from the enemy.

"Ah. . ." While everyone was focusing on the battle between Lord Peak against the attacks from the Code Breaker organization, suddenly a battle broke out at the rear.

The reinforcements from the Immortal Sky Empire suddenly attacked the Nine Immortals Peak Sect disciples, they started attacking the disciples and killing them.

This of course made all the disciples feel confused, how could the reinforcements attack them.

What Ye Chen had feared came true, it seemed that the troops that had just arrived were not reinforcements, they were enemies who had infiltrated this place.

"Xueying, let's carry out our plan, the situation is no longer conducive" Seeing the situation that was starting to get chaotic, Ye Chen invited Mu Xueying to carry out a backup plan, they couldn't just sit still and not move.

"Come on" Mu Xueying nodded, she ordered the female disciples to follow her, they used the formation to deal with the enemy who had already entered the formation.

Ye Chen will fight the enemy of Code Breaker, he will destroy the enemy's profound ark.

"You all fight the intruders" Zhu Tenmu ordered everyone to fight against the intruders, Zhu Tenmu's orders were very clear, she wanted all disciples to work together to fight the enemy.

"Ready to carry out" All the disciples from the outer court disciples, inner court disciples and core disciples immediately rushed over, they all directly fought against the rebels.

The battle started, the battlefield became very chaotic, everyone started fighting against the enemy.

Mu Xueying together with the women from Jade Lotus Peak launched attacks from afar, they brought down the enemy from afar, with well-organized attacks, Mu Xueying and all the women had managed to tame the situation.

Now they could leave the rest of the enemy to the rest of the disciples.

Now that they had to assist Ye Chen in fighting the enemy, Mu Xueying ordered the women to turn around and outwit the enemy, after Ye Chen destroyed the enemy's profound ark, then they would come out and attack from the rear.

Enemies who are surrounded from two directions will definitely be in a lot of trouble, they will definitely have a lot of trouble dealing with attacks from both directions.

strategy was very well thought out, Ye Chen had already thought of the best strategy to deal with the enemy.

JOURNEY TO BECOME A TRUE GOD

Chapter 1497 - Ye Chen Vs Number Two (1)

Ye Chen advanced alone, he headed towards the enemy's profound ark.

As Ye Chen advanced, all the profound arks turned their attacks towards Ye Chen, almost all the heavyweight weapons that were on the profound arks aimed at Ye Chen.

Ye Chen did several maneuvers to dodge attacks, all attacks were too slow, they couldn't hit the very fast Ye Chen.

Ye Chen flew at a very fast speed, it was very difficult to hit Ye Chen with a heavyweight weapon.

Ye Chen drew closer towards the profound ark, he started to give up the enemy's profound ark.

"Bam. . ." With just one punch, Ye Chen was able to destroy the body of a profound ark, he already knew the weak point of a profound ark, so it was no wonder that one hit was capable of destroying an enemy's profound ark.

Ye Chen had previously sabotaged several profound arks, the result was that the profound arks were extremely fragile in certain areas, a single small strike could destroy the profound arks.

Ye Chen was continuously destroying the profound ark that was in front of him, he was like an unstoppable crushing machine.

"Someone quickly stop him" the ark commander ordered people to stop Ye Chen.

"Attack" Everyone attacked Ye Chen, they all tried to attack Ye Chen.

The people who tried to fight Ye Chen were blown away, they didn't have a chance to get close to Ye Chen.

"Keep destroying it" Ye Chen continued to destroy the enemy's profound ark, in just a few minutes, the enemy's profound ark had already lost half the fleet.

"Where are Xueying and the others, why haven't they appeared yet?" Ye Chen found it strange why Mu Xueying had not yet appeared, they should have finished circling behind the enemy.

Ye Chen had already done some deception, so why did Mu Xueying and the others still not arrive.

