

A True God 1601

Chapter 1601 A big tree in the middle of the forest

Ning Xia stepped forward, she was now face to face with the monster in front of her.

"Roar. . ." The monsters started screaming, they let out a scream that made other monsters come, there were so many monsters coming, these monsters had strange shapes and couldn't be described in words.

All the monsters came forward, they all directly aimed their claws and attacks towards Ning Xia.

Ning Xia didn't show any resistance, she just stayed still and didn't make a move.

"Why she isn't moving?" Ye Chen asked Mu Xueying, he asked why Ning Xia didn't do anything in her current situation.

"Just see what it will do" Mu Xueying told Ye Chen to see what would happen next.

Ye Chen looked straight at Ning Xia, he wanted to see what Ning Xia would do next.

The monsters were getting closer and closer, in just a few seconds, they would attack Ning Xia with all their claws and sharp fangs.

Just as the monster attack was about to hit Ning Xia, all the monsters suddenly stopped, they all stopped in place and didn't attack Ning Xia.

"uh what happened" Ye Chen tried to find out what happened, he tried to find out why this monster could stop in place.

Just as Ye Chen was trying to figure out what was going on, Ye Chen found a thin thread that tied almost all the monsters together.

"Is that Ice thread?" When he looked in more detail, Ye Chen discovered that Ning Xia used the Ice thread to bind all the monsters together.

Almost all the monsters that Ning Xia had tied up using her Ice thread.

Honestly Ye Chen didn't see when Ning Xia used this Ice thread, he realized when the Ice thread had completely bound all the monsters.

All the monsters that were trying to catch Ning Xia couldn't move, they all couldn't move and were frozen in place without being able to do anything.

"You guys go, don't cause any more trouble for us" Ning Xia warned all the monsters, she used her cultivation aura to frighten all the monsters.

All the monsters started breaking out in cold sweat, they all felt a terrible pressure from Ning Xia.

Because Ning Xia's pressure was so strong and so immense, it made all the monsters try to break free, they tried their best to retreat and escape from this place.

Ning Xia let go of the monsters that tried to run away, she allowed the monsters to leave this place, while there were still some monsters that tried to fight back, they still tried to attack Ning Xia because Ning Xia was considered an easy prey to eat.

The remaining monsters were large-bodied monsters with extremely strong physical strength, so it wasn't strange that these monsters still dared to challenge Ning Xia.

Especially the monsters that Ye Chen, Mu Xueying and Ning Xia first encountered, these monsters were the toughest against Ning Xia.

"So you all refuse to give up" Seeing that there were still monsters who refused to give up, Ning Xia decided to make them unable to put up any more resistance.

Ning Xia moved her hand slightly, when Ning Xia did that, the legs, arms and wings of the monster in front were instantly cut off by the Ice thread.

All the monsters immediately fell to the ground and couldn't do anything else, they now had no ability to attack Ning Xia.

"Let's go" After all the monsters were taken out, Ning Xia took Ye Chen and Mu Xueying away.

"Wow, Lord Peak is really great" Ye Chen clapped his hands, he acknowledged that Ning Xia had pretty good abilities.

"Master is strong." Mu Xueying said that Ning Xia was strong, if Ning Xia wanted to, she could kill all the monsters in front of her.

"She is still kind and willing to let them go." Ye Chen felt that Ning Xia was still kind and willing to let go of the monsters that had tried to attack her.

Mu Xueying agreed, Ning Xia was still kind and released the monsters that tried to attack her.

"Let's catch up with her" Mu Xueying invited Ye Chen to catch up with Ning Xia who had already advanced first.

Ye Chen and Mu Xueying left, both of them caught up with Ning Xia who had already left to find their way upstairs.

Ye Chen, Mu Xueying and Ning Xia tried to find their way up, they had a little trouble finding their way to the top floor.

"Yuechan can you help" Ye Chen asked Chu Yuechan, in a situation like this asking Fairy Chu Yuechan for help was the best thing Ye Chen could do.

"I thought you wouldn't ask me for help" Chu Yuechan thought that Ye Chen I wasn't going to ask her for help, it turned out that Ye Chen still needed Chu Yuechan's help.

"Are you trying to refuse to help me?" Ye Chen said to Chu Yuechan

"Why should I refuse, there's no point in rejecting my master's request" Chu Yuechan would not refuse Ye Chen's request.

"So where is it?" Ye Chen asked where to go upstairs, he wanted to know the place right now.

"It's in the middle of this place" Chu Yuechan said to Ye Chen, Chu Yuechan could immediately tell the whereabouts of the road leading to the top floor.

Ye Chen directly using God Eyes, he saw the center of this place, Ye Chen saw a large tree in the middle of this place, Ye Chen did not find a way up, maybe he should ask Chu Yuechan more clearly.

had already told Ye Chen that the way up was the tree itself, it could be said that the tree could take Ye Chen to the top.

" okay, I understand" Ye Chen immediately understood, he immediately understood what he should do in this situation.

"Why did you suddenly stop" Seeing Ye Chen who suddenly stopped, Ning Xia and Mu Xueying asked what Ye Chen was doing.

"All of you come with me" Ye Chen told Ning Xia and Mu Xueying to come with him.

" where to?" Mu Xueying asked Ye Chen, she wanted to know where Ye Chen would take them.

"Just come with me" Ye Chen told Ning Xia and Mu Xueying to come with him.

Ning Xia and Mu Xueying decided to follow Ye Chen, the three finally headed towards the center.

Ye Chen, Ning Xia and Mu Xueying finally arrived at the center of the largest tree in this place.

"Why did you bring us here?" After arriving in front of the tree, Ning Xia finally asked, she asked why Ye Chen brought them to this place.

" This is our way to the top" Ye Chen said to Ning Xia and Mu Xueying.

"How?" Ning Xia asked Ye Chen, she wanted to know what Yang Ye Chen was referring to.

"Then let's find out" Ye Chen will find out, he still doesn't know how to activate this tree.

"Then let's look around. this place" Ning Xia decided to follow Ye Chen's words, she quite believed what Ye Chen said.

What Ye Chen did was usually beyond Ning Xia's understanding, on the other hand what Ye Chen did was always successful and quite surprising.

Chapter 1602 You are enough, we don't need to help you

"_-" Mu Xueying didn't expect that Ye Chen didn't know about activating the way to the top, then they would have to find out for themselves.

"It's okay, we can search slowly" Ning Xia said that they could start looking for her slowly, Ning Xia wasn't in a hurry so they didn't have to rush into taking action.

Ning Xia thought that what Ye Chen had done was very good, Ye Chen had done the best he could.

Ning Xia couldn't continue to depend on Ye Chen, she had to help in solving the mystery that existed in this place.

Ye Chen, Mu Xueying and Ning Xia split up, they found out about the huge tree that stood right in the middle of the forest.

Mu Xueying and Ning Xia tried to find their way between the tree gaps, it was likely that the path they were looking for was in the tree gaps.

On the other side, Ye Chen tried to touch the tree, he poured Profound Energy into the tree.

As Ye Chen did that, Ye Chen saw that his profound energy was being absorbed by the tree, he discovered something absurd.

"This tree absorbs my profound energy." Ye Chen did not expect that this tree would absorb his profound energy.

"This tree does absorb your profound energy, it will use it to pave the way to the top floor." Chu Ning'er said to Ye Chen, she told Ye Chen that this tree needed profound energy to pave the way to the top floor.

"I see." Ye Chen now understood what he had to do to deal with the current situation, it seemed that Ye Chen had to do as Chu Ning'er said.

"You guys, I've found a way to activate the way up." Ye Chen told Mu Xueying and Ning Xia that he had found a method that would allow them to ascend to the top.

"How?" Mu Xueying immediately asked what they should do to get to the top.

Ye Chen told Mu Xueying and Ning Xia, he told them that they needed profound energy to activate this tree.

