Chapter 1501 - Division Of Tasks

"Do you have such a thing?" Ye Chen did not expect that Yan Fei would have something like that.

"Of course I have something like that, it's the path to use if you want to escape from the capital, it's the safest escape route" Yen Fei told Ye Chen that the secret path was the safest route to leave the capital.

"Then let's go through that place." Since Yan Fei could guarantee that this secret passage was safe, Ye Chen would go and follow Yan Fei.

Yan Fei led Ye Chen, Mu Xueying and Li Jingyi towards a hidden path, the four of them left as directed from Yan Fei.

They arrived at a place where there were a lot of dense bushes, after arriving at this place, Yan Fei went to one of the bushes, he tried to open the entrance of the secret passage he had previously said.

"Click. . ." Yan Fei opened the secret door, he just activated the secret door that would lead them into the Immortal Sky Empire.

"This is it, let's go." Yan Fei invited everyone to leave right away, they would reach the Immortal Sky Empire by using this door.

Ye Chen and the others followed Yan Fei, they entered the door leading underground.

Under the ground there is a narrow passage with a width of 3 meters and a height of 3 meters, this passage will not be able to accommodate many people, even a carriage will have no trouble entering this place.

The condition of this hallway is quite bad, this hallway looks neglected for a long time.

This road is a secret path intended for emergencies, this path is only used when absolutely necessary, if not needed, it will not be used.

Yan Fei used her fire to light the way, he used this thing to light the way.

This passage was quite long, it took Ye Chen and the others a while to reach the end.

After several long minutes, they finally arrived at the end, in front of which there was a wall that looked like a dead end.

Yan Fei pressed one of the stone bricks that was near the wall, when Yan Fei did this, suddenly the wall started to shift, The way out opened for them.

Ye Chen, Yan Fei, Li Jingyi and Mu Xueying came out, they are now in the warehouse belonging Golden King Auction House.

The warehouse belonging to the Golden King Auction House was enormous, even though it was huge that no one could see it.

"Looks like no one is on guard, let's get out of this place." Yan Fei asked to leave this place.

"Let's see what happens outside" Ye Chen was curious about what happened to Immortal Sky Empire, how is the situation in Immortal Sky Empire.

Ye Chen and the others left the warehouse of the Golden King Auction House, when they got outside, Ye Chen found that it was very quiet outside, the city looked very deserted, no normal people or cultivators in sight.

Around this place there are only royal troops guarding the area around this place.

Ye Chen used God Eyes to look at the situation around this place, he looked for the whereabouts of the townspeople and cultivators living in the capital.

When Ye Chen used God Eyes, he discovered that the townspeople and cultivators were hiding in the building, they all didn't dare to leave the house, if they dared to leave the house or inn, they would be restrained by the royal army.

"What do you think?" Mu Xueying asked Ye Chen, she wanted to know what was going on around this place.

"It seems that people are hiding, they don't dare to show themselves" Ye Chen told that people were hiding and didn't want to show themselves.

"Looks like they were forced to stay indoors" Yan Fei estimated that people were forced to stay indoors by the new ruler, the situation was chaotic so in order to avoid being ambushed they did this.

Yan Fei was quite skilled at analyzing a matter, apart from being good at trading, she was of course well versed in the thoughts of the current ruling authority.

"There are soldiers approaching, we better hide" Ye Chen warned to hide immediately, there are several troops patrolling around this place.

Ye Chen, Mu Xueying, Yan Fei and Li Jingyi were hiding, they hid themselves behind a pile of belongings not far from the Golden King Auction House.

"This job is very troublesome and boring, why did the new King send us here, when I was hoping to be sent to battle" One of the soldiers complained, he complained about the work he was doing.

"Shhh" are you tired of living, if other people hear what you say, your head can disappear quickly, you know that the new King is someone who will do anything if his name is tarnished" Another soldier immediately reminded his comrades, if they until it was heard by one of the closest people to the new King, it was certain that they would suffer.

After listening to the warning given by his comrade, this soldier immediately shut his mouth tightly, he was afraid of being discovered by the new King.

"Hey, do you know why the King Realm left?, the rumors I heard, he was sick so the power was transferred to one of the prince" said the soldiers to their comrades.

"How do I know, we're just a small and helpless army, so we can't interfere in this matter" They were just a small army and didn't have many high positions, they couldn't possibly interfere in such a big business.

"You are absolutely right, we are only a small army, we can only obey the orders given, if we fight we will be captured" what is said is true, they are only a small army, if they dare to fight, they will definitely be arrested and put on jail.

"Let's finish our work, after that we can go back to the barracks" they must quickly finish their work and return to the barracks, their job is only to patrol and make sure no one comes out and wanders.

these people were on patrol, they were all patrolling and making sure no one and the residents came out, after making sure no one got out, then they went back to the barracks.

"They've already left, now we know the situation in this place." After the guards left, Ye Chen finally invited the three women to discuss.

"What's your plan, you must have a plan" Li Jingyi asked Ye Chen, she was sure Ye Chen had a lot of plans.

"The plan is very simple, Jingyi and I will go inside, meanwhile I want the two of you to distract people, do whatever it takes to cause a commotion" Ye Chen said to all the women.

Ye Chen's plan was to distract the guards, that way Ye Chen and Li Jingyi would easily sneak into the palace.

Yan Fei and Mu Xueying nodded, they would try their best to distract the soldiers.

"Good, you guys use this mask to cover your face, don't let the two of you be seen" Ye Chen said to Yan Fei and Mu Xueying.

Yan Fei and Mu Xueying took the masks given by Ye Chen, after which the two of them went to carry out their brand duties.

"Be careful not to be careless" Ye Chen warned Mu Xueying and Yan Fei to be even more careful, Ye Chen nothing happened to either of them.

JOURNEY TO BECOME A TRUE GOD

Chapter 1502 - Enter Cold Palace

After dividing up the tasks, Ye Chen went along with Li Jingyi to leave, they went to the palace.

Ye Chen didn't show himself right away, the two of them were hiding somewhere while looking at the situation around.

"I hope Xueying and Fei can carry out their duties" Ye Chen hoped that Yan Fei and Mu Xueying could carry out their duties, so that Ye Chen and Li Jingyi could go inside.

"Husband, what are we going to do, how are we going to live after this situation" Li Jingyi asked Ye Chen, she wanted to know how they would live after this situation.

"You don't need to worry, everything will be fine, after all this is over, we will live as usual" Ye Chen tried to comfort Li Jingyi, he wanted Li Jingyi to relax in dealing with this matter.

Ye Chen of course knew what kind of pressure Li Jingyi was under, Li Jingyi didn't like pressure, what Li Jingyi wanted was to live peacefully with Ye Chen without having to worry about the political problems in the kingdom anymore.

"um" Li Jingyi nodded, she would believe what Ye Chen said.

"Boom. ." a very large explosion that was extremely large in the distance, Yan Fei and Mu Xueying had already started their action.

The moment a big explosion occurred, almost all the troops immediately left, they immediately saw what was really going on.

Several aftershocks appeared, and all the cultivators in the house rushed out to save themselves.

"They've already started." Ye Chen saw that Yan Fei and Mu Xueying had already started doing their job to lure the soldiers out, soon the soldiers would definitely come out and look for the source of the trouble.

"Aren't they overreacting?" Li Jingyi felt that what Yan Fei and Mu Xueying were doing was a bit too much, both of them were destroying and causing a bit of a riot.

"It doesn't matter, as long as it's enough to outwit the enemy, then it'll be fine." Ye Chen didn't really mind what Yan Fei and Mu Xueying were doing.

As long as the two of them could attract the enemy with a commotion, then it would be a good thing.