"Husband, there is bad news" while Ye Chen was waiting for Mu Xueying, Mu Xueying gave Ye Chen a voice transmission,

"what's wrong?" Ye Chen asked what happened, why did Mu Xueying look panicked, what actually happened,

"There are still a lot of troops behind, from the clothes they are wearing, they are from the Immortal Sky Empire." Mu Xueying told Ye Chen that in the back there were The troops are so numerous, these troops seem to be from the Immortal Sky Empire.

"Are they ally or enemies? Ye Chen asked if the troops that came were aid or enemy troops.

"It seems they came unfriendly, I think Immortal Sky Empire already overrun by the enemy" Mu Xueying estimated that the Immortal Sky Empire was already overrun by the enemy, she could see this clearly.

"This is really beyond expectation" Ye Chen didn't expect that the Immortal Sky Empire would be overrun by the enemy, it wouldn't be strange if they have imperial seal.

Ye Chen doesn't know how the situation in Immortal Sky Empire is, Ye Chen has never interfered in the battle this one.

"Xueying, you back away first and go see Jingyi, tell Jingyi the current situation, it seems something is wrong here" Ye Chen told Mu Xueying to back off, the situation is already not right.

"What are you guys doing kill him quickly" Number two ordered people to shoot Ye Chen immediately.

"But sir, there are our ships and troops around, if we shoot them, our people will also become victims," ??said one of the ark's crew chiefs to Number Two.

"I don't care, it's important to take that person down, he has already destroyed half of our troop fleet, if we continue we will lose a lot of strength" Number Two didn't care about these people, he was more concerned with the remaining fleet of forces, if it continued like this this, then they would lose a great deal of power.

Hearing this the crew leader had no choice but to obey orders from superiors.

"shoot" the ark crew leader ordered to eliminate Ye Chen along with the people around him.

"Boom. . . , boom . . . , boom . . . , boom . . . , boom" A series of explosions immediately occurred, Ye Chen was shot by dozens of heavyweight weapons

that were on the profound ark, even everyone around Ye Chen became victims of what happened.

Ye Chen took a few steps back, the explosion this time was much stronger than that time.

"They're still the same as before, they don't care about other people around them." Ye Chen saw that these people were still the same as before, they didn't care about their comrades around.

"Okay, let's get serious." Ye Chen probably had to be serious, he had to be serious about his enemy.

The enemy did not play games when faced with Ye Chen, they would do anything to kill Ye Chen.

"Quickly kill him, don't let him escape." Number Two ordered people to kill Ye Chen.

Ye Chen showed his abilities, extremely powerful profound flames radiated from Ye Chen's body.

Ye Chen raised his hand, a giant fire wave shot straight towards the enemy.

"Everyone, let's attack." Zhu Tenmu ordered the disciples to help fight the enemy, they had to kill the enemy.

The battle had completely broken out, the two sides had begun a very big battle.

"Bastard, you are all so annoying" Number Two was annoyed when he saw these people attacking and interfering with the plan, when they should be able to destroy the Nine Immortals Peak Sect easily.

Since the situation was getting out of hand, it couldn't be helped that Number Two had to go and settle this matter, he couldn't let this matter continue.

Number Two along with the higher-ups from the Code Breaker organization started to advance, they all started to advance and kill the people from the Nine Immortals Peak Sect.

All the Peak Lords and elders join war, they all fought against strong enemies, some core disciples even joined the battle.

Ye Chen focused on destroying the enemy's profound ark, he only needed to destroy the few remaining enemy profound arks.

"Bastard, I will stop you" just as Ye Chen was about to destroy the profound ark, he was stopped by Number Two, Number Two stood in front of Ye Chen and stopped Ye Chen's destructive attack.

Among everyone, Number Two was extremely wary of Ye Chen, this man was the only one capable of destroying the profound ark they were riding on, it was like Ye Chen already knew the weak point of the profound ark that the Code Breaker organization had.

"So you are the leader of these people." Ye Chen looked at Number Two, it seemed that he was the leader of these people.

"Bad brat, you have dared to destroy our profound ark, you must pay for what you have done" Number Two looked at Ye Chen, he used a gaze filled with Ye Chen's strong killing intent.