This tree apparently requires deep energy to be able to open the door leading to the top floor.

"So it's like that" Mu Xueying nodded, she now knew what they had to do now.

"Then I'll do it right away" Mu Xueying decided to go ahead, she would try to activate this tree with the profound energy she had.

Mu Xueying started circulating her profound energy and fed it to the trees in large quantities.

Mu Xueying did this for a few minutes, unfortunately nothing happened while Mu Xueying did this.

"Nothing happened" Mu Xueying honestly couldn't do it alone, her profound energy was unable to supply this tree.

"Let me try it too" Ning Xia said that she was going to give it a try, she started to use her profound energy.

Ning Xia and Mu Xueying started to cooperate, both of them started to work together to give their own profound energy to the tree.

As Ning Xia and Mu Xueying did, some green particles started to appear around Ning Xia and Mu Xueying.

"Useless, our profound energy alone is not enough" Ning Xia said to Mu Xueying, their profound energy alone was unable to activate this tree.

"Lord Peak, Senior Sister Xueying, there are a lot of people starting to approach this place." Ye Chen informed that there was a very fast movement towards this place.

Ning Xia and Mu Xueying immediately turned around, they saw what was going on, what Ye Chen said was the truth, they saw that a lot of people were approaching this place.

"They're faster than I thought" Ning Xia didn't expect that these people would be faster than she thought.

Everyone's speed was amazing, they could reach this place in a very short time.

Everyone who came to this place were strong people with the cultivation and background of high and middle rank stars, so it wasn't strange that they could reach Ye Chen's place in just a very short time.

Several people came, especially Hai Ming as well as Shin Ba, both of whom looked at Ye Chen, Mu Xueying and Ning Xia.

"So someone got here first." Hai Ming didn't expect anyone to get ahead of him.

"What are they doing in this place?" the 125th elder asked what Ye Chen, Mu Xueying and Ning Xia were doing in a place like this.

"Looks like they are trying to climb up, from what I can see, they are using their profound energy to activate this tree" The 52nd elder had very good eyes, he could immediately tell what Ye Chen was trying to do, Mu Xueying and Ning Xia.

"What a coincidence, let's let them pave the way for us" Ye Chen said to Ning Xia and Mu Xueying.

Instead of Ye Chen bothering to pave the way himself, it was better for Ye Chen to use Hai Ming and the others to pave the way for himself.

That way Ye Chen wouldn't have to waste too much of his profound energy on something like this.

"Let's get out of the way" Ning Xia and Mu Xueying immediately agreed with what Ye Chen said, both of them immediately agreed to let these people solve the problem.

Ye Chen, Mu Xueying and Ning Xia got out of the way, they let these people try to activate the tree.

Hai Ming, and the elders of the Immortal Profound Sea Realm immediately left, all of them immediately trying to use the profound energy they had on the tree in front of them.

As Hai Ming and the elders of the Immortal Profound Sea Realm tried, around them appeared several green colored particles, this was very much the same as what happened to Ning Xia and Mu Xueying before.

"Looks like their profound energy isn't enough." Hai Ming saw that everyone's profound energy wasn't enough to activate this tree.

"Our strength is not enough, we need more people." The 52nd elder immediately looked for people, he looked for some people who could help them.

"All of you help us." The 52nd elder exerted a force, he ordered everyone around to help them.

With the strength of the Immortal Profound Sea Realm, naturally everyone had no choice but to follow the 52nd elder's orders. The 52nd

elder was extremely proud of this, almost everyone in this place obeyed his orders.

Everyone approached and helped, they all lined up neatly and tried to do as the 52nd elder said.

Even the members of the Shin Clan and Shin Ba came along, they knew that if they had to work together to pass this challenge, their strength alone would not be enough to get through this challenge.

Everyone went to help, only Ye Chen, Mu Xueying and Ning Xia didn't come.

Ye Chen forbade them to come along, he didn't allow Mu Xueying and Ning Xia to get involved in this matter.

"Why don't you guys come help?" Seeing Ye Chen group silent, the 52nd elder asked.

among everyone Ye Chen and his members were the most indifferent in matters.

"Why are we helping, you guys should be enough" Ye Chen said to the 52nd elder.

"How dare you say that, if we can activate it you don't need to use it" The 52nd elder was not happy with Ye Chen's words.

"Why don't you try before saying that, are you capable or not?" Ye Chen said to everyone in this place.

Chapter 1603 you are not welcome here

"Just watch out for you" the 52nd elder pointed at Ye Chen, his first time seeing someone like Ye Chen.

Because Ye Chen wore a very secretive appearance, this made it difficult for everyone to see who Ye Chen really was.

Since Ye Chen refused to help, everyone decided to start immediately, they all immediately circulated the profound energy and began to be absorbed by the tree.

The tree began to be enveloped in green colored particles, everyone's combined power was able to make the tree glow and give off a beautiful glow.

"Looks like it worked, let's get stronger" Seeing this work, the 52nd elder finally told everyone to use all the profound energy they had.

"They combined all the strength they had." Mu Xueying saw the spirit that this person had, their power all came together and made the tree glow.

"That's good, but it's still lacking." Ye Chen said that everyone's strength was still not enough.

"Still not enough?" Ning Xia asked Ye Chen. She asked what Ye Chen meant.

"You will understand after seeing what happened" Ye Chen told that Ning Xia and Mu Xueying would know after seeing what was going to happen.

Mu Xueying and Ning Xia looked straight ahead, they both saw what would happen next.

The situation was still the same, everyone was using all the profound energy they had, strangely until now they hadn't seen any change.

"Better, your strength is not enough, don't hold back, otherwise our efforts will be in vain." The 52nd elder told everyone to use their full strength, if they continued to hold back, they would be trapped in this place.

Everyone had already thoroughly used all the profound energy they had, they had all used all the profound energy they had to make the tree open the door to the top.

Unfortunately their efforts were fruitless, the tree was still the same as before, nothing happened.

Even though everyone had used up a great deal of profound energy, it was a pity that they were still unable to pave their way to the top.

"This is so troublesome." Hai Ming felt that this was so inconvenient, they were really trapped in this place.

"This tree needs more profound energy, we need more people." The 99th elder said that they needed even more people.

"Our numbers are still too few, it's better to wait for others to come while we recover our profound energy" 52nd elder decided to wait, they would wait while recovering the profound energy they had.

Everyone else did the same, they all tried to recover the strength they had.

"I told you, they won't succeed" Ye Chen said that they wouldn't.

"If they don't succeed, then how do we go up?" Mu Xueying asked their way up, the combined strength of everyone alone was unable to open the door to the top.

"That's very easy." Ye Chen said that it was very easy to do, he could certainly open the door.

Ning Xia and Mu Xueying were quite curious as to what kind of method Ye Chen would use.

"If you can afford it, why didn't you do it earlier?" Ning Xia asked Ye Chen, why didn't Ye Chen do it from the start.

"Of course I have reasons for that." Ye Chen said that he had reasons for doing so.

"They cheated quite a bit too I hope they ran out of profound energy earlier." Ye Chen saw that Hai Ming and the people beside him were playing cheating.

It was obvious that Hai Ming and the elders from the Immortal Profound Sea Realm didn't use too much profound energy at their disposal, they were using these people as tools for them.

Ye Chen could tell that Hai Ming was quite cunning, he purposely kept his power and used it when the gate opened.

"Lord Peak Ning, Senior Sister Xia, I have something to tell you, please listen to me." Ye Chen said to Mu Xueying and Ning Xia, he told his plan.

"Are you sure?" Ning Xia asked Ye Chen again, Ye Chen's plan to be honest would definitely anger Hai Ming and everyone in this place.

"I've calculated the risk, at least we can keep them in this place while we go upstairs" Ye Chen said to Ning Xia and Mu Xueying.