A few moments later the soldiers came out, they all went straight to find out the source of the trouble, the soldiers thought that they were under attack, so everyone took their spear and got ready to fight.

Some soldiers left the palace, they went to see what happened, now the palace guard had eased slightly.

"Are you ready?" Ye Chen asked Li Jingyi he wanted to know if Li Jingyi was ready to do their job

"I am ready" Li Jingyi was ready, she wore a mask on her face, this showed how ready Li Jingyi was.

"Very good" Ye Chen was happy with the answer Li Jingyi gave, it meant that they were ready to do their job of defeating Li Gun and freeing Li Kun.

Ye Chen and Li Jingyi went up to the palace, the two of them immediately snuck into the palace.

Because Ye Chen already knew where it was the enemy imprisoned the King Realm, Ye Chen could easily find the whereabouts of the place they were going.

"The guard is still a bit more than I thought" Ye Chen could see that around this place there are still a lot of guards, it looks like they have to knock out the guards around this place.

"Leave everything to me, I will cripple them all" Li Jingyi said that he would be the one to deal with this matter, Li Jingyi had the ability to solve this problem.

because Li Jingyi insisted, Ye Chen let Li Jingyi do what she wanted.

Li Jingyi raised her hand, when Li Jingyi did that, the bodies of all the guards were covered in water, all the guards were locked in the water.

"Um. . . ." the guards started screaming, they all started asking for an outside help, too bad all the guards were currently locked up in the water prison, so they couldn't help their comrades who were in trouble.

In just a matter of seconds, these people had turned pale, they had passed out and were unconscious.

Li Jingyi only intention was to cripple them, he had no intention of doing anything further than that.

"Hmm, not bad either." Ye Chen acknowledged the method used by Li Jingyi, Li Jingyi ability was getting better.

After all the guards were cleared, Ye Chen and Li Jingyi could leave, they headed towards the palace which was at the very back.

The palace was supposed to be the cold palace, it was the place where the imperial concubines who had made a big mistake were exiled.

To think that Li Gun would put the King Realm and his personal soldiers in such a place.

Ye Chen and Li Jingyi arrived at the cold palace, after arriving Ye Chen and Li Jingyi saw the situation inside.

The situation inside was not good, Ye Chen looked at Li Kun and his soldiers who looked pale and withered, they seemed to have been sucked dry by something.

" what happened?" Li Jingyi started asking what happened to these people, why they all looked so pale.

"Jingyi, it's a method of absorbing your opponent's strength, it's a very dangerous technique." Ye Chen told what was going on, Li Gun was currently trying to absorb the power of everyone here for himself.

"Isn't that dangerous?" Li Jingyi asked Ye Chen, Li Jingyi wanted to know if the method they used was safe or not.

"Honestly, it is very dangerous, if it continues they will all die on the spot" Ye Chen replied.

"Then let's settle this matter." After hearing this matter, Li Jingyi told Ye Chen to immediately help them.

"Wait a minute, there are various kinds of traps inside, if it's active, then it will be troublesome for us, let me clear it first" Ye Chen didn't let Li Jingyi go right

away, he was going to clear the traps that were placed around this cold palace .

"**Shadow Clone**" Ye Chen made a clone, he wanted to activate all traps using his clone.

Using the Shadow Clone, Ye Chen's clone broke the door and started running around the room, the clone activating all the traps and traps in existence.

"Boom. . . , Shock , Whoos. . . , Bam" all traps activated, all activated and directly hit Clone Ye Chen.

"What the hell" Li Gun looked so shocked, he was really shocked when he saw what happened.

"Who was the idiot just now?" Li Gun cursed very loudly, who was the stupid fool who activated all the traps.

"It's me, do you have a problem" Li Jingyi appeared in front of Li Gun, she showed herself in front of Li Gun.

When Li Jingyi appeared, Li Kun and the other soldiers looked at Li Jingyi, they couldn't completely see clearly who the woman who had just arrived was.

"Who?, want you with me?" Li Gun asked who Li Jingyi was, what did Li Jingyi want to come to this place.

"I have come to stop the atrocities you are committing." Li Jingyi told her the reason she came to this place.

"Hahahahaha" Li Gun laughed when he heard what Li Jingyi just said, what Li Jingyi said was very entertaining.

"Are you kidding me, you are just a woman, what can a woman like you do?" Li Gun looked down on Li Jingyi, he saw Li Jingyi as a helpless woman.

JOURNEY TO BECOME A TRUE GOD

Li Jingyi was not provoked by Li Gun's words, she was very relaxed in the face of Li Gun's words.

"Are you done in boasting?" Li Jingyi asked Li Gun who was trying to brag.

Hearing Li Jingyi words, Li Gun's gaze immediately turned to Li Jingyi, this woman is very brave, how she is so brave when facing him.

"You have an arrogance, looks like this king should punish you" Li Gun said that he was going to punish Li Jingyi, he couldn't let Li Jingyi humiliate him.

Li Gun had now proclaimed that he was the new King Realm, he was the most powerful person in the Sky Cloud Peak Star Realm.

"How dare you say you are King Realm, do you really have that kind of ability?" Ye Chen appeared behind Li Jingyi, he was currently leaning in front of the door and watching the conversation between Li Jingyi and Li Gun.

Li Gun looked at Ye Chen, he didn't know where this person came from, what Li Gun, this person was the one who previously ran and activated all the traps.

"How is he still alive?" Li Gun didn't know what kind of method Ye Chen used, he was able to survive the traps that had been set in this place.

"Both of you, what do you really want, why are you interfering with people's business, are you tired of living in this world" Seeing the arrival of two unknown people, Li Gun immediately asked who the two were, both of them looked very mysterious.

"You don't need to know who we are, you won't know who we really are" Ye Chen told that Li Gun wouldn't know who they were.

"So you don't want to talk, fine, then you two will die in this place" because of Ye Chen and Li Jingyi are acting mysterious, Li Gun will kill both of them.

Li Gun is currently in prime mode, he has a lot of power, after absorbing the power of Li Kun and the elite forces of Immortal Sky Empire, Li Gun has gained tremendous power.

Li Gun used his wind power, his body was enveloped by a very strong wind, on the other hand Li Gun began to show the strength he had.

Li Jingyi body is currently covered in transparent water, this water revolves around Li Jingyi.

" hahaha, just water, can you beat me with that kind of thing" Li Gun laughed when he saw Li Jingyi strength, what Li Jingyi did was a joke for Li Gun.

In terms of wind power it is still much stronger than water, so Li Jingyi chances of winning will be very small.

"Don't underestimate my wife, otherwise you'll get in trouble" Ye Chen warned Li Gun not to underestimate Li Jingyi, Li Jingyi could be terrible if she got serious.

"Hahaha, you two are funny people, do you think you can bully a King Realm like me" Li Gun laughed as he listened to what Ye Chen said, he felt that the two of them were really a stupid couple, it was a match in itself.

Ye Chen had been kind enough to remind Li Gun, but Ye Chen's kindness didn't seem to be well received by Li Gun.

"It's up to you" Ye Chen could only watch the battle, he would stand guard outside and block the people who would arrive here.

Ye Chen knew that the diversion would definitely not last long, the troops would definitely return to this place soon.

When that time comes, this place will be surrounded by royal troops and troops from the Code Breaker organization.

"tap. . . , tap. . . ,tap. . . ,tap. . . ,tap. . . ,"from a distance there was a sound of troops approaching, these troops approaching towards Ye Chen, they were approaching at an unbelievably fast speed.

"faster than I imagined" Ye Chen did not expect that Li Gun's army would arrive so quickly, Li Gun's army was very alert, they knew that Ye Chen and Li Jingyi had already entered.