"I will defeat you and put an end to this" Ye Chen released the weight on his body, this time he would use his full strength to fight Number Two.

Ye Chen could sense that this Number Two was not easy to fight against, this person's cultivation might already be above that of Peak Lords, so Ye Chen might have to be extra careful against Number Two.

Ye Chen looked around, in the battle, the Nine Immortals Peak Sect's side gained a lot of advantages, so Ye Chen should be able to leave the rest to them.

"Let's get away from here a little bit." Ye Chen stepped forward, he grabbed Number Two's face, Ye Chen carried Number Two away from the battlefield.

Ye Chen's intention was to separate the leader from the Code Breaker organization, that way they would definitely be in chaos.

"damn let me go" Number Two tried to break free from Ye Chen, unfortunately Ye Chen's grip was so strong, he couldn't escape from Ye Chen.

JOURNEY TO BECOME A TRUE GOD

Chapter 1498 - Ye Chen Vs Number Two (2)

Number Two had no resistance, he was dragged away by Ye Chen, the two of them left the battlefield where it was already certain who would win this battle.

After feeling quite far from the Sect, Ye Chen threw Number Two down.

"Bam. . ." Number Two hit the ground and made a large crater hole.

Number Two crawled out of the crater, he directly stared at Ye Chen who was above the sky.

"Bastard, how dare you" Number Two roared at Ye Chen, he was furious with what Ye Chen had done.

Ye Chen came down, he stood in front of Number Two, right now they could fight without worrying about the people around.

the terrain here is very quiet, no signs of life can be found around this place.

"Let's finish our battle, I'm already itching to finish the battle with you" Ye Chen wanted to immediately fight and end all this, as long as Ye Chen defeated this person, then everything would be resolved soon.

"Do you think I'm a soft persimmon that's easy to beat, I won't be easy to beat" Number Two didn't accept Ye Chen's words, he wasn't that weak to lose to Ye Chen.

"I think you are indeed a soft persimmon, am I wrong with that" Ye Chen said to Number Two.

"You are brave enough to say that to this old man, don't you want to live in this world anymore?" Number Two pointed at Ye Chen.

"Me?, of course I want to live in this world, there are still many things I want to do in this world" Ye Chen replied to Number Two.

"-_- " Number Two's face started to darken, somehow this man in front of him was so annoying, Number Two wanted to tear Ye Chen into a thousand pieces.

"This brat is too good at speaking, I am not his match" Number Two realized that Ye Chen was very good at speaking, Number Two was no match for Ye Chen in speaking.

Instead of him wasting time arguing with Ye Chen, it was better for Number Two to just go and attack Ye Chen, it would save him a lot of time.

Ye Chen of course already realized the intentions of this person in front of him, Number Two wanted to attack Ye Chen with all his might.

Number Two stepped forward, he used a wind palm to attack Ye Chen.

Ye Chen didn't immediately dodge Number Two's attacks, Ye Chen preferred to face the enemy head on, that way Ye Chen was able to gauge the strength of his enemy.

"Boom" clash was unavoidable, the two retreated after an exchange of attacks.

Ye Chen took a few steps back, meanwhile Number Two took hundreds of steps back.

"What exactly is this guy made of, how does he have such a tough body?" Number Two looked in disbelief when he saw Ye Chen's strength, how could Ye Chen have such immense power.

Ye Chen's physical strength was getting bigger and bigger, of course this made Number Two feel difficult when he met Ye Chen's attack.

"His strength is decent, it seems he still hasn't shown it all." Ye Chen started to measure the strength of his opponent, it seemed that his opponent had not yet fully used his strength.

If Number Two decided to use full power, it would definitely be a draw, the two of them would have both retreated tens of steps back, but it seemed that Number Two had underestimated Ye Chen and only used what little ability he had.

"How can a disciple like you have this kind of power" Number Two asked Ye Chen, he asked how Ye Chen could have this strong power.

Whereas Ye Chen was only a core disciple, so how could Ye Chen get this strong power.

"Who knows" Ye Chen didn't want to answer Number Two, he didn't want to reveal his identity to Number Two.