"okay, we will do as you say" Ning Xia agreed, as long as Ye Chen's plan is a good thing, then Ning Xia will agree.

"I agree too" Mu Xueying gave the same answer as Ning Xia, she totally agreed with what Ye Chen said.

"Good" Ye Chen was happy, Ning Xia was finally willing to cooperate with him, now Ye Chen has complete confidence.

Ye Chen stepped forward, he went towards the tree that was currently being surrounded by people.

Seeing Ye Chen approaching, several people began to block Ye Chen, the person who ordered to block Ye Chen was the 52nd elder, he ordered several people to block Ye Chen.

"Get out of the way" Ye Chen told everyone to get out of his way.

"Why do we have to step aside, why don't you just go, this area is not worthy of you" People who stopped Ye Chen said that Ye Chen did not deserve to be in this place.

"Do you have the right to say such things?" Ye Chen said that these people did not have the right to say such things to him.

people were getting angry, they were all getting angry and dissatisfied with what Ye Chen said.

"You dare to make trouble with us" the person in front started towards Ye Chen, he gave a challenge to Ye Chen.

"I have no interest in fighting you guys" Ye Chen said that he had no interest in fighting Ye Chen.

"hahaha, so you're scared" Seeing Ye Chen unwilling to fight back, everyone thought Ye Chen was scared.

"Don't talk too much and just get out of the way" Ye Chen said to the people in front of him.

Ye Chen didn't really care about the words of the people around him, to be honest Ye Chen ignored the words of the people around him.

Ye Chen had a better goal, why pay attention to people he didn't know.

"You better go, you're not welcome in this place." The 52nd elder finally started to speak, he couldn't let Ye Chen behave as he pleased.

"You don't own this place, so you don't have the right to say that." The 52nd Elder wasn't the one who owned this place, so he didn't have the right to restrain Ye Chen.

"Are you saying, don't you know that I am an elder of the Immortal Profound Sea Realm, I can make you regret what you said" The 52nd elder said that Ye Chen would regret what he just said.

"Do I care if you are from the Immortal Profound Sea Realm, I don't care at all if you are from the Immortal Profound Sea Realm." Ye Chen said in an indifferent tone, he was not afraid of threats from the 52nd elder.

The 52nd elder started in estimating who Ye Chen was, Ye Chen was honestly very mysterious, how could anyone be so brave when facing the Immortal Profound Sea Realm.

"This fellow's cultivation is low, is he hiding his strength?" Ye Chen's cultivation was very low, so the 52nd elder was a little doubtful about the strength that Ye Chen possessed.

Ye Chen passed everyone, he immediately stood in front of the tree.

Chapter 1604 You guys don't deserve to enter this place

"This is my first time seeing someone who dares to challenge the Immortal Profound Sea Realm directly." Hai Ming was the first time he saw someone who dared to challenge the Immortal Profound Sea Realm directly.

Ye Chen was indeed very brave, he challenged the Immortal Profound Sea Realm head-on regardless of what kind of risk he had to take.

"Forget it, don't embarrass yourself, you won't be able to do it" Seeing Ye Chen try to activate the tree himself, the 52nd elder immediately sneered at Ye Chen.

"That's right, don't embarrass yourself, you alone can't do it, even us together can't afford it." The 99th and 125th elders helped, they tried to help humiliate Ye Chen.

Some people started to sneer at Ye Chen, they thought Ye Chen was an idiot and a fool.

Ye Chen ignored the words of everyone around him, Ye Chen closed his eyes and started to use his profound energy.

Ye Chen opened his water vein, just as Ye Chen did that, suddenly a huge and unstoppable profound energy appeared and started to flow out of Ye Chen's body.

This enormous profound energy was instantly absorbed by the tree, the tree immediately gave off a green light that was extremely dazzling, this green light was so dazzling that it made the place enveloped in green light.

"Chen has very great profound energy." Ning Xia admitted that Ye Chen had extremely extraordinary profound energy.

"It's quite shocking, how does he have this much" Mu Xueying still looked very confused, how Ye Chen had so many extraordinary profound energies.

"Impossible" Everyone couldn't believe what was happening, this tree immediately showed this kind of reaction when Ye Chen used the power he had.

Everyone who insulted Ye Chen couldn't imagine Ye Chen being able to activate the tree to what it is now.

"ZZZZZ" The tree immediately shot a very dazzling light upwards, this shot was extremely powerful, this shot made a very strong blow.

Everyone who was around the tree was immediately thrown away, they were all thrown away and as far as possible.

The 52nd elder and the others were blown away, they didn't have the ability to resist the power of the tree.

After the light finished shooting, a portal appeared, this hole appeared in the top of the tree.

"That's the way to the top" Seeing the emergence of the portal, everyone immediately went to the direction of the portal.

Everyone was intent on being the first to enter the portal, they wanted to quickly rise to the top and get the rewards at the very top.

Even Hai Ming and the elders from the Immortal Profound Sea Realm immediately flew into the sky to quickly ascend to the top.

"These shameless people" Ye Chen saw that these people were trying to get ahead of him, even though they had previously said that Ye Chen was not worthy.

Ye Chen had no intention of stopping these people, after all it was his job, it was someone else's job to stop them.

Just as they were about to enter the portal, their bodies stopped in place and were held back by something.

"What is this, a net, isn't this an Ice thread?" Everyone finally realized that their current body was entangled by an extremely strong Ice thread and stopped their movement.

Besides that some people were sealed in the Ice, they couldn't get out of the Ice and were trapped in this place.

"We won't be able to let you guys pass just like that" Ning Xia and Mu Xueying stopped everyone who was trying to enter the portal.

"What right do you have to stop us?" Hai Ming and the others asked Ning Xia and Mu Xueying to stop them from entering the portal.

"You guys don't have the right to enter, from the start you said you wouldn't let us in, now it's our turn to say that" Ye Chen appeared, he appeared and answered Hai Ming's question.

"do you want to fight all of us" the 99th Elder said to Ye Chen.

What Ye Chen did naturally invited an unpleasant reaction from everyone present in this place.

You've been looking into trouble with me from the start, so there's no point in saying that, to be honest, I do want to fight you guys.

From Ye Chen's body started to emit enormous lightning, Ye Chen used this lightning to attack everyone in this place.

"Boom" A very powerful explosion occurred, this explosion instantly hit almost everyone in this place.

"Let's go" after landing a strong enough attack, Ye Chen invited Ning Xia and Mu Xueying to leave.

Ye Chen, Mu Xueying and Ning Xia entered the portal, some time after Ye Chen, Ning Xia and Mu Xueying entered, the portal began to narrow and disappear.

"Dammit" the 99th elder cursed quite loudly, they were actually stopped by Ye Chen's group.

"That bastard, he has quite a bit of strength too." The 52nd elder admitted that Ye Chen had the ability, no wonder he was so brave when facing threats from the Immortal Profound Sea Realm.

"Just see if we meet again, I will definitely kill him" The 125th elder wanted to kill Ye Chen, honestly he was itching enough to kill Ye Chen with his hands.

"Forget it, it's better to focus on how to get to the top, if it continues like this we'll be left behind" The 52nd elder decided to forget about the matter with Ye Chen, they had better focus on their goal of rising to the top.

"The 52nd elder is right, we have to find a way to be able to open the upward portal." Their focus was to open the upward portal and order Ye Chen.

"Gather everyone there" Hai Ming ordered to gather everyone, they had to work together to do it.

People started to arrive, they all started to arrive and help open the portal to the top.

A few people started coming, but most of the people had already been killed by the monsters in this place.

.

.

"Your idea was really crazy, now everyone must be against us" Mu Xueying said to Ye Chen, to be honest Ye Chen's idea was very, very crazy, Ye Chen had provoked Hai Ming and all the powerful people present, they would definitely be everyone's enemy.