"Alright, I'll go to fight them" Since Li Jingyi decided to fight against Li Gun, then Ye Chen would go and fight the troops that came, Ye Chen could feel that the people who came were strong, their aura was very big.

"I won't let you guys pass easily" Ye Chen wouldn't let these people pass easily.

"That's him, he must be the one who made a fuss, let's catch him" Soldiers rushed towards Ye Chen, they intended to attack and capture Ye Chen.

Ye Chen stepped forward, he went to fight all those who had evil intentions against him.

"Boom. . . ." the battle between Ye Chen and Li Gun's army was inevitable, both sides began to show their abilities.

Li Jingyi and Li Gun started fighting, Li Jingyi launched her own attack at Li Gun.

Li Gun didn't want to lose, he resisted Li Jingyi attack, he used the wind around himself to block Li Jingyi attack.

"Boom. . . ." Li Gun was forced back a few steps while holding back Li Jingyi attack.

when Li Gun tried to block Li Jingyi attack, Li Gun discovered that Li Jingyi strength was so great, his barrier was unable to completely block Li Jingyi attack.

"What the hell, was that attack just now" Li Gun looked very surprised when he received Li Jingyi attack, Li Jingyi attack was quite strong.

"Looks like I was too careless" Li Gun might be too weak, that's why he was easily defeated by Li Jingyi.

"This woman does have some abilities, I'd better be a little serious." Since Li Jingyi had abilities, Li Gun had to be serious about fighting this guy.

Li Gun attacked Li Jingyi, he used his fist to attack Li Jingyi.

When Li Gun attacked, Li Jingyi waved her hand, quickly gathering water and blocking Li Gun's movement.

"Damn, this is really troublesome" Li Gun started to feel troubled, he felt troubled by the water that kept holding his movement.

Li Gun used his profound energy, a strong wind erupted from Li Gun's body, this wind blew away the surrounding water.

after expelling all the surrounding water, Li Gun continued his attack on Li Jingyi.

"**Water Glory Wave**" Li Jingyi used the **Water Glory Wave**, an enormous water wave suddenly appeared and filled the cold palace room.

Li Gun who was advancing was directly dragged backwards, he couldn't resist when being dragged by this great power.

Li Jingyi couldn't show the full power of the **Water Glory Wave**, Li Jingyi still had to restrain himself, otherwise he could possibly destroy this palace.

Li Gun's body was dragged by the waves of the **Water Glory Wave**, he was like a shirt in a dryer, his body spinning erratically.

"Damn, what the hell" Li Gun couldn't believe that he would be treated like this by Li Jingyi, some parts of Li Gun's body and clothes started to be torn apart by this attack

even though the power of the Water Glory Wave was small it still had a terrifying power, this capable of crushing humans to pieces.

Unable to get out of this situation, Li Gun used his brain, he used tens of thousands of years of battle experience.

Li Gun used his wind power to break out of the waves, with his wind power, he managed to reverse the waves that allowed his body to escape.

"BAM. .." The wave hit the wall, the wall was instantly destroyed when it was hit by a super strong wave.

JOURNEY TO BECOME A TRUE GOD

Chapter 1504 - Water Glory Purgation

"Just now it was very dangerous, if I was stuck any longer than that, then it would be a serious problem." Li Gun felt a dangerous feeling, if he had been caught in the wave just now, he would definitely have suffered some injuries.

"This fellow, his abilities are very strange." Li Gun felt that Li Jingyi abilities were very strange, this woman's technique and skills were abnormal.

"Sky Wind Giant Blade" Li Gun raised his right hand up, as Li Gun did that, a large amount of wind started to gather.

The wind made a terrifying huge sword, the size of this sword was very long, it was able to cut anything that was several miles away.

"Prepare to meet your creator" Li Gun said to Li Jingyi, he told Li Jingyi to meet creator.

Li Jingyi raised one of her hands up, Li Jingyi made something really big using her water power.

Li Jingyi made a shield of enormous size, she intended to block this attack by using a shield.

The opponent of the sword was a shield, Li Jingyi idea was not bad to withstand Li Gun's attacks.

"It's useless, I will cut it" Li Gun said that he would cut the water shield made by Li Jingyi.

Li Gun swung his arm, he slashed towards Li Jingyi, even though it looked big, Li Gun didn't seem to have any trouble swinging this thing, Li Gun was still very easy and swung the Sky Wind Giant Blade.

" Bang . ." when Li Gun's attack met Li Jingyi's shield defense, there was a very strong crash, Li Jingyi's water shield was quite strong, it was able to withstand Li Gun's attack.

Li Gun did not expect that Li Jingyi would be able to withstand his attack, even though he had used his full strength in his swing.

"I can't believe she blocked my attack, I can definitely break through" Li Gun didn't believe that Li Jingyi was able to completely stop his attack, that's why Li Gun tried even more to break through Li Jingyi defense.

As Li Gun got serious, the wind blade started to slowly pierce through Li Jingyi shield, it seemed that Li Jingyi defense was at its limit.

"Hahaha, Dead. . ." Li Gun laughed, he laughed when he saw Li Jingyi's defense was starting to erode.

Seeing her defenses starting to erode, Li Jingyi decided to retreat, she avoided Li Gun's attack.

"Slash" Li Gun's slashed through Li Jingyi's water shield, it also slashed the floor beneath Li Jingyi.

"Why are you running, are you afraid of me. . . . , hahahaha" Li Gun laughed when he saw Li Jingyi running away, he felt that he had achieved a sweet victory.

"Not really, I just dodged it because I wanted to." Li Jingyi said the reason why she dodged the attack just now.

"You are really bad, you are the same as your stupid partner" Li Gun felt that Li Jingyi was the same as Ye Chen, these two people were a stupid couple.

Ever since getting along with Ye Chen, Li Jingyi had naturally begun to change, she had come to know how to deal with an arrogant enemy like Li Gun.

"You were still very lucky because I wasn't too serious, now I will be serious and start killing you, be prepared" Li Gun regained his confidence, he was ready to face Li Jingyi.

Li Gun again swung the giant wind sword in his right hand, this time he was going to directly attack Li Jingyi.

Li Gun's attack was much faster than before, this attack looked much more lethal than the previous one.

"slash" Li Gun hit Li Jingyi, Li Jingyi's body was easily cut off by Li Gun's attack.

"Hahaha" Li Gun started to celebrate the victory, he had now completely won over Li Jingyi.

Some time after cutting Li Jingyi, Li Gun found something very strange, he found Li Jingyi's body turned into water.

"Shit" Li Gun cursed very loudly, it seemed that what he had just attacked was just a substitute body made by Li Jingyi.

"where is the real one" Li Gun looked for the whereabouts of the real Li Jingyi, the real Li Jingyi should not be far from this place.

"Are you looking for me?" Li Jingyi appeared beside Li Gun, she immediately attacked Li Gun who was in front of her.

Li Gun wasn't prepared for Li Jingyi sudden arrival, he didn't have time to dodge Li Jingyi attack.

Seeing that there was no time to dodge, Li Gun decided to use his hands to block Li Jingyi attack.

Li Jingyi attack took the form of water, it directly hit Li Gun's arm and sent Li Gun flying away.

Li Gun was flung hundreds of meters away, he used both legs to support his body.

"Damn, how can you be so careless" Li Gun cursed very loudly, he was too reckless from being hit by Li Jingyi attack.

"Strange, why doesn't it hurt" Li Gun started to feel strange with Li Jingyi attack, somehow Li Jingyi attack didn't hurt him.

Li Gun felt no pain when he received the attack that came from Li Jingyi.