"So you want to act mysterious too, then I'll go with your game." Number Two expended all of his strength, the ground beneath his feet instantly cracked and crumbled as Number Two unleashed the full power he had.

The ground began to lift into the sky, lightning began strike in all directions, plus a very loud roar was heard.

Number Two brought out all the strength he had, he didn't mess around when dealing with Ye Chen.

Number Two advanced towards Ye Chen, he tried to launch an attack towards Ye Chen.

"you Die" Number Two roared at Ye Chen, he extended one hand of his towards Ye Chen's neck.

Ye Chen immediately brushed Number Two's hand away, after which Ye Chen used? ***Frost Nova*** to attack Number Two.

Part of Number Two's body froze when it received an attack from Ye Chen, Number Two started to shiver slightly when it received an attack from Ye Chen.

"His movements are very fast, I have to find a way to beat him." Number Two had to find a way to beat Ye Chen, Ye Chen's speed was too fast, it was very difficult to approach and attack Ye Chen.

"Then let's attack from a distance, Dancing Slash Circle." Number Two used ranged combat techniques to fight Ye Chen.

Around Number Two began to appear several circles of wind, the circle of wind wanted to release thousands of slashes aimed at Ye Chen.

The slash of wind that came out cut everything that was in the vicinity, all things were destroyed very easily by this attack.

"Dance and die" Number Two looked very happy when he used this attack to attack Ye Chen.

Every enemy that was hit by this attack would definitely try their best to dodge this attack, they would definitely try to dodge this powerful attack.

As a result they will be like a dancer, and as a result they will die of exhaustion.

Number Two really enjoyed this moment, he wanted to see Ye Chen die the most painfully.

Contrary to the prediction that Number Two had said, Ye Chen was currently very relaxed, he didn't seem to be dodging the attacks used by Number Two.

Ye Chen advanced, he broke through countless wind slash storms.

Ye Chen looked extremely relaxed, he didn't show the slightest bit of fear or weakness when facing this attack.

If ordinary people faced this attack then it was certain that they would be instantly cut into pieces, but not for Ye Chen, this attack was not strong enough to cut Ye Chen.

With the protection of the Heavenly Armor and the inheritance of the Sage God, Number Two's attacks were naturally unable to injure Ye Chen.

Number Two gawked when he saw the unharmed Ye Chen, he couldn't believe this person barged forcefully into his attack.

"This person, what is his body made of, why can't my powerful attack scratch him?" What he was seeing right now was something that didn't make sense, how could Ye Chen be unharmed after being hit by Number Two's powerful attack.

Ye Chen stepped forward, he stretched out his hand and grabbed Number Two's neck, Number Two was now being strangled by Ye Chen, he couldn't escape from Ye Chen's palm.

"You are so troublesome, why don't you just die quickly" Ye Chen felt that Number Two was such a troublesome person, he should have died very quickly.

"Fast. . ., let go. . ." Number Two told Ye Chen to let go of himself, he really couldn't breathe from being strangled by Ye Chen.

"hahaha, forget about you, it's so funny, I wouldn't do such a thing, why don't you just die" Ye Chen tightened his grip, he intended to kill Number Two.

Number Two's face had started to turn blue, the blood on his body had started to stop moving from being strangled by Ye Chen.

Number Two tried his best to free himself from Ye Chen, unfortunately the strength of Ye Chen's gripping hand was too strong, he was unable to escape from Ye Chen's grip.

Ye Chen's grip was too strong, it cracked Number Two's neck, in a moment Number Two's neck would be crushed by Ye Chen.

"Stop right there" just as Ye Chen was about to kill Number Two, he heard someone stop him.

"Who else is this?" Ye Chen turned around, he looked in the direction the voice came from just now.

The direction the sound came from just now came from the sky, above the sky there were hundreds of thousands of soldiers with very complete clothes, they carried spears, swords and arrows, these troops were preparing to fight against Ye Chen.

The army of archers alerted Ye Chen with their arrows, they all targeted Ye Chen's body below.