"From the start our goals were the same, so we can't help but clash to get what we want." Ye Chen easily answered Mu Xueying's words, they have the same goal, struggles and battles can't be avoided.

"Chen, you seem to dislike Hai Ming, do you have a problem with him?" Ning Xia finally discovered that Ye Chen didn't like Hai Ming and the Immortal Profound Sea Realm.

"Yes, in the past I have had problems with them" Ye Chen told that he had had problems with Hai Ming.

"What kind of problem is that?" Ning Xia was a little curious about this matter, she wanted to know what kind of problem Ye Chen and Hai Ming had.

Ye Chen told Ning Xia about the origin of his dislike for Hai Ming, from Hai Ming attacking him to almost getting himself killed.

"No wonder you hate him so much" Ning Xia understood more and more, she understood more and more why Ye Chen hated Hai Ming so much.

"I really want to fight him, unfortunately he has pretty strong guards around him" Ye Chen honestly wanted to fight Hai Ming and defeat him.

Chapter 1605 Statue of the eagle god, Hios

"Those three elders will definitely try to protect him, if his safety is threatened, surely the entire family of those elders can be wiped out in no time" Ning Xia said that those elders would definitely take care of Hai Ming's safety, no matter what Hai Ming's safety was more valuable than the life they have.

If Hai Ming were to go through anything bad, then they and their entire family would probably be buried because the evil of not being able to protect Hai Ming who was a genius comparable to Dongfang Xiu and Sun Xuanyin.

"Those three elders have abilities, they can parry attacks with ease" Ye Chen had previously measured the strength of the three elders who were by Hai Ming's side.

As a result, the strength of the three elders around Hai Ming was quite strong, all three of them possessing a fairly high foundation and cultivation.

So it was quite difficult against Hai Ming when he was together with the three elders of the Immortal Profound Sea Realm.

"Let's continue our journey, they definitely won't be able to go up for some time." Ye Chen invited Ning Xia and Mu Xueying to continue their journey.

Ning Xia and Mu Xueying agreed, they started to continue their journey and went upstairs.

The next floor became a floor with countless holes, it seemed that Ye Chen had to be able to find the right hole in order to go upstairs.

With the help of God Eyes, Ye Chen easily discovered the existence of the hole that led them to the top.

Ye Chen was excellent at guiding the way, Ning Xia and Mu Xueying had no trouble when they followed Ye Chen's footsteps, the path that Ye Chen took was very smooth as if there were no obstacles.

Ye Chen, Mu Xueying and Ning Xia had successfully passed the next challenge, now they had arrived at a temple that had many floors and an extremely amazing area.

"Has it reached the very top?" Ye Chen started to wonder if they had reached the very top.

"Let's take a look at this temple first" Ning Xia took Ye Chen to see the temple in front, they better go in and check what's inside this temple.

This temple is very dusty, it's obvious that this place has been neglected for a very long time.

"Look at this temple, there is an eagle symbol in this temple" Mu Xueying pointed to a statue of an eagle in the center of the temple.

"It's covered in very dense dust, let's clean it up." Ye Chen decided to clean the dust, he started to use a very strong profound wind to blow away all the dust that covered the temple.

Mu Xueying & Ning Xia trying to cover her dress, both of them were not prepared for what Ye Chen did, what Ye Chen did was very sudden, Ye Chen used a very strong wind force which blew away all the dust that enveloped the place.

"what just happened ?" Ning Xia was quite surprised, she was quite shocked when she saw Ye Chen use such a powerful wind power like this.

With the help of Ye Chen's wind power, this place was instantly clean, all the dust was removed by Ye Chen.

"Very good" Ye Chen was satisfied, he had removed all the dust in this place, now this place looks very clean.

"Chen, how can you use the power of wind profound, and previously you also used lightning profound" Ning Xia asked Ye Chen, she asked why Ye Chen could have so much power.

Honestly, what Ye Chen did was so unreasonable, Ning Xia couldn't think of why Ye Chen could use so many elements.

"Oh that, actually I mastered the four powers" Ye Chen told that he did master the four powers.

Ye Chen didn't hide his abilities, he didn't need to hide his abilities in front of Ning Xia.

Ning Xia felt dizzy when she heard what Ye Chen just said, to be honest it was quite difficult to believe Ye Chen's words.

Ning Xia had never heard of someone with four different elements in one body, to be honest the current greatest genius only had three different elements, even that person was already dubbed an incarnation of a god.

The person Ning Xia was referring to was from a high ranking star, the strength of the person Ning Xia had just mentioned was also a genius that the five great powers in the God Realm were aiming for.

"I won't be surprised anymore, you are indeed a little monster" Ning Xia tried not to be surprised anymore by what Ye Chen had.

Ye Chen had so many amazing things, he had all kinds of things that were beyond imagination.

Mu Xueying was really very lucky to be able to find the whereabouts of Ye Chen, she found a treasure that was extremely, very hard to find in these millions of years.

Mu Xueying smiled she knew what Ning Xia was feeling right now, Ning Xia must have been very surprised by what had happened.

Ye Chen was always surprising, what Ye Chen did was often unimaginable to those who had lived longer.

Ye Chen looked at the eagle statue, there was indeed an eagle statue standing very well .

The statue of the eagle is very, very dashing and has very dense wings, the wings are very beautiful and full of amazing power.

"What kind of temple is this" Ye Chen tried to find out more, he looked at this statue in front of him.

After observing for some time, Ye Chen found a clue, Eagle God, Hios, he is the god who controls the most terrifying wind in the history of the God Realm.

"Do you know something?" Mu Xueying asked Ye Chen, she asked if Ye Chen knew anything.

"Yes I know, this is the statue of the Eagle God, Hios" Ye Chen explained to Mu Xueying about the origin of this statue.

"Is this a divine temple" After looking around, it could be said that this was a divine temple, Mu Xueying was very sure of that.

"The possibility is very high." Ye Chen had to admit that the possibility was very high, the possibility of this being the Divine Temple was extremely high.

Ning Xia listened to the side, she didn't expect that Ye Chen would know such an ancient creature.

To be honest Ning Xia had absolutely no idea what kind of creature was in front of her, she had never seen this in history nor in books.

"explain in more detail" Ning Xia told Ye Chen to explain in more detail, she wanted to know what kind of creature Ye Chen was talking about.

Ye Chen nodded, he explained what kind of Eagle God Hios he was talking about.

This is an eagle with a very strong destructive wind power and is very terrifying, a single blow of its wings can fly and sweep away thousands of stars.

Ning Xia nodded, it seems that the Eagle God is very powerful, Ye Chen's description is enough to prove how strong the eagle god is.

"Our goal is to get Legacy Awakening Fruit, let's go and get the Legacy Awakening Fruit." Ning Xia remained focused on her goal, she didn't seem too interested in the Eagle god, Hios.

Since Ning Xia was not interested in this matter, Ye Chen and Mu Xueying could only follow Ning Xia away and leave the statue, they walked through the temple to look for the whereabouts of the Legacy Awakening Fruit.

A few moments after Ye Chen came out, the eyes of the statue of the Eagle God, Hios began to emit a hint of green light.

Chapter 1606 Against Hai Ming and the elders (1)

Ye Chen and Ning Xia went deeper, the deeper this place looked the bigger and better.

"Be careful there are lots of traps around this place" Ye Chen told Ning Xia and Mu Xueying to be even more careful, in this place there are a lot of traps that have been set up.

Just as Ye Chen had just said this, suddenly several spears headed towards Ye Chen, these spears shot towards Ye Chen with tremendous speed and power.

Ye Chen didn't want to look for trouble, he decided to avoid this attack.

Judging from this spear, it was definitely not a random spear, so Ye Chen didn't want to take too much of a risk.

"Boom. . . ." A sizeable explosion occurred the moment the Spear hit the wall, the wall instantly shattered into pieces when it received the attack of the large spear.