Li Gun looked at his wound, he wanted to know if there was a bruise or not on his arm.

When Li Gun looked at his arm, he found a fairly wide wound, strangely there was no blood coming out, not even any pain in this.

"Oi, Oi, what is this?" Li Gun started to look confused, how could he not feel anything from his wound.

"This is very, very strange" Li Gun began to feel something odd, how could this happen.

Li Jingyi stepped forward, she reappeared near Li Gun.

Li Gun was on high alert, he immediately took a defensive stance when he saw Li Jingyi advancing.

"Let's end it all" Li Jingyi wanted to end it all, it was time to end it all.

"Do you think it's young to end this all" Li Gun smiled with a disdainful face, this battle is still not over, he hasn't fully shown his ace yet.

"**Water Glory Purgation**" Li Jingyi used his supreme skill, this was the most terrifying attack of Ancient Water Glory Art.

Around Li Jingyi appeared extremely pure water, the purity of this water was so extraordinary, its radiance alone made people feel amazed.

"What's that?" Li Gun's soul began to tremble slightly when he felt the radiance of the water around Li Jingyi.

"I have to do something" Seeing the unexpected happen, Li Gun decided to use his ace.

"**Immortal Sky domain**" Li Gun used his trump card, he opened a very large domain.

This domain was enormous, it covered almost the entire Immortal Sky Empire, the Immortal Sky Empire was enveloped in green wind and looked darker than usual.

Ye Chen who was fighting felt a change, he saw that someone opened a rather large domain.

This domain makes it difficult for people within it to move, this is because there is a wind pressure that makes one unable to move freely.

"I will immediately make you disappear from this world" Li Gun said that he would make Li Jingyi disappear from this world.

Now that Li Jingyi was in his own domain, a snap of a finger could make Li Jingyi disappear from this world.

"Don't regret what you said." Li Jingyi stretched his palm forward, Li Jingyi shot a drop of Water Glory Purgation water at Li Gun.

Li Gun just smiled at what Li Jingyi did, this woman was so stupid.

JOURNEY TO BECOME A TRUE GOD

Chapter 1505 - Mastermind Behind Immortal Sky Empires Riot

That drop of water fell on Li Gun's body, when a drop of water fell on Li Gun's body, Li Gun's expression immediately changed.

Li Gun's face started to get very dark, and a few seconds later he immediately grabbed the area that was hit by the water.

"It hurts so bad!" Li Gun started screaming in pain, he started screaming in pain, the pain was so excruciating, he even had to grit his teeth to endure the pain.

Li Gun confirmed the sore area, when he checked the sore area, he didn't find any signs of injury or anything like that.

Although this was unscathed and there was no bruising, the pain was still so intense, Li Gun's body trembled as he tried to endure the pain.

Li Jingyi saw Li Gun's reaction, he saw that Li Gun looked in a lot of pain, Li Jingyi didn't expect that Water Glory Purgation would be so great, this could even make Li Gun into this state.

Li Gun tried to get up, he looked a little troubled when he got up from the floor.

Li Gun tried to stay calm in the face of this situation, he tried his best to calm his heart down.

"Don't worry, it might just be an illusion" Li Gun tried to calm his heart, he said in his heart that this was just an illusion, so nothing would happen.

Li Gun thought that Li Jingyi's ability was an illusion, so the best way to defeat the illusionary ability was to strengthen his mind and mentality

"I will not be afraid and be afraid of your cheap illusions" Li Gun said that he would not be afraid of Li Jingyi's cheap techniques .

Instead Li Gun started attacking Li Jingyi, he controlled the domain around himself and started attacking Li Jingyi.

Many slashes of wind appeared, they all aimed at Li Jingyi, the speed of the slashes was also extremely fast.

Li Jingyi didn't flinch in the face of Li Gun's attack, he used Water Glory Purgation to attack Li Gun.

Li Gun anticipated Li Jingyi attack, he created a huge wind wall to block Li Jingyi attack, on the other hand Li Gun continued to apply consecutive attacks towards Li Jingyi.

Water Glory Purgation easily penetrated Li Gun's defenses, there wasn't the slightest bit of resistance from Li Gun's defenses.

"Impossible." Li Gun couldn't believe that his defense couldn't withstand Li Jingyi attack.

The Water Glory Purgation hit Li Gun's body again, this time the amount was so huge that it hurt Li Gun's soul.

"gahhh" Li Gun roared, he roared in pain from being hit by the Water Glory Purgation.

The pain Li Gun was in was so immense, it really couldn't be put into words.

"It's just an illusion, it's just an illusion" Li Gun tried to fight this, he still thought it was an illusion.

Li Gun didn't know that his soul was already being threatened by the Water Glory Purgation attack.

"This is not an illusion, this is a reality, so accept your fate." Li Jingyi was already in front of Li Gun, he was very quickly in front of Li Gun.

Li Gun didn't have time to anticipate Li Jingyi's arrival, he didn't have time to anticipate Li Jingyi's arrival.

Li Jingyi took advantage of Li Gun's weakness, she knew when to advance and when to attack Li Gun.

"Water Glory Purgation" Li Jingyi made another attack on Li Gun, this time it was the final blow.

"Gah. . ." Li Gun roared, he felt a terrible pain, his body had started to lose control and couldn't move anymore.

Since Li Gun was already unconscious, the domain he created collapsed instantly, Li Gun fell and fell to the ground with a loud sound.

This battle is so absurd, even though Li Gun wasn't seriously injured from Li Jingyi's attack, how could he go so far and be defeated by Li Jingyi.

People didn't know that Li Gun's soul was already so badly injured, he might not be able to move for the next few months.

If Li Jingyi really wanted to kill Li Gun, then Li Jingyi could have done that, but she didn't want to do such a thing.

"Is it over, I think I need to help you" Ye Chen returned to Li Jingyi's side, he had just finished defeating the higher-ups of the Code Breaker organization and the traitors.

"I'm done" Li Jingyi nodded, she said that here he already regretted taking care of Li Gun.

"Why did you let him live, he will give you a bigger problem" Ye Chen looked at Li Gun who was still alive, why didn't Li Jingyi kill Li Gun, if this person was alive then it would be troublesome.

The ambitions of Li Gun and the Code Breaker organization were enormous. If they were left free, then it would be a danger to others.

"It's okay, I've already paralyzed some parts of his body, so he won't do anything bad" Li Jingyi said to Ye Chen.

"Yes, if you really say that" since Li Jingyi said that, then Ye Chen wouldn't complain.

Li Jingyi looked at Li Kun and the soldiers who were here, they all looked very pale, it looked like they needed healing.

"**Water Glory Healing**" Li Jingyi used Water Glory Healing, immediately Li Kun's body and all the soldiers were covered by water.

As Water Glory Healing was used, Li Kun and the others' bodies started to return, they all started to regain their vitality.

Even though they might still not be able to do the usual things, they still had to recuperate because of what Li Gun had done.

Moments later, everyone was healed, their appearances returning to normal.

"Thank you very much" Li Kun thanked Li Jingyi for what Li Jingyi did, he thanked Li Jingyi for his kindness.

Li Kun still didn't realize that this was Li Jingyi, the current Li Jingyi's aura was completely different from before.

"It's okay, it's all over, from here on you take care of your own problems" Li Jingyi said that everything was done, so from now on Li Kun could solve his problem.

"Thank you very much" Li Kun again thanked Li Jingyi, he thanked Li Jingyi for the kindness.

"Let's go" Ye Chen asked Li Jingyi to leave this place, their task was done.

Ye Chen nodded, he and Li Jingyi left the cold palace, both exited the cold palace.

"Jingyi stop for a moment" just as they were about to leave the palace Ye Chen suddenly stopped Li Jingyi.