"On orders from Immortal Sky Empire, you should surrender right now and release the ministers from the empire" the army commander ordered Ye Chen to release Number Two.

"You Immortal Sky Empire troops, how can you defend the enemy, are your brains in trouble?" Ye Chen couldn't help but wonder, how could Immortal Sky Empire troops defend criminals.

Even though the Code Breaker organization had destroyed the capital a few months ago, then why are they now supporting the movement of these rebels.

"This is an order from the Emperor, if you don't surrender right now, we will treat you as an enemy." The army commander said to Ye Chen, he told Ye Chen to surrender right now.

"How could I give up so easily, if you get in the way I will destroy you" Ye Chen could no longer trust these people, Ye Chen didn't know the situation in Immortal Sky Empire, this made Ye Chen unable to just give himself up.

"So you don't want to give up, then you will die, shoot." The commander ordered the archers to shoot Ye Chen.

With just one command, millions of arrows were shot towards Ye Chen, these arrows had been strengthened, so they could injure cultivators who had a fairly high cultivation base.

Ye Chen raised his hand, he used the powerful wind power to clear the arrow that was aiming at him.

JOURNEY TO BECOME A TRUE GOD

Chapter 1499 - Ye Chen Fought Hundreds Of Thousands Of Troops From The Immortal Sky Empire

Ye Chen parried all the attacks, all the attacks that were aimed at Ye Chen were parried with ease.

"Shoot again, don't stop before I tell you" Seeing that the first attack failed to hit Ye Chen, the troop commander immediately ordered all the troops to shoot Ye Chen back.

All the troops shot at Ye Chen, they all shot a huge number of arrows at Ye Chen.

"They don't learn from the first mistake." Ye Chen once blocked the arrow that was aimed at him, this time Ye Chen turned the arrow back towards the army from the Immortal Sky Empire.

All the arrows turned, all the arrows turned and headed towards the Immortal Sky Empire's army.

The troops from the Immortal Sky Empire naturally panicked when they saw what was happening, they panicked slightly when facing the attacks that were headed their way.

"make a defense" the commander ordered the troops in front to make a defense.

The shield-bearing troops rushed forward, they created an enormous barrier.

This barrier easily blocked the arrows that shot towards them.

"Sufficiently strong barrier, it is made from a large number of forces combined" Ye Chen saw that this was a very strong shield barrier, this barrier was made by combining the various forces of the forces.

"Army of swords, prepares to attack" Seeing that the arrow attacks didn't work on Ye Chen, the commander decided to send the best army of knights to fight Ye Chen.

Tens of thousands of troops advanced towards Ye Chen, all of them riding on a flying sword.

This army was flying very fast, they shot like a strong gust of wind.

This army was aiming for Ye Chen, they all immediately launched the same attack towards Ye Chen.

Hundreds of thousands of swords shot towards Ye Chen, these hundreds of swords were controlled by the knights.

Ye Chen crippled the Number Two in his hand, Ye Chen only temporarily crippled this person, Ye Chen still needed the information from Number Two.

"You guys want to challenge me with a sword, alright, I'll show you what a true flying sword is like.

"God Fire Sword" Ye Chen used his strongest technique to deal with the enemy.

A sword with a powerful radiance appeared above Ye Chen, this huge sword appeared as a result of the fusion of tens of thousands of swords summoned by Ye Chen.

Ye Chen could almost completely master the One Hundred Thousand Fire Swords, so Ye Chen could display the full power of the One Hundred Thousand Fire Swords.

Ye Chen started to control the God Fire Sword, he destroyed the swords belonging to his enemies.

The God Fire Sword shot out very quickly, it shot and destroyed all the enemy's weapons, even the enemy's Armor was very quickly disarmed.

In just under five minutes, all the enemies were defeated, all the knights were defeated by Ye Chen.

The army commander started to get worried, his troops were easily defeated by Ye Chen.

Even though these were well-trained troops, how could they be defeated so easily by Ye Chen.