"This trap is so terrible, what will happen if it hits me?" Ye Chen couldn't imagine what would happen when the spear just now hit him.

"Are you okay?" Mu Xueying asked about Ye Chen's condition, she asked if Ye Chen was fine or not.

"I'm fine, the traps here turned out to be quite terrible, we better be more careful" Ye Chen warned Mu Xueying and Ning Xia to be even more careful.

Ning Xia and Mu Xueying agreed with what Ye Chen said, the traps in this place were indeed more terrifying, so they had to be careful.

The three of them continued their journey, they were very careful with their steps, Ye Chen could not continue to use God Eyes, there was a certain limit to using God Eyes because it would put Ye Chen in serious trouble.

Ye Chen was still exhausted from opening his veins, so he couldn't use God Eyes continuously.

"This place is still very clean, it seems we are the first to arrive here." Seeing that this place was so clean, Ye Chen could confirm that they were the first to arrive here.

"Looks like we are indeed the first to arrive here, I don't see any trace of battle in this place." Mu Xueying quite agreed with what Ye Chen said, she didn't see the slightest trace of battle in this place.

"Then why did they set a trap in this place?" Ye Chen was curious as to why there was a trap in this place.

"Probably to protect what is in this place" Ning Xia spoke that there might be something good hidden in this place.

"But we didn't find anything, to be honest I was afraid that this temple was empty." Ye Chen found nothing, almost nothing of value was found by Ye Chen around this temple.

Ye Chen had even asked Chu Yuechan, unfortunately Chu Yuechan also didn't sense the existence of any valuable objects or items around this place.

Chu Yuechan still felt that the most powerful thing was at the top, so Ye Chen and the others still had to go up to get what they were looking for.

After a while of walking, Ye Chen finally arrived at a place full of writings.

From the writing on the wall, it could be seen that this was an ancient language that was difficult to explain, or perhaps it was the language of a god.

Ye Chen had countless languages ??mastered, so now he could read what was inside this engraving.

" a story?" After reading some of it, Ye Chen saw that this was a story, all of this writing was a story about this temple.

Here also written all about Eagle God, Hios, all explained very completely.

Eagle God, Hios lives at the very peak, only a select few can meet him.

To meet and arrive at the place of the Eagle God, Hios, one has to climb thousands of stairs, every step up will be very heavy, many people return because they are unable to climb these stairs.

This is a very tough test, 1 in 100,000,000 people will not be able to pass this test

"did you find anything?" Mu Xueying asked Ye Chen, she asked if Ye Chen found anything.

Ye Chen looked very serious, it could be seen that Ye Chen was closely observing this place.

"I found something interesting, it turns out that there is a way up" Ye Chen said that he found a route to go upstairs.

"How?" Mu Xueying and Ning Xia wanted to know what Ye Chen had found.

Ye Chen explained what he had just discovered, he told them that to go up they had to go through a very tough trial.

" Where is the place ?" Ning Xia didn't seem to care about the trial that was going on, she didn't know what she was going to face next.

The place is right at the statue we just passed, it's the way up." Ye Chen told that the Eagle God statue they just passed was the way up.

"So the statue is the key, then let's go back as soon as possible" Seeing that they had just missed an opportunity, Ning Xia immediately invited Ye Chen and Mu Xueying to return.

Ye Chen, Mu Xueying and Ning Xia returned, they turned around and returned to where they came from.

When they returned, they found that the group from below had caught up, now that several people had arrived at this place.

"There they are" the 125th elder immediately pointed at Ye Chen, it was obvious that he was not happy when he saw Ye Chen's presence.

Almost everyone disliked Ye Chen's group, everyone disliked Ye Chen's group who had blocked their way to the top.

"Looks like we're going to battle, prepare yourselves." Ning Xia gave Ye Chen and Mu Xueying a stern warning.

The battle will be unavoidable, this time they are already at the top of the peak, only a few steps to reach the very top which holds a lot of mysteries for all.

An aura of hostility and killing that was quite strong began to envelop this place, it seemed like a battle was about to occur.

Ye Chen was ready for battle, they wouldn't be able to advance without having a battle.

Hai Ming, the 52nd elder, the 99th elder and the 125th elder were all ready for battle, they gave off an extremely terrifying aura.

As people who belonged to a great power that had controlled this world, the strength of the four of them was truly extraordinary, all four of them possessing the most terrifying power among all the people in this place.

While the Shin Clan and Heavenly Spear Kingdom had yet to decide, they were still unsure whether they would join the battle or not.

"Young master, how about we join the battle right now?" the elders asked Shin Ba, they asked whether there was a need to interfere in this matter.

"We'll wait and see, he seems to be a dangerous person." Shin Ba felt that Ye Chen was a very dangerous person, he felt that he had seen Ye Chen somewhere before.

To be more precise, this person in front of him reminded him of the Mask Hero he had met and became the most sought after person in the God Realm.

"Are you willing to surrender or not?" The 99th Elder said to Ye Chen, Mu Xueying and Ning Xia, he told the three to surrender themselves.

"We didn't do anything wrong, so why are we apologizing to you, are you kidding or you're stupid?" Ye Chen didn't have a problem, from the start they were the ones looking for trouble with him.

Chapter 1607 Against Hai Ming and the elders (2)

"So you still choose to fight us" Seeing Ye Chen still insisting to fight, then they have no choice but to fight with Ye Chen.

"You are worthy of being an opponent, you are very brave in challenging the Immortal Profound Sea Realm." Hai Ming acknowledged Ye Chen's courage.

Not many people dared to challenge the Immortal Profound Sea Realm, those who challenged the Immortal Profound Sea Realm would be in enormous trouble.

"Be careful, I won't hold back, lest you have bad luck" Ye Chen said to Hai Ming.

Ye Chen had been waiting for this moment, he was eager to fight Hai Ming and show his strength.

"It won't be that easy, fight me first." The 125th elder came forward, he intended to fight Ye Chen.

Ye Chen raised his eyebrows, why was this person trying to annoy him, when Ye Chen wanted to meet against Hai Ming.

"Leave him to me" Mu Xueying said that if she was going to overcome the 125th elder, Ye Chen could focus on fighting Hai Ming.

"Thank you very much" Ye Chen thanked Mu Xueying, Mu Xueying's help meant a lot to Ye Chen.

Mu Xueying stepped forward, she started to face the 125th elder, Mu Xueying's body was covered by an extremely cold profound ice, this chill started to spread and made everyone feel cold.

"Damn it was so cold" everyone was starting to feel chilly, they all felt a chill that was so bone-chilling.

"Oh, so you want to fight me, okay I will fight you" the 125th elder went to fight Mu Xueying, he took a two-handed sword to face Mu Xueying.

Around the 125th elder began to appear a very large amount of water and there was an abundance of it, the surroundings were immediately filled with water.

The water spread very quickly, unfortunately it was unable to reach Mu Xueying, when the water drew near to Mu Xueying, the water was instantly turned into an Ice.

"Bang . ." Mu Xueying started the battle, both of them came forward and attacked each other.

Currently Mu Xueying couldn't use Jade Lotus Peak's techniques, her identity would be exposed if she used Jade Lotus Peak's techniques.

Mu Xueying could only use the Ice Phoenix inheritance that had been given to her by Ning Xia to battle against her enemy, it was the only way Mu Xueying could do to hide her identity.

"This ice is very strong" The 125th elder looked troubled, his water power was always sealed by Mu Xueying which made the battle unbalanced.

Ning Xia fought the 52nd elder and the 99th elder, she was facing the two alone, with the current Ning Xia's abilities, Ning Xia should have been able to hold back the two of them for a while.

"Shit, this woman has quite a difficult technique, it's not easy to deal with." The 52nd elder was very careful against Ning Xia, Ning Xia's abilities were indeed very formidable and difficult to deal with.