"what is it?" Li Jingyi asked Ye Chen, why did Ye Chen tell her to stop, when the matter was already solved.

"Looks like someone is watching us" Ye Chen informed that someone was watching them.

"where?" Li Jingyi did not find the whereabouts of the person watching them.

"Why don't you show yourself, I know you are watching us" Ye Chen told the person to come out and show himself.

"Wow . . . , Wow . . . , Wow . . . , Wow . . . , I didn't expect anyone to be able to find my whereabouts while hiding, it seems you have the ability" someone appeared, he was wearing black clothes and a black mask.

The identity of this person is still very mysterious, what Ye Chen can confirm is that he is a dangerous person.

"This feeling, this is the same feeling that Yu Ting and Fu Chou gave, is he from Vengeance Fate Sect?" Ye Chen tried to guess the identity of this man.

JOURNEY TO BECOME A TRUE GOD

Chapter 1506 - Tai Eng

"What is someone like you doing in this place?" Ye Chen said to the mysterious person in front of him.

"Hahaha, so funny, you still ask, after what you just did" this person laughed, he laughed at Ye Chen who didn't know what he just did.

"Oh, so it's like that, it's not strange that the Code Breaker organization is very bold in attacking the empire, it turns out that there is a Vengeance Fate Sect behind it," Ye Chen said to this mysterious person.

"Hooo, so you've guessed who I am, it's interesting, you two are really weird people" This person was more and more attracted to Ye Chen and Li Jingyi, both of whom were very mysterious and possessed of great knowledge.

"Husband, is he the one behind all this?" Li Jingyi said to Ye Chen.

"Of course, he is the one behind all this, he has been watching us for a long time, it seems he is angry that we messed up his plans" Ye Chen explained to Li Jingyi what had happened.

"You're so great, I didn't even notice" Li Jingyi started to be amazed by what Ye Chen was doing, how could Ye Chen find this person's whereabouts.

"You are a little interesting, how can you see where I am?" People from Vengeance Fate Sect also had to acknowledge Ye Chen's greatness, how could Ye Chen find his whereabouts so easily.

"You may be able to hide yourself, but I can feel how you are watching me" Ye Chen said to the mysterious person in front of him.

"Hahaha, very interesting" person from Vengeance Fate Sect laughed again, he didn't expect that Ye Chen could find himself because of such a thing.

"You two have ruined my perfect plan, you two have to pay for what you have done" said a person from Vengeance Fate Sect to Ye Chen.

"I'm sorry for what happened" Ye Chen apologized for what happened, he said in a very polite tone.

"It's not that easy" said a person from Vengeance Fate Sect to Ye Chen.

"Then what do you want from us?" Ye Chen asked what this man wanted, this man definitely wanted something.

"You are very clever, I really want something, I want you two to join me, you both have the ability to be a master.

Ye Chen and Li Jingyi looked at each other, both looking helpless at what this person said.

"We are not very interested in such things, we are a couple who live with freedom, we will not join a troublesome thing" Ye Chen replied to the words of the person in front of him.

"Too bad, you guys have really great talent" this person shook his head, even though Ye Chen and Li Jingyi had great fighting talent.

"Then I'll just arrest you by force" Because they couldn't persuade Ye Chen, this person wanted to catch Ye Chen by force.

"How can you do something like that to us, when we have refused so politely," said Ye Chen to the person in front of him.

"I don't care about that matter, I do whatever I want, that's us Vengeance Fate Sect" this person said that he likes to do whatever he wants.

The person swiftly went towards Li Jingyi, he intended to catch Li Jingyi who was beside Ye Chen.

When this person wanted to touch Li Jingyi, Ye Chen immediately held the person's hand.

"Don't mess with us, don't make me angry." Ye Chen warned the person in front of him not to anger Ye Chen, Ye Chen was most annoyed when he saw that someone was intending to do something bad to the person he loved.

"You do have decent abilities." person from Vengeance Fate Sect acknowledged Ye Chen's abilities.

Having failed in his act, this fellow retreated, he retreated several tens of meters away.

"My name is Tai Eng, you guys remember the person who will arrest you" Tai Eng introduced himself to Ye Chen and Li Jingyi.

"What other fool introduces himself to his enemy" Ye Chen couldn't think how Tai Eng's brain worked, how could he tell Ye Chen his name so easily.

"Husband, this person is from Vengeance Fate Sect, he should be a strong person, we must be careful when fighting him" Li Jingyi warned Ye Chen that people from Vengeance Fate Sect must be dangerous people.

"You are absolutely right, he is from Vengeance Fate Sect, there is nothing good about this person." Ye Chen completely agreed with what Li Jingyi said, there was nothing good about this person.

"but right now we have no choice but to fight against this person" right now the two of them had no choice but to fight against Tai Eng.

"I will try to help you beat this guy" Li Jingyi will try to help Ye Chen beat Tai Eng.

"Then let me fight him" Ye Chen would fight Tai Eng, meanwhile Li Jingyi would try to help Ye Chen.

Ye Chen stepped forward, just as Ye Chen was about to go forward, Ye Chen saw something strange, under his feet as if there was something strange.

Seeing this, Ye Chen immediately used his own strength, from the bottom of the shoe a huge profound fire shot out, it instantly burned the ground that Ye Chen stepped on.

When Ye Chen did this, worm-like monsters began to emerge from the plant, they came out because they were unable to withstand this excessive heat.

"What are you doing with my beloved pet, are you tired of living?" Tai Eng was angry when he saw Ye Chen torturing his pet.

"who told you to put an animal like this in this place" Ye Chen thanks to Tai Eng, who told this person to put a disgusting creature in front of him.

"How dare you insult the pet I have, I won't let you off easily" Seeing Ye Chen dare to insult his pet, Tai Eng was already very upset, he would definitely make Ye Chen regret what he said.

Tai Eng stepped forward, he started to attack Ye Chen using his skills.

Tai Eng's skill was earth, he lifted the ground under Ye Chen and started pounding Ye Chen using it.

Ye Chen tried to hold the ground that was thrown by Tai Eng, he tried his physical strength to hold the ground.

With his strong physical strength, Ye Chen managed to withstand Tai Eng's attack.

"no way how could that happen" Tai Eng amplified his attack, he tried to pound Ye Chen into a pulp of meat.

With the full strength that Tai Eng mustered, Ye Chen started to retreat backwards.

It seemed that in terms of Tai Eng's strength being still above Ye Chen's, he was still above Ye Chen's.

"he's quite tough, looks like he's almost the same as Fu Chou" from Tai Eng's strength maybe this man has the same status or even he is under Fu Chou.

"why are you still holding on, just give up and accept your fate" Tai Eng started to get angry, he got angry when he saw Ye Chen managed to hold on for a long time.

"It took more than this to beat me" Ye Chen said that it would take more than this to beat himself.

Ye Chen channeled the power in his palm, he used a great power to destroy the huge chunk of earth that was in front of him.

"Boom. . . ." The chunk of earth shattered into pieces, it scattered in all directions.

JOURNEY TO BECOME A TRUE GOD

Chapter 1507 - Tai Eng's Power

Ye Chen and Tai Eng both retreated, both retreated when there was a huge explosion that sent the ground scattering.

Tai Eng didn't stop there, he attacked Ye Chen again, this time he absorbed the hardest stone in this palace, he intended to fight Ye Chen by using these stones.

Tai Eng's body was covered by a blue object like a jade, Tai Eng's body shape also started to change, he looked like a walking stone monster.

"You have angered me, now feel the consequences of what you did" Tai Eng began to show his abilities, he showed a significant increase in strength, it happened because Tai Eng harbored a strong hatred.

people from are unreasonable, they use their hatred as fuel to increase the power they have.