"You want to surrender now or I will have to make you pay a fair price" Ye Chen told all the enemies to surrender, their resistance would be futile.

Ye Chen was currently in full mode, he was in full mode in battle against his enemies.

If indeed these people were not willing to give up, then Ye Chen would definitely fight them all.

"We will not give up, as an army of the Immortal Sky Empire, we have very high self-esteem" the troops of the Immortal Sky Empire refused to lose, they would not give up easily.

"If you don't want to surrender then I will fight against you" Seeing that the enemy didn't want to give up, Ye Chen no have choice but fight & against them.

After a long time Ye Chen decided to advance, he immediately headed towards the enemy in the sky.

"Everyone prepare to attack" The commander ordered the troops to prepare to fight Ye Chen, his troops must be able to defend against Ye Chen.

The troops from the Immortal Sky Empire immediately set up a defensive formation, they all set up this formation to withstand the attack that was about to be launched by Ye Chen.

Ye Chen summoned the Divine Yin Yang Sword, he raised the Divine Yin Yang Sword and charged towards the enemy.

" Clang . . . , Bam. . . , Slash. . . , Clang . . . , Bam. . . , Slash. . . ," a very fierce battle took place, hundreds of thousands of people surrounded and intended to kill Ye Chen, this is a senseless battle.

Ye Chen attacked the enemies around him, he attacked all the enemies that tried to attack him.

The situation was very serious, Ye Chen was like being swarmed by hundreds of thousands of ants, Ye Chen's figure was nowhere to be seen.

"***Sky wind law***" Ye Chen used a strong gust of wind to get rid of nearby enemies, enemies nearby were extremely annoying.

Using a very strong crushing force, Ye Chen had managed to get rid of the people who were ganging up on him, these people flew like grains of sand.

"There are so many enemies, are you sure you can fight them?" Chu Yuechan asked Ye Chen, the number of enemies is overwhelming, it is quite difficult to defeat them.

Plus they were quite a well-trained army, their every move was extremely skillful, they could cooperate very well against Ye Chen.

Besides that their backup was very skilled, they supported each other to face Ye Chen.

"You use a very wide attack, use all the strength you have, if you continue like this, then it will not end" Chu Yuechan gave a suggestion to Ye Chen, Ye Chen should use a wide range attack.

"wide attack, then I will just use **Frost Age**" Ye Chen thought to freeze everyone, it is impossible for Ye Chen to kill all these people.

These people took orders directly from someone, there must be a mastermind behind all this.

Ye Chen opened two Veins at once, he opened his Fire Veins and Water Veins, Profound power welled up in Ye Chen's body, Ye Chen felt very strong and had boundless Profound Energy.

"Okay, time for all of you to sleep well. Ye Chen raised his hand in the air, a pale blue light shot out of Ye Chen's hand. Ye Chen's

"Frost Age" expanded his power, he froze everyone around him.

This light was quite dazzling, almost all soldiers could see this light., they were all covered by this light, after which their vision turned white.

They were all instantly frozen into Ice, the area around this place has also been frozen into Ice, the previously green area has now turned into a vast expanse of Ice.

"Finally done" Ye Chen relieved that everything was over, by now he should have won the battle.

"Husband..." After Ye Chen's victory, Mu Xueying and Li Jingyi came over, both of them approached Ye Chen.

"Why are you guys here?" Ye Chen asked Mu Xueying and Li Jingyi why the two of them were in this place

"We were worried for you, are you okay" Li Jingyi was worried about Ye Chen's condition, he was worried when he heard Ye Chen was fighting a large army.

"Everything is done, so you don't have to worry anymore" Ye Chen said that everything is over, so Li Jingyi doesn't need to worry anymore.

"Xueying, do you know what happened to Immortal Sky Empire, why did they become our enemy instead?" Ye Chen asked Mu Xueying, it is possible that Mu Xueying knew some important information.

"Husband, I just received news that one of my older brothers has usurped power from the King Realm, so all of this is not under the control of the King Realm, it seems that the Code Breaker Organization is playing a role in this situation" Li Jingyi told Ye Chen.