Ning Xia had quite a deadly Ice thread technique, this Ice thread was quite difficult in battle because it was too thin and could appear anytime and anywhere.

If not careful, then both of them could be injured by Ning Xia's attack, so they were met with extremely high vigilance.

"Now that nothing stands in the way of our battle anymore, let's settle our past grievances" Ye Chen looked very happy, he had been waiting for this for a very long time.

"complaint?, have we met?" Hai Ming didn't know who Ye Chen was, he really didn't remember meeting Ye Chen.

"You may not know, but we have met and fought, this time I will avenge what happened" Ye Chen said that he would avenge what had happened.

"What nonsense are you saying, do you think you can fight me, it is a complete joke, I am a genius of the Immortal Profound Sea Realm, to me you are nothing" Hai Ming said to Ye Chen, to be honest Hai Ming is not thought of Ye Chen as an opponent commensurate with him.

"Hai Ming has gotten stronger since the last meeting, now his strength is at the same level as an elder and he will soon be undergoing an awakening ceremony that will earn him the hereditary inheritance of the Immortal Profound Sea Realm.

When that happened, Hai Ming would succeed the old ruler and become the number 1 person in the Immortal Profound Sea Realm.

"Never underestimate me, it's not good to look down on me as a nobody" Ye Chen said to Hai Ming, Hai Ming underestimated himself too much, Hai Ming was too confident with his strong background.

Ye Chen didn't have a very strong background, he was just an ordinary person, so he couldn't boast about his background.

"You really are nothing, so you are not worthy of this prince." Hai Ming said that Ye Chen was not worthy to fight him.

"Hahaha, let's see if the prince of the Immortal Profound Sea Realm has the ability or is it just bullshit." Ye Chen no longer held back, it was time to provoke Hai Ming.

Hai Ming was the worst person to provoke, Hai Ming was too irritable and lost control of himself when provoked.

"Looks like you are seeking death" Hai Ming stepped forward, he started to use his strength to confront Ye Chen.

"Dual Dragon Water Art" Hai Ming instantly used his own technique, two dragons of enormous size instantly appeared around Hai Ming.

"Kill him" Hai Ming moved his hand, when Hai Ming did this, the dragon head beside him headed straight for Ye Chen, this dragon head wanted to grab Ye Chen.

Ye Chen stretched his hand forward, he opened all his fingers and intended to stop Hai Ming's attack.

"stupid" Hai Ming sneered at Ye Chen, what Ye Chen did was a very stupid thing, Ye Chen tried to stop his attack with his bare hands, of course Hai Ming thought this was ridiculous.

The two dragon heads opened their jaws and tried to attack Ye Chen, their sharp and strong teeth were about to tear and crush Ye Chen's body.

"Disappear" Ye Chen said, when Ye Chen said this, the Dual Dragon Water Art instantly disappeared without any residue.

" what ? ? ?" Hai Ming looked completely shocked and shocked when he saw what had just happened, what had just happened was quite shocking.

technique suddenly disappeared for no apparent reason, even though Hai Ming didn't cancel it.

"Looks like you are just bullshit, you don't have anything good" Ye Chen said to Hai Ming, Hai Ming's words were just bullshit.

Hai Ming came to his senses from the shock, he gripped his hand very tightly, this was the first time anyone dared to underestimate him, to be honest this was enough to make Hai Ming feel irritated and angry.

"I won't let you live any longer." Hai Ming started to bring out the full strength he had.

As Hai Ming used his full strength, the temple began to tremble slightly at the aura emitted by Hai Ming.

"Hai Ming's prince is furious, this is very serious." The people below started to drift away, it was not good to come close when Hai Ming was angry, they might be dragged into the two's battle.

Ye Chen was still standing very casually, he didn't show any fear when he saw Hai Ming's strength rising so fast.

Chapter 1608 Ye Chen and Hai Ming are showing full strength (1)

A very heavy rain began to fall from the top, this rain was so heavy that it flooded the entire surface of the ground.

Even though they were currently inside the mountain, the occurrence of rain was almost impossible, this was all possible because of Hai Ming's act of displaying his abilities.

The temple began to be flooded by water, the water level was getting higher and higher which made everyone have to fly so as not to drown.

Hai Ming opened his arms very wide, the water below started to rise to the surface.

Hai Ming controlled the water, he controlled all the water in this place.

"Dragon Water Burst" Hai Ming made more and more dragon heads, all these dragon heads shot water at Ye Chen.

The jet of high pressure water is very strong, this jet is capable of destroying the hardest objects, even the human body can certainly be destroyed when receiving this high pressure water.

Hai Ming didn't play around when he faced Ye Chen, Hai Ming used a lot of fire to deal with Ye Chen.

whereas Hai Ming should only need one powerful shot to fight his enemy, but since Ye Chen had irritated him, Hai Ming wanted to crush Ye Chen to pieces.

A jet of high pressure water hit Ye Chen, dozens of these jets of high pressure water hit Ye Chen's body.

"That person must die" after receiving such a powerful attack, Ye Chen must have died, there was no way Ye Chen would be able to withstand Hai Ming's powerful attack.

"Chen, Ye Chen" Ning Xia and Mu Xueying were worried about Ye Chen, both were worried for the safety of Ye Chen who was hit by Hai Ming's attack.

Hai Ming's attack was quite strong, from afar Ning Xia and Mu Xueying could feel how powerful Hai Ming's attack was.

It must have been the most powerful attack ever launched by Hai Ming on Ye Chen.

"Hahaha, no time to worry about others, you are in trouble yourself" 125th elder, 99th elder and 52nd elder said to Mu Xueying and Ning Xia, both of them have no time to worry about Ye Chen, at this time the safety of the two is also in big trouble.

Ning Xia and Mu Xueying were indeed in trouble, both were being held back by the elders of the Immortal Profound Sea Realm, so the two of them were currently unable to help Ye Chen.

Ning Xia and Mu Xueying got serious, they started to fight the elders of the Immortal Profound Sea Realm, the two of them couldn't play around anymore, Ye Chen's safety was at stake right.

Ye Chen's body disappeared, there was no trace of Ye Chen in the air, Ye Chen seemed to have completely disappeared from this world.

"Just like that, this battle is so boring" Hai Ming was bored, he was very bored of Ye Chen, to be honest Ye Chen's abilities were just mediocre.

Hai Ming thought too highly of Ye Chen, Ye Chen was not as strong as Hai Ming thought.

"Isn't it too soon to laugh?" Ye Chen appeared above Hai Ming, he said that Hai Ming was too complacent.

Hai Ming immediately looked up, he saw the presence of Ye Chen who was currently above his head.

"Chen. ., Ye Chen . . ." Mu Xueying and Ning Xia were happy when they saw Ye Chen who was still alive, before they were too worried about Ye Chen's condition.

"So you're still alive?" Hai Ming didn't expect that Ye Chen was still alive, to be honest it was quite surprising to see Ye Chen still alive after receiving such a powerful attack from Hai Ming.

"Your attack is too weak, with such a weak attack, do you expect to kill me?" Ye Chen said to Hai Ming.

Hai Ming hated Ye Chen so much, to be honest he really hated Ye Chen, Hai Ming found Ye Chen to be very annoying.

Hai Ming attacked Ye Chen again, he again attacked Ye Chen using his water power.

Numerous water dragons appeared from the bottom and headed towards Ye Chen, it was obvious that all the dragons wanted to kill and eat Ye Chen.

Ye Chen only needed to snap his fingers, with a single snap Ye Chen could freeze all dragons.

"Who exactly is that person, how can he do such a crazy thing" Shin Ba and the people in this place were quite surprised by the battle that Ye Chen had shown, the battle that Ye Chen had shown was extremely intense.

"crack. . ." The ice shattered and became small shards, These tiny shards rained down on Hai Ming's body.

Hai Ming used both of his hands to parry the Ice shards, his attack was canceled out by Ye Chen very easily.