"This is a really troublesome ability." Ye Chen felt that Tai Eng's ability was very troublesome, one could say that the abilities of everyone from Vengeance Fate Sect were extremely troublesome.

Ye Chen of course knows the reason for all this, they are a Heretical Sect, naturally there will be many techniques that are beyond the capabilities of humans.

Even the technique that Li Gun had just used must have come from this person, Ye Chen was absolutely certain of that.

Tai Eng advanced towards Ye Chen, he intended to attack Ye Chen who was in front of him.

Tai Eng's hands began to turn into a sharp spear, he was now able to manipulate his body into various things.

Ye Chen took the Black Dragon Sword, he was going to fight Tai Eng with the Black Dragon Sword.

Here Ye Chen entered the Dao of Sword mode, he began to show that he was a master of the sword that could not be underestimated by the enemy.

" Clang . . ." Ye Chen's slash and Tai Eng's spear thrust met, when this happened the Tai Eng spear was easily cut by Ye Chen.

"How can this happen, I can't believe this" Tai Eng couldn't believe this, he couldn't believe that Ye Chen was able to cut the weapon he had made with the strongest stone in this place.

"Just now it was only a small part, next time maybe your head or body will be like that" Ye Chen said to Tai Eng.

"Rotten bastard, do you think it is easy to kill someone like me, I am not something you can beat easily" Tai Eng said to Ye Chen, he is not something that can be defeated easily.

"Why don't we just prove it, whether what you say is true or just nonsense" Ye Chen wanted to prove what Tai Eng said, whether what Tai Eng said was the truth or vice versa.

Tai Eng again attacked Ye Chen, this time Tai Eng made an ax which was extremely large in size.

It seemed that Tai Eng was very serious, he made a huge ax that Ye Chen couldn't possibly break.

Ye Chen wasn't so easy to scare, he swung his sword back at Tai Eng.

"Slash" as Ye Chen swung his sword, almost half of the large ax was cut off.

"It's pretty hard too." Ye Chen saw that the ax made by Tai Eng was very hard.

"Die!" Tai Eng shouted, he slashed Ye Chen's head with his axe.

He Chen used the Black Dragon Sword to block Tai Eng's attack.

" Clang . . ." a very strong crash occurred, this made the surrounding objects shattered and cut.

In this case Ye Chen was a little depressed, the attack power of Tai Eng was indeed strong, this made it difficult for Ye Chen to withstand Tai Eng's attacks.

"Just give up and accept your fate" Tai Eng told Ye Chen to give up and accept his current fate.

Tai Eng's strength was getting bigger and bigger, he was getting stronger and stronger in facing Ye Chen.

"My opponent is a little troublesome, I'll use that" Since his opponent was so troublesome, Ye Chen was forced to use his Flame Veins.

Ye Chen opened the Vein of fire and got a tremendous increase in strength.

Ye Chen got up and put up a fight against Tai Eng, he raised his sword and tried to push away the huge ax that had fallen on him.

Tai Eng tried to suppress Ye Chen as hard as he could, he tried to suppress Ye Chen by using the strongest strength he had.

A very great battle took place, both of them showed the strength they had, this made the sky very dark, the dark sky was very gripping.

"I can't, this guy has tremendous physical strength, I have to find another way to fight him" Tai Eng had to find another way to fight Ye Chen, Ye Chen had a very high physical strength, this made him hard to beat.

"Attacking him from the back would be a good thing to do" Tai Eng was going to attack Ye Chen from the back, it was a very easy part to hit.

From the sky appeared several large boulders, these huge boulders shot towards Ye Chen.

Tai Eng attacked Ye Chen from behind, he used his means to fight Ye Chen.

Ye Chen sensed several objects approaching at full speed, this must be an attack possessed by Tai Eng.

"He's trying to attack me from behind, fine, I'll hold him back." Ye Chen was about to block Tai Eng's attack.

Just as Ye Chen was about to block Tai Eng's attack, suddenly the stone heading towards Ye Chen was smashed into pieces.

"uh. . .?" Ye Chen hadn't even done anything yet, but why did the stone suddenly shatter.

Tai Eng is also confused about this, how can such a thing happen, this is a very strange thing.

"I won't let you succeed" Li Jingyi said to Tai Eng, Li Jingyi said to Tai Eng that she would not let Tai Eng do bad things to Ye Chen.

"This girl, he is so troublesome, why does he have to be there, damn it" Tai Eng complained very loudly, he cursed Li Jingyi who joined the battle.

"Yon, come out and fight this woman" Tai Eng shouted, he seemed to be calling something.

After Tai Eng said that, suddenly a huge earthworm appeared, and he immediately attacked Li Jingyi.

The earthworm attacked Li Jingyi, he attacked Li Jingyi with all kinds of annoying sand attacks.

"Now you can't bother me anymore, I'll kill you" now Li Jingyi wouldn't be able to interfere with her and Ye Chen's battle.

"Don't be happy too soon" Ye Chen said to Tai Eng, Ye Chen started to use his own strength against Tai Eng.

"**Sky wind Law**" Ye Chen user Sky Wind Law to blow his enemy away. Using the immense power of the wind, Ye Chen was able to blow Tai Eng away.

"Gah. ." Tai Eng was blown away, he was thrown quite far by Ye Chen.

"Damn it, this guy's ability is really troublesome." Tai Eng felt that Ye Chen's ability was very troublesome, this made Tai Eng find it difficult to fight Ye Chen.

Ye Chen advanced towards Tai Eng, he started to launch a barrage of attacks towards Tai Eng.

"Slashes. . ." dozens of slashes were launched at Tai Eng, this made Tai Eng cornered.

Tai Eng tried to defend against Ye Chen's attack, he tried to block Ye Chen's attack by using the stones around him.

The rocks around Tai Eng were starting to run out, he had to quickly find a replacement at the bottom.

In this sky palace there are not too many stones that can be used by Tai Eng, so Tai Eng must immediately descend to the bottom so that he can fight at will.

JOURNEY TO BECOME A TRUE GOD

Chapter 1508 - Enemy Lost Control And Went Crazy

"Where are you going to run?" seeing his enemy run away, Ye Chen immediately went and caught up with Tai Eng.

Ye Chen chased after Tai Eng who was at the bottom, he chased him down to the ground.

"Hahaha, what a fool, how could you be so easily tricked by me" Tai Eng laughed, he laughed when he saw Ye Chen who was so careless.

Ye Chen was so reckless to follow himself down, it was a very, very reckless thing to do.

"What did he just say?" Ye Chen didn't really understand what Tai Eng just said.

"Super Earth Wave Shot" Tai Eng hit the ground with both of his hands.

When Tai Eng did that the ground around Ye Chen turned mushy, it rippled like a sea water.

this makes the buildings around this place wobble and crumble, this makes a very, very large damage.

Seeing the ground below him starting to become unstable, Ye Chen decided to fly, he avoided what was happening.

"I want to run, it's not that easy" Tai Eng moved his hand, he controlled the ground below.

The ground below rose to the surface, it headed straight for Ye Chen to catch Ye Chen.

Seeing this Ye Chen directly attacked the ground that was headed his way, he crushed all the land that was approaching.

"hahaha, it was just a diversion attack, this is the real thing" Tai Eng said that it was just a diversion, the real attack was about to start.

The ground below started to rise, it made a hug wave, The huge wave started to shoot out rock and coarse material.

"Boom. . . , boom . . . , boom . . . , boom . . ." a series of explosive sounds occurred as the material and rough rocks hit the ground, it was like a bomb being dropped by thousands of warplanes at a time.