"was still a tremendous upheaval in the Immortal Sky Empire ,there the King's orders, it turns out that the rulers of the Immortal Sky Empire have changed
"Ye Chen now understands, it seems that these people are forced to carry out orders from the new King.

"Let's go back first, then we will find out more about this matter" Ye Chen invited Mu Xueying and Li Jingyi to return, they will discuss this matter further. Mu Xueying and Li Jingyi followed Ye Chen, they should talk about this again. Today all plans are far from expected, what Ye Chen guessed is wrong, solving this problem will definitely not be an easy thing to do.

The Code Breaker Organization had successfully conquered the Immortal Sky Empire, naturally their chances of winning in battle would be even greater.

So Ye Chen had to rethink in order to be able to resolve this matter, he had to end the Code Breaker Organization to its roots.

Before returning, Ye Chen took Number Two with him, Ye Chen had a lot of questions he needed, he would search for information from the memories that this person had.

Ye Chen did not return to the Sect, he decided to return to his home.

Ye Chen was absolutely certain that the Sect's situation must have been very chaotic, surely the Sect was recovering from the damage they had suffered.

Apart from the enemy side, there were many victims from their Nine Immortals Peak Sect who had injuries and needed to be treated seriously.

War is not a good thing, there will definitely be a lot of casualties in a serious big battle like this, such a thing can't be avoided, the Code Breaker organization is eyeing the Nine Immortals Peak Sect, from the Nine Immortals Peak Sect is a real threat that must be dealt with by them.. .

JOURNEY TO BECOME A TRUE GOD

Chapter 1500 - Infiltrate The Immortal Sky Empire

When he got home, Ye Chen immediately went to interrogate Number Two.

Ye Chen tried to get Number Two to talk about the secrets that Code Breaker, unfortunately this guy didn't want to tell Ye Chen a bit of information.

Number Two was quite stubborn, he didn't want to tell Ye Chen what he knew.

"You are quite stubborn, it seems I have no choice but to do this by force"

Since the other party didn't want to tell about the information, Ye Chen had no choice but to do this by force.

Ye Chen used the method taught by Huang Ying, Ye Chen used the method used by Huang Ying to find memory information when he first met Ye Chen.

Ye Chen placed his finger on Number Two's forehead, after which Ye Chen closed his eyes.

Ye Chen entered Number Two's mind, Ye Chen searched for some kind of information in Number Two's memories.

Number Two no having chance against Ye Chen, he has no chance against what Ye Chen did.

" this?" Ye Chen found a very interesting thing, he discovered a plan that the Code Breaker organization had.

Ye Chen kept looking deeper, he found all the members who had been recruited by the Code Breaker organization.

"Very good, I got what I wanted" Ye Chen had managed to get what he wanted, now he didn't need Number Two.

Number Two's actual name is Hou Yungfe, he is a member of a noble Clan, Hou Yungfe has long been banished and now joins the Code Breaker to get what he wants.

Most members of Code Breaker organization are people who were dumped by the world because of injustice, they join the Code Breaker organization to take revenge for what happened to them.

Ye Chen might feel sorry for what these people went through, but what they were doing right now was very wrong and cost countless people.

The plans of the Code Breaker organization are very neat and hidden, if I don't get information from this person, I probably won't understand what they're planning.

Ye Chen now knew the direction and purpose of the enemy, so Ye Chen could come up with a plan to defeat the Code Breaker organization.

Ye Chen went to see Mu Xueying, Li Jingyi, Yan Fei and Huang Ying who were in the living room, the four of them were currently sitting neatly and waiting to hear from Ye Chen.

Among the four women living here, Huang Ying was the calmest, she didn't seem too concerned about this matter, to Huang Ying this was a small matter, she believed Ye Chen could solve this matter quickly and easily.

Ye Chen entered the room, he met the four women who were in the room.

"husband, how are you?" Li Jingyi was the first to ask Ye Chen, he wanted to know the information that Ye Chen got.