"This guy, he's much stronger than I imagined." Honestly Ye Chen was much stronger than Hai Ming imagined, Ye Chen was able to put up a pretty tough fight against Hai Ming.

Ye Chen hadn't even made a move yet, meanwhile Hai Ming had already carried out all sorts of attacks, to make matters worse, Hai Ming's attacks were unable to hit Ye Chen.

"I can't let this happen, I won't let him act as he pleases" Hai Ming couldn't let Ye Chen, he couldn't let Ye Chen try to do what he wanted.

Hai Ming started to close his eyes, he started gathering strength to face Ye Chen.

"What does he want to do?" Ye Chen started to guess what Hai Ming would do.

Hai Ming apparently began to change shape, his body began to change shape into an incomplete dragon.

On Hai Ming's body, several dragon scales began to appear, it was obvious that Hai Ming had turned his body into a dragon that was not yet fully developed.

The moment Hai Ming did this, his strength immediately increased tremendously.

"You have made me expend this kind of power, just watch out for you" Hai Ming was forced to use his full strength.

He even had to change his form to half dragon to face Ye Chen.

"It turned out to be a small dragon." Ye Chen said that Hai Ming was a small dragon who wasn't very strong.

Hai Ming was naturally provoked when he listened to what Ye Chen had to say to him.

Hai Ming immediately charged towards Ye Chen, he again attacked Ye Chen using the strength he had.

Hai Ming's strength was only getting stronger and stronger, this time's attack was filled with extremely terrifying power.

Ye Chen closed his eyes, he seemed to be preparing to fight Hai Ming using his full strength.

Ye Chen's body began to emit white lightning, this white lightning instantly enveloped Ye Chen's body.

"this?" Everyone looked very shocked when they saw what happened, what happened was quite shocking to everyone present in this place.

Ye Chen used his heavenly lightning to face Hai Ming, Ye Chen started to get serious in facing Hai Ming.

"I thought, this person is not a stranger" Shin Ba's guess became a reality, the man in front of him was the Mask Hero he had met, he didn't expect that Shin Ba would meet Ye Chen again in a place like this.

"he?" The 125th, 99th and 52nd elders looked utterly shocked when they saw Ye Chen emit an extremely powerful heavenly lightning.

"Chen, you. . ." Ning Xia did not expect that Ye Chen was the most wanted person in this God Realm.

"why am I not aware of things like this" Ning Xia didn't notice this before, she should have realized this earlier.

Chapter 1609 Ye Chen and Hai Ming are showing full strength (2)

"The Mask Hero that everyone in this world is looking for" The 125th elder did not expect that Ye Chen was the Mask Hero that all the great powers in the God Realm were looking for.

"This man is very arrogant, it's not strange that finding him would be a very difficult thing to do" The 52nd elder finally understood why finding Ye Chen was so difficult to do, it turned out that this man was more arrogant and disliked the great powers that controlled the world.

"we will get a big reward if we catch him, let's go and catch him" Seeing that Ye Chen was a highly wanted person, everyone intended to catch Ye Chen they all wanted to catch Ye Chen because they could get a lot of benefits when they caught Ye Chen.

"Scram you guys, you are interfering with our battle" Ye Chen chased away everyone who tried to interfere with his battle with Hai Ming, Ye Chen didn't like it when this battle was disturbed by the other side.

"thump" a loud bang sounded, heavenly lightning swept everything around this place. Everyone was instantly crushed by the heavenly lightning.

"damn this is so strong" everyone was flown away they were all flown as far away from this place as possible.

"No one will interfere with this battle" Ye Chen said that no one will interfere with his and Hai Ming's battle.

"Finally you deserve to be an opponent comparable to me" Hai Ming finally, acknowledging Ye Chen's abilities, now Ye Chen is already worthy of being an opponent comparable to himself.

"Let's end this battle" Ye Chen wanted to end this battle immediately, they would end this battle immediately.

Ye Chen and Hai Ming had already used their full strength now they were going to battle it out.

Hai Ming being the first to come forward, he went and attacked Ye Chen with his full strength.

An extremely powerful jet of water shot out towards Ye Chen, there were also several water needles that were deliberately shot out by Hai Ming.

Hai Ming made an extremely powerful water sword, this water sword was made by Hai Ming at full power.

"Feel this" Hai Ming slashed at Ye Chen with full strength, he used his full strength to resist.

Ye Chen's hand let out heavenly lightning, he used heavenly lightning to face Hai Ming.

"boom" A heavenly lightning hit Hai Ming's body, Hai Ming's body was ejected as he received Ye Chen's attack.

"Prince" all the elders shouted, they all shouted when they saw Hai Ming Yang getting hit by Ye Chen's attack.

"I won't let you go." Ning Xia and Mu Xueying would not let their opponent go.

Before the 125th elder 99th elder and 52nd elder didn't let Ning Xia and Mu Xueying go, now Ning Xia and Mu Xueying took revenge for what happened.

"damn" the 52nd elder was the most confused, if anything were to happen to Hai Ming then they would definitely get into quite a bit of trouble.

Ning Xia and Mu Xueying were both strong, it was quite difficult to beat the two.

"Byuur. . ." Hai Ming came out of the water, he came out and showed himself to Ye Chen.

Hai Ming's currently injured body, Ye Chen's attack was apparently capable of injuring Hai Ming.

"He can break through my defenses so easily" Hai Ming didn't expect Ye Chen to be able to break through his defenses.

Whereas in this mode Hai Ming had extremely strong defenses, so it would be extremely difficult to injure Hai Ming.

It was a pity that Hai Ming was currently facing Ye Chen's divine thunderbolt, so naturally Hai Ming ran into trouble when he faced Ye Chen's power.

"prince don't hold back anymore, use the full strength you have, your opponent is not an easy one, he is a genius, he is a very strong opponent" 52nd elder said to Hai Ming, he told Hai Ming to be more serious.

If Hai Ming didn't take Ye Chen seriously, then he would be in very big trouble.

Divine Lightning was extremely terrifying, its power was extremely terrifying and it was not easy for ordinary people to resist.

From afar the 52nd elder and the others could feel the terrifying power of the heavenly lightning, if they were to deal with the heavenly lightning, it would be extremely troublesome.

The 52nd elder would try to finish things quickly, he wanted to end things very quickly.

Hai Ming's safety was more important than anything else, they couldn't let Hai Ming get into an accident or else they would be punished.

The 52nd, 99th and 125th elders started to attack Mu Xueying and Ning Xia, they started to combine their strength to face Mu Xueying and Ning Xia.

The 52nd, 99th and 125th elders started to set up a formation, they set up a powerful formation to fight Mu Xueying and Ning Xia.

"Eight Sea Vortex" an extremely powerful vortex appeared, this powerful vortex instantly surrounded Ning Xia and Mu Xueying.

"We have to be serious too" Ning Xia Mu Xueying to be even more serious, this time they shouldn't mess around when they face the enemy.

The Immortal Profound Sea Realm elder had already gotten serious, so the two of them shouldn't be messing around anymore.

"Use the Ice Phoenix skill you have, take it all out don't hold back anymore" Ning Xia gave the order to use the Ice Phoenix skill they had.

Mu Xueying nodded, she would do as Ning Xia said, since Ning Xia allowed Mu Xueying to use the power she had, then Mu Xueying would not hold back anymore.

"Ice Phoenix Ice Blast" Ning Xia's used the Phoenix technique she possessed, a huge blue Ice appeared and hit the elder of the Immortal Profound Sea Realm, the body of the elder of the Immortal Profound Sea Realm was enveloped in ice.

The eight whirlpools were instantly frozen, the tree that had just appeared had a chill that was so piercing it was able to freeze everything around.