This shot was getting closer to Ye Chen, Ye millions of rocks and hard materials were shot towards Ye Chen.

Around Ye Chen's body began to emit enormous profound flames, these profound flames expanded and began to melt anything he touched.

Even rocks and hard materials can be melted very easily by this deep fire.

"It's not that easy." Tai Eng launched more and more powerful attacks, this made the shots towards Ye Chen become more and more massive.

Some rocks that were quite large in size couldn't completely melt, these pierced through towards Ye Chen.

Ye Chen closed his eyes, when Ye Chen closed his eyes, profound lightning shot out from his body.

This lightning destroyed everything around Ye Chen, Ye Chen's body was enveloped by a very strong profound lightning.

After Ye Chen body was covered by lightning, Ye Chen stepped forward, he seemed not afraid of Tai Eng's attack.

Ye Chen was like a superman, he broke through the huge rocks that were in front of him, with the help of his physique and enormous lightning power, Ye Chen could break through all of them.

"No, how did that happen?" Tai Eng couldn't believe that Ye Chen was able to break through his attack so easily.

Seeing Ye Chen getting closer and closer, Tai Eng decided to back off a bit.

"Where are you going?" Ye Chen appeared behind Tai Eng, he started to attack Tai Eng with.

"Bam. . . , bam . . . , bam . . . , bam . . . " Ye Chen hit Tai Eng several times, Ye Chen's punch landed perfectly.

Tai Eng couldn't dodge or block Ye Chen's attack, Ye Chen's attack was too fast, Tai Eng was unable to withstand Ye Chen's attack.

"So fast" Tai Eng couldn't see Ye Chen's movement, this person's speed was beyond his own.

"I'll just protect myself with rocks" Not being able to see Ye Chen's movement, Tai Eng decided to protect himself by using the hardest rock he could pick up.

Tai Eng took the hardest stone, he began to coat ya body with the hardest stone all over his body, this made Tai Eng's defense even stronger and harder to penetrate.

"He's using defense like that again, I won't let that happen" Ye Chen couldn't let Tai Eng defend himself, Ye Chen took back the Black Dragon Sword, he slashed at Tai Eng's body.

"Slash" in a very close range, Ye Chen did a slash towards Tai Eng.

"Gah. . . "Tai Eng screamed slightly when he was hit by a slash from Ye Chen, a slash from Ye Chen was quite capable of breaking through his defenses.

"Just scratch it." Ye Chen's Black Dragon Sword, it seems that the Black Dragon Sword's strength is not as strong as the Divine Yin Yang Sword.

"If I had known this, I would have used the Divine Yin Yang Sword " If Ye Chen had known this, he might have used the Divine Yin Yang Sword against Tai Eng.

Too bad Ye Chen couldn't use the Divine Yin Yang Sword, he could only use the Black Dragon Sword in this situation, if Ye Chen used the Divine Yin Yang Sword, then his identity would be exposed very easily.

"How dare you hurt me, I won't let you off" Tai Eng was angry when he saw Ye Chen hurt him, never before had anyone dared to do something like this to him, anyone who dared to do this to Tai Eng would get bad things.

Tai Eng's anger and hatred makes this person's strength even more, he may have already surpassed Ye Chen's strength.

"It's not fair, how can anyone get stronger like that" Ye Chen looked at Tai Eng, why did he become stronger when he grew more hateful and angry towards Ye Chen.

"if you want, why don't you learn it" Chu Yuechan said to Ye Chen, he told Ye Chen to learn the same technique as Tai Eng.

"No, I still want to live a normal life, I saw that this technique would make people lose control, and it seems that this man in front of me is starting to lose control." Ye Chen saw that Tai Eng was starting to lose control, he couldn't control himself anymore.

Now Tai Eng's mind is only filled with anger and hatred, in his heart he only wants to kill Ye Chen and make this person regret.

Tai Eng put up a fight, he started attacking Ye Chen using the ground.

Tai Eng began to lose his mind, he raised all the land in the Immortal Sky Empire, with the strength that Tai Eng had, he was able to do such crazy things.

"he's really crazy" Ye Chen saw that Tai Eng was really crazy, he used a kingdom to bury Ye Chen.

"Master, you better end this immediately, if he throws it, all cultivators within the Immortal Sky Empire will be razed to the ground, that includes Mu Xueying and Yan Fei" Chu Yuechan told Ye Chen to finish all this quickly, otherwise safety people in the Immortal Sky Empire would be threatened.

"Alright, looks like it's time to use that" Since Tai Eng had already started to lose control and damage Immortal Sky Empire, then Ye Chen had to kill this person immediately.

Ye Chen closed his eyes, when Ye Chen closed his eyes, lightning started to flash uncontrollably.

An enormous lightning force began to form, it formed a huge ball, The ball of lightning was filled with an extremely terrifying power.

JOURNEY TO BECOME A TRUE GOD

Chapter 1509 - Rebellion Problem Solved

The moment Ye Chen took this thing out, the ground around him began to fly, this was a thing that could make inanimate objects fly because of its extraordinary power.

This looks terrible, the battle that Ye Chen and Tai Eng fought was beyond common sense.

"Who is fighting, how can he raise this entire kingdom, plus this lightning is so abnormal" The people living within the capital of the Immortal Sky Empire were shocked by what had happened, they were all shocked when they saw such an extraordinary battle.

This battle was an astonishing battle, where both sides were equally strong, both capable of making the capital of the Immortal Sky Empire like this, the person who could do that should be at the mid-stage of the Divine Overlord Realm.

Only the King Realm could do something like this, so everyone thought there was a battle between the King Realm.

"God Slayer Lightning Shot" Ye Chen's shot out an extremely powerful lightning bolt, Ye Chen used all the profound energy he had to use the God Slayer Lightning Shot.

God Slayer Lightning Shot was the most profound energy draining lightning technique, even Ye Chen had to use his Water Veins to support his profound energy supply.

If Ye Chen didn't do that, he probably wouldn't be able to use the God Slayer Lightning Shot.

"Die you" Tai Eng tried to pound Ye Chen's body, he wanted to hit Ye Chen by using the huge pile of dirt in his hand.

Just as Tai Eng was about to cast Immortal Sky Empire, a shot from the God Slayer Lightning Shot directly hit Tai Eng's body.

"Gah. . . ." Tai Eng didn't have time to cast the God Slayer Lightning Shot, he was already hit by Ye Chen's attack and flew into the vast expanse of space.

It can be said that Tai Eng's body is currently being flown into a very wide space.

The God Slayer Lightning Shot had left a sizable hole, and even of the Immortal Sky Empire's palace had to be destroyed by the impact of the God Slayer Lightning Shot.

"Boom" an enormous explosion occurred, this explosion was so large that it could easily be seen by everyone in the Immortal Sky Empire.

"What is that, what kind of big explosion is happening in outer space?"

Everyone was shocked by the super big explosion that happened, they all looked very surprised by the big explosion that happened.

Everyone looked up at the sky, they saw the strange events that had occurred again in the Immortal Sky Empire.

Recently, many strange things have happened to the Immortal Sky Empire, everyone is afraid that something bad will happen to the Immortal Sky Empire.

"Wow, it's so big, I didn't expect it to be that big." Ye Chen didn't expect the attack to cause such a huge explosion.

"Husband, how is your current condition" Li Jingyi came over, he checked Ye Chen's condition.

"I'm fine, you alone, are you okay fighting the monster?" Ye Chen asked Li Jingyi back, he wanted to know Li Jingyi's current condition.

"I managed to defeat that ugly monster" Li Jingyi told Ye Chen that he had defeated Tai Eng's disgusting worm.