"I've got what information from that person, it turns out that the Code Breaker organization has completely controlled the Immortal Sky Empire, they even used one of the princes to be made into puppets so they could control the Immortal Sky Empire" Ye Chen explained a little about what the people wanted. people from the Code Breaker organization, they already completely control the Immortal Sky Empire.

"Then what about father, did he not put up a fight?" Li Jingyi asked Ye Chen, Li Jingyi wanted to know the fate of Li Kun, is he okay or not.

"That problem, he is currently being held in prison and can't do anything, his cultivation was crippled by a man named Li Gun" Ye Chen told Li Kun's fate, currently Li Kun was detained and incapacitated by a man named Li Gun.

"So he's in trouble" Li Jingyi was worried when she listened to what Ye Chen said, from what Ye Chen said, it seemed that Lu Kun was in serious trouble.

Even though Li Jingyi didn't really like Li Kun much, Li Jingyi couldn't ignore this matter, Li Kun was still blood related to Li Jingyi, so Li Jingyi probably wouldn't be able to ignore this matter.

"Jingyi, how are we going to help him?" Ye Chen asked Li Jingyi, Ye Chen wanted to know Li Jingyi's opinion.

Ye Chen actually didn't want to let Li Jingyi get involved in this matter, however Li Jingyi wanted to live a safe and peaceful life, Ye Chen just wanted to know the answer from Li Jingyi.

"Husband, for this time we go and help them, I can't just stand by and watch the Immortal Sky Empire crumble in this way, I have to defeat my greedy uncle" Li Jingyi made up her mind, she would help in resolving this matter.

"If you really insist on coming, then I won't stop you." Seeing Li Jingyi joining in, Ye Chen couldn't possibly stop her from going.

"Then who will guard this city when we leave?" Yan Fei asked everyone, if they went to Immortal Sky Empire, who would guard this place from enemy attacks.

Yan Fei believed that if the enemy would attack again, they would definitely attack this place again, their goal was to destroy the Nine Immortals Peak Sect.

"You guys don't have to worry about that matter, I will take care of this place" Huang Ying volunteered herself, she would protect this city while Ye Chen and the others were away.

With Huang Ying's abilities, it shouldn't be difficult for her to protect the city while Ye Chen and the others were away.

"Very good, then you will leave this matter to you, please take care of this place and you sister " Ye Chen asked Huang Ying to take care of the other sister.

"Okay, I definitely won't let you down." Huang Ying wouldn't let Ye Chen down, she would do her best to protect Ye Chen's women around this place.

"Jingyi, Fei, Xueying, let's go right now, we shouldn't waste any more time" Ye Chen took his three wives to leave right now, they shouldn't waste any more time.

Ye Chen Li Jingyi, Yan Fei and Mu Xueying left, the three of them immediately headed to Immortal Sky Empire.

The three of them were flying at an extremely fast speed, it shouldn't take the three of them long to reach their destination considering the speed they were using was extremely fast.

After several hours of traveling, finally Ye Chen Li Jingyi, Yan Fei and Mu Xueying arrived at Immortal Sky Empire.

"Okay, we're here." Ye Chen told Li Jingyi, Yan Fei and Mu Xueying to stop, they were now a bit far away from Immortal Sky Empire.

The Immortal Sky Empire is currently full of guards, a lot of heavyweight weapons have been prepared on top of the fort.

The Immortal Sky Empire was completely overrun by the enemy, so now the Immortal Sky Empire was under the control of the Code Breaker organization.

"The security here is the strictest I've ever seen." Ye Chen saw that the guards here were very strict, tens of thousands of guards were on standby to guard the entrance so that no intruders could enter.

Ye Chen didn't find any openings that could be used to enter, all places were very tightly guarded.

Plus the current Ye Chen together with Li Jingyi, Yan Fei and Mu Xueying, it would definitely be very difficult to enter while carrying them.

"Husband, come with me, I have a secret door that can lead us inside without being noticed.." Yan Fei invited everyone to use the secret door that the Golden King Auction House had, so they could enter without being caught.