"Ice Phoenix Tree" Mu Xueying's started to make a beautiful-looking Phoenix tree cover the body of the elder of the Immortal Profound Sea Realm, the elder of the Immortal Profound Sea Realm couldn't do anything else.

The battle should have been over, Mu Xueying and Ning Xia had succeeded in defeating all the elders from Immortal Profound Sea Realm.

Now only Ye Chen was left, whether Ye Chen was able to defeat Hai Ming or not.

Hai Ming took out a weapon, he took out a trident to confront Ye Chen.

"An Artifact?" from what Hai Ming had just taken, Ye Chen could deduce what Hai Ming had just taken.

"Master, it's a Celestial Tier." Chu Yuechan told Ye Chan that Hai Ming had just picked up a Celestial Tier weapon.

"Celestial Tier?" Ye Chen raised his eyebrows, to be honest what Chu Yuechan said made Ye Chen see Hai Ming's trident.

A Celestial Tier Artifact, it was an extremely powerful artifact, how could someone like Hai Ming possess such an artifact.

"This time no one will be able to save you" Hai Ming said that no one would be able to save Ye Chen from him.

"Your confidence is so high, looks like you just gained your confidence again" Seeing Hai Ming being so confident, Ye Chen could infer how powerful the artifact Hai Ming had just taken was.

The name of Hai Ming's weapon is the Celestial Ocean Trident.

Chapter 1610 Celestial Ocean Trident

"Prince Hai is indeed great, he immediately took out his trident, I heard that it is in the Celestial Tier." Shin Ba saw the trident that Hai Ming had, it was clear that the Celestial Ocean Trident was extremely powerful.

Hai Ming raised his Celestial Ocean Trident, as Hai Ming did it, the place suddenly became extremely dark.

A dark bubble enveloped this place, this caught the gaze of everyone present in this place.

"Be careful" Chu Yue Chan told Ye Chen to take more Be careful, the Celestial Ocean Trident would definitely be very difficult to fight.

"Don't worry, I won't lose." Ye Chen took out the Black Dragon Sword to against Hai Ming.

"That weapon, he really is that person back then." When Shin Ba saw the weapon that Ye Chen had just pulled out, he could immediately guess that this was the same person he had fought back.

"I hope he dies by Hai Ming's hands." Shin Ba prayed that Ye Chen would die by Hai Ming's hands, then the grudges he had in the past would disappear.

Because the area around this place became extremely dark, Ye Chen decided to use lightning as lighting, with heavenly lightning, Ye Chen was able to light up this place.

"Get ready" Ye Chen told Hai Ming to be prepared this time Ye Chen would use God Master One Sword to face Hai Ming.

Ye Chen entered into Dao Of Sword mode, as he did this, the area around Ye Chen began to change.

"Damn, he has already learned the Dao of Sword, what kind of genius is this" Several elders present were taken aback, the Dao of Sword was something that not just anyone could master, only certain people were able to master the Dao of Sword, and they usually become an old man who has dedicated his life in the way of the sword and practice the sword day and night.

"Chen, how many secrets do you have" Ning Xia finally saw how great Ye Chen was, she didn't expect that Ye Chen would be so great like this.

Honestly, Ye Chen is very strong, Ye Chen has so many amazing things and it's hard for Ning Xia to believe.

"Let's get this over with as soon as possible" Ye Chen would end this as soon as possible, one strike should have solved all of this.

"Are you trying to belittle me?, take a good look at this" Hai Ming started to condense the pitch-black water, this water looked very black in color, this was the water that made the whole place dark.

This dark water was so terrifying, any life that touched it would instantly experience a sensation more terrifying than being burned by fire, the worst thing was that one could disappear and be swallowed up by this dark liquid.

The Celestial Ocean Trident's ability is to be able to control all the water in this world, as long as it's liquid, then it can be controlled at will by the Celestial Ocean Trident.

For example, the black liquid around, this is the dirtiest and most poisonous water in this world, nothing can beat the impurities content of this water and is very dangerous for a cultivator.

Ye Chen wasn't too wary of what Hai Ming was using, he focused on launching an attack on Hai Ming.

"Die" Hai Ming controlled the black water, the murky black water was advancing towards Ye Chen at an extremely fast speed, in just seconds it was capable of destroying Ye Chen's body and obliterating him.

Ye Chen drew the Black Dragon Sword, when Ye Chen did this, the black colored water instantly disappeared as well as the darkness that enveloped this place, everything disappeared without a trace.

"what happened" Everyone looked confused by what happened, they seemed confused by what had just happened.

"what just happened" Hai Ming looked confused by what had just happened, what just happened left him confused.

Just as Hai Ming was confused about what had happened, suddenly fresh blood came out of his arm, Hai Ming's arm was injured by Ye Chen's slash.

Hai Ming just turned his head and saw the wound on his arm, it was quite painful, Hai Ming tried not to scream as he felt this excruciating pain.

The great thing is that Hai Ming's wound was immediately bandaged by water and healed, Hai Ming turned out to have the ability to heal himself.

"Damn it" Hai Ming held onto his injured arm as he started cursing Ye Chen for hurting him.

"You are still lucky enough, I thought it instantly killed you" for Ye Chen Hai Ming was still lucky enough, he was still lucky enough to parry his attack.

Hai Ming raised the Celestial Ocean Trident in his hand, he was already preparing to launch an attack back at Ye Chen.

This time Hai Ming did not use the same attack as before, right now Hai Ming unleashed an attack that was purest from the Celestial Ocean Trident.

The Celestial Ocean Trident Artifact began to glow, it emitted an extremely dazzling blue light.

"This time no one will be able to save you." Hai Ming shot out an enormous force, the Celestial Ocean Trident emitting a terrifying light.

"That's terrible, that attack seems to be very powerful." Mu Xueying and Ning Xia were starting to worry, the power that was released by Hai Ming seemed to be extremely strong, they were afraid that something might happen to Ye Chen.

Although they could help, in fact they didn't help Ye Chen, neither of them wanted to interfere with Ye Chen's battle with Hai Ming, let Ye Chen finish his battle with Hai Ming.

For the two of them, Ye Chen's battle was a decisive battle, if they interfered at this time, perhaps Ye Chen would not be happy.

Ye Chen stretched his hand forward, he used the gloves from Heavenly Armor to fend off the incoming attack.

"Boom" a very large explosion and extremely destructive impact occurred, the surrounding people were instantly blown away by this explosion, even the Ice prison created by Ning Xia and Mu Xueying was blown away.

This freed the three Elders of the Immortal Profound Sea Realm from the shackles of the Ice that had imprisoned them.

"This is a great opportunity." The 52nd elder took this opportunity to attack Ning Xia.

"sister be careful" Mu Xueying tried to warn Ning Xia, she tried to block the 52nd Elder's attack

"Bam. ." The 52nd Elder's sneak attack hit Ning Xia, sending Ning Xia flying away.

Mu Xueying was late, she was late in blocking the attack of the 52nd Elder.

Mu Xueying counterattacked, she used the Ice palm to attack the 52nd Elder.

This Ice palm directly penetrated into the 52nd Elder's body, the 52nd Elder's internal organs instantly froze by Mu Xueying's attack.

The 52nd elder retreated, he held onto his chest which was just hit by Mu Xueying's attack, to be honest Mu Xueying's attack injured his internal organs.

"At least I can get rid of the one that is the most troublesome." The 52nd Elder didn't care what happened, as long as he could get rid of one of the three, then it would be a good thing.

Ning Xia's strength is the most troublesome at all, this makes them unable to fight freely.

On the other side.

Ye Chen managed to survive Hai Ming's attack, he was able to defend himself with the help of Heavenly Armor.

No matter how powerful an artifact from a Celestial Tier was, it couldn't beat the might of a Heavenly Armor.

"Accept this, God Master Shadow Sword" Ye Chen slashed at Hai Ming, this time Ye Chen didn't hold back his strength and wanted to destroy Hai Ming.