"Very good." Ye Chen nodded lightly when he heard this.

"Everything is done" Li Jingyi looked very relieved when he saw that everything was over, now there was nothing to burden Li Jingyi heart.

"You are absolutely right" Ye Chen agreed with what Li Jingyi said, everything is over, they managed to finish everything.

"Are you guys done, if you guys are done with what's here, let's go right now" Mu Xueying and Yan Fei came to Ye Chen, they both invited Ye Chen and Li Jingyi to leave this place.

"Let's go back home" Ye Chen took Li Jingyi back to our house, it was time for the four of them to return to their comfortable home.

" come on . . ." Li Jingyi nodded, he along with Ye Chen, Mu Xueying and Yan Fei left Immortal Sky Empire, the four returned to White Cloud City.

After Ye Chen left, people started to dare to come out, they dared to come out after all the chaos died down.

The capital was truly in complete chaos due to the fighting, they were lucky because they were still alive after this chaos.

All the noble people cleaned up and reorganized the houses and buildings they owned, all of them trying their best to rebuild the royal capital which was damaged by the Code Breaker and Tai Eng organizations.

Li Kun himself has regained his true power, he punished the crown prince and Duke who were involved in this matter, there were even some royal ministers who had to be executed for committing unforgivable crimes.

The Immortal Sky Empire experienced a tremendous upheaval, it made everyone feel uncomfortable while living in the Immortal Sky Empire.

But everything was resolved, so there shouldn't be anything to worry about in this matter.

With the capture of the higher-ups of the Code Breaker organization, it should be enough to destroy the organization.

Li Kun had to thank the mysterious people who had helped them in solving this problem, without the help of these people Li Kun might not have been able to reclaim the Immortal Sky Empire.

Meanwhile elsewhere.

"Report what happened?" in one place there is a woman who is enjoying her time, under this woman there is a man who is kneeling while being carried by this woman.

"Young lady, it seems the situation is under control, all matters have been resolved by mysterious people who look very great, identity is still hard to see, but they are quite strong and consist of four people.

"Hmm, so that's how it is, is it possible that they were people from the top-ranking stars who interfered in this matter?" Chang Er asked the maid beside her.

"That's impossible, not many people want to interfere with this matter, it seems they are travelers" replied the maid to Chang Er.

"Hmm, I see." Chang Er nodded, it was a reasonable excuse.

"What about what I told you, have you finished what I told you to do?" Chang Er asked her servant.

"Of course I got what you wanted, this is the information from the man you wanted" the maid gave Chang Er the information about Ye Chen.

Chang Er saw Ye Chen's information, she smiled to herself when she saw the information that Ye Chen had.

It seemed that the man who dared to reject him was not just a man, this man had decent abilities.

"It's just getting more and more interesting" Chang Er looked outside, she felt that the situation was only getting more and more interesting, this place was really very enjoyable, she had never seen a place so much more enjoyable than the Sky Cloud Peak Star Realm.

"You send people to keep an eye on him, if the situation allows bring him here by force" Chang Er ordered her subordinates.

Chang Er's orders were very clear, she ordered to keep an eye on Ye Chen and bring him to this place if needed.

"Ready" the waiter nodded, he immediately left to carry out his duties.

"fufufu, I will be here for a while" Chang Er will be here for a while, she was not satisfied before conquering the man who had rejected her.

"Come on servant lick my feet" Chang Er told the people under her to lick her feet, this man is very obedient, he is like Chang Er's personal toy.

JOURNEY TO BECOME A TRUE GOD

Chapter 1510 - In The Morning Mu Xueying Is So Cute

After the big incident that happened, Ye Chen was finally able to enjoy a bit of his time, he was relaxing and enjoying his wonderful time with his wife.

In this house were Yan Fei, Li Jingyi, Huang Ying and also Mu Xueying, the four of them stayed and accompanied Ye Chen.

Among the four, it could be said that Mu Xueying was the busiest, she was the busiest because she had to take care of a few matters in the Sect, so she only visited Ye Chen when her work was done.

"Life is very comfortable." Ye Chen lay lazily on Li Jingyi's lap, he tried to pamper himself as best he could.

Li Jingyi couldn't help but smile at what Ye Chen did, Ye Chen was very spoiled when he was relaxed like this.

Li Jingyi stroked Ye Chen's head, she paid more attention to Ye Chen.

"Yes, that's great." Ye Chen really enjoyed his time, he was very happy with the time he had with Li Jingyi, it was very comfortable when he was with Li Jingyi when it was time to relax.

"Jingyi, don't spoil him too much" Mu Xueying came over, she told Li Jingyi not to spoil Ye Chen too much.

"What's wrong, he's worked really hard, so there's no problem with this?" Li Jingyi replied to Mu Xueying.

"That's right." Ye Chen gave Li Jingyi a thumbs up, the answer Li Jingyi gave was very good.

Mu Xueying could only shake her head as she listened to this, she couldn't say much when she received such an answer from Li Jingyi.

"Dear Xueying, are you jealous ?, if you are jealous, you can take turns with her" Ye Chen said to Mu Xueying.

"Who's jealous, I'm not jealous of such trivial matters at all." Mu Xueying sniffed coldly, she wasn't jealous of what Ye Chen and Li Jingyi were doing.

Even though Mu Xueying said that, she still peeked at Ye Chen and Li Jingyi, it seemed that she wanted to try to do that to Ye Chen.

Ye Chen and Li Jingyi seemed to be enjoying their time, they both seemed to be having fun there, it was like they were in their own world.

"Ye Chen, aren't you practicing?" Mu Xueying changed the topic, she asked if Ye Chen wasn't practicing.

"No, I'm in need of rest, the last battle exhausted my body, it seems that there is a side effect of using too much strength" Ye Chen said to Mu Xueying.

Ye Chen told his reason, he told his reason to Mu Xueying that he was tired.

"It's just an excuse you make, I know that you just want to be lazy" Mu Xueying didn't easily believe what Ye Chen said, she guessed that Ye Chen was in lazy mode.

"That's what I want to do" Ye Chen said to Mu Xueying, Ye Chen didn't deny what Mu Xueying said, he just wanted to be lazy for a while.

"Sister Xueying, let him rest for a while, she must be tired" Li Jingyi helped Ye Chen, she tried to explain everything to Mu Xueying.

"Jingyi, if he continues like this, it will become a problem" Mu Xueying replied to Li Jingyi.

Mu Xueying didn't want Li Jingyi to spoil Ye Chen like this, otherwise Ye Chen would always be spoiled.

"Jingyi I told you that Xueying is jealous, why don't you just switch places" Ye Chen said to Li Jingyi, most likely Mu Xueying was jealous.

"I already told you that I don't envy such things, I still have a lot of work to do" Mu Xueying replied to Ye Chen.

Mu Xueying denied that she was jealous of Li Jingyi, she didn't want to admit what happened.

"ohhh, you are really busy, hurry up and finish your work." Ye Chen told Mu Xueying to go and take care of his work.

"-_- " Mu Xueying showed a dark face when she listened to what Ye Chen said, to be honest what Ye Chen said made her a little annoyed.

"Jingyi, get out of the way, I will take your place" Mu Xueying came to Li Jingyi, she asked Li Jingyi to get out of the way.

"Fufufufu" Li Jingyi smiled, she welcome Mu Xueying to take his place.

Now that Mu Xueying sat down and took Li Jingyi's place, she gave Ye Chen a lap.

Ye Chen didn't expect that Mu Xueying would be provoked by what he said earlier, Ye Chen could lure Mu Xueying so easily.

"Not bad" Ye Chen said that what happened wasn't bad, he felt that what happened was very beautiful
